Number of patients in hospital, July 31st, 5. Diseases: Hip joint disease, 1; paralysis, 1; amputation of arm, 1; phthisis, 1; fever, 1; discharged cured, 4; improved, 2; died, 2; causes of death, cancer, convulsions. Total number treated during month, 13; from Peterborough, 9; from county, 3; other places, 1; pay patients, 5; non-paying patients, 8; Dr. King attending physician for July, Dr Boucher in attendance on private ward patients.

DONATIONS TO HOSPITAL

The Lady Superintendent thankfully acknowledges the following donations to the Nicholls Hospital in July:—Mrs. Morrow, milk, cream, buttermilk, fruit, books, papers, and old linen. Band of Hope, two comforters; Mrs. D. Edwards, fruit, books and papers; St. Paul's Mission Band, flowers; Mr. Sailsbury, books, papers and illustrated papers; Mrs. Armstrong, milk and buttermilk; W.C.T.U., flowers weekly; Mrs. Davidson, fruit, old cotton and home-made bread.

Lacrosse in the Far West.

Peterborough Boys at Pullman, Illinois, Interested in the Game.

Canadians have planted the game of lacrosse in the far west, and their good playing does much to popularize the game there. A letter received from Mr. Fred. Walton, Pullman, Ill., gives a fine report of the success of the club with which he is connected, the record of the Pullman club being a win of three games out of five with the Calumet Lacrosse Club, of Chicago, in spite of the fact that the Pullman club had to play with only eight men. The following is a list of the names and Canadian residences of the Pullman team:

J Kennedy	Lindsay
F Kennedy	Lindsay
W McFarlane	Brantford
W Bennis	Oshawa
W Fog	Oshawa
J McDonald	Peterborough
H Walton	Peterborough
Fred Walton	Peterborough
Ed Kennedy, Field Captain.	Montreal
J Murray, Referee	Quebec
W Moore, Umpire	London

THE EXAMINER congratulates the Western Canucks on their pluck and success and hopes that they will meet with as good success in their daily vocations as in lacrosse, and uphold the credit of Canada in both respects and that they will not forget the land of their birth.

Personal.

Rev. I. Tovell, of St Catherines, has been selected to preach the evening sermon at Grimsby Park on Aug. 22nd.

Miss Bessie Cumming has gone to spend a fortnight of the heated term at Massassaga Point, a pleasant bay side resort, opposite Belleville.

Rev. H. J. Hamilton, incumbent of St. John's church, Port Hope, is about leaving to take a position in Wycliffe College, Toronto. His successor will probably be Rev. Mr. Daniels. Rev. Mr. Hamilton is a very popular and successful pastor and his whole congregation regards his removal with great regret.

Exemptions.

To give an idea of the amount of exemptions from taxation in Toronto, the *Globe* has made out, with great care and labor, a complete list of all property in the city thus exempted. It says that the amount of property, real estate and buildings, exempted is over $16,000,000, or, in exact figures, $16,041,150, which at 14½ mills in the dollar, the rate of taxation, amounts to $230,501. And that is the sum which the taxpayers of Toronto have to pay for the non-taxpayers. There is besides a very large amount of personal property, such as bank and building society stocks, debentures, mortgages and other securities, that is only assessable on the income or dividends derived therefrom, to all of which there exists an immense difficulty amounting almost to an impossibility of obtaining any information that renders them in nearly all cases pratically exempt from taxation. Taken altogether it calculates that nearly $70,000,000 worth of property, real or personal, is thus exempted.

London Electric Soap is only made by D. Richards, Woodstock Trade mark, registered.

Poetic Prophecy.

The Great Popularity of Locksley Hall—It Mirrored the Hopes and Ambitions of Its Time.

The instantaneous and universal popularity which the first "Locksley Hall" gained was due in part to causes independent of its form. It mirrored, as did no other work, the hopes and aspirations of its time. The period to which it was produced was a period of exaltation which reflected in faint outlines the mood of men in the earlier months of the French Revolution. It is hard for us now to conceive the state of mind that prevailed at the opening of the half-century that has just closed. The optimistic view of the future was everywhere predominant. The race was at last emerging from the social and political thraldom which had cramped its efforts and crushed its spirit. Class distinctions were on the point of overthrow, ancient abuses of all sorts were about to be uprooted. On another side there was a prospect fully as glorious. Man was speedily to assert his full mastery over the blind but mighty elemental forces of which he had hitherto been the plaything or the victim. His career of conquest over nature had already opened triumphantly. Steam applied to locomotion was annihilating space. Electricity, though not yet made fully captive, was revealing the possibility of the annihilation of time. An hitherto personification called Science, with miracles already performed, and with the promise of great miracles to be performed, was the new deity to which we were to look for the regeneration of the race. There was no limit to its beneficence, no limit to its power, no limit therefore to what it could and would accomplish. To all the future looked bright, for there was intoxication in the air.

It was at such a time as this that the poet came forward in the original "Locksley Hall" to put into majestic words the majestic but vague ideas which had fired the imaginations of men. To their shadowy conceptions he gave distinctness and grandeur. He pictured for them the full glory of the coming day which had already begun to dawn.—*Scribner's Magazine for August.*

Litter-ally Awful.

The St. George *Journal* has the following:—An extraordinary event happened on Mr. S. S. Lawrason's farm, near this place, last week. A sow belonging to Mr. Lawrason gave birth to a litter of twenty pigs. What is still more strange is the fact that they are all living. This is said to beat the record. This sow should be exhibited at the Fall Fairs as something above the ordinary. Those who do not believe this are invited to call and see for themselves.

West Wellington Conservatives.

PALMERSTON, July 30.—A large and representative gathering of the Liberal-Conservative of the West Riding of Wellington met in convention in the Town Hall here to-day for the purpose of selecting a candidate to oppose Mr. Allan, the Reform candidate, at the next general election for the Local Legislature. Those names were presented: J. C. Johnston, George Preston, Dr. Standish, L. H. Clarke, Dr. Harvey, William Long and Major White, but all withdrew in favor of Mr. William Long, Reeve of Maraborough, who was declared the unanimous choice of the convention.

Induction at Cobourg.

COBOURG, July 31.—Yesterday afternoon the Presbytery of Peterboro met in the Presbyterian Church here, when Rev. John Hay, B.D., was inducted into the pastorate. In the evening a reception was held in the Opera House. A pleasing feature was the presentation of a handsomely bound and beautifully illuminated address to Mr. J. Henderson, recently of the Bank of Toronto, who with his wife have been active workers in the congregation for the past thirteen years, but who are now removing to Toronto.

A Winnipeg Mock Marriage.

WINNIPEG, July 31.—Another mock marriage has just been discovered. The victim is a young girl from Saltcoats, who was induced to come to Winnipeg last March by a person named Tubman. On an invitation to go to the opera one night she was taken to a friend's house, where the mock ceremony was performed.

A farmer named Moritz leaving near Neche, Dak., while drunk turned his four employes out of doors. Afterwards he allowed them in, and as the last one entered the door fired a revolver at him, shooting him in the hand. Moritz was arrested.

Collapse of the Royal Grants Debate.

LONDON, July 31.—The debate in the House of Commons on the Royal Grants Bill collapsed to-day. After a speech had been made by Mr. Wallace (Lib.) the Speaker put the question on the second reading of the measure. There being no call for a division the Speaker declared that the second reading had been carried.

Mr. Phillips (Lib.) then raised a point of order, but the Speaker declared Mr. Phillips was too late and fixed the committee stage of the bill for to-morrow.

The Manitoba Crop Outlook.

WINNIPEG, July 30.—The Free Press thus sums up the crop prospect: "In many localities the crop is excellent; in many others it is nearly up to the average; while in but few can it be said to be a failure. The destruction by gophers is also confined to a few localities."

Poisoned by Eating Dried Beef.

BURLINGTON, Wis., July 30.—Nine persons were poisoned last night by eating dried beef shipped to local dealers by a Chicago firm. Four of the victims are dangerously ill. The others are recovering.

A Brantford Lad Drowned.

BRANTFORD, July 30.—George Clemens, aged 13, of West Brantford was drowned while bathing in the river this afternoon. His body was soon recovered, but life had gone.

Chicago's Storm Put Up the Price of Brick.

CHICAGO, July 30.—One of the after effects of the great storm of Saturday has been to put up the price of brick about $1 per thousand. Vast numbers of fresh moulded and unburned brick were melted down into heaps of mud by the flood, and the damage it is said will run up into hundreds of thousands.

Murdered for Money.

EDGERTON, Wis., July 30.—Mrs. Everson, an old Norwegian woman living alone, was found dead in bed this morning with her neck broken. A chest containing her money had been pried open and the contents scattered.

Another Black Eye for the K. of L.

NEW YORK, July 31.—The Journeymen Plumbers and Gas and Steam Fitters' Laborers' Union decided to-day to withdraw from the Knights of Labor. The union has been holding a national convention in Brooklyn. The union's membership is 15,000. A new national organization is to be started. It will include other unions not favorable to the K. of L.

MARSHALL, Mo., July 30.—Information has just been received that the estate of a man named Fisher, who died in Germany some years ago, is about to be divided among the American heirs, of whom there are seventy-two. Twenty-two live in this county and several in Illinois. The estate is valued at $31,000,000.

FANCY GOODS STORE.

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one! What better would you want than that?"

"That is good. Who took it?"

"Mr. Sproule. I got a dozen just as good as that for a dollar."

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sproule has woke up the town. You see, his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them over so much quicker.

BERRIES FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 's a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

WARM
WEATHER
CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

FOR THE NEXT 30 DAYS.

JOHN HACKETT

A PREPOSTEROUS CLAIM.

SOVEREIGNTY ASSERTED OVER A SEA 1000 MILES WIDE.

Canada's Protest Against the Seizure in Behring Sea Likely to Be Couched in Vigorous Language.

OTTAWA, Aug. 1.—The strength of the resentment felt here over the seizure of the Black Diamond in Behring Sea can hardly be exaggerated. Leading officials consider that pat nce has ceased to be a virtue. Of course our Government cannot communicate directly with the United States Government. All negotiations and interchanges of opinion between the two governments have to filter through the channels of English officialism. Therefore Canadian criticism of the action of the United States revenue cutters in Behring Sea will reach the American State Department very slowly. But it may be depended on that it will be couched in pretty strong Anglo-Saxon.

A well-known official said to-night: "I can't understand on what principle the United States Government are working. They must know that the semblance of authority upon which these high handed proceedings are taken would be scoffed at by any tribunal that might be picked out of the maritime powers of the world. The people of the United States would not want to go to war with a friendly neighbor over a matter in which they knew they were egregiously in the wrong.

"A claim to sovereignty over a sea a thousand miles wide is so monstrous and preposterous that it has only to be stated to be rejected. Well, if the claim is not to be backed up with force what sort of spectacle will the State Department present when they are forced to abandon a position which they have so far refused to relinquish by peaceful negotiation? It would seem to me to be far more dignified to yield gracefully than to have to yield in obedience to the indignant remonstrances of a foreign power. The policy of procrastination interspersed with outrages must cease."

BLAINE'S DILEMMA.

Which Horn Will He Take?—Uncle Sam's Fleet of Tubs.

WASHINGTON, Aug. 1.—The seizure of the Canadian sealing steamer Black Diamond by the revenue cutter Rush and the searching of the Triumph, was the principal talk in official circles to day. Last year, as is well known, there was considerable illegal sealing, and this was done by English and Canadian schooners, through the lax policy of the State Department. Last year the policy of Mr. Bayard was known to the English Government. In fact, it is now known that the English minister tried to obtain an assurance from the State Department on this point, and finally obtained the information that English sealing ships would not be disturbed. This news was immediately cabled to London and in turn was communicated to the Ottawa Government. In the meanwhile the English and Canadian sealing ships, which had left as early as March, waited for this information at the entrance to Behring Sea. The officials at Ottawa telegraphed to British Columbia, and this news was conveyed to the sealers by special steamer from Victoria, after the departure of the revenue cutters from San Francisco as late as June.

Opinion here seems divided on the legality of Captain Shephard's action in breaking down the doors of the cabin of the Black Diamond and opening the strong box of the ship. Naval officers seem to think that he exceeded his authority, and that it may lead to complications when the matter comes up for settlement. They assert that the proper mode would have been to put the captain of the Black Diamond under arrest, put a prize crew on board and send her to Sitka or the nearest American port.

Other people familiar with the matter, however, do not view it in that light, holding that when the Black Diamond was ordered to heave to and refused Captain Shephard was quite justified in turning his guns on her. When he and Lieutenant Tuttle boarded the ship and demanded the surrender of the ship's papers, which the captain of the Black Diamond refused to deliver, he represented the United States, was on board of a prize captured for violating the laws of this country and was in complete possession of the prize. Whatever he did after that makes him amenable to the authority of the department to which he was attached.

Should there be any difficulty in this matter we are at the present time very poorly off in the way of vessels. The old wooden corvette Iroquois, recently put in commission; the Ranger, a small iron ship, and the Pinta are the available naval force in the Pacific. In addition to this fleet the Thetis, now at Point Barrow, might be added.

The State Department seems disposed to stand by the theory that the vast expanse of water between Alaska and Siberia is a closed sea, the private domain of the United States and Russia, but it is difficult to see how Secretary Blaine can take this position without abandoning the claims heretofore put forward for the New England fishermen of the right to fish along the shores and between the headlands of New Brunswick and Newfoundland.

Our government if it adheres to the theory of the mare clausum, will be in the awkward position of going exactly contrary to the contention set up in the other case. It may be possible to base the punishment of illegal sealing upon other grounds connected with the inshore breeding grounds of the seals, but the loose talk one hears here is in support of the theory of the closed sea.

Jealousy and a Pistol.

MOBILE, Ala., Aug. 1.—Walton Williams, a clerk, suspected his wife of being intimate with Henry Boyce, a carpenter. Yesterday Williams called Boyce into his bedroom. Two pistol shots were next heard, and Boyce was found dead with two bullets in his brain. Williams surrendered.

Ives and Mayner Sent Back to Jail.

NEW YORK, Aug. 1.—The writs of habeas corpus and certiorari in the Ives and Stayner case were dismissed to-day and the prisoners were returned to jail.

YOUTH RESTORED TO AGE

DR. HAMMOND CONFIRMS DR. BROWN-SEQUARD'S DISCOVERY.

The Elixir of Life—One Lamb Furnishes Vitality Enough to Renew the Strength of a Dozen Decrepit Patients.

WASHINGTON, Aug. 1.—Dr. William A. Hammond of this city is experimenting with the elixir of life recently discovered by Dr. Brown Sequard of Paris, and thus far says the results are fully equal to the claims given out by the great Paris physician. Dr. Hammond was sitting on the veranda of the fine new hospital, which he has just built outside the city limits, when a correspondent called on him to-night.

"It is true," said the doctor, "that when Dr. Brown-Sequard's discovery was first reported I was rather dubious and inclined more or less to think as others had hinted, that either the report was a French joke or that Dr. Brown-Sequard was 'another good man gone wrong.' The first report did not give a complete idea of the treatment. It indicated, rather, that the elixir was a compound made from various glands of various animals, and on that showing I was willing to say the thing was impossible. But when I obtained further and more accurate details I was willing to believe that there might be something in it.

"I was willing at all events to put it to the test, and about a week ago I started to experiment. Dr. Brown-Sequard uses only selected portions of the rabbit or Guinea pig, simply because, I suppose, these are the animals upon which experiments are usually made in the French laboratories, but I have adopted the lamb, which I think is better. The lamb, you know, is an animal that is good to eat, but we don't eat Guinea pigs. The preparation of the medicine and the treatment of the patient are very simple. I take the selected portion of a lamb freshly killed and pound it into a pulp in a mortar; with this I mix a teaspoonful or two of water and the result I filter through fine Swiss filtering paper. The fluid, slightly thicker than water, comes through perfectly pure and limpid. The filtering must be carefully done, for if any shred or any part of the pulp were injected under a patient's skin it would form abcesses and do harm.

"The extract from a single lamb will be sufficient for a dozen injections. It does not matter to what part of the body the application is made, but the most convenient place is under the skin of the forearm where the skin is comparatively slack. It would hardly be safe to inject the fluid derived from a body twenty-four hours after the killing of the animal. The injection of blood and of the juice of beef into wasted patients has been common for many years, and it is well known that to inject the essence of decayed beef would kill the man.

"As soon as the lamb is slaughtered by the butcher no time is wasted in pounding and filtering, and within an hour of the killing of the lamb the juice is circulating through the patient's veins and mingling with his blood. I began my experiments first on myself to assure myself that it was not dangerous to the patient. Since then I have applied the elixir to several old gentlemen without their knowing what it was. One man, about 60 years of age, had had his arm so nearly paralyzed with rheumatism that for nearly a year he could not raise his hand to his head. Soon after the elixir was injected into the arm he was able to wield it in any direction and almost as vigorously as he had ever done.

"Up to the present my experiments have been made without the patients' knowledge, but to-morrow I am going to begin treating a man in this way at his own request. Of course, it is too early yet to draw any sweeping conclusions from the result obtained, but as far as I have gone the results are certainly remarkable. When I have continued my experiments longer I shall be able draw conclusions with more confidence. Dr. Brown-Sequard's calculation is that an injection once a month will suffice to keep a man twenty or thirty years younger than he really is."

AMBITIOUS CITY NEWS.

Advent of a New Evening Paper—Two Toronto Men in Trouble.

HAMILTON, Aug. 1.—The chief occurrence of interest here to-day was the appearance of The Herald, a one-cent evening paper. Up to a couple of weeks ago three cents was the price of The Times and The Spectator, but in view probably of The Herald's advent a cut was made to two cents. The Herald's initial number is a well printed and newsy sheet of 7 columns. It proposes to itself an independent course, not counting, it says, on politics as essential to its success, and its motto apparently is to give the news, all the news and nothing but the news. The Herald has rather a surprising show of "ads" for a new venture and plumes itself on its perfecting press, the only one in the city. The first issue was speedily and eagerly caught up when it made its appearance on the streets.

J. [illegible] Nickerson, one of Hamilton's ex-merchants, died last evening at the residence of his daughter, Mrs. L. Boyle, 24 Hunter street east. He had a lingering, painful sickness for about three months. His father was a Loyalist, who settled in Liverpool, N.S., where the deceased was born on June 24, 1814. He has been a resident of Hamilton since 1834. A wife and three children—Mrs. L. Boyle, Rev. D. Nickerson, chaplain in the regular army at Manchester, Eng., and Mr. J. H. Nickerson, wholesale jeweler of Moncton, N.B., survive him.

The receipts at the Inland Revenue Office during July were $38,393, an increase of $2112 over the corresponding month in 1888.

Mrs. Haggerty, 13 Ann-street, Toronto, while waiting for a boat at the James-street wharf, was relieved of her purse, which contained 48 in bills and $11 in silver.

Edward Brooks and William Beatty, two Toronto men who missed their boat and were trying to steal a ride on the Grand Trunk, were charged at the Police Court to-day with trespass. The defendants explained that they had no money and had to get back to Toronto. They came here on the Sons of Ireland excursion and had the misfortune to get left. The magistrate had no alternative but to fine the defendants $10 or 10 days. As the men had no money they will have to go to jail until their friends are communicated with.

The question of providing for the crowds expected here during the carnival is agitating the public mind just now. Many of the visitors will have to sleep under canvas, and it is expected that many hundreds will take the steamers every night in order to enjoy the comforts of Toronto.

HE WILL TAKE HIS MEDICINE.

Sullivan Surrendered to the Mississippi State Agent.

NEW YORK, Aug. 1.—All the fight seemed to have gone out of Sullivan when he reached headquarters after the surrender in court to-day. "Well had known," he said, "that there was a law against fighting in Mississippi I would not have fought there. I would not have made myself liable to arrest. Well, I will go back and take my medicine."

John chewed the end of his cigar a while and continued: "Anyhow I would have fought that fellow Kilrain, I was goaded to it. The whole gang would have walked all over me if I hadn't licked him. I suppose I'm a scapegoat now for doing it and Kilrain will go free, poor fellow, but they don't want him, he's licked."

Three-quarters of an hour after Sullivan's arrival at headquarters he was ready for his trip and the Police board granted six days' leave of absence to Detective Sergeant Thomas Adams to go along with him to Richburg. Sullivan, after shaking hands with Inspector Byrnes, was transferred to the keeping of Agent Childs of Mississippi, who made out a receipt as follows:

Received from Inspector Thomas Byrnes the body of John L. Sullivan, surrendered under order of the Supreme Court.

At 2 o'clock the party, accompanied by Mike Cleary and William Muldoon, started for the Vanderbilt Hotel, where they packed up Sullivan's clothes in preparation for the journey.

Sullivan left the Grand Central station at 7.30 o'clock on his southern journey with Muldoon, Pat Martin, his brother Mike and P. S. Trent. State Agent Childs and Sergeant Adams had charge of the prisoner.

OUR POSTAL LAWS.

Something to Cut Out and Keep by Your Desk—The New Regulations.

OTTAWA, Aug. 1.—The attention of postmasters and the public is called to the following changes in the rates of postage consequent on the passing of the act to amend the Postoffice Act, 52 Vic., chapter 20:

1. The registration fee upon letters and upon all other matter transmissible by mail within the Dominion of Canada, to Newfoundland or the United States, will be five cents—to be prepaid by stamp. All classes of matter posted in and addressed to Canada may be registered.

2. The rate of postage upon letters passing from one postoffice to another within the Dominion or to the United States is three cents per ounce or fraction thereof, to be prepaid by postage stamp.

Letters addressed to any place in Canada upon which any postage has been prepaid by stamp are to be forwarded to their destination charged with double the amount of the postage thereon not so prepaid, which amount is to be collected on delivery.

3. The postage upon "drop letters," that is letters posted and delivered at the same postoffice, is one cent per ounce to be prepaid by postage stamp, except in cases where there is a delivery by letter carriers, when the rate is two cents per ounce to be prepaid by postage stamp.

Letters posted at suburban postoffices where there is no delivery by letter carriers, addressed to the cities where there is a delivery by letter carriers, of which such offices are suburbs, will be charged two cents.

4. The rate of postage on newspapers and periodical publications printed and published in Canada, and issued less frequently than at intervals of one month, from a known office of publication or news agency, and addressed and posted by and from the same to regular subscribers or news agents, and on all specimen newspapers, is one cent per pound or fraction of a pound, to be prepaid by postage stamp or otherwise as the Postmaster-General from time to time directs.

5. The following changes have been made in the definition of a newspaper:

"Such newspaper or periodical is known and recognized as a newspaper or periodical, in the generally received sense of the word and consists wholly or in great part of political or other news, or articles relating thereto, or to other current topics and is published regularly at intervals of not more than one month.

"The full title, place and date of publication, and the distinguishing number of the issue, are printed at the top of the first and every subsequent page, and also on any paper, print, lithograph or engraving purporting to be a supplement to it and sent with it."

6. The rate of postage upon all newspapers and periodicals posted in Canada not otherwise provided for, and on books, pamphlets, occasional publications, printed circulars, prices current, hand bills and other matter wholly in print, and on packages of seeds, cuttings, bulbs, roots, scions or grafts, patterns or samples of goods or merchandise, is one cent per four ounces or fraction thereof to be prepaid by postage stamp or stamped postband or wrapper.

7. Upon all book and newspaper manuscripts, printers' proof-sheets, whether corrected or not, maps, prints, drawings, engravings, lithographs, photographs, when not on glass or in cases containing glass, sheet music whether printed or written, documents partly printed or written, not being letters or intended to serve the purpose of letters—such as deeds, insurance policies, militia and school returns or other documents of a like nature—and on all other miscellaneous matter transmissible by post not otherwise provided for, the rate of postage is one cent for each two ounces or fraction of two ounces to be prepaid by postage stamp or stamped postband or wrapper.

8. The particular attention of postmasters is called to the following provisions of the statute as respects the collection of Customs duties:

"Every postmaster, clerk or other person employed in the postal service of Canada shall detain any post letter, parcel, package or other article of mail matter which contains or is suspected to contain any contraband goods, or any goods, article or object subject under any customs or other revenue law to duty on being imported into Canada, or the importation of which into Canada is prohibited, and shall deliver the same to a collector or other proper officer of Customs, who may cause the same to be opened in his presence and for his inspection by the person to whom it is addressed, or some one by him thereto authorized, for the purpose of ascertaining and exacting the proper amount of duty, if any, payable thereon; and after payment of duty, if any is found to be payable, the letter, parcel, package or other article of mail matter shall, if the person to whom it is addressed or his authorized agent is present, be handed over to him on his paying the postage, if any, charged thereon, or if he is not present it shall be returned to the postoffice and be forwarded to the place to which it is addressed; but if such post letter, parcel, package or other article of mail matter is found to contain contraband goods or any article the importation of which is by law prohibited, the same shall be forfeited and be dealt with as the law directs."

Attention is also called to section 118 of the said act, which as amended reads as follows:

"Every officer, clerk and person employed in the postal service of Canada, shall be sworn and held to be employed in the prevention of smuggling and for the enforcement of the revenue laws of Canada and shall be subject to all the requirements and penalties and vested with the like protection as that provided for under the Customs and Audit Acts, and no such officer, clerk or person shall deliver or permit to be delivered to the person to whom it is addressed any post letter, parcel or package, or other article of mail matter which contains or is suspected to contain any dutiable goods until the duty payable thereon under any act respecting the customs has been paid to an officer of customs in the manner prescribed by law or by regulations in that behalf."

The law imposes the same obligations on the officers of the two Departments and the object sought is the protection of the revenue, which will be best attained by vigilance and harmony of action on the part of those officers through whose hands dutiable mail matter is required to pass.

BURNT TO DEATH.

An Aged Ancaster Woman the Victim of a Lamp Explosion.

HAMILTON, Aug. 1.—A terrible accident occurred last evening at Jerseyville, Ancaster Township, whereby Mrs. Adams, relict of the late Mr. Nicholas Adams, was burned to death. Mrs. Adams was in the house (a frame dwelling) alone, her son, who lives with her, being visiting in the neighborhood. The old lady was lying on the bed when he left her. When he was away about half an hour smoke was seen issuing from the house by some of the neighbors, who with Mr. Adams at once ran to the scene. The house was on fire and Mrs. Adams was found lying near the stove in the kitchen in a dying condition. Her clothes were burned off. It is thought that she got up and lit the lamp, which, judging from the appearance of things, had exploded. Mrs. Adam died shortly afterwards, never regaining consciousness. The fire was extinguished by a timely application of water, and the dwelling was saved from destruction. Mrs. Adams was 75 years of age. She had been in poor health for some months. The family were amongst Ancaster's oldest settlers, and deceased was held in high estimation by her neighbors and friends. She leaves two children, a son and daughter, the latter married to Mr. William Salmon of Brantford.

RAN ASHORE IN A FOG.

The R. and O. Steamer Algerian Sinks in 11 Feet of Water—All on Board Safe.

ALLISTVILLE, Ont., Aug. 1.—While the Richelieu and Ontario Navigation Company's steamer Algerian was on her way from Montreal to Toronto this morning she ran into the canal bank about 3 o'clock at Farran's Point, breaking eight arms of her wheel and staving a hole in her side. She continued on her way until the water began to pour into the fire-hole. She was then turned about and run in the bay below Carrol, where she sank in 15 feet of water, the main deck being above water.

The cause of the accident was the fog and the fact of the boat not obeying her helm in the swift current at that point, there being three men at the wheel at the time. There were a dozen passengers aboard, who were transferred to the noon express on the Grand Trunk Railway. Steam pumps have been ordered and she will likely be raised to-morrow.

The Algerian is 16 years old and insured only against fire. The cargo is reported not damaged.

The St. Lawrence Runs on a Rock.

WATERTOWN, N.Y., Aug. 1.—The steamer St. Lawrence of the Thousand Islands Steamboat Company's line ran on a rock off Dog Island in the Canadian channel, and is parting. She has received injuries which it will cost $20,000 to repair and will be useless to the company during the remainder of the season. She had on board nearly 900 people, who were safely conveyed to the adjoining islands, where they are encamped waiting to be taken off.

PRINCESS AND VISCOUNT.

VICTORIA OF WALES BETROTHED TO EARL CADOGAN'S HEIR.

The House Refuses to Adjourn to Consider Dr. Tanner's Sentence—Favorable Evidence for Mrs. Maybrick.

LONDON, Aug. 1.—In the House of Commons this evening Mr. Sexton moved an adjournment in order to consider the sentence passed upon Dr. Tanner under the Crimes Act. He argued that the charge against Dr. Tanner was not assault with violence, that it did not come under the Crimes Act and therefore the sentence was illegal.

Mr. Madden, Solicitor-General for Ireland, replied that there was a method of testing the legality of the sentence without adjourning the House.

After a lengthy debate Mr. Sexton's motion was reject d, 174 to 118.

In the House of Commons to night Samuel Story (Radical) moved an amendment reducing the grant to the Prince of Wales to £21,000. The motion was rejected, 201 to 62.

Another Royal Betrothal.

LONDON, Aug. 1.—Princess Louise has been married scarcely a week and now the news comes that Princess Victoria of Wales, the bride's sister, is betrothed to Viscount Chelsea, son of Earl Cadogan. Princess Victoria is 21 years old. She is the handsomest of the Prince of Wales' daughters and is highly accomplished.

Mrs. Maybrick's Trial.

LIVERPOOL, Aug. 1.—The trial of Mrs. Maybrick on the charge of poisoning her husband was resumed to-day. Dr. Fuller testified that he had prescribed tonics for Maybrick. Deceased had never hinted to him that he had taken arsenic, nor did he present any indication of having at any time taken it.

The nurse Alice Yapp related the Briefly letter incident and testified to seeing the prisoner pouring medicine from one bottle into another. A former domestic deposed that the prisoner once finished a preparation of arrowroot which witness had begun and witness afterwards noticed dark stains on the jug that had not been there previously. Witness also deposed that Mr. Maybrick also received London medicine by post. The cook testified that the prisoner had directed that the London medicine be poured into the sink, saying Mr. Maybrick would be a corpse if he took another dose. The witnesses generally considered that Mrs. Maybrick did her best for her husband but that she was set aside by his brothers.

Two chemists doing business in the city testified that they had compounded prescriptions for May Maybrick. The medicines furnished by them contained no arsenic.

Valkyrie Wins Again.

LONDON, Aug. 1.—In the Royal South match at Southampton to-day Valkyrie won, Yarana second, Deerhound third.

The Dervishes' Defeat Assured.

LONDON, Aug. 1.—Delay in the dervishes' attack has led to urgent orders from the Khedive to Grenfell that his troops assume the offensive. Grenfell replies that he is ready to do so, but that the defeat and dispersion of the enemy are assured. The report, however, doesn't seem to lessen the sense of insecurity.

An Attractive Summer Resort.

LONDON, Aug. 1.—Snowstorms and icy rains prevail throughout Switzerland. The mountain passes are partly blocked.

Boulanger Still Hopeful.

LONDON, Aug. 1.—General Boulanger has issued a manifesto in which he attributes his defeat in the elections for the Council-General Sunday to the ambition of local candidates. He declares that he is confident of the result of the elections in France for members of the Chamber of Deputies.

The Manifesto Regarded as Weak.

PARIS, Aug. 1.—Political circles here regard the manifesto of General Boulanger as weak and as not likely to improve his position.

Floods in Silesia.

LONDON, Aug. 1.—Extens

LACTATED

FOOD

IS THE BEST

For Young Infants it is a perfect substitute for Mother's Milk, often saving life; for the Invalid or Dyspeptic it is for the greatest value. It is

THE MOST ECONOMICAL FOOD.
150 MEALS FOR AN INFANT FOR $1.00.

SOLD BY DRUGGISTS. 25c, 50c, $1.00.

Wells, Richardson & Co., Montreal, P. Q.

The Daily Examiner.

FRIDAY, AUGUST 2, 1889.

One of the few remaining places in London associated with the writings of Charles Dickens—the famous White Hart, in the Borough, where Mr. Pickwick met Sam Weller—is about to be demolished. Its demolition is requested by a firm of hop-factors. Pickwickians, shed a tear.

The most extensive building in the world is undoubtedly Machinery hall in the Paris Exposition. It is nearly a quarter of a mile long, and 370 feet broad. Its roof, which covers 60,000 square feet, is one great arch, spanning the entire distance from side to side without a single intervening support.

The Montreal *Star* is authority for the statement that Sir John Macdonald has referred the disallowance question to the Home Government, and that the principal object of the Hon. J. J. C. Abbott's visit to England is to consult the law officers of the Crown about the matter, and that the Canadian Government is in communication by cable with the Salisbury Government on the matter.

The *Empire* remarks, with an elephantine essay at facetiousness:—

Such is Fame! The *Pall Mall Gazette* has some reference to the sayings and doings in London of the New York gentleman who has framed to policy of the Canadian Grit leaders, and speaks of him more than once as Mr. Eustace Wiman. This is even a worse blow than his failure to organize his great salt combine.

Does the *Empire* forget the occasion when at a public dinner, His Royal Highness the Prince of Wales made an incidental reference to "the Premier of Canada, Sir Thomas Macdonald"—and this too after the Chieftain had earned a little notoriety as the central figure of the Pacific Scandal. "Such is fame."

Hon. C. F. Fraser made a fine catch of black bass yesterday at the Five Mile Light shoals.—*Brockville Recorder.*

There is not a hoodoo in the whole Ontario Cabinet. Lord Stanley has been thrashing the waters of the Cascapedia the past month, and although he had the finest flies and the best brands of bait in the Dominion he got nothing but nibbles. Mackenzie Howell and Tupper, jun., have been all over the Bay of Quinte in a steam yacht looking in vain for a bite. Mr. Fraser, with a bent pin and a worm, takes an afternoon off, and has to hire a boy to help him carry home his load. And yet some cranks say Mowat must go.—*Hamilton Times.*

The *Times* must remember that Dominion Cabinet Ministers take the loaf for fishing, for votes, and ballots pay better than bass any day.

According to a statement prepared by the Chicago *Tribune* the first half of the present marine season has been an unusually disastrous one to shipping on the lakes, notwithstanding the fact that there was only one severe storm—that of May 31st. The total loss was a little over $500,000, and of this a large percentage was caused by fog. Thirty-nine vessels in all got into trouble, and twenty-one of these, representing an aggregate loss of $370,000, owed their misfortunes to thick weather. All the storm disasters occurred on Lake Huron, but Lake Superior stands first in the matter of property losses, its record being $284,000. The main losses of the insurance companies, aggregating $244,500, were on A 1 steamers. Three steamers, two barges, six schooners, and one tug were total losses.

The *Mail* newspaper, the masked organ of the Conservative party, took one "d——d sharp curve," and is, doubtless, heartily sorry for it. Now it is preparing to take a re carve with a good deal more of deliberation, and get back into the fold it ostensibly deserted, requiring the establishment of the *Empire* as the organ of Conservative *Dominion* interests, thus leaving the *Mail* free to pursue a policy in the interests of provincial Conservatism. The Unrestricted Reciprocity blind has served the *Mail's* purpose sufficiently, it appears, and now it is cautiously preparing to return to the true Tory policy of enriching the few at the expense of the many. The *Mail* is an invaluable newspaper. In addition to its ordinary obvious contents, there is considerable reading between the lines. He that reads on the surface and thinks as he reads, may regard the *Mail* as a great independent newspaper, but the interlinear reader can recognise in it the earnest ally of the *Empire*. The *Empire* wears the cloven hoof on promenade—the *Mail* keeps its cloven hoof 'way up in the pulp-tower, among the chaotic wreck of the bribery plot.

What it Costs to Run a Locomotive.

The following statement, from the August *Scribner*, of averages represents fairly what it costs to run a locomotive under ordinary conditions:—

AVERAGES.	
Number of miles run to pint of oil	15 52
Number of miles run to ton of coal	46 17
Number of pounds of coal per mile run	48 63
Number of pints of oil per mile run	0 06
COST IN CENTS PER MILE RUN.	Cts.
For oil, tallow and waste	0.32
For fuel	7.42
For engineers	3.60
For firemen	2.29
For wipers and watchmen	1.25
For water-supply	0.29
For supplies (miscellaneous)	0.10
For repairs	7.10
Total	17.57

If Your Watch or Clock needs repairing take it to Wyatt a jewellery store. d

Toronto's Great Exhibition.

Sept. 9th to 21st—To be Greater and Better Than Ever.

There is perhaps not a city on this continent that has made more rapid progress during the past ten years than the City of Toronto, and it is still going ahead. Its population during that period has advanced from eighty thousand in 1879 to one hundred and eighty thousand in 1889, being an average increase of ten thousand a year. But, extraordinary as this great prosperity may appear, it is not more so than the success which has attended the establishment of the great Agricultural and Industrial Exhibition, which is held annually in that city, and which, during the same period, has reached a point in magnitude far beyond the most sanguine expectations of its promoters. The attendance of visitors at this Exhibition, which in 1879 was about ninety thousand, has steadily increased each year until last year it reached over two hundred and fifty thousand. The number of exhibitors has also proportionately increased, and the indications are that the Exhibition for the present year, which is to be held from the 9th to the 21st of September, will be greater and better than ever

Although the buildings on the Toronto Fair Grounds are already far more numerous and commodious than any in the country, the Association is expending over $20,000 again this year in providing increased accommodation in the way of new stables on the most improved and modern plans, a new poultry building and many other additions which they consider necessary to meet the requirement of the Fair. They fully realize the fact that they cannot stand still, that their patrons want something greater and better every year, with all that is new and interesting in the way of inventions to be found on this continent, and this is what they appear determined to give them. This is really the People's Exhibition. It is not as many suppose controlled by a stock company, but by gentlemen who give it their time and services for nothing, and their charter provides that every dollar which is made out of the Show must be expended in aiding to and improving the grounds and buildings, so that the country and general public get the full benefit of whatever assistance they may give the institution by their annual patronage. In addition to the great Exposition of Live Stock, Agricultural, Dairy and Horticultural products, Manufactures of all kinds, Fine Arts and Ladies' Work, etc, there will be a much larger programme than usual of special features, of the most novel and interesting character that it has been possible to procure, full particulars of which will be given in the official programme to be issued shortly. There will be an International Dog Show the second week, and Pain's Great Historical Scenic production, the "Burning of Moscow," with grand pyrotechnic displays every evening, and in fact every day there will be plenty to see at this great Exposition that will be instructive, amusing and entertaining. Specially low rates will prevail on all railways during the weeks of the fair. Entries for exhibits in all departments must be made before August 17th. Canada has in this Exhibition an institution that the country may well feel proud of and take an interest in, as it is one of the best on this continent, and those who have visited many of the larger Fairs on the other side of the border readily admit that it will be many years before they can reach the position of or begin to compare with the Toronto Show. If our readers contemplate a holiday trip this season, they will be afforded a good opportunity of making it an enjoyable one if they reserve it for the time of the Exhibition.

A Cure or No Pay

is guaranteed to those who use Dr. Pierce's Golden Medical Discovery for Catarrh in the head, or for bronchial or throat affections, or consumption (which is lung scrofula) if taken in time and given a fair trial. Money promptly returned if it does not cure c

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. William Walton, Galt, Ont, 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. Jane Taylor, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. Mrs. A. L. Bute, Shell River, Man. 2w31d

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz. Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetising tonic and fortifier. dw

MUNCASTER'S

FUN AND PHILOSOPHY.

Mixed in Wise and Highly Exhilarating Proportions.

In the afternoon papers of yesterday John L. Sullivan had the good fortune to whip Jake Kilrain once in five rounds, once in nine rounds, and the third time in seventy-two rounds a record never equalled by any prize fighter in history. Besides this, he was arrested twice and fought two drawn. He had a busy day.—Chicago Herald.

Towne—That's too bad about Dingley, isn't it?

Browne—How? What's that?

Towne—Joined the silent majority.

Browne—What! Dead?

Towne—No, married.—Lincoln Journal.

THE MODESTY OF GREATNESS.

"Do you expect to do him up?" inquired the sporting reporter as he took out his note book.

"I'm not making any brags about the fight answered the celebrated pugilist modestly. "I'll leave all that to the other feller. I don't mind tellin' you, though, that I'm going to paste the gol-blasted duffer's nose all over his face inside of six rounds jest as sure as the sun rises."—Chicago Herald.

TOO LATE.

"Your time has come," said a physician, speaking to an old Georgian who lay stretched out on a bed.

"Air you shore, doc?"

"Yes."

"Ain't no chance fur you ter be wrong, is thar?"

"None whatever. You'll be dead by sundown."

"Shore 'nuff now?"

"Yes, I tell you."

"Doc, you ain't trying ter git off a joke on me, air you?"

"No, I never joke a dying man."

"Wall, then, I reckon I'm gone, but I wush I'd knowed it a week ago."

"Think you would have been better prepared?"

"Yep, a heap better."

"It's not too late to pray, if that will do you any good."

"I don't keer nothin' about that, but of I'd a knowed last week what I know now, w'y I wouldenter bought that roan hoss. I'd 'a' tuck the money an' had some fun with it. Coulder had a rattlin' time on that $40. Coulder bought licker enough to scald a hog in. That's the way with this here world. A man never knows nothin' till its too late."—Arkansas Traveller.

OKLAHOMA HOTEL RULES.

Gents goin' to bed with their boots on will be charged extra.

Three raps at the door means there is a murder in the house and you must get up.

Please write your name on the wall paper, so we know you've been here.

The other leg of the chair is in the closet if you need it.

If that hole where that pain of glass is out is too much for you, you'll find a pair of pants back of the door to stuff in it

The shooting of a pistol is no cause for any alarm.

If you're too cold, put the oilcloth over your bed.

Carcasses lamps extra; candles free, but they mustn't burn all night.

Don't tare off the wall paper to lite your pipe with. Nuff of that already.

Guests will not take out them bricks in the mattress.

If it rains through that hole overhead you'll find an umbrella under the bed.

The rate won't hurt you if they do chase each other across your face.

Two men in a room must put up with one chair.

Please don't empty the sawdust out of the pillars.

If there's no towel handy use a piece of carpet.—North American.

There is nothing like being all broken up to make a man see the necessity of mending his ways.—Burlington Free Press.

Wibble—I wonder why ministers always wear long-tailed coats?

Wabble—If you were a country minister with a $300 salary and a large family you wouldn't ask such a fool question as that.—Terre Haute Express.

Lecturer on Phrenology—Now, ladies and gentlemen, you will observe that the subject's bump of amativeness is very prominent, and it is safe to say that he and his wife are the most loving couple——

Subject—Holy smoke! Don't touch my head there. There's where my wife hit me with the rolling pin yesterday, when I refused to trot the baby.—Omaha World.

"Please, ma'am, will you give me an old suit of your husband's clothes? I am one of the Johnstown flood sufferers."

"Poor man! Of course I will. Come right in. So you were in that dreadful flood, were you?"

"No, ma'am, but my wife sent all my clothes to the people who were."—Washington Post.

Young Coachman (to keeper of livery stable)—I'd like to get kicked by a mule if you've got one.

Stablekeeper—What for?

"I'm going to ask the boss if I can marry his daughter, and I want to see if I'm in condition to receive his reply."—The Whistler.

Merchant—You want a place in my store, you say?

Applicant—Yes, sir.

"Ever worked in a store before?"

"Yes, sir."

"Let me try you. Suppose a lady should come in with a piece of cloth, and want to get a number of yards to match it, what would you do?"

"I'd send her to the next counter."

"I guess you've had experience."—Time.

"Maria," said a Chicago husband, "I beg of you to listen to me."

"No, sir; I am resolved, and you can say nothing to change me." I will have a divorce."

"But, Maria, one word."

"Well."

"Even your best friend would tell you that you haven't the ghost of a show on the stage."—Washington Capital.

She—I am sorry, Mr. Browne, that I cannot be otherwise than a sister to you. It is getting late, by the way, and I think I had better be home soon; would you mind hurrying up the horse?

A Megacephalous Sea Serpent.

Early Tuesday morning, when off Mathieus, bound east, Capt. J. L. Chase of schooner Jerusha Baker saw what was apparently a strange fish of unusual size resting on the surface of the water about a hundred yards distant. The Captain called the attention of his mate to the supposed whale, and while watching it the men were horrified to see an enormous head rise from the water and the sea extend itself into a snakelike form, leaving no room for doubt that they were in the presence of a veritable sea serpent.

"He lifted that big head out of the water," said the Captain, "until he could overlook the Jerusha's deck, and then, much to our relief, began slowly to swim in a direction opposite to that in which we were moving, sometimes looking back as though watching us. Beside the head and five or six feet of neck covered with glistening of scales we could see at least ten feet of the tail which was smooth and shaped like an oar; and altogether the creature could not have been an inch short of forty feet long. Not being equipped for hunting sea serpents we kept on our course, and were glad when the stream of foam that marked the monster's path through the water disappeared."

Both Capt. Chase and the mate, Mr. Charles Huntley, are well known in this vicinity, and their veracity will not be questioned. They state positively that there could have been no deception or optical illusion in the matter, the weather being clear, and every inch of the monster's head and neck distinctly visible at a distance of not more than a hundred yards when first seen; and although scientists may sneer, and newspaper humorists deride Capt. Chase and his crew are as confident that an immense serpent-like animal is cruising off the coast of Maine as they are of the existence of their own good schooner.—Machias Republican.

Marriage and Divorce in Nebraska.

A double marriage was celebrated in Omaha the other day. Both couples had been married to each other once before, and had afterward intermarried between themselves and this third double marriage restored them to their normal married condition. It seems that the two young couples settled down in the same neighborhood and commenced housekeeping and soon became very intimate. Finally the husband in one family and the wife in the other became jealous and accused their respective spouses of being too intimate with each other.

They made it so hot for the accused ones that the suspected lady went back to her mother and the husband down at the other house packed himself up and slid out for Kansas. The deserted complainants then applied for divorces, got them, and proceeded immediately to marry each other for consolation. Then the runaways drifted together and were married in their turn. About a year afterward each of the parties to the new contracts cooled off and found that the last marriages were incompatible, and they were again divorced.

Now the original pairs have been reunited, and, to show that there was no malice, they were married in the same house at the same date by the same clergyman, and made a good time of it together. It was a Nebraska reunion.—Nebraska State Journal.

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Almighty Dollar

Is long distanced by a 10 cent bottle of Polson's Nerviline, the newest and best pain remedy. It cures colds, cramps, colic, pain in the head, sciatica, wain in the chest; in fact it is equally efficacious as an enternal or infernal remedy. Try a 10 cent sample bottle of the great pain remedy, Nerviline. Sold by druggists. Large bottles only 25 cents. Try a sample bottle of Nerviline, only 10 cents. Take no substitute. 6dw31

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

INDIGESTION can be effectually cured by the use of Dyers Quinine and Iron Wine, this admirable tonic is invaluable in cases of appetite and general debility. W. A. Dyer, Montreal. 6d24

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

A BURN OR CUT will heal quickly and leave less scar if Victoria Carbolic Salve is applied at once. dw

MALARIAL FEVER AND CHILLS are best broken up and prevented by using Milburn's Aromatic Quinine Wine. dw

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Cured

My eyes are now in a splendid condition, and I am as well and strong as ever.—Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

By Taking

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendal T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete.—W. E. Sutherland, Evangelist, Shelby City, Ky.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price $1; six bottles, $5.

ONE YEAR IN BUSINESS!

ONE YEAR since WYATT & TURNER, the Live and Progressive Day-Light Clothiers, opened out in Business.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"KRIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

FRIDAY, AUGUST 2, 1889.

LOCAL NEWS.

PURE fresh honey for sale at M. R. KIDD'S.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or Mr. A. L. Davis' store. d

"Coffees Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

Green House Extension.

Mr. Frank Mason is erecting an important addition to his green house premises,—20 x 100 feet. It is intended for the propagation of seedlings.

Fruit and Flowers.

Mr. Wm. Chamberlain of Otonabee has a crab apple tree, which shows the unusual phenomenon of a well formed fruit and blossom on the same tree, and on the same stem. Another freak of growth last fall was a russet and a greening which grew together alongside on a tree of a different variety from the russet.

The Electric Watch.

One of our local watchmakers must be trying some new experiment, as he has hung the watch he used as a sign as near the top of the electric light pole (corner of Simcoe and Aylmer) as possible. Further developments are awaited. If anything comes out of the experiment the public may rest assured the very latest news will be furnished.

Board of Trade.

A special general meeting of the Peterborough Board of Trade is called for Tuesday evening, 6th of August, at 8 o'clock sharp, in the council chamber, for the purpose of taking into consideration and discussing the sawdust question as it affects or may affect the manufacturers and all other interests connected with this town, and for other business.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering :—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

Chemong Park Notes.

There is splendid fishing out there now. The party, as noted in the EXAMINER, who went out yesterday afternoon, caught with the trawl several fine maskinonge and one splendid bass. Yesterday Mr. Stabler caught 67 lbs. of fish, and the day before 60 lbs. The residents at the park have fine fun fishing, and excellent luck,

Workmen are engaged putting in the piers for the new swing in the floating bridge.

It Will Pay You

To note the rates—the exceedingly low rates for the first class excursion of Court Little John, C. O. F., to Toronto and Niagara Falls on Civic Holiday, August 15th. Read this. Return tickets—to Toronto, only $1.75; to Niagara Falls, only $2.00. Excursionists go by C.P.R. and splendid steamers, Cibola and Chicora. This is a grand chance for a delightful excursion. Note the date and watch for posters giving full particulars. 2d

The Rice Lake Drowning.

The searchers for the body of Vincent McMahon, who was drowned at Rice Lake on Tuesday night, met with poor success in their efforts next day. The locality where the accident is supposed to have occurred has been dragged with grappling irons, and dynamite was freely used to bring the body to the surface, but to no avail. The searchers went out again on Thursday morning to continue the melancholy task of dragging Rice Lake. At noon the body was found. An undertaker went out to take charge of the remains.

An Episcopal Tour.

This morning, His Lordship, Bishop O'Connor started on his first official visit to the different parishes of his diocese. He is accompanied by Mr. Geo. Whibbs, who has been advanced in his studies for the priesthood to the rank of deacon. Bishop O'Connor goes first to the northern portions of his diocese—Sault Ste. Marie, Port Arthur and the Algoma District. He will be absent about two months, his engagements filling in the time till October. During His Lordship's absence, Very Rev. Vicar General Lament of Lindsay will perform the functions of administrator.

AT the head of the class stands M. R. KIDD in choice teas.

The People Wonder

How it is W. J. Morrow sells Dingman's Electric Soap 5 bars for 25c. when all other houses give 4 for 25c. Well that is easily solved—we buy for cash and in larger quantities, getting special reductions as well as discounts. So we are prepared to give our customers better value. Ginger Ales, Mineral Waters of all kinds. Campers supplies. Ports and sherries 5, 6, 7, 8 and 10 years in wood. Brandies all ages. Whiskies all ages. Finest Canadian Ales, don't fail to call. Try Bajus' Lager, warranted to keep. W. J. MORROW, 340 George St.

A Living Support.

The curious can see on the C.P.R. spar to the Dickson race a rather unusual sight. The piles driven at the southern end of the spar, near the old wharf, have put forth leaves and branches, the piles having evidently been cut only a short time before being driven home, and there having been sufficient residual sap and vitality to account for them forming a live support to a live railway line.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

Are You Going?

Where? Why, to the grand union excursion to Orillia, Lake Couchiching and Strawberry Island, under the auspices of the Emerald Benefit Association and Catholic Mutual Benefit Association, on Peterborough's Civic Holiday, August 15th. Of course I am going. The round fare is only $1.00, children 50c., the best of accommodation has been provided, and I mean to take in the Orillia horse races, see the sports, do a little fishing at Lake Couchiching, and wind up with a visit to Strawberry Island—you bet.

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tufw

A FEW more chests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

The Vexed Question Settled.

Now that the market question is settled, all the councillors will be giving tea-parties to celebrate the event and they will all buy their tea at Hawley Bros. the great emporium of choice teas, pure fragrant coffees and fine glassware. Bear this in mind, and go to Hawley Bros., when you want the purest goods of the above classes.

Lost and Found.

Considerable excitement was felt in town and Ashburnham this morning over the fact that Master Fred the eldest son of Mr. J. C. Sullivan, Ashburnham, aged twelve years had been missing since the previous noon, and no local trace could be found of the lad. This morning a gentleman came to town and stated that he saw the missing boy at Cavanville, where he had reached by first getting a ride on a farmer's wagon. Section boss O'Brien brought Master Fred home safe and sound to the joy of his parents and friends.

Accidents.

Accidents have happened at both the Hamilton Works. At the Peter Hamilton Iron Works a crowbar fell from the outside hoist and struck Mr. Thomas Distin on the head, rendering him unconscious and inflicting a scalp wound. The blow must have been a glancing one for had the bar hit Mr. Distin's head squarely, fatal results would have followed. As it is he was not severely hurt.

Thursday afternoon Mr. James McKim an employee of the *William Hamilton* Works got the middle finger of his right hand caught in the machinery and badly smashed. Dr. Clarke dressed the wound.

A Venerable Visitor.

On Thursday the EXAMINER had the pleasure of a call from Mr. Joseph Kelso, sr., of Bobcaygeon. He is an old former resident of Smith and has been renewing old associations in that township, for the past week. Mr. Kelso though 83 years of age carries his years with great vigour. He is hale, hearty, straight; and active in both body and mind. Over sixty years ago he settled in Smith, and at that time there was not a vestige of a house on the present site of the town of Peterborough. The route from the front to Smith in those days was up the river and by a trail in the neighborhood of Smithtown Hill. Mr. Kelso returned home last night.

Bike Run to Bridgenorth.

Nine or ten men of the local club took a turn to Bridgenorth last evening, going out about 5 o'clock. They visited Chemong Park and were handsomely entertained by the president of the club, Mr. R. B. Rogers, at his summer residence. The boys spent a pleasant hour or two, fishing, boating and enjoying the beauties of the park as inclination suggested. Altogether the run was a very pleasant one, and in spite of the wet roads a rapid run home was made, the whole party reaching here about 9 o'clock—some a little earlier. They left Fobert's hotel at 8 o'clock, and two of the party made rapid time. One of them had to reach home in time for the nine o'clock train. He and his friend wheeled into town, he went to his friend's room, changed his clothes, packed his valise and was on time for the train which was also on time. Pretty quick work.

Prolific Port Hope.

A visitor to the town park yesterday, says the Port Hope *Times*, could have observed the very entertaining sight of a grandfather surrounded by about thirty-five of his grandchildren. The occasion was a pic nic of the Walker family, of which our esteemed citizen, John Walker is the originator. He was supported by Mrs. Walker, who watched the pranks of the youngsters with a keen interest. The afternoon was spent very happily, and when the youngsters sat down to the best feature of the day's outing, the supper, thirty-five heads were counted. One of the most amusing pastimes indulged in, was the children rolling Mr. Walker down the hill. He could not keep his feet with such a little army tugging at his legs, and youthful excitement rose to boiling point when the grandfather was being rolled down the side of the park hill. Mr. and Mrs. Walker seemed to enjoy the proceedings as much as any of the children.

Feminine Baseball.

By this is not meant effeminate ball playing, but base ball played by young ladies. Yesterday evening at Burnham's point two nines composed of young ladies played a baseball match. It must not be inferred that the young ladies got on this match because they were unable to accomplish a match of another kind, for they are all charming and attractive damsels. The clubs engaged were the "Stars" and "Jersey Lilies", and the Stars won the game by a score of 14 to a dozen for the "Jersey lilies." The batteries did very effective work. Each catcher was a good catch whether matrimonially or baseballically regarded and the pitchers did good work especially in pitching into the umpire when he felt it his duty to give bases on balls. The name of the umpire is withheld for obvious reasons, but any one curious to ascertain his identity, may, by a little search discover a handsome young gentleman with several vacants lots where the hair is not,—in different parts of his head. A return match will be arranged for at an early date.

For Stony Lake.

There was the usual stir at the Midland station this morning, at the out going train for Lakefield. There were not many parties but there were large numbers returning and a great many going up for the day or a day or two. Mr. G. M. Roger's party for Juniper Island, consisted of about seventeen persons—and a formidable array of camp equipage. Mr. James Dolan returned from the lakes last night, and reports everything exceedingly active there. He estimates the present population of the islands at between 250 or 300 permanent lake lotterers, not to speak of transient tourists. The fishing for bass (still fishing) is good, but there is very little capture of maskinonge. An old sport explains this on the theory that the daily voyages of the steamers frighten fish away, and another says the maskinonge are shedding their teeth, and they can't keep their grip of the bait. It is more probable that they are cutting their wisdom teeth and fight shy of the delusive spoon. However, there is no danger of starvation at the lakes. The farmers in the vicinity have found this summer city a good market, and bi-daily visits are made with supplies of fresh milk, butter, eggs, vegetables, fruit, berries, etc. And the prices are reasonable, too—first class butter can be bought at 15 cent, and other things in proportion. About a dozen new cottages have been erected this summer, and more are under contract and in course of erection.

Matrimonial.

Nuptials of Mr. John Crane and Miss Gussie Crosby.

Last night a very interesting wedding event took place at the residence of Mr. H. H. Crosby, 168 Dalhousie street, the occasion being the wedding of Mr. J. Crane, ledger-keeper of the Ontario Bank here, and Miss Crosby, only daughter of Mr. Crosby. The event was celebrated in a quiet manner. The marriage ceremony was performed by Rev. S. J. Shorey, and Miss Green, of Toronto, filled the position of bridesmaid, and Mr. W. G. Mitchel, of Toronto, supported the groom. This wedding, though quietly conducted, aroused great social interest, both parties being well known and well respected. Mr. Crane has been in the Bank of Ontario here for five years, and has fulfilled his official duties in a most satisfactory manner as well as winning wide popularity by his social good qualities. He was a member of the choir of St. Paul's Church, and the esteem in which he was held by his associates is shown by the present of a handsome marble clock. The long array of bridal presents indicates the popularity of the fair bride. After the wedding ceremony was concluded, the usual social entertainment followed. The bridal pair left the home of the bride for their new home, 597 George street, followed by the customary showers of good wishes and —rice. The EXAMINER adds its congratulations and good wishes to the hosts of friends of Mr. and Mrs. Crane, and hopes that many years of domestic happiness await them.

The following is a full list of presents :—

Father of bride—Dinner set and one dozen silver knives.
Mother—Handsome bedroom suite.
Brother—Silver pie knife.
Groom—10 volumes of "Choice Literature."
Miss Green, of Toronto (bridesmaid)— Handsome silver fruit dish.
Mr. W. G. Mitchell, of Toronto, (groomsman) —Cheque for $25
St. Paul's choir—Beautiful marble clock.
Manager and staff Ontario Bank—Two fancy chairs.
Mr. W. H. Dingle—Lemonade set.
Messrs. H. Stock and T. Barrie— Beautiful silver hot water urn.
Mrs. Houck and family (Whitby)—China tea sett.
Mr. A. Clegg—Plush chair.
Miss Crane—Table lamp.
Miss Rhea Boddy—Cheese dish.
Mr. and Mrs. R. S. Davidson—Beautiful carving knife and fork.
Mr. O. C. Rouse, handsome plush photograph album.
Mrs Rouse, linen table cloth.
Miss Rouse, *lace chair scarf.*
Miss Poole, sachet bag.
Mr. J. W. Crosby, China tea set.
Miss Neil, flower epergne, with flowers.
Miss M. Salisbury, copy Wordsworth poems.
Mr. W. Salisbury, book entitled "Field Flowers."
Mr. and Mrs. F. Mason, 1 dozen choice plants and majolica jar.
Miss S. J. Crosby, Whitby, fruit set.
Mrs. W. H. Crosby and Miss Marsh, Whitby, beautiful silver pickle jar.
Mr. W. H. Crosby, Whitby, gold brooch.
Mr. J. Milne, beautiful hanging lamp.
Mrs. E. Smith, Toronto, egg set.
J. R. Stratton, M.P.P., and wife, handsome card case with cards and a paper weight.
W. H. Hill, sugar bowl and spoon holder combined, with half dozen spoons.
Miss Jenkins (Madoc)—Handsome Majolica bowl.
Mr. W. H. Jenkins (Madoc) — 1 dozen silver tea spoons.
Mr. and Mrs. W. Adamson—Breakfast cruet.
Miss Mann Pair of vases.
Mr. R. W. Muncaster—Silver napkin ring.
Mr. and Mrs. E. Stephenson (Whitby;)—Fancy *foot stool.*
Mrs. O'Neill—1 dozen tea knives and forks.
Mrs. W. White, Jr.—Vase and flowers.
Mr. G. M. Roger—Basket of flowers.
Miss Ross—Tray cover.
Mr. Will Wright—Pretty match safe.
Mrs. White, Sr.—Pair of vases.
Master Willie Downer—Bouquet.
Miss Helen Mason—Little basket of flowers.
The groom's present to the bridesmaid—Heavy gold ring with her initials in raised letters.

Off for Old Quebec.

The Anti-Jesuit Deputation Take Their Departure by Land and Water.

(*Toronto World August 1st.*)

The members of the delegation to present the Jesuit petition to the Governor-General at Quebec left for the Ancient City yesterday per steamer Spartan and the evening trains. They included Revs. Principal Caven, John Langtry, W. F. Wilson and Messrs. J. K. Macdonald, E. D. Armour, J. T. Small, S. C. Duncan-Clark, R. S. Baird, William McCraney, Alexander Fraser of *The Mail* accompanied by his wife, Dr. Henry and William Hall, Orangeville; George Taylor mayor of London, President John McMillan and Ald. Bell. Henry O'Brien will also be one of the delegates, as will also Mr. John Charlton. Gentlemen from Kingston, Ottawa and Montreal will join the deputation on the way down.

Rev. Arthur Sweatman, Bishop of Toronto, expresses his regret that engagements will not permit him to be one of the delegates. His Lordship's name heads the Toronto petition.

The delegates will put up at the St. Louis Hotel, Quebec.

This is the memo of signatures to petitions taken by the secretary of the association to Quebec.

Rifle and Range.

Monthly Shoot of the Peterborough Rifle Association.

The monthly meeting of the Peterborough Rifle Association was held at the Ashburnham range yesterday, and there was brisk competition. Though the day was unfavourable for fine sighting—the light being very bad, very good scores were made as the following scores will show :—

	200 yds	400 yds	500 yds	600 yds	Grand Total
Capt. Miller	20	18	21	19	78
A. Mason	19	20	22	17	78
D. Cameron	20	23	22	11	76
Capt. Hennistoun	21	19	11	20	71
J. B. Peatland	18	21	19	16	74
Geo. Fitzgerald	21	18	18	16	73
A. Wade	19	20	15	10	64
Capt. Hill	20	13	18	7	58
D. Belleghem	18	11	15	10	54
H. Robinson	18	11	10	14	53
Major Bell	19	12	11	7	49
F. Hall	21	19	2	6	48
C. Curtis	11	14	11	9	45

This is the third of the four monthly matches of the season. The aggregate of the scores made at these matches count for the prize of the Ontario medal presented by the Ontario Rifle Association. The shooting as shown by the above score in yesterdays match was unusually good.

Base Ball.

Ashburnham Defeats Millbrook.

Yesterday an Ashburnham team of baseballists went down to Millbrook and left a defeated nine at that place. The visitors made a total of 14 and the score of the Millbrookers fell 50 per cent. short—7. Mr. W. Chambers filled the position of umpire to satisfaction. The following is the score :

Ashburnham.	R.	P.	O.	E.	*Millbrook.*	R.	P.	O.	E.

Starving Protected Miners.

That is a sad story that comes from Braidwood, not far from the rich and populous city of Chicago. So sad and so often has it been told that the people of that city have been moved to listen to the cry and send its Mayor and other officials with bread to appease the hunger of the famishing miners and their families. It is a strange story too. Men employed in one of the most highly protected industries in that country where it might be expected, were we to believe the ravings of protectionist sheets, they would be the pampered sons of toil, independent, well-fed and well-clothed, have been reduced far below that pauper labor of Europe of which we hear with a sneer now and then. The tale which we allow to be told in the words of others shows that it is through no fault of the miners they find themselves in the positions they are in to-day. It was starvation which they faced in any eventuality and they accepted the more rapid in preference to the slower and perhaps surer process offered them by their employers. Ten thousand five hundred of these miners have been unemployed and destitute since May 1st, when they refused to accept a reduction in wages averaging 15 cents per ton. Some of the companies ordered a reduction of 10 cents a ton and others 20 cents on the ground that they could not operate the mines at a profit. When the miners refused to work at the reduced price the owners coolly shut down, and made only a spasmodic effort to operate the mines under protection of the State troops. The striking population of these towns, inclusive of wives and children, is at least 36,000 The number of men, women and children who have been suffering the pangs of hunger for the past six weeks is fully 18,000. Recent impartial investigation among the striking miners shows that the average price for mining a ton of coal is 71½ cents; that the average earning of the strikers was 71 cents a day; that the average wages per month was $18.25, and none earned over $30 per month. The married men have to pay $5 a month or more for house rent, and the companies who own the "truck" general stores charge exorbitant prices for the necessaries of life and intimidate their employees into buying at these stores. The companies gave their men credit because they held their wages as security for payment, and if the oppressed striker purchased food or clothing at private stores the mine bosses cashed the accounts at a discount and pocketed the profits. By this iniquitous system the poor miner and his family, even when working steadily, lived from hand to mouth—his starvation month's wages were eaten up with rent and "truck" store prices before pay-day arrived.

Statistics show that the average time these men were employed last year was six months and twenty days. Braidwood is owned by the Wilmington & Vermilion Company. It has obtained a practical monopoly of the coal fields of Northern Illinois, and as the company increased in wealth it decreased the wages of its employees. In 1870 the miners of Braidwood were paid from $5 to $7. That price has steadily decreased year by year. Several attempts have been made to resist these reductions, but without avail. The men accepted the terms because they had to work or starve. Every strike has been the signal for a fresh importation of Italians, Slavs, negroes from the south or pauper labor from Europe.

Then the company started its "truck" store, and although the miners' wages did not reach $25 a month it was expected that they would spend at least $10 of this sum at the store every month. May last the company cut the scale to 60 cents a ton. The miners held a meeting and decided to strike. They reasoned that it was a case of starvation anyway, and philosophically declared their preference for starvation on general principles and idleness rather than starvation and work. The company, through its heartless agent, A. L. Sweet, notified the men that they could starve as long as they wanted to.

Mayor Cregier and the Chicago Miners' Relief Committee distributed eighty tons of provisions and $1,000 in cash the other day among the suffering strikers of La Salle and Spring Valley. The whole hungry population of the two towns turned out to welcome the visitors, but it was the sight of carloads of food which gladdened their hearts. The relief corps found that the coal company at Spring Valley own about five hundred houses, occupied by the strikers, and that many of the tenants have been given five days' notice to get out on penalty of eviction. Two thousand starving men, women and children, barefooted, bareheaded and almost naked, met the committee at the Spring Valley depot, and 500 in the same deplorable condition greeted the arrival of the relief train at La Salle. This is how protection fills the dinner pail. A sad feature of the whole affair is that many of the miners are victims of a policy which they helped to sustain. It was a delegation of miners that called upon President Harrison previous to the elections, whose spokesman, after telling Mr. Harrison what they wanted, said: "In short, they want high wages, plenty of work "and plenty of good bread and butter. "They believe that you, sir, are the typical "representative of the great principles that "underlie the platform of the Republican "party, such as high wages for our working-"men, etc. This is a squaretoed fight. On "one side bread, beef, butter and the good "things of this life, and Ben Harrison beside "them; on the other side Uncle Grover, low "wages and such grub as you can get, and "be satisfied with half a loaf." The moral need not be drawn.—*Hamilton Times.*

Personal.

Miss Essie Crummie, a graduate of the Convent of the Congregation de Notre Dame, and silver medallist in music, left last night on a visit to relatives in Gaspe. A large number of the popular young lady's friends were at the station to bid her *bon voyage!*

Mayor Stevenson is in Montreal. He accompanied his daughter as far as that city, *en route* to Old Orchard Beach, Maine, where she will spend some time.

Peterborough Abroad.

We have received a correspondence from a former Peterborough gentleman respecting the phenomenal growth of some places in Washington Territory. An extract from the letter reads :—"I was surprised to meet an old Peterborough gentleman at Olympia, in the person of Dr. Kincaid. He is doing a large practice, and is apparently as popular here as he was in Peterborough. I also met Mr. Fred Hughes, of Peterborough, in this State. He is doing fine. At Orting I met Dr. Edwy Stratton. He has one of the finest offices in the city, fitted up in elaborate style. I had a drive with him and he showed me the beauties and advantages of Orting." The other portions of the letter are glowing descriptions of the State, not of any particular local interest.

Burleigh Falls Visitors.

The following is a list of guests at the Burleigh Falls hotel, J. Holmes, proprietor : Sol. Solomon, Rochester, N.Y.; P. Monett, Chicago, Ill.; John Bochard and family, five in number; S. C. Clark, New York; Chas. Barnett, Utica, N.Y.; F. Wigley, Rochester, N.Y.; W. H. Miller, Rochester, N.Y.; Mr. and Mrs. A. D. Adams, Milwaukee, Wis.; F. D. Roxburgh, Norwood; W. P. Marshall, Toronto; Miss E. Wilmore, Norwood; B.J. Roxburgh, Norwood; John Kelly, Rochester, N.Y.

The Daily Examiner is delivered to any part of the Town for 10c. a week. 35c. a month. $2 00 for Six Months.

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

Extension of Business.

Mr. Adam Hall has removed the manufactory of his sheet iron stoves from George street to the iron-clad building, 196 King street west, where the staff of workmen employed is kept busily engaged.

Stony Lake News.

To-morrow's EXAMINER will contain a racy letter from our special commissioner at Stony Lake.

Just think, washing day made shorter by using London Electric Soap.

"Dominion Illustrated."

The *Dominion Illustrated* for August 3rd is filled with good things. We have the first instalment of a series of illustrations of the Wimbledon Team and the scene of their triumphs; six fine views of St. John, N.B., and some excellent pictures of British Columbia. Mrs. Arthur Spragge continues her interesting contributions on "Our Wild Westland." She describes Col. Baker's ranche, the Kootenay district and other points on the Pacific Province. The reading matter is up to the usual high standard. The *Dominion Illustrated* is published by the Dominion Illustrated Publishing Co., 73 St. James street, Montreal. Orders may be left at the Peterborough Bookstore.

MARRIED.

KILLINGBECK-HEARD—At the residence of the bride's father, on Wednesday, 31st July, 89, by the Rev. D. S. Houck, Mr. Arthur Killingbeck, of Peterborough, to Charlotte, eldest daughter of Thomas Heard, of Smith.

ROYAL BAKING POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. *Sold only in Cans.* ROYAL BAKING POWDER, No 106 Wall street N Y jne21w

MASONIC.

THE REGULAR MEETING OF Peterborough Lodge, No. 155, A. F. & A. M., will be held in the Masonic Hall, Water St., this Friday evening, August 2nd, at 7:30 o'clock, of which all the brethren are requested to take notice. A cordial invitation is extended to the brethren of sister lodges. By order of the W.M

T. HURLEY,

Real Estate Agent, 199 Brock St.

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar."
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr Sproule has woke up the town. You see, his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½
10 " Light Prints " 5
20 " Dress Goods " 15
12½ " " " 10
20 " Sailor Hats " 10

YOUR FEET!

This is THE roasting weather that tries and tells upon the feet. Are you experiencing that foot agony and torture of wearing the "called" grades of so called summer shoes sold elsewhere? Well, you have our sympathy, but you'll never cure corns or bunions with "sympathy." But, really, we can't consistently pity you much when you can get perfect ease and save money by using John McNaughton's

"SOLID COMFORT"

Ladies' and Men's Shoes, made up specially for summer weather, in either High or Low Cut. Be wise—don't suffer any longer but walk round to Sherbrooke street and get fitted with a pair of "Solid Comforts," and you'll look happy and contented once more.

THE KINGSTON BURGLAR.

MARSHALL TWITCHELL COMMITTED FOR TRIAL.

Mrs. Martin's Story of the Crime Told in Court—"It's Money I'm After and I'm Going to Have It."

KINGSTON, Aug. 2.—Marshall Twitchell, charged with the recent burglary at Mrs. Martin's house, was brought before the Police Magistrate this morning. Mrs. Martin testified that on the night of the burglary she was awakened suddenly, as if by something that had fallen. She then heard the servant call, "Mrs. Martin," in a muffled voice. Jumping out of bed, she went out into the hall and asked Mrs. Horsey, who was sleeping in an adjoining room, if she heard anyone calling. She replied that she had not. Witness then called down the speaking tube, asking if anything was the matter, and receiving no reply she lit a lamp, went down stairs and examined the front door and found it locked. Then she passed into the front parlor and through to the dining room, where she noticed that the shutters were wide open. She entered them, and being frightened merely glanced around before starting upstairs.

She had ascended two steps when she looked towards the door leading to the basement. Instantly a masked face appeared through a small space in the doorway. She then screamed and started upstairs. Turning around she saw the masked man upon one step of the stairs. She screamed again, when he approached, and drawing a revolver said: "Keep quiet," but she kept screaming and sank on the steps, when he struck her on the head with a hard substance. She again screamed and he struck her. She could not scream any more, being partly stunned. She then heard a pistol report, but could not say whether the weapon was pointed at her. After the report she let the lamp fall, when the carpets were immediately in a blaze. She then saw the man retire down the stairs and into the dining room.

Mary Fleming, the domestic, said: On the night in question she slept in the basement. She was awakened by some person putting a hand on her face, when she screamed, calling Mrs. Martin. The man had a little round light in his right hand. He then put a pistol to her face and told her that if she screamed he would shoot her, and she making no reply he took some bed ticking out of his pocket and tied it over her mouth. Some wax put into her mouth. She made no resistance. He next tied her feet. Then he unplugged her and asked her how many there were in the house and she told him there were two. He next asked her if Mrs. Martin slept with Mrs. Horsey and she told him "no." He then wanted to know if Mrs. Horsey's room was near Mrs. Martin's, where she tried to scream. He again put the pistol to her head and said he would shoot her. She could not scream very loudly. The man said: "It's money I'm after and I'm going to have it." He tied her mouth tighter because she tried to scream, afterwards leaving the room and shutting the door behind him.

After the examination of several other witnesses Twitchell was committed for trial as the next court of competent jurisdiction.

A BRUTAL THIEF.

Mrs. Rawson of St. Thomas Beaten and Kicked by a Robber.

ST. THOMAS, Aug. 2.—At 9 o'clock last night a man called at the house of W. Rawson in Woodworth-avenue. Mrs. Rawson was alone, her husband being employed on the Michigan Central coal dock at night. The man caught her by the throat, dragged her inside the house and locked the door. He then brutally kicked her on the head and face and ransacked the house. Failing to force a trunk he tied a clothesline around the woman's neck and dragged her into the kitchen where he again kicked her into insensibility. Her husband found her lying on the floor tied up on returning from work this morning. She is seriously injured. Little plunder was obtained.

ATTEMPTED SUICIDE.

A Hamilton Woman, Crazed by Ill-health and Sorrow, Jumps Into the Bay.

HAMILTON, Aug. 2.—Mrs. Ann Evans, widow of the late Michael Evans, a brave er, has been in poor health and suffering considerable mental anguish since her husband died a couple of months ago, and has lately expressed her intention of putting an end to her life. She has been living with her son, W. J. Evans, at 195 George-street. This morning she left the house and proceeded to Burlington cemetery, where she spent a short time, presumably at her husband's grave, and then, crossing the road, passed through the park known as Kent's paradise and down over the railway tracks to the bay, where she threw herself in. David Hurly happened to be in a boat not far off, and he immediately rowed to her assistance, and succeeded in rescuing the unfortunate woman. Meanwhile her daughter-in-law had found the following note at the house:

DEAR VIC: If I am ever found, you will find things in the valise to bury me in. Don't judge me too harshly. I am sorry for the trouble I have made for the last week. Life is no good to me. I am no use to myself or anyone; I am simply insane. Please be kind to Eric and Will, and don't visit my sin on them. The censure you gave, God knows, I don't deserve. God knows I did my duty to both my children and their papa, and I think they will say so.

Mrs. Evans was taken to Police headquarters. She is 80 years old, intelligent and handsome.

The customs authorities here have seized 1320 bags and 75 barrels of Muscovado sugar, valued at over $20,000, consigned to W. G. Reid of Hamilton. The owners are either Turnbull, Stewart & Co., of Trinidad, West Indies, or George Christall of New York. The grounds of the seizure are false invoicing and excessive undervaluation. The seizure was made upon information received that at the date of shipment from Trinidad the value of the sugar was much greater than the price as which it was invoiced and entered for warehouse. All the parties are reticent, but it was learned to-day that the sugar is simply held pending settlement and will not be confiscated.

The body of the unknown man who suicided at Clappison's Corners on the morning of Dominion Day has not yet been claimed. The proprietor of the hotel there has put in a big bill to the township council for the damage done to the room and bedding by the suicide in his last struggles. About $24 was found on the man's body and is in the hands of the Crown Attorney.

For setting fire to an old frame house at the corner of Rebecca and Hughson-streets a week ago Sarah Johnston was to-day sentenced to the Mercer Reformatory for six months. She was the mother of the baby which died from the effects of the bad treatment it received at the hands of Louisa Park, the baby farm keeper.

David Ross, one of the oldest residents of Barton Township, died yesterday, aged 87 years.

NOT THE SLIGHTEST HOPE.

LORD STANLEY'S REPLY TO THE EQUAL RIGHTS DELEGATION.

The Governor-General Says That the Jesuits Act Was Not Ultra Vires or Derogatory to the Crown's Supremacy.

QUEBEC, Aug. 2.—The last faint hope of disallowance vanished to-day when the Governor General, replying to the petitions of 60,000 citizens, courteously but resolutely declared that in his opinion as well as in that of his constitutional advisers there were no grounds for either the annulling of the Jesuits' Estates Act or for the dissolution of Parliament.

The steamer which bore the Equal Rights deputation had been delayed by fog on the St. Lawrence and it was 12 30 before they reached the Citadel, where Lord Stanley was waiting to receive them. Principal Caven was the spokesman for the Ontario petitioners. The signatories whom he represented exceeded 51,000. Said the Principal:

These figures represent but partially the intensity of popular indignation against the Jesuits' Estates Act. No act in recent years has aroused so much feeling and called forth so generally the most earnest condemnation of all classes. I deny that the action of the House of Commons truly represents the sentiment of this country. These petitions, these resolutions, are cited in support of the demand of the Equal Rights Association.

Continuing, Principal Caven argued that fomenting racial or sectarian antipathies was entirely foreign to the purposes of the Equal Rights Association. Such a policy would be utterly unworthy of good citizens, which the delegates claimed to be. For themselves personally and the petitioners they represented they claimed that the prevalent feeling was one of deep regret that a measure so eminently calculated to cause discord in Quebec and in the Dominion should ever have been enacted.

The reasons upon which the appeal for disallowance was based were ably summarized. Dr. Caven argued that the act did more than deal with fiscal matters.

"It bestows," continued Dr. Caven, "public money for denominational purposes; it endows a society whose standing and history make it utterly unfit to become a public beneficiary. By many it is regarded as a violation of the trust under which the Jesuit Estates were accepted from the Imperial Government. It recognises the authority of the Pope in our civil affairs and so far as it does that makes the act derogatory to the supremacy of the Queen and a menace to the religious liberties of the people.

"We humbly but earnestly pray Your Excellency to disallow an act in which Quebec has exceeded her authority, which is inimical to the best interests of this dominion, and which by its recognition of Papal sovereignty dishonors the prerogative sovereign right of Her Majesty."

On behalf of the 9000 petitioners from the Province of Quebec, Dr. L. H. Davidson, Q.C., made an eloquent address. He laid special stress upon the interests of the Protestant minority in the estates that had been diverted from the purposes of higher education by the Jesuits' Estates Act, and urged disallowance as an act of justice to the Protestants of Quebec.

In reply Lord Stanley said:

The very best authority to which I have had access makes it clear to my mind that the Jesuits' Estates Act was not ultra vires of the Legislature of Quebec or derogatory in any way to the supremacy of the Queen. As to the moral claims involved, this I have to say: The recognition of this measure by the Federal Government is upheld by many Parliamentary precedents and is quite in the usual way of a wise and liberal administration of public affairs. Let us be fair-minded and sane in our judgments, and not hurried away by prejudices. I cannot find that in this nineteenth century the Society of Jesus have been less law-abiding or less loyal citizens than others. The legal status of the society was settled by the Act of Incorporation of 1887, and the Jesuits' Estates Act has left their rights as it found them.

I venture with all due deference, gentlemen, to you, to maintain that the vote in Parliament is not a thing to be made little of. The House of Commons represents the Canadian people. Let me urge respectfully all possible tolerance for the opinions and convictions of every class of our citizens.

I am unable to hold out to you, gentlemen, any hope that the act will be disallowed, and I cannot conceal the danger I apprehend that the Governor General might be made by the counsel which deputations as yours a court of appeal, as it were, against the constitutional powers. Let me repeat it again, I cannot hold out the slightest hope to you that the Jesuits' Estates Act will be barred from becoming law.

After the return to the hotel the delegates held a general indignation meeting. "The result of our mission," said Rev. W. F. Wilson, "simply means that the appeal is to be carried from the foot of the throne to the sovereign people. We have failed in the former, but we will not fail in the latter. The people will not be blinded by selfish interests as were our representatives in the House of Commons, and they will appreciate the gravity of a situation which is apparently beyond the grasp of His Excellency. They have to live here and grapple with a difficulty which the Governor is only desirous of staving off that there may be peace in his time. Our whole energy must now be concentrated for the great fight which will follow the dissolution of the present House of Commons."

TO HARNESS NIAGARA.

The Hydraulic Electric Company to Begin Work this Month.

ALEXANDRIA, Va., Aug. 2.—The directors and stockholders of the Niagara Hydraulic Electric Company met here to-day to receive reports regarding plans for utilizing the water power at Niagara Falls. The intend to secure the power by tunnelling through the rocky bed of the river, thereby obviating danger from ice and wreckage and leaving the scenery undisfigured. Work, it is said, will commence this month and a syndicate of American and Canadian capitalists has been formed to furnish the money.

Separation of Church and State.

PLYMOUTH, Mass., Aug. 2.—The national monument to the Pilgrim Fathers was dedicated here yesterday. In the course of an eloquent speech the orator of the day, Congressman Breckenridge of Kentucky, said: "No historian has given to those who first suffered for the sublime truth that human freedom was impossible except by the separation of church and state that place of eminence which is by right theirs. This is the truth to which the Pilgrim Fathers testified. This truth they first brought to America. This is their true honor; this their fadeless crown."

Cornellier Admitted to Bail.

OTTAWA, Aug. 2.—This morning Cornellier, who was in jail on a charge of forgery, was admitted to bail. His bondsmen are Malette, of Charlebois & Mallette, contractors, and Dr. St. Jean, $500 each, and $1000 provided by himself.

Smallpox in Egypt.

WASHINGTON, Aug. 2. John Cardwell, United States Agent and Consul-General at Cairo, reports that smallpox is raging in the lower provinces of Egypt. The matter becomes of importance to the United States in view of the large exportations of rags from that country to this.

Poisoned Sardines.

ST. THOMAS, Aug. 2.—Mrs. McGregor, mother of Joseph McGregor, G.T.R. fireman, served a can of sardines at dinner. Mrs. McGregor ate one of the sardines, as also did Mrs. Sapson of Buffalo, who is visiting Mrs. McGregor. The little daughter of Mrs. Japson also ate half of one of the fish. All three were shortly afterwards taken with violent symptoms of poisoning. Emetics and restoratives were administered with the result that the sufferers were somewhat relieved. They are not yet out of danger.

Footpads in Essex.

WINDSOR, Aug. 2.—William Lovelace of Ruthven was on his way from Fewer Centre to Ruthven Wednesday when a man jumped out of a fence corner and made a grab for Lovelace's horse. The man slipped and the wheel struck him, knocking him down. Lovelace put the whip to his horse and she robber fired without effect. A little farther on Lovelace met another man who also fired at him. None of the shots hit Lovelace. A number of similar attempts have been made on this road.

A British Steamship Wrecked.

PHILADELPHIA, Aug. 2.—The British steamship Chancellor, of 2116 gross tons, Santiago de Cuba July 13 for Baltimore, iron ore laden, struck on Walking's Island in the Bahamas and became a total loss. She was valued at $160,000, cargo valued at $300,000. About a year ago the Chancellor struck at nearly the same spot and sustained $40,000 damage.

THAT REJUVENATING ELIXIR.

Pasteur's Colaborer Expects Great Things from It.

PHILADELPHIA, Aug. 2.—Dr. Ernest La Place, a celebrated French physician, arrived in this city last night to take the Chair of Pathology in the Medico-Chirurgical College. Dr. La Place has been for seven years a colaborer with Pasteur in his laboratory and is a personal friend of Dr. Brown-Sequard. In an interview concerning the success of ex-Surgeon-General W. A. Hammond in experimenting with Dr. Brown-Sequard's so-called elixir of life, Dr. La Place said:

"As yet I have no positive opinion, but from an a priori standpoint I would give it a fair trial. There is nothing improbable in the theory and an immense amount of possibility. Looking at it from an analogous standpoint, I would be disposed to try it, and try it with a great deal of confidence of success. There would be no danger attending the experiments. The injection of such a fluid as Dr. Hammond prepares under aseptic conditions—that is, conditions which exclude the presence of micro-organisms—would be attended with no danger to the patient, and possibly the nature of the injection would be such as to possess very marked and heretofore unknown stimulative and nutritive effect to the nervous system.

"To prove experimentally that animal matter can be used with impunity under the skin, Pasteur has for the last four years treated several thousand patients against hydrophobia by the subcutaneous injections of the specially prepared spinal cord of rabbits, without ulceration or similar results. This rejuvenation is not a wild delusion. Do not think for an instant of classing it with the absurd vagaries of the middle ages. It has much in it to demand the attention of the scientist. Dr. Brown-Sequard is without doubt the greatest physiologist in the world. He is not in his dotage, as many persons would have us believe, but is intellectually in his prime, and his discovery of this magic elixir is a product of such a mind. Dr. Hammond has established himself on no far-fetched premise in assuming Dr. Brown-Sequard's theory, and I am fairly confident that the experiments, if carried out on carefully calculated scientific principles, will be eminently satisfactory."

THE U.S. ALIEN LABOR LAW.

Popular Opinion May Cause Retaliation on This Side—Some Canadian Opinions.

NEW YORK, Aug. 2.—The Herald prints three columns of dispatches to-day from Canadian cities on the operation of the United States Alien Labor Law along the international boundary, the aim of which is that the law was aimed at cheap European labor and that its enforcement on the border is unwise. Popular opinion, say some of the correspondents, may cause retaliation, though there is at present no similar law on the Canadian statute books. J. F. Wood, M.P. for Brockville, leads off with a letter, in which he says:

The instructions contained in the letter of Acting-Secretary Batcheller to the Collector of Customs at Cape Vincent, N.Y., indicate that the United States Government are sensible of the difficulty, not to say impossibility, of enforcing such a law between the two countries. I am satisfied that in its application to Canadian workmen in the St. Lawrence district the act has met with a strained interpretation at the hands of the United States officials. To say the least it has a very unneighborly look, causing ill feeling and accomplishing little or no good.

JUDGE WALKER'S LETTER.

How He Would Regulate the Competition of Canadian Railroads.

WASHINGTON, Aug 2.—Judge Walker, who recently resigned from the Interstate Commerce Commissions, makes some interesting suggestions in the letter which he has addressed as president of the Interstate Commerce Railway Association to Senator Cullom. The Canadian system of transportation operating in the United States, in Judge Walker's opinion, affects the commercial or business interests of certain parts of the country favorably, especially New England and other sections along the border. As a natural corollary he says that they affect business interests in other parts of the country to some extent unfavorably. Of that there can be no doubt.

Judge Walker thinks that the Grand Trunk and the Canadian Southern railways have been large factors in the development of Chicago, and that the competition of the Grand Trunk has materially aided in bringing about the low long-distance rates of the past few years between the Western and the Northwestern States and the Eastern seaboard. Whether the result obtained through the entire country has, on the whole, been more favorable than otherwise he declines to say.

"In fact," says the letter, "it hardly seems worth while to adjust the balance. The Canadian railways are in existence, commercial conditions have become firmly set in their use and they are rapidly working their way in other directions. It is obvious that their relations to interstate commerce in the United States can by no possibility be entirely eradicated."

In certain respects the law as it stands is absolut upon the American lines, while the restrictions imposed are either not applicable to the Canadian lines or are so difficult of enforcement as to be practically nugatory.

"In view of these features of the case it apparently would not be unjust for our Government to require from Canadian lines, which are employed in conducting commerce between the different States of the Union, an engagement with the United States Government in some effectual form, and if necessary under the sanction of a treaty, providing that the entire traffic of the roads composing the several routes so used shall be conducted in accordance with all the provisions of the act to regulate commerce, adding suitable arrangements for the service of process and the enforcement and collection of penalties.

"In other words, all that is required would seem to be some provision which should put the Canadian roads upon an exact parity with our own."

DIED TO AVOID CRIME.

George Fish Was Harassed with a Desire to Kill, Rend or Damage.

BRISTOL, Conn., Aug. 2.—George A. Fish, a compositor in the office of The Bristol Press, committed suicide yesterday by shooting himself in the heart. He was at work the previous night and was heard to say, in speaking of a young lady from New York who is visiting at his house, that if he ever got out of a certain scrape he would never get into another. He lived with his mother, two sisters and an invalid brother in South Elm-street. He left a letter, in which he says:

"I consider that I am doing what is best for myself and for the community at large. For several months—over a year, in fact—I have been laboring under a great difficulty. Something at times takes possession of me, and it is only by exerting all my will power that I am able to keep from committing a crime. A desire to kill, rend or damage, that is becoming uncontrollable, seizes me. I prefer to put myself out of the world in this manner than to bring disgrace upon my people and friends by killing some one and dying upon the scaffold. I do not know whether I am insane or not, but of this I am positive, unless I end my life in this way I shall eventually become insane. All will power is leaving me and crime stares me in the face."

Daring Diamond Robbery.

KANSAS CITY, Aug. 2.—This afternoon a well dressed man riding a large horse rode up to Altman's jewelry store. He dismounted letting the horse stand without hitching, went into the store and at his request was shown some diamonds. He grabbed a handful, dashed out and sprang for his horse but the animal became frightened and ran off. The robber then ran to the corner, jumped into a hack and drove rapidly away pursued by the police. He has not been captured. The diamonds are valued at $15,000

A Nebraska Cattle Plague.

LINCOLN, Neb., Aug. 2.—A new disease has broken out in two or three cattle herds near this city, and is spreading. Cattle owners of this vicinity are greatly alarmed.

MR. OVERBECK'S TWO WIVES.

The Double Life of a Victim of the Johnstown Flood.

PHILADELPHIA, Aug. 2.—Nine years ago W. H. Overbeck, who was then a resident of this city, married Miss Marie Black, the daughter of a well-to-do butcher. The couple lived together for four years and had three children. At the end of that time Overbeck suddenly disappeared and his wife heard nothing of him for several years.

After deserting his wife he went to Johnstown and secured a position with the Cambria Iron Company. When he had lived there two years he married Miss Mary Robb, the daughter of a well-known merchant. Before leaving his first wife Overbeck had his life insured for several thousand dollars for the benefit of his children.

Overbeck was one of the victims of the flood. A few days ago wife No. 2 claimed the life insurance money and was informed that another Mrs. Overbeck had also claimed it. Mrs. Overbeck No. 2 says her husband secured a divorce from his first wife before he married her and his first wife says that he did not.

Mrs. Overbeck who claims to be the lawful wife lives at 1925 South Eleventh-street, this city. She says if her husband ever secured a divorce from her he did so without her knowledge and she will claim the insurance money for her children.

Two More Unknown Victims.

JOHNSTOWN, Pa., Aug. 2.—Two more bodies were taken from the debris this forenoon. They were unrecognizable.

ORISPI SURPRISES ROME.

THE ITALIAN PARLIAMENT SUDDENLY PROROGUED.

No Reason Given—The War Cloud in the East—The Royal Grants Bill Passes the Committee Stage.

ROME, Aug. 2.—Great surprise was caused to-day by the sudden prorogation of Parliament. No reason for the prorogation is assigned, but it is surmised to be preliminary to a dissolution and a general election.

Activity of the Russian Forces.

LONDON, Aug. 2.—Advices from Bucharest say that unusual activity prevails among the Russians on the frontier. Between Reni and Tulia 8000 men are cantoned and the artillery has been largely increased.

20,000 Turkish Reserves Called Out.

CONSTANTINOPLE, Aug 2.—Eighty thousand Turkish reserves have been called out. The Porte is buying uniforms and stores, and everything is proceeding at the dockyards with feverish activity.

Servia Ready for Any Emergency.

BELGRADE, Aug. 2.—The War Ministry has ordered all three of the military classes of Servia to muster on Monday. The ostensible reason is that the Bulgarian troops have been ordered to mass on the frontier on that day, and Servia desires to be prepared for any emergency.

Losses on Both Sides.

CAIRO, Aug. 2.—A dispatch from Tokai says General Grenfell to-day reconnoitred the dervish camp. The dervishes charged the Egyptian cavalry and killed 27 men. Lieutenant Dangular disbanded the dervishes at Mas-Mas village and killed 15 of them. Deserters report that Wad-el-Jumi intends to fight to the last.

The Daily Examiner.

SATURDAY, AUGUST 3, 1889.

LIGHT AND DARKNESS.

Sermon By Layman.

To the Editor of the Examiner:

Light and darkness are fit representations of good and evil. The first is the type of religion and goodness, the last the type of sin and misery. The sun gives light and warmth to the earth. Without these man could not exist. It clothes the earth with vegetation and, provides man with all the necessaries and comforts of his physical life. But that life has its end and then comes the Sun of Righteousness with His Heavenly light, bringing spiritual blessings and happiness. What the light of the material sun is to the earth the light of the spiritual Sun is to the soul. The Creator made all things, and He gave one life to the physical body and another light to the soul. He did all things wisely and well. He gave man the means of life here below and eternal life in the world to come. Yet how few men realise these truths. How many think of their present positions and of what they might be if they would. And how few think of the great future and of what their end may be if they go on as they are doing, and of what they might be if they obeyed the wise, and easy, and beneficent laws of their Creator. The earth is full of dark places caused by the sins and wretchedness of the people. Man might be happy but he will not. He lives in violation of the plainest duties, and he makes the healthy body that God gave him into a receptacle of all that is vicious and bad. And he is never content. He pursues his wild career of recklessness and dissipation until nature refuses any longer his abuses, and then, when he is laid low and

PAIN AND SORROW RACK HIS VERY SOUL,

he only begins to look upon himself so he is and sees the awful eternity which is before him. It is thus that he wants to see the light and to feel the comforting influence of that holy Holy Spirit which he has so long despised. He can now see how dark and dreary had been his whole past life. And he can contrast the darkness with the light and realise the difference between them. The world is full of darkness. Here and there is a bright spot, but it is full of darkness. Sin and misery prevail every where, and those who try to make others believe that they see the light only deceive themselves. There are plenty of such professed Christians to be found everywhere, but when one looks for the reality he, like the man of old who asked God to spare the city and could not find even two good good men for that purpose. It is those pretended Christians who obstruct true religion and do so much harm in the world. If we go into the churches we will find many men who try to persuade themselves and others that they are pious and are serving the Lord. But the Lord, and the people, too, know better, and when the great day shall come He will say to such, "Depart from me, ye sinners. Ye have filled the church with hypocrisy and falsehood and with money-changers, but my people are not there. And ye are fast turning into darkness the few light places where alone is consolation and hope." There is darkness everywhere. The practices of religious worshippers are not what they used to be, and very different from what they were in our Lord's time. As the world advances in age, it advances also in the love of wealth, in

PRIDE AND HYPOCRISY AND ALL UNCHARITABLENESS.

Man nowadays believes themselves infallible and believe that they alone know best how to serve the Lord. They don't feel inclined to accept the advice of our Lord to the man who asked how he was to be saved and who told him to sell all he had and give it to the poor, and then follow him. But they increase their possessions, join the church, give largely and pray loudly, and they think if the Lord is not pleased the people are, and they go on their way rejoicing, and the foolish people look on and say well done. Human nature, worldly human nature is satisfied and the hypocrites smile at their credulity, thank God there are some good men in the world. Men who feel the necessity of doing something for the good of others. Men who do not give themselves entirely up to their own personal aggrandisement. Men who are willing to give their time and money for the good of their fellow creatures, and without whom the world would be dark indeed. They bring the light of truth with them and comfort many a sad heart. They believe that religion is for the good of all, and that religious influences can be as well exercised by one man as by another man, be he minister, priest or layman. They believe in a free, open Bible, a Bible which every person can read and understand if he will. And they believe that humility and kindness are inseparable from that good Book. A Book which is full of warnings against those who make a trade of religion and practise hypocrisy for their own personal ends. And it is also full of encouragement and hope to all those who

FAITHFULLY CARRY OUT ITS TEACHINGS.

Such men as these do a vast amount of good, and without whom the world would be dark indeed. But after all is said and done how hard it is to fight against the evil tendencies of human nature. People may strive to do better but with a great majority of them their striving is in vain, there are so many temptations and so many inducements the other way, and physical comfort and ease and pleasure are so strong that it is difficult to deny oneself the bright prospects of being the possessor of wealth, with all its worldly advantages, and accept poverty and its accompanying disadvantages for the sake of saving the soul. If any one wants to see the dark places of the earth in all their terrible reality let him go into the large cities where human life is given over to desolation and misery. Let him visit those dens of iniquity, the tenement houses, where whole families are crowded into one small, unventilated room, a room reeking with filth and misery and starvation and death, and where its inmates barely manage to exist by means of the greatest privation and labor, oftentimes working the night through for a mere pittance, barely sufficient to buy a crust of bread and oftentimes without warmth or clothing. Let him go there and listen to the cries of women and little children and hear the terrible oaths of drunkenness, who waste in strong drink the little money which should go to comforts for their families, who live in narrow streets into which the sun never shines, and through which, in broad day light, no peaceful person dare go without

THE PROTECTION OF A POLICEMAN.

Verily the ways of mankind are downwards and always over rough and dreary roads which at last terminate in ruin and death. Some live on in hope of better times, but the majority have no hope and can only look forward to the time which will at last come, and it may be with peace and blessings.

In the garrets and the cellars,
In the close and noisome places,
Where the breeze is never blowing,
Where the sunlight cannot enter,
From the sunrise to the sunset,
From the sunset on to midnight,
Sit the weary, woful women,
Working treadles, working bobbins,
Working many kinds of needles,
In their dull and ceaseless toiling,
Victims of a competition
That is cruel, bitter, ruthless.

Full of hurry, full of worry,
With the children grouped about them,
Little hands stretched upward vainly,
Little mouths so vainly pleading,
They must work; or else forgetting,
Swiftly plying weary fingers,
From the sunrise to the sunset
From the sunset on to midnight,
With an anxious fear upon them,
Whether, when the work is finished,
They will get the meagre pittance
None need wonder if, despairing,
They should lose their hold on Heaven.
Saying, "Why should I be living?
What is life that I should choose it?
Only endless toil and sorrow,
Joyless, restless, helpless, hopeless!"
Yet they labor, worn and woful,
From the sunrise to the sunset,
From the sunset on to midnight;
Getting for the ceaseless striving
Just enough to keep them toiling
Only that and nought beyond it.

Who can save them? Who can help them?
Who can change their sad condition?
Giving joy and hope in place of
Endless toil and slow starvation.
Surely, in a land of Christians,
Helping hands must raise the helpless,
Showing something more than mercy
To the weary, woful women—
Victims of a competition
That is cruel, bitter, ruthless.

BYAM'S

Improved "Common Sense"

SASH BALANCE.

LOCKS AND LIFTS.

The only practical substitute for weights invented. The most durable, the cheapest and best device for all ordinary windows. Balances when in position are entirely out of sight. No rivets, bolts or screws are used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or marring of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily put in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is impossible to use weights or other fixtures. No unsightly cord wearing paint off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when Sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No rubber rollers to become flattened by standing in one position for some time. No flimsy coil spring or delicate mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of all.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts for upper and lower sash are the best and cheapest in the market.

Call and see them in operation at,

Further Great Cures of Skin Diseases by the Cuticura Remedies.

Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur springs fail. Cured by Cuticura Remedies.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one and one half bottles of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to day. I used the CUTICURA on his sores and the CUTICURA SOAP in washing him. He is now five years of age and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement. JOHN H. BERO,

American House, Hogansburgh, N.Y

An Unbearable Skin Disease Cured.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your CUTICURA REMEDIES so highly recommended I concluded to give them a trial, using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. CLARA A. FREDERICK,
Broad Brook, Conn.

Cuticura Remedies

Cure every species of torturing, humiliating itching, burning, scaly and pimply diseases of the skin, scalp and blood, with loss of hair, and all humors, blotches, eruptions, sores, scales and crusts, whether simple, scrofulous or contagious, when physicians and all other remedies fail

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION Boston, Mass.

COFFEE

Some drink because they are hungry.
And some because they're dry.
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

MUNCASTER'S

A Flannelette Blouse.

The material of this blouse is a pale lilac flannelette. There is a yoke of puffings, held in place by rows of fine white braid, which is also used to embroider the collar, cuffs and waistband.

AS TOLD TO A WOMAN.

An Austrian Diplomatist's Story of the Death of Crown Prince Rudolph.

The other evening I was seated at a dinner party beside an Austrian gentleman, an ex-diplomat and a personage of high standing in the literary world of Germany, who has come to Paris to study various phases of science which have been developed at the Exhibition. The conversation naturally turned on the tragic death of the Crown Prince Rudolph, and he acquainted me with the version of the affair which is current in Vienna, and which, from the sources of information possessed by my informant, is, I have no doubt, the true story. Prince Rudolph had been for over a year past madly in love with a young lady belonging to one of the proudest and oldest families in the Austrian dominions, and one of the highest rank. The unfortunate girl, who was one of the most beautiful of the ladies of her native land, tall and queenly looking, with brilliant eyes and a dazzling complexion, hearkened but two readily to the wooing of her future sovereign, who was noted as being one of the most fascinating men in Europe. After some months her state of health revealed her secret to her family. Her aged father, a man scarcely inferior in rank to the Emperor himself, went to Prince Rudolph and told him that if, in a brief given space of time steps had not been taken to right his daughter by marriage he would seek him out and shoot him like a dog. The Prince went to his parents and proposed to them that they should give their consent to his procuring a divorce from his wife. But this the Emperor and Empress, being both fervent Catholics and much attached to their wronged daughter-in-law positively refused to do.

In this dilemma the Prince set off for his hunting lodge, taking with him, even at this awful crisis in his fate, a remarkably lovely ballet girl from one of the Viennese theatres. Here he was sought out by the Baroness de Jocsera, who, finding that the exposure of her own fault could not be long delayed, had a terrible scene with her lover, and closed the interview by swallowing the contents of a phial of strychnine which she had brought with her for the purpose. The unfortunate Crown Prince, thus found out by his sins and hemmed in on all sides, shot himself twelve hours after the death of the Baroness. What must his feelings have been during those twelve hours, shut up with the corpse of the woman who had so madly loved him and whose fair features and exquisite form must have been horribly disfigured by the effects of that most cruel of all poisons? But the most tragic part of the whole tragic story is, to me, the fate of the high-born girl whose lapse from virtue led to the final catastrophe. She has mysteriously disappeared. Whether she killed herself on hearing of the death of her lover, or whether she has been immured in a convent, or whether justice has secretly been done on the guilty one by the chiefs of the haughty old family to which she belonged, is a secret that has not yet been divulged.—Philadelphia Telegraph.

Gentility—as Some Understand It.

Genteel it is to have soft hands,
But not genteel to work on lands;
Genteel it is to lie in bed,
But not genteel to earn your bread;
Genteel it is to cringe and bow,
But not genteel to sow or plow;
Genteel it is to play the beau,
But not genteel to reap or mow;
Genteel it is to keep a gig,
But not genteel to hoe or dig;
Genteel it is in trade to fail,
But not genteel to swing a flail;
Genteel it is to play a fool,
But not genteel to keep a school;
Genteel it is to cheat your tailor,
But not genteel to be a sailor;
Genteel it is to fight a duel,
But not genteel to cut your fuel;
Genteel it is to eat rich cake,
But not genteel to cook or bake;
Genteel it is to have the blues,
But not genteel to wear thick shoes;
Genteel it is to roll in wealth,
But not genteel to have good health;
Genteel it is to "cut" a friend,
But not genteel your clothes to mend;
Genteel it is to make a show,
But not genteel poor folks to know;
Genteel it is to go away,
But not genteel at home to stay;
Genteel it is to smirk and smile,
But not genteel to shun all guile
Genteel it is to be a knave,
But not genteel your cash to save;
Genteel it is to make a debt,
But not genteel to pay a debt;
Genteel it is to play at dice,
But not genteel to take advice;
Genteel it is to curse and swear,
But not genteel old clothes to wear;
Genteel it is to know a lord,
But not genteel to pay your board;
Genteel it is to ship and hop,
But not genteel to keep a shop.

THE GOAT IN COURT.

The War Between the Regular and the "Clandestine" Masons.

CEDAR RAPIDS, Ia., Aug 1.—An action has been begun in the district court at Marion that will startle Masonic circles. Judge Preston of the 18th judicial district, on the petition of C. E. Barnes of Burlington; J. C. Graves and Henry Bennett, plaintiffs and grand officers of the Iowa consistory of that branch of Scottish Rite Masonry commonly known as the Cerneau, ordered a temporary injunction against the Grand Lodge of Iowa Ancient Free and Accepted Masons, restraining them from putting into effect the legislation of the last session of the Grand Lodge referring to the Cerneau bodies and which commanded Master Masons to leave the consistory of Iowa of that rite under punishment of expulsion. The petition states that as the body represented by the plaintiffs does not confer the Blue Lodge degrees, and the Grand Lodge or its subordinate lodges do not confer the 29 higher degrees, the Grand Lodge has no jurisdiction whatever and its action is illegal, arbitrary, oppressive, proscriptive of their individual consciences and Masonic relations, and hurtful to their standing as good and reputable citizens.

This is the first time a Masonic body has appealed to the state courts, and the action of the Supreme Court, to which it will finally go will be a precedent for other states. The time for hearing the argument for a perpetual injunction will be in the October term of court at Marion.

The Cerneau Scottish Rite Masons have not been recognised by the regular masonic bodies of the United States, and in fact never had any standing in any place where the regular order has conferred degrees. Those "initiated" in the Cerneau rite have not been recognised, and Masons who affiliated with them have been ostracised. The order takes its name from the founder, one Cerneau, in New York. None of the lodges of Cerneau Masons pretend to work any of the degrees, but simply sell their so-called rite to those who will buy it. There are only two bodies of Cerneau Masons in the United States whose members are numerous, and they are in New York city and Cincinnati.

CONMEE AND M'LENNAN WIN.

Judge Armour Gives a Verdict of $302,990 Against the C. P. R.

COBOURG, Aug 1.—In the celebrated case of Conmee and McLennan v. the Canadian Pacific Railway, Judge Armour to-day gave a verdict in favor of Conmee and McLennan for $302,990.

A Fatal Cave-in.

ELMIRA, Ont., Aug. 1.—Whilst a number of men were at work yesterday afternoon about 4 o'clock at Ott & Schill's brick yard near here excavating clay, a bank fell in. All escaped unhurt except one, Nicholas Reichenbach, aged 50, who was completely buried under the falling earth. He was at once extricated and medical aid summoned. It was found on examination that his left leg and several ribs were broken, the latter penetrating it is lungs; also severe internal injuries in the abdomen, death following this morning. He leaves a wife and two children in Germany.

Burglary at Whitby.

WHITBY, Aug 1.—Last night the residence of James Rutledge, barrister, was entered by burglars, who took away many articles of value, jewelry, plate, etc. Mr. and Mrs. Rutledge are on a tour to California, and the premises are in charge of a man who visits the place every day. When he came this morning he found the place plundered. No arrests have been made.

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Almighty Dollar

Is long distanced by a 10 cent bottle of Polson's Nerviline, the newest and best pain remedy. It cures colds, cramps, colic, pain in the head, sciatica, wain in the chest: in fact it is equally efficacious as an external or internal remedy. Try a 10 cent sample bottle of the great pain remedy, Nerviline. Sold by druggists. Large bottles only 25 cents. Try a sample bottle of Nerviline, only 10 cents. Take no substitute. 6dw31

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

INDIGESTION can be effectually cured by the use of Dyers Quinine and Iron Wine, this admirable tonic is invaluable in cases of appetite and general debility. W. A. Dyer, Montreal. 6d24

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

A BURN OR CUT will heal quickly and leave less scar if Victoria Carbolic Salve is applied at once. dw

MALARIAL FEVER AND CHILLS are best broken up and prevented by using Milburn's Aromatic Quinine Wine. dw

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Cured

My eyes are now in a splendid condition, and I am as well and strong as ever.—Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

By Taking

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendal T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete.—W. E. Sutherland, Evangelist, Shelby City, Ky.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price $1; six bottles, $5.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had as a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

W. FITZGERALD,
Corner of Water and Dublin Sts.

"Coffees Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

Personal.

Dr. E. A. Spilsbury, of Toronto, will be at the Grand Central Hotel, Peterborough, on Saturday, August 10th, for consultation from 1 to 4 p.m. See card.

A Sizeable Fish.

A correspondent writes that yesterday at Pigeon Lake Mr. James Stabler, son of Mr. J. K. Stabler, gaffed a maskononge weighing eighteen pounds.

The Contract Awarded.

The contract for the Ashburnham town hall has been awarded to Mr. Wm. Fitzgerald. The figure is $4,889. The work is in the right hands to secure a good job.

Funeral Sermon.

The funeral sermon, improving the death of the late Mr. John Smith of Ashburnham will be preached in the Mark street Methodist church Ashburnham on Sabbath next, Aug. 4th, at 11 a.m.

Fire Alarm Service Repairs.

Mr. James English is engaged in overhauling the Fourth Ward fire alarm apparatus which was damaged by the thunderstorm, a few nights ago. In the meantime the telephone service is equally effective.

Gospel Mass Meeting.

An open air Gospel meeting will be held next Sabbath afternoon, Aug. 11th, at 3 o'clock, in Campbell's grove opposite brick school house, North Monaghan. The Rev. Messrs. Pearson, Shorey, Leitch and others will be present to address the meeting. Good music will be furnished by the Monaghan orchestra and choir. All are cordially invited.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crushing value he is offering:—8½ lbs. Rice, for 25c, 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

The Harwood Pic Nic.

This pic-nic under the auspices and in aid of the R. C. church has always attracted large crowds and has afforded one of the best days of the season to the pleasure-seeking public. Among the many attractions on the large posters is an exciting contest for a gold headed cane between two of the most popular professional young men of our town, viz. Dr. McGrath and Mr. L. M. Hayes, barrister. For further particulars see announcements in these columns from time to time.

At the head of the class stands M. R. KIDD in choice teas.

It Will Pay You

To note the rates—the exceedingly low rates for the first class excursion of Court Little John, C. O. F., to Toronto and Niagara Falls on Civic Holiday, August 15th. Read this. Return tickets—to Toronto, only $1.75; to Niagara Falls, only $2.00. Excursionists go by C.P.R. and splendid steamers, Cibola and Chicora. This is a grand chance for a delightful excursion. Note the date and watch for posters giving full particulars. 2d

The New Market.

The time for receiving tenders for the new market building has been extended to Thursday, August 8th, 1889, at four o'clock, p.m. Pressed brick will not be required. Tenders must be in accordance with the plans and specifications, which may be seen at the office of J. E. Belcher, Esq., Town Engineer. Tenders to be left at the Town Clerk's office.

T. CARILL.

Aug, 3, 1889. 3d29

"Toots of Shem" as Fishers.

Two members of the above camp Kilrain and Sullivan, have knocked out twelve maskinonge, one 16-pounder, and the remainder with an average of 9 pounds in two days. This is unusual luck and unusually good fishing. While running the rapids at White Lake these two noted characters got a decided ducking. Their canoe capsized and both floundered in ten feet of rapid water before reaching terra or rather, rocks firma. Rain is no novelty at Stony Lake now. It poured in the morning, and in the afternoon the rain came down like an instalment of Niagara Falls.

Masonic Visitor.

Mr. T. J. Winship of Montreal, who was a former resident of Peterborough, was in town this week making a holiday tour among his old friends—those that are left of them. Mr. Winship left Peterborough eighteen years ago, having carried on business for some time here as tobacconist and cigar manufacturer, and was the first person who ventured in that line of business in Peterborough. On Friday evening he availed himself of the opportunity afforded of attending Peterborough Lodge A.F. & A.M. of which he was, and still is, a member. During the evening, Bro. Winship was accorded a Masonic welcome, and made some appropriate remarks on the occasion.

IF YOUR WATCH OR CLOCK needs repairing take it to Wyatt's jewellery store. d

FOR A DISORDERED LIVER try BEECHAM''S PILLS

Attempt to Blow up Victoria Bridge.

An Express Messenger Killed by the Explosion.

(Special to the Examiner.)

MONTREAL, August 3rd.

Last night when the train for Quebec on the Grand Trunk Railway had passed St. Lamberts after going through the Victoria Bridge, an explosion took place in the express car by which the messenger named Rogers was killed, the car completely wrecked, and express matter destroyed.

Wild rumors are afloat that it was an attempt to blow up Victoria Bridge and was delayed too long. An inquest will be held this afternoon.

Willow and Wicket.

Peterborough Defeats Lakefield by 141 Runs and Five Wickets to Spare.

A match game between Peterborough and Lakefield was played on the Association grounds yesterday and resulted in an easy victory for the home team. Lakefield went first to bat and put together 61 runs of which R. Watson's 30 was the only double figures scored. Their second innings only netted 33, to which D. Strickland contributed 14, not out. Peterborough's first innings yielded 93, pretty well distributed—the double figure men were Sallsbury 17, and Willie Hamilton 25. The second attempt of the Peterboroughs showed big possibilities but time would not admit of playing to the last wicket. When stumps were drawn the telegraph showed a total of 142 runs for five wickets. Of these figures Attewell supplied 18, Burnham 16, Gower 20, and Stratton, not out, 55.

For Peterborough there was no score kept. From the Lakefield score book is taken the following score:—

LAKEFIELD.

1st Innings		2nd Innings	
R. Watson b Stratton	3	c Salisbury b Hamilton	2
F. Lefevre stp Salisbury	8	c Stratton b Hamilton	0

SNICKS.

The match with Staten Island booked for the 8th is off.

The match with East Toronto takes place here next Tuesday. Toronto plays here on the 25th and the Victoria Rifle's team of Montreal on the 28th.

Police Court.

SATURDAY, Aug, 3rd.

There were two cases of drunk and disorderly at the police court this morning, "Labouring Jack" was given $2 or twenty days. On the principle that time is money, John, having more of the former kind of security than of the rhino, choose the time and went up the hill. John Dawson was also fined $2 or ten days, and went up on the hill for 240 hours.

Central Exhibition.

The managers of this exhibition are busily at work making arrangements. The large posters and prize list are in the printers' hands and special features are being worked up successfully. The prize list this year will aggregate about $5,000. Every citizen of the town should co-operate with the committee to make this exhibition as successful as possible.

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tufw

Lacrosse Notes.

The Riversides have arranged a friendly match with the Orillia club at Orillia, on Thursday, August 15th, Civic Holiday. The boys will go up on the excursion on that date. Admirers of the game will have the privilege of seeing a grand exhibition of lacrosse on this occasion.

The team to oppose Beaverton in the championship match at Beaverton, on next Thursday, will be chosen on Tuesday evening from the following players:—Begley, Joyal, Meagher, Packenham, Phelan, Halpin, Hendren, Duncan, Malcomson, Daley, Brennan, Chas. Brennan, J. McDonough, Welsh and Cronin.

Another Sawdust Fine.

Police Magistrate Dumble in giving judgment in the case of Gilchrist vs. Strickland, in which R. C. Strickland, Lakefield, was charged with obstructing the river with sawdust, used these words:—In this case the evidence shows that at the time complained of the defendant was violating the law by depositing in the Otonabee river mill rubbish, sawdust, etc. I have examined the mill complained of and find that the means for preventing the sawdust from entering the river have been very much improved, which goes to show that at the time complained of all reasonable efforts had not then been made. I find the defendant guilty and adjudge that he do pay a fine of $20 and costs, to be paid in ten days."

Music For the Orillia Excursion.

The management of the Orillia excursion on Civic Holiday, Aug. 15th, is bound to have every thing that can contribute to the pleasure of excursionists. They have engaged the splendid band of the Fire Brigade which will accompany the excursion and furnish their delightful music. Everything is done to make the excursion enjoyable, cheap fares, special train—no crowding—a rapid run, reduced admission to the great races, a chance to see the Riverside Orillia lacrosse match and pic-nickers baskets looked after by the committee. Everything in apple-pie order. Remember the grand union excursion on Civic Holiday to Orillia. Return tickets only $100; children half price.

From the Atlantic to the Pacific.

If any one wishes to see a human beehive he should go to the works of the William Hamilton Manufacturing Company. These works are now run to their full capacity and more, for the enlargement of the works is so urgent that work will be begun on them at once. The immense spread of the patronage of the company may be judged from the fact that they are now and have for the past few days been shipping machinery to places separated by a continent—one place on the Atlantic and one on the Pacific ocean. Five car loads of saw mill machinery are destined for Newfoundland, for the Exploit Lumber Company. This shipment comprises the entire machinery outfit for a gang and circular saw mill, including three boilers and 150 horse power engine. This machinery goes by rail to Three Rivers, thence by steamer to Newfoundland. The other order is for the Victoria Lumber Company, situated at Victoria, British Columbia. This lot of machinery includes a gigantic fly-pully wheel, which when completed will weigh five tons. Last evening the wheel was cast at the foundry. It was one of the largest castings ever made at these works. The wheel is 12 feet in diameter with 20 inch rim. The machinery of the Hamilton Works, the most extensive in Canada, is of a quality which meets with a ready demand, and keeps the works, in every department, humming.

Bobcaygeon Paragraphs.

A Wisp From Mr. Smith's Bundle.

Wild berries continue abundant. Mrs. Tinney, who takes much pleasure in her garden, has a fine sample of white strawberries of good flavor.

The Reeve has had the Forest House and iron bridges repainted in elaborate style, and the iron bridge replanked. The planking was much needed, and the wire netting placed on the outer side has rendered safe a portion that was exceedingly dangerous for children.

The summer residences on the lower lake, are now being occupied with parties of choice spirits, bent on gaining health and recreation. Sandy Point has a jolly party, who have lashings of fun. Messrs. Bottum and Robinson's lodges on Nogey's Island, are merry with the laughter of happy hearts, and Mr. Minn's fine new cottage near the Quarry spring, contributes its fully quota of jolitity.

Early in the spring Mr. Geo. Byng having purchased a bale of mattrasses from Robert Killaby, of Lindsay, who appeared as the Co., in a firm called Emmerson and Co., of Port Hope, he gave a note at three months, for $26. In due time, Mr. Byng was notified by the bank in Port Hope that his note for $126 would be payable in a few days. He promptly replied that there must be some mistake as he only gave a note for $26. The Bank insisted that the note was correct and Mr. Byng asserted that the note was a forgery. The bank has commenced proceedings to recover the note. In the meantime, Mr. Byng went to Port Hope and as Killaby had removed from the district, and Emmerson had endorsed the note when he discounted it at the Bank Mr. Byng took out a warrant against Emmerson for having uttered a forged note. Emmerson was accordingly arrested in Toronto and taken before the Police Magistrate, and on Tuesday was taken to Port Hope. Further particulars are not yet to hand. Mr. Byng has letters and evidence to show clearly that the note he gave was for $26, and it will certainly be hard upon him, if he has to pay $126 and all the expenses he will have incurred over the matter.

Certain circles are still much troubled over the marriage of the Hon. Mr. Foster with Mrs. Chisholm, who obtained a divorce in Chicago, on the simple grounds of desertion. As a rule the legal fraternity hold that such a divorce does not dissolve a Canadian marriage, but the Hon. Wm. McDougall is reported as being of the opinion that by the comity of nations Canada is bound to respect the findings of the American Courts. But after all, whose business is it, anyway? Can anyone show that there is any more evil in Mrs. Chisholm living with Mr. Foster than there was in her living with Chisholm? The goody-goody folk throw up their noses to the clouds in horrified sanctity, and say it is shocking, whilst many of them would do as Mrs. Chisholm has done if they could get the chance—many of them would only that they haven't sufficient individuality of character to tell Society to go to Hong Kong, and few, if any, of them lead a more virtuous, or better life than does Mrs. Foster.—*Independent.*

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10.30 a.m. Vespers at 7 p.m.

LAYMEN'S Evangelistic Services for tomorrow are as follows:—Jail, 9.30 a. m.; Protestant Home, 2 p. m. All are invited.

CHARLOTTE STREET CHURCH.—Rev. S. J. Shorey, Pastor. Services:—11 a.m. Rev. S. J. Shorey; 7 p.m. Rev. A. C. Wilson. Sunday School 2.30.

BAPTIST CHURCH, MURRAY STREET.—The pastor, Rev. P. Clifton Parker, will preach morning and evening. Evening subject, "God's Choice of a King." Seats free; strangers welcome.

ST. PAUL'S CHURCH.—Rev. Walter M. Roger, of London, will conduct the services and preach the sermon in St. Paul's to-morrow. Sunday school and Bible class at 3 o'clock.

PETERBOROUGH CIRCUIT.—Rev F. A. Leitch, pastor, service at North Monaghan 3 o'clock, Middleton's, 7 o'clock, Nassau, 7 o'clock, supplied by lay brethern.

ST. LUKE'S CHURCH, ASHBURNHAM.—Rev. W. C. Bradshaw, Rector. August 4th—Seventh Sunday after Trinity. The Sunday School will meet to-day at 9.30 a.m., instead of in the afternoon. At 11 a.m., Morning Prayer and Holy Communion, sermon by the Rev. I. C. Cox, travelling agent for the *Canadian Church Magazine*; at 3 p.m., young people's Bible class; at 7 p.m., Evensong and sermon by the Rector. Seats free at all services.

ST JOHN'S CHURCH.—Rev. J. W. R. Beck, M.A., Rector; Rev. J. C. Davidson, M.A., Curate in-charge; Rev. C. B. Kenrick, M.A., Asst. Curate-in-charge. Seventh Sunday after Trinity; 8.30 a. m., holy communion; 11 a.m., matins' sermon and holy communion. 3 p.m., Sunday school; 7 p. m., even song and sermon. Ushers on duty—W. D. Parker, H. Rush, G. A. Smith, and F. A. Somerville.

Services in the Mark street Methodist church, Ashburnham—11 a.m., funeral sermon, improving the death of late John Smith by the pastor, Rev. A. C. Wilson, after which the quarterly love feast and sacrament of the Lord's supper will be held. 7. p.m., sermon by Rev. S. J. Shorey.

Personal.

Mrs. Chambers, of Montreal, will sing at the close of the services in George st. church to-morrow evening.

Mrs. Geo. Perks accompanied by her son George is in town on a visit, the guest of her grandfather, Mr. Robert Johnson, Oakhurst, Gilmour street.

Mr. J. D. McIlmoyle has returned from a trip to the Maratime Provinces—Halifax and St. John, etc. He reports having had a delightful journey and having met almost as many nice persons as he could have done in Peterborough.

Mr. H. B. Dawson, of Port Arthur, is home for a few days holidays, after an absence from town of over two years. He is looking well and his many young friends will be pleased to see him. He gives glowing accounts of Port Arthur, and says Dr. Emmerson, J. E. Emmerson, Dr. Beck and W. J. Barry, photographer, are all making money, and doing well. Mr. Dawson intends enjoying the beauties of Stony Lake for which he leaves to-night.

Y. M. C. A. Camp Stony Lake.

Judicious Junction of Moral and Muscular Development on Juniper Island.

The Y. M. C. A. summer camp on Juniper Island is pitched. The General Secretary, Mr. R. J. Colville, writes:

Y. M. C. A. CAMP, JUNIPER ISLAND, August 2nd, 1889.

We received a warm welcome on our arrival yesterday from the General Secretary of Lindsay Association and eight of his fellows who paddled from there Monday.

We had a delightful time at the camp fire and gospel service last evening.

There are now encamped on the island about 25 who have come for the meetings, and a number arrived to-day, also Mr. Cole, who will have charge of the services.

We hope to hold three meetings on Sunday at 11 a.m., 3, and 7 p.m., and will if possible hold service at Eagle Mount for the men employed in the quarry.

We expect to get in full swing by sabbath. To-day it has been raining continuously, which is not very pleasant. More anon.

A FEW more chests of that choice Japan tea 5 lbs. for $1, at M. R. KIDD's.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

—St. Paul's Christian Endeavor Society will hold its regular meeting on Monday evening.

RACY STONY LAKE GOSSIP

Pencil Pictures of the Pleasure Seekers' Paradise.

How Camp Life is Enjoyed Under a Deluge of Rain and Swarms of Mosquitoes—The Islands and Their Occupants—Buildings Going up Rapidly—Fishing and Berrying—The Quarries—The Hermit—And Other Topics.

"GLENWOOD," STONY LAKE, August 1st, 1889.

DEAR EXAMINER,—A storm is evidently brewing, judging from the scudding clouds and dark blue bank rising in the south-west. There has been a good deal of rain this season—more than campers care for. It is particularly unfortunate for those dwellers in tents who have no other shelter than canvas, and a poor shelter it sometimes is when one of those terrible thunder storms which seem to centre at Stony Lake deluges everything with water. But despite the drawbacks of rain and mosquitoes, the latter the annoying concomitant of a surplus of wet weather, the average camper enjoys life here immensely. We expect better weather after this, as the new moon has just appeared. Next week there will probably be some fine moonlight nights to enjoy upon the water. The lake is rapidly filling up, the cottages being all occupied and nearly all the camping places filled with tents. Readers of the EXAMINER are, I see, kept pretty well informed as to the camping exodus, but I notice a few parties have been missed from your

DAILY REGISTER OF DEPARTURES

for the lakes. The "Tents of Shem" are pitched on Bare Island, and the boys in the party make things lively around their part of the lake. The Shemites comprise Messrs. A. Turner, J. Tucker, Thos. Armstrong, Wm. Hamilton and brothers, Harry Adams, Geo. Morrow and Bert Cox. Mr. A. Mooney, a party of Norwood young men, Messrs. Anderson, Hales, Reynolds and others, are camped near here. They are musical chaps, and every night get out upon the water and sing beautifully. W. F. Green, Miss Mary Pearson and Miss Jennie Wilgar, the latter of Millbrook, are stopping for a couple of weeks with Mr. Frank Gould and Miss Carrie Gould at their cottage in Boschink. A party of young men from Lindsay are bivouacked on Juniper Island, awaiting the arrival of the Y.M.C.A. camp, expected to-day. Other parties of campers intend coming out for a few weeks before the season closes. Hamilton's, Lee's, Hall's, Pompadour, Juniper, Cairnthu, Grassy, Hurricane Point, Kenmore, Peplows,' Syndicate, Glenwood, McIntyre's and all the other islands are occupied, and the lake is livelier than ever. The daily advent of the steamers is eagerly looked forward to. Both the Cruiser and Mary Ellen were inspected last week at Lakefield and found satisfactory. The captains and hands of the boats have a hard life of it. There hours are long and their duties multifarious. Their principal business appears to be

SUPPLYING THE CAMPS WITH PROVISIONS.

One wants some bread, another coal oil, or ice, or some one else needs baking soda or a broom, and by the time all the camps are taken in the captain has a small general store in his head—that is, of provisions, etc., nothing else, of course. Then there are letters, papers and parcels to be left off, and altogether they must be kept at their wits' end all the time. The store has just been started and no doubt it will do a good business, as well as relieve the boat captains of their delivery trade to a considerable extent. The hours at which it is open are from 7 to 9 a.m., 11.30 to 1 p.m., and 6 to 8 p.m.

Year by year Stony Lake is becoming more civilized. A few years ago campers were contented with any sort of a dwelling house. A man who painted his cottage would be considered guilty of extravagance. Now all the houses being put up are built in modern style, painted in gay colors and quite like the cottages one sees at fashionable watering places. A large number have been erected this year, which have been noticed in the EXAMINER from time to time. The one in Boschink for Mr. W. A. Sanderson, completed this week, is

THE NOBBIEST ON THE LAKE.

Mr. and Mrs. Sanderson will occupy it on Monday. Mr. Thos. Bradburn has begun the erection of his residence on "Lilliorap's" island, alongside the Syndicate.

Fishing is as a general thing, poor this year, though some people appear to have had good luck. But the majority have caught few fish, and some go so far as to aver that there are some left in the lake. Mr. E. B. Stone for instance, has so far caught only one lunge after a week's industrious travelling, while in eleven days last year he hooked ten of them. Berries, have, however, been plentiful, both huckleberries and raspberries; but the berry crop is a source of profit mainly to the farmers who supply the camps with the necessaries of life. Most campers consider it

CHEAPER TO BUY THE BERRIES

than to endure the torments of a hot sun, prickly bushes and ravenous mosquitoes during the time of picking.

There are the usual places of interest—Clegg's for wonders in the painting line, Churches for curiosities in red cedar, Fairy Fern lake for a glimpse of nature's beauty, the granite quarry for the result of man's ingenuity and enterprise, Ed's Creek for its grand waterfalls and rapids, Burleight for rocks and last but not least, McIntyre's for refreshment. Everyone who passes off and down the lake calls at McIntyre's, and here the hand of hospitality is held out to all comers. The granite quarries on Eagle Mount are the new attraction this year. As is pretty well known, Murray & Fraser of Toronto have purchased a portion of Eagle Mount and

BEGUN QUARRYING GRANITE.

As yet only about a dozen men are engaged, but it is the intention of the managers to have at least 50 or 60 men at work before long. The immense rocks are drilled off in big pieces, and the cutters break them up into small bricks about twice the size of a clay brick. It's the easiest thing in the world to cut the granite. A few taps with a sharp edge of the hammer and a heavier crack with the blunt side, and the granite breaks off as straight and smooth almost as a cut of cheese. The granite of Eagle Mount is said to be the best in Canada. The bricks are piled up on the shore and a wharf is being built, from which it will be shipped by boat. The busy ring of the hammers and picks is heard all day long, disturbing the quiet solitude of the place.

Visitors often call on "the hermit," who

LIVES IN A LOG SHANTY

near the American camp on Boschink. He is more often found out than in, and spends a great deal of his time away from home. There is something interesting about a "hermit." Everyone wonders whether the old man has a romance connected with his life—hermits usually do, at least the kind we read of in story books are always driven away from civilization by some heart-rending circumstances, a faithless sweetheart, treacherous friends, an appalling crime, or something of that sort. Nothing of the kind in connection with our hermit of Stony Lake. He is a very commonplace person, and does not shun people but rather invites their society. His name is Grady, and he has lived in his present abode for thirty years. He was a river-driver, and while yet a young man bought a few acres of ground where he lives, and his existence there has been

UNVARIED BY ANY EXCITEMENT.

He never married and never was in love, he says.

A rumour is current here that the C.P.R. Company intend building a spur line from Indian River station, up the valley of the river to the head of White Lake, where there is a valuable quarry of gravel pit, or something of the kind. It is of course only a matter of rumor, but it is said to be on good authority. Some men are holding property in the vicinity in expectation of the event. It is said the probability is in a few years the C.P.R. will cross the lake at Boschink and run a line through the back country.

The young men on the lake are talking of getting up a regatta, probably Thursday of next week.

IT IS A GOOD IDEA,

and will no doubt be successful if carried out. It is proposed to canvass the camps for subscriptions for prizes.

It is a wonder to me that some enterprising individual does not establish a boarding house or summer hotel at Stony Lake, for the accommodation of the guests who would spend a few days or weeks if there was any suitable place. As it is now, unless one owns a cottage or has friends who invite him to join them, they have no means of enjoying an outing here. Burleigh is too far away from the lake, but it is certain some such place in the middle of the lake would pay. A large dining hall with a dozen or more small cottages to rent would be a paying concern—but there comes the first muttering of thunder, and I must see to the boats and tents before the rain comes, so "for soon," as the boys say, till I write you again.

Yours in haste,
CAMPER.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. 3

The People Wonder

How it is W. J. Morrow sells Dingman's Electric Soap 5 bars for 25c, when all other houses give 4 for 25c. Well that is easily solved—we buy for cash and in larger quantities, getting special reductions as well as discounts. So we are prepared to give our customers better value. Ginger Ales, Mineral Waters of all kinds. Campers supplies. Ports and sherries 5, 6, 7, 8 and 10 years in wood. Brandies all ages. Whiskies all ages. Finest Canadian Ales, don't fail to call. Try Bajus' Lager, warranted to keep. W. J. MORROW, 340 George St.

The Vexed Question Settled.

Now that the market question is settled, all the councillors will be giving tea-parties to celebrate the event and they will all buy their tea at Hawley Bros., the great emporium of choice teas, pure fragrant coffees and fine glassware. Bear this in mind, and go to Hawley Bros., when you want the purest goods of the above classes.

BIRTH.

GNAEDINGER.—On Friday, 2nd of August, 1889, the wife of Mr. F. G. Gnaedinger, Montreal, P.Q., of a son.

T. HURLEY,

Real Estate Agent, 199 Brock St.

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one! What better would you want than that?"

"That is good. Who took it?"

"Mr. Sproule. I got a dozen just as good as that for a dollar.

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sproule has woke up the town. You see, his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

Strayed or Stolen.

ON Thursday night, from the premises of the undersigned, 106 Brock street, a BROWN PONY, with very short tail; there are 2 scars on each hip, where it met with an accident. Anyone giving such information as will lead to its recovery or returning it to the owner, will be suitably rewarded. R. GIBBS, 3d29 Hackness.

BERRIES FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 's a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing 2 Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

DARING TRAIN ROBBERY.

WABASH PASSENGERS HELD UP AT HARLEM, MO.

Two Masked Men Go Through the St. Paul Sleeper—A Plucky Conductor's Fight With the Desperadoes.

KANSAS CITY, Aug. 4. "Hold up your hands" was the command that astonished the passengers on the St. Paul sleeper attached to the rear of the Wabash western express as it pulled out of Harlem last evening. The command was spoken by one of two men with faces concealed by handkerchiefs who entered the rear of the coach. The passengers looked into the muzzles of two revolvers. Hands went up. One robber then said: "The first one that offers resistance will be shot down by our man on the platform." There was no man on the platform, but the passengers submitted quietly. There were seven people in the coach—five passengers, the sleeping car conductor and the porter. Of the passengers one was a lady. At the first command her face blanched with fear, her hands went up for a moment, then fell lifelessly into her lap. She had fainted.

"I guess they won't bother us," remarked one of the robbers and they commenced their work of plunder. One man went through the passengers one by one while the other with his revolver in his extended arm kept a watchful look out for signs of opposition. They secured $175 in cash and two gold watches. It is believed the robbers got on the train at Kansas City.

Leaving the St. Paul coach the robbers started for the next ahead. On the platform they met Conductor John Roach. One robber pushed his revolver under the conductor's nose and ordered him to hold up his hands. The conductor supposed some railroad men were playing a joke upon him and with a laugh he attempted to push past them. A gust of wind swept aside the mask and then he knew the affair was serious.

He had no weapon but with his lantern he dealt one of the men a vicious blow on the head, smashing the lantern glass and extinguishing the light. Simultaneously the other robber fired a shot at him. The bullet missed its mark. The first robber recovered and also shot at the conductor but missed him. The robbers with one more parting shot swung off from the steps of the car. The conductor hurled his lantern after them. The train was running 25 miles an hour. Conductor Roach saw the robbers rise and make off towards Kansas City. That was the last seen of them.

Hearing firing on the platform a passenger in the sleeper pulled the cord that connects with the air brake and the train stopped after it had gone a mile beyond where the robbers escaped. W. Bonnell, special agent of the road, ordered the engineer to run the train to Randolph and there he uncoupled the engine and ran it back to Harlem. Guards were stationed to prevent the robbers' entrance into Kansas City and two posses were organized to scour the country for them.

THE DEATH ROLL.

Captain Labelle, M.P. for Richelieu, Passes Away Yesterday at Sorel.

MONTREAL, Aug. 4.—Captain Labelle, M.P. for Richelieu, died at 6.30 this evening at Sorel, of inflammation of the lungs. All the ships in the harbor here are flying their flags at half mast in honor of his memory.

Jean Baptiste Labelle was born at Sorel May 23, 1836, where he was educated at the parish school. For over 25 years he commanded one of the Richelieu and Ontario Navigation Company's steamers sailing between Montreal and Quebec. In 1886 Captain Labelle received the appointment of passenger agent at Montreal of the Quebec, Montreal Ottawa and Occidental Railway Company, which position he relinquished three years later when chosen general manager of the Richelieu and Ontario Navigation Company. In 1886 Captain Labelle was defeated in Richelieu for the Quebec Assembly by a majority. At the general elections in 1887 he presented himself to the same constituency for the House of Commons and was elected. In politics Captain Labelle was a Conservative and in religion a Roman Catholic. In 1856 he married Delphine Crebassa, daughter of Narcisse Crebassa, notary of Sorel.

Death of Judge Macpherson.

OWEN SOUND, Aug. 4.—Judge Macpherson, Senior Judge of the county of Grey, died at his residence at 2 o'clock this morning. He has held the position of judge for a number of years and is a Mason. The funeral will take place Tuesday afternoon at 3 o'clock.

Henry Macpherson was born Aug. 17, 1832, at Picton, Ont., educated at Kingston Grammar School and Queen's College—where he received his B.A. in 1851—studied law in the office of Thomas Kirkpatrick, Q.C., of Kingston, was admitted as an attorney in 1854, after which he entered the office of George A. Philpotts of Toronto, and was called to the bar in 1855. In March of that year he commenced the practice of his profession at Owen Sound, where he continued until appointed Judge of the County Court of Grey in January, 1865. He was also appointed local judge of the High Court of Justice in March, 1882; surrogate judge of the Maritime Court of Ontario in February, 1879, and revising officer of North Grey in October, 1885. He has been active in free and capitular masonry, taken a prominent part in promoting agricultural interests and has been an ardent supporter and patron of cricket, curling and the sports of flood and field. In politics he was a Conservative. Judge Macpherson married in 1857 Eliza McGill McLean, second daughter of Allan N. McLean, formerly of Toronto, now of London, Eng. Mrs Macpherson died in April, 1880, leaving two children, only one of whom still survives.

Judge Macpherson has for years been a prominent figure on the streets of Toronto, although not a resident in the city. His headquarters in town was the Queen's Hotel.

THE DERVISHES ROUTED.

FIFTEEN HUNDRED DEAD LEFT ON THE FIELD.

Wad-el-Jumi and Twelve Emirs Among the Slain—The Egyptian Loss Slight—General Cable News.

CAIRO, Aug. 3.—Gen. Grenfell engaged the dervishes near Toski to-day and completely routed them. Wad-el-Jumi, the dervish leader, was killed. The dervish loss was 1500 killed and wounded. The Egyptian loss was slight.

Besides Wad-el-Jumi the slain on the dervish side include twelve emirs and nearly all the fighting men. Fifty standards were captured by the Egyptians.

General Grenfell marched out of Toski at 5 o'clock this morning with a strong reconnoitering force of cavalry and camelry and advanced close to the dervish camp. Making a feint of retreating he drew the whole of Wad-el-Jumi's force to a point within four miles of Toski. Here the Egyptian infantry were held in readiness for an attack and a general action was at once begun.

The dervishes made a gallant defence but were driven from hill to hill.

The Egyptian cavalry made a succession of effective charges in which Wad-el-Jumi and the emirs were killed. After several hours of hard fighting the dervishes were completely routed.

Gunboats are following the scattered remnants of the dervish forces along the river.

Later particulars estimate the dervish dead roughly at 1500. The dervishes fought desperately, throwing themselves upon the advancing columns repeatedly and refusing quarter.

The crisis of the battle was reached when the dervishes attempted to turn the extreme right of the Egyptians. The steadiness of the troops was admirable. The cavalry here swept through the lines of the enemy, breaking them up. No prisoners are reported to have been taken. The cavalry pursued the retreating rebels for miles. General Grenfell ordered the gunboats to pick up fugitives and wounded.

General Grenfell in his official report says the dervishes made repeated and desperate charges on his men. They were met by the infantry in line of battle supported by the 20th Hussars and the Egyptian cavalry. The Egyptian horse artillery did excellent service. The dervishes numbered 3000 fighting men. The British troops will now return to Cairo.

The Khedive has sent congratulations to General Grenfell. It has been decided that a permanent occupation of Sarras is necessary for the protection of the frontier. A movement upon Dongola is deemed useless unless the Government assent to the view of the English generals that Berber should be held as the true key to the Soudan.

The latest advices give the Egyption loss as 17 killed and 13 wounded. One thousand dervishes were made prisoners.

A Little War in Sumatra.

AMSTERDAM, Aug. 3.—Intelligence has been received of a fight in Achesn, Sumatra, between natives and a force of Dutch troops. Nineteen Dutchmen were killed and 22 wounded.

The Cretan Insurrection.

LONDON, Aug. 3.—A sailor belonging to an Italian man-of-war has been shot by Mussulmans at Canea, Crete. The Turks have attacked and dispersed a body of insurgents near Canea. A number on both sides were killed and wounded.

An Unfounded Report.

BELGRADE, Aug. 3.—The report that the Government had ordered all three of the military classes of service to muster Monday next was incorrect. It is the intention of the Government to propose the adoption of a new militia system in October.

William's Gift to His Grandmother.

LONDON, Aug. 4.—Emperor William has conferred upon the Queen the command of the First Dragoon Guards of Berlin and upon the Duke of Cambridge the honorary colonelcy of a regiment of infantry. The document conferring the appointment upon the Queen begins:

MOST ILLUSTRIOUS GRAND MOTHER: It is a special honor for me to be able to enroll you in an army in which your sons, grandsons and other relations have filled honorable positions for many years.

The Queen in return has made the Emperor an honorary admiral of the British navy. This rank has been conferred upon no other German prince since the time of Frederick the Great.

The Kaiser as a British Admiral.

LONDON, Aug. 4.—Emperor William, the Prince of Wales and Prince Albert Victor yesterday inspected a number of representative British ships at Portsmouth, after which they returned to Osborne House for a family dinner. Emperor William wore the undress uniform of a British admiral. Emperor William and Prince Henry of Prussia to-day visited the new White Star steamship Teutonic. They inspected with great interest the steamer, being the first mercantile passenger vessel built as an armed cruiser. After leaving the Teutonic the Emperor visited Prince George of Wales on board a torpedo vessel.

The Maybrick Trial.

LIVERPOOL, Aug. 3.—At the trial of Mrs. Maybrick for the murder of her husband, to-day, Dr. Stevenson, one of the physicians who attended Mr. Maybrick, asserted that all of the patient's symptoms indicated that he was suffering from arsenical poisoning.

A nurse testified that when Mrs. Maybrick tried to persuade her husband to take medicine he objected, saying it was the wrong medicine. On cross-examination, witness said no improper food or medicine was given to the patient while she was in the house. Mrs. Maybrick had been tender and considerate in her treatment of her husband.

A waiter at Flatman's Hotel identified the prisoner as a woman who had occupied a bedroom in the hotel with one Brierley.

The prosecution then stated that its case was closed.

Sir Charles Russell opened the case for the defence. He made a forcible speech, in which he urged that the jury could not render a judgment against the accused based on a probability, even if supported by an apparent motive for the commission of a crime, if there was a shadow of doubt. He would prove that Mr. Maybrick had been a confirmed taker of arsenic for years.

A witness named Bateson, who lived with Mr. Maybrick in America from 1875 to 1881, Mariner Thompson and a negro named Stanton, who was Mr. Maybrick's former servant, all testified that the deceased took arsenic habitually. A chemist testified that Mr. Maybrick had purchased "pick me up" from him, which contained arsenic.

Professor Tidy testified that the symptoms manifested by Mr. Maybrick were not typical of arsenical poisoning. The appearance of the internal organs at the post mortem examination distinctly negatived the theory that death had been caused by

HALEY IN JAIL.

The Stabber of the Ellis Girl Surrendered by His Father.

PERTH, Aug. 3.—Patrick Haley, who stabbed Miss Ellis on Tuesday night, was surrendered to Constable Alpaugh last evening, who made him a prisoner and he now lies in the county jail. Since the committing of the deed large numbers have been scouring the country roundabout, and especially the Haley farm and premises were watched closely. The searching party on Thursday found a blanket and a basket with some bread in a fence corner on his father's farm.

As there was no giving up of the searchers his father came to town yesterday evening and informed the constable where he would be found in order that he might be saved from the searching parties, as no doubt if they came across him his life would have been in danger. He was found in a hay mow well covered up and in an exhausted condition.

Haley has 2 or 3 bad cuts across his throat which he did himself after nearly killing his victim, but had not the nerve to complete the job upon himself. He was brought before a magistrate's court here today at 3 o'clock, when the Crown asked for an adjournment till next Friday, which was granted. He was then lodged in Guelph jail.

Latest reports from Miss Ellis state she is improving.

SMALLEY'S LETTER.

Prospects of War in the East—The Kaiser's Visit to England.

NEW YORK, Aug. 4.—G. W. Smalley cables The Tribune from London: While the British public regard Emperor William's visit as a complimentary family affair, opinion does not wholly divest it of political significance. It is perfectly understood that though Lord Salisbury has not concluded a treaty, he is marching in line with the Triple Alliance, and, all disavowals to the contrary, the public insist that there is an understanding that Italy is to maintain the existing equilibrium in the Mediterranean. Emperor William has the credit of being a high class diplomatist, and though he does not bring Prince Bismarck, he brings Prince Bismarck's eager and trusten son. It is therefore significant that Lord Salisbury is to be in attendance upon the Queen during the whole of the Emperor's visit. There is much regret that the great Chancellor is not present. He desired to come, but considered that such a step might provoke the suspicion that England had formally joined the Alliance, and Lord Salisbury wished to avoid giving color to such a conclusion.

In connection with this meeting of the Emperor and Queen Victoria, importance is attached to Lord Salisbury's utterances at the City banquet on Thursday. He therein declared that the Cabinet would not stand quietly in the event of a war in Southeastern Europe. The object of this declaration is more clearly revealed by to-day's news from Constantinople, that the Porte has become so keenly anxious respecting the Cretan and Balkan questions that it has deemed it necessary to call out 80,000 reserves. If it be, as Lord Salisbury asserts, that the Cretan difficulty is not very grave, the Sultan's order must have special reference to the Balkans.

In connection with this it is noted that Lord Salisbury's language on Monday night admitted that Russia had observed the correct attitude toward Bulgaria; but he said not one word about Servia; and to-day's telegrams point in the direction of confirming Bulgaria's fears that Servia possibly means to provoke a war at Russia's instigation.

Later accounts also support the recent assertion of The Standard that Russia is increasing her armies in the Caucasus and that over 70,000 above the average number are now within touch of the Armenian frontier.

In short, European prospects on this day of the Emperor's visit look darker than for months past. Nevertheless, it is still possible that the inevitable conflict will not begin this year. It is notorious that Russia is still unready, and there is no hope of consolidation in France till after the general election and the possible disappearance of General Boulanger, a factor now counted upon. It is most likely that the European atmosphere will become more settled by the end of the month, when Emperor William will have seen Emperor Francis Joseph and the Czar.

Much curiosity prevails respecting certain personal aspects of the Emperor's visit. There is little doubt that when this journey was arranged the Berlin and English Courts could not trust the temper of the Londoners if Emperor William visited the metropolis. Everybody remembers the Emperor's unpopularity in English eyes, because of his conduct towards his mother; nor have Englishmen forgotten the insulting language of Count Bismarck in the Prince of Wales' presence at Berlin, respecting Germany being no longer governed by a petticoat. Yet the petticoat's brother, the Prince of Wales, will act for the Queen during the Emperor's visit, and Count Bismarck is the leading man in the Emperor's suite. Evidently relations have improved since the Prince of Wales openly avoided Emperor William when at Vienna. But many are wondering how the Prince of Wales will receive Count Bismarck.

Mr. Morley's persistence in the Royal Grants debate resulted in Mr. Gladstone's taking only thirteen of his regular followers besides the Irish members into his train through the Government lobby. Mr. Gladstone betrayed intense annoyance at the occasion thereby given to the Government organs for adverse criticism. Mr. Gladstone always keenly feels political desertions or displays of ingratitude, and when present at the other night's Eighty Club at Lord Brassey's house, he ominously displayed annoyance at recent events and refused to make a speech.

Mr. Chamberlain's line in these debates has attracted universal attention. He makes no secret that his views of democracy and republicanism have been influenced by his visits to America. His opponents declare that these changes are attributable to the influence of the high aristocratic circles in which Mr. Chamberlain now moves. He is hated and detested by the present Radical wing, and this feeling is stimulated by his celebrated attack on the New Radicalism in the Royal Grants debate. It certainly surprised as well as delighted the country gentlemen of the Government side to hear him attack the destructive Radicals of today. Mr. Chamberlain's Greenwich speech was a reply to the criticisms of Sir William Harcourt and others who followed him in Monday's debate. His more recent declaration that the New Radicals who profess to speak for the People, with a capital P, are "the Nihilists of English politics," but, as he now says, "without the courage of their Russian prototypes," has aggravated the intense bitterness of the Left Wing, and they profess delight that he has now crossed the Rubicon and cut himself adrift from them and the Liberal party.

Lord Randolph Churchill's Birmingham speech is notable from two points of view. First, his notice to quit to the Unionist members, and next, his development of his famous Dartford program. His utterance fairly took away the breath of his old Conservative friends, and it is now universally regarded as impossible for him to receive office in the present Government, or at any time under Lord Salisbury. Lord Randolph apparently recognizes that there is no hope of himself becoming leader of the House of Commons. That position is now assured to Mr. Balfour. But why he should now embark on another democratic campaign he alone can explain. Since his return from Norway Lord Randolph has resumed friendly intercourse with the Irish Nationalists. He has always been on good terms with Mr. Gladstone, toward whom he is most deferential.

ACCIDENT OR DESIGN.

Terrible Explosion in an Express Car on the Grand Trunk Road.

MONTREAL, Aug. 3.—Last night when the train for Quebec on the Grand Trunk Railway had passed St. Lamberts, after going through the Victoria bridge, an explosion took place in the express car by which the messenger, named Rogers, was killed, the car completely wrecked, and the express matter destroyed. Wild rumors are afloat that it was an attempt to blow up the Victoria bridge and was delayed too long.

The train was on its way to Quebec, Portland and Halifax, and consisted of seven passenger coaches, a Pullman car, a sleeper, a smoking car and the baggage and express car, the latter being next to the tender. The train was completely filled with passengers, among whom were General Middleton and Mr. Stephenson, General Superintendent of the Grand Trunk Railroad. When the explosion was heard a general panic was about to ensue, when Brakeman Jones rushed through the train to the burning car and dexterously uncoupling it with the tender and engine, sent them dashing up the road, where the driver, who valiantly held his post amid the most intense heat, ran them upon a siding at the end of the track. No cause is assigned for the accident, although everything in the car was of a very combustible nature, among the goods being fireworks for the Halifax carnival.

HE STAYED IN HIS BUNK.

AND THE BLACK DIAMOND SAILED FOR VICTORIA.

The Rush Puts an Able Bodied Seaman in Charge of the Seized Sealer and Her Crew Run Away With Him.

VICTORIA, B.C., Aug. 4.—The Black Diamond, reported by the Triumph to have been seized by the United States revenue cutter Rush, sailed into the harbor here last evening. Captain Thomas came ashore and reported that Lieut. Tuttle, three officers and two boat crews boarded him from the Rush on July 11. He sighted the Rush five miles away and immediately made sail, but was overhauled in an hour's time. He kept on his way and after three times ordering him to lay to the Rush steamed across his bows, compelling him to do so.

Lieutenant Tuttle told him he was under seizure and demanded his papers. These Captain Thomas refused to give, and after repeated refusals Lieutenant Tuttle ordered the locker broken open and took charge of the papers.

A United States blue jacket was then placed aboard and given written instructions to take the schooner to Sitka and deliver it over to the Collector. The captain and mate were detained and the crew set at liberty. The Rush then steamed away.

Captain Thomas took the vessel to Ounalaska Harbor to see if the English war vessels were there, passing the Rush four days after the seizure, but he was not hailed by her.

Finding no protection at Ounalaska he sailed out of Behring Straits and on to Victoria.

John Hawkins, the United States seaman, reported the facts to the consulate and handed over his instructions.

Hawkins says that he was treated well, but that he saw it was useless for him to interfere so he lay in his bunk nearly all the time.

The matter has been wired to Washington. Everybody, particularly sealing men, are delighted with the conduct of the Black Diamond's master, and he is being congratulated on all sides.

Nothing to Say.

OTTAWA, Aug. 4.—The members of the cabinet now at the Capital refused to talk when shown the despatch announcing the arrival of the Black Diamond at Victoria. No official information has yet been received.

Little Surprise at Washington.

WASHINGTON, Aug. 4.—The report of the arrival at Victoria, B. C., of the schooner Black Diamond caused little surprise here. So far as known there has been no official information received on the subject.

THE BEHRING SEA FISHERIES.

England and the United States Not Likely to Come to Blows.

NEW YORK, Aug. 4.—The Tribune's London special says: The Behring Sea fishery disputes have not made much impression on the public mind. The foregone conclusion is that England and the United States are even less likely to come to blows over any question whatever than England and Germany. The most prevalent hope respecting this subject is that it may help to encourage honest American politicians to compel the Cabinet to terminate the outstanding differences, though at the cost of removing a raw which can be bilatered for party purpose

Representative Farquhar's Views.

WASHINGTON, Aug. 3.—Major Farquhar was interviewed to-day on the Behring Sea controversy, because he, with Mr. Dingley, formed the strong end of the committee of the House that prepared the bill on which the proclamation was based. This country, he said, would go right on asserting and maintaining its jurisdiction over the Behring Sea fisheries, "and," he added, "England can't say a word in earnest about the matter. Russia stands ready to make good our title derived by purchase from her. Great Britain cannot afford to antagonize the two great nations Russia and the United States. There is no doubt about Russia's disposition in the matter. That country guaranteed us a title, and England cannot seriously

It Made Mother Strong

"My mother has been using PAINE'S CELERY COMPOUND for nervous prostration, accompanied by melancholia, etc., and it has done her a world of good. It is the only medicine that strengthens the nerves.' G. H. REESE, Orthonola, Pa.

"I am in my 64th year. Have been afflicted in several ways—could not sleep, had no appetite, no courage, low spirits. I commenced using Paine's Celery Compound, and felt relief from the third day after using it. I now have a good appetite and can sleep well. My spirits and courage are almost like those of a young man." S. C. KINSAID, D. D., Gonzales, La.

Paine's Celery Compound

Strengthens and builds up the old, and cures their infirmities. Rheumatism, indigestion and nervousness yield quickly to the curative power of Paine's Celery Compound.

A Perfect Tonic and Invigorator, it GIVES NEW LIFE.

"I am now 68 years old and have tried several remedies, but none had any effect until I used Paine's Celery Compound. I feel entirely different for the short time I have used it. I can walk nearly straight, sleep sound and well, and feel as though there was new life and energy coming into my whole system." H. MYERS, Cleveland, Tenn.

Paine's Celery Compound is of unequaled value to women. It strengthens the nerves, regulates the kidneys, and has wonderful power in curing the painful diseases with which women so often silently suffer.

The Daily Examiner is delivered to any part of the Town for 10c a week, 35c. a month, $2.00 for Six Months.

The Daily Examiner.

MONDAY, AUGUST 5, 1889.

THE Ottawa *Journal* gives the following advice to the working people of Canada:—"Let the mass of the people—the *working* people—watch the thin edge of the wedge of Sunday labour. Once that get in, the chance of the maintenance of Sunday as a day of rest are poor. There is no organization in this country which the workingmen should sympathize with or support more heartily than the Lord's Day Alliance." The thin edge of the wedge in Toronto is a Sunday street car service. Once insert it and it will not be long before a large portion of the whole wedge will be in so tight that it can never be removed.

THE Saturday *Globe* is a hebdomadal delight. No finer specimen of journalistic enterprise and journalistic success is produced on the continent. Typographically, its pages are, for its class, perfect. Its contents of every character—special articles on special subjects—current news matter and advertisements—are a well written reflex of the enterprise of the age in social, scientific and commercial circles. On 12,592 days the *Globe* has held up the news mirror to its tens of thousands of readers, and to-day it is as bright and active as ever, in fact, its journalistic activity is in direct ratio to its advancing age It is a power in the land for good—the consistent exponent of Libera principles. It may, like all concerns subject to human control, have faults, but its greatest fault in the eyes of its competitors is its success. Every issue of the "Saturday *Globe*" is a cyclopedia of the current literature, social events, political happenings and commercial operations of the day. Buy a Saturday *Globe*, read it, and you will coincide with the truth of the foregoing.

The Educational Policy of the Mowat Government.

(*Globe.*)

Mr. Meredith's journals continue to charge Mr. Ross with various offences in relation to the Roman Catholic Separate School law, and with other offences in relation to Public Schools in French districts. These charges have been often made and often refuted, but the persistence with which they are renewed shows how much importance is, by the opponents of the Mowat Administration, attached to them as a means of injuring the Government.

The *Mail* says that Mr. Ross asserts the Separate School amendments to be "not coercive." Of course the Minister has over and over again taken that position. Mr. Ross, taking the same view of the matter as the Attorney-General does, maintains that as the law now stands, and as it has stood ever since 1863, a Roman Catholic ratepayer can legally become a Separate School supporter only by giving notice in writing to the Municipal Clerk, and that the Clerk has no authority to describe as a Separate School supporter on the collector's roll any ratepayer who has not so signified his wish in writing. The notice once given, and the transfer made, it is the Clerk's duty to leave the ratepayer on the Separate School roll until he gets written notice to re-transfer him. The fact that Clerks do not require written notice proves nothing except that the Clerks do not obey the law. It is not their business to act on *prima facie* presumptions, but to obey the plain letter of the law. Of course other people may decline to take this view of the matter, but it is the view taken by the chief law officer of the Crown in Ontario and by the head of the Education Department. Until their interpretation of it is overridden by some judicial decision, nothing is gained in the interest of either individuals or classes by stupidly reiterating the fact that Municipal Clerks do not properly discharge their duties.

The Tory talk about parents being "exposed to discovery by a third party" is a piece of pure childishness. It has reference to the fact that the municipal assessor is now required to put each ratepayer down in his roll as a Public School or a Separate School supporter, according as he knows, or can find out, that he is one or the other. The insertion of this provision was due to a desire on the part of the Legislature to make the Clerk's work in making out the collector's roll as easy as possible. Formerly each separate School Board had to send to the Clerk a list of those who supported the schools, not as authorative, but merely as a guide in making out the roll. This is now dispensed with, and the work required of its assignee is made to serve the same purpose. In other words, the classification in the assessment roll takes the place of the Separate School Board notice, not of the written notice by the individual ratepayer to the Clerk. It is perfectly obvious to any intelligent and unprejudiced layman, not to speak of lawyers at all, that the interpretation given above is the true meaning of the law.

Mr. Ross is charged with "refusing to give the ballot to Roman Catholic ratepayers in Separate School elections." Mr. Ross has never done anything of the kind. The Roman Catholic ratepayers have never, as a body, asked for the ballot. Some of them have done so, but not in numbers sufficiently great to enable them to get a petition for the ballot adopted in a single Separate School Board, so far as we know, in the Province. In view of this fact the Tory charge of refusal to grant what has not been asked amounts to a gross perversion of truth. It is one of those "lies that are half a truth" which are at once meaner and more mischievous than lies that are "lies outright." It will not do to say that the ballot was never asked for by Public School Boards. It was abundantly evident before the option of the ballot was given to cities and towns for school election purposes that many communities wanted it, and the fact that it has been very generally adopted is proof that it was wanted. On the contrary, there is good reason to believe that the supporters of Separate Schools are either indifferent or hostile to the ballot. If they want it they can easily make their wishes known.

Again, Mr. Ross is accused of want of straightforwardness in dealing with the French Schools. The accusation is utterly unfounded. The Minister has never attempted to conceal the real condition of these schools. He perceived their need of better facilities for giving an English training as soon as he took office, and he has in various ways done much to improve them To quote a Quebec journal's statement that "the French School are not to be destroyed to please a few fanatics" is childish. Not even the *Mail*, or Mr. Craig, will say that Mr. Ross should undertake the destruction of the French schools. What is wanted is their improvement, especially on their English side, and they are now all teaching English, thanks to the policy initiated by Mr. Ross in 1885 and steadily pursued ever since. That policy is based on the assumption that the French people want their children to learn English and to become expert in the use of it. Neither the parents nor the children can be coerced in the matter. They can be allowed to grow up in ignorance, but they cannot be compelled to learn. Mr. Ross has adopted a policy of trying to improve the facilities for acquiring a good education in French districts. If he steadily pursues that policy, in spite of misrepresentation and of opposition, he will have the support of all sensible people, whether French or English speaking.

A Flat Contradiction

Some one has told you that your catarrh is incurable. It is not so. Dr. Sage's Catarrh Remedy will cure it. It is pleasant to use, and always does its work thoroughly. We have yet to hear of a case in which it did not accomplish a cure when faithfully used. Catarrh is a disease which it is dangerous to neglect. A certain remedy is at your command. Avail yourself of it before the complaint assumes a more serious form. All druggists. a

For Delicate, Sickly Children

SCOTT'S EMULSION is unequalled. See what Dr. C. A. Black, of Amherst, N.S., says:—"I have been acquainted with Scott's Emulsion of Cod Liver Oil and Hypophosphites for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by druggists, 50c. and $1.00. w28eod

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont, 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BOIS, Shell River, Man. 2w31d

A REMEDY that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

MILBURN'S AROMATIC QUININE WINE is distinctly superior to any other as an appetizing tonic and fortifier. dw

25 REASONS

FOR
DRINKING
ROYAL
DANDELION
COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

WOMAN GOES SHOPPING.

She Puts in a Busy and Long Day of It and Acquires Forty-two Samples.

How does a woman go shopping?

If the writer had been asked this question two or three days ago, he would have said:

"She goes right into a store, purchases what she wants, and then goes home."

He has looked into the matter and changed his mind. No, a woman doesn't go shopping like a man. When a man starts out to buy something, he generally knows pretty nearly what he wants, and he buys it. But with a woman it is different. She doesn't know what she wants when she starts out. If she did she wouldn't start. She would wait until some other day, and start without any special object in view. She would buy something or other before she came back, even if it was only a glass of ice-cream soda.

But the ordinary every day woman who goes shopping starts off early in the morning and makes up her mind that she is going to have a large sized picnic. She hurries the breakfast and does the usual morning cleaning up in just about ten minutes. She hasn't got time to indulge in breakfast herself, but will probably bolt a hot cup of coffee.

With a small handbag containing her pocket book and a few other things, she sallies forth. She doesn't go into any particular store right away. She looks about first and sees just what is going on, and what is being displayed. She sees a great many things she would like to buy, but her pocketbook isn't fat enough, so she postpones the purchase.

Perhaps its 12 o'clock when she arrives at the dress goods counter of the big establishment. She wants to match an impossible color. She hasn't got the sample with her but she describes the color to the clerk. He will show her all the goods in the department, and she will take a sample of each.

What for?

She may mean to make a future purchase, but it's very unlikely. All those samples will find their way into her crazy quilt by and by. The poor clerk is tired and disgusted, but forgets his sorrows a moment later when he begins a flirtation with a pretty girl at the opposite counter. He forgets that she's a woman, and goes buying dress goods somewhere else. If he had his way he wouldn't allow a male customer to buy a thing from her. The clerk grows tender-hearted, the woman goes upstairs. Both are contented and happy.

She tries on cloaks upstairs. She tries on everything within a radius of 100 yards. Fur-lined cloaks, ulsters, all sorts of garments, and all sorts of styles go on one by one. Some are too big, others too small; some too cheap, others too dear. She tries on all the cloaks in the department and will send across the street to try on all they've got in another store if some one will go for her. She doesn't buy a cloak, or an ulster, or a garment. She only tried them on to see how they felt. Then she goes with her newly purchased bonnet frame into another department. She looks at hosiery, gloves, scarfs for her husband, unlaundered shirts for the same party, linen goods, crockery ware, table cloths, napkins, shoes, and about everything else in the store.

She arrives home about 6:30 o'clock. Her husband has been home about half an hour. He is tired and hungry. So is she. The fire is out, there is nothing to eat, and the husband gets mad. She doesn't. She says that he's a brute, and doesn't want her to have a good time at all. Then she shows him the result of the day's tour among the big establishments. Here is the inventory of the stock: One bonnet, worth 25 cents; one-half yard of dress goods, cost 50 cents. ("What do you want it for?" he asks. She doesn't know, and doesn't care; she got it.) One cuspidor, 25 cents. She has six already. One flaming red tie scarf for John, cost 50 cents. He almost faints when he sees it. One unlaundered shirt, cost 37 cents, for John again. John is ready to die, but he says it's very nice. He will give it away on Christmas, together with the scarf, as a man he doesn't like. Then she displays forty-two different samples of dress goods.—Boston Herald.

Loaded Watermelons.

A gentleman who has tried it vouches for this story. Taking a gallon jug of whiskey, he passed a string through its cork, which cord dropped to the bottom of the jug. The twine was then introduced into a watermelon vine, by slitting the vine, and the vine permitted to produce only two melons. When the melons were matured they were served at a private barbecue to six gentlemen. The effect was astonishing. The gallon of whiskey got in its work. Not a drop of the liquor remained in the jug when the melons were ripe.—Atlanta Journal.

A stall keeper on the central market who had been "stuck" with a number of green melons plugged one yesterday, poured a pint of kerosene into the hole, and after waiting a quarter of an hour gave it to a colored man. The latter sat down on a box to eat it, but after removing the plug and taking a smell he arose and returned the melon to the stand.

"What's the matter?" asked the doner.

"Iss much obleeged, but I couldn't use it onless you'll frow in a chimbly an' a wick, an dat would be askin' too much of anybody."—Detroit Free Press.

An Indian girl named Mary Simpson hanged herself on the reserve near Beaulah became her mother married an Indian.

R. J. Mikkie of Clandeboy shot himself today while temporarily insane.

JERUSALEM SEIZED.

The Cyclorama Painting at Montreal Held by the Customs Authorities.

MONTREAL, Aug. 2.—The customs authorities have placed a seizure on the painting "Jerusalem on the Day of the Crucifixion," on exhibition at the Cyclorama. The painting is valued at $25,000 and its owners sought to have it enter the country free on the plea that it is a work of art of well-known merit. The authorities claim that it is brought here for commercial purposes and should pay the customary duty of 20 per cent.

Boy Burglars Sentenced.

MONTREAL, Aug. 2.—Four of the gang of boy burglars which has just been broken up by the police were to-day sentenced to terms of four years each in the reformatory. "Lieutenant" Montague Searle of the "Cowboys," as they called themselves, will serve an extra year.

THE PULSE OF TRADE.

Heavy Failures Cause a Close Scrutiny of Credits—The Crop Outlook

NEW YORK, Aug. 2.—Special telegrams to Bradstreet's do not point to any improvement in the distribution of general merchandise as compared with the preceding fortnight. Two or three large failures, apparently not due to conditions underlying the state of the trade, have brought about a more careful scrutiny of credits, and unusually prolonged wet weather has retarded the business in Eastern and adjoining states.

Wheat and tobacco in Kentucky have been injured by too much rain. The oat crop of the country promises an extraordinarily large yield.

Stock speculation displays a strong undertone on the crop and traffic outlook, but there is neither interest nor activity in the trading. Money at New York is firmer in tone.

News from the Northwest revives faith in a large domestic wheat crop. Reports to Bradstreet's show visible wheat stock east of the Rocky Mountains—United States and Canada—amounting to 16,071,576 bushels, 4,312,973 bushels less than on July 1, and 14,105,381 bushels less than on Aug. 1, 1888. Pacific Coast visible stocks show a net gain of visible wheat during July of 5,323,400 bushels, so that when stocks on both coasts are considered the visible supply has increased 1,000,000 during the past month.

Business failures reported to Bradstreet's number 213 in the United States this week against 221 last week and 180 this week last year. Canada had 23 this week against 29 last week. The total of failures in the United States Jan. 1 to date is 6893, against 6091 in 1888.

White Caps in Kincardine.

KINCARDINE, Aug. 2.—There is a cowardly creature in Kincardine who has, during the past few weeks, been sending out letters bearing this printed heading:

LEAMINGTON ORDER OF WHITE CAPS,
ORGANIZED MAY 1, 1889.

A ghastly death's head with cross bones is used for a centre-piece. The letters are written in blood-red ink and they threaten all kinds of dire vengeance if certain conditions are not complied with. The envelopes also have the same suggestive death's-head printed on the left hand corner. The letters were all mailed in Kincardine, but for the evident purpose of making each recipient believe they came from Leamington a three-cent stamp was affixed. A gentleman in town who received one of the scandalous epistles says that if the contemptible characterless creature who mailed him the "warning" will call on him he will give him such a forcible reply that he will require the aid of several physicians and careful nursing for some weeks.

The Canadian Cable

OTTAWA, Aug. 2.—Mr. H. N. Gisborn, superintendent of the Government telegraph system, says the proposed cable from Canada to Ireland via the Gulf of St. Lawrence will be laid in the spring.

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

INDIGESTION can be effectually cured by the use of Dyers Quinine and Iron Wine, this admirable tonic is invaluable in cases of appetite and general debility. W. A. Dyer, Montreal. 6d24

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Cured

My eyes are now in a splendid condition, and I am as well and strong as ever.—Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

By Taking

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendal T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete.—W. E. Sutherland, Evangelist, Shelby City, Ky.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price $1; six bottles, $5.

ONE YEAR IN BUSINESS!

ONE YEAR since WYATT & TURNER, the Live and Progressive Day-Light Clothiers, opened out in Business.

SPLENDID BUILDING SITES

I have pieced on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Cey. Works.

"ERIN COTTAGE," late the residence of Mr. Klias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

First Mass on Stony Lake.

Rev. Father Cosey yesterday celebrated mass on Hackett's and McIntyre's Island, the first time in the history of the lakes, that is, perhaps, within a hundred years.

Personal.

Dr. E. A. Spilsbury, of Toronto, will be at the Grand Central Hotel, Peterborough, on Saturday, August 10th, for consultation from 1 to 4 p.m. See card.

A Dull Saturday.

All judges are unanimous in awarding the medal for the dullest Saturday of the season to last Saturday. There was a very slim market and what few outsiders were in town seemed to shun the shops.

He, of Course Wants the Best.

The Bobcaygeon *Independent* correspondent from Verulam says: "We understand Mr. Jas. Flett, sr., has recently purchased a Hamilton Self Binder and will now handle his harvest with ease. This makes three binders now within close range of our village and more are expected soon. We are indeed surrounded by an enterprising lot of citizens who are bound to keep pace with the world if they do live in Verulam."

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. R.oe, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

AT the head of the class stands M. R. KIDD in choice teas.

The New Market.

The time for receiving tenders for the new market building has been extended to Thursday, August 8th, 1889, at four o'clock, p.m. Pressed brick will not be required. Tenders must be in accordance with the plans and specifications, which may be seen at the office of J. E. Belcher, Esq., Town Engineer. Tenders to be left at the Town Clerk's office.

T. CAHILL.

Aug. 3, 1889. 3d29

Hamilton's New "Herald."

The first number of a new evening paper, the Hamilton *Herald*, is to hand. It is hand somely gotten up and well printed—by a perfecting press. It claims independence in politics, and the number before us is newsy and very creditable in appearance. It is sold for one cent. The *Herald* has a good field in one sense—numerically. It has, however, strong opposition, which we hope will in this case prove the life of the *Herald's* rivals. The EXAMINER wishes its promising contemporary every success.

Barnum & Bailey.

Mr. Ball, second agent of Barnum & Bailey's menagerie, was in town this morning, making further arrangements for the appearance of the only greatest show on earth. He made contracts with bill poster, waterworks, livery stables, and for food supplies for the wild animals. In due course another agent, to contract for food supplies for the human animals—bread, meat, vegetables, etc., will be in town. The bill poster's car is expected in town a week from today.

Grain Samples.

There are on exhibition at Morgan's Hotel several samples of grain. Among these is a sample of what is known as black barley, that is the colour of the grain is black. It is said the beard drops off when the grain is ripe. This variety of barley is largely used for feed. The sample shown was grown by Mr. D. Forsyth, Douro. There is also shown samples of timothy heads eleven inches in length, grown on the Brealy farm, North Monaghan. Also samples of Clydesdale oats.

Dangerous Places.

On Saturday evening, a little son of one of our professionals fell through one of the unprotected openings in front of Messrs Bain & Co's shop, George street, and received painful if not serious injuries. The authorities should see that such dangerous places are made secure. In case of serious injury the damages for which the town would be liable, would exceed, hundreds of times the cost of covering these and other similarly dangerous openings.

To Protect Cabbage from Worms.

The *Scientific American* gives the following recipe for exterminating the green worms which of late years have worked such havoc among the cabbage gardens of Ontario:—Coal oil, 2 gals; common soap, ½ lb; water, 1 gal. Dissolve the soap in the water and add boiling,—stirring vigorously all the while—to the coal oil, and stir in will, on cooling, form a thick cream. To one part of this cream add nine parts of cold water, mix thoroughly and spray the plants. The above will also exterminate the small insect which infest vines and shrubbery.

That distention of the stomach which many people feel after eating, may be due to improper mastication of the food; but, in most cases, it indicates a weakness of the digestive organs, the best remedy for which is one of Ayer's Pills, to be taken after dinner.

Chemong Park Notes.

Fishing still continues good. On Saturday twelve maskinonge of good size were captured.

The market for lots continues good. Today two more were sold—Mr. Harry Denne, jr., and Mr. Wm. Smith were the purchasers.

On Sunday two Toronto gentlemen, Mr. Goodlock, President of the Toronto Rowing Club, and Mr. McMillan, spent the day at the Park and were delighted with its situation and capabilities for summer enjoyment.

You are Specially Invited.

You, that is, yourself, personally, individually, are invited to attend the excursion of Court Little John Foresters to Niagara Falls, on Thursday, August 15th, Civic Holiday. In these hard times of monetary famine, every shilling counts. This excursion is the cheapest of the season—only $1.75 to Toronto and return—only $2.00 to the Canadian Chautauqua and Niagara Falls and return. You may leave Peterborough on any of three trains on Thursday—at 4.56 a.m., 7 a.m., or 5.40 p.m. Tickets good for two days. You may cross the lake on either of the palace steamers, Chicora or Cibola. Don't neglect this chance for a delightful excursion. Tickets to be had at all the bookstores and from members of Court Little John. 2d

Peterborough Protestant Home.

The Committee of management of the Peterborough Protestant Home desire to acknowledge, with thanks, the following donations for July: Mr. Ostrom, strawberries; Mrs. Munroe, a dress; Mrs. Fairbairn, black currant jam; Miss Hamilton, parcel of clothing, Mrs. V. Best, parcel of clothing; Mrs. J. B. McWilliams, clothing and sundries; Miss Green, black currant jam; Mrs. Chas. McGill, corned beef and cake; Mrs. D. Moore, milk daily; Mr. Minore, biscuits weekly; basket of cakes from Mission Band garden party at Mrs. Richard Hall's; Mrs. Mann, red currants; Mrs. Hodge, of Edingburgh, Scotland, kindly sent a valuable parcel of knitted underclothing for the inmates; Mrs. Hazlitt, black currant jam; Ormond & Walsh, box of toilet soap.

Hot Weather Excursters.

This morning brought its quota of refugees from the heat of town to the coolness of the lakes. Among these who went out from the Midland station this morning was a party of four—the Harmonious Quartette, consisting of Mr. W. H. Dingle, organist of the George street Methodist church, his brother James, of Oshawa, Mr. W. A. Mason and F. J. Wesley. They took the Chemong Valley train for the north on a canoe cruise to extend as far as Midland and Coboconk and return by way of Lakefield. They had not decided on their departure whether they would run the rapids from Lakefield to town or come down by train. If the "Harmonious Quartette" wish to come to *fine* in the orthodox manner, by a crash of chords, the rapids from Lakefield present a fine opportunity for a *fi crescendo* movement, ending in a crash. The Stony Lake contingents consisted of the advance guard of a large party, consisting of Mr. Vernon Halliday, Mr. I. G. Hault ain, Mr. G. A. Schofield and many more who will follow to-morrow. They are bound for Gilchrist's Bay. Another party consisted of two Misses Edwards, Mrs. B———, Toronto, Miss Roper, Mrs. Mack, Chicago, and Mr. W. W. Johnson, *en route* for Juniper Island.

New Bank Premises.

The new Bank premises of Messrs. Mulholland & Roper are now nearly ready for the business which will open there on Wednesday. These premises on the ground floor of the old Erskine block, Hunter street have been elegantly fitted up by Mr. James Stevenson. The walls are laid on with terra cotta ingrain paper with border to match, while the ceiling has a buff field, with enrichments in gold, and terra cotta style. The general effect of the papering is rich. The public department is floored with maple and enamelled glass screens separate that from the private apartments. The fittings of the bank—the counters are in solid walnut, and wood grained to walnut, a most excellent imitation, done by Mr. H. W. Watson, as was the paper-hanging. The premises though not large, are compact and neat, and excellently adapted to the business. A splendid and massive safe, with lavatories, city water, gas, with elegant fixtures, furnaces, etc., complete the equipment of these tidy and well laid out banking premises. It is expected if the workmen do their part that the business will be opened on Wednesday. The public is referred to the business announcement of the firm which appears in another column of to day's issue. With ripe experience, business integrity of a high order and financial solidity it is safe to predict a prosperous business to the new firm.

A North Monaghan News Sheaf.

A peculiar mishap took place on Mr. Wm. Fowler's farm occupied by Mr. Joseph Heaslip. A little son aged about 12 years, was driving a self binding reaper. During the absence of the father at the house, the family dog got in front of the knives and suffered the summary amputation of his two hind legs and tail. The horrible howling set up by the lacerated canine frightened the horses. they got beyond the lad's control and ran away belter skelter through the standing grain, the boy hanging on for some time, when he was shaken off, fortunately uninjured. The horses brought up at the fence, and it was found that the table of the machine contained 40 bound sheaves, cut on the gallop, the machine having kept at work with nobody to trip the sheaf-delivery lever. When the father arrived he found the horses, machine, boy and dog, the latter, in the excitement of the moment, forgetful of his amputated legs and tail, following the horses. Strange to say, no damage was suffered by the horses or machine, except a slight break of one of the rakes.

A few nights ago a cow belonging to Mr. D. White tumbled into a well. The neighbors assembled in force. The cow was anchored to a chain and drawn to the surface, out the chain unfortunately broke, the cow slipped her cable and went back to the proverbial home of truth—the well. A second attempt succeeded better, and the bovine was restored to her native heath, dosed generously with Dr. Thomas' Eclectric Oil, and in half an hour was grazing stolidly, as though there had been no excitement in her life.

Y. M. C. A. Camp on Juniper Island.

Success of the Camp—Summary of the Services.

Y. M. C. A. CAMP, JUNIPER ISLAND, August 2nd, 1889.

A large number arrived in camp last evening by canoe and boat. There are now encamped on the island 18 Lindsay boys. We regret our boys have not done likewise.

To-day the meetings were begun, Mr. Cole giving two excellent Bible readings on "What we are saved from," and "What we are saved to," at 11 a.m. and 3 p.m., which were well attended and enjoyed by all.

To night at 7 p.m., gospel song service and camp fire was led by Secretary Colville, and straight talks given by Messrs. Cole and Hagsley, Toronto, and others. There were over 200 present, more than half young men. The singing was bright and cheerful.

At 3 p.m. Messrs Bagley, C. Mathews, Secretaries Utley and Colville held a service at Eagle Mount which was well attended by the men working in the quarry, the men promising us to come over often and give them a service. They were nearly all present at our meeting to night, if the lake had been calm we know more would have been present. Meetings to-morrow at 10 30 a m

Personal.

Mr. John Bertram, ex M.P., Toronto, is in town.

Mr. H. S. Kirby, now a flourishing druggist of Ottawa, formerly with Mr. John McKee here, is in town visiting friends, and renewing old associations.

Mr. and Mrs. A. L. Davis leave this evening for the Saugeen where they will spend a fortnight.

Mr. Geo. Mitchell who was so injured in Milburn Davison's Roller Mills as to require amputation of his arm, left the Nicholls Hospital on Friday.

Mr. Ed. Leader of Lindsay, who was a resident of Peterborough twenty years ago, was in town to day *en route* for Campbellford where he spends his holidays with his daughter Mrs. Kerr.

During the taking of the collection at the George street Methodist church, Miss Chambers, of Montreal, sang with splendid effect, the grand solo from the Messiah, "I know that my Redeemer Liveth."

In Pious Memory

Of the Late John Smith, of Ashburnham—Rev. A. C. Wilson Preaches an Eloquent Sermon.

There was a large audience assembled for the special services held in the Mark street Methodist church, Ashburnham, on Sunday morning, in memory of the late John Smith, a late member of the church, one of its officebearers. Just three months previously Mr. Mr. Smith made his last appearance in the church on the occasion of the last quarterly services.

The choir had prepared special music for the occasion, which they presented with excellent effect.

THE SERMON.

Rev. Mr. Wilson announced for his text the the 23rd and 24th verses of the xii chapter of St. Paul's Epistle to the Hebrews:

"To the general assembly of the church of the first born, which are written in Heaven and to God the judge of all and to the spirits of just men made perfect and to Jesus, the mediator of the new covenant and to the blood of sprinkling that speaketh better things than that of Abel."

The preacher said all knew that this morning's service was devoted to an improvement of the death of an old and honoured official of this church, the late brother John Smith. Reference was made to the relationship between the speaker and the deceased which was that of son and father. The speaker was restricted from making any personal reference the the deceased, owing to his request to the contrary made before his death. He had a high idea of Christian life, and that involved an entire subordination of himself to the divine will. The speaker went on to point out that at the present we entered the general assembly of the first born; we begin on earth to enjoy the associations of heaven and its enjoyment. This indicated that Heaven was a state and not a place. The text spoke of no separation "in Heaven and earth." The life of Christ was the best interpretation of the text. In the life of Christ there were three great periods of evolution—his life on earth—his passing up to Heaven, and the third stage to come at the great ressurection day when his mediatorial offices shall cease, when Christ shall go into the Father and Holy Ghost and there shall be one God on the throne. Now the three persons of the God-head had seperate offices. Every step that Christ took was a step in advance of our steps. We "are come to Mount Zion" by spiritual birth. The spiritual kingdom was as real as the physical kingdom and the only avenue of admission to that kingdom was by spiritual birth. One of the most impressive points in the life of the late brother Smith was the clearness of his conversion—so clear that he made and has left a written record of it. We get into the spiritual world by faith. Faith in God, through our Lord Jesus Christ always brought peace. The birth of Christ was analagous to the spiritual life of men, he was conceived by the Holy Ghost and baptized by the Holy Ghost for his ministry. We come up to the second stage by sacrifice and chastening as Christ came—we reach spiritual manhood by consecration and submission to the dealings of God's Providence. We reached the position of the "just made perfect" by consecration, sacrifice and devotion to the task of following the footsteps of Christ—we could not reach this stage by raptures and "glory-fits," we did it by doing in our weak way the work of Christ. In this respect the spirit of the deceased, as to the spiritual welfare of his home, was worthy of special reference, and the family were enjoined to follow the footsteps of the father as he followed Christ's. Where are our departed friends? "The just made perfect" are where Christ is. Where is Christ since his ascension? He is here—on earth. If the departed just are with Christ and Christ is here on earth so are our departed friends around us. The speaker did not question that our departed friends were around us and knew of our doings. In the intermediate state between death and the resurrection, they were doing what Jesus is doing—"preparing a place for us"—they are co-workers with Christ. Our departed friends are waiting for us till the consummation of all things. We know that Christ is with us by the evidence of our changed natures, by faith in him; we had no physical evidence of the presence, either, of "ministering angels," but the Scriptures assure us that they are around us, and the same with our departed friends. We know that we are going when we die to be with God. We die as Christians, to carry on the work with Christ which we begin on earth, preparing, in co-operation with Christ, a place for those we leave behind us.

At the conclusion of the sermon, Mrs. Hutchinson and Mr. H. Armstrong sang a duet with chorus by the choir—"One by One."

After the regular services were over, there followed the Love Feast and the Sacrament of the Lord's Supper.

The Dominion Milk Act, 1889

When the milk yielded by the cows begins to shrink in quantity, the temptation to make up for that some other way is increased. The Act passed by the Dominion Parliament during last session, to provide against frauds in the supplying of milk to cheese, butter and condensed milk manufactories, is a piece of wholesome legislation.

It forbids the *sending* or supplying to any factory:—

(1) Milk diluted with water.

(2) Milk in any way adulterated.

(3) Milk from which any cream has been taken

(4) Milk commonly known as skimmed milk.

(5) Milk from which any portion of that part of the milk, known as strippings, has been kept back.

(6) Milk that is tainted or partly sour.

(7) Milk taken or drawn from a cow that the patron knows to be diseased at the time the milk is so taken or drawn from her.

The penalty for each offence against the provisions of the Act, upon conviction thereof before any Justice or Justices of the Peace, is a fine not exceeding fifty dollars and not less than five dollars, together with the costs of prosecution. In default of payment of such penalty and costs, the offender shall be liable to imprisonment, with or without hard labor, for a term not exceeding six months.

The person, on whose behalf any milk is supplied to a factory, shall be *prima facie* liable for the violation of any of the provisions of the Act.

For the purpose of establishing the guilt of any person charged with the violation of any of the provisions of the Act, which forbid the supplying of milk, as mentioned in clauses marked 1,2,3,4 and 5 of this article, it shall be sufficient *prima facie* evidence to show that such milk is substantially inferior in quality to pure milk. The tests are to be made by means of a lactometer, or cream gauge, or some other proper and adequate test, and by a competent person, provided always that a conviction may be made, or had, on any other sufficient legal evidence. Any person accused of an offence under this Act, and the husband or wife of such person, shall be competent and compellable to testify. The fine, when recovered, shall be payable one half to the informant or complainant, and the other half to the representative of the factory to which the milk was sent to be distributed among the patrons in proportion to their respective interests in the product thereof.

News Nuggets.

The post office letter boxes on George street have been repainted.

There was a clean slate at the police court this morning.

There will be a regular meeting of the Peterborough Board of Education on Tuesday evening.

Mr. Joseph Mollard has opened a tidy new jewelry and repair shop on Simcoe street.

To-day is settling day with the merchants. They manage to get in a busy day without the help of customers.

There is no truth in the rumours that the police force intend to spend their holidays under canvas on the shores of Spalding's Bay.

Several cases of infraction of the Liquor License Act are on the tapis. Every time a man takes a drink after hours or on Sunday the seller takes a risk and not much of a risk either rather a rare thing of being fined.

The "Jubilee" Shilling.

The "Jubilee" shilling has been improved vastly in the coinage of 1888. The miniature Queen's head of the jubilee year has been replaced by a larger and more dignified head, and the precarious crown is more firmly fixed. The bust is shown more fully, reaching to the edge of the coin, instead of leaving a band of silver below it. The coin is certainly much improved.

The A. C. A. Camp.

The Regatta Programme.

The EXAMINER has to thank the secretary of the American Canoe Association, Northern Division, Mr. G. W. Hatton for a copy of the regatta programme, very neatly gotten up. The camp will be pitched on Stave Island, Thousand Isles, on August 9th, and tents will be struck on August 23rd. The regatta takes place on Monday and Tuesday, August 19th and 20th, the programme of which is as follows:—

RECORD EVENTS.

1. Paddling, Classes 2 and 8, decked. One-half mile
2. Paddling, Class 4, decked. One-half mile.
3. Paddling, Classes 2 and 3, open. One-half mile.
4. Paddling, Class 4, open. One-half mile.
5. Combined Paddling and Sailing, one-half mile alternately. Total, three miles, A and B.
6. Sailing, Classes A and B. Four and one-half miles.

OTHER EVENTS.

7. Trophy, Sailing. Seven miles.
8. Paddling, Classes 2, 3 and 4, open or decked. One mile.
9. Paddling, Tandem, Class 4. One-half mile.
10. Club Fours. Any canoe not over sixteen feet. One-half mile.
11. Paddling, Upset (open canoes entering to have one-half minute start on condition of being emptied after turning over). 150 yards.
12. Hurry-Scurry—Run, Swim, Paddle.
13. Sailing, Upset.
14. Sailing, Cruising Race. Six miles.
15. Gymnastics and Tournament.

The camp will be largely under local control, Lt.-Col. H. C. Rogers being commodore, Mr. G. W. Hatton secretary, and Mr. E. B. Edwards one of the three members of the regatta committee.

Chemong Floating Bridge.

To the Editor of the Examiner:

DEAR SIR,—I would like to call the attention of the public generally and the members of the county council particularly to the gross mismanagement of the appropriations for the maintenance of this bridge. We do not object to the amount of money expended each year, in fact the county council has been fairly liberal in this regard, but to the manner of expenditure. It was on the breaking up of the ice on Chemong lake that this bridge was damaged. It is now nearing the middle of August, and only a little patching has yet been done. Probably in a week or so the bridge will be fully repaired and in good condition. It would have cost the same amount last May to have repaired the bridge as it will now. Yet in the meantime the lives of both men and animals have been endangered and the general traffic sadly impared by its ruinous condition. Now who is to blame? If the care-taker of the bridge could not spare his men sooner from his mill or if the repairing of the bridge is used by him only to fill up the slack season it is almost time that a man should be employed who would prefer the interest of the general public to his own convenience. The excuse that the water was too cold for his men cold to work is all nonsense. We consider the reeves of Ennismore and Smith and the county engineer are very negligent of their duty in this matter. Plenty of good practical men could be found in both Ennismore and Smith who have both time and ability to answer the duties of caretaker.

It would surprise the tax payer of this county if they knew how many thousands of dollars have been spent in repairing this bridge and, in the opinion of a large number at least, how small a return we have had for it.

RESIDENT.

The vicissitudes of climate are trying to most constitutions, especially to people having impure blood. For all such (and they constitute the majority), the best safeguard is Ayer's Sarsaparilla, the use of which cleanses the and strengthens and invigorates the system.

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

IF YOUR WATCH OR CLOCK needs repairing take it to Wyatt's jewellery store. d

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

The People Wonder

How it is W. J. Morrow sells Dingman's Electric Soap 5 bars for 25c. when all other houses give 4 for 25c. Well that is easily solved—we buy for cash and in larger quantities, getting special reductions as well as discounts. So we are prepared to give our customers better value. Ginger Ales, Mineral Waters of all kinds. Campers supplies. Ports and sherries 5, 6, 7, 8 and 10 years in wood. Brandies all ages. Whiskies all ages. Finest Canadian Ales, don't fail to call. Try Bajus' Lager, warranted to keep. W. J. MORROW, 340 George St.

The Williams Memorial.

The monument in memory of Col. Williams will be unveiled in Port Hope on Sept. 4th. This is while the Dominion Rifle Association matches are on, a fact which will prevent many from attending who would like to be present, though it is probable one or the other of the events will be postponed or anticipated, to prevent a clash of dates. The statue shows the gallant soldier bareheaded and on foot, rallying his men to form a square. He is a tall, handsome man, with a squiline nose, slight cheek whiskers and a mustache. He looks straight forward, and with his body turned to the right, holds his sword uplifted in his right hand and grasps his cap in his left. The left foot is advanced and firmly planted by the stump of a tree, while the right one rests on the log. The head, which is stated to be an excellent likeness, is most agreeable in effect.

IS YOUR BAKING POWDER PURE?

Do its Manufacturers Publish all the Ingredients Used?

IS IT FREE FROM AMMONIA?

As is well known, ammonia is unhealthful in food, and often up the bread material.

Protection to consumers of food compounds lies in their ability to choose those made from healthful substances. Unless manufacturers publish just what their baking powder is made of, do not use their goods, but buy instead

CLEVELAND'S SUPERIOR BAKING POWDER.

This powder is made only of strictly pure grape cream of tartar, and strictly pure bicarbonate of soda, with a little wheat flour to preserve it. This is attested by the official analyses of Government and State chemists, and physicians, and chemists of Boards of Health throughout the country.

CLEVELAND BROTHERS, ALBANY, N. Y.

BIRTH.

BORLAND.—At 292 Park street, on Monday, August 5th, the wife of Mr. J. A. Borland of a son.

ROYAL

BAKING POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. *Sold only in Cans.* ROYAL BAKING POWDER, No 106 Wall street N Y 1-c31w

Willow and Wicket.

Campbellford vs Lakefield—The Former Easy Victors—In one Innings with Twenty-five Runs to to the Good.

The following is the score of a match played at Campbellford on Saturday between Lakefield and Campbellford—an easy take for the home eleven. The wicket was in very bad condition, as a consequence of which several of the players got some hard hits they did not play for. In the second innings of Lakefield one player did not bat.

The score:

Campbellford.

424 GEORGE STREET,
PETERBOROUGH.
BOOMING Call Early and Secure Bargains

Constant Advertising in the Examiner Pays.

BERRIES FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day's a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00. Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

MRS. MAYBRICK'S STORY.

THE PRISONER READS HER STATEMENT IN COURT.

At Her Husband's Request She Gave Him a Powder Which He Said Was Harmless—A Fearful Wrong Confessed.

LIVERPOOL, Aug. 5.—At the trial of Mrs. Maybrick for the murder of her husband to-day Dr. Mackamara, ex-President of the College of Surgeons, certified that in his opinion Mr. Maybrick's death was due to gastro-enteritis and not to arsenic.

Dr. Paul, toxicological examiner in the Victoria University, declared it would take months to eliminate arsenic from the system, if it were taken over twice. He also thought the symptoms in the case of Mr. Maybrick accorded with those of gastro-enteritis.

A hairdresser said arsenic was frequently used by ladies to improve the complexion.

Mr. Poole, ex-Mayor of Liverpool, testified that in March last Maybrick had told him that he took poisonous medicines habitually.

This concluded the evidence and Mrs. Maybrick then read her statement. She explained the presence of fly papers in the house by saying she had bought them for use as cosmetics. For many years she had used a cosmetic prescribed by Dr. Griggs of Brooklyn, which contained arsenic. She had lost the prescription and wishing to make a substitute had soaked fly papers in elderflower water and lavender water and had covered the vessel holding the mixture with a plate and towel to exclude the air.

Continuing Mrs. Maybrick said: "On the night of May 9, after the nurse in attendance upon my husband had given him some meat juice, I went and sat by his bed. He complained of being very sick and depressed and implored me to give him a powder. Earlier in the day he had made a similar request and I had declined to administer the powder, but that evening I was overwrought terribly, very anxious and miserably unhappy. His distress unnerved me, and as he said the powder was harmless and I could put it in his food, I consented to mix it with some meat juice which I gave to him. After taking it deceased fell asleep and appeared better on awaking. I was not anxious to administer the powder. Afterwards I placed the bottle containing the meat juice on the washstand where it remained until Michael Maybrick, my brother-in-law, took possession of it. The day before my husband died I made a full confession to him of a fearful wrong I had done him and received his forgiveness."

This statement caused a sensation in court.

The Naval Review.

PORTSMOUTH, Aug. 5.—The review of the fleet took place at 4 o'clock this afternoon. The weather was clear and a high wind was blowing. As the Emperor approached the fleet in the yacht Hohenzollern, the German standard was displayed at the main of each ironclad. A salute was fired by the combined fleet and the yards were manned.

Grenfell's Victory.

CAIRO, Aug. 5.—Gen. Grenfell, commander of the Egyptian troops, who defeated the dervishes on Saturday, telegraphs that he has made a reconnoisance and found that the battle has completely broken the dervish army. Out of the force of 3000 men which Wad-el-Jumi took into battle on Saturday only a few remain. These are being pursued by Egyptian cavalry, and a column under Col. Wodehouse has gone to Abu-Simbel to head off the retreating dervishes. The bodies of several hundred dervishes and a large number of wounded, making a thousand in all, have been brought into Toski. Refugees are arriving at that town. The Egyptian loss in the battle was 17 killed and 120 wounded. Three British soldiers were wounded.

The Shah's Gifts to Carnot.

PARIS, Aug. 5.—The Shah has conferred the highest Persian order upon President Carnot. He also presented him with his portrait set in brilliants.

LABOR TROUBLES.

The Connellsville Coke Strike Spreading—Workmen Intimidated.

PITTSBURG, Aug. 5.—Despatches from the Connellsville coke region to-day indicate that the strike is spreading and the strikers claim it will be general in a few days. Nearly one half of the men are now idle. Fifteen hundred strikers marched to the Jimtown works of Schoonmaker & Co. this morning and drove the men from work.

Moulders on Strike.

ALBANY, Aug. 5.—Between 300 and 400 moulders employed by Rathbone, Sard & Co. quit work this morning on account of the discharge of one of their number last Saturday.

A Strike Against Starvation Wages.

READING, Pa., Aug. 5.—Over 100 young women employed in Hunsicker & Co's. hosiery mills struck to-day because the firm reduced wages from 14 to 12 cents per dozen stockings and announced that girls would be charged extra for use of machines, needles, etc.

THE ROGERS INQUEST.

None of the Witnesses Able to Assign Any Cause for the Explosion.

MONTREAL, Aug. 5.—The inquest into the cause of the death of Canadian Express Messenger Rogers was resumed to-night. Engineer Day deposed that he heard the rockets roaring in the car and saw the explosion. He then saw the car on fire and when it was uncoupled he ran it ahead and backed it down on another track. Joseph Darnant, the fireman, corroborated this, as did also the brakeman. Mr. Chadwick, the superintendent, detailed the methods of shipment but none of the witnesses could assign any cause for the accident. The inquest was adjourned till tomorrow night.

Attempted Train Wrecking.

WINNIPEG, Aug. 5.—A dastardly attempt at train wrecking was made near Saltcoats station on the Manitoba and Northwestern road on Saturday night, a pile of ties being placed on the track. No serious damage resulted.

A WESTERN CITY IN ASHES

SPOKANE FALLS (W.T.) VISITED BY A DISASTROUS FIRE.

The Entire Business Portion of the Place Wiped Out—The Loss About $13,000,000 With Light Insurance.

PORTLAND, Ore., Aug. 5.—As the result of a fire which broke out at 5 o'clock last night in the large frame block opposite the depot at Spokane Falls, Wash. T., nearly the entire business portion of the city, covering nearly 40 blocks, is in ashes. The loss is variously estimated at from $5,000,000 to $10,000,000. Every business house in the city, including eight banks, all the hotels but one and every newspaper, save The New Era, were burned out. The burned district includes that part of the city from the Northern Pacific Railway to the river and from Lincoln to Washington streets. The fire exhausted itself at the river for lack of material. All the flour and lumber mills were saved.

The origin of the fire is unknown. The whole district was burned over in three hours. The water supply proved totally inadequate, even for a small fire, and the firemen, as well as citizens, became panic stricken, while the high wind scattered burning embers and started fires in half-a-dozen different blocks at once.

Several people perished in the flames and several more were injured by leaping from windows. Charles Davis of Chicago, a guest at the Arlington House, was awakened by the flames bursting through his door on the third story. He jumped from the window, was shockingly mangled and died in a few minutes. A woman, name unknown, leaped from the second story of the Pacific Hotel and was killed. The fire spread with such astonishing rapidity that it is believed many were shut off from escape before they were aware of their danger. A dozen large buildings were blown up by giant powder by order of the Mayor, but even this proved futile.

The Northern Pacific Railway is probably the heaviest loser, the passenger depot and the magnificent new freight warehouse being destroyed. Their loss, including the freight burned, will reach $1,000,000. All the provisions and supplies were burned, and there will necessarily be much suffering for several days.

The Western Union office was also burned and all instruments destroyed except one, which an operator worked on a drygoods box outside the city.

Ten banking houses, five hotels, the opera house and many wholesale establishments doing a business estimated at $500,000 each, were situated within the district described. The estimate of a $30,000,000 loss is believed to be exaggerated. Half that amount is thought to be nearer the actual figure. The population of the city is about 20,000. The city possessed an excellent waterworks, modelled after the Holly system. There were no fire engines, but by the system in use five or six good sized streams of water could be concentrated upon any block in case of fire. The fire department was a volunteer one.

The City Council met to-day and appointed a committee on relief. It was decided that provisions should be sent for and the needy supplied free. The superintendent of the city waterworks was denounced by the council for neglecting his duty, he being away at the time of the fire. The big pumps were not connected and as a result there was scarcely any pressure. Had the contrary been the case the fire would have been easily got under control. The militia is out in force and all persons without passes are forbidden to enter the burnt district. Five of the seven banks destroyed were again doing business to-day, all being located in the Crescent block, the only business structure saved. The people wear a cheerful air and bear their losses bravely. Many business men have already signified their intention to rebuild.

As to insurance the best information here is that no large amounts were carried. The chief losses as nearly as can be inferred from reports that have reached Helena are as follows: Holley, Mason, Marks & Co., hardware, $125,000; Great Eastern Wholesale and Retail Drygoods Company, $100,000; The "White House," drygoods, $80,000; Lowenburg Bros., $100,000; Benham & Griffith, groceries, $640,000; Mason, Smith & Co., groceries, $40,000; Pacific Hotel $40,000; Grand Hotel, $40,000; Windsor, $25,000; Hyde Block, $75,000; Washington Block, $65,000; Crescent, $30,000; Cannon Block, $20,000; Moore Block, $30,000; First National Bank Block, $25,000; Wolverton Block, $75,000; Frankford Block, $125,000; Jull Block, $75,000.

Another Estimate of the Loss.

SAN FRANCISCO, Aug. 5.—The Coast Review and Insurance Journal published here estimates the loss by the Spokane fire at $6,000,000, insurance $2,339,300.

FIRE AT MT. FOREST.

Yeoman's Mills Burnt—The Bridge Over the Saugeen Consumed.

MT. FOREST, Aug. 5.—On Sunday morning about 5 o'clock a fire broke out in the grist mill belonging to William Orr of this town and generally known as Yeoman's Mills. It being an old building the flames spread with great rapidity and in a few minutes the building was a mass of flames. The efforts of the firemen were directed towards saving the bridge over the Saugeen River, but the heat was so intense that they were driven back, and about 1¼ hours later the bridge, which cost the town about $3500, fell into the river. The mill was insured for $3500 in the Western. It contained a large amount of customers' grain, etc., which was all consumed. The bridge has already cost the town over $10,000, having been swept away three times in ten years.

CHARGED WITH ARSON.

A Portage-la-Prairie Lawyer Arrested—Politics Said to Figure in the Case.

WINNIPEG, Aug. 5.—P. Vances Georgen, one of the leading lawyers of Portage-la-Prairie, was arrested to-day on a charge of arson. He was released at once on his own recognizances and his friends say the whole charge arises from political differences.

CANNIBALISM IN CHINA.

The Drowning of Females Will Hereafter Be a Misdemeanor.

SAN FRANCISCO, Aug. 5.—The steamship City of Pekin, which arrived to-day, brings tidings of an attempt at cannibalism at Pao Shan Hien, near Shanghai. The proprietor of a public bath there became possessed of the notion that to eat a child would cure him of an illness from which he was suffering. From an old woman he bought a child which he induced a coolie to kill. The body was discovered by the authorities in a large jar ready for cooking. All the persons connected with the crime have been arrested.

The Viceroy of Fukien and Chekiang has issued a proclamation against the drowning of female children, which has been common of late. He notifies families that hereafter the penalty provided by law will be strictly enforced. The penalty is sixty blows of the bamboo and one year's banishment.

Oshawa Notes.

OSHAWA, Aug. 5.—A telegram was received here this morning from Buffalo announcing the death of E. A., second son of Edward Carswell, the temperance lecturer. Deceased was for several years connected with the Standard Bank, being lately located at Chatham. He was 23 years old. The body arrived here this evening.

The $15,000 bonus for a railway from Oshawa harbor to the town and leading manufacturing establishments will be voted on next Saturday.

The Algerian Repaired.

KINGSTON, Aug. 5.—The Algerian passed up yesterday, having been raised and repaired. It was found that there were two holes in her hull, one 3 by 4 feet and the other 2 feet square. They were covered with boiler plate and the space between the wood and iron filled with cement.

The St. Lawrence has reached here. The hole in her hull will be repaired in a few days and it is expected the entire expense will not be over $500.

Moore Gets Off Easily.

KINGSTON, Aug. 5.—T. Moore, lately a clerk in the post office, charged with unlawfully opening a letter, was tried this afternoon before Judge Price and fined $25.

THE BLACK DIAMONDS ESCAPE.

The United States Acting Secretary of State Interviewed.

WASHINGTON, Aug. 5.—Acting Secretary Wharton was asked to-day if the State Department had anything to say respecting the escape of the British sealer Black Diamond. "The Department," Mr. Wharton replied, "has not been advised of the seizure of the Black Diamond or other vessels, has no news whatever on the subject and, therefore, has no statement to make in regard to its future action. This whole matter of the seizure of these vessels, so far as it has gone, is under the control and direction of the Treasury Department. If there is any blame attaching to these seizures it must be laid at the doors of Congress. It passed a law directing the President to issue his proclamation extending to the American waters in Behring Sea the same protection over the seal and other fur-bearing animals as he accorded the fur-bearing inhabitants of Alaska and the waters thereof by the general act on fisheries, and that law is simply being enforced. That is what we are here for—to carry out the laws that Congress enacts. So far this question has not become an international one. The State Department has not been informed officially of any part of the proceedings, and therefore has nothing to act upon."

TORONTO TOPICS.

Hit With a Brick—An Important Judgment at Osgoode Hall.

TORONTO, Aug. 6.—Another accident occurred at Rose-avenue school yesterday morning. A carpenter, named William Smith, was passing under where bricks were being hoisted with a rope, when a brick fell and struck him on the head, inflicting several severe scalp wounds.

Mr. Justice MacMahon yesterday gave judgment at Osgoode Hall on the application made by Mr. S. F. Marter, M.L.A., for a mandamus to compel the Court of Revision for the town of Gravenhurst to hear the appeals of 21 complainants whose names had ten days prior to the meeting of the Court of Revision on June 18 been furnished to the clerk of the municipality as being entitled to be put on the voters' list under the Manhood Suffrage Act. The Court of Revision disposed of the other appeals that were on the list in relation to those who were tenants and owners, but refused to hear the claimants, stating that they regarded them as being political appeals and that they preferred their being heard by the judge. Mr. Justice MacMahon ordered that a peremptory writ of mandamus should issue to the members of the Court of Revision of Gravenhurst, commanding the court to sit for the purpose of hearing the appeals on the list under the Manhood Suffrage Act, and ordering the costs to be paid by the defendants.

TRADE AND TRAFFIC.

Leading Features of the Grain and Produce Markets at Home and Abroad.

TORONTO, Aug. 6.—Receipts of hay and straw on St. Lawrence Market yesterday were light, the demand moderate and prices unchanged. New hay sold at $9 to $12 and old at $14. Straw sold at $5 to $11.

The receipts of grain were one load of oats that sold at 36½ cents.

BREADSTUFFS.

There is nothing doing in grain circles. Millers are holding off and grain men are holding on. If the reports of the wheat crop not turning out so well receive confirmation, prices will not likely grow lower, but if the harvest equals former expectations, there will probably be a drop. Quotations: Straight rollers, $4.60, to $4.70; extras, $4.20 to $4.25; strong bakers, $4.75 to $5.00 patents, $4.90 to $5.75. Wheat—No. 2 fall, $1.02 to $1.03; No. 2 spring, $1.02 to $1.03; No. 2 red winter, $1.04 to $1.05; No. 1 hard, $1.12. Oats—Firm. Mixed on track, 33 to 34c. Peas—Good demand, at 60 to 61c. outside. Bran—Easier, at $10 on track.

PRODUCE.

Butter—Receipts moderate, demand fair; 14c to 16c. Cheese—Weak at 7c to 8½c. Eggs—Firm at 13c. Potatoes—Scarce. New American, $1.10 per bag. Baled hay—Choice timothy $12 to $13, mixed $10 to $10.50. Straw—$6.50 to $7. Apples—New American, $3 to $3.50 per barrel.

PROVISIONS.

Bacon—Long clear, 8½c to 9c; bellies and backs, 12c to 12½c; rolls 10c to 10½c. Mess pork—$14.50 to $15. Hams—Smoked, 12½c; sugar pickled, 11c. Lard—Canadian pails, 11c to 11½c, and tubs, 10½c; American, 9½c. Dressed hogs—Small lots, $7 to $7.25. Tallow—3½c; rough 2c to 2½c.

Owing to the holiday there were no English markets reported yesterday.

THE CHEESE MARKETS.

Buffalo reports: At the cheese market yesterday Marshfield sold 1450 boxes at 8 5-8, and Cloverfield 1900 boxes at 8 5-8. Excelsior offered 400 boxes but were not sold.

Little Falls reports: The cheese market shows a marked improvement and it looks like a healthy change and that the low prices of several weeks past would not be seen again this season. The home trade is rather better in tone and strength and operators were quite ready to meet the advance. Sales are quite large as follows: 62 lots at 8c; 33 at 8¼c; 20 at 8¾c; 2 at 8¾c; 1 at 8¾c; 10 on commission. Total boxes 9812. There were also 1022 boxes farm dairy cheese sold at 7½ to 8¼c, the ruling figure being 8c. There were 53 packages creamery butter sold at 16c and 15 of farm dairy at 16 to 17c.

Utica reports: The principal topic of conversation on the cheese market yesterday was the failure of Dorlaxer & Co., by which a large number of factories in Central New York have suffered severely. It was considered doubtful whether the property coming into the hands of the assignee would be sufficient to make good even in part the losses which the dairymen, who are their creditors, must sustain. Some factories lose as high as $1000, while one loses $1800. The market manifested an improvement at that was most welcome. Toward the close the price advanced materially. The improvement showed itself in the fact that the ruling price was established at 8 cents or 3-8c better than last Monday, and it came very near going higher. Transactions were as follows: 5 lots at 7 7-8c; 81 at 8c; 9 at 8 1-8c; 22 at 8 1-4c; 11 at 8 3-8c; 21 at 8 1-2c; 3 at 8 5-8c; 24 on commission. Total 178 lots, 17,382 boxes; ruling price 8c. Transactions one year ago were 19,286 boxes; ruling price 8 1-2.

Three Were Drowned.

PITTSBURG, Aug. 5.—A wagon containing refuse which was being unloaded on the river bank here was backed into the river by the horses and upset. There were five persons in the wagon, and three were drowned—Henry Simmons, aged 24, Willie Simmons 12, and Eddie Deplore 9.

Hippolyte Repulsed.

NEW YORK, Aug. 5.—The Hayt'an Consul-General has received advices under date of July 28 from Port-au-Prince stating that Hippolyte and Jean Jumeau with their combined forces attacked Port-au-Prince but were routed. The attacking forces retreated towards St. Marc.

One Way Smallpox Travels.

ALBANY, Aug. 5.—Mrs. Mary Muhlech, a midwife, was taken ill Saturday, and to-day was pronounced suffering from smallpox. The disease was contracted from her son Renard, who had what the attending physician wrongly diagnosed as chicken-pox. Investigation disclosed that the son reached home from Colorado June 27 and traveled part of the way in the same seat with a stranger who's head was tied up and whose face was covered with boils. This man, who came from Buffalo, was suffering from smallpox, as the States Board of Health records show, and he communicated the disease to young Muhlech.

Haley Dismembied His Love.

GUELPH, Aug. 5.—Patrick Haley, who stabbed Miss Ellis at a dance in Garafraxa and was surrendered by his father on Friday, says that he committed the crime out of love for the girl. He will come up for trial here next Friday. The wounds in his throat made in an attempt to commit suicide are not serious. Miss Ellis is now out of danger.

Fatal Jealousy.

SAN FRANCISCO, Aug. 5.—John Carter, a guard at San Quentin prison, shot and killed his wife to-day while she was dressing her hair before a mirror and shot himself dead. Cause jealousy.

BURKE IN COOK CO. JAIL

THE EXTRADITED SUSPECT SAFELY LANDED AT CHICAGO.

Clan-na-Gael Assassins, Pretending to be Friends of Dr. Cronin, Attempt to Kill the Prisoner en Route.

FARGO, Dak., Aug. 5.—Burke, in the custody of the Chicago detectives, passed through this city last night on his way to Chicago. He was chained to the floor of the sleeper and handcuffed to two of the officers. There was an officer in front and one behind, leaving small chance for escape. At every station where the train stopped there was a crowd waiting to catch a glimpse of Burke. At Grafton, a few miles this side of the line, there were at least 300 men, the most of them apparently Irishmen, who boarded the sleeper and demanded admittance. Many were persistent in their demands to get into the car, telling Lieut. Ross that if they could only catch a glimpse of the prisoner they would kill him with as little hesitancy as they would a rat.

"Dr. Cronin," said one of them, "was a cousin of mine, and I would avenge his death if I could only get a chance."

As he spoke he drew a revolver and peered into the smoking compartment of the car where Burke was with two officers, but before he had time to distinguish the faces Lieut. Ross hustled him out of the car. Burke heard the stranger's denunciation and threats, but kept cool. "I might as well be shot in Dakota as hanged in Chicago," he said when he heard the threats. Notwithstanding this he was, it is asserted, badly frightened.

Landed in Cook County Jail.

CHICAGO, Aug. 5.—Burke, the Cronin suspect from Winnipeg, was safely landed in jail here to-night.

To Be Tried Aug. 26.

CHICAGO, Aug. 5.—Judge Horton to-day settled the matter of the change of venue asked for by P. O'Sullivan, the ice man, by transferring O'Sullivan's case with those of all the other prisoners from Branch No. 1 of the Criminal Court, over which he presides, to Branch No. 2, presided over by Judge McConnell. The prisoners will be tried there together. Judge Horton overruled the motion to quash the indictments in the cases of Beggs, Coughlin, Woodruff and Kunze. The prisoners were arraigned and each pleaded "not guilty." On motion of the State's Attorney the case against all the prisoners was set for trial before Judge McConnell, Monday, Aug. 26.

After Canadian Timber.

GRAND RAPIDS, Mich., Aug. 5.—Dwight Cutler, of the Cutler & Savidge Lumber Company, Grand Haven, is off for Canada with the view of buying a site to which to transfer, in course of a year or so, the company's big Grand Haven lumber mill. The company own the stumpage on about a

TUESDAY, AUGUST 6, 1889.

THE SAWDUST QUESTION.

The sawdust question is a difficult one. It involves a conflict of differing interests. On the one hand we have interests involving the employment of thousands of dollars of capital and the occupation of thousands of employes. The profitable employment of this capital would be endangered by a too rigid and sudden enforcement of the anti-sawdust statute. On the other hand the purity of our river is endangered by allowing sawdust to enter its waters, and, besides, the fishing industry and amusement is adversely affected. We all know that the river is already polluted, through practices of many years gone by, when there was no attempt at restraining the pollution of the river by saw mill refuse —when sawdust, slabs, edgings, etc., were dumped into the river in immense quantities without restraint or check; in fact, this disposition of the refuse was the easiest and universally practised method. It is from the effect of this practice that the pollution now complained of chiefly arises. The mill-owners at present on the Otonabee river are responsible for only a comparatively slight offence in this respect. The quantity of sawdust entering the river now is a mere handful as compared with the inundations of former years. Then there was no attempt to prevent, but, on the contrary, every encouragement was given, the sawdust and kindred refuse entering the river. Now some of the mill-owners have taken the best precautions practicable, with a view to minimising the quantity of sawdust entering the waters of the river. A complete exclusion is impossible if the mills are to be run at all. Now, when an attempt, *in bonâ fides*, is made to meet the requirements of the law, it would be only reasonable if the government should mitigate the severity of its prosecution for merely technical breaches of the law. In this matter it seems reasonable to require that something like justice and equity should be considered rather than rigid administration of the law. If a rigid enforcement of the law is the policy of the government it is only fair that this *desideratum* should be reached by degrees. Without a radical change in the construction of many of the mills, meaning a total suspension of operations for a long time, and a large expenditure of money, the evil complained cannot be removed by the mill owners. If the law must be enforced—and it is without doubt imperative that the pollution of the river by sawdust should cease—let the process of prevention be gradual, and, above all, let it be universally applied. It is difficult to see why the government has selected Peterborough water and Peterborough mill owners, as objects of exemplary prosecution. Under the very noses of ministers of the crown at Ottawa the work of water pollution is going on unreproved by process or warning—by prosecution or protest. Why is this discrimination made? The quantity of sawdust entering Ottawa waters is bushels to pints, compared to the quantity entering the Otonabee. The Board of Trade have very properly selected the subject of sawdust as a theme for discussion at their meeting to-night and it is to be hoped that the temperate view may prevail—that the difficulties of the mill-owners will be recognized as well as their efforts to mitigate the evil, and that the Board, while striving to guard local interests, in the matter of river pollution, will not neglect to reprove the jug-handled justice, by which the Government rides rough-shod over Peterborough mill-owners and permits Ottawa log-grinders to go scott free.

PLAIN SPEAKING.

The Galt *Reporter* of last week charged Mr. Mowat with being "one of the conspirators" along with Mr. Mercier in having the Jesuit Estate Act passed in the Quebec Legislature and brought before the Dominion Government for allowance, and calls upon the Hamilton *Times*, contrary to the spirit of British justice to prove Mr. Mowat innocent. After a little preliminary sparring the *Times* handles the Galt *Reporter* without gloves, though it is a subject, in a political and journalistic sense that would be more comfortably handled with gloves. The *Times* says: "But the *Reporter* shows its gall when it attempts to throw the blame on Mr. Mowat of stirring up religious strife. Our contemporary cannot have forgotten the vile attempt made at last Provincial election to beat Mr. Mowat by raising the Separate School question. Invulnerable in all points connected with the material government of the Province, the Conservatives saw it was hopeless to drive Mr. Mowat from power unless they were able to kindle the fires of race and religious bigotry, and they seized upon the Separate School question as the readiest means to do so. Not content with hounding the Reform Government for the provision it had made for the education of the children of a large body of the citizens, their party organs foully abused them and in some cases drove respectable Conservatives who were Irishmen and Catholics out of their ranks, so virulent and bitter were they in their desire to defeat the "little tyrant." Everybody knows with what result—how Mr. Mowat was again triumphantly returned to control the public affairs of the Province. No sooner were the elections over than the hungry Conservative crew began again to plot for Mr. Mowat's down-fall. The Separate School cry failed and the French School cry has been taken up in its stead. In the meantime the Jesuit question has agitated a large portion of the public and the constant aim of the Conservatives has been how best to turn it against Mr. Mowat. Men like Mr. McCarthy and Mr. Hughes have railed at the Jesuits, but their plottings have been turned against the Ontario Government. Anything to beat Mowat. Mr. Mercier passed the Jesuit Bill, then go for Mowat. Sir John Macdonald allowed the Jesuit Bill, then punish Mowat. The Governor-General refuses to disallow the Bill, then drive Mr. Mowat from office. The Jesuits are a bad lot, then hound Mowat from power. The Pope's name is mentioned in the Bill, then vote against Mowat. The Jesuit Bill had either to be allowed or disallowed. If the former, then Sir John Macdonald did right in allowing it to become law. If it would have been right to disallow the Bill he should have disallowed it. As it was he had almost the unanimous support of the Reform party, and it would puzzle a Philadelphia lawyer to show what the Reform party could gain in the matter more than the Tory party. Mr. Mowat is no fool, even the *Reporter* will admit that, but he certainly would have been one to concoct such a nonsensical scheme without first finding out what his own party thought about it, and before he was sure of their support to help carry out the plot. The evidence produced by the *Reporter* against Mr. Mowat is not sufficient to convict. In fact there is no evidence. Mr. Mowat is neither a potter nor a schemer, and were it not that he is secure in the affections of the people one would wonder how he so easily withstood the machinations of men who would stick at nothing to gain the power in Provincial matters. He has withstood the assaults and attacks of a gang of political ruffians who used the most despicable weapons to gain their ends, and he will withstand them again and again. He has played neither a bitter nor a dangerous game, and he requires no whitewashing at our hands. The people of Ontario have again and again certified to the fact that he is a just ruler, and the longer he serves them and the oftener he appeals for their suffrages the more emphatic will the endorsation be. Mowat is not a conspirator."

A Flat Contradiction.

Some one has told you that your catarrh is incurable. It is not so. Dr. Sage's Catarrh Remedy will cure it. It is pleasant to use, and always does its work thoroughly. We have yet to hear of a case in which it did not accomplish a cure when faithfully used. Catarrh is a disease which it is dangerous to neglect. A certain remedy is at your command. Avail yourself of it before the complaint assumes a more serious form. All druggists. a

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont, 2w31d

25 REASONS

FOR

DRINKING

ROYAL DANDELION COFFEE

Some drink because they are hungry.
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

GEORGE STETHEM

Luxuriant Growths of Hair are seen on the heads of all who use

DR. DORENWEND'S

GREAT GERMAN

HAIR MAGIC.

The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do not let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to shove them off in this way. See that each bottle bears seal and signature

A. DORENWEND,

Sole Manufacturer, Paris Hair Works, 103 & 105 Yonge street, Toronto, Canada.

Bangs, Frontpieces, Waves, Wigs, Switches, Goat's Wigs, Toupees, and Hair Goods of all kinds are supplied by A. Dorenwend. Send to above address for circulars and prices. dw

CORRECT

TIME

A WATCH or CLOCK is not of much use if it *does not* keep good time. If you want a correct timekeeper buy it at MUNCASTER'S. Or if you want your watch or clock repaired so that you can tell the time by it, take it to MUNCASTER'S.

ENGRAVING in the highest style of the art. Watches, Clocks and Jewelry at Lowest Prices.

MUNCASTER'S

FUN AND PHILOSOPHY.

"My dear," said Mr. Phunnyman, "why is the Prince of Wales a geographical paradox?" "Give it up." "Why, because he is allowed so much latitude that he is without a parallel."

The Price of Royalty. Mrs. Smith—Yes, my daughter Lucy married a blacksmith, and they have a nice home and are getting along nicely. Mary married a butcher and is very comfortably provided for. Jennie married a section hand and they are happily situated.

Mrs. Jones—And your daughter Gladys?

Mrs. Smith.—Alas! she married a foreign nobleman. I send her $2 per week and some discarded dresses, and by taking in washing she manages to support the family.

Tom—Hello, Tag. What's that sign on your front door for, "No Admittance Except on Business?"

Tagg—There have been so many young men calling on my daughters, and their visits have been so fruitless that I have adopted this means to reduce the surplus.

Before offering yourself to the plump-looking toboggan girl you met last winter, perhaps it would be as well to wait until you see her on the beach this summer.

Smith—I think Miss De Blank is very rude.

Jones—What causes you to think that? I never thought her so.

Smith—I met her down town this afternoon, and asked if I might see her home. She said "Yes;" I could see it from the top of the high school building, and that it wasn't necessary to go any further.

The widow is less selfish than the maiden for, while the latter is always looking out for No. 1, she is satisfied in watching for No. 2.

There were seated in the parlor and he was declaring his love in fervent tones. All at once she stopped him with an imperious gesture and a look of pain overspread her countenance.

"Wait! wait!" she exclaimed in short, sharp tones.

In a moment the sneeze came, and Heloise, looking tenderly up into his face, said: "As you were saying, George!"

Smith—So you were seasick in crossing, were you, old man? Why didn't you take your 's a legs along?

Muttonhedde—So I did; but how about my land stomach?

Frenchman (proudly)—You have not in an German empire anything so tall as ze great Eiffel Tower.

German (indignantly)—No, and you don't got noddings so stout like Limburger cheese!"

"I am getting awfully tired of hearing about the virtues of the late Mrs. Brookson," said the second Mrs. Brookson. "It looks to me as if your second wife ought to be as dear as your first, Mr. Brookson."

"You would be if you were only in the same place," was the heartless brute's answer.

Visitor—I don't see Signor Samson, the modern Hercules, here to-day.

Attendant—No, he tried to carry a scuttle of coal for his wife last night and overexerted himself. Doctor says he'll be out in a week, though.

He Had Not Fixed the Exact Year.—Husband (. Popular Actress—My wife has decided to retire from the stage. Friend—Indeed! At once? Husband—N—no, not exactly at once. We have not yet decided upon the exact year, but she will begin her first farewell tour next season.

Prudent Lover—I have a vital secret to confide in you which you must promise to forever hold sacred.

Kind Parent—What is your secret?

Prudent Lover—I want your daughter's hand in marriage.

Kind Parent—I shall never give it away.

"What's the matter?" asked a travelling man of the landlord one Sunday; "the saloons are all open."

"Yes; that's quite usual."

"But I thought there was a law closing them on Sundays."

"So there was."

"What's become of it?"

"Well, it's got broken.

Progress and Poverty—Driving street car at $1 a day.

The only way to get a hen out of the garden is to go slow but shoo'er.

A widow who owns a stock range in Colorado is no longer called a "cattle queen." She is a "grass widow."

It is industry more than birth that lifts a boy up in the world. A bootblack may shine in society if he will stoop to conquer. New Orleans Picayune.

LOVE'S YOUNG DREAM.

Balmy June,
Silvery moon,
Half past eight,
Garden gate.
Swing till ten,
Part they then?
In a horn;
Swing till morn.

Visitor—You say this ruined castle is haunted?

Guide—Undoubtedly. The spectre can be seen almost every night.

"It is probably the ghost of some robber."

"No, it is the ghost of an actor, who neglected while living to have himself photographed in his favorite role, and who subsequently cannot rest in his grave."

The tombstone is about the only thing that can stand upright and lie on its face at the same time.

Truth crushed to earth will rise again, but by that time the funeral of some one's character is all over.

Every man has his role in life, especially the man who tries to ride the bucking mule at a circus.

His Suicide Justifiable.

Miss Keenspeech (examining the Cleopatra costumes as they appear in newspaper illustration)—"Historically correct they are? If the original Cleopatra looked that way I don't in the least wonder that Mark Antony committed suicide."—Drake's Magazine.

CANADIAN BUILT CARS.

Secretary Windom Practically Decides That They are Not Subject to Duty.

WASHINGTON, Aug. 3.—In a letter to the Collector of Customs at Detroit Secretary Windom says: "The department has fully considered the question submitted by you of the dutiable or non-dutiable character of foreign built railway cars coming into the United States from Canada laden, or for the purpose of being laden with mails, passengers, baggage, express matter or freight. The records of this department show that railway cars engaged in the so-called transit trade partly over the territory of the United States and partly over the territory of Canada have never been regarded as importations subject to duty, but simply as vehicles of transportation for conducting an established and legalized traffic. In letters from this department to the President of the New York Central Railway Feb. 2, 1869; to the Collector at Port Huron April 27, 1870, and to the Collector at Burlington Dec. 3, 1875, and Jan. 9, 1882, it was held that such practice was not obnoxious to the revenue laws of the United States and did not subject foreign-built cars running in the transit trade between Canada and the United States to duty since section 3102, Revised Statutes, authorizes foreign railway cars laden with importations to enter the United States and proceed to destination, and section 3006, Revised Statutes, authorizes the cars of both countries to engage in international traffic, and the merchandise so carried to be treated as if the transportation had taken place entirely within the limits of the United States. The principle so adopted and announced has remained in force for more than 20 years and does not seem to have been impeached or questioned in or by any statute or other Congressional action, or any judicial decision or treaty, or any departmental regulation or restriction in all that time, it being considered that the action taken by the department Jan. 3, 1869, and which action was recalled and rescinded before the same had taken effect, did not amount to a disturbance or impeachment of the otherwise unbroken practice. In view of the long-settled rule and practice upon the subject the department does not deem it conformable to the public interest to disturb the decision deliberately reached and repeatedly affirmed and must hold that the question is no longer open to administrative construction. It only remains to advise you that, while these rulings are adhered to in deference to the reasonable requirements of commerce, not to permit such practice to degenerate into a license for the free importation of foreign-built railway cars into the domestic traffic of the United States under cover of the established usage described in the preceding paragraphs."

Fire in China. Floods in Japan.

SAN FRANCISCO, Aug. 4.—The steamer City of Pekin arrived to-day from Hong Kong and Yokohama. There is much suffering in Loo Chow, China, caused by the late fire, which destroyed three-fifths of the city. It is difficult for many poor people to find means to sustain life. Fortunately rice is exceedingly cheap.

Heavy rains fell in certain districts of Japan last month. At Amagi and neighborhood on July 10 565 565 houses were washed away or knocked down and 20 drowned. At Hita on the same date 200 houses were washed away and nine people drowned.

The vicissitudes of climate are trying to most constitutions, especially to people having impure blood. For all such (and they constitute the majority), the best safeguard is Ayer's Sarsaparilla, the use of which cleanses the and strengthens and invigorates the system.

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw 32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

A REMEDY that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Cured

My eyes are now in a splendid condition, and I am as well and strong as ever.—Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

By Taking

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendal T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete.—W. E. Sutherland, Evangelist, Shelby City, Ky.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price $1; six bottles, $5.

ONE YEAR IN BUSINESS!

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had as a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

"Coffees Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

Personal.

Dr. E. A. Spilsbury, of Toronto, will be at the Grand Central Hotel, Peterborough, on Saturday, August 10th, for consultation from 1 to 4 p.m. See card.

Willow and Wicket.

The match to have been played to-day between a home team and East Toronto, is off, the latter wiring their inability to get a team together. Too much holiday.

That distention of the stomach which many people feel after eating, may be due to improper mastication of the food; but, in most cases, it indicates a weakness of the digestive organs, the best remedy for which is one of Ayer's Pills, to be taken after dinner.

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

Board of Trade Meeting.

The members of the Board of Trade are reminded of the special meeting to-night in the council chamber. A full attendance is requested.

J. H. BURNHAM,
1d Secretary.

Ashburnham Council.

There was a meeting of the Ashburnham council last night. After passing several accounts to the amount of $343,83, the contract with Wm. Fitzgerald for the construction of the new town hall for $1,889, was confirmed, and the council adjourned.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

At the head of the class stands M. R. KIDD in choice teas.

The New Market.

The time for receiving tenders for the new market building has been extended to Thursday, August 8th, 1889, at four o'clock, p.m. Pressed brick will not be required. Tenders must be in accordance with the plans and specifications, which may be seen at the office of J. E. Belcher, Esq., Town Engineer. Tenders to be left at the Town Clerk's office.

T. CAHILL.
Aug. 3, 1889. 3d29

Our Civic Holiday.

The Port Hope *Times* contains the following:—"Peterborough Civic Holiday has been fixed for the 3rd September,—because the circus will be there on that day." If one were in a hurry and wished to characterize this statement correctly in plain terse Anglo Saxon, he would write the little word—lie—there's not a word of truth in it. Peterborough's Civic Holiday is fixed for August, fifteenth a thing to be remembered as well as the fact that the cheapest and best teas in the town are to be found at Hawley Bros tea store George street, also choice coffees and beautiful glassware.

Sons of Canada Correction.

About the second of July one J. Butler appeared in the police court for two enthusiastic celebration of Dominion Day. An evening contemporary referred to him as a "Son of Canada," some persons being assured that he was a member of the order here, and the request to have the statement corrected was refused. This statement is now being used to the detriment of the Sons of Canada excursion to Jubilee Point on Dominion Day. This man Butler who figured in the police court was never a member of the order and has no connection whatever with it.

You are Specially Invited.

You, that is, yourself, personally, individually, are invited to attend the excursion of Court Little John Foresters to Niagara Falls, on Thursday, August 15th, Civic Holiday. In these hard times of monetary famine, every shilling counts. This excursion is the cheapest of the season—only $1.75 to Toronto and return—only $2.00 to the Canadian Chautauqua and Niagara Falls and return. You may leave Peterborough on any of three trains on Thursday—at 4.56 a.m., 7 a.m., or 5.40 p.m. Tickets good for two days. You may cross the lake on either of the palace steamers, Chicora or Cibola. Don't neglect this chance for a delightful excursion. Tickets to be had at all the bookstores and from members of Court Little John. 2d

Civic Tournament at Cobourg.

Under the management of the Town Council, Citizens' Band and Fire Dept., a grand civic tournament will be held at Cobourg on Wednesday, Thursday and Friday, Aug. 21st, 22nd and 23rd. $2000 are offered in prizes. The first day's programme will comprise—(1) official test of new waterworks, (2) first class band competition, for which the best musical organizations in the Dominion have entered, (3) horse races, (4) baseball matches, (5) grand concert, including cornet contest and snare drum contest. The second day's programme will comprise—(1) grand firemen's parade, (2) second class band competition, (3) firemen's band competition, (4) uniformed fire company competition, (5) hose, trail and hook and ladder races, (6) waterworks test, horse races and baseball matches continued, (7) Chas. G. Craig's company at Victoria Opera House in the evening. The third day's programme will comprise — grand sailing regatta of all second, third and fourth class yachts belonging to the Lake Yacht Sailing Association. Excursions from all points at very low rates.

Millers in Council.

A well attended meeting of the millers of the district was held in the council chamber to-day. The following gentlemen were present:—Mr. Plewes, Secretary of the Dominion Millers' Association; Messrs Waterbrook, Tweed; D. McLean, Lakefield. H. A. Mulhern, Ashburnham; Smith, Campbellford; Fowlds, Hastings; Rayburn, Deseronto (representing the Rathbun Co.); Thurston, Beaverton; Mackenzie, Beaverton; Sills, Myersburgh; Geo. Hilliard, Peterborough; Rollins, Madoc; J. Hall, Lakefield; Peplow, Port Hope; Lazier, Bellefield; Muldrum & Davidson, Peterborough. *et alia*;

The object of the meeting is to perfect local organization in connection with the Dominion Millers' Association. One of the objects of the local organizations is to secure the co-operation of farmers, for their interests in the matter in question are closely connected with those of the millers, as well as those rights which the Dominion Government have conceded are due the millers.

Last year 264,720 barrels of flour came into Canada from the United States. This represents 1,250,000 bushels of wheat which our millers would have been able to buy from our farmers, under the conditions the millers are seeking to gain.

The meeting is in progress as we go to press. A full report of the proceedings will appear in to-morrow's issue.

Farm Gleanings.

A head of timothy has been left at the EXAMINER office, grown on the farm of Mr Geo. Webber, Otonabee, which measures 11½ inches in length.

Mr. J. M. Drummond, of Otonabee, has left at this office specimens of the black Tartarian oat, one head of which measures 20 inches in length. A specimen of the straw seems like a walking stick; it measures 1½ inches in circumference, and the puzzle is whether an axe or reaper shall be used for cutting it.

The grain field is not a healthy place for dogs. The other day Mr. Duncan McIntyre, while reaping was suddenly confronted by the farm dog rising from a woodchuck's hole in front of the cutter bar, and in a trice the four-legged canine had only one leg—that was attached to his body. Mr. McIntyre can the better afford the loss of the dog's leg, because he has one of the best fields of wheat in the township.

The fall wheat in Otonabee is not up to the mark. Some fields with straw enough for 50 bushels to the acre will not much more than repay cutting. Early fields are better than late ones. The berry is of small size, some of it meriting the application of that farmers expression of contempt for grain quality—"chicken feed."

Spring wheat is a better crop, though there are evidences of the work of the Hessian fly, this pest cuts through the stem and the head falls. This is not however serious.

A Practical Joke.

The "Bard of Gallisheels" Puts up a Job on the Corporal.

The following joke was perpetrated on the corporal of the Mounted Police stationed at Banff, N.W.T., which may be related best in dialogue form. The corporal, as in duty bound, is ever on the alert when trains arrive to see that no excisable liquors are smuggled into Banff. The joker, who is a former resident of Peterborough known as the bard of Gallisheels, and knowing how zealous and faithful the corporal performed this duty, addressed him as follows:

"I say, corporal, come here," asking him aside, "how much does the informer get if he gives you a clue to make a successful havl?"

Corporal—He gets the half.

Informer—How much would that be?

Corporal—Fifty dollars.

Informer—Honor bright: is that so?

Corporal—Yes; if you know where any smuggling is going on, and let me know, and I succeed in making out a case and gaining a conviction, you shall have $50.

Informer—I know where some smuggling has been going on for some time, and I have been told that a cargo is expected to arrive next month.

Corporal—With great eagerness—Is that so. Well you shall have $50, remember immediately after conviction. Will you point out the place to me just now, so that I can be keeping a watch on them?

Informer—Well, corporal, you wont go back on the bail?

Corporal—O, no; as certain as you live I'll keep my word.

Informer—Well, I'll trust you, corporal. Do you see that house over there? pointing to a very respectable couple's house.

Corporal—Yes.

Informer—In that house next month, I'm told on good authority, a cargo of rum is expected to arrive.

The worthy couple's name is Rumm, and an heir, heiress, or both, as the case might be, is expected next month, which the whole village, including the corporal, knows. No sooner was the pun on the name perpetrated than the corporal tumbled to it and begged earnestly of informer not to give him away, but informer believes in always telling the truth.

Police Court.

TUESDAY, Aug. 6th.

There were two charges of illicit selling of liquor.

T. Cavanagh was charged with selling liquor after eleven o'clock. Mr. Poussette appeared for the defendant, who claimed that he had given instructions for the close of the bar at eleven o'clock, but admitted that the bar had been kept open a short time after eleven o'clock. A fine of $20 was imposed.

R. R. Hamilton was arraigned on a similar charge. He claimed that he understood from a conversation with the Inspector that he would be allowed to keep his restaurant open till the arrival of the 11.30 train. However, a similar fine was imposed.

Mr. Edwards prosecutor in both cases.

C Gye was arrested for disorderly conduct, but was discharged.

The case against Wm. Owens, charged with allowing his horse to run at large, was also dismissed.

Personal.

Mr. E. R. Rogers has been appointed chief of the Calgary Fire Brigade.

Rev. S. J. Shorey goes to-day to Sydenham for a two or three days' visit to his brother. He will be home by next Sunday.

Mrs. J. J. McBain, of Peterborough, is visiting in Ottawa a guest of Mr. and Mrs. T. McJanet, of Salter street.

Miss B. Kelso who has for some weeks been the guest of Miss M. Bradburn at Oakhurst, London street, returned to her home Long Branch, Ont., this morning.

Mr. C. O. Walker of the "Wanderers" bicycle club Toronto, is in town for a day or two, renewing acquaintances made with the local bikes at St. Catherines.

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. 3

Seen Through the "Old Man's" Spectacles.

What "Old Man" Jaques Thinks of Peterborough.

The Ottawa *Free Press* contains a racy letter from Mr. Jaques, known as "The Old Man," recounting his observations and experiences on a trip through Peterborough, Victoria and Simcoe counties, made it the interest of the Barnum & Bailey show, of which *he is the advance agent.* The following portion of his letter relates to this town:

"I am tired and thankful that I have at last reached Peterborough.

THIS IS MARKET DAY,

and the country cousins are in town in full force. Specially I notice the female portion, whose style shows that the product of the diary and the market garden and poultry, all of which is their belongings, are not unworthy of their best energy. The stores and hotels are on the rush and a drive around town gives proof that it moves—solid—beautiful. Its new post office, the court house and park, Hall, Innes & Co's dry and fancy goods store. None of the great cities in this line excel the proportions and elegance of this building with its enormous plate glass front and well regulated internal arrangements.

SOME OF ITS INDUSTRIES.

Then there are the model pump works; Peter Hamilton's reapers and mowers give employ to over 80 the year round; the numerous flour mills, founderies, and machine shops, are all in full blast. Any one of the human family of say 50 or even 45 years ago, when Sherbrooke, George and Hunter streets and its few struggling attempts at commercial business, were with some of the early architecture

THE RUDE LOG CABIN

—just a few of those dear old forest homes yet remain, the home of the pioneer—who look at the Peterborough of to-day, they could not fail in being bewildered. In 1850, the frame buildings, of which its population had reared quite a thriving town, were swept by a fire. For the moment it was a disaster. Two years later a fire brigade was called into existence, volunteers of course, old style. In 1882 the present system of waterworks was inaugurated—(none better or more powerful), and like Ottawa, their paid brigade is a model one. The lighting for public purposes is the electric. The corporate contract is for about 40 light, and these to be maintained

FOR 300 NIGHTS IN THE YEAR,

at a cost of 20 cents per lamp. What's the matter with Ottawa? Again the town with its well made streets and sidewalks has no overdraft—no floating debt. In 1887, it had to its credit a surplus of over $3,000; 1888, it had over $2,000. The total assets exceed liabilities by nearly $175,000! Again I would ask, what is the matter with Ottawa? In educational institutions it is second to none.

ITS SACRED EDIFICES.

In churches, first comes St. John's, the George street Methodist, St. Andrew's, St. Peter's, the Baptist, Charlotte street Methodist, St. Paul's, the Y.M.C.A. and the Salvation Army barracks. The grounds surrounding most of these edifices are laid out *with great taste, and give* marked evidence that the various congregations are not of the tight-fisted class. In the line of its most progressive spirit, worthy of note, are its three daily and weekly papers—two evening, the *Review* and the EXAMINER, and the *Times*, morning. The latter also issues a very worthy weekly—the *Canadian Agriculturalist*. Each of these offices are truly models of cleanliness, and the press rooms specially so. The work turned out in all these offices is an indication that artists alone are at the helm. The *Canadian Lumberman*, a onthly journal, is issued here. In its make up of industries, such as woollen mills, lumber mills, flouring mills, shingle and lath mills, two of the most famous canoe factories in the world, tanneries, pork packing houses, lock works, bridge works, biscuit and confectionery works—in all that goes to make up live community,

PETERBOROUGH IS FULLY STOCKED.

I visited this town in the autumn of 39, and the trip in Weller's line, and the roads—well, least said, etc.—but to look at it, as was my privilege on Saturday last and note its progress with its railroad facilities—west three lines, the G. T. R., the C. P. R., and the Midland, all running into that great hive of industry, Toronto. It is hardly to be wondered at that, with its northern, eastern and western connections, with this garden of Ontario, the city should be marked on the map as the Queen city of the west. Then for the east—the C.P.R. and G.T.R., afford its resources rapid transit to the seaboard via Montreal. Now, sir, I don't give Peterborough as the great sample town of our province for there are many more, and I hope ere the snow flies again to have a look into them and refer to their progress honestly—just as I see it.

THE OLD MAN."

Ottawa, August 5th.

Holiday Tourists.

Continued Influx of Visitors Bound to Our Northern Summer Resorts—Rice Lake Getting a Share of the Pleasure Seekers.

The exodus of our citizens continues. This morning's train took out a large contingent to Stony Lake. One party consisted of Mr. John Craig, editor of the *News-Record*, Fegus, his daughter, Miss Nellie, Mr. J. M. Shaw, of Flora, and Mr. A. Walker, of Fergus. The party goes to amalgamate with that of Mr. Joseph Craig, of Belleville, on Salmon Island. The remainder of the Schofield party consists of Mrs. Wm. McDonald, Miss H. Cunningham, Fenelon Falls, Miss Millie Beck, Misses Lottie and Daisy Eyre, Cobourg, Miss Bertha Brown, Mr. C. N. Brown, Mr. Percy K. Brown, Montreal, and Mr. Fred Dumble. The party will be complete to-morrow when all will go up to join those who have gone before, at Gilchrist's Bay. Mr. Willie Bradburn went up this morning as *avant courier* for a considerable party, the members of which will all meet on Saturday at the new cottage which will be then completed. A rather awkward mistake was that of one party whose baggage was put on the Chemong train by mistake, necessarily deranging plans and connections

Rice Lake is also attracting pleasure seekers—the pleasant scenery, breezy weather and excellent fishing, attracting numerous campers at Idyl Wild and vicinity. On Thursday, Ashburnham and Peterborough furnished a large camping party, consisting of Misses Addie, Maggie and Katie Calcutt, Clara Allen and Mr. Allen, Bowmanville, Miss Emma Coulter, Lindsay, Miss Emma Maynard, Woodstock, Miss Katie Faulkner, Trenton, Commodore Calcutt, Mr. J. S. Hall and C. N. Brown. The latter has returned home but the others will remain a fortnight. There is a large number of other campers at Idyl Wild, and there is a large coming and going population.

Peterborough Cheese Board.

Regular Fortnightly Meeting.

The regular fortnightly meeting of the Peterborough Cheese Board was held to-day. There was a fair attendance of sellers, and 2687 boxes, first half of July, were boarded, distributed amongst the following factories:

PETERBOROUGH.			
Keene	221	Warminster	188
Shearer	227	North Smith	275
Central Smith	109	Cherry Grove	175
Missing Link	105	Warsaw	86
Westwood	200	Norwood	200
Melrose Abbey	99	S. Dummer	195
Pine Grove	83	Otonabee Union	70
Maple Leaf	75	Myrtle	36
VICTORIA.			
Reaboro	100	Cambray	60
Bobcaygeon	113	Mariposa	90
Minden	60		

The following buyers were present:—Messrs. Claxton, Cook, Bird, Green, Fitzgerald, Flavelle, Warrington and Wrighton.

The cable quotations were 44c. 6d. for coloured and 45s for white.

The bidding was brisk. Claxton started with 8¾ for the board Wrighton following with 8¾ for selections. Next 9¼ for board, 9 for selections 9¼ for selections.

The transactions closed by several factories accepting 9¼c, 9 1-16 and 9 cents. Several factories refused 9 1-16 and others including the whole of the Victoria section, 9c.

"Are You Going to the Excursion?"

"Where to?" Orillia, of course, where the crowd is going on Civic Holiday. The grand union excursion is going to be the excursion of the season. Every provision for the comforts of excursionists. Splendid music, also. You know, the Fire Brigade band is going and that of itself will be a treat. And so cheap, to, only $1.00 return fare. Children half price. Get one of the posters or dodgers and read it and you will buy a ticket sure.

Aboriginal Baseball.

The Bobcaygeon Nine Dusted—Pulverized by the Chemong Indian Nine.

To the Editor of the Examiner:

DEAR SIR,—Thinking you would like to get the result of an event of sporting interest, I forward you a brief report of an exciting game of baseball, which took place here on Friday last, and in which, I am sorry to say, as a Bobite, the Chemong Indian club pulverized the home nine. Be it remembered that this was the return match, too, and the second dose of pulverization. A short time ago the Cagians went down to the classic ground of Chemong to play baseball, and the noble red men knocked them silly, so to speak, beating them—nay, annihilating them by a score of something like 50 to 15. With this dolorous drubbing in mind, the Caygeonites cast about them for help for the return match. There happened to be two crack Yankee baseballists, guests of the Rockland House, and their services were engaged on behalf of the local club. On Friday last the return match was played. The whole Chemong Indian Reservation turned out, from patriarch to pappoose—and the steamer "Maple Leaf," which brought up the excursion, was crowded, the mellifluous music of the band adding to the interest of the occasion. During the day also the band was by no means niggardly in distributing the favors of its sweet sounds.

The game was played on the grounds near Boyd's mills. Mr. Read filled the position of umpire (he taking the precaution to have his life insured by a representative of a "standard" company, as he called it, from Peterborough), and it required no less than three scorers to keep trace of the game. The home nine, confident in the ability of their club—with the imported element to assist them—to make a big count, engaged two scorers. One was a minister of the Gospel, Rev. Mr. Adams, and the other an insurance agent, Mr. G. H. Allen, of Peterborough, I believe. There was an immense crowd of spectators, the ground was crowded, the whole Indian contingent, with the band, being present.

The beginning of the game justified the hopes of the Bobcaygeon people. In a very brief time the home club had piled up a score of thirteen to a sickly little three made by the Chemong boys, who were unable to hit the curve pitches of the imported crack players. However, in the fifth innings the Chemong lads added five to their tally, making their score eight. Bobcaygeon added two to their 13, the score now standing 15 for the Backwoodsmen and 8 for the Aboriginal nine. The prospect was very dark for the visitors, and the home team was correspondingly elated. But the Indians though apparently conquered were not subdued. The evidently hopeless task of topping their opponents score in the one innings they had to play seemed to add nerve to their playing. The Aborigines went in for their last innings with blood in their eye. They had got on to the "shape" of the Yankee carvers and they knocked the stuffing, likewise the daylight out of his parabolic pitches; the home team was demoralized—rattled—no good—and in this single innings the Indians knocked together a neat little nest of nine runs making their totals 17 against the 15 of their opponents, leaving the latter 3 to make in their last innings to win. Play began, but the Caygeonites were ingloriously whitewashed, they could not get within ocean-cable distance of a run and the Indians were therefore the victors by a score of 17 to 15. They had pulled the game right out of the fire, and won their second triumph over the enemy. It was no wonder that they were elated. It was no wonder that the band broke out in triumphant strains, it was no wonder that the entire band of visitors, braves, squaws and papooses gathered together and rent the troubled sky of Little Bob with whoops of victory and shrieks of delight. The Caygeonites were in the dole ful dumps. To be twice so disastrously defeated by the Chemong nine, which they had held so cheaply, was gall and wormwood. The only hope they have to win now is to play the Hamilton professional nine.

The importance of this match is my excuse for reporting it at such length. Thanking you, Mr. Editor for the space allowed me, I remain

Yours, etc,
ROCKLAND.

Bobcaygeon, August 4th.

Ennismore.

From Our Own Correspondent.

WEATHER NOTES—July the ever cheering in maturing the produce of the earth coming after, although of more direct benefit than the flowers in June, gives us great comfort in the prospect of abundance both for man and beast for the next twelve months. The month came in hot and continued so almost continually. On 5 days at 2 p.m. in the shade, the thermometer stood at 90° degrees or over, with once at 99°, also 20 days between 80° and 90° and 6 days between 70° and 80° never being below 70° and leaving the mean temperature of the of the month at 67° 13.31° at sunrise and sunset being a high average for July. Rain fell on 11 days to the depth of five inches and 30 100 of an inch, being also high. Seven days we had thunder; some slight rain falls and some heavy, the severest being on the 19th, falling 1½ inches of water. Fog on the 3rd, white frost on the 25th with no auroral lights. The following are the different points from which the wind was blowing at sunrise during the month respectively, namely—West 6 days, south-east 2 days, south 2 days, south-west 6 days, north-east 4 days, south east 4 days, north 4 days, and east 6 days.

PURE fresh honey for sale at M. R. KIDD'S.

A few more crates of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

The Vexed Question Settled

Now that the market question is settled, all the councillors will be giving tea-parties to celebrate the event and they will all buy their tea at Hawley Bros, the great emporium of choice teas, pure fragrant coffees and fine glassware. Bear this in mind, and go to Hawley Bros., when you want the purest goods of the above classes.

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tufw

For Delicate, Sickly Children

SCOTT'S EMULSION is unequalled. See what Dr. C. A. Black, of Amherst, N.S., says:—"I have been acquainted with Scott's Emulsion of Cod Liver Oil and Hypophosphites for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by druggists, 50c. and $1.00. w28cod

We Explained to You

but a few days ago the excitement our announcements of cheap goods would cause as well as the uneasiness among some grocers. Why should we not be termed public benefactors? Why, here it is, but a day or two ago you would see a firm actually selling an article or so away below cost, so anxious are they to procure a slice of our trade, but never mind—look out for those who offer baits—don't bite as we sell *all* goods cheap. Remember when we offer you Electric Soap at 5 bars for 25c., we tell you distinctly it is "Dingman's." So do not be mislead. All goods away down. W. J. Morrow, 310 George-st.

The Locum Tenens.

The New York *Churchman* says:—"The vacation time for the clergy has begun in earnest, and the ecclesiastical exodus in complete. The *locum tenens* is in place. He has the full enjoyment of hot Sundays and thin congregations. The organist is away in the mountains, the soprano is by the seaside, and the bass is in Europe. But the summer *locum tenens* is ever with us. He is a meek and patient man, content with the scanty gleaning when the harvest is over. Yet sometimes the *locum tenens* is a fine preacher, sometimes he is a good scholar. But he never comes to the front save on emergencies which render his presence necessary. He is unseen before this, like the bird in the sky which suddenly looms in sight when the traveller falls. But the main question is, when will the *locum tenens* take his vacation? Is he made of cast-iron that he need none, or are vacations only needed by happy men who ever stoop to the *role of locum tenens?* We hope that he will get a vacation, and receive strength that he may again next year 'bob up serenely' just at the right moment, to mount the box, and take the reins, as Dr. Boanerges steps wearily down, and starts at the head of his congregation for the Catskills or the home of the Covenanters."

ROYAL

BAKING POWDER

BERRIES

FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 's a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won, and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½
10 " Light Prints " 5
20 " Dress Goods " 15

DRUNKENNESS
Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.
It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. When the system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For circular and full particulars, address GOLDEN SPECIFIC CO., 185 Race Street, Cincinnati, Ohio. cow

GREECE TO TAKE A HAND

THE CRETAN INSURRECTION TO BE SUPPRESSED.

British Men-of-War Damaged in a Collision off Spithead—The Campaign in Egypt Over—General Cable News.

ATHENS, Aug. 6.—The Government has ordered the naval forces to get ready for action. Hundreds of refugees from Crete have arrived here. The Government has granted $200,000 for their relief. The Turks are arming the Moslems throughout the island. A fight took place to-day at Haraclion between Moslems and Christians, 16 were killed on each side and many were wounded. The Turkish troops maintained a neutral attitude.

Greece's Appeal.

ATHENS, Aug. 6.—The Greek Government has sent to the powers a circular note demanding that they intervene to restore order in Crete. Otherwise the note says that Greece must take action to protect her subjects on the island against the Turks.

A Sharp Engagement in Crete.

CANDIA, Crete, Aug. 6.—The insurrection in Crete is spreading. The insurgents to-day attacked a detachment of soldiers. Armenian and Musulman volunteers went to the rescue and a sharp fight ensued. The authorities are demoralised and cannot control the insurgents. The Christian residents are flying.

The Judge Favors Mrs. Maybrick.

LIVERPOOL, Aug. 6.—When the trial of Mrs. Maybrick for the murder of her husband was resumed this morning, the judge delivered his charge to the jury. His remarks were strongly in favor of the prisoner.

Men-of-War in Collision.

PORTSMOUTH, Aug. 6.—In starting out to sea to-day the men-of-war Black Prince and Invincible came into collision off Spithead and both were much damaged.

Remnant Crown Witnesses.

DUBLIN, Aug. 6. — The Government has abandoned its charges against Canon Doyle and others of holding illegal meetings. The case came up at Arthurstown yesterday. Twelve witnesses for the Crown refused to be sworn. The Crown will prosecute them for conspiring with the accused.

Grenfell Returning to Cairo.

CAIRO, Aug. 6.—Gen. Grenfell is returning to Cairo. The campaign is over. A body of Egyptians was left at Sarras. Cavalry are in pursuit of the one emir who survived the battle of Saturday. He is lurking in the hills above Bellano with 200 men. Two thousand of Wad-el-Jumi's followers submitted yesterday.

Treason in Egypt.

CAIRO, Aug. 6.—A large number of documents found in Wad-el-Jumi's camp and on the bodies of the sheikhs who fell in the recent battle prove the existence of widespread treason among high officials and leaders of native society in Egypt.

Dr. Peters' Steamer Released.

ZANZIBAR, Aug. 6.—The release of the steamer Neera to its owners has been ordered. The owners are to pay the costs incurred by the captors. The Neera belonged to Dr. Peters' expedition and was seized by the British Admiral Freemantle in accordance with the blockade regulations.

A Spy's Sentence.

PARIS, Aug. 6.—A man named Bonningre was sentenced to-day to 12 years' imprisonment with hard labor, followed by 10 years' exile from France, for selling diplomatic documents to German agents while an employe of the Danish Ministry in Paris.

MEHR LICHT.

The American Electric Light Association Convention at Niagara.

NIAGARA FALLS, Aug. 6.—The first session of the 10th convention of the American Electric Light Association was called to order at 10.30 a.m. by President E. R. Weeks of Kansas City, who at once proceeded to deliver his address. He stated that the primary object of the association was to advance the interest of local companies and secondly to aid in the general development of business and promote the good of manufacturers of electrical apparatus and supplies. He closed with a brief review of the progress made, and introduced Hon. W. Caryl Ely of Niagara Falls, who welcomed the members and dwelt upon the great future of Niagara, when its power is utilized. The tunnel project was carefully described. The association enjoyed a moonlight excursion to Lewiston to-night.

Tornado at Kansas City.

KANSAS CITY, Aug. 6.—At 1 o'clock this morning a small tornado passed over this city from northwest to southeast, tearing down chimnies and outbuildings, but doing little damage in the city. As it went on it appeared to gather force and increase in size. It was followed by a heavy electrical storm and rain fell in torrents for half an hour, deluging the streets and stopping traffic.

Uniform Passenger Rates.

NEW YORK, Aug. 6.—A meeting of representatives of the New England Trunk Lines Association and the Southern Association to-day decided that on and after Sept. 1 the passenger rates from all points in New England to all points in the South and Southeast shall be uniform. This will apply to every route.

LATEST SPORTING NEWS.

Sir Charles Tupper Presents a Canadian Flag to Oarsman O'Connor.

LONDON, Aug. 7.—Sir Charles Tupper yesterday presented O'Connor with a flag of the Dominion as a token of Canadian sympathy with him in the approaching contest. Sir Charles, speaking in the name of Canadians here, wished O'Connor success and presented the flag amid enthusiasm.

DOMINION.

THE HARDSHIPS OF A HAMILTON DEBTOR'S FAMILY.

An Equal Rights Association for the Province of Quebec Formed at Montreal—A Secret Caucus.

HAMILTON, Aug. 6.—One of the most deplorable cases of hardship that has come to the attention of the public here in years has just been brought to light and been remedied by the officers of St. George's Society. This morning W. H. Gillard, president, and Jesse Linger, chairman of the charitable committee of St George's Society, applied to Judge Muir for the release from Barton-street jail of William Lees, who on Wednesday last was arrested and placed there for contempt of court. From the representations made by these gentlemen, his honor unhesitatingly complied with the request. Lees is an organ builder and a respectable and industrious man, but could not get regular employment at his trade here and got into debt. He owed $12 to a furniture dealer and neglected to pay attention to a judgment summons. The creditor then had a warrant issued for his arrest for contempts of court, and on Wednesday last Lees was arrested and lodged in Barton-street jail. He had not been working steadily for some time, but on the Monday previous had started to work. In jail he was taken ill with dysentery. Shortly after her husband was arrested Mrs. Lees was confined. She was alone in the house with her 3-year-old child, and there was no food or fuel on the premises. The following evening the 3-year-old child got out on the front steps and the wind blew the door shut and locked him out, and the little fellow cried himself to sleep outside, while his mother had not strength to get up and let him in.

The Thirteenth Regiment of Brooklyn, one of the crack corps of New York State, will pass through Hamilton during carnival week and an effort is to be made to have them here on military day—Friday.

For fraud and larceny Robert Roberts was this morning sentenced to a year in the Central Prison.

THE HALIFAX CARNIVAL.

Second Day's Proceedings—Great Crowds Witness the Sham Battle.

HALIFAX, Aug 6.—The military and naval display attracted a throng of visitors which nearly doubled the city's population to-day. The review of troops on North Common was rushed through in quick time, the troops acquitting themselves to the satisfaction of General Ross and General Sir Fred Middleton, the reviewing officers. The mimic conflict was a scene of great interest. The 63rd, 66th, the West Riding Regiment, Royal Artillery, Halifax Garison Artillery, and 3000 marines and sailors participated in the battle. The first gun was fired at 10.30 and a rapid and heavy fire was kept up on both sides until the attacking party, finding the defenders in too great force, finally retired.

The amateur boat races took place on the harbor this afternoon. The four-cared race was won by the St. John crew with the Shawmuts of Boston second. The single sculls was won by Joseph Bergin of Boston with Frank Smith, Boston, second.

A SECRET CAUCUS.

Mr. Mercier's Followers in Council at Montreal Yesterday.

MONTREAL, Aug. 6.—A general caucus of the Parti National was held to-day at the Government offices in response to an invitation issued by Premier Mercier some days ago to his political friends. None but those who had received invitations were admitted. The invitations did not mention the object of the meeting, so that all who entered were in darkness or presumed to be. It was very largely attended by both the Rouge and Castor wings of the party. The object of the caucus is known to be to consult the party on the advisability of holding the provincial elections shortly.

EQUAL RIGHTS ASSOCIATION.

An Organization for Quebec Province Perfected at Montreal.

MONTREAL, Aug. 6.—A meeting was held this afternoon to form an Equal Rights Association for the Province of Quebec. Delegates were present from all parts of the province, and Dr. Davidson presided. Addresses were delivered by the chairman and by Mr. Alexander Fraser of Toronto. The officers of the newly formed association are Dr. Davidson, chairman; Rev. D. W. Morrison, vice-chairman; James Harper, secretary; J. F. Norris, recording secretary. Resolutions were adopted similar to those presented to the Toronto convention.

Country Before Party.

OTTAWA, Aug. 6.—There is a movement on foot promoted by Irish and French Catholics here to give Lord Stanley a reception on his return here for his attitude in regard to the Jesuits question.

The Ottawa Orangemen met last night to consider the report of the delegates to the Governor-General. The report having been made and fully discussed a resolution was adopted denouncing the Dominion Government for its action through the Governor-General, renouncing all parties and calling on Canadian Orangemen to place country before party in the impending struggle against Papal aggression.

O'CONNELL'S BIRTHDAY.

The Celebration at Merritton—A Large Attendance From Abroad.

MERRITTON, Aug. 6.—The fourteenth annual gathering and parade of the grand branch of the Emerald Beneficial Association of Canada took place here to-day. A large representation from Toronto, Hamilton, Dundas, Peterboro and other Canadian towns, and from Buffalo, Rochester and Batavia, accompanied by numerous bands, were present to celebrate the anniversary of the birth of Daniel O'Connell. A parade of uniformed branches, short speeches and various sports comprised the day's program.

The Express Company Censured.

MONTREAL, Aug. 6.—The coroner's jury in the inquest on the body of William Rogers, the express messenger, concluded their deliberations to-night and returned this verdict: "That William Rogers came to his death from an explosion in the express car on the train leaving Montreal at 10.15 on the evening of Friday, August 2, but what was the real cause of the explosion we have not had sufficient evidence to determine. We are unanimously of opinion that the Canadian Express Company, in whose employ the deceased was, did not exercise due precautions as they are by law compelled in the shipping of a large quantity of explosives known as fireworks, but acted in a grossly careless manner in so shipping such explosives, thereby endangering the lives of all the passengers on the train, and, as has been proved, resulting in the death of William Rogers."

Mr. McCarthy at Portage la Prairie.

WINNIPEG, Aug. 6.—D'Alton McCarthy's address at Portage la Prairie attracted an immense crowd and he was cheered to the echo, especially when he pledged himself to move for expunging of dual language in the Northwest Act next session.

Attorney-General Martin, in moving a vote of thanks, stated that the Separate School and dual language question would be settled in Manitoba next session or he would resign. The meeting was very enthusiastic.

The Montreal Molasses Combine.

MONTREAL, Aug. 6.—The Canada Sugar Refining Company, following the example of the St. Lawrence Refining Company, has closed down. This is due in both cases to a desire to get rid of surplus stock.

For the past eighteen months a combine of grocers has existed to force up the price of molasses. The price rose from 35 to 45 cents, but some of the members were discovered undercutting and now the whole trust had collapsed, reducing prices to the former limit.

The Black Diamond's Escape.

OTTAWA, Aug. 6.—Hon. Mr. Bowell, Minister of Customs, has received a full report from Victoria regarding the escape of the Black Diamond. The report will in due course be submitted to the cabinet.

LONDON, Aug. 6.—The Times holds that there is not a particle of justification for the high-handed seizure of the Canadian sealer Black Diamond. The seizure, it says, is contrary to international law and comity. It relies on the good sense and love of justice of the American people to assist in the settlement of a question that ought never to have been raised.

The Argentine Republic's Boom.

WASHINGTON, Aug. 6.—Before leaving Buenos Ayres Minister Hanna reported that the immigration from Europe to the Argentine Republic is very extensive. The Government pays the immigrants' traveling expenses. The aggregate thus paid out last March alone was $1,000,000. Owing to the vast influx of people the exports of corn, which were last year 445,000 tons, will this year be 2,000,000 tons.

Sullivan Arraigned.

PUEBLA, Aug. 6.—John L. Sullivan reached here about 8 a.m., was arraigned before Justice of the Peace Carter and waiving examination was placed under $3000 bonds to appear before the Circuit Court special term to be held here, commencing Aug. 12. Sullivan leaves for Pass Christian to-morrow and will remain there.

AWAR OF EXTERMINATION

BLOODY HORRORS OF THE HAYTIAN CONFLICT.

Prisoners' Throats Cut in the Market Place of Port-au-Prince—Unfortunates Executed for the Amusement of the Troops.

NEW YORK, Aug. 6.—A despatch to The Times dated Port au Prince, July 28, says: Legitime has been cutting the throats of prisoners in the market place. Hippolyte is advancing nearer and nearer each day. Fear bordering on frenzy appears to have seized hold of many of Legitime's soldiers. They refuse to stand fire, and it only remains for the contagion to become universal to enable Hippolyte to march unopposed into the capital of the south. The idea of offering quarter to surrendering troops has long died out, and capture now means something worse than death. Hippolyte slaughtered eighteen men who fell into his hands the other day, and in retaliation the terrible scenes in the market place have been enacted. None of the inhabitants of Port au Prince expect the least mercy accorded them should Hippolyte's men ever force an entrance into the city. This thought has served to bring on a condition of mind little short of distraction, and it now needs but the sounding of an alarm to throw the whole population of Port au Prince into feverish excitement. Despair has seized hold of many of the people, while others await the end with indifference.

Severe fighting has taken place at a camp and in a marsh near the city, where 500 of Hippolyte's men gained a lodgment. All the houses and brush in front of the city have been burned by the opposing forces, and the country is probably ruined. On July 26 Hippolyte's position was subjected to general bombardment by the forts and men-of-war. Some of the shells when exploded brought forth a series of yells from the marsh, the meaning of which there could be no mistake. Just before sunset Hippolyte ordered a charge on Lacoup. Legitime's men fled to the interior of the fort at the first appearance of the attacking force, and for half an hour kept up a fire on Hippolyte's men gathered below. At this moment the report was sent to Port au Prince from Lacoup that it was impossible to hold out longer and calling for reinforcements. All the available men in the city were pushed forward, and with considerable impetuosity attacked Hippolyte. The latter beat a hasty retreat, carrying away with him eighteen of the garrison captured during the first of the attack. Of these unfortunates eight men were shot on reaching Hippolyte's camp, while the others had their throats cut in sight of the whole body of troops. All were executed for the amusement of the troops.

Spies reported this act of Hippolyte's to Legitime and the latter immediately ordered the prisoners on hand to be taken to the market place. There were eight of them in all, tied arm to arm and they were led strongly guarded to the open market. Here an immense crowd had collected, which was at fever heat of excitement. One by one the men were gagged in plain view of everybody, and then with the utmost deliberation, their throats were cut like so many beasts, the crowd yelling vociferously as each man fell quivering to the ground. In the very middle of the killing, one man managed to ungag himself and filled the air with the most piercing cries of fright. This pleased the crowd so much that the gags of all the remaining prisoners were taken out, and the cries of agony of the wretched men fairly rent the air. When the butchery was completed, a great yell went up from the crowd for Legitime, and it was evident that the southern leader had gained a point in the confidence of his followers.

The other evening a command of eighty of Legitime's men attempted to go the round of the works. The command was surprised by the enemy and fired upon from all sides. The officer in charge was the first to fall. The command immediately attempted to escape by flight, but all were captured except two. These two hid in the bush and report that they saw their comrades shot down in cold blood to a man. All of the captives begged for mercy and burrahed for Hippolyte, but not one of them was allowed to live. It looks as if the war is to be one of extermination, for it means death to be captured by either party.

TORONTO TOPICS.

Attempted Suicide—Local Crooks Arrested in Buffalo—Manlan's Return.

TORONTO, Aug. 7.—May Spears, a girl 18 years of age, was removed from 35 Wansauley-street yesterday afternoon to the hospital suffering from a dose of rat poison which she had taken with suicidal intent. When discovered she denied having done so, but a letter found on the table in her bedroom indicated the intent beyond a doubt. In it she stated that her father and stepmother had turned her out of their home, 58 Esther-street, and the epistle concluded with the desire to be buried by the side of her mother. At latest accounts the girl was doing well. She will not die.

The Toronto detectives are happy over the fact that two dangerous local crooks who have been operating in Toronto are at last laid by the heels. The local officers during the past month have been fairly well convinced that a gang of three men, David Irwin, John Southworth and George Cranham, all with penitentiary records, have been responsible for the many house robberies which have taken place in Toronto within the past month. On July 25, however, before the crimes could be fully traced to them the two left for Buffalo. They got off the train at St. Catharines, and the next day a house was raided in that city and quite a haul was made. The Toronto police were hard on their track, and learning that they had again started for Buffalo so informed their brethren of that city. The result was that yesterday, Irwin, Cranham and a new pal, who gave his name as O'Brien, were captured in Buffalo. The chances for a long term for each are good, and the only thing the city detectives are sorry for is that Southworth was not pulled with the gang.

Josh Miller, the colored pugilist from Owen Sound, charged with assaulting two women, was up before the Police Magistrate yesterday morning but no evidence was taken, he being remanded till to-day. Josh says he will stand up four rounds with Jackson, the prize fighter.

Mrs Tucker of Ashtorne, N.Y., registered at the Hotel Metropole Monday with her two children, a boy and a girl, aged 8 and 10 respectively. They were on their way to visit relatives in Western Ontario. Mrs. Tucker, being in delicate health, decided to stay over night, and retired early. At 1.30 o'clock James McGreevy, the proprietor of the hotel, while going down the corridor to his own room heard a child's moaning in Mrs. Tucker's room. He knocked and called out, but got no reply. On breaking in the door the room was found full of gas and the mother and children were unconscious. They were restored with great difficulty. One of the children must have left the gas jet open. An hour later and the three would have been beyond help.

Alexander S. Bannister, a foreman employed on the new Canada Life Assurance Co.'s building, on King-street west, and another workman named W. F. Paterson had a dispute, which ended in blows, yesterday morning, in which the latter received an ugly cut under the left eye. He swore out a warrant against Bannister, who anticipated his action by surrendering at No. 1 police station shortly before noon.

The new council of the Ontario College of Pharmacy met yesterday afternoon in the College building, St. James'-square, when these officers for the next two years were elected: President, John A. Clark, Hamilton; vice-president, John J. Hall, Woodstock; treasurer, T. Lewis, Toronto; auditors, W. A. Hargreaves and C. K. McGregor, Toronto.

Edward Hanlan, after an absence of two years, returned to his home yesterday. He will remain in this city a few weeks before starting on a tour through the West, accompanied by Mrs. Hanlan. He has arranged to give a series of exhibitions in the Western States. He says he looks forward to a European tour next year. Speaking of the O'Connor-Searle race he rated the Australian very highly, and said that although O'Connor is the fastest sculler Searle has greater endurance.

A Violent Storm.

QUEBEC, Aug. 7.—On Saturday ancient Lorette was visited by a violent thunderstorm that came from the west and passed over that locality, lasting for about twenty minutes. Hailstones and rain fell in torrents, and so fierce did the wind blow that trees were uprooted and barns were blown down. On the farm of Jos. Gauvin a large tree, 60 feet high and 7 feet 9 inches in circumference, was torn out by the roots. At another place the roof of a barn was completely taken off and a large number of trees torn up. Mr. Boivin, of the Little River, had his property completely torn away. A building close to the church suffered severely. The trees are scattered about things all kept in order so as to avoid the fury of the storm.

YATES' GOSSIP.

About People, Big and Little, and Affairs Important and Otherwise.

LONDON, Aug. 7.—The Queen's rheumatism has not left her, and she was advised, under these circumstances, that the naval review would tax her strength too much. Her Majesty was nothing loth to stay away, as she cannot bear the noise of the salutes, and having the Emperor, she could not dispense with the salutes, as she did at the public naval review. It is said, on the best authority, that it was not considered desirable, for political as well as family reasons, that the German Emperor should come to London. The family relations are more easy at present, and he and the Prince of Wales have met and been quite friendly. Still the family party at Osborne was hardly be a very happy one. Apart from the feeling of soreness which rankles in the mind of the Queen and the Prince as to his conduct to Empress Frederick, the Empéror did not like Princess Beatrice's marriage to Prince Henry of Battenburg, regarding it, as the Germans do, a mesalliance. Prince and Princess Christian are at Osborne, and will, no doubt, help to make matters easy, as the Emperor and Empress are very fond of Prince Christian. Near the flagtower at Osborne, and adjoining the principal carriage entrance, is an extensive and beautiful garden with shrubbery, in which are splendid fuchsias and myrtles. Of the latter the largest bush has been grown from a sprig taken out of the wedding bouquet of Empress Frederick, and should be particularly interesting to her son.

The Prince of Wales goes to Hamburg next week and then to Denmark. In the course of his continental wanderings he will certainly visit the German emperor, who, I hear has invited his royal highness to attend the autumn manœuvres early next month in Westphalia and Hanover, one feature being a review on the field of Minden.

The Royal London yacht club commenced its regatta on Tuesday. There was a nice sailing breeze from the southwest on the following day. The appearance of the Valkyrie at once settled the vexed question as to whether Lord Dunraven would send his vessel across the Atlantic. The way in which she sailed through in quick time, the troops acquitting themselves to the satisfaction of General Ross and General Sir Fred Middleton, the reviewing officers. The mimic conflict was a scene of great interest. The 63rd, 66th, the West Riding Regiment, Royal Artillery, Halifax Garison Artillery, and 3000 marines and sailors participated in the battle. The first gun was fired at 10.30 and a rapid and heavy fire was kept up on both sides until she attacking party, finding the defenders in too great force, finally retired.

The amateur boat races took place on the harbor this afternoon. The four-cared race was won by the St. John crew with the Shawmuts of Boston second. The single sculls was won by Joseph Bergin of Boston with Frank Smith, Boston, second.

A SECRET CAUCUS.

Mr. Mercier's Followers in Council at Montreal Yesterday.

MONT

THE LATE PROF. PHELPS.

The above is a portrait of the late Prof. Edward E. Phelps, M.D., LL.D., of Dartmouth College, He was a strong, able man, who stood high in the literary and scientific worlds. It is not generally known, but it is, nevertheless, the truth, that Prof. Phelps was the discoverer of what is known to the Medical Profession and Chemists universally as Paine's Celery Compound, unquestionably one of the most valuable discoveries of this century. This remarkable compound is not a mixture, an essence, a sarsaparilla or any de ised article, but a *discovery*, and it marks a distinct step in medical practice and the treatment of nervous complications. It has been freely admitted by the best medical talent in the land, and also by the leading chemists and scientists, that for nerve troubles, nervous exhaustion, insomnia, debility, senility and even the dreaded and terrible Paresis, nothing has ever been discovered which reaches the disorder and restores health equal to this discovery of Prof. Phelps

Paine's Celery Compound is now being prepared in quantities, and can be procured at any reputable druggist. An attractive bunch of celery is to be found on every wrapper. It has become specially popular among professional men, mind workers, ladies burdened with exciting social duties and frequenters of the leading clubs.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for Six Months.

The Daily Examiner.

WEDNESDAY, AUGUST 7, 1889.

Millers in Council.

They Consider their Grievances and Form an Association The Officers Elected.

A meeting of the Miller's as intimated in yesterday's issue was held in the council chamber, Tuesday.

The object of the meeting was to perfect a local organization for the district of which Peterborough is the centre, on the basis of the Dominion Millers Association and to enlist the farming community in the work of helping relieve the milling industry from the disabilities and embarrassments under which it labours especially in reference to the inadequate protection against American flour coming into Canada as compared with the amount of duty levied on wheat, which operates to the effect of preventing the Canadian millers from buying wheat as cheaply as the American miller can, while he must sell his flour for a lower figure than his American opponents.

Mr. Samuel Plewes, of Brantford, secretary of the Dominion Association occupied the chair and delivered an address. He pointed out that

THE CHIEF OBJECT OF THE MEETING

was to assist the local millers in impressing upon the farmers the necessity of getting a remedy for the grievances of the millers—to get the farmers to sign the petition of the millers to the Government for relief. The nominal duty of 15 cents per bushel on wheat was in practice only 10 cents. At first the 50 cents per barrel duty on flour was enough, but the circumstances had changed, for example the freight charges on flour from Minneapolis was formerly 50 cents per barrel, now it was only 30 cents. That destroyed the protection the millers should enjoy. From returns compiled by the government the average importation of flour from the United States was for the year, 264,721, barrels representing 1,237,420 bushels of wheat. The annual duty on the wheat imported was $198,630; the duty on flour for the same time was $132,360. the difference between these figures, $56,253 represented the bonus given to the Yankee millers. He referred to the purchase of wheat by the tester and to a semi-weekly bulletin suggested to be issued by the central Association which would give the miller the actual value of wheat at his point. Several millers in out of the way places who could not get bulletins in time, would be served by telegraph. Mr. Plewes said that one remedy was

TO GET AN OUTSIDE MARKET

for the surplus product of mills. Fall wheat flour for export should be put up in 140 lb. sacks, weighing 8¼ ounces. Jute sacks should be used for strong flours. In grinding for export, millers should avoid mixing fall and spring wheat. If the supply of wheat brought them down to an export basis again, Antwerp should be regarded as a market for low grades of flour. For this trade it should be put into jute sacks of 220 lbs. If wheat could be got at Michigan prices, shipping could be profitably made to Antwerp now. In escaping from the present trouble the speaker did not want to return to the undesirable conditions of the past. The speaker said that in the event of Commercial Union, Canadian millers would buy wheat at 73 cents in the States, grind it in transit and sell the flour in New York State. They would make money but it would be hard on the farmers; wheat would be lower in price in Canada.

Mr. HILLIARD pointed out that the importation of flour instead of wheat was a loss to the country—the loss of labour in converting wheat into flour and the loss of the bran. Mr. Hillard further suggested that the increased duty on flour would not mean a corresponding increase in price. The trouble was to convince the people of the Maritime Provinces of that. He thought that less than $1.00 a barrel would do any good. Millers would continue to suffer till this were secured. He thought it would be a good idea to present the matter to the Farmers' Institutes.

Mr. PLEWES said the Central Association was arranging to take one side of a Toronto newspaper, present their case strongly thereon, and circulate 100,000 copies in different sections.

ELECTION OF OFFICERS.

After some further conversational discussion, the meeting proceeded to organize by electing the following officers:

PRESIDENT—Mr. John Hull, Lakefield.

SECRETARY-TREASURER—Mr. W. H. Meldrum, Peterborough.

EXECUTIVE COMMITTEE—Messrs. Esterbrook, for Hastings county; McKenzie, Ontario county; Vanstone, Durham; Smith, Northumberland; Flavelle, Victoria; Rayburn, Hastings, and the president and secretary.

Mr. HULL, on taking the chair, said he did not expect the honour, but would do the best he could in the position with which he had been honoured. Millers had long felt the need of union amongst themselves.

Mr. MELDRUM moved, seconded by Mr. HILLIARD that this meeting pledges itself to give all possible assistance in getting millers and farmers to petition Government to remedy the anomoly now existing in wheat and flour duties, and that we also pledge ourselves in future-buying, to be guarded as far as practicable by the practice now in vogue in some markets, viz., *buying by tester* on both street and car wheat and we agree to join in some schedule at a future date, such schedule to be arranged after we see what sort of wheat our present crop is.—Carried.

The meeting adjourned to meet in Belleville the first Tuesday in September, and the executive committee was instructed to have prepared for approval, a code of rules and regulations to govern the local association.

After adjournment Mr. Plewes received a number of names for membership to the Dominion Association.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. [illegible] under a strong escort.

Board of Education.

A Short Session at the Monthly Meeting The School Improvements.

The Board of Education held its regular monthly meeting on Tuesday evening. Present, Jas. Stevenson, Esq., Chairman, and Messrs. Boucher, English, Hughes, Weir, Creighton, Kendry, Denne, Dumble and Hill.

The members of the Board on entering the school grounds, were confronted with huge piles of old lime, bricks and other debris, the accumulations from the work of demolition which has been going on for some weeks past around the Collegiate Institute. Inside all was dirt and dust, with large openings here and newly lathed partitions there, showing to what extent the changes ordered by the Board will effect the former interior appearance of the building.

After routine an account was received from Mr. James Bradley, for digging the well in the North Ward School grounds, amounting to $46 25. Referred to Building Committee with power to pay.

The CHAIRMAN stated that the work on the school building was being pushed forward satisfactorily. He hoped to see the changes in the Collegiate Institute completed in time for the opening of the school in September. The cost of this work he believed, would not be as much as was contemplated. At the South Ward School good progress was also being made, and the work on the new addition was well advanced, and altogether satisfactory.

On motion of Mr. Dumble, the chairman was instructed to make payments to the Ward School contractors on the certificate of the architect.

Mr. DUMBLE stated that he intended to have introduced his motion, of which he gave notice at the last meeting, for the separation of the Board into High and Public School Boards, but as some of the members were not present he would postpone doing so until another meeting. He felt that the matter was so important, requiring great care and caution on the part of the Board that he desired to have the question discussed when every member of the Board was present.

After some further unimportant conversation the Board adjourned.

He ate greensucumbers
They made him quite sick;
But he took a few "Pellets"
That cured him right quick.
An easier physic
Your never will find,
Than Pierce's small Pellets
The Purgative kind:
Small but precious. 25c. a vial. b

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BUIE, Shell River, Man. 2w31d

FANCY GOODS STORE.

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one: What better would you want than that?"

"That is good. Who took it?"

"Mr. Sproule. I got a dozen just as good as that for a dollar.

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

Sold by Druggists Generally. EVANS & SONS, Limited,

Sole Agents for the Dominion of Canada.

Sold by all Dealers in Medicine.

BEST IN THE WORLD.

Further Great Cures of Skin Diseases by the Cuticura Remedies.

Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur springs fail. Cured by Cuticura Remedies.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Manseau Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one and one half bottles of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA on his sores and the CUTICURA SOAP in washing him. He is now five years of age and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement. JOHN R. BERO,

American House, Hoganasburgh, N.Y.

An Unbearable Skin Disease Cured.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your CUTICURA REMEDIES so highly recommended I concluded to give them a trial, using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. CLARA A. FREDERICK,
Broad Brook, Conn.

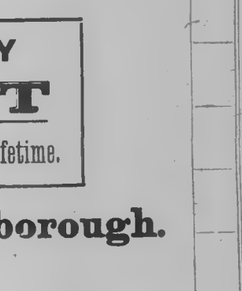
Luxuriant Growths of Hair are seen on the heads of all who use

DR. DORENWEND'S

GREAT GERMAN



HAIR MAGIC.

The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do it; let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to shove them off in this way.

See that each bottle bears seal and signature

When Women Should Marry.

Probably the best time for the average civilized woman to marry would be any age between 24 and 30. It is not said that no woman should marry earlier or later than either of these ages: but youth and health and vigor are ordinarily at their highest perfection between these two periods. Very early marriages are seldom desirable for girls, and that for many reasons. The brain is immature, the reason is feeble and the character is unformed. The considerations which would prompt a girl to marry at 17 would in many cases have very little weight with her at 24. At 17 she is a child, at 24 a woman. Where a girl has intelligent parents the seven years between 17 and 24 are the period when mind and body are most amenable to wise discipline, and best repay the thought and toil devoted to their development. Before 17 few girls have learned to understand what life is, what discipline is what duty is. They cannot value what is best, either in the father's wisdom or in the mother's tenderness. When married at that childish period they are like young recruits taken fresh from the farm and the workshop, and hurried off to a long campaign without any period of preliminary drill and training, or like a schoolboy removed from school to a curacy without being sent to the university or to a theological hall. Who can help grieving over a child-wife, especially if she have children and a husband who is an inexperienced and possibly exacting boy-man? The ardor of his love soon cools; the visionary bliss of her poetical imagination vanishes like the summer mist; there is nothing left but disappointment and wonder that what promised to be so beautiful and long a day should have clouded over almost before sunrise.—Hospital.

Open Your Windows at Night.

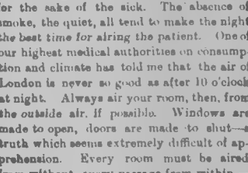
An extraordinary fallacy is the dread of night air. What air can we breathe at night but night air? The choice is between pure night air from without and foul air from within. Most people prefer the latter—an unaccountable choice. What will they say if it is proved to be true that fully one-half of all diseases we suffer from are occasioned by people sleeping with their windows shut? An open window most nights in the year can never hurt any one. In great cities night air is often the best and purest to be had in twenty-four hours. One could better understand shutting the windows in town during the day than during the night for the sake of the sick. The absence of smoke, the quiet, all tend to make the night the best time for airing the patient. One of our highest medical authorities on consumption and climate has told me that the air of London is never so good as after 10 o'clock at night. Always air your room, then, from the outside air, if possible. Windows are made to open, doors are made to shut—a truth which seems extremely difficult of apprehension. Every room must be aired from without, every passage from within.—Sanitary World.

It Was an Old Loss.

Brown—"Yes, I know that I have run behind in my rent, but then, you know, I've had a hard time of it. Of course, you heard that I lost my wife?" Smith (sympathetically)—"No, I hadn't heard of it. My dear fellow, I am very sorry for you. Here, take this; it is a receipt for a month's rent; I wish I could do more for you. I shouldn't have sent you that note had I known of your affliction." Brown returns thanks and retires. Shortly after enters Jones. Smith—"That's a sad thing about Brown." Jones—"Sad thing about Brown? Why, what's happened to him?" Smith—"Why, haven't you heard? He's lost his wife." Jones—"Why, man, that was ten years ago! I thought by the way you spoke, that some new misfortune had overtaken him," Smith says nothing but thinks very rapidly.—Boston Transcript.

Hades is Full.

Secretary Blaine is responsible for the following story: In conversation with some gentlemen reference was made to the religious Irishman's persistent thought about the hereafter. "Yes," said Mr. Blaine, "and there's good reason for it. The Irish people have such infernal torments at home that they can't be blamed for wanting to avoid any in the next world. If they could believe their was no hell they'd rather die than live. Once in Dublin, towards the end of the opera, Satan was conducting Faust through the trap-door which represented the gates of hades. His majesty got through all right—he was used to going below—but Faust, who was quite stout, got only about half-way in, and no squeezing could get him any further. Suddenly an Irishman in the gallery exclaimed, devoutedly: 'Thank God hell is full!'"—Washington Press.



The Animals, "And Yet They Call Us Brutes!"—Judge.

Burke En Route for Chicago

WINNIPEG, Aug. 4. The necessary warrant arrived yesterday from Ottawa and Burke was taken to Chicago this afternoon under a strong escort.

JANGLING BELLS.

A Kingston Woman Narrowly Escapes Death at the Hands of Her Husband.

KINGSTON, Aug. 5.—Eighteen years ago Thomas Bell courted and won the affections of Sarah Bestridge, one of the most popular and handsome young ladies in Portsmouth. Bell obtained a position in Kingston penitentiary and for a while he and his bride lived agreeably. Finally he lost his situation and from that time to the present his domestic relations have been disagreeable because he is possessed of a cranky disposition.

At 11 last night Bell reached home under the influence of liquor, after having visited the military camp at Baker's Point. He had taken enough whisky to make him quarrelsome and when he got into the house he ran at his wife, and she accidentally escaped a severe kicking. In her arms was a babe which she desired to protect and consequently she rushed into the hall to escape the furious man. Her mother ran into the street to awaken the neighbors, while Mrs. Bell stood trembling in the hall trying to soothe her restless babe. There were no lamps lighted in the house. While standing in the darkness Mrs. Bell saw a flash and then heard a report. A bullet whizzed past by her cheek. The lead went through the glass in the door, leaving behind it a large hole. Mrs. Bell then ran out of the house and went to a shed in the rear of the building. She was unable to go further and laid down with the child alongside her. When her mother found her she was unable to speak. In the meantime Bell fired four shots at the door. The police were sent for and officers Ballantyne and Small arrested Bell.

His story is that he was annoyed while asleep by boys playing a mouth-organ in front of his house. He fired a revolver to frighten them. Mrs. Bell and her mother deny the story. They say he was not in bed, and had only been a few minutes in the house when he commenced firing.

When Officers Small and Ballantyne went to Bell's residence they found many people on the streets who were much excited. Bell was watching them from a window in the top story. The doors of the house were locked. The policemen knocked on the front door, but were refused admission. Bell said he would allow no one inside the house. The police went to the back door and got inside. Small went upstairs, followed by Ballantyne, who carried his revolver ready for service. When they got to Bell's bedroom, Small seized him. The revolver, with two chambers empty, was found in the room. One of the bullets discharged was found in the hall.

This morning Bell was remanded for a week.

THE HALIFAX CARNIVAL.

Hosmer Wins the Single Sculls and a Boston Crew the Four-oared Race.

HALIFAX, Aug. 5.—The first day of the carnival opened auspiciously, though there were showers towards evening. Every incoming train and steamer adds to the thousands of visitors already here to enjoy the show. To-day's program was not completed, the amateur races being postponed until Wednesday morning. The principal events decided to-day were the single sculls and four-oared races.

The single sculls was won by George Hosmer with McKay only about half a length behind and Lovett of Halifax a fair third. Time 20.40.

The four oared race was won by the West End Crew of Boston with the Belvia Crew of St. John second and the Spain Noiris Crew of Halifax third. Time 17.40.

The vicissitudes of climate are trying to most constitutions, especially to people having impure blood. For all such (and they constitute the majority), the best safeguard is Ayer's Sarsaparilla, the use of which cleanses the and strengthens and invigorates the system.

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

AS A HEALING, SOOTHING application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

AYER'S Sugar-Coated Cathartic PILLS.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them with good effect, in cases of Rheumatism, Kidney Trouble, and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

ONE YEAR IN BUSINESS!

"Westward the Course of Progress Takes Its Way."

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchanics should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

W. FITZGERALD,
Corner of Water and Dublin Sts.

"Coffees! Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

Personal.

Dr. E. A. Spilabury, of Toronto, will be at the Grand Central Hotel, Peterborough, on Saturday, August 10th, for consultation from 1 to 4 p.m. See card.

That distention of the stomach which many people feel after eating, may be due to improper mastication of the food; but, in most cases, it indicates a weakness of the digestive organs, the best remedy for which is one of Ayer's Pills, to be taken after dinner.

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

A Broken Leg.

Tuesday a little nine-year old daughter of Angus McPherson, 73 Paterson street, while attempting to climb into a moving wagon, got her feet entangled in the wheels, with the consequence that both bones of one leg were broken. Dr. Brennan supplied the necessary surgical attention.

Open Air Gospel Meeting.

The open air Gospel mass meeting to be held next Sunday afternoon at Campbell's Grove, North Monaghan, promises to be an unusually large and interesting one. Several prominent speakers will be there to take part. The musical part of the meeting will be well sustained by the Monaghan orchestra, under the management of the Williams Bros., whose musical abilities are too well known to be commented on. Be sure and go.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. R.ce, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

AT the head of the class stands M. R. KIDD in choice teas.

The Band in the Park.

There was another large concourse in Court House Park last night to enjoy the delightful programme of music supplied by the band. The general behaviour was good, but the banks of the terrace were badly broken in several places, evidently by persons sitting on the sward and digging their heels in in idiotic indifference or iniquitous intention. The park is looking splendid, the vases on the steps are thrifty, the flower plots are in magnificent bloom and the sward is in beautiful trim and freshness.

A Coming Excursion.

A large excursion under the auspices of the Port Perry Fire Brigade will arrive in Peterborough on Wednesday, August 14th. It is expected that there will be a large number of visitors and the promoters of the excursion have hinted that the hotels should have a hint to be prepared. Our hotels are so numerous and owill equipped to need special notice. Nothing short of the whole population of Port Perry would in any way derange the daily routine of our hotels. In that case the hotels might lay an extra plate or two.

To-morrow's Team.

The following is the team that will face Beaverton at that place to-morrow in the series for the championship of the eastern district. The team leaves by the 8.20:

You are Specially Invited.

You, that is, yourself, personally, individually, are invited to attend the excursion of Court Little John Foresters to Niagara Falls, on Thursday, August 15th, Civic Holiday. In these hard times of monetary famine, every shilling counts. This excursion is the cheapest of the season—only $1.75 to Toronto and return—only $2.00 to the Canadian Chautauqua and Niagara Falls and return. You may leave Peterborough on any of three trains on Thursday—at 4.56 a.m., 7 a.m., or 5.40 p.m. Tickets good for two days. You may cross the lake on either of the palace steamers, Chicora or Cibola. Don't neglect this chance for a delightful excursion. Tickets to be had at all the bookstores and from members of Court Little John. 2d

MILL OWNERS SUSTAINED.

The Board of Trade Endorses Their Action.

In Reference to the Means Employed to Minimize the Sawdust Evil—The Mill Owners Abide by the Agreement—A Resolution Adopted—A Report of Engineering Specialists Who Examined the Mills—The Report Gives Proper Debit and Credit—The Board of Trade Recognise the Bona Fides of the Mill Owners.

At a special meeting of the Board of Trade held on Tuesday evening the following gentlemen were present:—Mr. R. Innes, Vice-President, in the chair; Messrs. W. H. Meldrum, T. G. Hazlitt, J. M. Irwin, Geo. Hilliard (President), W. H. Moore, W. J. Minore, T. Cahill, W. Manson, J. R. Stratton, F. H. Dobbin, W. E. Matthews, Wm. Pollie, Thomas Kelly, W. Brundrette, —— Gower, H. S. McDonald and others, arriving after. Mr. E. B. Edwards was present in the interests of the Anti-Sawdust Association.

The meeting was called to discuss the sawdust question. Mr. Hilliard, President, stated that as he was an interested party he would suggest that the Vice-President, take the chair which he accordingly did.

After routine, the Secretary read the resignation of Mr. T. Cahill as chairman of the Manufacturers' Committe of the Board. The resignation was, on motion, accepted.

On motion the following gentlemen were appointed to attend the Merchants' Convention during the Summer Carnival in Hamilton on August 19th, *et seq dies*:—Messrs. D. Dumble, J. H. Burnham and W. H. Mel-

SAWDUST.

Mr. HILLIARD introduced the subject of river pollution by sawdust. He referred to the immense financial advantage the sawmills had been to the town, and the comparatively small damage done to the river, and in view of these facts he thought the recent prosecutions vexatious. He pointed out that in the past the saw mills had expended no less a sum than twelve million dollars, of which the town got the direct benefit. They had cut about 1500 or 1800 millions of feet of lumber. Reference was made to the growth of Peterborough compared to that of Lindsay, with a better agricultural country surrounding it. He argued that the damage done by sawdust was greatly over-rated. The damage done *had been done before the law against sawdust* was enacted. It was a great hardship to the mill owners if they were required, at this late day, when the timber supply was almost exhausted, to remodel their mills at a cost of hundreds of thousands of dollars. The mill owners were striving their best to

REDUCE THE TROUBLE TO A MINIMUM,

but even if a handful of sawdust escaped into the river, the law was put in force with Shylock severity.

MR. J. M. IRWIN pointed out that during the sawdust excitement of 1886 the Town Council, which was asked to give a deliverance on the subject on Jan. 25th, 1886, passed a resolution which will be found in the special report of the Engineers published elsewhere in this report. This resolution was recognized by the Government which sent a special official who reported favourably as to the arrangements of the millowners. He complained of irresponsible parties, agitating for the punishment of the millowners for the breach of a law which was not a hard and fast law for it gave the Minister of Marine and Fisheries power to set aside its provisions and he might remit fines imposed under the act if he saw fit to do so. (see Vic. 49, cap. 95, sec. 15, sub sec. 2.)

The mill owners had gone further and had employed engineers to make an examination, and the

REPORT OF THE ENGINEERS

was as below.

The undersigned at the request of the mill owners of Peterborough and Nassau made examination of the saw mills on the Otonabee river between the C. P. R. bridge and Nassau on 3rd. inst.

The object of the examination was to obtain evidence as to the depositing of saw dust and other mill refuse in the river, and to see to what extent the license conveyed in the following extract from the Minutes of the Council of the Town of Peterborough, dated February 8th, 1886. has been complied with.

"This council to the best of its judgement "is of opinion that the interests of all con- "cerned would be best subserved by the "rigid enforcement of the Game Law re- "garding all the mills on the Otonabee river "and the back lakes flowing into it, save "that the mill owners who use and run up- "right saws on gates attached to pitmans in "use therein (so long as they use the pitman "direct action from the water wheel) should "be permitted to allow so much of the saw- "dust from their mills to go into the river "as necessarily is carried into it by same up- "right saws; provided that all other saw- "dust, slabs, edgings, sidings, butts, bark "and all other mill refuse of every kind and "description made, formed or caused in the "saw mills is and are at all times kept out "out of said river and lakes, and burnt or "otherwise disposed of by the mill owners, "lessors or others in charge thereof, and "that this resolution should take the place "of a memorial on the subject to the Govern- "ment and that the Mayor and Clerk do "sign and seal the same." "Carried."

ROGERS MILL DICKSON ESTATE.—This mill is equipped as follow: One circular saw, edger and butting saws.

We find that provision is made for the moving of offal and sawdust. A small portion only of sawdust escapes to the river, carried by the current of air over the screens and conveyors.

DICKSON ESTATE, 1ST. MILL, WEST SIDE OF RIVER.—This mill has one circular, single edger, swing saw, one single machine with cross cut and splitting saws.

We find, excepting a small portion of saw dust, that no offal goes into the river. Leakage in the floor causes some sawdust to fall into the river.

DICKSON ESTATE, 2ND. MILL.—There are two gangs, two slabbers, one small circular, one lath mill, one cross cut saw, edging and butting saws.

The two gangs and two slabbers with pitman connections distribute the sawdust into the river; all other offal is carried away by conveyors and teams for the purpose of making land or for fuel.

BLYTHE MILL.—This mill consists of one large circular, one large gang, edger, Irish gang, butting saws and lath mill.

Refuse, other than sawdust through the pitman hole, is generally carried away by conveyors and teams. We find however unnecessary leakage through the mill floor, which in our judgment can be reduced.

NASSAU WATER MILL.—This mill is equipped with one large slabber, large gang, large Yankee gate, small Yankee gate, (all these direct acting, worked by pitmans and central discharge wheels) one large circular, one edger, butting saws, lath mill and Irish gang.

We find that carriers have been constructed to carry away the sawdust and other mill refuse, except such as deposited in the water from the upright saws worked by pitmans. The refuse carried by conveyors

IS EITHER BURNED AT A KILN ON THE RIVER BANK,

piled for making land or for firewood. We are of the opinion that this mill has made equal if not better provisions for disposing of sawdust and other mill refuse, and, excepting the sawdust from the upright saws, very little, if any, escapes to the water.

We wish to state that floating sawdust was seen on the surface of the water above Nassau, which can only be attributable to a mill, or mills, further up stream.

In respect of circular, edging, butting and other saws, the refuse from which can be conveyed by proper carriers and kept out of the water; we find that this is generally done, but in some instances it was apparent that leakage of sawdust goes on through the mill floors and openings therein, and we recommend the floors of mills immediately over the water should be close boarded, and all openings, where practicable, reduced or entirely covered, so as to minimize the deposit of sawdust in the water to the least possible quantity

It has occurred to the undersigned as a result of their examination that it may be possible to reduce very largely the amount of sawdust deposited in the water through the pitman hole by means of an exhaust fan such as is used in shook and other factories.

The conclusion arrived at by the undersigned is, that in respect of the privileges granted the mill owners under the minute of the council above recited, the owners of the mills herein reported have practically complied with its provisions in all respects as regards the deposit of sawdust from the upright saws. We desire, however, to call the attention of the proprietors of the mills to the recommendations we have felt impelled to make in order to minimize the deposit of sawdust in the river.

(Signed) J. G. MACKLIN, C.E., M.A.S.C.E.
G. W. RANNEY, M.C.S.C.E.
W. H. LAW, M.E.

NOTE.—Mr. Ranney having acted as superintendent of the Trent Navigation for many years, finds that the provision at present made for preventing offal from the mills, such as slabs, buttings, edgings and bark, going into the river has been reduced to an extent as not to interfere with the working of lock gates or accumulate shoals on the river banks.

(Signed) G.W. RANNEY, M.C.S.C.E.

MR. IRWIN continuing, called attention to

THE POLLUTION OF THE OTTAWA RIVER,

and quoted the experts to show that it would require to rebuild the mills on the Ottawa to entirely suppress the sawdust nuisance. Mr. Irwin submitted that the Peterborough millowners had complied with the spirit of the act, and he deprecated the annoyance to which they were forced to submit, at the instigation of irresponsible parties.

Mr. T. G. HAZLITT endorsed what had been said. The mill owners admitted the difficulty and made as successful efforts as possible to overcome it. They felt that the solid interests at stake overbore the trouble incident to sawdust in the river. He, also, deprecated the inconsiderate outcry raised against the mill owners. He had been in town for nearly 40 years, and twenty years ago when he took charge of the Dickson mills he built a kiln to burn refuse, and only when there was a demand for fuel was it discontinued. It

COST HIM FROM $15 TO $20 PER DAY

to remove refuse and only through the pitman was there any escape of sawdust. Mr. Tilton government officer, had visited his mills and was satisfied with what was being done. Mr. Dumble was also of the same opinion. He objected to the underhand sneaking way, in which the parties wrote to the Department with complaints. The mill owners were doing their best but they wished an unbiassed expression of the members of the Board of Trade—business men, whose interests were identical with those of the mill owners; whatever the opinion of the Board it would be respected by each mill owner.

MR. IRWIN inquired if any gentlemen in the room knew who made the "frequent complaints" that were made to the Government.

MR. MOORE said there was a blunder somewhere. The letter to the Fishery Inspector stated that had the resolution of the town council been complied with, there would have been no prosecution. In view—

MR. IRWIN interrupting, pointed out that

THE PROSECUTION IGNORED THE AGREEMENT

in the late prosecutions.

MR. HILLIARD said that the Inspector said nothing but about sawdust, and that the agreement allowed for upright mills depositing a necessary quantity of sawdust.

MR. MOORE continuing, said Mr. Dumble found that the mill-owners had not kept to the agreement. He (Mr. Moore) did not think that the Minister would have prosecuted if he had thought the agreement was adhered to.

MR. HAZLITT said the mill-owners were prepared to carry out the agreement to the letter. The trouble arose from the acts of irresponsible parties. They only asked to be allowed to carry out the agreement.

MR. HILLIARD thought the parties who made the complaints, if they were injured, should appear before the board, and he suggested that the meeting be adjourned to allow these parties to appear.

MR. J. R. STRATTON said the Board had heard all the facts, and he thought that, if the mill owners were keeping to the agreement with the town council, they were doing all that could be expected. He could remember that the damage done had been done at the time Mr. Hazlitt mentioned. He pointed out the great benefit the town had derived from the lumbering industry. He referred to the acquisition of a large new limit which would, doubtless, be developed in Peterborough. He moved the following resolution:

Moved by Mr. Stratton, seconded by Mr. Manson, That, having heard the remarks of the different speakers, and that in view of, and on condition of the proprietors of the saw mills on the Otonabee, undertaking to use every means in their power to prevent the introduction of sawdust and mill refuse into the Otonabee river, in accordance with the agreement with the Department entered into at the request of the town council, this Board respectfully request the Government of the Dominion to recognize the efforts of the mill owners in this direction, as an indication of their willingness to comply with the spirit of the law so far as practicable, and further request the Government to forego the enforcement of the letter of the law, unless the rule be universally applied and not applied alone to Peterborough millowners, and that a copy of this resolution be forwarded to the Minister of Marine and Fisheries.

MR. MELDRUM said that anything which hindered the mill owners carrying on their business should be discouraged by the Board. The Board's chief function was to foster manufactories and the mills were our most valuable manufactories and distributed the most money among the working men of the town.

MR. HAZLITT pointed out that Ottawa mill owners were allowed to put all sawdust, buttings, slabs and edgings into the river. It cost him (Mr. Hazlitt) $20 a day to dispose of his mill refuse and it was not fair to ask him and other mill owners to compete in the lumber market with mills who had no such expenses. It was the interest of the whole town not to hamper the mill owners.

MR. POLLIE inquired how the Board was to known that the agreement was complied with. Reports showed it was being done, and yet there were complaints and prosecutions. He pointed out that the town sewer emptied into the river, and other refuse polluted the water and the sawdust got all the credit. The mill owners

SHOULD BE PROTECTED FROM PROSECUTION.

MR. EDWARDS appeared on behalf of the Anti-Sawdust Association. He said that any resolution adopted by the Board must either be a whitewashing of the mill owners or an expression of judgment as to matters of fact. He denied that either he or the Association were the "irresponsible parties" who were making complaints. The mill owners had not complied with the agreement.

MR. HAZLITT said the Anti Sawdust Association, according to Mr. Edwards, had made the complaints and the government had acted on the assumption that they were true. He said they were not true, and he defied anyone to show that he had ever overstepped the agreement.

MR. HAZLITT pointed out that there was no evidence that the agreement with the government had been broken.

MR. IRWIN required of Mr. Edwards who the members of the association were. The Board ought to know.

MR. Edwards said they were among our best citizens from the Mayor down.

The cry of question was raised and on being put, Mr. Strattons resolution was carried unanimously and the Board adjourned.

Off for the Summer Haunts.

The usual exodus to outside summer haunts took place this morning from the Midland Station. Mr. Charles N. Brown started to join Schofield's camp, Gilchrist's Bay. Mr. and Mrs P. Henry, went to Bobcaygeon by C. V. R. R. and steamer. Mr. A. Ray, of Belleville, went out to join Jos Craig's party. Mr. and Mrs. W. A. Sanderson and Mr James Best jr., went out to tenant the "nobbiest cottage" on the lakes. Mrs. Wasson, Warsaw, mother of Mrs. Sanderson will join the party later. Mr. Sanderson took with him a new English canoe, the "Lorene." Mr. and Mrs. L. Kent and Miss McClelland went up also. Mr and Mrs. B. Morrow and Mrs. T. Dolan and Mr. and Mrs. Thos. Hooper were two others parties bound for the lakes.

Wait For It.

August 15th will be the day of the great excursion to Orillia. The arrangements are now completed, the committee having procured the band for that day, and every accommodation is made for the convenience of the excursionists to Orillia. There will be great attractions on that day. $500.00 is to be given in prizes for horse races and the Riverside Lacrosse Club will play a match with the Orillia team on that day. It is now a settled fact that the great excursion to Orillia, on Aug. 15th, will be the excursion of the season. Don't forget we have a special train on that day, quick time and no delay, which will leave Peterborough at 7 a.m. Tickets can be secured now at the shops of W. J. Devlin and York & Lee, and also from the committee. Return tickets only $1; children half price.

G. T. R. Thousand Island Excursion.

A large number went out on the special train on the G.T.R. trip to the Thousand Islands to-day.

Y. M. C. A. Camp, Stony Lake.

Y.M.C.A. CAMP, JUNIPER ISLAND, August 5th, 1889.

Mr. T. S. Cole began his Bible readings yesterday, and we are satisfied we are going to have an enjoyable and profitable time in the daily study of God's Word.

We had a very sociable time at our Gospel song service and camp fire last evening.

Mr. F.W. Gooch, general secretary, Brockville, arrived in camp last evening, and Mr. T. Ratcliffe, railway secretary, came this morning. Also a large number from various places.

We enjoyed a visit from Mr. Allison, reporter of the EXAMINER yesterday and he looks as if he is enjoying his outing. We had an excursion to White Lake this morning and all who went enjoyed a good time.

We meet to-day at 4 p.m. for Bible reading and at 8 p.m. for song service and camp fire. The weather is grand.

Police Court,

AUGUST 7th, 1889.

At the court this morning John O'Connor Ashburnham, was charged with breach of the Liquor License Act—selling on Sunday, July, 21st. A fine of $20 and costs was imposed. Mr. W. Darling, inspector, prosecuted.

Personal.

Mr. Frank Farin has gone up to the lakes for a few days' enjoyment—to McIntyre's Island.

Miss P. Beatty, of Bobcaygeon, has arrived in town. She has entered the Business College to take a commercial course.

Mr. John McKee, druggist, was in Toronto yesterday attending the semi-annual meeting of the Ontario College of Pharmacy.

Mr. C. H. Mortimer, publisher of the *Electrical, Mechanical and Milling News*, Toronto, was in town yesterday, attending the convention of millers.

Mr. and Mrs. John Nugent went by train this morning to Lindsay, *en route* to Sturgeon Point, where they will, for a fortnight, be the guests of Mr. and Mrs. Wetherup.

Willow and Wicket.

A local contemporary is in error in saying that the cricket match was off yesterday because the home club could not get a team together. It was the East Toronto club that defaulted in this respect. The crack of doom will be in sight when the Peterborough club can't get a team together.

It's a pity to waste the glorious cricket weather we are now having and should be enjoying.

Two fixtures only are at present on the secretary's book, both to be played on the home grounds—Toronto on the 15th, and Victoria Rifles, Montreal, on the 20th. Other matches are in course of arrangement, including two with Lakefield, two with Campbellford, and two with All Ontario (county).

Though the present is dull, there will yet be plenty of cricket this season.

The local club being disappointed in so many foreign matches have decided to resurrect the local matches between Colts and Veterans that were so popular and profitable to all players last year. The first match of the series will be played on Friday afternoon at 3 o'clock sharp. The Colts will be captained by Willie Hamilton and the Vets. by John Stirling. This match will be for blood.

We Explained to You

but a few days ago the excitement our announcements of cheap goods would cause as well as the uneasiness among some grocers. Why should we not be termed public benefactors? Why, here it is, but a day or two ago you would see a firm actually selling an article or so away below cost, so anxious are they to procure a slice of our trade, but never mind—look out for those who offer baits—don't bite as we sell *all* goods cheap. Remember when we offer you Electric Soap at 5 bars for 25c., we tell you distinctly it is "Dingman's." So do not be mislead. All goods away down. W. J. Morrow, 310 George-st.

Business Changes.

Mr. E. Peplow, of Port Hope, has, we are informed, entered into partnership with Mr. Frank Hilliard, for the carrying on of the milling business in the Blythe Flouring Mills, the firm name being Peplow & Hilliard.

Mr. Wm. VanEvery has purchased the flour and feed store of Mr. J. W. Flavelle, Simcoe street, and will hereafter conduct it. Mr. VanEvery has had a large experience and will, doubtless, prove himself worthy of public confidence.

Poisoned by Paris Green.

Mr. George Payne and family, of Cavan, were seriously poisoned by eating beans grown along side potatoes on which Paris Green had been used to kill the bugs. They have been seriously ill for a week. Dr. Turner, of Millbrook, attended them. They are recovering but they had a very narrow escape from fatal results.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, claret's, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery. Elliott & Tierney, George street, Peterborough.

The Vexed Question Settled.

Now that the market question is settled, all the councillors will be giving tea-parties to celebrate the event and they will all buy their tea at Hawley Bros., the great emporium of choice teas, pure fragrant coffees and fine glassware. Bear this in mind, and go to Hawley Bros., when you want the purest goods of the above classes.

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont. 2w31d

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

London Electric Snap is only made by D. Richards, Woodstock. Trade mark registered.

CLEVELAND'S SUPERIOR BAKING POWDER

THE PUREST AND BEST

Is made only of strictly pure grape cream of tartar, strictly pure bicarbonate of soda, and a small portion of flour as a preservative, nothing else whatever, and is warranted entirely free from alum, ammonia, phosphates, lime, and all the adulterants frequently found in baking powders. The character of materials used, their purity, and the nicety of their combination, render Cleveland's superior baking powder the most healthful and almost economical in use, and it always affords wholesome, nutritious, and delicious food.

It is recommended for purity, healthfulness and efficiency by Government and State chemists, chemists of Boards of Health, and professors in institutions of learning throughout the country.

Sold only in cans, full weight.

BYAM'S
Improved "Common Sense"
• SASH BALANCE.
LOCKS AND LIFTS.

THE only *practical* substitute for weights invented. The most durable, the cheapest and best device for all *ordinary* windows. Balances when in position are entirely *out of sight*. No rivets, bolts or screws are used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or marring of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily put in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is impossible to use weights or other fixtures. No unsightly cord wearing paint off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when Sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No *rubber* rollers to become flattened by standing in one position for some time. No *finney* coil spring or *delicate* mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of *all*.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts for upper and lower sash are the best and cheapest in the market.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 's a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and, ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½
10 " Light Prints " 5
20 " Dress Goods " 15
12½ " " " 10
20 " Sailor Hats " 10

DRUNKENNESS
Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.
It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes a total impossibility for the liquor appetite to exist. For circular and full particulars, address GOLDEN SPECIFIC CO., 185 Race Street, Cincinnati, Ohio. eodw

WRECKED IN A FOG.

A DOMINION LINER GOES ASHORE AT BELLE ISLE.

The Steamship Montreal Make Her Last Voyage—All Hands Saved—The Cattle Cargo Drowned.

FATHER POINT, Aug. 7.—The Dominion line steamship Montreal, Captain Wall, from Montreal and Quebec, sailed from the latter port at 7 p.m. Aug. 1, with passengers and a general cargo, cattle and sheep, bound for Liverpool, passing Father Point onward on Aug. 2 at 10 a.m. in a dense fog.

From a private letter received from Captain Bentley of the steamship Assyrian, Allan line, from London and Havre, that passed inward this afternoon it is learned that the steamship Montreal went ashore near the landing at Belle Isle in a dense fog at 10.30 p.m. on Aug. 4, but that all hands were saved and plenty of provisions saved from the ship. The passengers and crew are still on the island awaiting a passing steamer to take them to Liverpool. Some of the cattlemen are on the Assyrian going to Quebec.

The captain reports that the ship is a total wreck and no chance of salvage.

The cattle were all drowned, but a few sheep were landed alive.

Captain Bentley of the Assyrian reports icebergs very numerous around Belle Isle and the eastern entrance to the straits.

Says He Is Innocent.

MONTREAL, Aug. 8.—Octave Meunier, who left Quebec some weeks ago owing to business troubles, was arrested at Albany and brought back to Montreal having waived any extradition proceedings. Meunier entered the service of the Citizens' Insurance Company of Montreal two years ago as their general agent in Quebec. At the same time he received the appointment to a similar position in the Agricultural Insurance Company of Watertown. Both companies require bonds of security amounting to $4000 each. These bonds Meunier furnished, each being signed by five names, some of the best business people in Quebec. Last May Meunier, who was shortly to be married, suddenly left Quebec. His accounts were examined and it was found that he was about $3000 short, each company bearing an equal loss. The bondsmen were called upon to make good the loss but each of the parties whose names appeared on the bonds repudiated the signatures as forgeries. Meunier made the following statement yesterday:

"I am not guilty of the forgery imputed to me. The men who repudiated the signatures did so only because I was not present and because they were not put under oath. As to the defalcations I say I am not guilty. I never took a cent of the company's money. I left Canada because I was in business difficulties and could not meet private creditors, but that had nothing to do with the companies for which I was agent."

Meunier appeared before Judge Dugas yesterday and preferred to be tried in Quebec. He is 23 years of age and belongs to a good Quebec family.

A Detroit Ticket Office Robbed.

DETROIT, Aug. 8.—The Union Ticket Office, corner of Woodward and Jefferson avenue, the most public point in the city, under full glare of electric and gas lights, was "tapped" last night, the safe drilled and robbed of nearly $2000 in cash. No tickets or checks were taken. After getting inside the burglars were hidden from view by curtains in the private office of C. A. Warren, the agent. The safe was a small one and not burglar proof. The Michigan Central, Lake Shore and Michigan Southern and Flint and Pere Marquette are the roads represented at this office. The manner in which the work was done shows that the burglars were the slickest kind of professionals. The police, who knew nothing about it till the janitor notified them yesterday morning, are severely criticized.

A Deliberate Suicide.

QUEBEC, Aug. 8.—A farmer of St. Leon by the name of Joseph Lessard, while in a fit of temporary insanity, threw himself into a well on Monday last and was drowned. A few minutes before the occurrence he left his house in company with his wife for a short walk, but they had not gone far when he suddenly took a fancy to commit suicide. He took off his hat, placed it on the fence, then quietly divested himself of his overcoat and disappeared. The act was so quickly done that his wife had not time to prevent him. She at once gave an alarm and search was made for the body, but when taken up it was found that life was extinct. The deceased was highly esteemed by all who knew him. He was a councillor of the parish and seemingly in good circumstances. No cause can be given for his action.

The Mayor of Sandwich Fined.

WINDSOR, Aug. 8.—Tuesday Mayor Mason of Sandwich appeared before Magistrate McWhinney of the same place to answer a charge of breach of the health by-law by dumping decomposed and fetid fish on the river bank within the corporate limits of Sandwich. The Mayor was found guilty and fined $5 and costs.

Baird's New Sit.

OTTAWA, Aug. 8.—Baird, the young Englishman who recently married the daughter of Judge Taschereau, has resigned his position in the Canada Atlantic Railway to accept a vacancy in the department of the Secretary of State at a salary of $75 per month.

He Lived in Palatial style.

NEW YORK, Aug. 7.—President E. S. Allen of the Forty-second-street and Grand-street Ferry Railway was arrested to-day for forging certificates of the railroad's stock for about 700 shares. He hypothecated them and raised from $125,000 to $130,000. Allen has lived in palatial style. He has confessed.

Bitten By An Iron Dog.

QUEBEC, Aug. 7.—A laborer named Burns met with a painful accident yesterday on shipboard. An iron dog, which suddenly became detached from a piece of wood, struck him violently in the jaw, smashing in his face and causing such injuries that his recovery is considered doubtful.

Two Miles a Minute.

LAUREL, Md., Aug. 7.—On a two-mile circular track here to-day the speed of two miles a minute was maintained for 10 miles by the three ton motor of the Electro-Automatic Transit Company. This equals three miles per minute on a straight track.

NEWS OF THE OLD WORLD

GENERAL BOULANGER TO RETURN TO PARIS.

Germany and England Getting Too Friendly to Suit the Czar—Lord Tennyson's Eightieth Birthday.

LONDON, Aug. 7.—The Radicals continued their hopeless fight against the Royal Grants bill up to the very last moment in the House of Commons, opposing it on the third reading merely as a matter of principle, but without the faintest idea of even making a strong protest. They did not even raise a whip, but simply voted when the time came without making any fuss. One feature of the final decision was that many Liberals did not vote, while some others who had all along supported the bill voted with the Radicals. This change of front was due to the protests of Liberal associations throughout the country, a number of which took pains to censure Mr. Gladstone's action. When it came to the final vote, indeed, only eight Liberals and six Irish members voted with the Government.

At a conference of Gen. Boulanger, M. Laguerre, Paul de Roulede, Henri Rochefort, Comte Dillon and others, in London, it was decided that the best thing Boulanger can do just now, in view of his defeat at the polls, is to offer to return to Paris and stand his trial before a military court, if the government concludes to abandon the prosecution of the charges against him before the senate. He and his friends feel that something must be done to keep him theatrically before the people, or the result of the elections will do a permanent injury.

It is reported that the Czar has instructed Count Schouvaloff to inform Prince Bismarck of the probable postponement of his visit to Berlin. The cause of this is not far to seek, since it is virtually right here in London. The success of Bismarck's policy in effecting an entente cordiale with Lord Salisbury is tantamount to an alliance of the two nations, although there is not, and probably will not be, anything in the way of a formal treaty. This arrangement has once more excited the repugnance of the Czar to meeting the Kaiser, and there is no knowing how far their sentiments of hostility may reach.

The Russian Government has sent a note to the Porte concerning the warlike troubles in Crete. In the note Russia trusts that the rights of the Christians in Crete will be granted, and that every effort will be made to restore order without bloodshed.

Lord Tennyson yesterday celebrated his eightieth birthday. He is staying at Aldsworth in Surrey, whither he was removed from Farringford after his recent illness. The aged poet is now in reasonable health. The physicians report that the distressing symptoms which made his death seem near a short time ago have abated, and he is now able to take short walks and drives.

Mrs. Maybrick Condemned to Death.

LIVERPOOL, Aug. 7.—The jury in the case of Mrs. Maybrick, who has been on trial for the murder of her husband, brought in a verdict of guilty to-day. Mrs. Maybrick was thereupon sentenced to death.

Judge Stephens, in his charge to the jury, said there was strong and distressful evidence to show that the prisoner had a motive in ridding herself of her husband. This could be found in her infidelity, which had rendered it necessary for her to enter into inextricable masses of lying. He also called particular attention to the phrase "he is sick unto death," contained in her letter to Brierly. This was terribly important, in view of the fact that on the day the letter was written the doctors fully expected that Mr. Maybrick would recover. It shows there was reason for believing that the prisoner was desirous of being rid of her husband, in order that she might live with her paramour. The judge put the question to the jury whether it was reasonable to believe that a loving wife would yield to her husband's suggestion to put an unknown powder in his food.

Thousands awaited the judge's departure from the court, and howled with rage when he appeared. The hooting was incessant and there were frequent cries of shame. The crowd threatened to attack the judge's carriage, but the police interfered. The feeling over the result is intense. Steps are being taken to stay the execution, further medical evidence having been secured.

No such trial as this has been known in England for thirty years, when Madeline Smith was tried for poisoning her lover. Miss Smith, like Mrs. Maybrick, was a young lady of some social consequence and resided at Glasgow. While still a mere girl her affections were won by a meretricious fellow, who proved unworthy. Her perception of this and his personal treatment of her caused a revulsion of feeling. The allegation against her was that she had inveigled him to her house and had poisoned him. The evidence against her, although circumstantial, was very compromising. Owing to the brilliant defence of her counsel she was acquitted, and is now happily married and living in London.

Britain's Egyptian Policy.

LONDON, Aug. 7.—W. H. Smith, the Government leader, declared in the House of Commons last night that the Government did not intend to follow up the success of Gen. Grenfell by occupying Dongola and Berber. The policy of defending Egypt's present frontiers would be continued.

Parnell's Health Broken.

LONDON, Aug. 7.—Mr. Parnell's health is broken and his doctors advise him to spend a year in the south of France.

A German Spy.

PARIS, Aug. 7.—Capt. Bajac, formerly a member of Gen. Boulanger's staff, and afterwards attached to a foreign office, has been arrested on the charge of being a German spy.

Too Loose Morals.

PARIS, Aug. 7.—Extensive forgeries of 1000 franc notes have been discovered at Toulouse. A number of persons have been arrested. A large railway contractor who is implicated has escaped.

At Crete.

LONDON, Aug. 7.—An Italian torpedo boat and a Russian corvette have arrived at Crete.

The High Court of Foresters.

LONDON, Aug. 7.—The High Court of the Order of Foresters assembled at Bournemouth has granted the demand of the loyal courts of America to establish a subsidiary High Court in that country.

A Royal Wedding.

ST. PETERSBURG, Aug. 7.—The marriage of the Princess Militza, daughter of Prince Nicholas of Montenegro, to the Grand Duke Peter, nephew of the Czar, was solemnized here to-day. The Imperial family and foreign representatives attended the ceremony.

Proceedings Were Stopped.

MONTREAL, Aug. 8.—Detective Gladu has discovered a curious culprit but he refuses to divulge any names. A well-known drygoods firm were continually missing pieces of valuable goods and though every one of the clerks were shadowed no blame could be affixed. The detective concealed himself in the store and discovered a young man help himself to a piece of silk and a ladies' circular and drive away in a cab. When arrested it was discovered that he was a nephew of the senior partner of the firm and proceedings were stopped.

Killed by a Cannon Ball.

YARMOUTH, N. S., Aug. 7.—Some unknown person last week put a shot in one of the old 32-pound cannon in the drill shed and various attempts to extricate it failed. Last night about 9 o'clock some powder was placed in the touch hole and exploded. The ball went through a heavy rolled-up gymnasium mattress, the doors of the rifle rack, the end of the building, entered Wilson's stable and killed Bashleman James Corman, breaking his neck.

The Ball Record

Chicago's Mayor Talks With Burke.

CHICAGO, Aug. 6.—Mayor Cregier had a talk of three-quarters of an hour to-day with Suspect Burke. The tenor of the conversation has not been learned.

Burke was photographed this afternoon and was subsequently talked to by State's Attorney Longenecker and Chief of Police Hubbard. From their words and actions the inference is drawn that Burke had made some valuable admissions. The chief would neither admit nor deny this.

CAPTAIN SHEPARD'S REPORT.

The Newspaper Accounts of the Black Diamond's Seizure Were Correct.

WASHINGTON, Aug. 7.—The report of Captain Shepard, commanding the revenue steamer Rush, regarding the seizure of the British sealer Black Diamond has been received at the Treasury Department. Acting Secretary Batcheller refuses to give it to the press, but admits that it confirms substantially the newspaper reports. It contains no reference to the escape of the vessel, for the reason that it had not occurred when written. Neither does it give any explanation regarding the smallness of the crew placed in charge of the prize, but the report is said to indicate that the vessel was not paroled but was subject only to the control of the prize crew. Mr. Batcheller said that as the question seems to have assumed political importance he preferred to do nothing whatever in the matter without consultation with Secretary Windom upon his return.

SEALSKIN SACKS.

How the Behring Sea Dispute Bears upon Their Price.

WASHINGTON, Aug. 7.—On the settlement of the Behring sea troubles depends the fashionableness and unfashionableness of the sealskin sack. Thus far the United States has taken no positive step of any kind, and the whole question is still an open one.

Assistant Secretary Wharton has said that the State Department was acting under the law as passed by Congress. The status of the question is just this: The Cleveland administration seized a number of British sealers and then released them. Meantime it secretly entered into negotiations with England, Russia and Japan to protect the seals from extermination. Congress, however, early this year passed a law prohibiting all persons save those authorized by the United States from taking seals in that portion of Behring Sea over which the United States has jurisdiction. The whole question of the extent of jurisdiction was left unsettled. The United States has just seized, and then allowed to escape, another British sealer.

Suppose the United States should fail to establish jurisdiction over the waters of Behring Sea. Of the two seal islands whither the Pacific seal resort for breeding purposes, one belongs to the United States and the other to Russia. Both are rented to the Alaska Commercial Company of San Francisco. The English have no rights on these islands, but they can take the seal on their way thither, and by indiscriminate slaughter can exterminate the small remnant of fur seals now left.

As it happens the lease of the Alaska Commercial Company expires next year, and unless the seals are protected a new lease will be of little value. Moreover the Alaska Company, by the judicious expenditure of hundreds of thousands of dollars in the principal fashion centres of the world, is able to keep seal fur in demand. Should the seal fisheries be thrown open indiscriminately seal fur would quickly flood the market and its value would vanish.

THE FRENCH QUESTION.

Hon. Mr. Pendergrast Interviewed—Probability That He Will Resign.

WINNIPEG, Aug. 7.—Hon. J. E. Pendergrast, Provincial Secretary, in an interview to-day says that it is the settled intention of the Government to abolish the Board of Education and dual language he will immediately resign.

The Sun says to-night there is little doubt but that the Government will deal with both questions at the next session and settle them finally.

Ambitious City Notes.

HAMILTON, Aug. 7.—Michael Sheehan and Daniel Sheehan of Toronto went to the celebration at Merriton yesterday and lost their tickets. They managed to get back to Hamilton and were trying to steal a ride to Toronto this morning when Constable Humphrey of the Grand Trunk Railway took them in. They were fined the lowest amouns prescribed by law, $10 each or ten days.

Thomas Clarkson, accused of having stolen Charles Cooper's trotter Ned Higgan, was remanded for a week at the Police Court this morning.

John Cunningham was arrested to-day for neglecting to support his wife.

A short story written by Miss McIlwraith of this city has been accepted by Harper's Magazine. The scene of the story is laid at a Quebec watering place.

R. T. Wilson of Dundas and Mr. Black of Fergus are about to erect new cattle stables in the east end of the city to accommodate 300 cattle.

The third annual meeting of the Bill Posters' Association was held in this city yesterday. Representatives from mostly all the towns and cities were present. After an amendment to the bylaws was carried providing for losses from irresponsible parties, fixing the scale of prices and other minor matters these officers were elected: Henry Jackman, President; E. Ilton, Vice-President; P. J. Culhane, Secretary-Treasurer.

Murderous Highwaymen.

OTTAWA, Aug. 7.—George Barclay was on his way home from Clarence Creek about 10 o'clock on Monday night when suddenly two men emerged from the roadside and presenting pistols demanded his money or his life. It was known that Mr. Barclay had that day drawn $80 from the municipal treasury with which to complete a bridge. Barclay declined to surrender and the murderous highwaymen fired. One shot took effect in Barclay's left arm and the robbers sprang on him, threw him down and rifled his person, taking all the money, his watch and diamond pin. As he fell Mr. Barclay lost consciousness and when he came to he was alone. From great loss of blood he is not expected to live. The men are unknown and so far no steps have been taken to bring the murderers to justice.

Struck by a Freight Engine.

CHATHAM, Aug. 7.—Two railway navvies, James Morrison, hailing from the neighborhood of Toronto, and Smith of Belleville, who refuses to give his Christian name, engaged in working on the Canadian Pacific Railway at Thamesville, were walking to this town on the Grand Trunk Railway track last night and were struck by the engine of a freight train about half a mile east of the town. Morrison is severely injured in the back and shoulders and will probably die. Smith is cut on the back of the head and shoulder, and may recover. Both were apparently intoxicated, and can tell nothing of how the accident occurred.

Fired by a Tramp's Pipe.

HOLSTEIN, Aug. 7.—About 1 o'clock this morning the barn and stables of Mr. William Doyle, who lives two miles north of here, were discovered to be in flames. The fire had made such headway that it was impossible to save any of the implements and other things which were stored in the buildings. The loss is about $1500, partly insured. The fire is supposed to have been kindled by a spark from a tramp's pipe.

A Cotton Company's Bad Year.

HALIFAX, Aug. 7.—At the annual meeting of the Nova Scotia Cotton Company this afternoon the directors' report was presented, showing a loss of $33,406, the actual working loss for the year being $13,500, the balance being properly attributable to operations of the previous year. Of the new issue of $100,000 in 6 per cent. debentures about $30,000 have been disposed of. The old board of Directors was re-elected.

Well and Truly Laid.

CHATHAM, Aug. 7.—The corner stone of Trinity Anglican Church, Blenheim, was laid to-day by J. Ross Robertson, Deputy Grand Master of the Grand Lodge of Canada. A large number of the craft were present as well as a concourse of inhabitants. Bro. Robertson delivered a lecture to the craft on "The History of Masonry in Canada" in the Baptist church this evening.

Killed by Lightning.

WINNIPEG, Aug. 7.—Lightning killed two Indians in their tents at Brokenhead last night.

Halifax Summer Fete.

HALIFAX, Aug. 7.—The third day of the summer carnival was an unqualified success. The horse races were attended by a big crowd and the illumination of the harbor to-night and procession of illuminated craft was one of the finest spectacles ever witnessed here. The five warships in port contributed generously to the pyrotechnic display. Four bands competed to-night in a band tournament at the Exhibition Building. The prizes were carried off by the 63rd Battalion first, Lanesburg Band second and 66th Battalion third.

Sudden Death of a Hamiltonian.

BUFFALO, Aug. 7.—This afternoon at 5.20 Walter S. Davis of Hamilton, Ont., a visitor at the track, was looking at the free-for-all pacing race when he fell backward without a word. His brother, who was with him, tried to raise him, but Davis was motionless and upon investigation it was found that he was dead. The body was embalmed and sent to Hamilton to-night. Deceased was 38 years of age.

Death of Mr. William Finlay.

SIMCOE, Aug. 8.—The death occurred here yesterday of Mr. William Finlay, one of the oldest residents of Norfolk County. Mr. Finlay was born in Quebec 81 years ago and came to this place in 1823. He was for years actively engaged as a merchant miller and distiller and acquired a competency. He was at one time Colonel of the Norfolk Militia.

A TORONTO TRAGEDY.

THE MYSTERIOUS DEATH OF PLASTERER JAMES HICKS.

He Dies in Terrible Agony From Arsenical Poisoning—The Dead Man's Nephew and a Fellow-worker Under Arrest.

TORONTO, Aug. 8.—This afternoon at 3 o'clock Coroner Johnson will open an inquiry into the death of James Hicks, a plasterer, who died yesterday morning at the residence of his parents, No. 20 Norfolk-avenue, under peculiar circumstances. That the unfortunate man came to his untimely end by means of foul play there does not seem to be the slightest doubt, and the police are now at work unravelling the mystery which surrounds the crime. On Tuesday morning Hicks, in company of his aged father, left his home on Norfolk-avenue, over the Don, to go to work on a new house in Dachess-street. The elder Hicks before reaching the work complained of illness and returned home. Young Hicks went on, worked at the job all morning, took sick about 1 o'clock in the afternoon, remained in the building suffering severely until 4 in the afternoon, when he was driven home, where after enduring excruciating agony he expired yesterday morning. In connection with Hicks' death two persons have been arrested and are in Wilton-avenue Police Station awaiting the action of the coroner. One of them is Charles Cole, a fellow-worker, who resides with his wife at 494 Kingstreet east. The other prisoner is the dead man's nephew, Arthur Hicks, 14 years of age, and an apprentice learning his trade as plasterer with his uncle. Detective Slemin made the two arrests and his action is based on these facts: When James Hicks and his father left No 20 Norfolk-avenue early yesterday morning both carried dinner pails, the contents of which were made up in the house by the mother and sister of the deceased. As already stated Hicks senior returned home. The deceased while on the way to his work in Dachess-street, called at Cole's house, 494 Kingstreet east, where he left the dinner pail for a few minutes. Returning he took it with him to the building he was plastering and placed it in a finished room until the dinner hour. At 12 o'clock he and his nephew Arthur sat down to their noonday meal. Arthur Hicks had simply a dry lunch, with no liquid, while his uncle had been supplied with tea. It was his custom to take it without milk, and he drank freely of

LACTATED

FOOD

IS THE BEST

—:o:—

For Young Infants it is a perfect substitute for Mother's Milk, often saving life; for the Invalid or Dyspeptic it is for the greatest value. It is

THURSDAY, AUGUST 8, 1889.

YANKEE NAVIGATORS.

Our Yankee neighbors are in great trouble over their navy. All the world knows that their system of prosecution has reduced their navy to a few old tubs of antiquated build that would not be seaworthy on a goose pond. And now it appears that they have no sailors either. The Detroit *News* thus refers to the quality of their seamen:—"What kind of navigators have we in our navy? In the harbor of Apia two of our ships were lost in the storm because of their handling, every one agrees, Admiral Kimberley's instructions to Capt. Mullen now forming the basis of a naval court of inquiry in regard to the latter, which is really an inquiry into Kimberley's orders. Less than six weeks ago the training ship Constitution, with a load of boys from Annapolis, who were being trained in practical seamanship, was run on a rock in Chesapeake Bay, by a commander who should have known its location and saved the imperiling of the lives of a large number of boys and the damage to his ship. This is again the basis of a naval court of inquiry. Yesterday, again, the cruiser Boston, one of the finest ships of our new navy, was run on a rock in Newport harbor, and was only saved from destruction by the circumstance that she was not running with a full head of steam. If this is the work of our naval officers it would be as well, perhaps, to let our new ships lie in the dock yards until we can train up a class of navigators to handle them about our coasts."

To-day, August 8th, the time expires in which the Dominion Government could disallow the Jesuit Estates Act of the Quebec Legislature. It will, in all probability, become law, the Dominion Government declining to recommend to the Governor-General the exercise of the prerogative of disallowance.

The Mowat Government is to be commended for its proposal to employ Central Prison convicts in the manufacture of woollen goods for the use of the prisoners there and throughout the jails of the province. Whatever opinion there may be as to the expediency of employing prison labor in competition with manufacturers in open market, there can be little difference of opinion as to the advisability of having prisoners make whatever is essential to their own maintenance, and thus relieve the community from supporting them.—*Hamilton Herald.*

The activity of English capitalists in foreign investments is most astonishing. Accurate London financial authorities estimate that in the last five months alone English people have subscribed $500,000,000 to various foreign enterprises. Of this sum $30,000,000 have been absorbed in railroad investments in North and South America; $30,000,000 have been placed in the African gold mines and the remainder scattered in a multitude of investments all over the globe. It is such expansion as this, which has been going on for many years, that makes Great Britian the wealthiest nation on earth. Already the ownings of Englishmen in foreign lands much surpasses the value of the property contained in the island, and with the rate of foreign purchasing increasing as it has of late the famous traders of the United Kingdom will presently come near to "owning the earth."

Many leading American newspapers condemn the seizure of Canadian sealing vessels by United States revenue cutters in Behring Sea, and declare that the claims of the Washington government to exclusive jurisdiction over those waters cannot be sustained. The Canadian paper that ventures to condemn any action of the Dominion government in dealing with foreign powers or foreign citizens is usually denounced by the Tory press as guilty of treason. It is also asserted from time to time that Americans never admit of wrong-doing on the part of their government, whereas the fact is no people in the world so freely criticise and condemn those in office, when the occasion calls for it, as do the people of the United States. The truest patriot is not the groveling sycophant, who is prepared on all occasions to lick the feet of those who happen to be in power; but the independent citizen who is ever ready to exercise his right to point out the errors of those who govern, with the view of having such errors rectified.—*Free Press.*

New uses for paper made from woodpulp are being discovered almost every day, and one of the latest is likely to make almost any sort of wood valuable for building purposes. The usual order of things has been reversed by the manufacture of wood-paper into boards. The Mississippi Valley Lumberman says that one establishment out west is doing an extensive business in the manufacture of paper clothing, and the fabric is said to equal that of any other class of goods in style and durability. For blankets, piano coverings and similar purposes, the paper fabrics are an established success. They are light and serviceable. Dr. George Theanius, of Vienna, has invented a process for the manufacture of leather from red beech wood. The best wood for the purpose is taken from fifty or sixty year old trees, cut in the spring, which must be worked up immediately, bark peeled off, steamed, treated with chemicals in a kettle under pressure, and exposed to several more operations, which the inventor does not mention, as he wants to have them patented. From the prepared wood strong and thin pieces are made by means of heavy pressure. The inventor states that a solid sole leather can be obtained, which he claims is superior to animal leather in firmness and durability and can be worked up in the same way as animal leather, nailed and sewed.

DROWNED AND ROASTED.

Terrible Explosion on a Naphtha Yacht at Buffalo—Four Persons Killed.

Buffalo, Aug. 7.—This afternoon the family of Mr. L. B. Crocker, superintendent of the New York Central stock yards at East Buffalo, had boarded Mr. Crocker's new yacht the Cedar Ridge for a trip down the river. The boat lay at her dock at the foot of Ferry street. The yacht used naphtha for fuel and almost as soon as the engineer had received orders to get ready two loud explosions were heard and fragments of the yacht were seen shooting skyward. The boat was completely demolished. Three were killed:

Ethel and Lancet Crocker, young girls, burned.

Howard Crocker, boy, drowned.

John Rubenstein, carpenter working in the dock, covered with burning naphtha and burned.

The injured are: Miss Charlotte Crocker, very seriously burned; Miss McLean, a guest of the Crocker family, badly burned; Engineer Coolmeyer, severely burned.

Mrs. Crocker, mother of the three dead children and the young lady who is perhaps fatally burned, is seriously ill and has not yet been informed of the death of her children.

He ate green cucumbers
They made him quite sick;
But he took a few "Pellets"
That cured him right quick.
An easier physic
Your never will find,
Than Pierce's small Pellets
The Purgative kind.
Small but precious. 25c. a vial. b

For Delicate, Sickly Children

Scott's Emulsion is unequalled. See what Dr. C. A. Black, of Amherst, N.S., says:—"I have been acquainted with Scott's Emulsion of Cod Liver Oil and Hypophosphites for years, and consider it one of the finest preparations now before the public. Its pleasant flavor makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Sold by druggists, 50c. and $1.00. w28eod

On The Increase.

So increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I can recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. Jane Taylor, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

Excels All Others.

I used one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. William Walton, Galt, Ont, 2w31d

A Baby in Danger.

My baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. Mrs. A. L. Buie, Shell River, Man. 2w31d

A Remedy that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetising tonic and fortifier. dw

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar."
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker."

25 REASONS
FOR
DRINKING
ROYAL
DANDELION
COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all must own the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

Luxuriant Growths of Hair
are seen on the heads of all who use
DR. DORENWEND'S
GREAT GERMAN

HAIR MAGIC.
The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do n't let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hard try to shove them off in this way. See that each bottle bears seal and signature
A. DORENWEND,
Sole Manufacturer, Paris Hair Works, 103 & 105 Yonge street, Toronto, Canada.
Bangs, Frontpieces, Waves, Wigs, Switches, Gents' Wigs, Toupees, and Hair Goods of all kinds are supplied by A. Dorenwend. Send to above address for circulars and prices. dw

ENGRAVING in the highest style of the art. Watches, Clocks and Jewelry at Lowest Prices.

MUNCASTER'S

THE STORY OF A LOST BOY.

FIVE HUNDRED MEN SEARCHING FOR A THREE-YEAR-OLD

How the Search Went On For Three Days—Affecting Scenes When the Child Was Found—A Mass Meeting in the Town Hall.

On the morning of Memorial Day Emil Bonahatel, not quite three years old, followed his brothers from the house a short distance down the road into the timber, where they were going on their business of charcoal making. He was sent back, and was afterward seen about the barn at 8 o'clock. Presumably he followed them again later. At any rate he disappeared and nothing was known of his whereabouts until long afterward.

At 5 P M his brothers returned, and inquiry was at once made for little Emil. As he had occasionally gone with them before, his sister, the only one of the family who was at home for the day, supposed he had been with them. To the horror of all it was reported that they had seen nothing of him. The child had been lost sight of for nine hours.

The Bonahatels live on the top of the Tamenic range, near the line between Mt. Washington, Mass., and Salisbury, Conn. It is densely wooded and sparsely inhabited for miles in every direction. The town of Mt. Washington itself contains neither doctor, lawyer, nor minister, so few are its citizens. Salisbury, the nearest village on the Connecticut side of the line, is seven miles away over a rough mountain road with a steep climb in many a place. The woods are the home of wildcats, foxes, and occasional wolves, who might readily molest a child wandering in those wilds. The writer saw a pile of forty-eight such pelts brought down from that region a few weeks ago, the product of a winter's catch by one man. It was in this locality, one of the wildest in New England, that a bare-headed and bare-footed child of 2 years and 9 months was lost.

The father and mother were at work in another direction that day. They were at once alarmed, and the entire family set out upon the search before the night closed in. A mile and a half from the house the little footprints made by a child's bare feet in the mud by the roadside were found, and that was the only trace of him discoverable. All night through the family sought for him with lanterns. They had no neighbors and so were alone in the search. It had rained steadily from the morning of Memorial Day, and that night it poured in torrents. What might become of a child chilled through with a storm at night? Their anxiety increased with every hour.

The following day fifty men were enlisted in the search. The rain continued and a cold dreary mist hung upon the mountains, making many a strong man numb with the cold and wet. The woods were searched in every quarter without discovering a single trace further. All night, too, the lanterns were in use. Preparations were made for dragging certain of the mountain ponds into which the child might have fallen.

The third day opened with 300 men in the field. By this time the news had spread to many settlements, and the roads was lined with wagons that had brought searching parties. The pathetic appearance of that agonized father and mother touched every heart. "I am a poor man," said M. Bonahatel, "but I would rather have my little boy than $10,000." The mother could only walk the room in distress, utterly fagged out with grief and exhaustion. The rain still continued and a high wind accompanied it. The mist hid every object twenty feet away. Every road and clearing was minutely searched. Men plunged into swamps that hardly a wildcat even could penetrate. Several of the parties lost themselves and had to climb trees to find their way out. The third day closed with all hope abandoned of finding the child alive. The only thought now was of discovering the body and relieving the agony of the parents, who were well nigh dying themselves of suspense and sleeplessness.

The fourth day opened with sunshine for the first time. The mist rolled away at 10 o'clock. Five hundred men were now assembled. Long lines of searchers ten feet apart were formed, and every foot of ground was minutely inspected. The party satisfied themselves that the child could not possibly be in the territory thus gone over. The feeling was general that day that the body would now be found, no hope being entertained that the boy could have survived the storm and hunger for three days.

On the afternoon of this day two men from Salisbury, Martin Harris and Samuel Rossiter, were making an independent search on the side of Bear Mountain. With a light buck-board wagon they plunged into the wood-cart paths that lead down into Salisbury valley. Both were experienced woodsmen and knew every foot of the ground. Bear Mountain is the highest land in the State of Connecticut (2,354 feet), and is aside from where the main body were searching, being also in another direction from where the footprints were seen. About 1 o'clock Rossiter thought he discovered something moving down the bed of a stream. It almost took his breath away, on coming near to make out the figure of a child. It was the lost boy!

Choked with emotion Rossiter uttered a cry. Evidently the unusual noise frightened the little fellow, for he threw up his hands and started on a run. Rossiter, now thoroughly excited, ran after him, calling to him that he would take him to his "papa," and finally captured the little fellow more wild with joy than the discoverer of the Koh-i-noor.

The boy's limbs were swollen with the rain, resembling parboiled flesh; his clothes were torn almost away; his flesh was scratched with many a thorn. His fingers were sucked to a point in his childish eagerness for food. How he ever lived through those chilly nights, all unprotected as he was, with only a bush for a roof and a root for a pillow, will never be known. Traces of leaves were found in his mouth, and he said himself that he ate them. He may possibly have eaten worms may appear in his rambles and lived upon them. The place of his discovery was two miles from his home.

As soon as Rossiter held him in his arms, a shout was raised, and in a few moments the cry rang all through the mountains. "The boy is found!" Every man passed the word on to his neighbor within hearing distance, and then made a break for the boy's house, where they knew he would be brought.

One man said to his partner, "He has just told me he was so tired that he could not go another foot, when he heard the shout, 'the boy is found.' That tired-out man immediately started on the dead run. He cleared bushes, logs, and rocks on the jump. I had all I could do to keep him in sight, let alone keep up with him. He ran like a startled deer, and he never drew up till he landed with a spring on the Bonahatels' porch."

One of the searching party said of the scene that followed: "I was on the main road hurrying to the Bonahatels', when a runner dashed through us on his way to inform the mother. His face was purple, his tongue hanging out. He stopped at none of our inquiries. Every man and horse followed him and he beat us all. When he reached the cabin he had but strength enough to gasp out the fact, the boy is safe, and staggered and fell. Soon after came the buckboard with the boy asleep in an old charcoal basket. Rossiter had taken off his own shirt and placed it on him. The mother could scarcely contain herself as she clasped him to her heart. All the men were soon gathered around. Everybody wanted to see the boy and to hold him in his arms. There were tears in their eyes and tears in their voices."

Hardly less affecting was the arrival of the father. He was four miles away when the discovery was made, but the news was passed to him in a few minutes. He started for the house by the first wagon he found. He could not go fast enough. He caught his boy to his breast and walked up and down exclaiming: "My little boy is found! my little boy is found!"

A royal "three times three" was given by hundreds of voices, and then as a further relief to their feelings, the hat was passed for the boy's benefit. The doctor was sent for from Salisbury, and food was sparingly given him, although he called for more pitifully.

The next evening a mass meeting of the citizens of Salisbury was held in the Town Hall, surpassing any demonstration known here even in a political campaign. The Te Deum was sung, a prayer of thanksgiving was offered, and reports from the searching party were given. The enviable man who found him, "the Stanley of Salisbury," as he was called, came forward, and, amid cheers and tears, related his experience. The boy's father was present, and spoke affectingly out of a full heart. He said the boy was now well and entirely recovered. A generous collection was taken to be put in the savings bank for the boy. Everybody congratulated everybody else, and especially the father, who seemed to be holding a real reception. It reminded one of the occasion of old when the good shepherd, after being out among the mountains on a like search, gathered his friends and neighbors together, saying, "Rejoice with me for I have found my sheep which was lost."—Hartford Courant.

The vicissitudes of climate are trying to most constitutions, especially to people having impure blood. For all such (and they constitute the majority), the best safeguard is Ayer's Sarsaparilla, the use of which cleanses the and strengthens and invigorates the system.

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of *summer complaints of children or adults*. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

---

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

---

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

REGULATE THE LIVER and Bowels by the judicious use of National Pills; they are purely vegetable. dw

---

AYER'S PILLS.

Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them with good effect, in cases of Rheumatism, Kidney Trouble, and Dyspepsia. —G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured. —Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored. —Theodore Esling, Richmond, Va.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

The Daily Examiner.

THURSDAY, AUGUST 8, 1889.

LOCAL NEWS.

PURE fresh honey for sale at M. R. KIDD'S.

IF YOUR WATCH OR CLOCK needs repairing take it to Wyatt's jewellery store. d

Bicyclists, Ahoy!

The members of the club are requested to meet at the club rooms this evening at 6.45, to attend the races to-night.

St. Andrew's Society.

The Executive Committee of the St. Andrews Society will hold their regular quarterly meeting in St. Andrews Hall, this evening.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or Mr. A. L. Davis' store. d

"Coffees Coffees."

If you want a good cup of PURE coffee go to the PALACE grocery. The best blends, fresh roasted and ground by water power, try it. dw

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

AT the head of the class stands M. R. KIDD in choice teas.

New Drug Business.

Mr. W. R. Greatrix formerly with Ormond & Walsh, has leased the Hartley store Hunter street, and is having it elegantly fitted up for the drug store business he will open there at an early date.

St. Basil's Hymn Book.

Words only, and with music, containing vespers for all Sundays and festivals of the year, Masses, Litanies, daily prayers, etc. A supply of the above just received at the Peterborough Bookstore.

Otonabee Outdoes Otonabee.

Mr. Samuel Stewart of Otonabee has left at the EXAMINER office a stalk oats five feet one inch in length terminated by a head 21 inches in length containing 280 grains. Also a pea vine, 10½ feet in length.

University Matriculants.

Among the names of those who successfully passed the junior matriculations of Toronto University, are those of E. Middleton, Peterborough, H. J. Anderson, W. R. Carmichael, F. D. Roxburgh and G. W. Tupper, Norwood.

Thoughtful Kindness.

The EXAMINER is requested to mention that Mr. Frank Mason gave, gratuitously, the alteranthera—some 700 or 800 plants—for the letters on the park mound. Mr. Mason's example is worthy of imitation by other citizens, and all should contribute a share, for the park is public property and should be fostered by the public.

The Vexed Question Settled.

Now that the market question is settled, all the councillors will be giving tea-parties to celebrate the event and they will all buy their tea at Hawley Bros, the great emporium of choice teas, pure fragrant coffees and fine glassware. Bear this in mind, and go to Hawley Bros. when you want the purest goods of the above classes.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

Quite up to the Mark.

TRENTON, August 6th, 1889.

J. J. Turner, Peterborough:—

DEAR SIR,—The family tent and double bed arrived and they are fully up to your representations. Not being ready to go camping I put the tent up on my lawn and slept in it during the most severe thunderstorm of the season without any inconvenience. It is much admired by all that have seen it and I am very much pleased with it. I remain yours truly,

J. B. YOUNG,
Town Treasurer, Trenton, Ont.

You Can't do Better

In the way of perfect enjoyment on Civic Holiday than join the excursion of Court Little John, Foresters to Toronto, Chautauqua and Niagara Falls—on the 15th—next Thursday. You can start on C. P. R. palatial train at 4.56 a.m or 7 p.m. or you can wait till the evening train at 5.40, for the tickets are good for two days and the price is the lowest of the season. Only $1.75 to Toronto and return; only $2.00 to Chautauqua and Niagara Falls and return. You journey by land on the swift C.P.R. and cross the lake in the palace steamers Chicora and Cibola.

Resolution of Condolence.

At the regular monthly meeting of L.O.L No. 80, the following resolution was passed:

To the widow and family of our late Bro. John Smith:—The members of Loyal Diamond Orange Lodge No. 80, desire to express their deep sympathy for you in the loss by death of an affectionate husband and a loving father, and by whose death our Order also suffers the loss of a most worthy and esteemed brother, who has filled some of the highest positions in the gift of the county L.O.L., of West Peterborough, with the greatest of credit to himself and honor to the Orange Society.

We humbly pray that you may be spared to each other for many years to come, and when the Grand Master of the universe shall call us hence, and when the gavel of death shall be sounded may we all be prepared to meet our departed brother in that glorious Paradise where parting is no more.

Signed on behalf of L.O.L. No. 80,

JOHN AGNEW, W.M.
W. J. GIBBS, R.S.

Peterborough, Aug. 6th, 1889.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

A FEW more chests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

For the Lakes.

This morning's train took out another considerable contingent to Stony Lake. Mr. and Mrs. J. D. Tully, Miss Tully and Mrs. Dr. Frink, Toronto, for a sojourn at Burleigh Falls, Miss G. Hall goes to join Sheriff Hall's party. Mr. Miss and Master Wallis, Miss Aggie Jackson and Miss M. Bradburn to join Willie Bradburn, at the Bradburn cottage. Miss Alice Hamilton and Mayor Peplow of Port Hope. There were also a very large number who went out to the lakes for the day, besides a considerable number who went out holidaying on the Chemong Valley train.

We Explained to You

but a few days ago the excitement our announcements of cheap goods would cause as well as the uneasiness among some grocers. Why should we not be termed public benefactors? Why, here it is, but a day or two ago you would see a firm actually selling an article or so away below cost, so anxious are they to procure a slice of our trade, but never mind—look out for those who offer baits—don't bite as we sell *all* goods cheap. Remember when we offer you Electric Soap at 5 bars for 25c., we tell you distinctly it is "Dingman's." So do not be mislead. All goods away down. W. J. Morrow, 310 George-st.

Go West, Good People.

All those wishing to spend a good day of amusement should attend the Orillia excursion on Civic Holiday. You may rest assured that this is going to be the best one that leaves town on the 15th, and don't you forget it. Nothing has been left undone for the comfort and amusement of everybody attending. Say, do you know that the Fire Brigade Band goes with this excursion, and to make this more complete the committee have secured the Orillia brass band also, so just think of this *big* day. Horse races, lacrosse and all kinds of sport, cheap fares to all places of resort at Orillia. The joint committee of the C.M.B.A. & E. B. A. has made the most complete arrangements possible, at all points, and $1.00 will buy you a return ticket. I would not miss this excursion for all the others.

"I'll Take the Ditch."

While Mr. D. Belleghem was delivering furniture to Eastwood's hotel, Buckhorn, he happened to meet a farmer with a load of grain at a narrow point of the road three times on three successive days and each time at exactly the same spot. The first two times the farmer, a jolly son of the Old Sod give way and took to the ditch to allow the Furniture King to pass. The third time love for himself overcame his respect for royalty and, as both teams halted at the critical spot the Irishman shouted:

"Now, be gobs, I tuck the ditch twice to let ye pass and I'm —— if I do it again."

"But, dont you see that I can't turn out—I'll upset and my load—plate mirror etc, worth ever so much more than yours will be ruined."

"Divil a hap'orth do I care for that; you be to turn out this time. Divil take me if I do it again."

Finding the Son of the Sod obdurate the furniture king capitulated and compromised by saying,

"Now old fellow, you see the fix I'm in, and the next time you come to town I'll give you a 'high chair" for your baby if you'll tu n out.

"Be dad! that's just what I want; I'll take the ditch. Go an there ye twin bone yards! Aisy now, bad cess till ye; that's the ticket. Now were all right! Drive on Mr. Belleghem and ramimber I'll be callin for the hoigh cheer afore the month's gone. Good by!

An Illicit Infant's Narrow Escape.

A Newly Born Infant Cast into a Closet Rescued Living After Two or Three Hours.

On Wednesday Chief Rozel was summoned by telephone to a hotel in town and found that some of the employes had heard the wail of an infant in a closet. Investigation disclosed a female infant, newly-born, in the closet still living though it had been in the position in which it was found for between two and three hours. Suspicion of the maternity of the hardy little waif was fixed on an employe in the laundry who had quit work about eleven o'clock and, as she has since acknowledged, gave birth to the infant soon after, though her version of the disposal made of the child is highly improbable. She was put under police surveillance, but she makes no secret of her relations to the infant upon which she bestows a mother's care. She even does not conceal the name of the young man through intimacy with whom she finds herself in her present position. The waif is a female and promises to live and thrive. It is hardly probable that any legal proceedings will be taken or are admissible under the circumstances.

The young man whom the girl alleges is the father of her child asserts his willingness to marry the girl who is only about 18 years of age. She and the infant were removed to the Nicholls Hospital to-day, and on the way she volunteered the statement that she was to be married as soon as she left the hospital.

Police Court,

Sheep Killed by Dogs—$89 Damages Awarded.

AUGUST 8th, 1889.

HARLITT VS. CROWLEY.—The parties to this case were Mr. John Harlitt and Mr. James Crowley, both of Otonabee. They are neighbouring farmers. On the 30th June Mr. Harlitt had ten sheep and thirteen lambs killed and shockingly worried by two dogs, and the action was instituted to recover the sum of $100 as damages. There were two dogs concerned in the massacre, one a yellow dog and one black. During the course of the action, John O'Brien, another neighbour, the owner of one of the dogs, was joined to the defence. The court awarded $89 damages, divided equally, as to responsibility, between Messrs. Crowley and O'Brien, the co-defendants. Mr. Poussette appeared for the plaintiff, and Mr. Stratton for the defence.

Campbellford Cheese Market.

Wednesday's prices were stronger than those of last week, sales being made at 9 cents. The following factories were represented:—

	White.
Stanwood	50
Trent Bridge	35
Empire	50
I.X.L.	50
Crow Bay	80
Meyersburg	35
Star	75
Model	50
Total	435

Mr. Russel bid 8¼ cents for the board, Mr. Whitton 8⅜ cents, Mr. Bird 8⅝ cents. Mr. Whitton bid 9 cents for Stanwood, Empire, I.X.L., Meyersburg and Model. Mr. Bird bid 9 cents for Trent Bridge, Crow Bay and Star. All accepted.

Dairymen present,—Messrs. Anderson, White, Rutherford, McCulloch, Innes, Stevenson and Anderson.

At the Belleville market on Tuesday, there were boarded 1352 boxes of white and 908 boxes of colored. Hodgson Bros. bought 155 at 9c. and 120 at 9¼c., Mr. Thompson 340 at 9¼c., Mr. Bower 80 at 9c., and the Warrington 310 at 9c. Total sales 1005 boxes.

That distention of the stomach which many people feel after eating, may be due to improper mastication of the food; but, in most cases, it indicates a weakness of the digestive organs, the best remedy for which is one of Ayer's Pills, to be taken after dinner.

Stony Lake Tidings.

Another Interesting Epistle from "Camper"—The Season Drawing to a Close—Campers Preparing to Come Home.

STONY LAKE, ——

MR. EDITOR,—Please supply the date, as I have quite lost my bearings up here. Let's see—what day is this? Beginning at last Sunday, we can find out by following up our programme of movements. Monday we went to Burleigh, and yesterday, that was Tuesday, to White Lake. *Ergo*, to-day must be Wednesday, but the day of the month I could no more tell you than I could fly. I recollect that the first of July was a Monday, and if I had the patience I might figure out the date from that, but life's too short to waste in such troublesome calculations—or fishing. It's surprising what an amount of perseverance and confidence some campers possess in the fishing line—understand it either way you choose. The industrious ones have the motto pasted in their hats—

"THE EARLY MAN CATCHES THE FISH,"

and by traveling two or three hours before breakfast and still-fishing during the day for bass they manage to "keep the pot boiling" as well as supply some of their more indolent neighbors who prefer the lazy delights of a long sleep in the morning to the uncertainties and hard work of paddling several miles in pursuit of finny conquests. Mr. B. Shortly and his party, Messrs J. Watt, Wm. Thompson and Orville Shortly are among the most *indefatigable fishers* on the lakes, and they are meeting with satisfactory success. There are plenty of fish in the lake yet, but one must be persevering to the last degree to become a successful Izak-Waltonian.

Stony Lake is just now at its

HEIGHT OF PROSPERITY,

but there will be very few parties arrive after this. About the last to come were Mr. Geo. Schofield and his party, who are camped on one of the prettiest spots in Gilchrist's Bay. Mr. and Mrs. Chas. Lowe, sr, and Mr. Leslie Wright, of Toronto, and Mrs. Karn, of Chicago, are stopping with their relatives at Glenwood. The reaction has set in, and numbers of campers are preparing to leave for home, their brief holiday term being over. To the majority, the parting with the bright waters and bracing air of Stony Lake is a sad experience, but such is life. "Oh, I wish I didn't have to go home; I could stay out here all summer," is the unanimous cry. And the end of the camping season is regretted not only because of the fact that all our pleasures here

ARE OVER FOR THIS YEAR,

but also because it reminds one that the warm season is nearly over. The backbone of summer is broken, and in a few short weeks cold autumn will be upon us. A number of families will, of course, remain here in their cottages till September or October, but "camping" will soon be over.

We are like one great family or tribe up here. All the camps appear to be upon the most friendly terms. Go where you will, you are welcomed and given rest and—luncheon—if you need it. The social custom of calling, in vogue in town, is continued here more than one might expect. Visitors are frequent, and the fun of it is they call at all hours, perhaps after breakfast, or just as you are going to bed or sitting down to a meal. But you are always prepared to receive them, so it matters not.

We are having lovely weather this week. There has been

NO RAIN FOR FOUR WHOLE DAYS,

the sun shining brightly all the time, with just enough wind at times to make good sailing. The nights too are splendid. With the water calm as a pond, or slightly rippled by the gentlest of zephyrs, its placid surface glitters under the luminous rays of brightest moonlight and reflects the resplendent glory of the silvery orb in the heavens. What an incentive to sentiment and song and the campers young and old are not slow to take advantage of their magnificent opportunities. Every island sends out a flotilla of small boats upon the sheeny bosom of the lake, and whilst paddling slowly about the sweet sounds of singing and music fill the air. Each party has a number of well-prepared choruses, while some boast of musical instruments in the shape of guitar, violin or the popular mouth-organ. It's simply grand, and one

DISLIKES GOING TO BED

while these pleasures are obtainable.

I believe I stated in my last letter that Stony Lake was becoming more civilized every year. This fact is apparent when one notes the almost entire absence of the once too numerous tin horn. Its discordant blare is scarcely heard now, only one or two camps having the courage to defy the public opinion on Stony Lake by having the tin nuisances about. It was formerly considered very funny to get some of these trumpets and sail about the lake trying to blow the lining out and producing unearthly noises at all hours of the day and night, waking everyone and scaring them into the belief that Gabriel was coming in on the next steamer.

I see you are kept well informed of the proceedings at

THE Y. M. C. A. CAMP.

The lake is very lively down around Juniper Island, which appears to be the central point. But while the Christian camp meeting is in progress, there are other gatherings of the purely secular nature held at different points on the lake. Friday evening last, a large number of young people gathered at "Glenwood" and enjoyed a pleasant time. To night there is to be a 'big' assembly at Peplow's Island, of people from all parts of the lake. At these gatherings there is plenty of fun for young and old, as well as

SOME FINE SINGING

in which all take part.

This is a beautiful day, and such a contrast to last Sunday, when a great gale blew all day long. Some boats were upset but no one, fortunately, was drowned. A little eight-year old boy had a narrow escape. He was playing in a canoe at Eagle Mount, when the wind caught it and drifted the little fellow out into the lake. In a short time the canoe had blown right across to Syndicate Island, through the heaviest part of the lake, without upsetting. The little fellow was taken in and soon after claimed by his friends. So far there have been no accidents worth recording, and I daresay you will wonder why I don't put some news in my letter. But no news at all is better than bad news, so I can only send you the above budget of bosh, which is, perhaps, scarcely worth the printing.

CAMPER.

Willow and Wicket.

The Secretary of the Campbellford Junior Cricket Club writes as follows:—

CAMPBELLFORD, Aug. 6th, 1889.

"The juniors of this town want to play one of the junior cricket clubs of Peterborough. We are willing to play the "Colts" if they will come here, but if we have to go to Peterborough we will only play a team composed, half of the Colts and half of the third eleven. We would rather play the Colts here than play the latter in Peterborough."

If the Campbellford juniors wish to play the Peterborough Colts are prepared to play them in Peterborough, the Campbellford juniors to be allowed to associate two or three of the senior eleven with themselves—the Peterboroughs to play only their Colts team. The EXAMINER is authorized to make this proposition and hopes the juniors will think well of it.

The proposed resumption of the matches between Colts and Veterans is arousing great interest amongst the old stand-bys, who are anxious to renew the triumphs of the past and show the cocky Colts how cricket was played in the good old days.

Personal.

Mr. Geo. Cochrane arrived in town from a trip in the Georgian Bay waters and went on to Lakefield.

Mr. J. J. Rooney has returned home from a holiday tour in Northern Ontario. Mrs. Rooney accompanied him home. Mr. Rooney is again in harness at the Business College, and the team of Bean & Rooney is now complete.

The news reaches us that Mr. Geo. Laidlaw, the well known promoter of railways, died at Balsam Lake on Tuesday night. The network of railways that overspreads north western Ontario is largely due to the impetus given to railroad building by Mr. Laidlaw.

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3ow

"Chemong Lake Canoe Club."

A New Town Club Formed With Headquarters at Chemong Park.

A few days ago the EXAMINER in a few notes respecting Chemong Park, referred to the proposed formation of a boating club with boat houses etc., at Solitaire Island. The necessary number of names having been secured, a meeting for organization was held at the Oriental hotel parlours last night. The following are the members of the new club:—J. W. T. Fairweather, Alex Elliott, Charles E. Shaw, R. H. Fortye, F. Macdonnell, Andrew Mercer, Geo. W. Hatton, I. Geary, Thos. Dunn, J. L. Gower, R. A. Morrow, A. St. A. Smith, F. D. Hewson, H. LeBrun, W. Hamilton jr., E. G. Kingan, J. K. McIntyre, V. Eastwood, A. V. R. Young, Ref. Stevenson, F. V. Clementi, Louis M. Hayes, J. R. Stratton, E. Brown, A. Stevenson, Geo. Stevenson and P. D. Parker.

These twenty-seven gentlemen under the corporate character of a club, are to have conveyed to them by Messrs. Elliott & Fortye the island at the upper shore of the Park, known as Solitaire Island, all the parties to share the cost of the island or some other site, *pro rata* and to become responsible on the same terms for the erection of boat house, bath rooms and bridge (if the island site is selected). The deed is to be in the name of trustees selected by the club, and the proprietors of the park guarantee right of way and access through the park to the premises of the club.

The boathouse is to be an elegant structure, to cost about $500. One floor will contain racks for about 50 boats and canoes, and a sleeping compartment will be fitted up for the use of the members of the club, should stormy or wet weather, or inclination, make it desirable to spend the night at the Park. The outside of the boathouse will be surrounded by a balcony, which will form a charming lounging place, giving a view of the whole lake and surrounding country.

At the meeting held last night the club was organized by the election of the following officers:

HON. PRESIDENT—Judge Weller.
PRESIDENT—Geo. W. Hatton.
VICE-PRESIDENT—R. A. Morrow.
SECRETARY-TREASURER—J. L. Gower.
CAPTAIN—C. E. Shaw.
COMMITTEE OF MANAGEMENT—Alex. Elliott, J. W. T. Fairweather, L. M. Hayes, H. LeBrun, A. Mercer, Geo. Stevenson, Arthur Stevenson.

The members of the club are to meet at Chemong Park to decide upon a site for club house. Plans and specifications are in preparation and they will be submitted at the adjourned meeting next Monday night, and a plan decided upon and the contract for the erection of the building made. At the same time it is probable that the committee appointed to draft rules, regulations and by-laws for the government of the club, will submit the result of their work for approval.

The new sporting, social and pleasure club starts into existence under very favourable auspices. No finer site than Chemong Park, considering surroundings, accessability to town, etc., could be selected in the district, and the EXAMINER has much pleasure in wishing the Chemong Canoe Club a flourishing future.

Another Train Robbery.

DENVER, Aug. 7.—A Rio Grande western train was held up near Cravasse last night by train robbers. Two of them boarded the baggage car at Thompson Springs. They climbed over the engine, pointed revolvers at the engineer and fireman and compelled them to stop the train. They forced the fireman to attempt to chop through the door of the express car and made the engineer bring a bag to hold the plunder. Messenger Willis was ready with a magazine shot gun and two self-cocking revolvers. The fireman was unable to chop through the car. Willis lay on the floor and was not hit. The robbers dared not show their heads at the broken windows lest they should get shot. They gave it up and joined the two other robbers in the other car. The four went through the train with revolvers drawn and gathered $900 and twenty gold watches. One passenger put his head out of the window and the robbers sent a bullet through his hat. Most of the passengers hid their valuables successfully.

Murder Will Out.

CHICAGO, Aug. 7.—Jacob Studer, who has been working as a farm hand near this city for two years under the name of P. Grosman, disappeared yesterday, and the fact came out that he is an escaped convict from Switzerland, where he received a life sentence for causing the death of two children. The little ones perished in a fitful that had been robbed and fired by Studer. A brother of the convict, who has been living here in terror of him, gave the information to the police. Studer had just plundered the residence of Samuel Gonseth and nearly murdered the owner. Investigation of this crime led to the discovery of the fugitive's true name and character.

Belleville Briefs.

BELLEVILLE, Aug. 8.—Farmers are paying $2 per day for harvest hands.

A branch of the Anti-poverty Society will probably be formed here.

Jeremiah Carey was yesterday in interim sessions convicted of assault on B. N. Mitchell and was liberated on suspended sentence.

A dwelling house on Rear-street owned by Jacob Cronk was slightly damaged by fire yesterday morning. It is supposed that a tramp set fire to the house, which was unoccupied.

Notes from the Capital.

OTTAWA, Aug. 8.—Charles Goliette of Gatineau Point fell on a circular saw in Hillman's mill yesterday. His left arm was severed and he was thrown 20 feet into the mill loft. His escape from death was miraculous.

A Belleville deputation was here yesterday to see the Minister of Public Works regarding the public works there sanctioned last session.

Bishop Lewis of this city will transfer his residence from Ottawa to Kingston.

Mr. Hector McRae is likely to be elected president of the Ottawa Lacrosse Club.

The Flour Output.

MINNEAPOLIS, Aug. 7.—The North-western Miller says: The aggregate flour output for the week ending Aug. 3 was 119,650 barrels, against 124,000 the preceding week and 156,400 for the corresponding time in 1888. A few cars of new wheat have arrived and it is of fine quality. The flour market is pretty sluggish and prices are unsettled, patents being quoted 10 to 15 cents cheaper than a week ago. Export business is very light. Of the 42,350 barrels directly exported last week, as against 34,960 the previous week, a considerable portion was consigned, some of it being patents that were taken from store.

"Touched Up" a Bank Director.

HALIFAX, Aug. 7.—During the latter part of last month an American, giving the name of Hathaway, presented a Boston draft at the Halifax Bank for payment. Upon being told shat he must be identified he applied to Mr. Morton, one of the directors of the bank, with whom he had come over from England some time ago. Mr. Morton identified him. The draft was then forwarded to Boston, and upon presentation there it was declared to be a forgery. The affair was kept quiet at the bank here, but it leaked out somehow. The amount of the draft is said to have been about $800. It is supposed to have been Hathaway, who, under the name of Miller, "touched up" the Bank of New Brunswick a short time after for $150 in the same manner.

The Galt Moulders.

GALT, Aug. 7.—The moulders' strike here may be said to be practically at an end. The action of a number of strikers in withdrawing from the union and resuming their old situations in Goldie & McCulloch's yesterday morning has had a most demoralizing effect. Non-union moulders have also been coming in from the outside and others are expected within the next few days. The employers have been from the first very determined, and being financially strong the men had very little chance of carrying on a successful fight against such heavy odds.

Four Fell, Two Were Killed.

BOSTON, Aug. 6.—A staging on which were four men engaged on a building here fell 70 feet to the ground to-day. Patrick E. White and Steve Wallace were killed and Patrick Connolly and Mike Wallace severely injured.

Flocked by Himself.

GODERICH, Aug. 6.—Nearly every available vote was polled to-day on the by-law to grant a bonus of $5000 to the Goderich organ and furniture factory, the result being 562 for and 1 against the grant.

Chautauqua Assembly Opening Day.

CHAUTAUQUA, Aug. 6.—This was the opening day of the sixteenth regular Chautauqua Assembly. The fourth woman's missionary conference was held this morning at 11 o'clock. Professor Mahaffy of the Dublin University delivered a lecture to a large audience in the amphitheatre on "The Political Side of Greek Life."

The Post Office Savings Bank

Hamilton Times.

In view of the fact that Mrs. Doolan, the Wolfe Island woman, is still minus the money she deposited in the Kingston post-office savings bank and which Burns appropriated to his own use, a rather important question has arisen. It will be remembered that the Government wrote to Mrs. Doolan informing her that she had no claims upon the money she deposited in the savings bank because no acknowledgment of it was sent to her by the Postmaster General and she had never applied for the acknowledgment. The rule, as already stated by us, is that depositors must receive, in addition to the acknowledgment of the official who takes the money from them, an acknowledgment of the receipt of such money from the Postmaster-General at Ottawa within ten days, or else the Government will not hold itself liable for payment, and as in the case of Mrs. Doolan, will refuse to return such deposits if they should be embezzled by any of the officials. If an acknowledgment is not received from headquarters within ten days, the depositor is to keep writing until he or she gets the acknowledgment. Under the circumstances, and as the depositor has to sign a declaration that the postmaster's entry in the passbook is not sufficient without a further receipt from the Department at Ottawa, the question arises, should a post office employee appropriate the money of a depositor and decamp before the ten days are up, could the Government refuse to refund the money to the depositor because he or she had not received the further acknowledgment from Ottawa? According to the regulations we think it could. If so, it is high time Mr. Haggart put some common sense into the working of the Department. The Government ought to be responsible for its officials, and it ought to be responsible to depositors for their money the moment it passes from them to its employees.

Four Bars London Electric Soap for 25c.

DIED.

ELLIOTT.—At Smith, on Wednesday, August 7th, 1889, Jessie Frazer, wife of Joseph Elliott aged 29 years.

THOMAS KELLY
Only One Price to all. Burnham's Block, corner George and Simcoe streets

BERRIES
FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day is a groat a year,
A penny saved is two pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

J. C. Turnbull.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½
10 " Light Prints " 5
20 " Dress Goods " 15
12½ " " " 10
20 " Sailor Hats " 10

WARM WEATHER CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

BROKEN BY THE STRAIN.

MRS. MAYBRICK REPORTED TO BE SERIOUSLY ILL.

Efforts in Progress to Save Her Neck From the Halter — The Trial of Boulanger Begun.

LIVERPOOL, Aug. 8.—Mrs. Maybrick has broken down under the great strain to which she has been subjected, and is said to be seriously ill. Her mother to-day had an affecting interview with the prisoner. A memorial to the Government in behalf of Mrs. Maybrick has been signed by most of the barristers and solicitors of the Liverpool circuit. The memorial asks that the prisoner be reprieved on the ground of the conflicting nature of the medical at her trial evidence given A similar petition is being circulated among the merchants and brokers and is receiving many signatures. There is a general ferment throughout the country against the verdict.

The Kaiser's Tars Reviewed.

LONDON, Aug. 8.—The Queen reviewed the German seamen from the vessels forming the Emperor's escort in the grounds of Osberne House to-day. Fifteen hundred men were in line. They were commanded by the Emperor, who was dressed in the uniform of an admiral.

Ireland's Crops.

DUBLIN, Aug. 8.—A careful survey of Ireland indicates that the harvests will be more abundant and of better quality than for many years. In few districts will the crops be below the average, while in most they will be far above. In the Dublin district the prospects are better than for years.

Boulanger's Trial Begun.

PARIS, Aug. 8.—The trial of General Boulanger was begun to-day before the High Court of the Senate. A body of military guarded the court.

The Procureur-General in his speech accused Boulanger of attempting while in Tunis to play the role of Viceroy, of associating with immoral characters, and while Minister of War with having his portrait taken as Cromwell the protector and showing it to secret agents. These agents the Procureur denounced as swindlers and bullies.

M. Rochefort and Count Dillon were described by the Procureur-General as accomplices of Boulanger. Dillon, he said, had been expelled from the army, and was worthy to participate in disloyal plots Upon conclusion of the Procureur-General's address the Right will question the competence of the High Court to try defendant.

Twain's True.

PARIS, Aug. 8.—The report of the arrest of Capt. Bujac of the French army on the charge of being a German spy was untrue.

The Porte Will Act.

VIENNA, Aug. 8.—The Political Correspondence states that the Porte has decided to proclaim a state of siege in Crete.

Japanese Flood Victims.

SAN FRANCISCO, Aug. 8.—The Japan Gazette says about 100 persons were drowned, 12,000 horses washed away and 2500 acres of cultivated land seriously damaged in four of the seven cantons which suffered most from the overflowing of the River Chikugo in Fukuokaken by the recent heavy rains.

The Railway Conductors' Picnic.

OTTAWA, Aug. 8.—The railway conductors' picnic took place to-day at Lansdowne Park. There was a large crowd in attendance, the attractions including a baseball game and some good races.

A Toronto Man Killed at Quebec.

QUEBEC, Aug. 8.—Alfred Fielding, said to belong to Toronto, captain of the dredge Sir Hector, now at work in the Louise Basin, went out with friends last night. He drank freely and went to sleep on the tracks over which he had to pass on his return to the dredge. He was cut to pieces by a shunting locomotive.

Treasurer Brown Missing.

BOSTON, Aug. 8.—G. P. Brown of the embarrassed firm of Brown, Stees & Clark and treasurer of the Riverside and Oswego Mills Company left Boston Tuesday night, since which time nothing has been heard of him. The firm has not made an assignment and refuses to make a statement. It is said detectives are endeavoring to trace Brown.

Providence, R.I., Aug. 8.—The National Bank of Redemption of Boston placed an attachment of $50,000 on the Riverside mill property to-day.

Johnstown's Daily Story.

JOHNSTOWN, Pa., Aug. 8.—Three more bodies have been taken out of the ruins near the lower end of the town. One was that of a little girl and was found in the middle of Market-street.

The body of a 15-year-old girl was found near the business portion of Main-street this evening. It was remarkably well preserved.

Explosion in a Woolen Mill.

HESPELER, Aug 8.—An explosion in the gas house of the R. Forbes Co.'s woolen mills here this morning tore off the roof of the gas house, shattered the walls and seriously injured W. H. Weaver, superintendent of the mill, and Machinist Fred Huether.

A Blaze at Napanee.

NAPANEE, Aug. 8.—At 4.30 this afternoon fire was discovered in a frame house occupied by John Dickens in Robert-street. Before the flames could be checked a frame house of Mrs. Vanduyck's and a blacksmith shop belonging to the McNeill estate were destroyed. Loss on Vanduyck house about $800, McNeill estate $1000 or $1200, both insured. The blacksmith shop was occupied by David Ash in connection with his carriage shop; about all the contents of the carriage shop were saved.

A Record Breaker.

NEW YORK, Aug. 8.—The Hamburg-American Packet Company's steamer Columbia, which reached Southampton this morning, made the trip from Sandy Hook to the Needles in 6 days 20 hours 49 minutes 30 seconds.

OTTAWA'S MODEL MAYOR.

A POSSIBLE REASON WHY THE CAPITAL POLICE TOLERATE GAMBLING.

Enoch Erratt, the Chief Magistrate, One of the Pillars of a Poker Club—A Victimized Contractor's Wrath.

NEW YORK, Aug. 8.—The Herald to-day prints this special despatch which will be of interest to Canadian readers:

OTTAWA, Aug. 7.—The people of the Dominion capital are very much exercised over a rumor that has been afloat for the last two days connecting the name of the Mayor with a notorious gambling room. So far none of the local papers have touched it, but I have got all the facts for The Herald.

The gambling is carried on under cover of the organization of a social club designated the Club des Amis. At this club the other evening one Malette, a contractor who has just finished a million dollar building for the federal government, was a player at the poker table. He lost all the money he had with him, and, determined to win back, offered a hundred dollar check for that amount of chips. The banker refused the check and gave no good reason why he did so.

Malette is a six footer and the refusal roused his ire. He attributed it to a desire on the part of the leading spirits of the club to freeze him out of the game. In the room were Mayor "Jake" Erratt and five aldermen.

Malette grew more and more angry. He stormed and threatened and finally undertook to wipe out the club by slaughtering everybody present. The Mayor took a convenient opportunity to slip out and avoid the storm.

Malette left the place still very mad and told his story wherever he could find a friendly ear. It thus came out that the Mayor was one of the pillars of this gambling room, a constant attendant and pretty generally a winner. People began to realize why the police had been so lenient to the place when it was ascertained that the Mayor, as chairman of the Police Commissioners, was one of its patrons. The place had achieved an unenviable notoriety. It is only a few months ago that an official of the postoffice, Albert Smith, robbed the mails to get funds for carrying on his gambling operations here. He is now a fugitive from justice.

Auclair, a merchant, became insane through loss of sleep, loss of money and anxiety, all springing from the symposium at the Club des Amis, and there are other cases of a similar character, all having their origin in these same protracted meetings in the Mayor's favorite resort. Archbishop Duhamel has thundered from the altar of the Basilica against the club, and adopted the extreme measure of refusing the offices of the church to those Catholics who remain members. But so strong was its fascinations that members have been known to resign, go up to their religious duties and then rejoin the club. Wherever Malette's story has leaked out it has caused a great sensation, as Erratt was sure to be a candidate for the Mayoralty again, and this will go a great way toward ruining his chances of re-election. No local paper has yet published the story, but it is sure to get into print now that The Herald has broken the ice, and will cause a sensation.

THE WRECKED MONTREAL.

Fully Insured—The Cargo—An Exciting Trip Down the Gulf.

FATHER POINT, Aug. 8.—The steamship Parmatian, from Glasgow, arrived inward at 11 o'clock this morning with the third officer, a passenger and 44 of the crew of the wrecked steamship Montreal on board.

Belle Isle, the place on which the Montreal was wrecked, is a small island at the northeast entrance to the Straits of Belle Isle, at the northern extremity of Newfoundland, lying about midway between that coast and the shore of Labrador, lat. 52, 1' 16" N., long. 55 19' 4" W. The lighthouse and humane station for shipwrecked sailors is at South Point, about 4½ miles from where the steamer went ashore.

The Montreal was one of the pioneer boats of the Dominion line, and like her twin ship the Quebec, was valued at £60,000 sterling. She was fully insured, as also her cargo. Captain Watt was in command and had under him a crew of 25 officers and men, also 10 first-class passengers 16 and cattle men.

The cargo consisted of 362 head of cattle, 950 sheep, 24,000 bushels of grain, 1700 sacks oil cake, 1200 sacks flour, 500 cases provisions, ham, etc., 11,992 boxes cheese, 250 standard deals, 229 tons phosphate and a lot of sundries.

The vessel had quite an exciting trip down the gulf and had many narrow escapes in the heavy fog. Before the time she struck she had passed 130 icebergs. The passengers and crew are awaiting an outward bound vessel at the wrecking station.

THE CRONIN CASE.

Alleged Important Evidence Against Martin Burke and Dan Coughlin.

CHICAGO, Aug. 8.—The police authorities claim to be in possession of evidence which proves that Burke was one of the actual murderers of Cronin. At the same time they intimate that both Burke and Cooney were in this matter the dupes of Coughlin and Coughlin's bosses. They hold, therefore, that they are not responsible for the murder; that it grew out of Burke's and Cooney's Irish fanaticism. A rather startling admission was made by a police captain yesterday. He said: "We have evidence showing that Dan Coughlin was in the Carlson cottage when Dr. Cronin entered. This evidence is not hearsay, but straight and direct." It supplies a much needed missing link. The State's attorney is after a north side city employe who is a senior guardian of one of the Clan-na Gael camps, and who threatens with bodily injury any Clan-na-Gael who urges his fellows to tell all they know about the Cronin murder. This man is frequently drunk, carries a revolver which he sometimes flourishes, and is quite free in using the epithets "traitor" and "spy."

Burke Delivered to the Sheriff.

CHICAGO, Aug. 8.—Officer Collins, who acted as the extradition messenger of the President, delivered Burke to the sheriff to-day. Burke was locked up in jail. A guard prevents anyone from seeing him. This action relieved Collins of the necessity of producing his prisoner in court, and the habeas corpus proceedings have been dropped.

Killed for Creeping Under a Circus Tent.

CLEVELAND, Aug. 8.—Wednesday Charles O'Berg, aged 13, while creeping under a circus tent here was struck on the neck by a showman. His windpipe was fractured and he died in terrible agony to-day. His body, on account of the escape of air which should have gone into his lungs, was twice its normal size. Three showmen were arrested.

Cutting Cattle Rates.

CHICAGO, Aug. 8.—It is understood that the Chicago, Milwaukee and St. Paul road has given notice of its intention to reduce the rate on cattle 2½ cents per 100 pounds from Kansas City to Chicago when shipments are made in common stock cars owned by the company, maintaining the regular rate of 22 cents on shipments in patent stock cars controlled by the shippers. The Missouri Pacific has notified Chairman Midgely that it proposes to adopt carload rates on live stock from Kansas City to St. Louis, in lieu of billing by weight. This will have the effect of cutting the rate between Kansas City and Chicago.

Belleville Notes.

BELLEVILLE, Aug. 8.—W. Ransom had a gold watch and chain and a handsome breakfast bell stolen from his premises on Wednesday.

Clinton Huff was brought before the magistrate this morning charged with assaulting his wife and family. He was fined $5.50 or 30 days.

Langston Got the Worst of It.

AUGUSTA, Ga., Aug. 8.—A difficulty between Barnett Langston and J. W. Lanford, two prominent and well-to-do farmers and merchants of Sanford station, S.C., occurred yesterday afternoon, which resulted in the killing of Langston.

BRITAIN'S IMAGINARY FOE.

Achill's Formidable Fleet—The Approaching Naval Manœuvers.

LONDON, Aug. 8.—Although the annual inspection and review off Spithead is for the British navy the great show of the year, there is more interest in the manœuvers which follow it. These continue through several weeks, and give abundant exercise in attack and defence, parenit, concentration, bombardment, squadron evolutions, torpedo-boat practice, and indeed most of the operations of naval war. Last year the manœuvers began at two points, one on the northern and the other on the southern coast of Ireland, at each of which a British squadron was found and attacked by the squadron of an imaginary enemy called Achill. The excitement of the operations ran high when the attacking squadrons withdrew from the front of their opponents, and succeeded in making ravages on the south western coast of Scotland, and thence southward for some distance in the Irish Sea before they were made to suffer for their audacity.

This year, like last, there will be an attack from Achill, and the two principal officers who then took charge of the enemy's forces will change places with the two admirals who conducted the defence. These August manœuvers unquestionably teach more than a parade in the Solent as to the real condition, degree of efficiency, and shortcomings of the British navy. For example, the structural weakness of not a few of our torpedo boats in heavy weather was made quite manifest by them, whereas nothing of the sort might be apparent in a fair weather review.

The compositions of the opposing fleets show that the British navy can spare from its regular force in home waters for an imaginary enemy a squadron of vast power, while retaining for itself quite enough strength to defend the islands. As recently arranged, the Achill forces were to include the armorclads Inflexible, Campardown, Anson, Howe, Devastation, Monarch, Iron Duke and the flagship Northumberland, the first five being of from 9300 to 12,000 tons, and carrying very heavy armor and guns of from thirty-five to eighty tons. The enemy's unarmored cruisers were to include the fast vessels Iris, Magicienne, Mersey, Arethusa, Australia, Calypso, Curlew and one or two others, making from sixteen to twenty knots, besides the fast gunboats Grasshopper and Rattlesnake.

To meet this array the British squadron brings together of armorclads the flagship Hercules, the Rodney, the Warspite, the Conqueror, the Neptune, the Shannon, the Invincible, the Collingwood, the Rupert, the Ajax and the Black Prince. It will also have four belted cruisers—the Undaunted, Narcissus, Aurora and Galatea—two of the same class being assigned to the enemy. It will have the unarmored cruisers Medea, Melpomene, Mæsthon, Mercury, Forth and Thames, of from seventeen to twenty knots speed, and the gunboats Serpent, Mohawk, Sandfly, Spider and Sharpshooter, of which the last named can go twenty-one knots under forced draught.

In addition to these main squadrons there are no fewer than five smaller bodies, classed as divisions, for use in the English Channel, the Irish and North Seas and on the Scotch coast. In the aggregate they include two armor-clad ships of the line, seven armored coast defence vessels, seven unarmored cruisers, eleven gunboats and nearly forty torpedo boats.

Even this array does not take in all the vessels which were present at the review on Monday, and possibly in the final program some additional or different assignments may be made, some of those at first detailed for service under Achill being transferred to the colors of John Bull or she reverse. But in any case it is the British navy that out of its abundant resources furnishes both of the hostile and the h me squadrons. If imperfections are found on either side as the result of the encounters, they can be remedied without a real war to make remedy too late. There are compensations and consolations in advance for various kinds of unpleasant developments. Should the attack prevail over the defence, it will be reflected that after all English skill conducted it. Indeed, while the pessimist is already counting on the fact that British sailors will surely be beaten, the optimist is finding equal inspiration in the fact also assured in advance that British sailors will be victorious.

The Latest From Hayti.

NEW YORK, Aug. 8.—Officers of the steamship George W. Clyde, which arrived to-day from Port de Cair Aug. 3, say the fighting at Port-au-Prince continues with little change in affairs. At St. Mark's it was reported Hippolyte had landed 1000 men at Saletron without opposition, although that region is inhabited by Legitimists. Hippolyte proposed to enroll the men there in his service. The distance thence to Port-au-Prince is not great. An attack on the city with a considerable force from that quarter is possible.

George Barnhart's Hard Fate.

LANSING, Mich., Aug. 8.—In 1874 George W. Barnhart, a well-known and well-to-do citizen of Branch county, was accused of criminal assault, convicted, and, owing to popular clamor, sentenced to prison for life. His property was dissipated, his wife died, and his family has been scattered. Barnhart suffered his imprisonment uncomplainingly, and recently a movement was set on foot looking to his pardon. The more thoroughly the matter was investigated the more apparent it became that the man had been unjustly accused. Nearly everybody in the county signed a petition for his release. The board of pardons made exhaustive research and became convinced that Barnhart was being unrighteously punished. Yesterday Governor Luce pardoned him. Barnhart now goes out into the world without money, family or property.

Three of a Kind.

VINTON, Ia., Aug. 8.—An examination of County Treasurer Steadman's books shows a shortage of $11,500.

CANDOR, Dak., Aug. 8.—Last Monday J. W. Hardee, who for five years has been Judge of Probate of Towner county, disappeared, and investigation shows that he has robbed the county and several estates in his charge of about $7000, besides fleecing his friends of as much more. He is supposed to have gone to British Columbia.

NEW YORK, Aug. 8.—E. S Allen, until recently president of the Forty-second and Grand-street Ferry Railway Company, was charged at the Tombs Police Court this morning with forgery in using certificates of stock in the company to the amount of $110,000, and was held in $10,000 bail, in default of which he was locked up. He admits issuing 700 shares of stock and getting the benefit of it, but denies forging the signatures.

Trouble All Along the Line.

WASHINGTON, Aug. 8.—The Treasury Department has received numerous complaints of violations of the Alien Contract Labor Law along the Mexican border similar to alleged violations along the Canadian border. It is also alleged large numbers of Cubans are illegally employed in tobacco factories at Key West.

Kept Their Promise.

LANCASTER, Pa., Aug. 8.—The Columbia Iron Company to-day increased from $3.50 to $3.85 the price per ton for pudding, and other wages in proportion, keeping the promise made four months ago that when trade grew better they would increase wages.

Trying to Moisten the Desert.

GRAND FORKS, Dak., Aug. 8.—A syndicate of capitalists has been organized to develop a new canal scheme that will reclaim upwards of 5,000,000 acres of arid and now useless land in North Dakota.

NEWS OF THE DOMINION.

THE HICKS MURDER MYSTERY AT TORONTO.

A Sister of the Dead Man Arrested—Evidence at the Inquest—The Holidin Corrival—Cornellier's Case.

TORONTO, Aug. 8.—An inquest was begun yesterday on the body of James Hicks whose death was reported yesterday. The evidence taken some entirely showed that Hicks came to his death by arsenical poisoning and that the drug was placed in his dinner can by some person as yet unknown. The inquest was adjourned until next Tuesday. Mrs. Sarah White, sister of the dead man, has been arrested on suspicion.

Coroner Duncan last night held an inquiry in the General Hospital into the death of Mary Speers, the girl who was supposed to have taken her life by swallowing Paris green. All the evidence went to show that the girl had committed suicide, and the jury returned a verdict to that effect.

Hess Bros., the furniture manufacturers, assigned yesterday morning to T. C. Stewart of this city. The liabilities will reach in the neighborhood of $60,000.

Robert S. Chappell, a well dressed young man, was arrested yesterday afternoon by Detective Caddy for forgery. He has been employed in Mr. Echlin's office for the past three months and resided at 267 Lisgar-street.

Joseph Dwyer and Joseph Maroney had a disagreement at the Island on Sunday, the result of which was that Dwyer had a portion of his ear bitten off by Maroney. The police are on the lookout for Maroney.

Samuel Keith, a man of about 54 years of age, was before the magistrate yesterday morning charged with committing a brutal assault on his wife, a delicate-looking woman. He was sent to jail for sixty days without the option of a fine.

The remains of George Laidlaw were brought to Toronto yesterday and were buried in the family plot in the Necropolis yesterday afternoon.

Cornellier's Case.

OTTAWA, Aug. 8.—The case of Louis Cornellier, clerk in the Public Works Department, charged with forging an official check bearing the signatures of the Deputy Minister of Public Works and accountant of the Bank of Montreal, came up in the Police Court this morning. Cornellier, who was out on bail for $2000, appeared with his brother, L. C. Cornellier, Q.C., Montreal. The latter asked for two or three days' time to consult with certain parties and arrange for Ontario counsel, as he did not practice at the bar of this province. Counsel for the prosecution objected. An adjournment till Monday was granted.

The Halifax Carnival.

HALIFAX, Aug. 8.—The feature of the carnival to-day was the torchlight procession, which was participated in by the firemen, manufacturers, trades and athletic clubs, introducing handsomely decorated engines and hose reels, cars illustrating the various manufactures and trades, uniformed athletic clubs, allegorical cars, quaint and humorous turnouts and the Chinese lantern bicycle parade by local and foreign wheelmen.

A Chicago Epidemic.

CHICAGO, Aug. 8.—It is reported that there are nearly 175 cases of typhoid fever here in 11 blocks in Cottage Grove-avenue, caused by the pollution of the city's water supply by sewage carried into the lake during the recent heavy rainfall. Most of the cases are mild.

LATEST SPORTING NEWS.

The Pullman Regatta Opens in the Rain—Ball Games Yesterday.

CHICAGO, Aug. 8.—Disappointment was the result attained at the opening of the Seventh Annual Regatta of the National Association of Amateur Oarsmen and the twelfth regatta of the Mississippi Valley Amateur Rowing Association at Pullman to-day. The threatening weather prevented all but a few from attending, and rain made the proceedings for spectators and oarsmen. The wind blew so hard shortly after 3 o'clock that the races had to be postponed until 9 o'clock to-morrow. The judges' boat ran into the mud while starting down the course to begin the first race and it was an

It Makes You Hungry

"I have used Paine's Celery Compound and it has had a salutary effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. COPELAND, Primus, S. C.

Spring medicine means more now-a-days than it did ten years ago. The winter of 1888-89 has left the nerves *all topped out*. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—*the Spring medicine of to-day*—does all this, as nothing else can. *Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Commended by the Manufacturers to be*

The Best Spring Medicine.

"In the spring of 1887 I was all run down. I would get up in the morning with so tired a feeling, and was so weak that I could hardly get around. I bought a bottle of Paine's Celery Compound, and before I had taken it a week I felt very much better. I can cheerfully recommend it to all who need a building up and strengthening medicine." Mrs. B. A. Dow, Burlington, Vt.

Paine's Celery Compound

is a unique tonic and appetizer. Pleasant to the taste, quick in its action, and without any injurious effect, it gives that rugged health which makes everything taste good. It cures Dyspepsia and kindred disorders. Physicians prescribe it. $1.00. Six for $5.00. Druggists.

The Daily Examiner.

FRIDAY, AUGUST 9, 1889.

THE TORY CAN DO NO WRONG.

The *Globe* says:—"The attempt of the Tory journals to fasten the responsibility for the obnoxious Jesuit Estates Act upon the shoulders of Mr. Mowat is certainly ludicrous enough. And these journals must count upon a large amount of folly and credulity in their readers when they gravely tell them that the Jesuit Estates Bill was framed during the Inter-Provincial Conference in Quebec in 1887. In other words, that the representatives of nearly all the Provinces in the Dominion, including two Conservatives, devoted ten days to helping Mr. Mercier to frame an Act which had no interest for any of them. The charge has only to be stated in order to be laughed out of court.

This attempt to shift responsibility, however, is an old Tory trick. According to their journals and politicians, the Tory Government has the right to claim credit for every good thing that happens during the period of their rule. But when anything goes wrong the bad Grits are always to blame. The Democrat who, on learning that Cain was of his party, indignantly inquired what Abel was fooling around there for, was matched by the apologists for the Pacific Scandal, who dubbed that piece of history the Pacific Slander, and foamed with indignation at the public men who unearthed the facts. The slow settlement of the Northwest was not due to monopoly, to fickle and unfair treatment of the settler, and to general maladministration, but to the wicked Grits who called attention to these facts. The last rebellion in the Northwest was "fomented by Reformers," and was in no degree due to the long neglect of those Halfbreed claims which the Government settled in hot haste after the first shot was fired. Our young men are leaving for the United States in great numbers; of course that is because the perverse Reformers tell them that they are misgoverned here. In the case of the renewed *modus vivendi*, in the case of the statutory offer and in many other cases, the Conservative Government made some rather rapid movements to the rear. But, of course, that was due to the wicked persistency of the Grits in pressing the Government to do things which they eventually had to do. The National Policy, so-called, would be a brilliant success if the Government papers and politicans would only counsel the farmer to lie down and be skinned. And we are not sure that it could not be proved to the satisfaction of some Tory editors that the Grits are really responsible for Sir John's *gerrymander* and for his mockery of a Franchise Bill. Nothing can be more certain than that Sir John is compelled to do these things by the fact the Grits will persist in opposing him. With equal plausibility it may be argued that if Mr. King had not secured a majority of the votes in Queen's N.B., it would not have been necessary to steal his seat for Mr. Baird. Mr. King and the Reformers who voted for him were clearly responsible for the theft. We are aware that this contention has not actually been made. The defenders of that theft were by no means pigeon-holed, and did not lack gall. But they did not quite come up to the standard of those who say that Mr. Mowat ought to be punished because the Sir Johns did not disallow the Jesuit Estates Act, and that Lord Stanley is responsible for Sir John Thompson's insolent reply to the Equal Rights Association."

A Canadian militia officer who is travelling in Switzerland, has reported to the militia department here that the government of that country has adopted a new rifle for their army and also a new gunpowder, which is smokeless and noiseless. The new rifle, the Rubin-Schmidt, has been furnished the army to the extent of 150,000, and four millions of cartridges, containing the new powder, have been manufactured. The total cost of the innovation to the Swiss government is three millions and a quarter dollars. The old Vetterli rifle, which has been the arm of the Swiss service for many years, will be handed over to the reserves.

TALK of carrying coals to Newcastle. A British Columbia paper announces that the German iron ship "J. H. Hustive." 1,300 tons, has arrived in Esquimault from Cardiff with coal for Her Majesty's navy. Esquimault is an Imperial naval station, but, asks the Ottawa *Free Press*, where is the necessity of bringing coals from Cardiff around Cape Horn to British Columbia, when an abundance of that commodity can be had upon Vancouver Island? The coal mines of Nanaimo are only seventy-five miles from Esquimault, and connected with that place by railway. The action of the Imperial government in sending coal from England to British Columbia is only paralleled for stupidity by the conduct of the Dominion government in importing pine timber from Wisconsin for use in repairing Ottawa river canal locks.

The business relations of Canada and Chili are, according to Mr. Ovide Frechette, Chilian consul-general stationed at Quebec, are steadily on the increase and warrant the establishment of a regular line of steamships between the two countries. The consul-general is endeavoring to secure this, and is asking the government for a subsidy. He proposes to make Montreal and Quebec the Canadian termini for the new steamship line, and Valparaiso, the Chilian terminus. Last year the value of the imports into Chili from all countries was about thirty five millions, and over seven thousand ships were entered and cleared at Valparaiso. The government are however, now asking for tenders for the South American steamship service, "from Halifax or St. John to Pernambuco, Bahia, Rio Janerio and Monte Video and such other ports en route as may be agreed upon in the interests of trade." Chili is not en route, to the Rio, yet the government will probably extend this service to that country which will save having a special subsized line. The shortest and quickest route but the dearest, is naturally over the C.P.R. to Vancouver and from there by steamship. No decision however has been arrived at, and the tenders for the South American service are not called for until the 31st inst.

A Scared Editor.

A rugged farmer stalked into the sanctum with a big whip under his arm.

"Be you the editor," he asked. "I am," with the naif apprehensive reply.

"Here's two dollars—send me your paper for life," he said.

"You see," he went on, "our daughter was sick and liked to die. She drooped and grew weak and pale, had headaches, no appetite, back ached, feet and hands like ice, couldn't sleep, hacked with cough, and we thought she had consumption. No medicine helped her, till we tried that Dr. Pierce's Favorite Prescription mentioned in your paper, when she began to mend in no time, and is now well and handsome as a rose—put me down as a life subscriber."

Now the editor is looking for another scare—the medicine has cured scores afflicted as was the farmer's daughter, restoring the female functions to healthy action, and removing the obstructions and suppressions which caused her trouble. It is guaranteed to give satisfaction, or price ($1.00) will be refunded.

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one! What better would you want than that?"

"That is good. Who took it?"

"Mr. Sproule. I got a dozen just as good as that for a dollar.

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sproule has woke up the town. You see, his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

25 REASONS
FOR
DRINKING
ROYAL DANDELION COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

Luxuriant Growths of Hair
are seen on the heads of all who use
DR. DORENWEND'S

HAIR MAGIC.

The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—It stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do n t let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to shove them off in this way. See that each bottle bears seal and signature

A. DORENWEND,
Sole Manufacturer, Paris Hair Works, 103 & 105 Yonge street, Toronto, Canada.

CORRECT

TIME

A WATCH or CLOCK is not of much use if it does not keep good time. If you want a correct timekeeper buy it at MUNCASTER'S. Or if you want your watch or clock repaired so that you can tell the time by it, take it to MUNCASTER'S.

ENGRAVING in the highest style of the art. Watches, Clocks and Jewelry at Lowest Prices.

MUNCASTER'S

THE GERMAN EMIGRANT.

How He Rises to the Situation and Becomes Aristocratic.

Dordrecht Van Dutchoven is a picturesque creature from an artistic point of view, as he stands half asleep at Castle Garden, puffing his long pipe, and paying little attention to the hubbub about him. Now and then he clatters about in his wooden shoes, to see that his family doesn't get out of sight, or that the few cans and kettles that constitute his all are not made way with.

Small boys make unhallowed criticisms on Dordrecht Van Dutchoven's queer blue blouse, and gray trousers that come up to the shoulder blades, and ask him if he buttons his collar on them. But Dordrecht wears no collar. His beard and pipe protect his throat, while his long mayonnaise hair, cut off even, after the manner of the tail of an aristocratic equine, falls on his shoulders, and hides his neck from view.

As he leaves Castle Garden with his wife and children, each one of them burdened with coffee pots and other cooking utensils, we see no more of him. But we shall hear of him later on; or, at least, our great grandchildren will, for here is his history in advance:

Perhaps he left his native Holland to keep out of jail, perhaps to better his fortunes. At home he was at least a nobody, and he can not be less here. He

is now on his way up West Street to the Erie Railroad, where he will start with his wife and little ones for some outlandish part of the far West, on a cattle train, on which they will feel at home.

After an uneventful journey, they will leave the train with their effects, and get one hundred and sixty acres of land from the Government for nothing. The Van Dutchovens will settle on this, and live from hand to mouth by trapping foxes and shooting muskrats.

When his sons are of age, they will get one hundred and sixty acres of land each from the Government free; and, by the time Mr and Mrs Dordrecht Van Dutchoven are appropriated by the Reaper, there will be a great deal of land in the family. Railroads will come through, farms will become city squares, stores will spring out of pig-styes, and the Van Dutchovens will be wealthy landed proprietors. Through their wealth they will succeed in marrying above their station, and the next generation will have portraits of two fine old stately persons, painted by some artist from living models, and invested with great dignity and respectability, and these two will be pointed out as the original Van Dutchovens. The children will be educated abroad, where they will purchase an escutcheon, and look with becoming contempt on all ordinary people. When a man out there is asked a fancy price for anything, he will exclaim: "Do you think I'm a Van Dutchoven?" And other people will regard with gnawing envy those happy souls who are on Mrs. Van Dutchoven's list. Some of the Van Dutchovens will be elected to office, others will found maternity hospitals, and still another will be famed for her annual Van Dutchoven Ball.

In short, the Van Dutchovens will be a very select and aristocratic family; and to have the *entree* to its doors will be proof positive of the standing of the fortunate person.

By this time malicious newspapers will ruffle the serenity of the Van Dutchovens, by relating various things about the pioneer, Dordrecht Van Dutchoven. How he landed here in wooden shoes, with nothing in the world but a lot of cooking utensils tied up in a quilt; and how he went West and eked out a miserable existence by trapping, kunks, and swindling people out of land. These things will be repeated from time to time, until many will sympathize with the Van Dutchovens, and say their humble origin is only cast up to them because they are prosperous.

And the Van Dutchovens will live in opulence, and proudly inform their betters on the slightest provocation:

"We are the Van Dutchovens, who are you?"—*R. K. M., in Puck.*

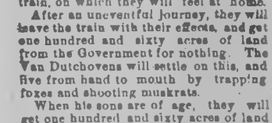
NEW FASHIONS IN DRESS TIES.

Some Designs in Paris That Will Come Along in the Fall.

Something new in the way of dress ties has been designed in Paris. The cuts given here are reproduced from the

Men's Outfitter, which publication is responsible for the statement that the ties are now being manufactured at the gay French Capital and will be along this

way in time for the fall trade. It will be noticed that they are decided novelties, varying to an unusual degree from



the ordinary dress tie. The distinguishing characteristic is the bias cut on the ends. They are expected to be a great success.

Treasure Recovered from the Deep.

NEW YORK, Aug. 1. The Pacific Mail Steamship Company have received news that $300,000 treasure has been recovered from the wrecked steamer Oneonda.

THAT BIG ENGLISH SYNDICATE.

How the Representative of $75,000,000 Was Received on the Bowery.

seedy-looking individual presented himself yesterday at the bar of a Bowery saloon and said to the proprietor

"You have heard of the big English syndicate who are buying up all the breweries of this country?"

"Yaw, I haf heard somedings about det."

"Well," said the seedy person in a more confidential toke, "I can tell you that the stories of the vast amount of money represented by these capitalists are not overdrawn?"

"Is dot so?"

"Add $25,000,000 to their reputed $50,000,000 and you are nearer the mark."

"Py goodness, that was heaps of Spondoolicks."

"You bet! And what's more, we are just as liberal as we are rich."

"Vo? Who's vo?"

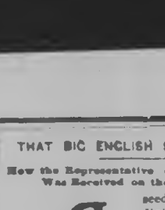
"Well, I don't mind telling you that I represent this large aggregation of capital, and it is my business to come around and get acquainted with the saloon men, for we contemplate buying a few good saloons in each town. In fact we have $30,000,000 set apart for that purpose."

The German moved around carefully from behind the bar, seized the representative of the big syndicate by the collar, propelled him rapidly towards the door by fanning his coat tails with his liberal feet, remarking as he did so:

"Ven you expect Jacob Pfalsgraff to sot up der beer feety or seexty times on a fairy story like dot, den py gracious you tont know me a little bit. I've been in beezness on der Powery too tam long for dot." Better you go try Jersey City und sing your lullapy," and the representative of English millions was shot clear into the gutter.

Picking himself up presently, he said: "Emigration has got to stop. These fat Dutch are getting altogether too fly."—*New York World.*

Lovely Woman.



Woman is probably called the "Sunday of man" because she goes to church while he stays in bed.—*Boston Gazette.*

It is said that women live longer than men. But this is obviously a mistake, for you seldom see a six-foot woman.—*Danville Breeze.*

"Women must have been happy in the time of Noah." "Why so?" "Because it took a long time to grow old in those days."—*Boston Gazette.*

Women often do the wrong thing. If a woman has a number 7 foot and the shoe-dealer says she can wear a number 3 shoe, she's very apt to put her foot in it.—*Yonkers Statesman.*

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6d w32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

A REMEDY that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

AS A HEALING, SOOTHING application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

AYER'S PILLS.

Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them with good effect, in cases of Rheumatism, Kidney Trouble, and Dyspepsia. —G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Dowusville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured. —Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored. —Theodore Esling, Richmond, Va.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

ONE YEAR IN BUSINESS!

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Klias Thompson, is situated in the centre of the block. This property is for sale or can be had as a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

"Coffees Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

River Improvements.

The Dickson Company is cribbing the further bank of the river from the electric light station around the curve to the dam. It is proposed to fill in behind the cribbing with sawdust and mill refuse.

English Literature for 1889 90.

Byron and Addison—The Prisoner of Chillon and Selections from Childe Harold's Pilgrimage, by J. E. Wetherall, Principal of Strathroy Collegiate Institute. Sent postpaid on receipt of price—50 cents. PETERBOROUGH BOOKSTORE, J. R. STRATTON.

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

AT the head of the class stands M. R. KIDD in choice teas.

To be Tried For Attempted Murder.

To-day County Attorney Wood came to town from Oak Orchard, and instituted immediate proceedings for the prosecution of Martha Glenny, whose new born infant was found in a hotel closet, on a charge of assault with intent to murder.

Hand Injured.

To-day Mr. W. S. Deacon of Ashburnham met with an accident in Wand's planing mill by which he lost two fingers by coming in contact with a circular saw. Mr. Deacon is unfortunate. Some years ago he lost a portion of one foot by accident in Hilliard's sawmill.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

The Canadian's Capture the Orchestra.

The Sons of Canada have secured the services of Prof. Doucet's Orchestra for their excursion to Jubilee Point on Civic Holiday. A splendid opportunity for enjoyment. Palace barge for dancing and the best of music to make it go. Cheapest excursion of the day—only 50 cents the round trip. 1d

Civic Holiday.

If you want a good time attend the union excursion of the E. B. A. and C. M. B. A. to Orillia on August 15th. The firemen's band will accompany the excursion. This will be the last and best day of the horse races at Orillia, $1500 to be distributed in prizes. A monster excursion is coming from Barrie. $1.00 for the round trip, children 50c.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

The Newest.

There is a walnut bedroom suite just inside the door in Mr. Clegg's warerooms that is enough to make any ambitious housewife envious. We won't attempt a description of it, as we are not up in the technicalities of the furniture trade. However, it's a pleasure to look at a hand some thing, especially when it does not cost anything. We understand that the suite is sold and will only be in the warerooms for a day or two.

A FEW more sheets of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

Residence For Sale by Auction.

Mr. Charles Stapleton has received instructions from Mr. J. D. Baptie, proprietor, to sell on the premises, on Wednesday, August 14th, that desirable two story white brick cottage, on Water street, two doors north of the Thomas Menzies property. The house is new, well built and convenient, containing 6 rooms, closets, pantry and cellar. Terms and conditions made known at time of sale. Sale at 3 o'clock p.m.

Wedding Present Prospects.

It is probable, if society gossip can be relied on, that the flirtations of the summer resorts though apparently innocent will result in something serious in the way of matrimony, and there is likely to be a lively demand for wedding presents. The most sensible present would be a caddy of the splendid tea to be found in the stock of Hawley Bros. Splendid teas of all kinds, superb coffees and elegant glassware. Quality A No. 1, and as cheap as good advice.

Colonization Roads Inspection.

The Bobcaygeon *Independent* says: "Mr. M. Lounsbury, Government Inspector of Colonization Roads, has been inspecting the work done in Harvey, Galway, and the district. Mr. Lounsbury is making good progress with his work, and is attending very thoroughly to his duties."

Chemong Park Notes.

The fishers at Chemong hold fish hands hands these days: Yesterday Mr. J. K. Stabler captured a 25—lb maskinonge and altogether during the day he gaffed 100 lbs of mask'e. He also took in a 21 pounder the day before.

The members of the Canoe Club go up to the park this afternoon in full force to select a site for their new boat house.

Horticultural Exhibition.

The public as well as prospective exhibitors are reminded to take thought of the exhibition of the Peterborough and Ashburnham Horticultural Society which is to be held on Thursday, September 5th. There should be a splendid exhibition this year. The growth of flowers, vegetables and fruits is enormous and the Society deserves the amplest encouragement the public can give. All the Society's surplus funds are devoted to beautifying the Court House Park which is maintained solely in the public interest.

Ottawa.

Stony Lake stock was below par this morning. The only prospective permanent residents who went out were Messrs. John and William Lowe, Toronto; a few went out to spend the day. This morning Judge and Mrs. Weller took the Chemong Valley train *en route* for Sturgeon Point, where they will be the guests of the daughter, Mrs. Dean. Yesterday afternoon Messrs. A. J. Cameron and E. J. Harley went out by C.V. train for Chemong Lake the starting point of a canoe cruise they propose making around the lakes—the grand tour.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crushing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

Market Building Tenders.

There are eleven tenders filed with the town clerk for the construction of the new market building or portions of it. There are four for the work entire, two for the painting, three for the brickwork, one for the cut stone and one for supplying the sand. It is not probable there will be a meeting of the committee this week to consider the tenders. Mayor Stevenson and Mr. Davidson are in Cobourg to-day, and Mr. Cahill is out of town on official business.

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tufw

You Can't do Better

In the way of perfect enjoyment on Civic Holiday than join the excursion of Court Little John, Foresters to Toronto, Chautauqua and Niagara Falls—on the 15th—next Thursday. You can start on C. P. R. palatial train at 4.36 a.m. or 7 p.m. or you can wait till the evening train at 5.40, for the tickets are good for two days and the price is the lowest of the season. Only $1.75 to Toronto and return; only $2.00 to Chatauqua and Niagara Falls and return. You journey by land on the swift C.P.R. and cross the lake in the palace steamers Chicora and Cibola.

Lacrosse at Beaverton.

The championship match with the Beaverton lacrosse club yesterday resulted in disaster to the home team, the former won four straight games. Though the peculiarities of the referee may have affected the result, there is no disguising the fact that lack of practice on the part of some members of the home team handicapped the team heavily and shut them out of that victory which the material of the team, if properly developed, would win. The Beaverton team has had its present composition for years, and each knows the little tricks and passes of the other that count so much in a match, while the personnel of the Riversides is changing constantly, and there is a great neglect of practice on the part of some of the members. It is unfortunate that a good team should suffer defeat for want of practice.

A Good Appointment.

The EXAMINER is pleased to announce that Mr. Geo. Edmison has received his commission from the Ontario Government as County Police Magistrate, in accordance with the request of the county council, expressed in a resolution adopted at the June session. Mr. Edmison has, so to speak, served an apprenticeship during his incumbency as County Police Magistrate under the Scott Act. In this capacity he showed himself well fitted to discharge the judicial duties pertaining to the office, and there is no doubt that he will address himself to the performance of the new duties which will fall to him by virtue of the new appointment with that zeal, discretion and judicial fairness which have characterized both his career as a lawyer and his past experience in a magisterial capacity. Mr. Edmison's many friends will be pleased to learn of this recognition of his abilities, and their worst wish in the interests of the community is that the condition of public morality will make his duties light.

St. Andrew's Society.

The quarterly meeting of the Executive Committee of the St. Andrew's Society was held in St. Andrew's Hall, Thursday evening. The President, Chas. Cameron, occupied the chair. After routine, the Secretary read a letter from the American representative of the Balmoral Choir of Glasgow, stating that this high-class organization intended visiting America in the latter part of October, and would be in Peterborough about 1st December, to give a performance under the auspices of the Society if terms, etc., could be arranged. The Secretary was instructed to reply asking for full information. On motion of Mr. Geo. Noble it was decided to pull down the dividing partition in the hall and to make the whole premises into one large hall, with the object of holding public entertainments during the winter in behalf of the funds of the Society. On account of the absence of the treasurer, Mr. R. M. Denniston, no report from the Excursion Committee was presented, but the meeting adjourned with the understanding that a special meeting would be called by the president as soon as the treasurer returned to town.

A Barrel of Flour Made into Bread.

The *American Analyst* thus sums a baker's profits, or what a barrel of flour is worth when made into bread. A baker will toss a barrel of flour into a trough. Then he tosses 104 pounds of water on top. A quantity of yeast is added, and then the jolly baker has 300 pounds of dough to operate on. The 300 pounds cost him $5. In short order the dough is turned into "twists," high loaves, pan loaves, and other styles of the same quality. The oven's heat reduces the 300 pounds of dough to 260 pounds of bread. The baker sells his bread at the rate of four cents a pound, or at an advance of over 30 per cent over what it cost him. There are 1,400 bakers, great and small, in this city, and to them is committed the trust of supplying bread for 1,300,000 persons. There are many bakers in this city who make 1,300 loaves of bread per day and sell it for from $80 to $150, or at a net profit of $40. Little money is lost in the business, and most bakers do a cash trade. It is very seldom that bakers fail. The business is steady, reliable, and attended by a very few risks, unless incompetent workmen

A Brilliant Local Author.

Little Britain's Literary Genius.

The American literary public have been greatly excited over the appearance of works of fiction by an anonymous author, works of such brilliance and originality of conception, of such absorbing interest that they sprang into popularity, and so great was the demand that edition followed edition. One of these works is entitled, "Thoth"—a romance by the author of "A Dreamer of Dreams." "Thoth" is brought out by the Appletons, and any work bearing their *imprimatur* is sure to have merit. Speaking of "Thoth" the Boston *Post* says:—"The popularity of "A Dreamer of Dreams" has emboldened the Appletons to bring out the first American edition of 'Thoth,' a former, and it is believed the first work of the same anonymous author. With virtually but two characters, 'Thoth' is so full of invention that each chapter is a surprise. The main idea has absolute novelty; and best of them all there is scarcely a break from beginning to end in the very complete illusion. This, of course, proceeds from a quality of imagination above that used in the mere devising of a plot, and the literary execution of 'Thoth' has a reserve which is among its many merits. How much reserve like this can add to effect may best be seen in the

TWO ASTONISHING CHAPTERS

about the women of the royal family; and it is scarcely less important in the passage which describes the awakening of the sleepers. If the author can work again with so much imagination so much assurance and so much delicacy we shall be glad."

One would think that so highly eulogistive a review by a standard critical authority would refer to a work by some author of established standing and wide experience, but it is a surprise that it refers to the work of a mere boy a native of Victoria County, born in Little Britain, and when one reads the following brief sketch of his life published by the Lindsay *Warder*, and finds that this brilliant author is a mere lad, the surprise is agreeable. The name of the author of "Thoth" is

MASTER GERALD LESLIE MARSTON POGUE.

son of W. H. Pogue Esq., Merchant of Little Britain who has suddenly sprung into world wide fame as an author and *litterateur*. He is not yet sixteen years old, having been born on November 5th 1873. When a lad he received a slight sunstroke which partly paralyzed his right hand, so he writes with his left. Being delicate, he studied at home, having a room to himself. His father gratified his taste by purchasing all kinds of books fancied by the lad. Early in June he went to New York and is now engaged on the staff of the *Herald* at $5000 a year and all expenses paid, to go on a tour around South America and thence to Australia. The father was surprised a few days after his departure to learn the news, and also that his fifteen year old boy was author of two of the most popular novels of the time. His mother often joked him as a dreamer. His first novel published is "A Dreamer of Dreams." The second is "Thoth," both are highly praised by the best London and New York critics. Then the father for the first time examined his son's library. He found box on box full of manuscript, a novel here, poetry there. Many of his poems, it seems, have appeared in standard magazines, and articles bearing the name "Leslie Pogue" are found in the Cornhill Magazine, Harper's, The Century, and others. All this was unknown to the father or mother. He has now a novel in print for which he is to receive $5000 and a royalty. His first newspaper venture was the Johnstown accident. We congratulate the parents and also the youth on their exceeding great fortune." This district may well be proud to be the birth place of so great so wonderful an author, and in order to give the local public an opportunity of reading his greatest success, the Peterborough Book store has imported a supply of copies of 'Thoth,' published in paper, at the price of 25 cents.

Lacrosse in Nebraska.

A few days ago the EXAMINER had a paragraph referring to the introduction of lacrosse in Chicago and to the prominent position taken by Peterborough boys. Another state has been heard from, as will be seen by the following extract from the Lincoln (Nebraska) *Courier*:

"The exhibition game of lacrosse played by the Lincoln and the Semmons clubs at Ball Park last evening, attracted about seven or eight hundred spectators, a large number of them ladies. Only one goal was made, which was won, after a long and stubborn contest, by the Lincolns. The great feature of the game was the playing of Mr. D. Fitzgerald, a Peterborough boy, of the winning team. He made some beautiful long throws, almost from goal to goal, that made the spectators shout with delight. His artful dodging and recovery of the ball was a sight good to behold, and the enthusiastic crowd frequently broke out in regular baseball fashion. The game, as an exhibition one, was a grand success, to which Mr. Fitzgerald's splendid playing mainly contributed, and received, as it deserved, the most enthusiastic applause of the large number of spectators present, many of whom hardly knew what to expect."

Sporting Spinsters.

The Return Baseball Match Between the "Stars" and "Jersey Lillies"

On Wednesday evening the return match game of baseball between the young ladies composing the "Star" and "Jersey Lily" baseball teams, took place on Burnham Point, and this time the Lilies, to use the vernacular of the game, lambasted the Stars, to the tune 11 to 10. To know how the Lilies enjoyed their victory one has only to recall the truth of Byron's line, "Sweet is revenge, especially to women." The Lilies played for revenge; they got it; it was sweet. During the game there were some brilliant plays made—especially a red hot fly taken by one of the fair fielders—in her apron. Of course their were a few disputes—they were playing baseball,—but there was an entire absence of swearing at the umpire—who was the same that officiated at the first game. There was a considerable attendance of invited spectators, and after play the ladies of the two teams clubbed and set out a delicious picnic luncheon which was much enjoyed by the spectators umpire and scorers. The luncheon showed that the ladies could handle the rolling pin with as much dexterity as they handled the baseball bat. Whether this is the last game of the year will depend on the huckleberry season. If the crop matures quickly, the young ladies will have to devote themselves to family jars instead of ball-field jars.

Norwood Notes.

Norwood is to have a public meeting to discuss the proposal of granting aid to manufacturers.

The Methodists have advertised for sale the old church in the village. They have no further use for the building, its place is being supplied by an elegant new one.

Mr. W. E. Roxburgh's residence was broken into by burglarious individuals during his absence at Stony Lake last week. The lady in charge of the house climbed out on the roof of the shed and gave the alarm, and, assistance coming, it was found that the doors had been pa ised open.

Norwood is trying to enforce the universally refractory cow by-law. This by-law gives as much trouble as the bovines.

The Norwood *Register* takes its holidays next week, and will suspend publication for one issue.

Y. M. C. A. Camp, Stony Lake.

JUNIPER ISLAND, Aug. 8, 1889.

The excursion to White Lake was much enjoyed. Tuesday at 4 p.m. Mr. T. S. Cole continued his Bible readings which are growing in numbers and interest. In the evening we held a song service on the lake. Wednesday morning Mr. T. Ratcliff, Toronto, gave a Bible reading on "That Blessed Hope;" afterwards we had a conference on our work. This morning Mr. Cole continued his Bible reading, taking up "Shiloh;" an hour previous we had a secretaries conference. This afternoon Mr. Gooch, Brockville, will give a Bible reading on "Law and Grace." The meetings are growing in attendance and interest. We are having a grand time together. The weather is beautiful.

Bicyclists' Monthly Races.

Four Events Disposed of.

The monthly race meeting of the Bicycle club was held on the Association grounds last evening. There was not a large attendance, it being impossible in view of the very large number of the members and sporting friends of the club out of town for there holidays, to get a large number together. Mr. I. Geary acted as starter and Mr. Ed. Brown as referee:—

HALF MILE RACE.—The starters in this event were Messrs. W. Webster, James McKim and A. H. Stratton. Messrs. McKim and Stratton were first and second respectively.

ONE MILE RACE.—The entries were Messrs. William Holland, W. Carr, W. H. Meredith and J. Dolan. W. Holland was the winner, but his chances would not have been nearly so good if Dolan hadn't been interfered with by a person not in the race getting on the track and colliding with him.

ONE MILE RACE.

Another mile race brought out the following entries: S. Kingan, W. Morgan, J. McGill and E. Roy—The winners were in the following order, 1st, E. Roy, 2nd. W. Morgan, 3rd. J. McGill.

Two Mile Race, open.—The contestants were, R. Fife, F. Might and A. Gibson. A. Gibson, 1st. F. Might, 2nd.

What are African Dervishes?

When the cable brings an account of another battle between the English and the "dervishes," the average Canadian reader recalls that the word dervish has a sort of Arabian Nights flavor and wonders what it means in Upper Egypt and the Soudan. M. Vambery, a noted Eastern traveller, who occasionally contributes articles to the English magazines, says that dervish is a Persian word, and its derivation, or rather composition, is still the object of controversy. Some say that it is derived from *der-ris*—namely one who lies at the door; while others believe that it is a corruption from *der pish* or *der-bish*—namely one who is in advance, a head, a chieftain; and, considering that the dervish is looked upon as a spiritual chief in the eyes of the lower classes of the Moslem world, this latter derivation is more probable. Dervishes, or members of a sacred brotherhood, have always enjoyed great consideration in the eyes of the lower classes in the East; and although not acknowledged by orthodoxy, they have been at all times the leaders of the masses, by whom they are blindly followed and venerated. As is generally known, all monkish and religious orders are contrary to the spirit of the Koran, and are even expressly prohibited by Islam. But, in spite of all this, they sprang up very early in Persia, and, having spread from the last-named country to the rest of the Mohammedan world, the Persian word has been generally adopted, and is now current from Komul, in Chinese Turkestan, to Morocco. Of course, the lower level of civilization the higher is the consideration enjoyed by the dervishes. M. Vambery does not know weather the dervishes of Africa belong to the order of Kadri or Djelali, but they are headed by a descendant of the famous Sheikh Senoussi, whose seat is, or was, at Kairouan in the desert, the greatest hotbed of Moslem fanaticism all over the world, and at the same time the stronghold of Moslem propaganda in the Dark Continent. From the little we know about the religious movements in the northern half of Africa, it is pretty clear that the rise and progress of the Mahdi, far from being favored by the orthodox followers of Mohammed, was found particularly objectionable by the adherents of Sheikh Senoussi, who, from the beginning, were inimical to what they called the false prophet; and no sooner were his fortunes declining than they took arms against him, and, inheriting his position in the Soudan, they very naturally continue the work begun by the Mahdi—name'y, the attack upon the Egyptians and upon the English, two nations which are identical in their eyes. Mr. Vambery believes that the dervishes will be a tougher morsel for the English army than the followers of the Mahdi; and that, in spite of the occasional losses which might be inflicted upon them, their defeat or total suppression will cost immense sacrifices in blood and money, and will take a good deal of time. The Mahdi was ridiculed by the Mohammedan world. But the followers of Sheikh Senoussi—these "dervishes"—possess the sympathies of their brethren in faith all over the world; and if the English Government is bent upon fulfilling its duty towards Egypt, it should arrange matters with the Sultan of Turkey; for it is only the Khalif who is acknowledged as the head of Islam by Sheikh Senoussi, and to him it would be an easy thing to arrest the march of the dervishes and to put a stop to the bloodshed in the Soudan.—*Hamilton Times.*

News Nuggets.

—On Saturday last Mr. Geo. Booth, of Bobcaygeon while out in a canoe fishing was drowned.

—Friday Aug. 16th, is Bobcaygeon Civic Holiday.

—The Millbook Cricket Club has been organized, with Dr. Ough as President.

—The Reeve has appointed Thursday, August 22, as a Civic Holiday for Millbrook.

Personal.

Col. H. C. Rogers, commodore of the A.C.A., Mr. Hallie Rogers and Mr. G. W. Hatton, secretary, went down this morning to join the camp at Stave Island, Thousand Islands.

Deodarisation.

Dr. Clarke, Medical Health officer, had the George street sewer treated with chloride of lime this morning, in order to neutralize the too-assertive stench arising from the sewers. Falstaff's buck-basket was a bouquet of roses compared with the rank compound of villainous smells that sometimes rise like evil spirits from the sewer openings.

Wiman Favors Gotham.

NEW YORK, Aug. 8.—Erastus Wiman, in a letter to Mayor Grant, suggests that a great many things now on exhibition in Paris and which will be disposed of for a song at the close of the exposition, might be purchased and brought over here to grace the World's Fair of 1892. Mr. Wiman favors holding the fair here.

Aurora's Sienna Mine.

AURORA, Aug. 8.—The sienna mine which has been discovered just east of this place seems to be of even greater value than anticipated by the most sanguine. Heretofore Canadian and American manufacturers have drawn their supplies from Italy, where the best deposits are found, and England, where it ranks second quality. The sienna discovered here is said to rival even the Italian article in quality. A company with Canadian and United States capital behind it is being organized to place the new discovery on the market.

Charged With Criminal Libel.

MONTREAL, Aug. 8.—Philip Vandall, a member of the Montreal bar, was to-day committed to the Court of Queen's Bench on a charge of criminal libel. He wrote to the United States Insurance Company alleging certain discreditable acts against their agent here. The agent took an action and the point at law was whether libel could be committed by writing to a foreign country. The judge held it could, and Vandall is held for trial. This is the same man who kept Capt. Fortier in jail for 210 days and released him as soon as publicity was threatened. Not much sympathy is felt for the lawyer in his trial.

Hit the Woman in Self-Defence.

OTTAWA, Aug. 8.—Timothy Rajotte of this city is a man of considerable means and property. Some years ago he thought to add to his wealth by counterfeiting. He and two others served a term in the Penitentiary. During his stay there his estate was made over to trustees, his wife's relatives. Since his liberation Timothy has been acting as agent of his own estate for the trustees. He cannot get his property out of their hands and trouble has been the result. Some days ago he was the victim of a tongue-thrashing from his wife's sister and two or three other women. He slapped one of the women in the face. A young gentleman passing on the street at the time saw the woman struck and gave Rajotte a terrible beating. The woman had Timothy arraigned in the Police Court this morning for assault. Magistrate Burcher dismissed the case on the ground that Rajotte hit the woman in self-defence.

A Quebec Doctor After a Torontonian.

QUEBEC, Aug. 8.—Dr. Auguste Hamel of this city has instituted a suit against John Young of Toronto for insult. It appears that while the doctor was attending him at the central police station Young called him a —— French Canadian and also spat in his face. The amount of damages claimed is $500.

New Voters at the Capital.

OTTAWA, Aug. 8.—About 2000 names have been added to the voters' lists here.

The King of Forgers Arrested.

MINNEAPOLIS, Aug. 8.—J. Frank Collom, the lawyer who forged Mr. Blaisdell's name to notes, etc., amounting to $227,000, was arrested here to-day on complaint of Mr. Blaisdell. It is known that upwards of 112 forged notes are afloat. Collom has his life insured for $115,000.

BERRIES FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make the profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 'is a groat a year,
A penny saved is twp pence clear,"

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00. Bargains like these go quickly. Plenty of other points of special interest.

JOHN WOOD,
Clerk of Ashburnham,
Peterborough, P.O.
July 16th, 1889. dtf

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better could you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar."
"Why, that is as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see he has new instruments and no perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

IT'S NO JOKE.
Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.
Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.
Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's Fancy Goods Store, George street, Peterborough.

W. W. Johnston.

PRICES AND PROSPECTS.

THE WEEK MARKED BY A REACTION IN BREADSTUFFS.

The Outlook for General Trade in the Autumn Bright—Tobacco Prices Advancing—Railway Earnings.

NEW YORK, Aug. 10.—Special telegrams to Bradstreet's report a somewhat larger volume of trade at Philadelphia, Pittsburg, Louisville, Cincinnati, Kansas City, Chicago and Galveston, and at other points the outlook for the autumn is bright. Anthracite coal and lumber at the east remain quiet and raw wool has been somewhat depressed by several failures among manufacturers. This has affected general trade in some degree at Boston. Kentucky burley tobacco average is reported at 70 to 75 per cent of that in 1888, and of dark tobacco 55 to 60 per cent. Prices are advancing on prospective short crop and renewed purchases. Hog products are stronger, notably western steam lard. At San Francisco 200,000 bushels of wheat have been chartered for Brazil and 36,000 shipped to Australia.

Although narrow, stock speculation is strong and prices advance on the increasing grain movement at the west. Unusual confidence is expressed in the probability of more active movement in speculation and investment. Bonds are strong with increasing demand. Money at New York is easy on call and firm on time. Call loans 3 to 4 per cent. Time money is firmer on the advance of rates at London. Demand sterling $4.87 1-4 to $4.87 1-2.

Gross earnings of 121 railroads for eight months of this year amount to $201,478,264 against $188,431,191 during the corresponding period of 1888. The mileage upon which the figures are based is 73,140 against 70,183 miles last year. In July, 1889, only 21 companies showed decreases as compared with July, 1888, while in June, 188, returns from 47 companies were smaller than in June, 1888.

There is increased activity in drygoods jobbing lines at New York but notably in cotton and wool dress goods. Southern and Southwestern jobbers are the chief buyers. Commission men report trade moderate. Prices are as a whole steady, the only notable exception being in print cloth futures which are weaker. The export demand for cottons is less active. Woolen goods are in moderate sale at recent advances (2 1-2 to 7 1-2 per cent.). Raw wool is easier but not quotably lower on less active demand. Raw cotton is in fairly good demand at unchanged quotations. Near new crop futures are higher on less favorable crop reports.

Consumption of iron has reached the highest point of the year and furnaces, mills, bloomeries and shops are all well filled with orders for from one to three months. Prices are steady and under the stimulus to production imported by firmer quotations the supply of all kinds of material will probably be sufficient to repress any actual advance. Copper is now more firmly held than since July 1 and in consequence mining stocks are in better demand. The various producing companies have come to a new agreement to sustain the price of Lake Superior ingot at 12c per pound with the casting brands at 11 to 11¾c according to quality.

Prices of raw sugar are shaded with continued restricted takings by refiners and only a moderate decrease in arrivals, thus increasing stocks at four ports 10,346 tons. The world's visible supply of sugar is given at 5,49,018 tons, against 575,165 tons last week and 816,433 tons a year ago. Refined sugar has been in moderate request. Although marked down ¼c on Friday, coffee has been variable with the result on the week a moderate advance 10 to 30 points. In distributive lines the movement has been fairly active, Brazil growths proving the exception. Coffee prices for the autumn appear to depend upon the Brazilian crop. Should that crop equal 6,000,000 bags, lower prices are likely to rule, but if the total is only about 4,000,000 bags, higher prices will be in prospect.

The week has brought a reaction in breadstuffs caused by improved home and foreign crop reports, moderate export demand and stronger ocean freight rates. Flour declined 5 to 15c on free offerings of new product, wheat 1-2 to 1 1-2c, Indian corn on free offering 1-2c and oats with very favorable crop reports 7-8 to 1 3-8c.

MRS. HARRISON'S THRIFT.

May Make the President Defendant in a Police Court Suit.

WASHINGTON, Aug. 10.—The President of the United States may be compelled to appear in the Police Court some of these days as defendant in a suit to recover servants' wages. The President or Mrs. Harrison, or the White House steward acting for them, is accused of breaking an engagement with their cook and refusing to pay the wages which the cook claims as due. This cook, who was once Lord Sackville's cook, contends that she was engaged for the entire summer season at the White House, but when June came with the prospects of the Harrisons, the Scotts and McKees spending most of the summer in the country, Mrs. Harrison, in her thrifty way, thought it would be useless to continue paying $50 a month for a cook during the season when a $15 colored woman would suffice, and so she peremptorily ordered the dismissal of the $50 cook.

Mme. Pelonard has asked to be paid for the remainder of the summer months and the request has been refused. Hence Mme. Pelonard has applied to an attorney. The matter is now in the hands of the Marquis de Chambrun, the law representative of the French Government in this city, who has addressed the usual attorney's letter to President Harrison. If the President comes forward promptly with the amount which Mme. Pelonard claims she has been damaged all will be settled, but if he does not, then the usual course will be pursued, and President Harrison will be sued in the courts here for the amount.

THAT POKER SENSATION.

OTTAWA'S MAYOR VERY SORE OVER THE EXPOSE.

He Says the Club Bar Limit is no Worse than the Rideau—Some Big Games of the Session.

OTTAWA, Aug. 9.—The sensation in the Capital to-night is the gambling expose at the Club des Amis. There is more talk about it among the few people who are left in town than if it were a big political sensation. This arises, of course, from the way in which the names of Mayor Erratt and five aldermen have been mixed up with it. The local evening papers only mentioned the matter after it had been published in two Toronto papers, The Mail and The World. This afternoon they published a portion of the story as a despatch from Toronto. Meikle, the man who raised the row at the club, has been denounced as a "squealer," and many of the frequenters of the club say they will make it very hot for him if he remains in town. The names of the five aldermen who were in the room when the disturbance took place have not as yet been made public. Mayor Erratt of course feels very sore over the matter; he is a successful furniture dealer, carrying on a large business. He has been popular as a chief magistrate, both among "the boys" and the citizens generally. But His Worship has always been looked upon as one of the boys himself, being a liberal patron of sports and the race track.

The remark has been frequently made to-night: "If the Club des Amis is a gambling house so are the other clubs of the city, especially the one facing on Parliament-square," where, it is said, both during the session of parliament and during the recess some of the biggest poker games in the country are played. Poker-playing at Ottawa during the sittings of the House is an amusement freely and largely indulged in by members, senators, civil servants, messengers, extra clerks and correspondents. You cannot draw the line anywhere. The clubs and hotels are not the only places most for the fascinating game, but the clinking of the ivory chips and the shuffle of pasteboards can be heard in many of the rooms in the Main Building which are supposed to be devoted to committee work and for the private use of members. One night last session no less than fifteen games were in progress in different parts of the building. It was one of those nights when there was a very dry debate on, and the House was practically empty. That very same night a member from an Ontario constituency is said to have won nearly $800, and a member from a western province declared he had won enough to pay his mileage to and from home and all his expenses for three months, leaving him his sessional indemnity of $1000 intact, also his mileage, amounting to $300.

Gambling has always been winked at more or less in the Capital, although it is right here where the criminal laws are made. All manner of pool selling is permitted whenever there is a race meeting, and a faro game has more chance of being left alone here than in any other part of Canada. A gang of faro sharks from Montreal carried on a brace game for nearly two weeks last winter in one of the hotels, and they skinned their patrons out of hundreds of dollars.

TORONTO TOPICS.

A Disgraceful Outrage—Ontario Appointments—A Big Building's Peril.

TORONTO, Aug. 10.—The House of Providence was the scene on Tuesday night of a disgraceful outrage. The dead body of a young girl was dragged from a coffin and thrown on the floor, the casket kicked around the room, two nuns savagely assaulted, and as a finale several windows of the institution smashed. The author of the conglomeration of offences was the notorious Catharine Hardiman, a woman who within the past ten years has built up a reputation for general cussedness and depravity second to none in the city, and the dead body so shockingly treated was that of her own daughter.

Mrs. Sarah White, held on the terrible charge of being connected with the poisoning of her brother, James Hicks, has steadfastly refused to take any food since her arrest early Wednesday morning. She was brought to Headquarters yesterday, but as the coroner is not through with his hearing the woman of the other prisoner were not arraigned for a hearing. Neither at Headquarters or at jail could she be induced to partake of food. The Detective Department are totally at a loss to discover a motive for the poisoning of Hicks.

The Ontario Gazette of this morning contains these appointments: William G. Powell, Paris, police magistrate for Paris. W. H. Spencer, Bracebridge, police magistrate for Muskoka and Parry Sound, excluding the towns of Bracebridge and Parry Sound. George Edmison Peterboro, to be police magistrate for Peterboro, excluding the town of Peterboro.

These companies have been incorporated: The Meaford Transportation Company (Ltd), capital $30,000, of 300 shares of $100 each. Cook & Bro.s. Lumber Company of Ontario (Ltd), capital $1,200,000, in 12,000 shares of $100 each. The Waterloo Gas Company incorporated under the Municipal Act.

It has been discovered that the magnificent new Bank of Commerce building at Jordan and King-streets encroaches 9 inches on the King street line. It is not likely, however, that the city will demand its pound of flesh.

Toronto got rid of the expense of trying three suspected burglars yesterday. Pat Macdonald, William Swanton and Thomas Clarke were sent to Whitby for trial. They were arrested in Toronto the other day, and in their possession was found a number of silver spoons which had been stolen from the residence of Mr. James Rutledge in that town.

Robert S. Chappell, the young law student charged with forging the name of his employer, R. P. Echlin, to a check on the Imperial Bank for $25, pleaded not guilty before Ald. Baxter yesterday and was remanded till Tuesday without bail. His brother, a prominent physician of New York city, telegraphed to a gentleman in the city to look after the prisoner's interests.

Sidney Hoover, from Indiana, was tried at the Police Court yesterday for carrying a revolver. He claimed that he did not know the law of the land in regard to carrying concealed weapons. He was fined $20 and costs or two hours' imprisonment. He took the latter.

A Canadian Hanged in Montana.

HELENA, Mont., Aug. 9.—George Duncan Bryson, formerly of Toronto, who killed his paramour, Mrs. Annie Lindstrom, in Boulder a year ago, was hanged to-day. Every possible attempt was made by his friends to have his sentence commuted, but in vain.

Turbulent Strikers Arrested.

VIENNA, Aug. 9.—The miners of Grasta, who are out on strike, have refused an increase of 12 per cent. The strikers held a turbulent meeting yesterday, and 200 were arrested.

Amalgamation of Medical Schools.

MONTREAL, Aug. 9.—Rev. Abbe Proulx, who has just been appointed Vice-Rector of Laval, at once began negotiations with Victoria College and the result is that the medical faculty of Laval is to be amalgamated with the Montreal School of Medicine and Surgery.

Murderer Harvey Bent on Suicide.

GUELPH, Aug. 9.—W. H. Harvey, the murderer, in writing to his son lately requested him to send two darning needles. The letter was answered and the needles sent. The authorities examined the letter and took away the needles.

Fatal Natural Gas Explosion.

PITTSBURG, Aug. 9.—An explosion of a natural gas main of the Monongahela Natural Gas Company on the south side to-night instantly killed two workmen, fatally injured two others and severely injured 15 or 20 more. The killed are: John Miller, single, 23; John O'Connor, single, 26. The fatally injured are: John Greiner, married; Henry Reich, a boy.

Objects to Greece's Proposal.

VIENNA, Aug. 9.—The Austrian Government in reply to Greece's note on the Cretan question admits the difficulties of the situation in Crete but objects to the action proposed by Greece.

LOOKS LIKE TASCOTT.

A Texas Sheriff Thinks He Has Millionaire Snell's Murderer.

LAREDO, Tex., Aug. 10.—Sheriff Sanchez thinks that he has captured Tascott, who is wanted in Chicago in connection with the murder of Millionaire Snell. The arrest was made night before last. About 8 o'clock that evening a young man called at the sheriff's house and asked for some supper, which was given him in the hall.

Mr. Sanchez noticed something peculiar about the man's face which suggested the description of Tascott. He went up stairs to get the description, and while absent the servant was asked who lived in the house, and when informed that it was the sheriff he at once departed.

The sheriff hurriedly took the direction the young man went and soon overtook him, engaged in conversation with him and became convinced that the man corresponded in appearance with the murderer of Banker Snell. The man was taken to the sheriff's office, where a close examination was made, and the sheriff was satisfied that he had the right man and locked him up. Different names were given by the prisoner, but he finally settled on that of A. O. Delphine of Concordia, Kan., where he claims to have been at work as a fireman on the night of the murder of Banker Snell in Chicago. He has been loafing around in Mexico for about two weeks, most of the time with railroad men, two of whom came to see him this morning, and called him "Newt," by which name alone he was known among them.

There is a fac-simile of Tascott's handwriting attached to the circular referred to consisting of four lines of a letter, the first line reading, "What's the use of our rushing." Sheriff Sanchez copied these on a piece of paper, with the exception that he wrote them, "What is the use," and asked his prisoner to copy them. The fellow did so in a disguised hand and mechanically wrote the contraction "What's" as it was in the fac-simile writing. He stated positively that he was never in Chicago, yet the two men who have been with him in New Laredo say that he frequently talked with them about Chicago, and displayed a thorough knowledge of that place.

The description of the prisoner tallies more closely with that of the much sought fugitive than has been the case in any previous capture. According to details mentioned at length, the prisoner's appearance corresponds exactly with the description contained in the reward circular issued by the relatives of Snell, the millionaire, for whose murder Tascott is under indictment. The scars on Tascott's elbow and legs have counterparts on this man, and though there is no gold in the prisoner's front teeth, a cavity which had once been filled is there.

Sheriff Sanchez has forwarded a photograph of the prisoner to the Chicago police.

NEVER SAW HER BEFORE OR SINCE.

And Robert Mitchell Coerced Into Marriage, Wants a Divorce.

CHICAGO, Aug. 10.—The history of a mysterious marriage has been filed with the clerk of the Superior Court and the matter will come up in the usual way in the Divorce Court. Robert B. Mitchell is the complainant, who claims to have been forced into a peculiar marriage. The bill says that on the 25th day of last August the plaintiff was at the depot to take a train for Evanston when two men, claiming to be detectives, accosted him and said there was a man at the Avenue House in Evanston who very much desired to see him.

Against his will, the bill alleges, Mitchell was conducted to that place, where he met a man named McCord, who informed him that he would be compelled to return with the party to Chicago and marry a woman named Anna L. Callis. To this proposition, it is claimed, Mitchell strenuously objected, but in vain. The detectives claimed to have the power to arrest him. Accordingly he returned to Chicago the same day with McCord and the detectives. He attempted to escape after leaving the train, but they held him and conducted him by force to the Clifton House.

McCord then left with one of the detectives, as he said, for a marriage license and a minister. The woman was brought in, and, for the first time, it is said, Mitchell set eyes upon her. He ran to the other door to escape and found the other detective on guard. Presently the two who left returned with the minister and the license. The ceremony, it is charged, was performed against Mitchell's will and in spite of his protestations. He was then permitted to depart. He never saw the woman afterwards. An affidavit accompanying the bill gives the woman's residence as Martinsville, Ind. The prayer of the bill is that the court declare the marriage null and void.

Belleville News.

BELLEVILLE, Aug. 9.—Andrew Kimmerley, a respected farmer of the 3rd Con. Sidney, fell dead yesterday evening whilst going from his house to the barn. He was 55 years of age.

A roll of bills totalling $5 was stolen yesterday from Charles Williams, Pinnacle street. He placed the money under a box in his barn and on going a short time time afterwards to get it the money was missing.

The executive of the local branch of the Equal Rights Association met last night and passed this resolution: The Belleville branch of the Equal Rights Association, in view of the spirit and character of the reply of His Excellency the Governor-General to the united delegations in Quebec on Friday, Aug. 2, deem it incumbent on them to express their regret that while desiring ever to respect His Excellency in his high office, he should have cast the imputation of careless agitators upon the loyal delegations that addressed him, should have repeated the unsatisfactory arguments of the Minister of Justice that have been so often refuted, should have exalted the Jesuits against all their history into the place of patriots and good citizens, and should have conceded the honorable eschcats to the Crown in the conquest of New France in 1759 were clouded in title by the moral claim set up by the Jesuits. This association is the more fully convinced of the necessity of the stand taken by the Equal Rights Association of Ontario, concurs fully in the resolution passed by the united delegation after their interview with His Excellency at Quebec, rejoices in the formation of an Equal Rights Association for the Province of Quebec and in the increasing interest in this agitation in all the provinces—especially in the indicated disposition of Manitoba to resist the establishment of separate schools and the dual language system, and resolves to increase its diligence to secure and maintain equal, civil and religious rights for all classes and creeds of Her Majesty's subjects.

Quite Satisfactory.

KANSAS CITY, Aug. 9.—Drs. L. A. Berger and C. W. Adams have for three weeks been conducting experiments with the Brown-Sequard elixir of life at the Home for the Aged. The experiments were made upon two inmates aged 59 and 71 respectively. The elixir was hypodermically injected twice a week, the patients being ignorant of its nature. The effect has been quite satisfactory and the vitality of the men seems to have improved considerably. Dr. Berger thinks a mixture of opium, cocaine and brandy will have the same effect as the elixir. He will try it on two other inmates and make comparisons.

An Old Lady's Serious Mishap.

HAMILTON, Aug. 9.—This afternoon Mrs. Skelton, a lady of 60 years, living in Burlington, was driving near the village in a dog cart. Meeting a buggy driven by Mr. Wilkins, with whom was his wife, the vehicles collided and Mrs. Skelton was thrown violently to the ground. One of her legs was broken, with the bones protruding through the flesh and the other leg was badly cut. She is not expected to recover. Mr. and Mrs. Wilkins were badly shaken up.

Winnipeg Painted Red.

WINNIPEG, Aug. 9.—A streak of carmine surrounds the town to-night over the victory of the Winnipeg senior fours at the Pullman regatta.

The members of the Medical Association arrived to-day and attended a garden party at Government House. They were banqueted at the Queen's Hotel by the local profession. They leave to-morrow for Banff.

Aid for Suffering Samoans.

WASHINGTON, Aug. 9.—Admiral Kimberley reports, July 11, that he has turned over to the Catholic mission at Apia, Samoa, over 14,000 pounds of provisions to be distributed among the distressed Samoans. The Admiral says there is great scarcity of food but he does not apprehend loss of life from famine as the bread fruit and banana harvests are approaching. The mission has charge of 620 persons.

AGAINST THE VERDICT.

POPULAR FEELING IN FAVOR OF MRS. MAYBRICK.

Petitions for Royal Clemency—Little to Be Hoped For From the Home Secretary—General Cable News.

LONDON, Aug. 8.—It is almost useless to attempt to describe by cable the intense amount of popular excitement on the subject of the sentence which condemns Mrs. Maybrick to forfeit her life on the scaffold. There is no case on record in which the verdict and sentence have aroused more vehement and violent feeling. A strong outburst of popular sympathy for Mrs. Maybrick has taken place.

Immediately after the verdict was made public an impromptu mass meeting was held on the steps of the building where the trial was held, the speakers expressing in the most unrestrained terms their dissent from the verdict. One speaker observed that whereas there had only been a jury of twelve inside the hall, there was a jury of 12,000 outside, who had read every word of the evidence and were unanimous that the case was not proven.

Among the prominent lawyers enrolled against the verdict is Sir Henry James, M.P., who is represented as saying that he would spare no effort to get it set aside. Members of Parliament are discussing it, and a movement has been started in the lobby to get a commutation of the sentence. There is a very strong feeling at the bar, and it is believed also among the medical profession on the subject of the medical testimony produced, and in view of the conflicting nature, it is considered that it would be an exceedingly wrong thing to carry out the sentence. In addition to this there are thousands of people who protest against the sentence simply because they are opposed to capital punishment in general, and all the old arguments against hanging anybody, and particularly a woman, are repeated afresh.

The majority of newspapers throughout the length and breadth of England are dead against the verdict. So far as the London papers are concerned, The Times mildly disapproves; The Telegraph and The Daily News stay carefully on the fence, while The Chronicle and The Standard both express their approval. All the evening papers condemn the verdict of the jury as unfair.

The question is now as to how far will all this public pressure affect the Home Secretary. It is he who is the sole Court of Appeal now, and he has the convicted woman's life in his hands. Previous experience here has been that appeals to the Home Secretary in cases of this kind are futile. Secretary Matthews is a particularly hard man to deal with. He is a rigid disciplinarian, and, as his action in connection with the wave of popular indignation caused by the Whitechapel murders shows, is a man who pays but little attention to what the public says or thinks so far as it affects his individual judgment of the discharge of his duty. If a popular movement for commutation fails and the death sentence is carried out, the time for hanging rests solely with the sheriff. It may be very soon. The law simply requires that three successive Sundays must intervene between the sentence of death and the execution date.

The memorial to the Government asking that Mrs. Maybrick be reprieved on the ground of the conflicting nature of the medical evidence given at her trial has been signed by 800 brokers and merchants of Liverpool. Judge Stephen protested to-day in court against the abusive letters addressed to the jury in the Maybrick case. He said he thought they had conscientiously done their duty.

A Lively Scene in the House of Commons.

LONDON, Aug. 9.—In the House of Commons last night, Mr. Balfour referred to two magistrates in Ireland refusing to subscribe for a race meeting because Ted Harrington, a member of the committee, had denounced the police as cowards, liars and uniformed bloodhounds. Mr. Harrington challenged Mr. Balfour to give his authority. Mr. Balfour replied that he had the best of authority. Mr. Harrington started across the floor, apparently to assault Mr. Balfour, but was pulled back. A tremendous uproar followed. Calls for order were drowned in Irish yells. Tim Healy loudly accused Mr. Balfour of using an insulting gesture towards Mr. Harrington, and told Mr. Balfour to keep quiet or they would make him. The tumult continued fifteen minutes. When order was restored Mr. Balfour denied that he used an insulting gesture, and Mr. Harrington apologised for his action.

Britain Will Not Submit.

LONDON, Aug. 9.—The imperial authorities have decided that British rights in Behring Sea must be protected from outrage. The belief here is that when the United States sees the determined attitude of Great Britain it will no longer obstruct a speedy and peaceful settlement of the question. Sir William Pauncefote, Lord Salisbury and Lord Knutsford have been in constant communication regarding the matter during the last few days.

Boulanger's Trial.

PARIS, Aug. 9.—The trial of General Boulanger before the high court of the Senate was resumed to-day. The Procureur-General, contin

The Daily Examiner.

SATURDAY, AUGUST 10, 1889.

AS THE TWIG IS BENT THE TREE IS INCLINED.

Sermon By Layman.

To the Editor of the Examiner:

Almost everybody knows that a young tree may be made to assume almost any shape. That *is* can be made to grow straight or crooked. People see this done almost every day. Yet how few ever considered the lesson which this teaches them in relation to human life. How few think that as the child is trained up so will the man be. Parents, and ministers and teachers have a fearful responsibility to answer for and yet they do not realize it, nor do they ever think, apparently, that they have any duties in the matter. They mostly leave children to take care of themselves, and think if they feed them and clothe them they have done all that is required of them. They never look beyond the present day. And apparently they don't care what their children do, where they go, whom they associate or what is to become of them. They exercise no careful supervision over them. They often drive them out of the house to get rid of their trouble and their noise. And the children almost from mere necessity or by the force of circumstances form new associations, and new habits, and new ideas which before long develop into ways that lead to destruction and ruin. And then when something serious occurs to disturb their indifference, they open their eyes in wonder and exclaim against the sins and wickedness of the world. They see now that as the twig is bent the tree is inclined.

IF CHILDREN WERE PROPERLY CARED FOR

and properly taught at home, there would be fewer instances of juvenile wickedness and depravity. And if parents would but do their duty honestly to their children, they would have less to complain of and more to encourage, and the children themselves would be the gainers, and their manhood and womanhood would be a blessing to their parents and a benefit to their country; and they themselves would bear witness to their parents' care and faithful teachings. And their after lives, instead of being ruined, would be full of comfort and happiness. It is all very well to speculate upon these duties and advantages, but it is all but useless ever to expect to see them carried out or realized. And thus the world will go on as before, and parents will be careless and indifferent, and children will be born and will grow up to maturity and then go the downward path; and when the fatal end is reached they will turn round and curse their parents for all their suffrings and sorrows. And when the Great Day comes, and they all stand face to face before the judgment seat, and the children plead for mercy because of their parents' neglect and abuse, what will be the fate of both parents and children? And how will these parents feel when they look upon these fruits of their own follies, and they are told of their wickedness and depravity? It will be too late then to atone for their errors, and they will then feel how much better it would have been had they been wise in time and done their duty. They would do it now,

BUT IT IS TOO LATE.

But their experience may serve as a lesson to others and teach them to do right. As the twig is bent the tree is inclined. But there are others besides parents who have duties to perform and who are to blame in this matter. It is especially the duty of ministers to look after the interests of the rising generation and to see that they are trained in the way they should go. The main object of having clergymen at all is in order that they shall devote their time and their energies to the best interests of the people. To advise them and to show them what would be most for their advantage, and so to lead and guide them that their present and their future wants will be best fostered and preserved. This cannot be done in the church alone. The church may be used as a help in this matter, but only as a help for there are those who never go to church or to Sunday school who need looking after and who must be looked after if any good is to be done them. The parents and children must be frequently visited in their homes and talked to quietly, and reasonably and pleasantly, and the children must be encouraged. And be shown the necessity of doing right and growing up in the paths of pleasantness and peace. And they must be made to understand that as the twig is bent the tree is inclined. And there must be exercise of patience and perseverance on the part of these advisers, and kindness as well. Next to the ministers come the school teachers. They have a great deal to do in this matter and they can do a great deal if they are what they ought to be. They must remember that kindness on thir part is everything, and that kindness and encouragement will go a long way in

SMOOTHING THE DIFFICULTIES

and the inclinations and feelings of the children under their care, and they have got to help strengthen the twig and make it grow straight, for as the twig is bent the tree is inclined. Many a child at school has become discouraged and disheartened through the want of proper treatment on the part of of the teacher. Whereas, when it is encouraged and is made to feel that its rights and feelings are respected, how quickly it gains courage and how hard it strains to do well and to retain the good opinion of its teacher. None feel so much the want of kindness and encouragement as children, and none will do more to obtain them. Thus the teacher plays a very important part in the training up and forming the future characters of the children. And he cannot overestimate his obligations in this respect. We thus see that the future of the rising generation is almost entirely dependent, if not entirely dependent upon the training and the teaching of the parents, the ministers and the teachers. And they only have the power to shape their future course and to influence their future lives. To straighten the twig so that the tree may be straight also. If we go into one family we find a pleasant state of things. The parents and children live in unity and peace. The parents have confidence in their children, and treat them as deserving confidence, and the

CHILDREN HAVE UNBOUNDED CONFIDENCE

in their parents. There are no secrets among them, but every act is open and above board. The result is that the twig is straight and the tree will be straight also. And that family is prosperous and happy, and so will the children, when in manhood and old age, be prosperous and happy also. Now let us go into another family and see how all their opportunities are neglected. And how the twig is growing up bent, and of course the tree will be bent also. That household is one of confusion and strife. The parents are rough and unkind and the children follow their example. There is no peace or comfort—there is no confidence by the parents in the children or by the children in the parents—there are no home enjoyments or home comforts—all is strife and confusion. No home pleasures or confidence, but all is doubt and strife. The twigs are bent and so will be the trees. The after lives of these children will not be good, and they will not look for the good in others. We thus see the necessity of good parental training. And we also see that as the twig is bent the tree is inclined.

A Scared Editor.

A rugged farmer stalked into the sanctum with a big whip under his arm.

"Be you the editor," he asked. "I am," with the naif apprehensive reply.

"Here's two dollars—send me your paper for life," he said.

"You see," he went on, "our daughter was sick and liked to die. She drooped and grew weak and pale, had headaches, no appetite, back ached, feet and hands like ice, couldn't sleep, hacked with cough, and we thought she had consumption. No medicine helped her, till we tried that Dr. Pierce's Favorite Prescription mentioned in your paper, when she began to mend in no time, and is now well and handsome as a rose—put me down as a life subscriber."

Now the editor is looking for another scare—the medicine has cured scores afflicted as was the farmer's daughter, restoring the female functions to healthy action, and removing the obstructions and suppressions which caused her trouble. It is guaranteed to give satisfaction, or price ($1.00) will be refunded.

On The Increase.

So increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont, 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BUIE, Shell River, Man. 2w31d

BYAM'S
Improved "Common Sense"
• SASH BALANCE.
LOCKS AND LIFTS.

The only practical substitute for weights invented. The most durable, the cheapest and best device for all stationary windows. Balances when in position are entirely out of sight. No rivets, bolts or screws are used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or mortising of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily put in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is impossible to use weights or other fixtures. No unsightly cord wearing paint off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when Sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No rubber rollers to become flattened by standing in one position for some time. No flimsy coil spring or delicate mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of all.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts for upper and lower sash are the best and cheapest in the market.

25 REASONS

FOR

DRINKING

ROYAL

DANDELION

COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

MUNCASTER'S

KING FREDERICK'S RUSE

A CHARMING STORY OF THREE MYSTERIOUS COLD PIECES.

The Reward of a Dutiful Son—How the Dear Old Mother's Letter Touched the Heart of Her Sovereign.

One Summer morning, a great many years ago, a boy was lying sound asleep on a bench in one of the rooms at Sans-Souci (the country palace of the King of Prussia) with all his clothes on. Very gay clothes they were, from the trim blue jacket, with its embroidered cuffs and shining brass buttons, down to the smart shoes, with their well polished steel buckles. But the poor little fellow's face was not as gay as his dress by any means. It looked sadly pale, and as worn and tired as if he had been up all night.

So indeed he had, for tough old King Frederick, who would work from 4 in the morning till 10 at night without seeming a bit the worse, sometimes forgot that his poor little page boy was not as strong as himself, and would often keep him on duty till Karl fell asleep from sheer fatigue, just as he appeared to have done now.

All at once a bell rang sharply in the next room. At that signal the page ought to have jumped up and gone in to receive his orders for the day, as he had to the first thing every morning, no mat-

THE PAGE ASLEEP.

ter at what hour he had gone to bed. But he was so fast asleep that he never heard it; and the bell rang again still more sharply without any answer.

Then the door of the inner room opened, and out came a very strange figure indeed.

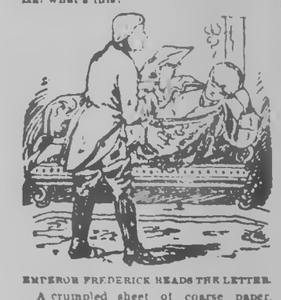
It was a small, lean, gray-haired old man in a shabby uniform coat and a pair of long riding boots, which looked as though they had not been cleaned for a month; and as if he were not untidy enough already, he had smeared the whole front of his coat with snuff, which fell off in flakes whenever he moved.

His face might have been carved in stone, so cold and hard did it look; but in the midst of it there gleamed an eye so large and bright and piercing that it seemed to go right through every one upon whom it rested. But for this commanding glance one would most likely have taken him for a beggar, and have wondered what business such a slovenly old fellow could have in the palace at all.

But in reality this queer, shabby little old man was none other than King Frederick of Prussia himself; the greatest general and statesman in the world, and famous throughout all Europe under the name of "Frederick the Great."

One could see by the flash of his eye and the set of his bald old mouth, as he came striding out, that he was very angry at being kept waiting, and that a terrible scolding awaited the poor little page, who lay sleeping there so peacefully, knowing nothing at all about it. But as the king's eyes fell upon the lad's unconscious face his mood seemed to change.

"Hum!" muttered he, with the very ghost of a smile flickering over his iron face. "How famously the young dog sleeps! I only wish I could have such a nap now and then. One can see that he hasn't got to worry himself about governing five millions of men, or carrying on this war against five nations at once. Ha! what's this?"



EMPEROR FREDERICK READS THE LETTER.

A crumpled sheet of coarse paper, which seemed to have dropped from Karl's hand, was lying on the floor beside him.

The king picked it up, and these were the first words that caught his eye, written in the shaky straggling hand of a very feeble old woman:

"I thank you much, my dear child, for the money that you have so kindly sent me, which has been of great help. Take your mother's blessing for it, and see that you always do your best to be a worthy and faithful servant to our master, the King, whom God bless and preserve."

As he read that simple message the soldier-king's grim face softened as no one had ever seen it soften before. Perhaps the memory of his own mother, dead years ago, rose up in his mind once more; perhaps he was touched by the old woman's prayer for himself, or by the discovery that this had been the boy's last thought before he fell asleep.

"Were all my subjects like that," he murmured, "I should be the luckiest king in Europe. And so he has been saving money from his wages (and poor enough wages they are, I am sure) to send to his mother! Well done, my boy; thou'rt a true Prussian!"

At that moment Karl moved slightly, as if about to awake.

The king noticed it, and a new idea appeared to strike him, which must have been a droll one, judging from the momentary twinkle that lighted up his stern eyes.

"Yes, that will be the best way," said he to himself, "and a fine surprise it will be to him."

Stepping back into the room whence he had issued (which certainly had very little "royal luxury" about it, for it was almost as bare as a cattle-shed, with no furniture save a battered old deal table and a broken chair), Frederick hunted in the table drawer till he rummaged out a well-worn writing-case, from one of the pockets which he took three gold coins.

THE MONEY FALLS TO THE FLOOR.

These he slipped into the page's pocket along with the letter, taking great care not to awake him in doing so. Then he rang his bell violently and called out.

"Karl, come here!"

The sharp, stern voice effectually roused our hero, who started up at once, and drew back in dismay as he saw Frederick's keen eyes fixed upon him.

"Pardon, your majesty, pardon!" stammered he. "I was——"

"Never mind about that just now," interrupted the king. "Come in here and get your orders."

As Karl sprang eagerly forward to obey, the money, which had been put loosely into his pocket, rolled out again, and fell ringing and clinking upon the floor.

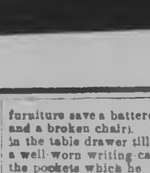
"Hello, young man!" cried Frederick, "you ought to be a good deal richer than I am if you can afford to fling your money about like that."

"O, sire!" cried the boy, imploringly, "I don't know anything about this money. I don't indeed! Somebody must have meant to ruin me by putting it into my pocket, and then saying that I had stolen it."

"No," said the King, gravely, "that money is God's gift to you, to help you in assisting your mother. Write and tell her that I know all about her, and that I'll take care of her, and you too."

And King Frederick kept his word.

Summer Fodder.



Grocer — "Good morning, Mr. Oatcake. What brings you back to the city so soon?"

Farmer Oatcake —"Waal, I'm going to have a good many more summer boarders than I expected, so you might send me ten more cases of canned vegetables!"—*Life.*

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

A REMEDY that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

AS A HEALING, SOOTHING application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

AYER'S Sugar-Coated Cathartic PILLS.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health. — W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them with good effect, in cases of Rheumatism, Kidney Trouble, and Dyspepsia. — G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them. — Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor. — John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured. — Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made. — S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored. — Theodore Ealing, Richmond, Va.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Dealers in Medicine.

Daily Line to Rochester.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and mechanics should inspect this property as it offers the best sites available and convenient to the business part of the town.

people and more be sure and attend the open air gospel mass meeting at North Monaghan to-morrow at 3 o'clock, held at Campbell's grove, opposite the little brick school house. Rev. Messrs. Pearson, Shorey, Leitch and and others will speak. Monaghan orchestra and choir will furnish the music. Bring your Crossley and Hunter hymn books, and spend a profitable afternoon.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

A Big Storm.

The Township of Cavan and Manvers yesterday had the heaviest rain of the season. In Manvers several head of cattle were killed by lightning. The crops in these townships are excellent. Straw is abundant—we heard of one man who off a twelve acre field drew sixteen large loads of barley and had not then taken off one half of his crop. The rust has done much injury, yet on the whole a more than fair crop is expected.

A FEW more chests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

A Water Street Residence For Sale.

Mr. Charles Stapleton has received instructions from Mr. J. D. Baptie, proprietor, to sell on the premises, on Wednesday, August 14th, that desirable two story white brick cottage, on Water street, two doors north of the Thomas Menzies property. The house is new, well built and convenient, containing 6 rooms, closets, pantry and cellar. Terms and conditions made known at time of sale. Sale at 3 o'clock p.m.

Wedding Present Prospects.

It is probable, if society gossip can be relied on, that the flirtations of the summer resorts though apparently innocent will result in something serious in the way of matrimony, and there is likely to be a lively demand for wedding presents. The most sensible present would be a caddy of the splendid tea to be found in the stock of Hawley Bros. Splendid teas of all kinds, superb coffees and elegant glassware. Quality A No. 1, and as cheap as good advice.

The Price Does It

Over 300 rolls of wall paper left the Peterborough Bookstore for private dwellings during the past week. The next fortnight will be devoted to clearing out wall paper remnants. These are remnants, from eight to ten rolls, of the prettiest patterns and latest designs. Anyone who can do so, by buying their papers now will secure great bargains and will be able to make special arrangements with paper hangers during the slack season. Remnants for parlours, dining rooms, libraries, halls, kitchens, bath rooms, etc., etc. Now is the time to get bargains in wall paper.

The Market Committee Meeting.

There will be a meeting to-night of the Committee to consider the tenders for the new town building. It is expected the contract will be awarded to-night and that the work will be begun on Monday. It cannot be begun too soon, for any person attending the large market to-day must have been struck with the absurd inadequacy of the close, stuffy old room now in use for market purposes, and the crowd of both sellers and customers that jostled together and pushed each other in the dark, ill ventilated room. The verandahs surrounding the building were equally crowded.

For a DISORDERED LIVER try BEECHAM'S PILLS

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

Big Fishing at Chemong Park.

On Wednesday last Master R. J. Stabler, son of Mr. J. K. Stabler, aged only 12 years caught by trawling in Chemong Lake above the bridge over 100 lbs of fish. He caught eleven fish in all of which there were four maskinonge averaging over 17 lbs and one weighing over 20 lbs. This fishing is not of ten equalled and never surpassed. Mr. Lawrence Steele of Lakefield caught seven maskinonge weighing over 60 lbs on the same day, in the same waters.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

You Can't do Better

Is the way of perfect enjoyment on Civic Holiday than join the excursion of Court Little John, Foresters to Toronto, Chautauqua and Niagara Falls—on the 15th—next Thursday. You can start on C. P. R. palatial train at 4.56 a.m. or 7 p.m. or you can wait till the evening train at 5.40, for the tickets are good for two days and the price is the lowest of the season. Only $1.75 to Toronto and return; only $2.00 to Chatauqua and Niagara Falls and return. You journey by land on the swift C.P.R. and cross the lake in the palace steamers Chicora and Cibola.

Magnificent Property.

That handsome field, Block B, lying on the Communication Road and on Smith street, is at last coming into the market. For years people have been coveting a piece of it but the owner, knowing its value, has laid out streets and planted trees but kept it out of the market. Now that the houses crowd upon it he is opening it up for sale. Aylmer street is being continued through it, presenting, without doubt, the finest building lots in the town. The view is charming, taking in the distant Rice Lake plains. The soil is good, everything grows freely on it, and being all new the houses will be of a superior class as the property is too good to justify the erection of any but first-class houses. We expect to see Aylmer street, north, the finest street in Peterborough.

Nine out of Every Ten of the Good Citizens.

The above number is not any exaggeration of those people who have decided to take advantage of the only great excursion on Civic Holiday. Consider all the sport and amusement you can have for the small sum of one dollar, and just imagine the Fire Brigade Band goes with this grand excursion, and we will also have the brass band of Orillia. Therefore all good citizens make sure and be on hand at seven o'clock on the 15th. The committee of the C. M. B. A. & E. B. A. has made the most complete arrangements that could be made at all points. This is a great day in Orillia. Horse races, lacrosse and all kinds of sport, and cheap rates to all places of resort. Say, if you want to have a good outing go with the crowd and make no mistake. 2d

"Dominion Illustrated"

In *The Dominion Illustrated* of August 10 we have both variety and excellence. Each of the great divisions of Canada has its share of attention—the Maritime Provinces, Quebec, Ontario, Manitoba, the North-West and British Columbia. Manitoba, as a home for the farmer, is depicted by some excellent views, from photographs. Mrs. Arthur Spragge continues her fine sketches of "Our Wild Westland," and there are some capital pictures of the Fraser Canyon country. The Caledonian Society of Montreal is made happy by a fine group of it past presidents—all men of mark in the community. Admirable as *The Dominion Illustrated* has always been, we see signs of artistic improvement, and doubtless the process, which has already proved so successful, was susceptible of further perfecting. At any rate, *The Dominion Illustrated* is a most creditable periodical, and we have pleasure in recommending it. Ten cents; for sale at the PETERBOROUGH BOOK STORE.

Belleghem's Boon of Bargains.

Belleghem, the Furniture King, has absorbed another little kingdom. He has purchased the stock of the late Lindsay-Seldon Company, and at so low a rate that he is able to offer his customers magnificent bargains in every sort of furniture. It must be remembered, too, that he has, besides, his regular stock of splendid furniture, and this will also be offered at royal reductions. Now is the time to buy furniture, and Belleghem's is the place where the farmers can reap the biggest harvest of bargains ever found in the district. The crop is a splendid one. If you have not already done so, find out his establishment. You can't miss the place. Just remember that it is the furniture shop *furthest west* on Hunter street Peterborough. Be sure you get there and you will be sure to get a selection from the best stock of furniture you ever laid eyes on and at prices that will make your purse bulge for joy. Remember the furniture palace of the furniture king is the shop furthest west, Hunter street, Peterborough.

The Chemong Club Boat House.

Yesterday afternoon about fifteen members of the Chemong Park Canoe Club went out accompanied by Mr. J. E. Belcher, architect, Messrs T. Rutherford and Geo. Elliott, the contractors with whom the Club is negotiating to select a site for the boat house etc. After looking over the situation, Solitaire Island at the upper part of the park was selected as the most suitable site for the proposed boat house. The next consideration was the size of the structure. Some of the members favoured an area of 30x100 feet but the majority thought a building 30x60 with accommodation for thirty boats and canoes and thirty berths would be sufficient and this size will propably be decided upon. The boat house will in any event be two stories in height and have a balcony running around all sides so that a breeze from any quarter or shade can always be secured. The island is a pleasant secluded spot sufficiently removed for seclusion from the thickly peopled residence portions of the park. A distance of 210 feet separates the island and the matter of the bridge or kind of communication is still unsettled. This and all other matters will be decided at the meeting of the club to be held on Monday night.

Ashburnham Brevities.

Miss Spooner, organist of St. Luke's Church, who has been away for the past few days on a trip to London, Rochester and New York, returned yesterday.

Miss Hettie Bennett returned to-day after an extended tour in western Ontario.

Mr. Patrick Shea is in a very low condition and is not expected to recover.

A new sidewalk is being laid on Robinson street, between Mark street and the old elevator.

The excavation for the new town hall is nearly completed, and the masons are at the stonework.

Mr. W. Wand is building a new brick house on Lake street, a few feet south of his own residence.

Mr. E. B. Bart has a new awning on the front of his grocery store. It was put up by the veteran tent and awning maker, Mr. J. J. Turner.

—Freight traffic over the Midland Railway is booming at present. Four of five heavy trains laden with timber from Waubaushene or grain from Midland pass through the town every day.

Y. M. C. A. Camp Notes.

Not Necessarily Entered in the Secretary's Report.

An amusing practical joke was played at the Y.M.C.A. Camp a night or two ago, which the general secretary evidently regarded as *in re dig.* of an official record. Two of the general secretaries and two other members occupy as a sleeping apartment a lumberman's "crib," moored alongside Juniper, one end of which is devoted to dormitory purposes and the other contains the cooking paraphernalia of the camp. The quartette retired and were soon sleeping—it may charitably be assumed, the sleep of the just. In any event, they were sleeping soundly, for some of their companions loosed the crib from her moorings and with stealthy strokes of the paddle towed the dormitory of the unconscious sleepers across the lake to Eagle Mount and tied the craft up to a tree, very considerately for practical jokers, leaving a canoe on board *in case of accident*. It is unnecessary to state that there was a surprise party on board the crib when morning came. It took the quartette some time to find out where they were, and it was also hard on the innocent island campers for it was hardly possible to cook breakfast on Juniper Island with utensils on a raft at Eagle Mount. It was eleven o'clock before the evicted quartette got settled to their breakfast. The little escapade produced a great deal of innocent mirth, and was a break in the previous uniformity of life at the camp.

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10.30 a.m. Vespers at 7 p.m.

LAYMEN'S Evangelistic Services for to-morrow are as follows:—*Jail*, 9:30 a. m.; Protestant Home, 2 p. m. All are invited.

ST. PAUL'S CHURCH.—Rev. Walter Roger, of London will again conduct the services to-morrow at 11 a.m. and 7 p.m.

CHARLOTTE STREET—Rev. S. J. Shorey, pastor. Services:—11 a.m. and 7 p.m. Rev. S. J. Shorey. Quarterly love feast 9.30 a.m. Sacrament of Lord's Supper at close of evening services. Sunday school 2.30 p.m.

BAPTIST CHURCH, MURRAY STREET—The pastor, Rev. P. Clifton Parker will preach morning and evening. Evening—"Life for a Look." No seat rents. All are welcome.

PETERBOROUGH CIRCUIT.—Rev. F. A. Leitch, pastor, Sabbath school at Auburn 9 o'clock. Open air Gospel mass meeting in Campbell's grove, North Monaghan, at 3 o'clock, Rev. Messrs Pearson, Shorey and others will be present. Nassau, 7 o'clock, Middleton's 7 o'clock, supplied by lay brethern.

ST. JOHN'S CHURCH.—Rev. J. W. R. Beck, M.A., Rector; Rev. J. C. Davidson, M.A., Curate in-charge; Rev. C. B. Kenrick, M.A., Assistant Curate. Eighth Sunday after Trinity. 8:30 a.m., Holy Communion; 11 a.m., Matins, Litany and sermon; 3 p.m., Sunday school; 7 p.m., Evensong and sermon, Ushers on duty—Messrs. F. L. Somerville, G. A Smith, H. Rush and W. D. Parker

A Worthy Candidate.

For the Medal of the Royal Humane Society—John Richardson of Lakefield Saves Several Lives.

The following letter has been addressed to to the editor of the Lakefield *Chronicle*.

To the Editor of the Chronicle.

In your last issue I see no notice of the praiseworthy action Mr. John Richardson, in saving the life of my son Reginald on the evening of Friday 5th ult. The boy was on the scow attached to the Cruiser wharf and tripped and fell in backwards into the deep water. He rose to the surface and sank again when my youngest son Charlie run shouting for help. Fortunately Mr. Richardson was in Gordon's shop and went out immediately; by this time nothing was to be seen of Regie but his hat floating on the water. Charlie pointed out where he sank, and Mr. Richardson at once dived and brought Regie to the surface. He was lying on his back with his hands up still sensible, but another moment and my boy would have been lost. Such instances of heroism are not so rare in Lakefield as in some places, but they should not pass unnoticed. Mr. Richardson, I understand, has saved several lives before this and I should imagine has fairly earned the medal of the Humane Society.

C. J. BLOMFIELD.

August 3rd, 1889.

Personal.

Mr. M. Collins, of the post office department, Ottawa, is in town for a few days' holidays.

Miss Marion and Miss Theresa Benson of Lindsay are in town for a few days the guests of Miss Maud Morrow, daughter of Mr. B. Morrow, Registrar.

Mr. W. J. King, secretary of the Y.M.C.A., Norfolk, Va., who is well known to many in Peterborough, is home (Lindsay) for a holiday visit. Mr. King has again put in some time at the Springfield summer school for Y.M.C.A. workers. He has thriven in the south and likes his work.

Mr. John Tabener, book binder, formerly of this town, now foremen in the book-binding department of Hunter, Rose & Co., Toronto, is in town on a visit. Mr. Tabener apparently intends remaining a citizen of Toronto, as he has been bitten by the boom and become a real estate owner, and it is understood he will not "bind" himself not to run for alderman.

Mr. D. J. King, of Washington territory, formerly of Lindsay and also of Peterborough and the EXAMINER staff, arrived in Lindsay this week on a few weeks' visit to parents and friends. A particularly pleasant feature of his visit lies in the fact that he meets his brother Will, whom he has not seen for two years past and who arrived only the other day for Norfolk, Va. Dave makes a good newspaper man is prospering.

Mr. R. D. Nimmo, teacher of shorthand in the Peterborough Commercial College has received the honor of being elected an active member of the Canadian Shorthand Society. Election to Active Membership is a distinctive guarantee of competency. The Peterborough college is one out of two colleges in Canada whose teacher of shothand has received such distinction.

Mr. Henderson Nesbitt has received his appointment from the Right Worthy High Chief Ranger, Canadian Order Forresters, as District Deputy High Chief Ranger for the County of Peterborough. This appointment will meet with general favor among the brethren of the district. Mr. Nesbitt is one of the oldest members of the Canadian Order in town, has always taken an active part in the promotion of Forrester interests, and will no doubt do effective work in extending the Order in his jurisdiction.

The EXAMINER had the pleasure of a call this morning from Mr. Cook, the chief accountant in the blank book and order department of the well known firm of Brown Bros., wholesale stationers of Toronto. Mr. Cook was on his way north, to spend his vacation at the Burleigh Falls summer resort, where he expects to join a number of familiar spirits like himself. Mr. Cook will doubtless enjoy his holidays; but from present appearances if he continues to take on flesh as rapidly as he has been doing the past few months, he will have to commence the use of some anti fat or stop sampling so much of Brown Bros. Cornwall extra fine toned D. D.

News Nuggets.

—The trains for the lakes were light this morning.

—D. Arnott, of Lakefield, is opening a tin-shop in Omemee.

—A match game of baseball between the lawyers and doctors and bankers of Lindsay, resulted in favour of the lawyers, the latter winning their suit—damages against the other fellows being assessed at 22 runs, with a set-off of 14 allowed by the umpire.

—Bowman Bros., surveyors, have been engaged for some time past running lines with a view to properly defining the original town plan of Lindsay. Some fifty stone monuments will be placed at proper points as guides in future real estate transactions.

—The following has reference to a steamer in which Peterborough people are interested several times in the season:—The government Inspectors upon their recent visit to Bobcaygeon pronounced the str. "Esturion" to be the best appointed and best kept vessel of her class that they had inspected on their tour, and as a compliment to Capt. Lane gave him permission to carry fifty more passengers.

DON'T forget the Beaver cigar; the best 5 cent cigar in town. 2434

Willow and Wicket.

The Colts and Veterans try Cricketting Conclusions—The Colts Canter Away with the War Horse to the Tune of 46 in Ole Innings.

The first match of the series between the Colts and the Veterans of the cricket club began yesterday, the match played resulting in favour of the youngsters by 46 runs. For the winners Boucher, with 25 runs to his credit, Dunsford 11, Goldsmith 28, not out Spillsbury 10, McKee 10, batted very creditably. Hamiltons bowling was exceedingly "wicket," and Goldsmith and Hay also trundled to good effect.

The Veterans only furnished two double figure men. Stocker with the fine tally of 41 not out and Stratton with eleven won at the tail of the play. The "Colts" naturally and justifiably feel proud of their victory. They think it adds several inches to the feather in their cap to have topped the century score against a team that included Stratton but in justice it may be stated that the latter would not have been played had the promised team turned up. It is, nevertheless, very creditable to the lads, and it is a good thing for the game that it is so. Every encouragement should be given the juniors. Before long the veterans will begin to be laid upon the shelf, or station themselves on the fence to criticise, and it is such matches as the above that bring out the mettle of the younger players. It may be said in all kindness that there was a disposition shown to forget the social restraints and amenities which go to distinguish cricket as the model recreation. The flush of victory, the excitement of play and the thoughtless impulsiveness of youth may excuse a good deal, but nothing on earth can excuse forgetfulness of the respect due to grey hairs. The following is the score:

Colts:

G Boucher, b Minore	25
L Dunsford, c Minore b Stirling	11
Spilsbury, c Smith b Minore	10
Hamilton, c Peck b Minore	5
Hay, c Minore b Stirling	1
Goldsmith, not out	28
B Boucher, c Stirling b Minore	3
Wise, b Minore	9
Rogers, b Stirling	1
McGill, st. Stratton b Stirling	0
McKee, c Strickland, b Stocker	10

As Others See Us.

Very Complimentary Reference by a Visitor.

A gentleman, now a resident of Kingston, a considerable traveller, who has gone over a large portion of the world, in Asia and Europe, recently visited Peterborough, and has written the impressions made to the Kingston *News*, from which the following is taken:

"This town is in great contrast with both Port Hope and Whitby. Its population is 11,000, all told, and there is a praiseworthy amount of life and stir in all directions within its limits. There are several points of interest in Peterborough; chief among them is the Ontario Canoe Company's factory; this is well worthy of a visit. It is presided over by J. Z. Rogers, Colonel of the 57th regiment, the Peterborough Rangers, in which Dr. R. W. Bell is Major and Adjutant. This canoe factory is in full blast the whole of the working season and many orders have to be rejected, as it is impossible to carry them out in time. Only a very few boats are kept in stock, all others being made to order; to prevent disappointment, instructions regarding manufacture should be sent in in the "fall." Here canoes in every stage of progress may be seen, and a visitor is impressed with the thoroughness with which the work is done; and the manifest care that nothing but the best material shall be used. A brother of the manager's also a colonel, is Postmaster of Peterborough, and it was his son, who, as Cadet Rogers, took so many prizes and honors the other day at the Royal Military College.

The establishment of Messrs. Hall, Innes & Co., dry goods merchants, is finer than any similar establishment in this city, and in addition possesses the novelty of a "lift," to carry customers from one flat to another. The electric lighting is very much on a par with Kingston, and the streets are less rough, but near this, O ye Mayor and corporation, *the streets are all named*, with most praiseworthy exactitude every street, at every corner, has a neat little board affixed, white painted with black lettering, giving its name. When shall we be able to say this of Kingston? where it is the exception to see the name of any street displayed. Peterborough is well off in the matter of churches, there are two Episcopalian, two Methodist, two Presbyterian and a Roman Catholic cathedral. The St. Andrew's of former days, which judging from a photograph, must have been even a greater barn than was that of Kingston, has been replaced by an elegant structure, which presents a very artistic appearance externally. Internally the arrangements are most commendable. The seating has been carried out on the so-called theatrical plan, which appears to me the only really comfortable and effective style. The lighting is by two electric lights in the body of the church, with two gas jets near the pulpit and two more at the doors of exit. Should it be advisable at any time to abandon electric-lighting and fall back upon gas, it will be a very simple matter, as the necessary piping has been fixed, thus securing two strings for one bow. The organ is behind the pulpit; its cost was $2,000, and great taste is displayed in its construction. In one respect the managing committee of Peterborough St. Andrew's have acted very wisely; they have roofed their church with slate, and not with wooden shingling. What though this innovation did cost a few hundred dollars more is not the roof now more durable? Is it not fire-proof? And will it not, in reduced rate of insurance, recoup its extra cost in ten or a dozen years? Of course it will. The cost of the church exclusive of the organ was $22,000. One member of the congregation deserves special mention for her munificence; I refer to Mrs. Nicholls; this widow lady may almost be said to have built the church at her own expense as her contributions at various times aggregate $20,000; besides, she has presented a very handsome memorial window and three elaborately carved pulpit chairs. To the rich ones of Kingston St. Andrews congregation I would say "Go ye and do likewise."

The cemetery deserves special mention for being kept in very neat order; also the exceedingly neat little park below the court house. Altogether there is much to be said in praise of Peterborough, but on my return here, I could not help feeling that in many respects we are in Kingston, far ahead, and it remains with the population itself to decide whether at once, or within reasonable time, all disabilities such as rough, stony, rutty, nameless streets, and defective light, shall not have been relegated to the limbo of things that have been swept away. R.S.D.

Since writing the above I learn that the Nicholl's memorial window is the gift of the ladies of the congregation.

DIED.

GREEN—On Friday, 9th, at the residence of her son-in-law, Mr. F. H. Newton, 32 Bellevue Avenue, Toronto—Rebecca, beloved wife of Benjamin Green aged 69 years.

Funeral from C. P. R. station, on the arrival of 11.30 express Monday.

O'DONNELL—At Peterborough, on the 10th of August, 1889, Mary, relict of the late Edward O'Donnell, aged 65 years.

The funeral will take place on Tuesday morning at 9 o'clock, from her late residence, 111 King Street.

Oddfellows Grand Lodge.

On Monday and Tuesday next there will be a decided gravitation of Oddfellows to St. Catherines, the Grand Camp opening there on Tuesday and the Grand Lodge on Wednesday. Dr. Bell goes up on Monday in his capacity as Deputy Grand Master and also as representative of Hiawatha Encampment. Mr. D. H. Moore goes as representative of Mt. Hebron Encampment. Peterborough Lodge will be represented by Bros. A. McFadden and S. Clegg, Otonabee, by Bros. T. Workman, D.D.G.M., and John Mathieson.

An Actor's Arrest

ROCKVILLE, Conn., Aug. 9.—George, alias Harold, Courtney, an actor summering here, was placed under $500 bonds to-day, charged by the Homer Manufacturing Company with criminal conspiracy in fraudulently obtaining a carriage after F. H. Scharff, a carriage dealer, had absconded to Montreal. It is claimed the carriage belonged to the creditors.

Beaten by a Mob.

PITTSBURG, Aug. 9.—The Hungarian mob at Morewood to-day badly beat three men and robbed a store at the Bessemer works. Secretary Watchom quieted the mob by explaining that the coke workers' strike had ended in favor of the men and not against them as the Hungarians supposed.

Two More.

JOHNSTOWN, Pa., Aug. 9.—Two more bodies were taken out of the sand to-day. One was identified as that of Alex Hamilton, jr., a prominent resident. It is evident there are yet a great many bodies in the cellars and other places where there are piles of dirt. Nevertheless it is likely the workmen employed by the State will soon be withdrawn. Eighty men under the direction of the sanitary corps will be dismissed to-morrow.

A Newspaper Man in Trouble.

PHILADELPHIA, Aug. 9.—Dr. Wm. H. Bradley, Manager of The Weekly Press of this city, has been arrested charged with embezzling over $5000.

IS YOUR BAKING POWDER PURE?

Do its Manufacturers Publish all the Ingredients Used?

IS IT FREE FROM AMMONIA?

As is well known, ammonia is unhealthful in food, and dries up the bread material.

Protection to consumers of food compounds lies in their ability to choose those made from healthful substances. Unless manufacturers publish just what their baking powder is made of, do not use their goods, but buy instead

CLEVELAND'S SUPERIOR BAKING POWDER.

This powder is made only of strictly pure grape cream of tartar, and strictly pure bicarbonate of soda, with a little wheat flour to preserve it. This is attested by the official analyses of Government and State chemists, and physicians, and chemists of Boards of Health throughout the country.

Only One Price to all. Burnham's Block, corner George and Simcoe streets

BERRIES

FRUIT

These are subjects that are sure to occupy the mind and attention of the housekeepers, and make prominent their necessities at this season of the year. In anticipation of a rush for FRUIT JARS and TUMBLERS we have laid in a stock sufficient to meet a heavy demand. Reduced prices will prevail during the Canning and Preserving season as our sales will be large, we will make th profits smaller all round.

A PENNY SAVED.

Ben Franklin's favorite axiom that

"A pin a day 's a groat a year,
A penny saved is two pence clear."

should impress us not alone with the value of saving small things, but the great advantage of saving where dollars take the place of cents. On this score the bargains that we have prepared in our CROCKERY and GLASSWARE department, to last during midsummer, should appeal to the ladies of Peterborough and vicinity with particular emphasis. Each permits of the saving of several dollars over the prices usually charged or asked by other dealers. Look in and investigate for yourself.

J. C. Turnbull.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½
10 " Light Prints " 5
20 " Dress Goods " 15
12½ " " " 10
20 " Sailor Hats " 10

WARM
WEATHER
CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar."
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

IT'S NO JOKE.

Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did. She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.

Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.

Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's Fancy Goods Store, George street, Peterborough.

W. W. Johnston.

NEW STOCK NEW

MARRIAGE OR DEATH.

THE ALTERNATIVE PROPOSED TO SYDNEY LAWLESS.

He Accepted a Bride and Life—Now He Will Apply for the Annulment of the Tie—An Episode at the Capital.

OTTAWA, Aug. 11.—There is a sequel to the recent sensational marriage of Sydney Lawless, son of the ex manager of the Bank of British North America at different points and Miss Chamberlain, the 20-year-old daughter of a wealthy farmer on the Aylmer Road. The knot was tied a few weeks ago. At the time it was hinted that an unwilling consent was wrung from the groom. The parents of young Lawless also raised a row, as they move in the elite of Ottawa society. Now it is announced that Barrister J. A. Gemmill will apply on behalf of Lawless at the next sitting here of the High Court of Justice for an annulment of the marriage on the ground of duress as well as on the ground that the parties are minors in the eyes of the law. Lawless is 19 years of age.

The history of the marriage has leaked out. Lawless does not deny that he, as well as other young men enjoyed the society of Miss Chamberlain. A couple of weeks ago she sent word to him that she wanted to see him that evening. Lawless arrived on time. In the drawing-room he was confronted by an irate father, who, producing a revolver, told Lawless he had the option of having his brains blown out or of marrying the young woman. The young man expostulated, but in vain. Chamberlain became threatening, but Ritchie, a brother-in-law, interfered.

Finally Lawless agreed to marry to save his life. Rev. Mr. Cunningham, an Episcopalian clergyman, was quickly summoned. Learning the age of the youthful he refused to perform the ceremony. Then Rev. Mr. Sears was sent for. He also declined to make them one.

It was now nearly 1 o'clock in the morning, but Mr. Chamberlain determined to save his daughter's alleged dishonor, brought out his team and soon father, daughter, Lawless and Ritchie were speeding towards Ottawa. Arrived here a license was procured, Lawless taking affidavit under pressure that he was 22 years of age. At 6.30 in the morning Rev. Dr. Mark tied the nuptial knot, then Lawless and his bride parted at the door.

IS ELECTRICITY DUTIABLE?

The Peculiar Question Presented to the U. S. Treasury Solicitor.

WASHINGTON, Aug. 10.—Solicitor Hepburn of the Treasury Department has been called upon to decide an interesting question in regard to the introduction into the United States of electricity generated in a foreign country. It seems an association of gentlemen have established an electrical plant at Niagara Falls on the Canadian side and propose to extend their wires to Buffalo for purposes of illumination, etc. Before doing so, however, they desire to know whether the electrical currents thus transmitted into the United States would be subject to duty or other tax. It is believed the solicitor will evade the question by informing the persons interested that it is contrary to the rules of the office to answer hypothetical questions of this character.

Crank Orton in Durance Vile.

NEW YORK, Aug. 10.—Azariah Jackson Orton, the "crank" employe of the Custom House who was arrested yesterday for sending what are termed scurrilous letters through the mails to President Harrison, Jay Gould, Archbishop Corrigan, Henry George and others, waived examination before United States Commissioner Shields to-day, and was committed in default of $2500 to await trial. The man, who appears rational in other respects, has a delusion that he is destined to regulate the distribution of wealth and bring about an equality of the world's goods among the "Workers in God's Vineyard."

O'CONNOR CONFIDENT OF VICTORY.

Good Judges Say That the Canadian Will Win—Americans Backing Him.

LONDON, Aug. 10.—Paotta, the American amateur sculler, will stay to see the great boat race between O'Connor and Searle, which he thinks O'Connor is going to win. Nearly every day Paotta leads O'Connor in his spins on the river, which is a great help to the Canadian. Both Searle and O'Connor are training hard for the race which is fixed for Sept. 9. Each of the contestants appears on the Thames twice a day. The interest is fully as great as in the Hanlan-Trickett and Laycock matches a few years ago. The towpaths of the Thames are lined with spectators every day to see the men practice. Though Searle is still the favorite and the betting is two to one, shrewd judges think that the Canadian will win.

Searle is such a big man, the trainers say, that he cannot get into good condition for the day of the race, while O'Connor is fit to row to-morrow. The Americans here are taking freely bets, offering odds on O'Connor. The Canadian oarsman said yesterday that he never felt better in his life and that he was confident of victory.

NEWS OF THE OLD WORLD.

STRONG SENTIMENT AGAINST THE MAYBRICK VERDICT.

Chamberlain Sneers at the Parnellites—The Newfoundland Copper Company in Trouble—Boulanger's Trial.

LONDON, Aug. 11.—No murder case of recent years has created a greater sensation than the Maybrick case. Nothing else was listened to in Liverpool. The evening papers were nothing but one long verbatim report of the trial. All other news had disappeared. Nobody expected a verdict of guilty, and Mr. Justice Stephen, it is supposed, neither expected nor approved it. His long and very able charge to the jury was thought likely to secure Mrs. Maybrick's acquittal. Yet, so irrational was the Liverpool mob that he was hooted in the streets because the law obliged him to pronounce the sentence of death. Sir Charles Russell left nothing undone for this unhappy woman's defence.

Never was the conflicting nature of merely medical evidence brought out more strongly. The question of guilt or innocence turns largely on the doctors' opinions as to the presence of arsenical symptoms sufficient to account for gastr-enteritis, and the doctors hopelessly disagreed. Here was more than enough doubt to justify an acquittal, think Mrs. Maybrick's fellow-townsmen, where a strong feeling in her favor has spread widely.

The English press is engaged, in its usual fashion, in re-trying the case, which is heard of in Parliament also. The press and Parliament together form a self-constituted court of criminal appeal, the want of which some English lawyers deplore and others approve. Lawyers seem to think the verdict on the whole hardly defensible. Mrs. Maybrick's reprieve is fully expected, and is inevitable should the report which has reached the Home Secretary of her being with child be confirmed. Perhaps public opinion would be satisfied by allowing appeals from verdicts against pretty women, Americans included, in what is called good social position, whether with lovers, like Mrs. Maybrick, or without.

Senator Abbott's Mission.

LONDON, Aug. 11.—Hon. Mr. Abbott has decided to proceed to Australia via Canada. He sails Aug. 22. He will have final consultations with his colleagues at Ottawa and then proceed to Australia via San Francisco, with Mr. Brown, M.P., and Mr. Parmelee. Mr. Abbott conferred with the Australasia Agents-General here and was received most kindly. He has been given letters to their colleagues in the colonies.

The place of the Intercolonial conference is not yet known. Canada enters the conference with no further program than to secure joint action among the colonies in order to assist the new steamship and cable connections between Canada and Australia, and in order to promote a greater interchange of products.

Alleged Impending Cabinet Changes.

LONDON, Aug. 11.—Reports of impending Ministerial changes at Ottawa have reached here from Canada. It is stated that Mr. Abbott will be made Minister of Trade and Commerce, the departments of Customs and Inland Revenue being merged into those of Finance and Trade. Mr. Abbott says he knows nothing of any such changes and thinks them most unlikely.

The Kaiser's Visit to England Reviewed.

NEW YORK, Aug. 11.—Mr. Smalley cables to The Tribune from London: The success of the Emperor's visit has surpassed all expectation. The welcome given him in public and in private has been far more cordial than the best friends of Germany believed possible. The language of the English press has been more than friendly. If they believed any of the old stories about ill relations between him and his mother, they have kept strict silence on that unpleasant subject. They greeted him as the Queen's grandson, and the head of a great and friendly people with whom this English people wishes to be friends. The German press has responded warmly, even perhaps overrating a little the political significance of the visit. What is, perhaps, more interesting is the singular personal success to be set down to the Emperor's credit. He has won the good-will of everybody with whom he came in contact, including both the Royal household and the Royal family. He dropped from the beginning much of that soldierly stiffness of manner which he never relaxes in Berlin. The old quarrel between the Emperor and Prince of Wales was made up at once; or rather, by tacit consent; they met as if no quarrel had ever occurred. As for the Queen, she was fascinated by her grandson. He showed himself considerate, attentive, devoted, and careful of her wishes in little things. If she had a prejudice against him, it has vanished. Most of all was Her Majesty delighted when the Emperor asked if he might stay for a day longer. If he thought that he had a grievance, that, too, has vanished. It has been a family party at Osborne, and without a jar.

One of the sensations of the review was the presence of the newest White Star liner, the Teutonic, as a Royal Navy Reserve merchant cruiser, armed with twelve 4-inch breechloaders. This splendid vessel of 10,000 tons, certainly the most luxurious afloat, left Liverpool on the Thursday before the review and returned on Monday, covering the 480 miles of return voyage in 24 hours. The German Emperor, the Prince of Wales and the whole imperial and royal party inspected and admired her, and the Emperor told his staff that they had no such ship as this and must get one quick.

The naval review in the Emperor's honor, which the Admiralty insists shall be called a naval inspection, was a magnificent spectacle, and much more than a spectacle. No equally powerful fleet has ever been collected, or could now be collected by any other European Power, or two Powers. The Emperor stood on the paddle-box of his yacht and beheld ten miles of ships steam past him in accurate order on their way to begin manœuvres at sea. He has said curt things in public of all that has been shown to him, and in private has declared himself amazed at the power and efficiency of the English fleet, and ready to pay a high price for an alliance with the Power that wields this tremendous engine. He said a most as much, though in guarded words, at the Royal Yacht Club dinner.

Our one poor little American ship, the Enterprise, was well received at Portsmouth by the authorities, and was examined curiously by seamen as an interesting relic of a past age.

Fresh Guarantees of Peace.

BERLIN, Aug. 11.—The North German Gazette, referring to the return of Emperor William from England, says: "The visit has a significance beyond that of a mere family gathering. In the joyful acclamation that greeted the Emperor the firm bond and mutual esteem between two kindred peoples and the feeling of solidarity that has united them on so many territories found a natural expression. In strengthening the relations between the two countries the Emperor has created fresh guarantees of peace.

Chamberlain Sneers.

BIRMINGHAM, Aug. 10.—Joseph Chamberlain made a speech at a garden party here to-day. He sneered at the Parnellites and denounced the policy of the Liberals. He expressed bitter opposition to the candidacy of Lord Randolph Churchill for the Parliamentary seat of Central Birmingham, and declared that if successful it would strike a blow at the Union.

The Newfoundland Copper Company.

LONDON, Aug. 10.—A petition has been presented to the courts by the Mathesons for the winding up of the affairs of the Newfoundland Copper Company. The Mathesons are creditors of the firm to the amount of £230,000.

Business on the Bourses.

LONDON, Aug. 11.—On the Stock Exchange business rather slackened after the advance in the Bank of England rate, but taking the past week throughout the market was healthily active. American railroad securities were animated, showing a daily increase of strength under steady purchases on New York account. There was a stream of English buying.

Dealings on the Paris Bourse were limited, [illegible] prices were firm. The Berlin Bourse was quiet, the tendency of prices being in favor of buyers. The Frankfort Bourse was dull and there was a general fractional decline.

The News in Paris.

PARIS, Aug. 10.—President Carnot to-day received deputations of American and English students, studying in Paris, who presented him with expressions of sympathy as the head of the republic. The students afterwards presented baskets of flowers to Mme. Carnot.

The letters of Boulanger which were produced before the senate court tend to prove that Boulanger shared with Baret the commissions paid by army contractors.

Madame Pourpre, the mistress of Boulanger, has written to Louise Michel certain disclosures concerning the general.

Abandoned.

LUCERNE, Aug. 10.—The project to hold an anti-slavery conference has been abandoned.

NOAH'S ARK IS NOT OLDER.

Dr. Osler's Opinion of the Elixir—Known for 5000 Years.

HAMILTON, Aug. 11.—The Herald to-night prints an interview with Dr. Osler, now of the medical faculty of Johns Hopkins University, formerly of Dundas, Ont., a brother of Judge Osler and B. B. Osler, Q.C., of Toronto, who is visiting in the city. "The elixir," said Dr. Osler, "is as old as the hills. Yes, you can say even Noah's Ark is not older or more antediluvian. It was known to the ancients centuries before Dr. Brown-Sequard was ever heard of. I am credibly informed that there is a distinct record of it having been written or traced on the Ebers Papyrus and if this is the case, and I believe it is, then it must have been known for at least 4000 or 5000 years."

"Do you think that Dr. Brown-Sequard is in his dotage?"

"No, decidedly no. My idea is that he has discovered the benefit of it after experimenting on animals, and finally tried it on himself with some exhilarating effect."

"Is Dr. Brown-Sequard likely to lend his aid and name to anything that might be called a 'fake' or a 'scheme' to make money?"

"No, I don't think that either. My opinion is that there is really some merit in the so-called elixir of life, but I also firmly believe the reports circulated as to its merits contain about one grain of truth to two bushels of mendacity."

A Furore at Indianapolis.

INDIANAPOLIS, Aug. 10.—Since an apparently successful experiment with Brown-Sequard's elixir upon Noah A. Clark last week, 25 enfeebled and infirm old men in Indianapolis have applied to physicians for injections of the substance, and all are now undergoing the first effects of it with varying manifestations. One man read a newspaper in the twilight without spectacles, which he had not done before for ten years. A commercial traveler declared that it afforded him relief from chronic spinal troubles. Many persons have been given the injection at the city dispensary, and among the decrepit men of the city the elixir has become the rage.

What Dr. Hammond Says.

WASHINGTON, Aug. 10.—Dr. Hammond says Dr. Brown-Sequard's "Elixir of Life" is not a remarkable discovery. The Doctor explained that the new remedy was believed to be in the nature of a tonic which it was thought would be beneficial, especially to old people. He denounced as foolish the story that it was something that was going to prolong life indefinitely, or restore old people to youth, or anything of that kind. He declared that neither he nor Dr. Brown-Sequard ever called it the "Elixir of Life" or authorized anybody else to give it that name.

The "Elixir" at Chicago.

CHICAGO, Aug. 10.—Health Commissioner DeWolf has administered the Brown-Sequard elixir once a day to ten persons every day since last Tuesday. In no case has it been followed by any unpleasant or injurious effects. Some of the patients claim to have been much benefited. The effects on a lady suffering from nervous prostration have been very marked and beneficial. Dr. Hathaway, who is a great sufferer from heart disease and dropsy, has undergone little or no change. The health officer believes that in conditions of exhaustion without organic disease the "elixir" acts as a stimulant without any subsequent depression. The people who are benefited begin in a few minutes to feel well, as if they had taken a little champagne, and they keep on feeling so. The good done seems to be permanent.

THE MURDER CROP.

Two Michigan Officials Killed by a Fremont Wisconsin Lumberman.

FRANKFORT, Mich., Aug. 10.—A terrible encounter occurred at Otter Creek, 20 miles north of Frankfort, this morning, in which Charles T. Wright, president of the Otter Creek Lumber Company of Racine, Wis., shot and instantly killed Under-Sheriff Neal Marshall and Dr. Frank E. Thurber. It seems that Wright had not paid taxes on his mill property in Aral Lake township for several years and had a suit with the township in regard to it. About three weeks ago the sheriff attached a large lot of logs. Wright tried to replevin them but could not get the proper bonds and his mill lay idle for want of logs to cut. It is thought that Wright with a force of men attempted to gain possession and in the melee Supervisor Thurber was killed and Marshall soon after. It is rumored that over 60 men were engaged in the fray, and there may have been others wounded. The propeller Dewar, with a force of officers and a picked company of men, has left for Otter Creek to capture Wright, dead or alive. It is said that the barge Seymour, owned by Wright, has taken him on board and departed for the Wisconsin shore.

Had It in for Him.

CHICAGO, Aug. 10.—This morning a hack-driver named Napoleon Perrin was fatally shot by an unknown man. Perrin took two men to a resort at No. 83 Third-avenue, and sat down in the parlor to wait for them. While there two men entered the room and going up to Perrin said that they "had it in for him." One of them drew a revolver and fired two shots, one entering Perrin's head. The two men then made their escape.

A Conclusive Argument.

ATLANTA, Ga., Aug. 10.—The negroes in the neighborhood of Walker's Chapel, in Baldwin County, have been engaged in a red-hot controversy over the doctrine of regeneration. A few nights ago a fight occurred in church between Henry Sample and Sim Reeves. Sample threw Reeves down and rolled him on the floor. Reeves then went home, got his shotgun, and returned to the church and fired a load of shot into Sample's breast. Sample was fatally wounded. Reeves is in jail.

Foul Play Suspected.

DEADWOOD, Dak., Aug. 10.—Thursday night the farm house of John McLeod was burned and McLeod perished in the flames. The only person present was John Woods, a young man employed on the ranch. Mrs. McLeod and the children were away on a visit. Suspicions of foul play were entertained by the neighbors, who caused the arrest of Woods and Mrs. McLeod. McLeod, who was a well-to-do rancher, had since his marriage been prevailed upon to deed all his property to his wife. Mrs. McLeod's former husband left her three years ago on account of her infidelity with Woods. If an inquest should strongly point to Woods' guilt he will be lynched.

Loved Another Man's Wife.

SACRAMENTO, Cal., Aug. 11.—Yesterday John Henning entered the candy store of John Shellers and after a short conversation with Mrs. Shellars drew a revolver and placing the muzzle behind her left ear fired. The woman will die. Henning then fired a bullet through his own head. The love of Henning for Mrs. Shellars, which was not reciprocated, is the probable cause of the tragedy.

A Triple Crime.

CHARLESTON, W. Va., Aug. 11.—A widow named Gillis lived in a remote district of McDowell County with two daughters about grown. They were poor but respectable. Friday neighbors found all three dead. They had evidently been criminally assaulted and murdered. There is no clue to the perpetrators.

WHOSE WAS THE FAULT?

THREE PERSONS KILLED AND SEVERAL BADLY HURT.

Terrible Railway Collision on the Rome, Watertown and Ogdensburg Railway—Coaches Crushed to Splinters.

ROCHESTER, Aug. 10.—A terrific railway accident occurred on the Rome, Watertown and Ogdensburg road at Forest Lawn about 7.45 o'clock this morning, in which one person was instantly killed, two others have since died from injuries received and six others were seriously injured. The cause of the accident has as yet not been explained. A "stub" train which runs up to Forest Lawn from Windsor Beach every morning for the accommodation of Rochester people had just backed down in front of the Forest Lawn station. About twenty people had congregated at the station to take the train, two gentlemen had entered the smoking car and others were about to board the train when someone observed the express from the Thousand Islands dash around the curve about 15 rods east of where the "stub" train was standing. Alarm was given in time for the people on the platform to escape.

The engineer of the express train saw the train standing in front of the depot in time to set the brakes, he and the fireman then jumped from the train, escaping without fatal injuries. The express, however, dashed into the "stub" train at a high rate of speed. The two rear cars of the "stub" train were piled in a ruinous mass upon the station platform. The baggage car of the express train telescoped the tender. The baggageman, who was on the car at the time, in some miraculous way escaped without a bruise. The day coach, which was next to the baggage car, lay thrown upon the track, a complete wreck. Of the ten persons in the car only one escaped injury. The other coaches were not affected by the disaster.

The killed are:

JOHN DAY, engineer of the steamer Rasselas, Oswego, N. Y.
Miss ELLA PERRIN, St. John's Michigan.
LOWELL C. BROWN, Sherman, N.Y.

The injured are:

Mrs. LEWIS MOORE, Grenadier, N.Y.
Miss SARAH M. SWEET, Wolcott, N.Y.
FRANK BELL, Sheboygan, Wis.
Mr. and Mrs. H. M. PERRIN, St. John's, Mich.

A special train was immediately despatched to the scene of the accident from Rochester and the injured placed on cots and brought to this city. The patrol wagon and City Ambulances were brought into requisition and the injured taken to the hospital. One affecting scene witnessed was when Mrs. Perrin, mother of the girl who was killed, asked for her daughter. She did not know that she was dead and it was not thought wise so to inform her, so she was told that her daughter had sustained severe injuries and could not get to her. Henry M. Perrin, father of the young lady killed, was severly crushed. He is 60 years old and the shock upon learning of the sad death of his daughter may prove fatal.

A Kansas Collision.

TOPEKA, Kan., Aug. 11.—The Caldwell express on the Rock Island road collided with a freight train this evening on a curve two miles west of this city. The baggage and express cars of the passenger train, many freight cars and both engines were wrecked. Expressman Courtier was crushed to death, Fireman Pat Donovan was fatally injured and Lew Ball, a brakeman, had a leg cut off and was otherwise injured, but may recover. No passengers were hurt.

Telegraph Operator at Fault.

BRADFORD, Pa., Aug. 11.—Two freight trains were wrecked at Whistleton this morning. B. Anderson, an Erie brakeman, was killed and two engines and twenty-five cars were wrecked and burned. Telegraph operator at fault.

MR. GRAHAM'S PETITION.

Sir John No. 2 on the Constitutionality of the Jesuits Acts.

OTTAWA, Aug. 10.—To-day the Acting Under-Secretary of State forwarded to Mr. Hugh Graham of Montreal the Government's reply to his petition asking that the Jesuits' Estates Act and the act incorporating the Society of Jesus be referred to the Supreme Court. The Minister of Justice, to whom Mr. Graham's petition was referred, made report thereon, stating that he entertained no doubt regarding the const

THE BRAIN (from a photograph.)
In Healthy Condition. With Paresis Lesions.

There are many well known men confined in our Asylums who but a short time ago were prominent among our business and social circles.

Why are they there?

Paresis!

Did it coine on at once?

Not at all. It was a gradual but positive growth. They overtaxed nature. The drain on their vitality, their nerve powers, their brain tissue, was *too* great, and they gradually but surely sank under it. The things they did to bring this sad end about are precisely the same things that are being done by thousands of men and women to-day. It is not *necessary* to name them. They all end disastrously unless checked or regulated.

Prof. Phelps, of Dartmouth College, knew this fully when he began his experiments which resulted in the discovery of the wonderful Paine's Celery Compound. He realized that paresis (consumption of the brain) was our great National weakness. He knew that the brain and nervous system must be fortified to meet the great strains which modern life bring upon it. He saw that men were becoming debilitated and women weakened by the pressure and demands of life, and he sought and discovered the remedy Paine's Celery Compound, if rightly taken, will renew the brain and build up nerve tissues as fast as they become exhausted. It is not a narcotic. It contains no drugs, no nostrums. It is perfectly pure. It is absolutely harmless. The high character of its discoverer guarantees this, and the indorsement of the medical and chemical Professions prove it.

The Daily Examiner.

MONDAY, AUGUST 12, 1889.

FIFTY YEARS MARRIED.

Golden Wedding of Mr. and Mrs. Gladstone.

Royal Congratulations—Handsome Gifts from Many Admirers—Novel Gift of the Gladstone Family—Deputation of Workingmen.

(*London Daily News, July 16.*)

Mr. and Mrs. Gladstone yesterday celebrated the 50th anniversary of their wedding and the occasion was marked by the receipt of a host of congratulatory messages and gifts from admirers and well-wishers in all parts of the *United Kingdom*. The original intention was that the celebration should take place at Hawarden, but owing to the pressure of Parliamentary duties, the ex-Premier was *reluctantly compelled to defer his* departure for his home in Wales till next week. This postponement was rendered the more imperative inasmuch as the members of the National Liberal Club had determined upon giving the supporters of the honorable gentleman an opportunity of testifying their regard for him by means of the public presentation in the rooms of the Club. Yesterday's proceedings, which were altogether of a private nature, were characterised by the sincerest expression of affection and esteem for the distinguished lady and gentleman whose jubilee wedding day was being celebrated. Almost the first of the messages received at the house in James street was a telegram from the Queen, in which Her Majesty congratulated Mr. and Mrs. Gladstone upon the jubilee of their marriage. The Queen made reference to the jubilee of her reign, which was celebrated two years ago, and also expressed wishes for the the continued happiness of the ex-Premier and his wife. As might be expected on such an occasion,

THE NUMBER OF LETTERS

received was unusually large. Mr. Gladstone, always an early riser, was up and preparing to attend early morning service when the postman delivered his first congratulatory load. Amongst the letters was one couched in the most kindly term from the Prince of Wales, offering the most hearty congratulations on behalf of himself and the Princess. There was also a letter from the King of the Belgians expressing his good wishes on the happy occasion. All through the day came a succession of letters and telegrams, each conveying the expression of hopes for the continued welfare of Mr. and Mrs. Gladstone.

Shortly before eight o'clock Mr. Gladstone went out to early morning prayers. After the benediction had been pronounced he hurried home to preside at the anniversary wedding *breakfast*, at which only members of his own family were present. The right honorable gentleman appeared to be in the best of health, and in great spirits. As he ascended the stairs his step was sprightly, and he received with smiles of pleasure the good wishes of the members of his household. The first to greet him as he came from church was Mrs. Gladstone, who was looking remarkably well, and with her were grouped all the members of her family with two exceptions—Mrs. Drew and Mr. W. H. Gladstone, the eldest son. The latter, who is just recovering from a rather severe illness, remains in Devonshire by the advice of his medical attendants, and had to be content with communicating his congratulations through the medium of the post.

Before breakfast was over many carriages drove up to the house and a small group of people collected around them with the view of ascertaining the reason for such an unusual number of calls. Sir William

HARCOURT WAS THE FIRST

of the ex-Cabinet Ministers who have worked with Mr. Gladstone to pay a visit. With him he brought an offering of flowers, which Mr. Gladstone accepted with a cordial shake of the hand. Next came the Earl and Countess of Aberdeen, bringing with them a wedding present in the shape of a breakfast service in white and gold arranged on a gold and white cloth, and decorated with a beautiful palm in a gilded basket. The Earl and Countess hoped to have been in time for the present to have been used at the wedding breakfast, but in this they were disappointed. They intended, however, upon arranging the cloth and the service in another room for use on a future occasion. Sir F. Knolly's the Prince of Wales' private secretary, shortly afterwards arrived, and made most kindly enquiries on behalf of the Prince and Princess, and at the conclusion of which he returned to Marlborough House to report that Mr. and Mrs. Gladstone were in excellent health, and had received the Prince's congratulations with the sincerest thanks. Mr. Osborne Morgan, Lord and Lady Rosebery, the Hon. A. Lyttelton, Lady Stepney and a large number of other visitors, many of whom had been members of Mr. Gladstone's Administration, also paid early visits, while telegrams from absent friends arrived at every minute, among them being a long message from the Marquis of Dufferin.

THE PRESENTS.

Among the gifts from loving friends was one from a body of anonymous donors, consisting of a fine picture only just completed by Sir John Millais, representing the venerable statesman sitting in an arm chair, his earnest, grave face looking full at the spectator whilst his arm is around his grandson, William Charles Glynne, son of Mr. W. H. Gladstone. Upon Mr. Gladstone returning from church the picture was found hanging in the family breakfast room. There are no accessories, so to speak in the treatment of the design which is simplicity itself. The frame bears the following inscription:—"A gift from English, Scotch, Welsh and Irish women to William Ewart Gladstone and Catherine Gladstone on their golden wedding day." The names of the donors do not appear and it seems there is no intention to make them public. The fact, however, is known that women from all parts of the United Kingdom, in the humblest as well as in the highest ranks, have been associated in this touching tribute. The donors entrusted to Mr. W. Agnew the duty of making the presentation in the early part of the morning.

Shortly after noon a present was announced "*From their Royal Highness the Prince and Princess of Wales*," and upon the outer covering being removed there was discovered a beautiful gold inkstand, on which was engraved the felicitations of their Royal Highness. The handle in the centre of the inkstand is formed of the figures of a boy and girl bearing aloft a crown and the Prince of Wales' feathers. Gift after gift arrived, porters brought in huge statues, vases and boxes, the last named containing valuable presents from absent friends.

THE GIFT OF THE FAMILY

will be of a somewhat *novel* character. It is intended by them to erect a handsome carriage portico at Hawarden Castle, and yesterday a drawing of the forthcoming addition to the house was presented to Mr Gladstone. Glancing at a few of the other presents, it may be mentioned that the gold casket containing the freedom of Cardiff, though not part of the wedding gifts, occupied a conspicuous place. Close to it was an antique gold cup, from the family of the late Capt. John Gladstone, R.N., a brother of the ex Premier, and another, a much larger gold cup, presented by Lady Gladstone, Sir John Gladstone and Miss Gladstone and the family of the late Mr. Robertson Gladstone. There was a splendid wedding centre from Blackburn, which is surmounted by an angel in gold, with a cornucopia at her feet, whilst the figure holds out the crown of glory. The sides of the centre bear the initials of Mr. Gladstone. Another present was an inkstand from Mr. Gladstone's former private secretary, the present being modelled from the inkstand which Mr. Gladstone always used when he was in office. One of the most beautiful presents was that of Lord and Lady Aberdeen, being a bracelet of pearls, with hearts pendant, with central stones of crystal. Lady Aberdeen went to the trouble of getting

A LOCK OF MR. GLADSTONE'S HAIR,

as well as of the hair of each member of his family, which have been enclosed in separate lockets. Three members of the family, presumably the ladies, presented Mrs. Gladstone with a bracelet of diamonds. In the centre are two hearts enshrined in diamonds, and on either side in the same precious stones are the dates "1839-1889." In the centre of the hearts are two pure white pearls, and there is a crown above the hearts. Lord Rosebury sent a malacca cane, with a gold handle, in the form of a horn of plenty, and Lord Aberdeen made a similar present. From Mr. Horace Mayhew came a silver basin, which, owing to the fact of it being hammered metal, was taken to be Irish until a Hebrew description was discovered under the lip of the bowl. Mrs. Wickham, a daughter of Mr. Gladstone, gave a carriage clock, and Mr. and Mrs. Childers sent an inkstand. Two beautiful silver cups came from Lady Farnborough, and a gold box in the shape of a heart from Lady Stepney. An interesting and touching tribute came from the little basket-workers of Connemara, who sent their photographs in a basket of their own manufacture, filled with the beautiful asphodel flower, which in the language of flowers in Ireland symbolises "eternal life." Lord Monk-Bretton, better known probably as Mr. Dodson in the Cabinet of Mr. Gladstone's Administration of 1880, presented the ex Premier with two China vases. Lord Dufferin sent a beautiful silver bowl. A noticable present was an album from Ireland with carved oak corners, on which is symbolised the political achievements of Mr. Gladstone since his marriage.

It is impossible in the space at our disposal to give the text of the enormous number of letters, telegrams and addresses which were received.

A Great Cry for More Women

has been going up from the far west for a good many years, but the cry is not for pale, haggard, debilitated women. The pushing western men are not anxious for beauty, but they need healthy wives. A great cry for health is continually going up from thousands of women, young and old, all over the earth. Countless remedies have appeared in answer. A few have succeeded, and none hold a higher place than Dr. Pierce's Favorite Prescription, a sure cure for all those peculiar "weaknesses" and distressing ailments peculiar to the sex. a

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P.Q. This medicine cures all summer complaints. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont, 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BUIE, Shell River, Man. 2w31d

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

FOR

DRINKING

ROYAL DANDELION COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all must own the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

GEORGE STETHEM

Luxuriant Growths of Hair

are seen on the heads of all who use

DR. DORENWEND'S

HAIR MAGIC.

The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do n t let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to shove them off in this way. See that each bottle bears seal and signature

A. DORENWEND,

Sole Manufacturer, Paris Hair Works, 103 & 105 Yonge street, Toronto, Canada.

Bangs, Frontpieces, Waves, Wigs, Switches, Gent's Wigs, Toupees, and Hair Goods of all kinds are supplied by A. Dorenwend. Send to above address for circulars and prices. dw

CORRECT

TIME

A WATCH or CLOCK is not of much use if it does not keep good time. If you want a correct timekeeper buy it at MUNCASTER'S. Or if you want your watch or clock repaired so that you can tell the time by it, take it to MUNCASTER'S.

ENGRAVING in the highest style of the art. Watches, Clocks and Jewelry at Lowest Prices.

MUNCASTER'S.

THE ART OF CROCHETING.

An Introduction to the Stitches at the Foundation of the Art.

Crocheting is pretty generally understood, says the *Youth's Companion*, but there are many to whom the art is still a mystery. For these this article is printed. In crocheting hold your needle and wool as lightly as possible. Hold your needle in your right hand, but keep it free from everything else; do not even allow the fingers of this hand to rest upon the work. Do not wear tight sleeves or finger rings; have your arms free. Do not wind the wool—use it from the skein; but if you must wind it, do not make it into a ball, but wind it softly and lightly from the thumb to the little finger of the left hand. The stitches here explained are the "fundamentals," and a girl having become efficient in them may then move on to the more difficult branches of the art:

No. 1. THE CHAIN.—Twist the end of the thread around the hook, forming a loop; take up the thread and draw through this loop, making the first stitch; draw thread through the stitch thus formed, as directed, to make the second stitch, and continue to the length required. The chain is a series of loops, each drawn through the one preceding it.

1. THE CHAIN. 2. SINGLE CROCHET.

No. 2. SINGLE CROCHET.—Or, as it is sometimes called, "slip" or "mitten stitch," is so simple as to scarcely need illustration. Having a stitch on the needle, put the hook through the work loop of chain and draw the thread the loop and stitch at once.

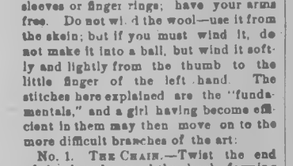
No. 3. DOUBLE STITCH. — Having made the foundation chain, turn the work, draw the thread through the third stitch from the needle, take up the thread again and draw through both stitches at once. In working double crochet, chain three at beginning of each row, proceeding as with the first row.

3. DOUBLE CROCHET. 4. TREBLE CROCHET.

No. 4. TREBLE CROCHET.—Having a stitch on the needle, put the thread over as for another stitch, insert the hook in the work, draw the thread through, take up the thread again and draw it through two of the three stitches then on the needle; take up the thread again and draw it through the two stitches which remain. If working on a chain, as illustrated, insert the hook at starting in the fifth stitch of chain from needle.

No. 5. SHORT TREBLE CROCHET.—Like the treble crochet, except that the thread, instead of being taken up twice and drawn up through two stitches at a time, is drawn through all three stitches at once. (See illustration of treble crochet.)

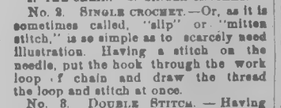
No. 6. CROCHET POMPONS.—Make a chain of thirty stiches, quite loosely. Put the needle through the second stitch of the chain, having the instrument



CROCHET POMPONS.

under the hand, as in knitting; hold the needle and work with thumb and middle finger of the right hand, having the forefinger about one inch above the hook of the needle, and wind the wool nine or ten times around the needle and finger, thus forming long loops. Having wound the thread evenly, keep the finger well up, draw the loops on the needle through the chain stitch, and finish with single crochet. When the chain is all taken up sew into a round mat and pick the loops well apart to make the pompons look fluffy.

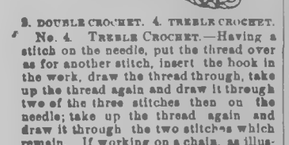
No. 7. PUFF STITCH.—Chain any required number of stitches, turn; five chain, put thread over, as for treble crochet, draw through but do not finish; thread over and draw through twice more, making six stitches on needle. Work the six off at once with a single stich, then work off the remaining two stitches, chain one, and begin on next puff. They are all made in the same way, and if one remembers to make three half trebles before working off, it is very simple.



PUFF STITCH.

No. 8. STAR STITCH.—Make a chain of the required length. Take up the first five stitches by putting the hook through four loops of the chain, one after another, and drawing the thread through, keeping all five on the needle. Then draw them into a circle or "star," by putting the thread over the needle and drawing through all at once, and then drawing the thread through the remaining stitch.

In making the next star, count the stitch already on the needle as one, make the second stitch by putting the needle through the tiny hole formed by drawing together the first five stitches, bring the thread through as before; make the third stitch in the same way,



STAR STITCH.

in back of last stitch of star, fourth and fifth stitches in chain, draw together as previously directed and repeat to the end of the row.

Break the thread and begin the second row same as the first, starting with a chain of three stitches to keep the edge straight. In order to repeat without breaking the thread, chain three at the end of the row, turn, one double crochet in middle of second star, chain one, double crochet in middle of next star and continue to the end of the row, working the next row of stars the same as the first on chain.

Judicial Sermons.

It is the custom in New York courts, whenever a prisoner is called to the bar for sentence, for the presiding Judge to preach a small sermon. Assuming an expression that would do credit to the famous Pharisee, his Honor indulges in dreary platitudes about crime, etc.

There is no excuse for thus heaping additional contumely on the unfortunate criminal. On the contrary, the constitutional clause prohibiting the infliction of cruel and unusual punishments should protect the criminal from dreary sermons. The following is somewhat like the average judicial sermon:

"Smith, stand up. You are one of the most infamous scoundrels I have ever had before me in my judicial capacity, and yet, Smith, you seem to be a man of fair intelligence, and may at one time have been a useful citizen.

"It is most incredible, Smith, that an American citizen in the nineteenth century, and in the broad glare of the noonday sun, should so utterly forget his duties as a parent, as a—as a—yes, as an American citizen—as to go into a grocery store on 116th street and brazenly steal a ham worth one dollar and a half; and yet, Smith, that's what you did. You have had a fair and impartial trial before a most intelligent jury; you have had the services of the elegant gentleman and learned counselor who has conducted your defense, but a jury of your fellow citizens has found you guilty. With that verdict, Smith I concur most heartily, for as I said before, I regard you as a man destitute of every sentiment of honor and decency.

"What right had you to swing on to that ham and convert it to your own use and profit? If the law does not call a halt to such fiends as you, the arch upon which rests the social fabric must crumble and bring down our most cherished institutions in one common ruin, and our revolutionary forefathers will have bled and died in vain. Moreover, when arrested with the ham under your coat, you sounded the lowest depths of infamy by kicking the policeman on the shin and taunting him with being a dirty loafer. It is the sentence of the court that you be confined in the penitentiary for three years at hard labor. In passing sentence on you, Smith, I wish to warn you that the law is not vindictive. In your case I have tampered justice with mercy."

The Moon's Influence

upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putnam's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once and affects a cure. Don't be imposed upon by substitutes and imitations. Get "Putnam's" and no other. 6dw32

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

A REMEDY that is of such benefit in cases of Indigestion, Neuralgia, Loss of Appetite, Dyspepsia, as Dyer's Quinine and Iron Wine is worth gold. It is easily taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d30

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

AS A HEALING, SOOTHING application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

AYER'S Sugar-Coated Cathartic PILLS.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightley, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them with good effect, in cases of Rheumatism, Kidney Trouble, and Dyspepsia. —G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured. —Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored. —Theodore Esling, Richmond, Va.

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Dealers in Medicine.

Daily Line to Rochester.

THE STEAMER

NORSEMAN

(A. DUNLOP, Master).

WILL make her regular trips on this route, leaving Cobourg every morning at 7.30, and Port Hope at 8.30 o'clock, on arrival of the Grand Trunk Railway trains from the east and west; connecting at Rochester with the New York Central, Northern Central and Erie railways, and the Lake Ontario Division of the Rome, Watertown and Ordensburg Railway, for all points east, west and south.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

10th August, 1889. 6d35

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

A FEW more chests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

Wedding Present Prospects.

It is probable, if society gossip can be relied on, that the flirtations of the summer resorts though, apparently innocent will result in something serious in the way of matrimony, and there is likely to be a lively demand for wedding presents. The most sensible present would be a caddy of the splendid tea to be found in the stock of Hawley Bros. Splendid teas of all kinds, superb coffees and elegant glassware. Quality A No. 1, and as cheap as good advice.

You Can't do Better

In the way of perfect enjoyment on Civic Holiday than join the excursion of Court Little John, Foresters to Toronto, Chautauqua and Niagara Falls—on the 15th—next Thursday. You can start on C. P. R. palatial train at 4.56 a.m. or 7 p.m. or you can wait till the evening train at 5.40, for the tickets are good for two days and the price is the lowest of the season. Only $1.75 to Toronto and return; only $2.00 to Chatauqua and Niagara Falls and return. You journey by land on the swift C.P.R. and cross the lake in the palace steamers Chicora and Cibola.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

Don't forget the Beaver cigar; the best 5 cent cigar in town. 2d34

Nine out of Every Ten of the Good Citizens

The above number is not any exaggeration of those people who have decided to take advantage of the only great excursion on Civic Holiday. Consider all the sport and amusement you can have for the small sum of one dollar, and just imagine the Fire Brigade Band goes with this grand excursion, and we will also have the brass band of Orillia. Therefore all good citizens make sure and be on hand at seven o'clock on the 15th. The committee of the C. M. B. A. & E. B. A. has made the most complete arrangements that could be made at all points. This is a great day in Orillia. Horse races, lacrosse and all kinds of sport, and cheap rates to all places of resort. Say, if you want to have a good outing go with the crowd and make no mistake. Tickets, which are good for two days, on sale at Devlin's harness shop, and at York & Lee's store.

Distressing Drowning Accident

Richard Jarvis Looses his Life by Drowning at Buckhorn.

Sunday morning was the hour and Buckhorn Lake the scene of a fatal drowning accident in which Mr. Richard Jarvis, an employer of the Croft House, lost his life. On Saturday evening, about midnight, a party composed of Messrs. Archie Moffatt, Edward Welsh and Richard Jarvis left town to drive to Buckhorn on a fishing visit. They reached their destination between five and six o'clock rather too late to retire. However, Mr. Moffatt retired and went to bed, the other two taking a canoe and trawling line and going out for fish. They started from the shore in front of the hotel and had gone only a short distance, when the trawling hook caught on some object giving the canoe a sudden jerk; in the effort to right the craft it went over, and

THE TWO WERE THROWN INTO THE WATER.

Mr. Welsh was an excellent swimmer, and exerted himself heroically to save his companion, in the meantime, both shouting for help, but the occupants of the hotel were asleep and did hear, and they were too much accustomed to the shouts and responses of early fishers to give much heed to their cries. But they persisted and it was fully twenty minutes before help reached the scene. Mr. Welsh was found to be on the point of sinking and though he was in this condition he was unwilling to be taken away—he seemed almost demented with grief at the loss of his companion and insisted as strongly as his feebleness would admit, on continuing his efforts. It appears that the unfortunate young man Jarvis had become entangled in the trawling line and in spite of

THE DESPERATE AND HEROIC EFFORTS

of his companion he was drowned. About 25 minutes after assistance came the body of poor Jarvis was found in only five feet of water about a stone's throw from the shore. Of course life was quite extinct, and preparations were made for the removal of the body to town. Mr. Eastwood, the proprietor of the Buckhorn hotel furnished a demoorat wagon in which the body was as decently disposed as possible, and the start made for town. On the way however the hearse of Mr. D. Belleghem, undertaker, was met, the body was transferred to it and brought to town. The mother of the deceased having been summoned to town, and as may be imagined,

THE SCENE WAS AN INEXPRESSIBLY

painful one.

The deceased young man was aged about 26 years and unmarried. He was a well conducted young man quiet and unostentatious in his demeanour and a general favorite in the circle in which he moved. His home was in Port Hope where his father and mother and several brothers and sisters reside. The body accompanied by several of the young man's late companions was taken to Port Hope on the 6.40 G. T. R. express.

The accident had a terribly depressing effect at Buckhorn, overshadowing the enjoyment of all the summer residents there. Poor Jarvis' death was a good deal like a fatality. He was said to be afraid of a canoe as well he might, being unfamiliar with its management and unable to swim. But on this occasion he seemed to overcome his timidity and with the fatal results recorded. The heroic efforts of Mr. Welsh to save his helpless companion, at the risk of his own life is the theme of much praise.

Obituary.

The Late John T. Bird—One of the Oldest Residents of the Town.

Sunday afternoon at 2 o'clock Mr. John Bird passed away at the family residence, London street. Mr. Bird has been in delicate health for some time—a general decline with heart disease complication. Still his death was somewhat sudden. A few days since he walked down town and on Monday last drove out to Lakefield. Mr. Bird was a well known a highly respected citizen. He was a native of Ireland, where he was born 66 years ago. About fifty years since, when a mere lad, he came to town with his father, who settled in what was known as the "Scotch Village"—Ashburnham—then all there was of the future Peterborough and Ashburnham. After living there for some years he removed to Peterborough, and over thirty years ago he bought his present residence, where he has continuously lived till the time of his death. Mr. Bird was of retiring habits and did his duty faithfully as a private citizen in his sphere of life. He was twice married; by his first wife he had three children—two daughters and a son. The first wife died many years since and fifteen years ago Mr. Bird contracted a second marriage, and the widow with the children of the former marriage still survive. One daughter, unmarried, remains at home, another, Mrs. Smeall, of Montreal, and Mr. R. J. Bird, of Chicago. Mr. Bird was in politics a Conservative and in religion an almost life-long Methodist, a member of the congregation of the George street church. Mrs. Smeall, of Montreal, and Mrs. (Dr.) Latimer, of Montreal, sister in-law of the deceased, as well as Mr. R. J. Bird, of Chicago, are in town to attend the funeral which takes place on Tuesday from the family residence, London street, at 3.30 o'clock p.m.

True Blue Notes.

On Saturday night and on Sunday night several members of the junior Orange bodies in Peterborough went to Kingston to attend the demonstration held there to-day in celebration of the relief of Derry. Amongst those that went were Mr. John Jamieson, District Master of the True Blues; Mr. B. M. Wylie, Grand Secretary of the 'Prentice Boys; and about a dozen othe s. To-day being Toronto's civic holiday it is expected there will be a large excursion from that city to Kingston.

The True Blues had a delightful excursion down the river on Friday per "Golden-Eye." There was not a very large attendance, but the utmost good order and greatest harmony prevailed through out the day and those who went enjoyed themselves thoroughly. Dancing to good music formed the staple amusement of the younger element. The committee of management deserve especial commendation for their excellent management, which gave so much enjoyment to their friends who patronized the excursion.

Off for England.

To-morrow morning Mr. I. Richardson, Mrs. James Rose, (Otonabee) and Miss Minnie Stock, take the 8.20 Grand Junction express for Quebec, where, on Thursday they will embark on the Allan liner, Sardinian for England. Miss Stock goes for the benefit of her health, and to visit friends in Liverpool and London. Mr. Rose returns after an absence of twenty years to revisit old scenes in Devonshire. Mr. Richardson, who has been in Canada for 16 years, returns for his health and to see old scenes in England and elsewhere. His chief visit will be to Staffordshire and the neighboring shires. Mr. Richardson has fortified himself with full statistics and information respecting Canada. He says he intends to place Canada in the light of the best home in the world for a workingman—who is willing to work.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery. Elliott & Tierney, George street, Peterborough.

Sabbath and Lawn Desecration—Combined.

Yesterday four or five cows desecrated and damaged the newly laid lawns and terraces about the Nicholls hospital. Policeman McGinity was summoned and imprisoned two of the bovine desperadoes.

Death of Edward Crew.

A telegram received this afternoon states that Mr. Ed. Crow, formerly porter of the Oriental Hotel here, and who was conducting a hotel of his own at Havelock, died at that place to-day. Among the travelling public especially, "Ned" was well known.

Laid at Rest.

The funeral of the late Mrs. Benjamin Green took place this morning from the C. P.R. station on the arrival of the 11.40 C P. R. express, and the large attendance testified to the high esteem in which Mrs. Green, one of our eldest citizens was held.

All first class Grocers sell London Electric Soap.

Washing made easy and homes made happy by using London Electric Soap.

Camp Meeting at Campbell's Grove.

Large Attendance — Spirited Singing—Earnest Addresses.

Sunday afternoon a modernized type of the old fashioned camp meeting was held at Campbell's grove, North Monaghan. The beautiful grove had been fitted up for the occasion—seats were provided for the multitude, and a platform for the speakers. There was an exceedingly large attendance of interested auditors comprising the people of the surrounding country, and a large number from town. The assemblage was extremely orderly and from their deportment it is to be inferred that the services made a deep, and, there is reason to hope, in many cases, a lasting impression. One prominent feature of the services was the bright and hearty singing which was led by the North Monaghan choir and orchestra. The orchestra is composed exclusively of members of the Williamson family, one of the brothers presiding at the organ, and their excellent accompaniment added greatly to the effect of the singing. The hymns sung were of the Crossly & Hunter series, and being familiar to most of the auditors these joining heartily with the choir, a volume of sanctified song rose, rolled and reechoed through the leafy aisles of the sylvan temple, producing a magnificent effect. The scene received impressiveness from the novelty of the surroundings. The seats being filled late arrivals in vehicles formed a cordon of carriages around the seats and the occupants entering heartily into the singing the scene was one to be long remembered, both for its novelty and solemnity.

The services began with the singing of a hymn, followed by prayer, led by Rev. M. L. Pearson

This was succeeded by an address by Rev. Mr. Shorey, earnest and pointed, inviting his hearers to come to Christ. His remarks were founded upon the text, "Can any good thing come out of Nazareth? Come and see." He pointed out the uselessness of entering into controversy upon the subject involved. Let people come to Christ and prove for themselves. The speaker went on to point out the

TRIUMPHS CHRISTIANITY HAD MADE,

what it had done to save and elevate mankind in spiritual, moral, intellectual and material advancement. He contrasted the glorious record of Christian achievement with the transient and comparatively frivolous character of purely human and secular effort. He closed his remarks with an earnest appeal for sinners to come to Christ, and they would find a glorious reality in the enjoyment of a life of Christian consecration.

Rev. Mr. Pearson came next and amplified the theme upon which Rev. Mr. Shorey had spoken, applying it and giving numerous anecdotal illustrations. The necessity of parents setting good examples to their children—and urging the importance of home piety, and regular and systematic family worship. The speaker dweit very strongly on this point in illustration of the good and lasting effect produced upon the children both at the time and in after years. He concluded his address by pointing out how many things the people had to be grateful for and how for bountiful harvests and innumbered worldly blessings the devotion of God's children to his service was the only adequate return that could be made.

Rev. Mr. Leitch gave a hearty and practical address to young men, giving his own Christian experience and contrasting the deep and abiding pleasures of religion and the ephemeral, fleeting, and hollow enjoyment of the world. The meeting throughout had apparently a most salutary effect. The meeting will be continued at the same place on Sunday next at three o'clock.

Separated 36 Years.

The Remarkable Story of a Bronson Man—Stolen from Home when a Child he Finds his Father after many Years.

BRONSON, Mich., Aug. 8.—Comrade M. D. Roberts, of Hackett Post, G. A. R., is the subject of the following romance:

When a child 9 months old he was stolen from his home in Monroe county, N. Y., by a deputy sheriff named Eells, who took him to Delaware county, N. Y. When he was 16 years old a man by the name of Chas. Grey came to him one day, and told him the Eellses were not his parents, that his true name was Roberts, and that his father's name was Lemon Roberts. He told him not to tell of his informant, but that what he told him was a fact.

Roberts told the Eells people what he had heard and they were frantic with rage, denied the story, and said he was their own child and they could prove it to him; but he did not stay to give them a chance. That same night he ran away and went to Pennsylvania, where he staid seven years, and during that time was married. He then returned to the Eells home to learn if possible something of his parents, but they still denied the story and he returned to Pennsylvania, resolving never to see the Eellses again. He kept his word, for shortly after he left them this time they both died.

He became more thoroughly convinced from their manner that his informant had told the truth, and after living in Pennsylvania three years longer he resolved to sell out and go west in search of his folks. He went through to Minnesota, being nearly eight weeks on the road, inquiring of every one he met for the name of Lemon Roberts, and on his trip through Ohio came across a woman by the name of Alma Dunks, who became interested in his story and promised to aid him. She kept her promise. Arriving in Minnesota in the spring of 1861, he had barely time to settle before the Indian massacre came on, and he enlisted and helped to put down the redskins, serving to the end of the war. Some time after he came home he received a letter from Mrs. Dunks, who informed him she had received a letter from Sophia Earl, of Bronson, Mich., telling that a man by the name of Lemon Roberts was living in that vicinity. The young man wrote and found this man to be his long-lost father. He quickly sold out, came to this place and found his mother long since gathered home, but his father in good health. They had been separated nearly 36 years.

Personal.

Mr. M. O'Brien head master of the Lindsay Separate School, and his two boys, are in town on a visit.

Mr. and Mrs. Fred Weir, of Toronto, are in town on a visit, the guest of their father Mr. Robert Weir.

Mr. and Mrs. John A. Fowler, of North Monaghan, have returned home from a fortnight's sojourn at Preston Mineral Springs. They derived great benefit from drinking the waters.

Mr. W. H. Manning, L.D.S., and Mr. E. A. Dixon, barrister, left this morning by early G.T.R. express for a holiday trip to last about ten days. Their tour includes Rochester, Albany, New York, Boston and home by way of Montreal.

Mrs. and Miss Hodge, who have been visiting in town for the past three weeks, left this morning for Toronto, where they take steamer for Montreal, *en route* for Edinburgh, Scotland.

The EXAMINER records with regret that this morning Mr. Wm. Yelland, one of our most prominent citizens was stricken with paralysis on Sunday morning about one o'clock. Drs. Halliday and Yelland were at once summoned. It was found that the paralysis affected only the left side of the upper part of the body. he had no use of his left arm and his speech was affected. There is however a gratifying improvement in his condition. The rest which his physicians have enjoined, will doubtless soon result in his complete recovery. Mrs. Yelland who was visiting at Fenelon Falls, was summoned, and will be home presently

The Princess Louise's Presents.

NEW YORK, Aug. 7.—Mr. Smalley, the London correspondent of the *Tribune* says:—No complete list of the wedding presents to the Princess Louise of Wales has yet been published and none in any case could be given here, but there is no doubt of the general desire to bestow offerings on the young lady. Before her engagement she was jewelless and Lord Fife has no family jewels, yet now they say she has more than the Princess of Wales herself, whose collection is remarkable. Nor has she been obliged to rebuke the zeal of her admirers, as the Duke of Portland did. It is said of the Duke of Portland that he caused some of the presents to the Duchess to be returned to the donors on the ground that their acquaintance was too slight to entitle them to accept those gifts.

—The work on Stephenson's new roller mill, Omemee, is nearly completed. Mr. Bates, of Peterborough, expects to have his share of the work completed next week, and it will be well done.

Letter from Stony Lake.

The Weather—Good Sailing—Camp Courtesies—Tid Bits, &c.

STONY LAKE,
Saturday, Aug. 10.

MR. EDITOR,—This is a grand day for sailing. The wind is blowing a gale and the whitecaps are rolling beautifully. I have just came in from a spin on the lake, and had to change every stitch of clothing on me. Our canoe was almost half full of water and we were pretty well saturated with water. Sailing is the principal amusement here, and the weather has been more favorable for the sport this season than for several years past. Nearly every day there is a high wind, and with a buoyant canoe and trim sails what better fun can one want. There is just a spice of danger about it, enough to make it interesting, and those who brave the billows must make up their minds to get wet. But after your clothes are changed and you sit down to a good warm dinner the memory of you exhilarating ride over the waters is pleasant indeed.

THE SAILING SEASON

is usually accompanied by numerous drowning accidents, owing to carelessness or ignorance in the management of boats, but so far this year Stony Lake has not engulfed anyone in its dark depths.

The high winds which afforded such splendid sailing facilities have been the means of inducing a number of forest fires. One day this week no less than three fires were started and in a short while clouds of smoke obscured the sky, but rain fell copiously in the evening and squelched the blaze. Last year during the dry season considerable damage was done by these forest fires, which could not be checked, and as the rain kept away the flames had full sweep until the fall. Campers will remember that last year at times a pall of smoke hung over the lake which rendered navigation difficult.

The water in the lake has dropped at least two feet in the last two weeks. In the spring it was unprecedentedly high, and is just now coming back to its normal level.

FISH STORIES.

The usual grist of fish stories are wafted on the breezes from Stony Lake. The biggest catch was that of Mr. Dinwoodie, of Lakefield, who hooked a 24 pounder the other day. James Connal caught an 18 pound 'lunge the other evening.

The social amusements here continue. Every night there are large gatherings on Juniper Island, and other places as well. Wednesday night there was a camp-fire at Pelow's, Thursday night at Anderson's, Friday night at Gould's, and to night another

"COME-ALL-YE,"

as the boys have dubbed these gatherings, takes place at Connal's. The time is spent largely in singing, and one has to hear a camp-fire song in order to be able to appreciate it. Campers are as a rule quite musical in their make-up, and the echoes ring with the softened tones of vocal and instrumental music, as they float over the water and die away in the distance.

TID BITS.

The head of the lake is well populated this year, what with Burnham's, Chrowe's, Salmon Island, the Norwood and Belleville camps and Mr. Geo. Hilliard's. We were also well supplied with clergymen this week, and from all appearances they seem to enjoy the outing as much as those not of the cloth. Rev. M. L. Pearson is camped on Juniper Island, Rev. P. C. Parker stopped a few days with Mr. H. Grundy, Rev Father Dube was at McIntyre's, and Rev. Mr. Madill, of Havelock, tented with the Norwood people.

Mr. and Mrs. (Chas. Lowe, sr., Mr. John Lowe and Mr. Leslie Wright, all of Toronto, and Mrs. Karn of Chicago are the latest arrivals at Glenwood.

Mr. Wm. Sanderson and wife are in their new residence, and Mr. Thos. Bradburn's cottage is also occupied by some members of the family and others.

Four young men from Toronto, the Simpson brothers and Messrs Scott and Ford, are camped near Juniper Island.

There was no regatta this week, no person taking the trouble to make the necessary preparations. This was too bad. A regatta would be certain to be a success out here. This reminds me that the wind is rising again and I must be off for a sail, so I will "wind up my little ball of yarn."

The Safety of the Czar.

The official report of the railway accident at Borki, in which the Czar and Czarina nearly lost their lives, had only just been published, and it is sad reading. The railway authorities throw the entire blame on the police, whose excessive precautions for the Czar's safety, they say, caused his majesty to travel under the most insecure conditions possible. The imperial saloon carriages were regular armor-plated fortresses, weighing three times more than ordinary carriages. The signalling apparatus inside the train and on the line was not left to the railway servants but taken over by detectives; the engine-driver and brakesman were also under the orders of a state engineer, who was himself commanded by the Chief of the Czar's private police. A peremptory order given by the latter to quicken the pace as the train was nearing a curve over a new and hastily constructed embankment was the determining cause of the accident. The report omits to add that since the accident every railway servant who is not a born Russian, having served in the Russian army, has been dismissed from the service.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or Mr. A. L. Davis' store. d

London Electric Soap is only made by D. Richards, Woodstock Trade mark registered.

BIRTH.

MILLAGE—At Lakefield, Tuesday, August 6th, 1889, the wife of Mr. John Millage, of a son.

MARRIED.

DIED.

BIRD—At Peterborough, on Sunday, August 11th, 1889, Mr. John T. Bird, aged 66 years.

Funeral from the family residence, London street, on Tuesday afternoon, 13th instant, at 3.30 o'clock.

CLEVELAND'S SUPERIOR BAKING POWDER

THE PUREST AND BEST

Is made only of strictly pure grape cream of tartar, strictly pure bicarbonate of soda, and a small portion of flour as a preservative, nothing else whatever, and is warranted entirely free from alum, ammonia, phosphates, lime, and all the adulterants frequently found in baking powders. The character of materials used, their purity, and the nicety of their combination, render Cleveland's superior baking powder the most healthful and most economical in use, and it always affords wholesome, nutritious, and delicious food.

It is recommended for purity, healthfulness and efficiency by Government and State chemists, chemists of Boards of Health, and professors in institutions of learning throughout the country.

Sold only in cans, full weight.

CLEVELAND BROTHERS, ALBANY, N. Y.

ROYAL BAKING POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. *Sold only in Cans.* ROYAL BAKING POWDER, No 106 Wall stree N Y 1w18w

Notice to Creditors.

In the Matter of JOHN ARMSTRONG, of the Town of Peterborough, in the County of Peterborough, Saddler and Harness Maker.

THE above named John Armstrong has made an assignment to me, under the provisions of Chapter 124, of the Revised Statutes of Ontario and a meeting of the creditors of the said John Armstrong will be held at the office of Messrs. Dumble & Leonard, Solicitors, George Street, Peterborough, on WEDNESDAY, the 14th day of August, next, at two o'clock in the afternoon, for the appointment of Inspectors, and the giving of directions with reference to the disposal of the estate.

And further take notice, that all persons having claims against the said estate are required to send to me particulars stating the amount and nature of their said claims, verified by affidavits, as provided by the said Act.

CHAS. J. LEONARD, Trustee.

Dated at Peterborough, this 6th day of August, A.D., 1889. 2d

ATTRACTION

AT

TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

WARM

WEATHER

CLOTHING

AT THE

City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

The public are invited to call and they will be surprised at what they can get work done for. All orders promptly filled and satisfaction guaranteed.

WM. WAND.

Ashburnham, July 9th. d7

IT'S NO JOKE.

Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did. She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.

Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.

Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's Fancy Goods Store, George street, Peterborough.

R. Fair.

It Will Be Fine To-day.

Moderate winds, fine weather, with a little higher temperatures.

JOHN WOOD,
Clerk of Ashburnham,
Peterborough, P.O.

July 16th, 1889. d14

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one! What better would you want than that?"

"That is good. Who took it?"

"Mr. Sprouls. I got a dozen just as good as that for a dollar."

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sprouls has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

A CONSERVATIVE CHOSEN.

IN THE BELFAST PARLIAMENTARY ELECTION.

Mrs. Maybrick's Execution Fixed For Aug. 29.—Petitioners in Her Behalf Number 100,000—Brierly's Statement.

LONDON, Aug. 12.—The election in the north division of Belfast to fill the vacancy in the House of Commons caused by the death of Sir William Ewart, Conservative, resulted in the return of Sir Edward Harland, Conservative.

In the debate on the Tithes Bill in the House of Commons to-night Charles W. Gray (Con.) moved that the Tithe rent charge be recoverable from the landlords only.

The motion was rejected 145 to 141.

The smallness of the majority elicited cheers from the Opposition.

Mrs. Maybrick's Doomsday.

LIVERPOOL, Aug. 12.—Monday, Aug. 26, has been fixed upon as the day for the execution of Mrs. Maybrick, who was last week convicted of poisoning her husband.

Briefly, the paramour of Mrs. Maybrick, in an interview to-day declared that his intimacy with the woman lasted only a short time, and that their relations came to an end on March 21. He blames Judge Stephen for assuming that the intimacy was in progress during all the period covered at the trial. Briefly has sent to Mrs. Maybrick's solicitors a statement tending to prove that the accusations against Mrs. Maybrick are due to a conspiracy on the part of female intriguers who are her enemies.

The petition circulated in Liverpool in behalf of the prisoner has received 100,000 signatures.

Mr. Lincoln, the United States minister, and many of the Americans in London have signed a petition for the reprieve of Mrs. Maybrick.

Britain's Egyptian Policy.

LONDON, Aug. 12.—In the House of Lords to-day Lord Salisbury stated that the Government's policy in Egypt would not be altered a hairsbreadth. The country, he said, had improved under English administration. It would be impossible to fix the limit of the stay of English troops there. The Government had entered into obligations which it must fulfil.

Austria's Emperor Visits the Kaiser.

BERLIN, Aug. 12.—The Emperor of Austria was met at the station by Emperor William, Prince Henry and Prince Bismarck. The party drove to the castle through the Thiergarten and Unter-den-Linden. Troops were stationed all along the route. The houses were decorated. Large crowds cheered the Emperors and salutes were fired in honor of the Emperor of Austria. Among those who greeted Emperor Francis Joseph at the station were Count Herbert Bismarck, Gen. Von Moltke and Gen. Von Blumenthal. The meeting between the two Emperors was most cordial. At the palace the Austrian Emperor was welcomed by Empress Augusta and ex-Empress Frederick.

Clanricarde's Agent Fired On.

DUBLIN, Aug. 12.—Mr. Tener, agent of Lord Clanricarde, while riding to Woodford, at which place a number of tenants were to be evicted, was fired upon by some unknown person. Mr. Tener escaped injury but his horse was killed.

The Trial of Boulanger.

PARIS, Aug. 12.—The Senate Court today resolved itself into a legislative chamber and on the advice of M. Develle raised the question of the court's competency to try Gen. Boulanger. The President of the Senate will request the members to pledge themselves to secrecy regarding the proceedings. It is expected the members of the Right will refuse to give such a pledge.

Boulanger's Alibi.

PARIS, Aug. 12.—A letter written by Col. Chevroton, Chief of the Staff of the 13th Army Corps, published to-day, states that he saw General Boulanger at Clermont-Ferrand on the day it is alleged he visited Paris in disguise.

Turkey Warns Greece.

CONSTANTINOPLE, Aug. 12.—It is semi-officially stated that the Sultan has notified Greece that he will regard an attempt by that country to land troops or incite rebellion in Crete as a casus belli. None of the Powers, it is said, will support the aggressive policy of M. Tricoupis, the Grecian Prime Minister. The Grand Vizier of Turkey charges that Greece is fomenting riots in Monaster and Rethymo.

A Riot in Athens.

ATHENS, Aug. 12.—A pro-Cretan demonstration was made here to-day in front of the residence of Prime Minister Tricoupis. The crowd refused to disperse and were charged by the military. During the melee one gendarme was killed and several Cretans were wounded.

A Plebiscite Demanded.

BERNE, Aug. 12.—At a meeting of sixteen Social Democrat societies at Olten a resolution was adopted demanding from the Government an appeal to the popular vote on the question of the creation of the office of public prosecutor. It was the opinion of those present that the creation of the office tended to restrict political liberty.

Turkish Activity.

CONSTANTINOPLE, Aug. 12.—The Porte, in view of the Russian movement on the Armenian frontier, will expedite the new fort work at Erzeroum. A host of men are already constructing redoubts. The Russians are organizing corps of regular cavalry throughout the Caucasus.

The Congo Railway

BRUSSELS, Aug. 12.—The Congo State will ask the Belgian Government for an annual subsidy of £60,000 for ten years to ensure the continuance of the whole Congo railway. The capital for the railway has been subscribed.

To Promote Russian Trade.

LONDON, Aug. 12.—A company has been formed to promote Russian trade in Central Asia. The company's capital is 5,000,000 roubles

A CONGRESSMAN'S MOTION

MR. FULTON'S ARTICLE ON THE BEHRING SEA QUESTION.

He Says Russia's Sovereignty Was Never Officially Questioned or Denied, and Thinks the United States Title Good

SAN FRANCISCO, Aug. 12.—Congressman Felton has written an article on the question of the rights and title of the United States in Behring Sea. Mr. Felton was a member of the conference committee between the Senate and House in the last Congress which passed the bill amendatory of the laws regulating fur seal fisheries in Behring Sea. The writer first cites the well-known facts on which Russia's title to Behring Sea was based, and gives the history of Russia's control of Behring Sea up to date of cession of the same to the United States.

In 1868 Russia ceded to the United States all that part of Behring Sea east of a given line running nearly northeast and southwest through this sea, and retained the title and control over the part of Behring Sea lying west of the said line.

The writer then says that history shows that Russia, from her discovery of Behring Sea down to the cession to the United States, controlled the navigation of its waters and the taking of its marine life. To this end her navy patrolled it and in pursuance of her laws has taken, confiscated and burned marauding vessels. She has since pursued and is now pursuing the same policy in her part of the Behring Sea.

Referring to the fact that the United States and Great Britain entered protests with Russia against certain manifestos issued by that government in 1821 claiming certain rights over North Pacific waters, Mr. Felton shows that these protests evidently had reference to waters south of Behring Sea. He then adds: "In all protests, correspondence, negotiations and treaties there is no allusion to Behring Sea, Aleutian Islands or to any region of country or sea within 1000 miles of its eastern border, whence the sovereignty asserted and maintained by Russia over that sea from its discovery to its partition and cession to the United States, a period of over 140 years, has never been officially questioned or denied, and again had it been understood that the waters of Behring Sea and its marine were free to fishermen of all nations, including ours, there could have been no incentive on the part of our Government for its purchase. Whatever title Russia had at the date of its transfer to the United States must be conceded to this Government until it is established that Russia had no title to the same, which the writer apprehends cannot be successfully accomplished."

The Wisconsin Pearl Craze.

ALBANY, Wis., Aug. 12.—The hunt for pearls continues. The people have almost gone wild and business has been practically suspended. Several pearls of considerable value have been and are still being found, but no large sums have been paid for them. At Evansville on the Rock River a pearl was found in a clam shell picked up there last night which was indeed a beauty and estimated by local jewelers to be valuable.

A Colorado Cave Discovered.

DENVER, Col., Aug. 12.—A story comes from Aspen, Col., that a remarkable cave has been discovered in one of the mines in Aspen Mountains. It contains several rooms of great beauty. A flint axe was discovered and also the petrified remains of several human beings in different attitudes. The bodies are not those of Indians.

Dropped 80 Feet for Fun.

CINCINNATI, Aug. 12.—Otto Sieglar, aged 15, let himself drop from the Suspension Bridge, a distance of 80 feet, into the Ohio River last night for the amusement of a few companions. The boy was not hurt.

The Georgia Duelists to be Extradited.

ATLANTA, Ga., Aug. 12.—Calhoun and Williamson have returned to Georgia. The Governor of Alabama will demand the extradition of the duelists. Governor Gordon of Georgia says he will honor the requisition.

Quebec Province's Only Distillery.

MONTREAL, Aug. 12.—Phillip Lamoureux of Chambly Basin is converting his breweries into a whisky distillery, $500,000 being put into the enterprise by capitalists. It will be the only distillery in this province.

The World's Fair.

NEW YORK, Aug. 12.—A meeting of the World's Fair Finance Committee has been called for Tuesday next. The first meeting of the Committee on Sites and Buildings will be two days later.

The Principals, at Least, to be Punished.

NEW ORLEANS, Aug. 12.—The general impression is that the principals of the late prize fight will at least have to serve a term of imprisonment.

Lucknow Votes $10,000 for Waterworks.

LUCKNOW, Aug. 12.—The bylaw voted on here to-day to raise $10,000 to establish a system of waterworks was carried by a majority of 53.

The Town Decorated in Their Honor.

WINNIPEG, Aug. 12.—The Champion Senior Four of America were merrily welcomed home to-day, the town being gaily decorated in their honor. A procession was formed, which included the fire brigade, city council, athletic clubs and citizens generally, and congratulatory speeches were made.

Winnipeg's Successful Cricketers.

WINNIPEG, Aug. 12.—In the cricket tournament now going on here, Winnipeg easily defeated Pence by 151 runs and 2 wickets.

In Winnipeg vs. Territories the latter made 40 runs and Winnipeg 240 for three wickets.

Banner Thomas Coming to America.

SYDNEY, N. S. W., Aug. 12—Thomas, the crack four and ten mile champion runner, will compete in the American and Canadian championships in the Fall. Thomas has a marvelous record, and is said to be superior to Conneff at all distances.

The Ball Record.

INTERNATIONAL ASSOCIATION.

At Hamilton (first game): Hamilton 6, Syracuse 15. Second game: Hamilton 11, Syracuse 3.

At Toronto (first game): Toronto 7, London 9. Second game: Toronto 22, London 9.

At Toledo: Toledo 12, Rochester 3.

At Detroit: Detroit 17, Buffalo 11.

NATIONAL LEAGUE.

At Cleveland: Cleveland 3, New York 4.

At Chicago: Chicago 9, Philadelphia 11.

At Indianapolis: Indianapolis 4, Washington 8.

At Pittsburg: Pittsburg 3, Boston 5.

AMERICAN ASSOCIATION.

At Cincinnati: Cincinnati 6, Baltimore 7.

At Louisville (first game): Louisville 3, Athletics 9. Second game: Louisville 8, Athletics 10.

At St. Louis: St. Louis 11, Brooklyn 0.

At Kansas City (7 innings): Kansas City 10, Columbus 1.

The Bisleys Runs.

GREENSBURG, Pa., Aug. 12.—No demonstration was attempted by the Huns at the Hecla to-day. A fight occurred between the Huns at Mammoth this afternoon and one received probably fatal injuries.

Honors for Batting and Bowling.

LONDON, Aug. 12.—G. S. Patterson of the Philadelphia cricket team takes the prize offered for the best batting record made during the tour of the team and H. P. Bailey wins the cup for the best bowling record.

The Champion Beaten.

ASBURY PARK, N.J., Aug. 12.—In a running match of 100 yards for medals here to-day J. C. White of the New York Athletic Club beat W. C. Dohm, the champion of the world for half a mile. White won by three feet. Time 1.0 3-5 seconds.

Kingston's Celebration.

KINGSTON, Aug. 12.—The 200th anniversary of the closing of the gates of Derry was celebrated here to-day by the Prentice Boys. The corps present from Toronto were Royal Crimson Knights Division No. 2 P.A.P.B. and Prince Alfred Pioneer Corps L.O.L. 501. Rain interfered with the procession, but otherwise the celebration was a success.

THEY DON'T DO IT NOW.

Senator Clemow Says Gambling for Large Sums Doesn't Go at the Rideau Club.

OTTAWA, Aug. 12.—Speaking of Mayor Erratt's statement that there was no more gambling at Le Club des Amis than at the Rideau Club and like institutions Senator Clemow stated to-day that it was not true that gaming of any kind was permitted in the Rideau Club. "The rules strictly prohibit it," said the Senator. "Over two years ago when it came to the notice of the committee that card-playing for large sums of money was being carried on, we had it stopped. The club would have been broken up had this not been done, and now the rules are strictly enforced."

Another member of the committee of the Rideau Club turned up the club rules and showed that under these rules poker playing was prohibited, the only card games allowed in the club being euchre and cribbage for not more than 25 cents per point.

The Archbishop had only heard of what appeared in an Ottawa paper relative to the charges of gambling against the members of the Club des Amis, which is run at No. 493½ Sussex-street. Although it was stated that he referred to no particular club, still he denied that statement as in many denunciations from the pulpit of such dens of vice he referred to all clubs in the city in general. He had nothing further to say but hoped the frequenters of such places would be taken to task by the Ottawa clergymen. admitted that gambling is a widespread pastime and expressed a desire to have it suppressed.

ASKING AN INCREASE.

The Government "Comps" at Ottawa Demanding Higher Wages Than "Ordinary Printers."

OTTAWA, Aug. 12.—The employes of the Government Printing Bureau had a special meeting on Friday evening to consider the question of wages. It will be remembered that last year the employes of the Bureau presented a petition to Hon. J. A. Chapleau asking for a higher rate of wages than the union scale, and other benefits. At that time Mr. Chapleau informed them that the Bureau was only then in its first year and was to a great extent an experiment, but at the end of twelve months they would be in a position to reply. The twelve months expired on Dominion Day and this meeting was held to ask the Government to give them an increase. The Government printers at Washington, it is pointed out, receive 30 cents more per day than ordinary printers.

A CONNECTICUT FORGER.

Frederic H. Scharf of Rockville Arrested at Montreal.

MONTREAL, Aug. 12.—On Saturday afternoon Deputy Sheriff Henry Palmer of Rockville, Conn., came to the Central Station and laid information against Frederic H. Scharf, who, he said, had skipped from Rockville after commiting a forgery. Scharf was found at the City Hotel and was just on the point of departure for Europe when he was arrested. The prisoner was brought before Mr. Justice Loranger to-day. J. Kite, cashier of the First National Bank of Rockville, appeared and stated that about two weeks ago two promissory notes for $1500 were offered at the First National Bank by the accused and cashed by the bank, all suspicion being taken away by the fact that the notes were endorsed in the handwriting of Henry Burke, one of the wealthiest citizens of the place. Last week the notes came due and as Scharf could not be found Mr. Burke was called upon to settle the matter and he designated the endorsation of his name as a very perfect forgery. Scharf pleaded not guilty to the charge of forgery and was remanded for eight days. He had only $324 in his possession. Extradition proceedings are to be begun at once.

FIRES OF A DAY.

A $6000 Loss at Belgrave, Ont.—Two Buildings at Collingwood Burnt.

WINGHAM, Aug. 12.—A fire broke out in the sheds adjoining Hamilton & Tovell's store at Belgrave this morning and but for the exertion of the people the whole village would have been destroyed. Hamilton & Tovell will lose heavily: their stock, valued at $9000, was almost totally destroyed. Insured in the Perth Mutual $2000, Wellington Mutual $2500, Waterloo Mutual $400. Cause of fire unknown.

A Collingwood Conflagration.

COLLINGWOOD, Aug. 12.—Another fire of a disastrous character started at an early hour Saturday morning in the machine shop and foundry of George McKenzie, Fifth-street, destroying the building and contents; insured for $1200 in the Ontario Mutual. The rough-cast dwelling on the next lot, owned by N. B. Hilborn and occupied by Mrs. Ovas, was also totally destroyed; insured in the Mercantile for $600.

A Hotel Burnt.

PARIS, Ky., Aug. 12.—The Hotel Arlington at Blue Lick Springs was burnt last night. No lives were lost, but the guests lost most of their clothing and jewelry.

An Incendiary Blaze.

LIVINGSTONE, Mont., Aug. 12.—Yesterday an incendiary fire destroyed the Parke Opera House, three dwellings and a portion of Gordon Bros.' lumber yard. The loss is considerable.

A German Village Destroyed.

BERLIN, Aug. 12.—A fire broke out Saturday in Sachsenberg, Waldeck, and burned until to-day. The village was entirely destroyed.

A STEAMBOAT COLLISION.

The Alberta Runs Into the Oregon in the Neebish Rapids.

SAULT STE MARIE, Mich., Aug. 12.—The steam barge J. C. Gilchrist, downward bound, grounded heavily yesterday on the black stake side of Neebish Rapids. The steamer Oregon, while pulling on the Gilchrist, was run into by the Canadian steamship Alberta. The Oregon had her starboard quarter near the fantail cut down to the water's edge and is leaking. The Alberta struck heavily on the red stake side, but escaped without serious injury and is on her way to Owen Sound with a large number of passengers. The collision was owing to the rapid current causing the Oregon to go broadside in the narrow channel.

The Artists at Strathallan.

BARRIE, Aug. 12.—These members of the Ontario Society of Artists accepted the invitation of their president, Hon. G. W. Allan, to a day's picnicking at his beautiful country seat, Strathallan: W. Revell, vice-president; R. F. Gagen, secretary; Hamilton McCarthy, J. L. Foster, W. D. Blatchley, Arthur Cox, W. A. Sherwood, M. Sannaford and J. Payne. The day was spent in sketching and viewing the many beautiful points of interest on Lake Simcoe, where Strathallan is situated. The artists met Sir Alexander Campbell and a pleasant afternoon was spent. All of the artists made sketches, which were presented to Mrs. Allan.

Believed To Be In Montreal.

BOSTON, Aug. 12.—Recently the firm of H. W. Tilton & Co., stock brokers, was dissolved, H. W. Tilton continuing at the old office. For some days afterward Henry J. Higgins, Pelton's ex-partner, visited the place early every morning, opened the mail and took checks from letters, endorsed them in the firm's name and got them cashed. The amount he thus obtained is said to be $3200. It is also charged that he embezzled $2800 from Tilton before the firm was dissolved. Higgins is believed to have gone to Montreal.

At St. Kitts.

ST. CATHARINES, Aug. 12.—The celebration in honor of the relief of Derry held in this city was a complete success. Visiting members of the various Orange societies were here from Toronto, Hamilton and nearly all the towns and villages in the district, the former city contributing the largest number.

Suicide of a Hotelman.

READING, Pa., Aug. 12.—Last night the body of George Dries, a well-known hotelman, was found hanging in a stable. He left a note giving directions as to his funeral and wound up by saying, "Good night to all my friends."

BURKE'S GREATEST FEAR.

MORE THAN THE GALLOWS HE DREADS "REMOVAL."

He Would Probably Confess Rather Than Be Afraid of Being Murdered—The Attorney for the Defence Not Recognized.

CHICAGO, Aug. 12.—Martin Burke has developed another fright, and has begged the jail officials to keep a close watch over him and not allow any suspicious characters in his vicinity. States Attorney Longenecker was asked: "What seems to be the difficulty in securing a confession from Burke?"

"Simply this, that he is afraid of being murdered," replied the official. "He shows very plainly he considers that the danger of being murdered if he should confess is vastly greater than that of being hanged if he does not."

"How many witnesses are there to Burke's identity?"

"At least seven. There are old Mr. Carlson and wife, young Mr. Carlson and Mrs. Martensen, the expressman, and two people up in Lake View with whom Burke changed money. Oh, we've got him dead to rights!"

"How many of these witnesses have seen him since he went to Winnipeg?"

"None but Martensen and young Carlson."

"Why is that?"

"I can't say. I think it would be well for them to see him at once, and I will order it."

Burke's attorney declares the State is not giving his client a fair show. They say the additional witnesses to his identity will be shown the prisoner and told, "This is Burke," and of course they will recognize him. The attorneys for all the prisoners practically admit that they are not sanguine as to the outcome, principally owing to the great public feeling against the accused.

He Was "Frank Williams."

CHICAGO, Aug. 12.—Martin Burke, the Cronin suspect, was to-day identified by Mr. and Mrs. Carlson, the owners of the cottage in which Dr. Cronin was murdered, as the man who rented it from them giving the name "Frank Williams."

PERSONNEL OF CAMP NO. 20.

The Large Number of Policemen Belonging to It May Explain Many Things.

CHICAGO, Aug. 12.—The full list of the members of the famous Camp No. 20, Clanna-Gael, is now known. A surprise in connection with this matter is the number of policemen who belong to the camp. Dan Coughlin's number is 94. Policeman Brown of the Stanton-avenue station, whose evidence before the coroner's jury was more or less lucid; Officer Peter McHugh of the West Chicago-avenue station; Desk Sergeant Peter W. Kelly, now on duty at the Desplaines-street station; Andrew Rohan, a detective at the Central Station, who did some work on the Cronin case, but did not succeed in finding any of the murderers; Officer Patrick Scott, of the East Chicago avenue station to which Coughlin was also attached; Officer Redmond McDonald, of the Larrabee-street station, and Lieutenant Martin Hayes, in charge of the Twenty-second-street station are among the number. Michael Whalen, the ex-detective, who traveled with Dan Coughlin from the East Chicago-avenue station, and who was relieved from duty, is a member of the camp also.

John F. Finerty, editor of The Citizen, who is to be one of the principal speakers at the anti-Cronin Clan-na-Gael demonstration or picnic, as it is called—at Ogden's Grove next Thursday, is No. 2 in the organization. No. 1 is ex-Sheriff Frank Agnew, now living at St. Paul, who was sheriff at the time Alexander Sullivan was first tried for the killing of Hanford when the jury disagreed. No. 6 was William J. Clingen, formerly the clerk at the Armory Police Court, and a mighty power in municipal politics until he died. Ex-Senior Guardian John F. Beggs is No. 256; Patrick Cooney, "The Fox," who is believed to be as deep in the foul crime, as Martin Burke, is No. 211, while Burke is No. 332. The total membership of the camp is, or was, 382. M. P. Brady, who is also to speak at the anti-Cronin demonstration, is No. 137. Andrew Foy, who can and will tell some interesting tales of how the inner circle of the camp was run, is No. 69. Andrew is believed to be one of the best witnesses the State has. Pat O'Sullivan, the ice man, was not a member of No. 20, but belonged to the Washington Literary Society of Lake View, which Dr. Cronin assisted in founding.

TRACING LOST LUMBER.

Secretary Windom Suspects That It Is Being Smuggled into the U.S. from Canada.

NEW YORK, Aug. 12.—Secretary of the Treasury Windom has ordered that the bonded lumber yard of Burroughs & Co., at Hunter's Point, be closed pending an investigation to be conducted concerning the whereabouts of 2,000,000 feet of Canadian lumber. This order went into effect Saturday, Deput

LACTATED

FOOD

IS THE BEST

The Daily Examiner.

TUESDAY, AUGUST 13, 1889.

THE CREDULITY OF THE AGE.

THIS is an age of sensationalism, and in the region of the occult, the mysterious, the marvellous and the miraculous, the sensationalism rules rampant. Popular credulity seems now to be at its highest flow, and the confidence man, "on the lay," be it hay forks, hulless oats, a new religion or a new pill, finds facile victims. In the domain of disease, the largest credulity seems to reign, the wish for health and relief from pain, apparently quickening the faith of the credulous, they rise to the delusion like a hungry trout to the fly, and being anxious to believe, they do believe with the most absurd facility. We have much vaunted cures by mesmerism, hypnotic hocus-pocus and by so-called Christian Science; there are reams of testimony forthcoming, of marvellous cures, and the visions thus summoned up of stacks of discarded crutches, ought to create a corner in the crutch market—which never comes. The latest healing fad is Dr. Brown-Sequard's Elixir of Life, which is alleged to have all the potent qualities pertaining to that fabled article, over which the olden alchemists spent the midnight oil with the sole success of occasionally being blown up—only that and nothing more. It was to bestow eternal youth upon the partakers of it, remove the weakness of old age and convert the seventh stage of Shakspere's manhood—

—"Second childishness and more oblivion.
Sans teeth, sans eyes, sans taste—sans everything."

into rampant manhood, riotous with all the muscular vigor of youth. Dr. Brown-Sequard is a great physician, standing at the head of his class, and of course the alleged discovery by him of the elixir of life had a tendency to stimulate the popular faith and make marvellous cures easy. The papers of the past few days have been reeking with "well-attested" records of wonderful cures—told with that circumstantiality of detail, that made them, to the vulgar, confirmation strong as proofs of Holy Writ. Of course these were chiefly lies and imagination. Investigation simmers the nineteenth century Elixir of Life down to a very good tonic or stimulant with the enlivening qualities of "a little champagne." And this little exhilaration has been magnified into the production of marvellous re-creation of almost defunct manhood, a dose of the "orathur"—elixir—making rheumatic wrecks of ninety years of age skip like lambs and gambol like gymnasts. It appears, as the following will show, that the Elixir of Life, so far as marvellous claims go, is all moonshine—that it has some good qualities and that the imaginative hyperæsthesia and callow credulity of the present day enable the public to gulp down the alleged remedy and the yarns about it with the facility of the receptive shark, whose ample maw engulphs any thing that comes in its way, from a shrimp to a saw mill. Bearing in mind the ship-loads of reports of marvellous cures of Dr. Brown-Sequard's Elixir of life, the reader will see in the despatches below—a very mild—comparatively—dose of alleged cures, and a decided exposure of the bogus curative powers of the much extolled medicament:—

INDIANAPOLIS, Aug. 10.—Since an apparently successful experiment with Brown-Sequard's elixir upon Noah A. Clark last week, 25 enfeebled and infirm old men in Indianapolis have applied to physicians for injections of the substance, and all are now undergoing the first effects of it with varying manifestations. Four patients of Dr. E. C. Woodbury, who were each given injections of 60 drops, have been doing things which they have heretofore been unable to do for twenty years. One man read a newspaper in the twilight without spectacles, which he had not done before for ten years. A commercial traveller declared that it afforded him relief from chronic spinal troubles. Dr. Punnan, who experimented upon Clark with such success, yesterday administered the injection to eight persons, six of whom are prominent in business, and are averse to having their names made public. Each was given 30 drops of the elixir. Dr. W. B. Fletcher, former superintendent of the Indiana Insane Hospital, is also making experiments, and reports gratifying results except in one case, where it had no perceptible effect. Many persons have been given the injection at the city dispensary, and among the decrepit men of the city the elixir has become the rage. Many of the physicians, however, publicly denounce it as a humbug, and refuse to have anything to do with the experiments that are being made.

WASHINGTON, Aug. 10.—Dr. Hammond says Dr. Brown-Sequard's "Elixir of Life" is not a remarkable discovery. The sensational publications about the new preparation are not authorised or justified in any way. The Doctor explained that the new remedy was believed to be in the nature of a tonic which it was thought would be beneficial, especially to old people. He denounced as foolish the story that it was something that was going to prolong life indefinitely, or restore old people to youth, or anything of that kind. He declared that neither he nor Dr. Brown-Sequard ever called it the "Elixir of Life," or authorised anybody else to give it that name. He treated the matter in his conversation as still in the experimental stage. In response to an inquiry he said his investigations had been exerted in the line of those of Dr. Brown-Sequard, who was the originator. He (Hammond) used lambs instead of Guinea pigs, but he did not know that Guinea pigs were not as good.

Aug. 10. Health Co[illegible]

Dr. De Wolf has administered the Brown-Sequard elixir once a day to ten persons every day since last Tuesday. In no case has it been followed by any unpleasant or injurious effects. Some of the patients claim to have been much benefited. The effects on a lady suffering from nervous prostration have been very marked and beneficial. Dr. Hathaway, who is a great sufferer from heart disease and dropsy, has undergone little or no change. The health officer believes that in conditions of exhaustion without organic disease the "elixir" acts as a stimulant without any subsequent depression. The people who are benefited begin in a few minutes to feel well, as if they had taken a little champagne, and they keep on feeling so. The good done seems to be permanent.

A GROCER writes to a contemporary, complaining of the difficulty of collecting accounts from dishonest customers. Why should there be so many accounts to collect? Is it not the fact, enquires the Hamilton *Times*, that many grocers encourage the credit business, in order to make sure that their customers shall not run about from store to store, as they might do if they had cash in their pockets? We are aware that many wealthy people run accounts with the grocers and the butchers, and pay by cheque at the end of the month. But the complaining grocer probably had in mind workingmen who get paid once a month, and whose wages are pretty well spent before they are drawn. Now, if the grocers were not so free with their credit, the probability is that most of these wage earners would soon get a month's pay ahead, and have their money in hand before their wives went out to spend it for flour, tea and sugar. They might not always go to the customary place, but they would spend just as much money, and the honest ones would not have to pay in extra prices for the losses caused by the default of the dishonest. The more cash business there is done, the better it will be for the public.

THERE is more trouble in the Government Printing Bureau at Ottawa, says the Hamilton *Times*. The concern is more a political machine than a printing office, men being discharged and employed according to their political creed, with the result that in many cases old, tried, expert and steady printers have received their discharge, while incompetent men, but Tories, have been pitchforked into their places. Now, however, the men, both good, bad and indifferent, have made a request for an increase of wages, but the authorities, who are quite willing to spend thousands of dollars in all sorts of extravagance, such as paying double prices to outside parties to do work which they should do themselves, refuse to grant the rise demanded. Like the Galt employers who have just broken the back of the moulders' strike there by importing French-Canadians, the Bureau people are writing all over the country for printers to go to Ottawa to work in the Bureau. They have already telegraphed to Toronto, Montreal and Quebec for hands, and if they do not secure the men there, they intend to ransack this city and London and other places. Should they be successful in their scheme, the printers will have to whistle for their increased pay.

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont, 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BEIN, Shell River, Man. 2w31d

MILBURN'S AROMATIC QUININE WINE is distinctly superior to any other as an appetising tonic and fortifier. dw

25 REASONS

FOR

DRINKING

ROYAL DANDELION COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

DRUNKENNESS

Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For circular and full particulars, address GOLDEN SPECIFIC CO., 185 Race street, Cincinnati, Ohio. eodw

MUNCASTER'S.

THE PISTOL POCKET.

A BRITISH REVIEW OF THE QUESTION OF QUICK SHOOTING.

The Practice of Carrying a Weapon in the United States Universal According to British Authority.

Every pair of trousers has a hip pocket, and so universal is the practice of carrying a weapon that it is known even to tailors as the pistol pocket. An Eastern man never thinks of carrying a weapon in any other part of his attire, and usually he carries it with the butt to the rear, so that he has to twist his shoulder and elbow into awkward and constrained positions in order to draw it. In a sudden emergency, the pistol carried in the hip pocket, butt to the rear, is inferior, as a weapon, to the fist or a stout stick.

In 1879 a drummer for an Eastern whisky house had a dispute with a saloon keeper in Helena, Montana, about the price and quality of a barrel of whisky. The dispute became animated, and the saloon keeper, in vigorous Montana language, accused the drummer of deceiving him. The drummer was excited and warm, and he reached for his handkerchief to wipe the perspiration from his brow. Unfortunately, he had the pernicious habit of carrying his cambric in his hip pocket. The saloon keeper grabbed a pistol from under the bar, and the drummer was gathered to his fathers. Although it was shown that the drummer had no pistol, the fact that he "made a play" for his hip pocket was undisputed, and the Coroner's jury exonerated the saloon keeper on the ground of self-defense.

Men who were likely to be called upon to use pistols soon discovered that while the butt to the rear made the presence of a pistol in the hip pocket less conspicuous, the butt to the front enabled them to draw quicker. Anybody can demonstrate this to his own satisfaction by simply placing his hand in that pocket. To place the palm of the hand against the hip, the shoulder must be thrown back and the elbow swung to the rear at an uncomfortable angle. When the pistol is drawn in this position, the muzzle is pointed toward the body for an instant, and when a man is excited that is a dangerous move, particularly with a self-cocker. One of the first and most important things to be learned about a pistol is that the muzzle is always dangerous. After this experiment put the hand in the pocket with the palm outward and the knuckles against the body. The position of the arm is easy and natural, the elbow is opposite the side and lower down than before, and the shoulder muscles do not bind or feel constrained. When the pistol is drawn the muzzle points downward until it is past the line of the body.

THE FRONTIER SHERIFF.

The first marked improvement on the hip pocket scheme was made by the accomplished gun fighters of Virginia City, Nevada. Dick Paddock, who was killed with his partner, Tom Hughes, by officer Macdonald in the Delta saloon, was the introducer of the sack coat side pocket idea, and the first to demonstrate its marked advantages. Dick's inventive faculty was stimulated, no doubt, by the advent of Farmer Peel, a bad man with a gun, who skilfully perforated Dick's exposed ed ges while the latter was seeking shelter behind an awning post. The farmer was very quick on the draw, could shoot as well drunk as he could sober, and altogether was a man against whom it was well to take every precaution. One evening Dick sat behind the stove in a saloon quietly smoking and minding his own business, when a drunken ruffian, who had made a big winning at faro, entered and began making things hum. The ruffian flourished a big pistol and ordered everybody up to take a drink, threatening to kill all who should refuse. He wantonly knocked one man down with the weapon, and he was becoming deadly dangerous.

THE TENDERFOOT STYLE.

Paddock sat tilted back in his chair, with his hat pulled over his brows, and his hands carelessly thrust in the side pockets of his sack coat, apparently paying no attention to the ruffian. The latter saw him and ordered him up to the bar. Paddock did not move. The bully swaggered up in front of him and said: "Will you drink with me, —— your —— soul, —— you ——?"

"No, I won't," replied Paddock, without moving or raising his head.

"Then I'll blow your ——"

There was a muffled report, and the bully doubled up on the floor with a bullet through his abdomen. Dick would not have revealed his new trick, but the bystanders were quick to see a thing of that kind, and it was not long before every gun fighter on the Comstock had a sack coat with big side pockets.

The advantage of the side pocket is that the pistol can be fired without drawing it, the ball passing through the cloth or the lining of the coat. The pocket must be large enough to give room for the hammer to fall without danger of catching in the cloth. The new hammerless revolvers are the best for this purpose, as there is no exposed mechanism about them to get entangled with anything. A variation of this method is to cut through the lining of the coat, so that the hand can pass from the side pocket through the coat to the hip pocket and seize the pistol, which can be drawn unperceived and fired from under the coat. An overcoat side pocket is the best place for a revolver when one is going home late at night and is likely to meet footpads. It is better to be with-

WILD BILL'S IMPROVEMENT.

toned up under two coats in a hip pocket. A man feels cheap when a highwayman makes him hold up his hands, goes through his pockets, and steals his pistol.

An Englishman, until he has visited America and becomes civilized, wears—an Englishman always wears and never carries a cane, umbrella, or pistol—his revolver in the inside breast pocket of his coat, except when he wears it at the bottom of his trunk. In that pocket it is about as handy to get at as a plaster between one's shoulder blades. When a man wants a gun he wants it in a hurry, but it requires about four motions to reach and draw a weapon from the inside breast pocket, and the hand must travel from the natural position at the side of the leg, a distance of nearly four feet, in making these motions. If the coat is buttoned across the chest, as it is likely to be, the difficulty is increased. The shoulder holster, which had something of a run of popularity in New Mexico a few years ago, is open to the same objections. The holster was suspended under the left arm by a strap passing like a crossbelt over the right shoulder and out through the left armhole of the vest.

THE SHOULDER HOLSTER.

To return the holster in place, and hold it firmly while drawing the pistol, the lower end sometimes was fastened to a belt worn around the waist. The disadvantage of this method is that the right hand must travel across the body and back, in order to draw and fire the weapon. A shoulder holster is good only to conceal a revolver too large for a pocket.

In the evolution of the pistol pocket the tendency has been to get the weapon nearer the customary position of the right hand. A step in the right direction was made by the late lamented Mr. Hoodoo Brown, when he winged Durango Jack with a derringer, which he packed in his right hand trousers pocket. A revolver can be carried in that pocket, but the bulge is apparent. A derringer in each pocket is the correct thing for a man who does not care to carry a large gun and can be happy and contented with only two shots at a gentleman who displeases him. If he is obliged to wear a dress suit very often and go much into polite society, where the bulge of a navy butt would excite remark, the derringers are distinctly superior guns for him to pack. When a man puts his faith to one or two shots, he should use pistols of large calibre. No derringer should be smaller than forty calibre, and forty-five is better. A half-inch round ball, equivalent to fifty calibre, is one too large for a single shot gun. The small bore pistols may inflict fatal wounds, but their bullets do not give the paralyzing shock that puts a sudden end to the argument.—*Pall Mall Budget.*

THE BROWN PATCH POCKET.

A Great Cry for More Women

has been going up from the far west for a good many years, but the cry is not for pale, haggard, debilitated women. The pushing western men are not anxious for beauty, but they need healthy wives. A great cry for health is continually going up from thousands of women, young and old, all over the earth. Countless remedies have appeared in answer. A few have succeeded, and none hold a higher place than Dr. Pierce's Favorite Prescription, a sure cure for all those peculiar "weaknesses" and distressing ailments peculiar to the sex. a

A Single Trial

is all that is needed to prove that Polson's *Nerviline* is the most rapid and certain remedy in the world for pain. It only costs 10 cents for a trial bottle. A single trial bottle will prove Nerviline to be equally efficacious as an external or internal remedy and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by druggists. Large bottles, 25c. Avoid substitutes. 6dw33

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dcrenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

Much injury is done by the use of irritating, griping compounds taken as purgatives. In Ayer's Pills, the patient has a mild but effective cathartic, that can be confidently recommended alike for the most delicate patients as well as the most robust.

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 384 Atlantic ave., Brooklyn, N. Y.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

A FEW more sheets of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

Stony Lake.

The exodus of campers from Stony Lake has begun. The down train yesterday were crowded with passengers returning from the north. Very few are going up. This morning Mr. and Mrs. R. B. McKee and Mrs. Jas. White left for the lakes this morning, as well as a party of strangers for Burleigh. Miss Halliday and a lady friend will join the camp in Gilchrist's Bay.

Brick Shipments.

Messrs. Mark Curtis & Sons are shipping daily consignments of brick to fill an order for 100,000 brick for the Claremont, Methodist church. He has also shipped a carload of brick to Myrtle. Altogether he has shipped a million brick over the C. P. R. The demand from the north was not so active as in other directions. The shipments over the G. T. R. were 150,000.

Wedding Present Prospects.

It is probable, if society gossip can be relied on, that the flirtations of the summer resorts though apparently innocent will result in something serious in the way of matrimony, and there is likely to be a lively demand for wedding presents. The most sensible present would be a caddy of the splendid tea to be found in the stock of Hawley Bros. Splendid teas of all kinds, superb coffees and elegant glassware. Quality A No. 1, and as cheap as good advice.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. 3

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

Remember! Remember!

Remember the auction sale of that beautiful cottage residence, just two doors north of Mr. Thomas Menzies' property on Water street, on Wednesday August 14th. This is the chance of the year, an exceedingly tidy and neat residence 2 stories, white — —, tastily finished and conveniently laid out. Will be sold by auction by Mr Charles Stapleton, and the terms and conditions will be made at the time of sale. Any person needing a neat tidy home in a commanding position, facing the east with no possibility of being built in front of, should not neglect this chance. Remember the sale on the premises Wednesday afternoon at 3 o'clock.

Baseball.

The nine of the Athletics which is going to Orillia with the C. M. B. A. excursion will be chosen from the following players:—"Atkinson" Farley, Baker, "Oldfield," Taber, Adams, McCabe, Harvey, Pete Jackson, ("Mascot") O'Brien, Tighe, W. Chambers, umpire.

C. P. R. Shipments.

Day after day brisk movements mark the traffic of the C. P. R. On Sunday 1 car of Crofter emigrants and 11 cars of imported horses in Palace Horse cars passed through Peterborough for the west. On Monday three cars of horses for contractor James Ross were shipped from Peterborough, for Regina, to be used on new railway work.

A Peculiar Park Entertainment.

The band will play in the park to-night and in connection with the programme will be a series of stereoptican views. This treat for the public is solely due to the enterprise of the members of the order of "Sons of Canada" who have arranged this exhibition for the public entertainment and incidentally to call attention to their excursion to Jubilee Point on Civic Holiday.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crushing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tafw

The Foresters and Niagara Falls.

You have only a short time to prepare for the Foresters' excursion to Toronto, the Canadian Chatauqua and the Falls on Civic Holiday. A delightful journey. Tickets good for two days only $1.75 to Toronto and return, and only $2 to the other points and return. Trains leave on the swift C.P.R. at 4.56 a.m., 7 a.m. and 5.40 p.m. Steamers Cibola and Chicora leave the Yonge street slip, *Toronto*, at 7 a.m., 2 p.m. and 4.45 p.m. Persons crossing on the morning boats can return the same day and home by late C.P.R. train. The Foresters of Court Little John have made the completest preparations for the comfort and enjoyment of passengers and the excursion should be largely patronized. Tickets at the station, at the bookstores and with members of the ord r.

A Narrow Escape.

Last evening Mrs. Richard Moore, 499 Bethune street, met with an accident which resulted in a broken leg, and a narrow escape from instant death. She was walking along the railway track when she observed a train approaching a short distance off. She hurriedly stepped off the track and in doing so slipped upon an oily tie and fell on the rail, breaking her leg. The unfortunate woman swooned and lay like dead on the track, but was seen by some neighbors and rescued from her perilous position. The train stopped after Mrs. Moore had been lifted from the track. The injured woman is troubled with heart disease, and her injury may have more serious results than are looked for at the present.

Complimentary Benefit Entertainment.

Mr. Thomas McNaughton, the champion club swinger of Peterborough, having become so infirm in health that he is compelled to abandon among other aspirations all hope of again entering into athletic exercises. A few of his friends have conceived the idea of a complimentary benefit entertainment, which will be given in the grounds of St. Joseph's hospital on Friday night next. The band and orchestra will be present and a programme of varied and attractive numbers will be presented by the best local talent of the town. Mr. McNaughton in his days of health was very liberal in contributing to programmes of all sorts of entertainments irrespective of denomination or order and there should be a general response to the opportunity of recognizing his numerous and meritorious contributions to the programmes of series of local entertainments.

Prentice Boys' Excursion.

The great Civic Holiday excursion, the excursion of the season will be that of Jubilee Lodge No. 7, 'Prentice Boys. The finest excursion route in the district. The excursion will leave the G.T.R. station at the reasonable hour of 8.30, and go by Chemong Valley road, steamer "Beaubocage" and palace barge "Paloma" to Jacob's Island and Bobcaygeon. First class music on board for those desiring to dance. This is the first annual excursion and picnic, a model for comfort, enjoyment and pleasure. Plenty of accommodation for all. A delightful route. Don't waste the Civic Holiday in long, round-about jaunts but join the 'Prentice Boys' excursion to Jacob's Island. Solid enjoyment every foot of the way. A short, swift railway run, a delightful sail over delightful waters to a delightful island and the romantic village of Bobcaygeon. The cheapest, the pleasantest. Remember too that return tickets are, Adults, 60 cents; Children, 35 cents.

TO JACOBS ISLAND AND BOBCAYGEON — CIVIC HOLIDAY

Chemong Lake Boating Club.

A meeting of the members of the Chemong Lake Boating Club was held in the parlours of the Oriental Hotel on Monday evening. In the absence of the President, Mr. G. W. Hatton, at the A.C.A. camp at Stave Island Thousand Isles, Mr. Alex. Elliott occupied the chair. The committee appointed to select a site for the boat and club house, reported that Solitaire Island had been selected, which Mr. Elliott would convey gratis to the club. The island is a beautiful site, and when equipped in the manner proposed, there will not be a finer boating and canoeing resort in the district. One of the proposed plans for the new building was submitted, and the other plan not being prepared, nor the specifications made out, the meeting was adjourned till Wednesday evening at 8 o'clock, at the same place. The committee on bylaws and rules and regulations, are expected to report at an early date. Meanwhile preparations for the building will be going forward, and the buildings will probably be completed and ready for occupancy before the month is out.

The Great Barnum & Bailey Combination Show Coming.

The great attraction which this will bring to town is no criterion of the immense number of good citizens that have made final arrangements to accompany the grand excursion to Orillia on the 15th Aug, Peterborough's Civic Holiday, which is the only gigantic and cheap excursion leaving town on above date and moreover you must remember that your ticket is good for two days. I suppose you are all aware that the Fire Brigade band has been secured for this occasion. You will therefore see that the committee has left nothing out of the programme for the comfort and amusement of those attending. The above date is a big day in Orillia, lacrosse match between Riversides and Orillias, and the best horse races this season in the province will be held on the 15th. This excellent excursion will be under the direct management of the C.M.B.A. & R.B.A. Associations. You are therefore at liberty to compare all other excursions with this and be convinced that you cannot do better than take this in. For the reasons that it is the best, cheapest and most convenient. There are more attractions than at all the others, and another good feature is that the time for departure and arriving home is reasonable for all; you leave at seven o'clock a.m. and arrive home at nine-thirty p.m. Therefore secure your tickets for this attractive excursion, and you will never have any reason to regret it. You may bet this will be a big day in Orillia. This huge excursion has paralyzed all others and it is no wonder for this is the dazzle of them all.

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

Police Court.

Two Interesting Sawdust Cases—A Government Investigation Being made.

MONDAY, August 13th.

A couple of cow cases were enlarged.

This forenoon John Reardon was arrested while drunk by Acting Chief Adams.

He was brought up before the magistrate this afternoon and sentenced to three hours in the cells, long enough to thoroughly sober him.

THE SAWDUST CASES.

The sawdust cases occupied the court for nearly two hours. The enlarged cases were further enlarged, and two new cases were tried. The complaints were laid by Inspector Gilchrist against Messrs. Irwin and Hazlitt. Mr. A. Stevenson appeared for the prosecution.

Mr. Irwin was charged with a breach of the law on August 10th. Mr. Gilchrist testified to having visited the Nassau mill on that date and saw a large quantity coming down the river from the mill. He saw also a man shoving the sawdust and slabs through the pitman into the water. There was no provision made, he said, to prevent sawdust from escaping from the gang saws into the river.

Mr. Irwin admitted that all the sawdust from the upright gang saws went into the river, but no more, and claimed that the very same precautions were taken now as in 1886, when the mill was inspected by the dep Minister. He challenged Mr. Gilchrist's authority to prosecute, and the latter produced the letter from the Department under which he was acting. It read:—"The Department is advised that mill-owners are relaxing considerably from the provisions of the agreement of 1886, and in connection therewith you will keep a sharp watch upon them and prosecute if necessary," etc. Mr. Irwin called the attention of the court to the agreement in question, which he said was being carried out to the letter; but the magistrate replied that he had no official knowledge of any such document. He had to try the case under the statutes. As to Mr. Gilchrist's part in the matter, it made no difference whether he had instructions from the Government or not. Any private individual had the right to enter an action when they saw the law being broken.

Mr. Irwin then objected on the ground that the Act, (sec. 15, chap 45) under which the complaint was laid did not include the Otonabee river. It read "marine fisheries and inland waters." He claimed that there were no licensed fisheries on this river and therefore it did not come under the fisheries act.

Mr. Gilchrist replied that the river was a maskinonge and trout stream, and as such came under the provisions of the act. Besides he charged Americans for fishing in the river and Rice Lake.

Mr. Irwin took exception also to the magistrate stopping the prosecution from giving information concerning the agreement between the Department and the mill owners, Mr. Dumble having notified Mr. Gilchrist that he need not answer Mr. Irwin's questions regarding the agreement. Mr. Dumble replied that it had nothing to do with the case.

Mr. Irwin asked Mr. Gilchrist if he thought he was competent to judge if all reasonable precautions had been taken to keep the sawdust out of the river. The witness replied that he did not pretend to be a competent judge of the machinery of saw mills, but he could see the sawdust running from the mill into the river.

Mr. Alex. Hamilton, foreman in Mr. Irwin's mill, gave evidence to the effect that the provisions for the disposition of sawdust were just the same now as in 1886, when the Minister inspected the mill. The only sawdust that got into the river was from the upright gang saws, and if "slabs" were put in he did not see it and it was contrary to orders. Anyway the "slabs" would only be pieces of bark that fell off the logs in sawing. All the other sawdust was burned in the kilns.

Mr. Irwin asked that judgment be reserved in this case, as the matter was being investigated by the Minister of Fisheries, and he thought it only fair to reserve judgment until the head of the department had given an opinion.

Another similar charge was entered against Mr. Irwin, dated July 23rd. The same evidence was entered in this case, and judgment reserved on both charges.

MR. MAZLITT'S CASE.

Mr. T. G. Hazlitt was charged with a violation of the Fisheries Act on July 24th.

Mr. Hazlitt enquired if Mr. Stevenson appeared for Mr Gilchrist as a private citizen or as a government official. He said it made a lot of difference, as he was complying fully with the agreement of 1886. Mr. Dumble replied that as Mr. Gilchrist was acting under government instructions, he was a government officer.

The Inspector gave evidence that he had seen sawdust coming from Mr. Hazlitt's mill, and saw a man shoving it into the water. He could not state at which of the gangs this was, though Mr. Hazlitt wished him to be positive in order that he might prove that the inspector was mistaken. He said there were two men constantly at work wheeling away bark and such refuse. They carried away all the sawdust they possibly could, and Mr. Hazlitt said they could do no more to prevent it getting in the river unless the mill was shut down.

Mr. Gilchrist said he saw a man shoving the sawdust in at the upright gates, and Mr. Hazlitt explained that it could not be helped. The sawdust could be disposed of in no other way on account of the logs following so close upon each other in sawing, and the mill, being old fashioned, had such low ceilings that there was not sufficient room to put in carriers under the pitman.

Mr. Gilchrist stated that since the first charge the shingle mill had been altered so that no sawdust escaped from it now, but Mr. Hazlitt replied that there had been no change made, and there hadn't been any sawdust coming from it.

No other evidence was taken and judgment was reserved.

Y. M. C. A. Camp, Stony Lake.

JUNIPER ISLAND, Aug. 12, 1889.

Mr. Thos. Ratcliffe, of Toronto, gave Bible reading on the "Lord's Second Coming" on Friday and Saturday. The Sabbath was a day full of meetings and great blessings to us all. All the services were well attended and much interest was manifested by all. At 11 a.m., Mr. Thos. Ratcliffe gave a practical reading on "Sowing and Reaping." At 3 p.m., Mr. J. E. Williams, Kingston, gave a Bible reading on the "Holy Spirit," which was heartily enjoyed by all; at 4 p.m., a Gospel and Song Service was conducted at Eagle Mount for the men employed there in the quarry, which was attended by almost all the men who showed their appreciation of this favor by their close attention to all the talk and their hearty singing. We are satisfied much good will result from these services. The following took part in the lessons:—Messrs. T. Ratcliffe, F. B. Utley, A. Allan, R. C. Hunter and R. J. Colville.

At 8 p.m. a gospel song service and camp fire was held. Mr. Cole led the meeting and the other secretaries took part. The singing was hearty and close attention was paid by the large audience present, over three hundred people, mostly young men. At the close one young man remained to have a personal conversation about his eternal welfare, and went away rejoicing in Christ as his Saviour. To God be the glory; great things He has done.

Some of our party went to-day on an excursion to Eel's Creek, and this evening Mr. Cole will resume his Bible Readings.

On Wednesday evening a farewell service will be held when we shall have a camp fire and Gospel song service. A number of us will remain until after the Y.M.C.A. Band excursion, Thursday, 15th inst.

Personal.

Chief Hossal is away on a week's holiday trip.

The Chicago *British American* says:—Miss Mary McNaughton, from Peterborough, Ont., is visiting her brother Mr. L. McNaughton at 2826 Wabash Avenue.

Mr. Wm. Yelland's many friends will be pleased to learn that he is rapidly recovering. He can talk quite freely now, and is regaining his strength.

Mr. Wm. B. Marr, of Aitken, Minn., formerly one of the boys, is on a visit to Peterborough, after an absence of twelve years, looking up old acquaintances. He finds it rather a difficult task, as few of the old faces are to be met with around town. He is looking well, and the western air agrees with him.

—The contract for the new market building was not let last night. The committee meet again this evening, when the contract will probably be awarded.

The Late Richard Jarvis.

To the Editor of the Examiner:

DEAR SIR,—Our attention has been called to a letter in the *Morning Times*, "Signed" by Wm. Croft, in reference to the late R. Jarvis, in which the Society of the S.O.E. are falsely represented, and we are therefore called upon to make our position public. Mr. Croft says that he (R. Jarvis) was a member in good standing. Well that may be, but we know nothing about it. Mr. Jarvis was a resident of this town for over a year, and was well acquainted with the members of both local lodges, but not one of them knew that he was in any way connected with our order.

There are two lodges in town, and each of them holds two meetings each month, but Mr. Jarvis never once recognized them, or made himself known. The first and and only intimation we received that he was a member, was from Mr. E. Brown, on Sunday afternoon, after the fatal accident, and as regards his standing or membership we are yet in the dark.

Mr. Croft is an honorary member of Lansdowne lodge, and and it would have been much more in place if he had asked explanation in the proper quarter, instead of running to the press, who know nothing respecting the matter. He may be given the opportunity to explain himself.

Signed, { F. J. R. MITCHELL, W. S
E. W. ELCOMBE, W. P.
Lansdowne.

Peterborough, Aug. 13th, 1889.

The Relief of Derry.

The Relief of Derry celebrations on Monday, August 12th, were grand successes. At Fenelon Falls a monster mass meeting was held, at which the principal speakers were Col. Henry O'Brien and Mr. Barron, M. P. At Kingston, St. Catherines, Port Hope, Barrie and other places the day was celebrated. Some of the local 'Prentice Boys and True Blues, whose names were published in Monday's EXAMINER, attended the Kingston demonstration. The proceedings were considerably spoiled by rain, the Orangemen having to parade in a drizzling shower. It was however a success.

FELL OFF THE TRAIN.

William Butler of Hamilton Frightfully Mangled and Killed While Holidaying.

COOKSTOWN, Aug. 12.—William Butler of Hamilton, en route to Orillia on the excursion train, fell off the train near Beeton Junction this morning, and had his head completely severed and his body badly mangled by the train passing over him. The body was sent to Hamilton this afternoon.

Death of a Moravian Bishop.

BETHLEHEM, Pa., Aug. 12.—The officials of the Moravian Church to-day received a cablegram from Herrnhut, Germany, announcing the death from apoplexy of Bishop Amadeosa Reinke of New York. Bishop Reinke went to Herrnhut last spring as a delegate to the Moravian General Synod of the World. He was the senior bishop of the Moravian Church and was 71 years old.

Appointed A.D.C. to the Governor-General.

OTTAWA, Aug. 12.—The last Horse Guards Gazette contains this announcement: Lieut the Hon. E. G. V. Stanley, Grenadier Guards, is appointed to be side-de-camp to the Right Honorable Lord Stanley of Preston, G.C.B., Governor-General of Canada, from Aug. 8. This supersedes Capt. Bagot, who will probably not come out again. Mr. Stanley and Mr. McMahon will be the two A.D.C.'s and Capt. the Hon. C. R. Colville will remain military secretary.

Robbed of $3500.

BELVIDERE, N. J., Aug. 12.—William Shurtz, a wealthy farmer, went to Washington and drew $3500 out of the bank this morning. On the way home he was asked to ride by a stranger. They soon met a second stranger in a secluded place. Shurtz was then overpowered and robbed. The strangers drove hurriedly away leaving the old man in a dazed condition.

The Country of Storms.

HIAWATHA, Kan., Aug. 12.—A severe rain, hail and thunder storm passed over this county to-day. J. P. Harper was struck by lightning in a field near here and killed. At Robinson several houses were struck by lightning. The corn crob in the northern portion of the county was ruined by hail. Several highway bridges were swept away by rising creeks.

Four Bars London Electric Soap for 25c.

DON'T READ THIS
If you want to Save Money.

HAVE you any money in a Saving's Bank or other investment paying you from 3 to 6 per cent. interest? Yes, well that may be a safe way of making money but will you not die of old age before it will amount to any considerable sum. The great majority of rich men in all parts of the world are extensive owners of Real Estate, consequently a wise investment in such must be a step in the right direction. I claim to be a good judge of the value of property and I speak truthfully when I say that I have a great variety of property for sale, several parcels of which is offered very much under value. The man who has $25.00 can buy a $100 lot and pay the balance at the rate of $25.00 per year, and before he has it paid it will resell for $200, larger properties in same proportion. Visit my office, examine my properties, and you must acknowledge the correctness of my statements. Those bargains open until 20th inst.

J. C. Turnbull.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00. Bargains like these go quickly. Plenty of other points of special interest.

30 cts. Scotch Ginghams for 12½

WARM
WEATHER
CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

Peterborough, P.O.
July 16th, 1889. d14

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low price."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar.
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

NOT A GLEAM OF HOPE.

THE SENTENCE OF MRS. MAYBRICK WILL BE EXECUTED.

Justice Stephen Upholds the Verdict in a Conference With the Home Secretary and Mr. Matthews Said to Concur.

LONDON, Aug. 13.—A meeting to consider the case of Mrs. Maybrick was held at the Cannon-street Hotel to-day. A resolution was adopted to petition the Home Secretary for a remission of her sentence. The meeting was largely attended.

Judge Stephens had a long interview with Home Secretary Matthews to-day with reference to the case of Mrs. Maybrick.

It is reported that in the interview with Home Secretary Matthews Judge Stephens upheld the verdict in the case of Mrs. Maybrick and Mr. Matthews concurred.

Mrs. Maybrick Weeps for Her Children.

LIVERPOOL, Aug. 13.—Mrs. Maybrick is in a very depressed state. She passes the hours in moaning for her children and weeping. The chaplain of the prison is devoting much of his time to the condemned woman and she appears to greatly appreciate his visits.

Austria and Germany.

BERLIN, Aug. 13.—The White Army Corps of the Guards paraded to-day before the Emperor of Austria, making a brilliant display. The weather was splendid. The Empress appeared on horseback. Emperor William commanded the troops and led first the entire corps and afterwards the First Regiment of the Guards past the visiting sovereign, who then headed the regiment bearing his name and marched past Emperor William.

Emperor Francis Joseph and Prince Bismarck were closeted together for over an hour to-day. Subsequently the Chancellor and Count Kalnoky conferred together, the interview lasting an hour.

A banquet was given at the Schloss this evening. Emperor William in a toast warmly welcomed the Austrian Emperor and said:

"You have learned from the joyful reception given you of our warm and lively consciousness of the friendship that has existed between our peoples for a century. Before all is our army, a portion of which you have seen proud of appearing before your keen soldierly eye. My people, like the army, will hold firmly and faithfully to the alliance which we have concluded. The army knows that for the maintenance of peace it will have to join the gallant army of Austria and if Providence so wills is they will fight together shoulder to shoulder."

Emperor Francis Joseph returned thanks for the brilliant reception accorded him. He drank to the health of his friend and ally so near to his heart, inseparable in brotherhood and comradeship, to the health of the gallant armies of Germany and Austria and to the strengthening of the guarantees of peace for the allied states and the whole of Europe.

Guilty of Conspiracy.

PARIS, Aug. 13.—Upon the opening of the Senate Court to-day the members of the Right declined to take further part in the proceedings in the case of General Boulanger. The court discussed at length its course of procedure and its competency to try Boulanger. It was finally decided, 201 to 7, that the court was competent to try the General on all the counts of the indictment. Two of the Senators refrained from voting. The court then by 306 votes found the General guilty of conspiracy. Six of the Senators did not vote. The court found Count Dillon and M. Rochefort guilty of complicity in the plot. It was also decided, 198 to 10, that Boulanger was guilty of a treasonable attempt against the State in connection with the Lyons depot incident.

The General Was Ineligible.

PARIS, Aug. 13.—The State Council has annulled the elections in 12 cantons in which General Boulanger was elected to the Councils-General on the ground that the General was not legally eligible. Gen. Boulanger has written a letter stating that he gave the same which he is accused of embezzling to the chief clerks in the War Office to be used for the relief of widows and orphans of soldiers.

A Muscovite Warning.

ST. PETERSBURG, Aug. 13.—The Novoe Vremya in an inspired article says: The outside powers will make themselves sorely felt when the triple alliance attains its real object, that is war.

An Italian Honor for Edison.

ROME, Aug. 13.—King Humbert has appointed Thomas A. Edison a Grand Officer of the Order of the Crown of Italy.

Passed Its First Reading.

LONDON, Aug. 13.—A bill introduced by Mr. Healy, providing for an appeal in all criminal cases in Ireland, passed its first reading in the House of Commons to-day.

Hamilton is Happy.

HAMILTON, Aug. 13.—Col. Aussen of the Thirteenth Regiment of Brooklyn, N.Y., yesterday telegraphed Carnival Secretary Smith that the Thirteenth, 600 strong, would be here on military day of the carnival week, providing the Canadian Government would give permission for them to come under arms. Adam Brown, M.P., Alex. McKay, M.P., and Senator Turner immediately telegraphed Sir Adolphe Caron, Minister of Militia, at River du Loup, urging him to grant the permission. A prompt reply was received as follows:

Will be only too happy to grant permission, but it must be asked through the Washington authorities, who will forward it through the British Minister to the Canadian Government, when leave will be granted.

"SUICIDE IS CONFESSION."

O'Sullivan, the Iceman, Attempts to Hang Himself in His Cell.

CHICAGO, Aug. 13.—Pat O'Sullivan, the iceman, charged with complicity in the murder of Dr. Cronin, attempted to hang himself in jail yesterday, but the guard frustrated his purpose.

Boodle for the Detectives and Lawyers.

PHILADELPHIA, Aug. 13.—The annual athletic exhibition of the Clan na-Gael yesterday was attended by 25,000 persons. The profits, amounting to $5000, will be devoted to securing the arrest and punishment of the murderers of Dr. Cronin.

KICKED BY A HORSE.

The Nephew of a Toronto Clergyman Badly Injured at Burlington.

HAMILTON, Aug. 13.—This morning about 11 o'clock a young nephew of Rev. J. Lanceley of Toronto, who is spending his summer at Burlington, was leading a horse in the yard when the animal started and, in endeavoring to hold it, the boy was kicked in the face and very badly injured. The injuries may be fatal. The boy's parents are in England at present.

THE QUEEN'S ILL HEALTH.

A SUFFERER FROM SCIATICA AND RHEUMATISM.

It is Hoped That She May Get Rid of Her Trouble Shortly—The Prince of Wales' Bad Leg.

LONDON, Aug. 13.—The Queen is still suffering very much from sciatica and rheumatism, which causes her great pain and prevents her from sleeping. She was better toward the end of the week, and the doctors hope that she may, with quiet and fine weather, get rid of her trouble shortly, but the want of sleep tells on her greatly. She is not going to Strathpeffer after all. Dr. Powell and Dr. Reid think that the quiet, bracing air of Balmoral will be sufficient to cure her, added to which the Queen is very anxious to remain quietly there for some months.

The Prince of Wales has been suffering very much from his leg since he went to Cowes. A vein, which has never resumed its normal size since he had typhoid fever, swells and causes him great pain from time to time, and lately it has been very bad, making his leg of enormous size and preventing the Prince from walking or riding much. Indeed, with a varicose vein of such long standing and size as the one from which the Prince suffers, he ought to lie up for some weeks and not use his leg at all. The doctors, of course, know that this treatment is not possible, as the Prince, being a hearty eater, requires a certain amount of exercise. He goes to Hamburg in a few days, but his time there is generally more for amusement than health.

Emperor William was specially pleased with the performance of the artillery and the volunteers at Aldershot, and certainly nothing amused him so much as the fall of the unlucky German admiral whom he shook warmly by the hand and reassured with these words: "I honor your dismounting to greet me." The telegram despatched from Osborne on Monday to have 22 efficient dismounted men in attendance at the railway stations to assist the Emperor's staff to mount, caused a good deal of fun at headquarters; but the German Emperor, on the other hand, was very sarcastic over the charge of squadrons of lancers and hussars on 3000 infantry, extended in line. He remarked with reason that not a single man could possibly ever have reached his destination. The Kaiser was extremely industrious in looking into the heart of things, galloping around from point to point with a recklessness which rather disconcerted several corpulent officers in attendance on him. He himself is rapidly increasing in weight, and is already quite as heavy a man as was his father in his mature prime. Steadlong rider as he is, his seat on horseback is the reverse of good, being the very loose and buckling sort of a seat that the old school of riding masters used to objurgate as a "washball seat." There cannot be much amiss with his left arm, since he holds the reins in his left hand, and without employing his right, can pull a horse on his haunches from a gallop.

Lord and Lady Lansdowne are rapidly gaining the confidence of all classes in India, and there is every prospect of the present Viceroy achieving a signal success both socially and officially. Lady Lansdowne is devoting herself, heart and soul, to carrying on Lady Dufferin's philanthropic scheme for supplying medical aid to women in India, and Capt. Streatfeild has voluntarily taken upon himself the arduous duties of secretary to the fund.

London has been extraordinarily unhealthy for the last three weeks, and typhoid fever with a kind of blood poison has been very prevalent. Lady Zetland is slowly recovering, but Lady Grandby has been ill from a kind of low, feverish state. She and her children have got typhoid fever. Miss Bolton is very ill, and the eldest daughter of the Duke of Athol is laid up in London, also a victim to it. This state of affairs is said to have been caused by the great rush of water from the heavy rains into the drains, coming after the great drought, which drove out a great deal of sewer gas and poisoned those who happened to be in a delicate or susceptible condition.

EDMUND YATES.

Cabinet Ministers' Whereabouts.

OTTAWA, Aug. 13.—Hon. John Costigan returned to the city to-night.

Hon. John Haggart went to Montreal to-night.

Hon. E. Dewdney, accompanied by Mrs. Dewdney and two secretaries, left for the Northwest and British Columbia to-night.

Hon. George Foster and Mrs. Foster are sojourning at St. Andrews, N.B.

Hon. Mr. Chapleau is in Quebec, and Sir Hector Langevin, Hon. Mackenzie Bowell and Hon. John Carling are in the city.

Hon. C. H. Tupper is at Pictou, N.S.

Sir John Thompson is in Halifax, N.S.

Sir Adolphe Caron is at River du Loup.

Speaking of Sir John Macdonald, a gentleman lately returned from River du Loup says that he never saw the veteran Chieftain looking better. The rest he is taking is evidently doing him a world of good. He was lively, and spoke and acted like a man who was good for many years yet.

ASSASSINS CAPTURED.

The Slayers of Two Peace Officers in Custody.

FRANKFORT, Mich., Aug. 13.—The steamer Dewar returned from Otter Creek yesterday morning having on board Sheriff Case and the posse, also C. T. Wright, who killed officers Marshall and Thurber Saturday night. An Indian named John Lance and a Swede named Johanes Anderson were also brought as prisoners, and the party brought in the body of Deputy Sheriff Marshall.

The sheriff on arriving at the scene of the tragedy found assembled over 200 brawny settlers with a fixed determination to hang the murderer. The crowd learning that the Indian knew Wright's hiding-place, he was asked to reveal it, but as he gave no answer the heaving line of the propeller Dewar was placed around his neck and he was hung up to a pine tree until nearly strangled and let down to tell his story.

He at last confessed that Wright was hiding on the north bluffs and had made arrangements with him to await the departure of the lumber barge Seymour, then to meet him with a skiff and place him on board.

Bookkeeper Fred Crosset was next questioned. He confessed all he knew of the crime. As he was talking Wright suddenly appeared at the edge of the woods, and voluntarily surrendered to the sheriff, and at the same time claimed protection. He was at once taken on board the steamer.

Deputy Sheriff Marshall was shot in the breast with a Martini rifle, the ball coming out of his back, causing instant death. Thurber sprang to his assistance and tried to wrest the gun away from Wright, who in the tussle drew a revolver from his hip pocket, placed the muzzle to Thurber's ear and fired, the ball lodging in the brain. The victim staggered a few feet and fell dead. Late last night the authorities, feeling apprehensive and fearing a lynching party, hired the steamer Dewar and took Wright to Manistee jail, thirty miles distant for safe keeping.

UNERRING CURVES.

The Honolulu Insurrection Was Suppressed by a Baseball Pitcher.

SAN FRANCISCO, Aug. 13.—Some passengers by the Honolulu steamer gave interesting accounts of scenes at the recent battle in Honolulu. The day was won, they say, by a baseball pitcher, who threw dynamite into the headquarters of the insurgents and brought them to terms. The blue jackets kept up a disastrous firing all day, and it was finally decided to throw dynamite on the bungalow.

Bombs were made, but it was found that there were no guns to fire them. It was a long throw, and in their dilemma the King's guides secured the services of Haywood House, pitcher of the Honolulu Baseball Club. House took up his position in the Coney Island building, just across a narrow lane overlooking the bungalow. No attack was expected from that quarter. House stood for a few moments with a bomb in his hand as though he were in the box waiting for a batsman. He had to throw over a house to reach the bungalow, which he could not see. The first bomb went sailing over the wall, made a down curve and struck the side of the bungalow about a foot from the roof. The bomb had hurt a number of insurgents. House coolly picked out another bomb. Then he took a step backward, made a half turn and sent it whizzing. It landed on the roof of the bungalow, smashed a hole four men could have dropped through and scattered old iron among the rebels until they thought they were in a boiler explosion.

The baseball pitcher was too much for the rebels. He threw one more bomb and Wilcox came out and surrendered.

A Serious Charge.

OTTAWA, Aug. 13.—Ferdinand Lemoe, 17 years of age, is accused of committing an outrage on a 4-year-old child at St. Joseph's village, a few miles from Ottawa. He is still at large.

A COBOURG CONFLAGRATION.

The Round House on the Esplanade Burnt Early Yesterday Morning.

COBOURG, Aug. 13.—The round house of the old Cobourg, Peterboro and Marmora Railway on the Esplanade was destroyed by fire at 4 o'clock this morning. The building contained two worn out locomotive engines and a quantity of valuable tools and machines. The engines were worth little, but the machinery was valued at $3000. The building was worth about $1000. The blacksmith and carpenter shops in the railway yard adjoining the round house were also destroyed. T. P. Pearce of Belleville owned the property.

Car Shops Burnt.

HUNTINGDON, Pa., Aug. 13.—The erecting and machine shops of the Huntingdon Car Manufacturing Company were burned, with thirty cars, last night. Loss $30,000.

I. O. O. F.

Opening of the High Court for Ontario at the Limestone City.

KINGSTON, Aug. 13.—The High Court of the Independent Order of Foresters for Ontario began its session in the City Hall this afternoon, High Chief Ranger A. Milne of Kingston in the chair. There was a large attendance. Secretary J. B. Halkett submitted his report, which showed that 3303 were initiated during the year, making a total membership to June of 9483. The assets exceed the liabilities by over $500. During the year 45 members died. The receipts amounted to $11,531 and there is a balance on hand of $120. Forty-four new courts were started during the year and 474 members were suspended.

This evening the visitors were treated to an excursion among the Islands. This afternoon the steamer Hastings arrived from Toronto with about 100 members, many of whom were accompanied by their families.

THAT PRIZE CREW OF ONE.

Text of Seaman Hawkins' Orders From Captain Shepard of the Rush.

OTTAWA, Aug. 13.—The Department of Fisheries has received a copy of the sealed instructions given by the commander of the United States revenue cutter to the prize crew of one, officer Hawkins, who was placed on board the schooner Black Diamond when she was seized in Behring Sea. The full text of these orders is as follows:

BEHRING SEA, lat. 56 deg. 22 min. north, long. 170 deg. 25 min. west. Hawkins, special officer: You are hereby appointed special officer and directed to proceed on board the Black Diamond of Victoria, Columbia, this day seized for violating the law, sec. 1951, Revised Statutes of the United States, and assume command of said schooner, its officers and crew numbering 25 and all and every thing excepting navigating the vessel, which is reserved to Captain Thomas, and which you will not interfere with unless you become convinced that he is proceeding to some other than your port of destination, in which event you are authorized to assume full charge of the vessel. Everything being in readiness you will direct Captain Thomas to make the best of his way to Sitka. Upon arrival at that port you will report in person to the United States District Attorney there and deliver him enclosed letters as addressed, the Black Diamond, her outfit and the persons of Captain Thomas and the mate, Alexander Gault, and set the crew at liberty. After being relieved of the property and persons entrusted to your care, you will await at Sitka the arrival of the Rush.

L. C. SHEPARD.

MURDER WOULD HAVE BEEN MERCY.

A Child Abducted and Held Prisoner for Brutes to Abuse.

NEW YORK, Aug. 14.—A case, as remarkable as it is revolting, was brought to light at the Eldridge-street station last night, when Mrs. Hannah Perlstein of No. 12 Hester-street was consigned to a cell, charged with abducting pretty 14-year-old Ida Harris and forcibly detaining her for immoral purposes.

Ida, who lived at No. 20 Hester-street, where her parents keep a little grocery, met this New York edition of Mere Frochard Saturday afternoon and, lured by the woman's pleasant talk, accompanied her to her rooms on the third story of No. 12. Upon arriving there Mrs. Perlstein led the girl to a small back room and, pushing her in, locked the door on the outside. Saturday night Ida's parents reported their daughter's disappearance to the police, and Policemen Riepp and Mannon were assigned to the case.

All day Sunday Mrs. Perlstein's rooms were crowded with male visitors, and the unfortunate girl was held a prisoner under lock and key. But deliverance, though late, was at hand. The officers had been rapidly following up clues, and yesterday afternoon they raided the Perlstein woman's rooms. When they broke open the door to the little back room the girl was found to be in a terrible condition. With many outbursts of grief she told the story of her mistreatment. As a result the woman Perlstein was taken a prisoner to the Eldridge-street police station, where Julius Perlstein, her brother, aged 18 years; Wolf Marshow, aged 17 years; Jacob Blum, aged 19 years; Joseph Goetz, aged 16 years; Jacob Barren, aged 23 years, and Solomon Perlstein, her son, aged 13 years, were soon after placed behind the bars, charged with having assaulted the girl. She was subjected to similar abuse by others as well, she says, during her awful imprisonment in the Perlstein home, but she does not know their names.

Ida was immediately taken in charge by the Society for the Prevention of Cruelty to Children. Young Perlstein was also surrendered into its custody. The parents of the girl are nearly crazy with grief over their daughter's misfortune.

The Pastor's Nose Was Smashed.

INDIANAPOLIS, Aug. 13.—The congregation of Mount Zion Baptist Church was in court yesterday for having participated in a general fight in the church. There has been trouble over the pastor, Elder Morton, the congregation being about equally divided in opposing and supporting him. He was locked out of the church by the direction of the trustees and this provoked threats of violence from his followers, but with a view to bring about an adjustment of the difficulty the elder was induced to tender his resignation. Elder Williams was brought to the church to conduct services as Morton's successor. One of the deacons got up and declared he should not occupy the pulpit. The elder replied he was there to preach the gospel and proposed to do so if he had to fight. With this the row began. The pastor's nose was smashed and a general knockdown followed. Several of the brethren were badly disfigured when they appeared in court. The contending factions swore out warrants for the arrest of each other on charges of assault and battery and of disturbing the peace.

A Picturesque Strike.

NEW YORK, Aug. 13.—There were lively times on Newspaper-row yesterday afternoon. Two of the evening editions issued by morning newspapers—The Evening Sun and The Evening World—undertook to raise the price of their papers to the newsboys from 50 cents a hundred, at which they had been selling, to 60 cents a hundred, and immediately the most picturesque kind of a strike ensued. The youngsters didn't have much of an organization, but their methods of warfare were so novel and effective that in a few hours the newspapers threw up the sponge and came back to the original prices.

Scharf Will Go Back.

MONTREAL, Aug. 13.—Frederick Scharf, charged with forgery, will waive extradition proceedings and return to Rockville, Conn., to stand his trial.

The Prize Fighters' Case.

PURVIS, Miss., Aug. 13.—Hearing that the Grand Jury had been discussing the question of transferring the prize fight cases to a justice of the peace Judge Terrell today summoned the jurors into court and informed them that the case could not be transferred without the court's concurrence. The Judge said he would not permit such a thing. He remarked: "I instructed you to find according to the facts. Unless you obey my instructions I shall discharge you and direct the sheriff to summon a new grand jury, and I shall inform him that unless he summonses men who will obey my instructions I will impose a fine of $1000 upon him." The charge created excitement. Judge Colhoun, of counsel for the defence, asked the court to make an exception in behalf of Sullivan.

Bishop Cleary's Promotion.

KINGSTON, Aug. 13.—Bishop Cleary has received a letter from His Grace the Archbishop of Ephesus, dated Rome, July 30, which says: "A thousand congratulations on the elevation of your see to the dignity of an archdiocese. The important decision was made by the Sacred Congregation of the Propaganda on July 23, and confirmed definitely by His Holiness Pope Leo XIII. on last Sunday. The bulls will be expedited forthwith and your pallium will be granted at the next consistory."

TOPICS FROM TORONTO.

THE INQUEST INTO THE DEATH OF JAMES HICKS.

Damning Evidence Against Sarah White, the Victim's Sister—A Barrister Committed for Contempt.

TORONTO, Aug. 14.—At the adjourned inquest last night into the death of James Hicks Mrs. Dr. Pickering testified that Sarah White, the deceased's sister, now under arrest, on the Tuesday morning before the murder came into her drug store and asked for arsenic. Witness said they never sold arsenic, and asked what she wanted it for. Finally she got a box of rough on rats and asked if it was "sure to kill." The witness afterwards visited the jail in order to see if the purchaser was there. I saw amongst the prisoners the woman I had sold the poison to. She came to the door and I said: "That's the woman." Governor Green said: "That's Mrs. White." The inquest was adjourned until Friday night. Mrs. White denies the purchase.

Barrister John McGregor was yesterday committed for contempt by Mr. Justice MacMahon for disobeying an order of Mr. Justice Street to pay certain moneys belonging to a client into court. Mr. McGregor claims to have a bill of costs against his client larger than the amount in question.

Just after the ferry Mascotte left the Yonge-street dock a few minutes before 9 yesterday afternoon, a man approached one of the deck hands and said, "I haven't got a ticket." "Well, you can get one at the Island," replied the deck-hand. "I lost my ticket, and I'll give you a cent if you find it on me," said the man. "No, I'll make it a quarter." "Keep your money and it will only cost you ten cents," the boat hand said. A few minutes later, when the ferry was opposite Bay-street, the sailor heard a splash and running to the side of the boat saw the man who had lost his ticket floundering in the water. Several life preservers were thrown him, but he wouldn't touch one. He held his face under the water and went down. In all probability the man jumped overboard. His identity has not been established. Ferry Inspector McDonald secured his hat and on the inside is printed the name George H. Broughall. The body has not been recovered.

David Hunt, of 24 Portland-street, a middle-aged man, was arrested Monday on a serious charge. Hunt and his wife have been separated for some time, and on Monday he persuaded Annie Wright, who lives with one of his near neighbors, to accompany him to see Mrs. Hunt. It appears that Miss Wright, who is 16 years old, knew where Mrs. Hunt was staying and consented to go and show Hunt the house. When the residence was pointed out Hunt deferred calling and returned along with the girl. On reaching his house Hunt invited the girl in. When inside it is alleged that he assaulted her. The shrieks of the girl alarmed a neighbor named Brown, who burst open the front door and rushed to her assistance. In the Police Court the evidence of the young lady and Mr. Brown was taken and the prisoner was remanded until to-day to give him a chance to bring as witnesses his children who were in the house at the time.

The Record Beaten.

NEW YORK, Aug. 13.—The steamship City of Paris made the voyage from Sandy Hook in 5 days 23 hours 30 minutes. This beats her previous record and best Eastern record by 49 minutes.

Death of E. F. Keays.

HAMILTON, Aug. 13.—Robert F. Keays, formerly Inspector of Indian Affairs at London and for six years Inspector of Licenses, in, locked the door on the outside. Saturday night Ida's parents reported their daughter's disappearance to the police, and Policemen Riepp and Mannon were assigned to the case.

All day Sunday Mrs. Perlstein's rooms were crowded with male visitors, and the unfortunate girl was held a prisoner under lock and key. But deliverance, though late, was at hand. The officers had been rapidly following up clues, and yesterday afternoon they raided the Perlstein woman's rooms. When they broke open the door to the little back room the girl was found to be in a terrible condition. With many outbursts of grief she told the story of her mistreatment. As a result

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for Six Months.

The Daily Examiner.

WEDNESDAY, AUGUST 14, 1889.

THE jealousy with which the great American nation regards foreigners is amusing if not farcical. Rev. H. C. Ross, of Ingersoll, had a call from the Presbyterian Church of Erie, but the rev. gentleman, being a Canadian, was prevented accepting the charge on the ground that such acceptance would be contrary to the law against the importation of labor. The Americans will stop at nothing. They won't accept the Word of God unless they can collect a 35 per cent. duty on it.—*Herald.*

THE MAYOR of Montreal has declared Labor Day a public holiday, and this by permission of the city council. It depends much upon labor men themselves how they are regarded by the rulers of city and land. "Mr. Powderly's wisdom, backed by the workingmen's trust in him," says the *Witness*, "has enunciated the doctrine of fair play and sobriety in labor organizations. These sentiments have done more to place labor upon its true plane than many strikes. Workingmen have but to be true to these principles to secure respect the world over. It is to be hoped that the holiday will be a happy and useful one and that a further petition to the city council will close all the saloons on that day."

THE New York *Sun* has another of its periodical articles pointing out that Canada is on the verge of ruin. It is said we are in serious trouble. The contest between races and religions has been waged long but to-day it is fiercer and more relentless than at any time in the past. Victory for either side will only serve to intensify hostility, and it is not beyond the possibilities that the confederation itself may be broken asunder by the conflict. At the same time, the *Sun* goes on to say, Canada is oppressed by an enormous debt and its growth in population is slow. The country is almost at a standstill. After painting our country in such depressing hues our contemporary points to annexation with the United Union as the only means by which we can secure peace and prosperity. We thank the *Sun* very much for its kind invitation, but we must respectfully decline. We should think the American Union had enough on its shoulders without wanting looking after such a bankrupt country as Canada appears to them to be.

THERE is no longer any doubt that the commander of the United States cruiser did not expect the "Black Diamond" to be taken to Sitka, and the general impression seems to be that it is the purpose of the American Government to frighten foreign sealers out of Behring Sea at as small a cost as possible. Of course the United States' Government is responsible for the injury done the vessels actually seized, but those frightened away by the seizures, though actual sufferers will have no claim. No doubt, says a contemporary the American government will continue the policy, which is a paying one for it, as it gets some three hundred thousand dollars a year for preserving the monopoly, as long as the British Government will allow it to do so. The Canadian Government should urge upon the Imperial Government the necessity of an immediate settlement of the question and a straight demand should be made upon the United States Government to cease its piratical operations. If the "Rush" continues menacing British vessels a British cruiser should be sent to follow it about and prevent it from committing outrages.

Young's Point.

From Our Own Correspondent.

BIG FISH.—Last Thursday morning, while our genial blacksmith, Mr. Richard Hurd, was trawling in Kearney's Bay, he hooked what he supposed to be a sunken log, but on closer investigation it proved to be a mas-ka-nge, weighing 24 pounds. The monster was soon handed over to a would-be Lakefield sport, who, in turn, transferred it to a clothing merchant, on south George street Peterborough. It has caused much merriment among those who are acquainted with the facts, as all three claim to have the honor of capturing the fishy monster.

HOTEL NOTES.—Both hotels are doing a big summer trade with travellers who are constantly coming and going through the Point. The proprietors are noted for their strict adherence to the license law.

Messrs. W. McCrea and T. Sands, of Kingston, are guests at the McFarlane House.

Mr. W. Belleghem, Peterborough, accompanied by Mr. Fraser, of Toronto, spent last week at the McFarlane house and industriously devoted their time to bass fishing, in which they were fairly successful. Mrs. M. Young, of Peterborough, and her sister Miss Kate O'Brien, also Miss Young, are the guests of Mrs. McFarlane. They are enjoying the delightful scenery and healthful breezes of the lakes.

MEDICAL.—Dr. H. O. Landseer, graduate of Queen's University, Kingston, has taken up his abode in our midst, and in case of sickness, the residents will now be spared the necessity of obtaining medical assistance from Lakefield. If he but proves himself to be as successful in his professional capacity, as he has been as a disciple of Izak Walton, he will indeed supply a long-felt want. Success, doctor!

VISITORS.—Mrs. Wm. Sutherland, wife of the competent engineer of the "Mary Ellen" is at present the guest of Mrs. P. P. Young. After residing amidst the bustle and activity of the Queen City, she considers Young's Point, with its balmy air and rural scenery, to be a delightful spot for recreation.

MR. R. Phelan, who has been engaged for the past seven years, with a Michigan lumbering firm, has returned for a few days to renew old acquaintanceship. He is accompanied by Mrs. Phelan. They are the guests of his sister, Mrs. Jas. Kearney of this place.

NEW THRESHER.—The landia this vicinity has yielded such an abundant harvest that it has necessitated the purchase of a new thresher by Mr. Wm. Pearson. Judging from the practical test, which it underwent at the farm of Mr. Geo. Chalmers on Friday last, it will no doubt prove to be an excellent machine in every respect.

LOGS.—The last drive of the season consisting of some 50,000 logs under the management of Mr. C. Fagan, has passed this place en route to Hazlitt's Mills, Peterborough.

RETURNED.—Mrs. D. Costello and family, who for the past year have resided in Ashburnham and Peterborough, have returned to their former home in Young's Point.

Killed By a Babe.

YOUNGSTOWN, Ohio, Aug. 6.—Benjamin Erb, Coetaville farmer, equipped himself for hunting squirrels yesterday afternoon. As he was about to leave the house he stooped down to kiss his two-year-old baby boy. The child tried to climb upon his knee, and in doing so struck his foot against the trigger of the gun, which was discharged. The top of Erb's head was blown off and his brains spattered against the ceiling. Death was instantaneous.

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it it excels all others. WILLIAM WALTON, Galt, Ont. 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BOIE, Shell River, Man. 2w31d

Chronic Coughs and Colds

and all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form. See what M. S. Muer, M.D., L.R.C.P., etc., Truro, N. S., says: "After three years' experience I consider Scott's Emulsion one of the very best in the market. Very excellent in Throat affections." Sold by druggists at 50c. and $1. w33eod

Further Great Cures of Skin Diseases by the Cuticura Remedies.

Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur springs fail. Cured by Cuticura Remedies.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES which I did. He took one and one half bottles of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA on his sores and the CUTICURA SOAP in washing him. He is now five years of age and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement. JOHN R. HERO.
American House, Hogansburgh, N.Y.

An Unbearable Skin Disease Cured.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your CUTICURA REMEDIES so highly recommended I concluded to give them a trial using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months. I call myself cured, in gratitude for which I make this public statement.
MRS. CLARA A. FREDERICK.
Bread Brook, Conn.

Cuticura Remedies

Cure every species of torturing, humiliating itching, burning, scaly and pimply diseases of the skin, scalp and blood, with loss of hair, and all humors, blotches eruptions, sores, scales and crusts, whether simple, scrofulous or contagious, when physicians and all other remedies fail.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION Boston, Mass.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

DRUNKENNESS
Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For circular and full particulars, address GOLDEN SPECIFIC CO., 185 Race street, Cincinnati, Ohio. eodw

Luxuriant Growths of Hair
are seen on the heads of all who use
DR. DORENWEND'S
GREAT GERMAN

HAIR MAGIC.

The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do not let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to shove them off in this way.

See that each bottle bears seal and signature

MUNCASTER'S.

That Cunning Old Coon.

They [illegible] the buttermilk pail,
And [illegible] guitar,
He [illegible] plaintive air
[illegible] Star,"
And [illegible] where the moonlight
On the [illegible] house door ajar.

The buttermilk pail was upside down,
You might see with half an eye.
The raccoon smiled when he saw it there,
But he set it down with a sigh,
To think that the buttermilk was all gone
And he so thirsty: "Oh my!"

But the chickens roosted high that night;
The raccoon waited in vain;
He sang to one and another air
The words of the same old song.
And he feared, as he sat on the buttermilk pail,
That something or other was wrong.

The farmer stirred about in his sleep
And sat straight up in bed,
"That rascal's singing again to-night,"
And sadly shook his head.
"He's singing a song that is much too sad,"
The wise old farmer said.

The farmer took his gun that night
To shoot that sly old coon,
And the coon picked up his night guitar
And hoped he'd get home soon.
For an angry man with a gun in his hand
He could see by the light of the moon.

But when the farmer had chased that coon
A full mile down the road,
He went back to find his chickens gone,
As a ray of his lantern showed;
For a sly old coon had carried them off
While the other one sang his "Ode."

A Home-Made Fruit-Dryer.

Our illustration represents a cheap and effective fruit-dryer, which may be set upon the kitchen stove. It is made of inch lumber, with a base of sheet

A SERVICEABLE FRUIT DRYER.

iron four inches wide to protect it from burning. The slats, which are nailed inside to support the trays, are two inches apart. The dryer may be made of any desired height, from two to four feet, the capacity increasing with the height. The trays upon which the fruit is spread are mere frames of wood, of a size to slide easily upon the slats of the dryer. Each tray is bottomed with narrow strips of wood, far enough apart to admit hot air and hold the fruit from falling through. Galvanized wire netting would be better but more costly. The dryer has an opening in the top for the escape of the vapor-laden hot air, and a handle on each side for lifting it. The door has two transverse cleats firmly screwed on the outside, to prevent warping. Such a dryer may be made by anyone who can use tools with a very small outlay for materials.

The Plaster on Scotty's Boat.

"Scotty," an eccentric and illiterate character of Milwaukee, has sailed into every port on Lake Michigan so long no one can remember when he made his first voyage. A few years ago Scotty was in hard luck. He had many bills and no money. It was midwinter, and he was in great fear some one would tie up his vessel. He was told if his boat was libeled a Marshal's notice, known in nautical English as a "plaster," would be nailed on the mainmast. Every day he would walk through the deep snow to look for the expected plaster. At last he found it.

Scotty did not sleep a minute that night, and next morning he went to a young law student.

"You sneak down, get the notice, and bring it here; we'll see what it's about," the student advised.

Scotty did as he was told. He insisted on the office doors being locked before he pulled the notice from under his coat. He unfolded it as if it had been poison.

The law student read: "You are sold again, Scotty."

What's Her Address?

She's decidedly homely. I don't like her eyes,
And the shade of her hair is the tint I despise;
Her complexion is bad, unattractive her chin;
Her mouth is too large, her nose is too thin.
But all these things are but trifles in life
Compared with true graces. I'll make her my wife;
For I gave up my seat in the street-car to her,
And she looked at me kindly and said "Thank [illegible]."

A Chicago Postoffice Thief Caught.

CHICAGO, Aug. 12.—John A. Davis, assistant engineer of the Chicago postoffice, was arrested last night in the act of stealing a decoy package of mail. His pilferings have been long continued, aggregating many thousand dollars.

Bonah, Sah, Was Satisfied.

ATLANTA, Ga., Aug. 10.—Patrick Calhoun, general counsel for the West Point Terminal Company, and J. D. Williamson, president of the Chattanooga, Rome and Columbus Railroad, fought a duel at Hoke's Bluff on the Coosa River this evening. Williamson fired five times quickly, while Calhoun rested on the first shot. Calhoun then demanded an apology, which Williamson gave, and the duel was over. Pat Calhoun is the grandson of John C. Calhoun, and probably the most prominent railroad lawyer in the South. Williamson is well known throughout the East as a railroad builder.

The trouble grew out of Williamson denouncing a statement made by Colhoun before a legislative committee as false.

The Wisconsin Train Robber Identified.

CHIPPEWA FALLS, Wis., Aug. 11.—The Wisconsin Central train robber has been identified as James McCune, a notorious woodsman with several aliases and well known here. It is believed now that it will be an easy matter to capture him.

A Chinaman Hanged.

PORTLAND, Ore., Aug. 9.—Chee Gong, a Chinaman, was hanged here to day for the murder of Lee Gick, a fellow countryman. He faced death without flinching and made a long speech protesting his innocence and declaring that his conviction was the result of a Chinese conspiracy.

The Week's Failures.

NEW YORK, Aug. 9.—Business failures reported to Bradstreet's number 173 in the United States this week, against 213 last week and 186 this week last year. Canada had 31 this week, against 23 last week. The total of failures in the United States Jan. 1 to date is 7632, against 6227 in 1888.

Minnesota and Dakota Wheat Crop.

MINNEAPOLIS, Aug. 9.—Col. G. D. Rodgers, editor of The Market Record, estimates the wheat crop in Minnesota and Dakota at 85,000,000 to 90,000,000 bushels. The samples of wheat shown by the various elevator lines from houses widely apart show almost uniform excellence. The kernel is bright and plump in striking contrast with that of last year. The half-dozen cars of new wheat received here thus far have sold at an advance of about 8 cents over offerings to arrive, 88 cents being the top figure. It is expected that with no storms the crop in Minnesota will be harvested in 10 days and in Dakota in 15 days.

Russia and Japan.

WASHINGTON, Aug. 9.—A cablegram states that a treaty between Russia and Japan was signed at Tokio yesterday similar to the treaty recently concluded between Japan and the United States.

Legitime Pays for Seizing a U.S Steamer.

WASHINGTON, Aug. 9.—Admiral Gherald writes to Secretary Tracy that the Legitime Government has delivered to the United States Minister $7500 as compensation for the seizure and detention of the steamer Ozama. The money is now aboard the Kearsarge.

The Carnival Ball

HALIFAX, Aug. 9.—The fifth day of the summer carnival had continued fine weather. The firemen's and professional sports this afternoon were largely attended and the events closely contested.

The carnival ball took place to-night in the Provincial Building and was a brilliant success.

Get well and stay well. But how shall we do it?
Listen my friend, and the secret I'll tell.
Though for that matter there's no secret in it,
As many a man understands very well.
If you're low spirited, gloomy, depressed
If nothing tastes good and your nights bring no rest.
If your stomach is foul and your mouth seems much fouler,
And so cross you become that they call you a "growler,"
Be sure that the trouble is due to your liver,
And the blood is as sluggish as sometimes a river
Becomes when it's filled with all manner of stuff,
Clear it out and the current runs smoothly enough.
Go to the drug store and get a bottle of Dr. Pierce's Golden Medical Discovery, the great blood purifier and liver invigorator. It is a sure cure for the low spirits and general depression a man feels when his liver is inactive and his blood impure. This remedy makes a man well. b

A Single Trial

is all that is needed to prove that Polson's Nerviline is the most rapid and certain remedy in the world for pain. It only costs 10 cents for a trial bottle. A single trial bottle will prove Nerviline to be equally efficacious as an external or internal remedy and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by druggists. Large bottles, 25c. Avoid substitutes. 6dw33

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

Cold, wet weather is very hard on sufferers from neuralgic troubles, and to those Dyer's Quinine and Iron Wine is strongly recommended. It is palatable, easily assimilated, and can be safely taken by the weakest invalid. W. A. Dyer & Co., Montreal 6d36

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable.

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 883 Atlantic ave., Brooklyn, N. Y.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and merchants should inspect this property as it offers the best sites available and convenient to the business part of the town.

Chemong Boating Club.

Members of the Chemong Boating Club should not fail to be present at the meeting this evening in the Oriental Hotel parlour at 8 o'clock. The plans of the boat house will be submitted and if agreeable to the members the contract will be let for the erection of the building.

He Knows His Business.

Tourists returning from a visit to Massassaga Point report the summer hotel there to be in a flourishing condition. Under Mr. Alex. Graham's management the hotel is being more popular and successful than ever. His many friends in town will be pleased to hear of these tributes to his abilities.

At Rest.

The remains of the late Edward Chrowe were placed in the vault at Little Lake Cemetery last evening. The body was brought up from Havelock on the 5.50 train and met at the station by a large concourse of friends and relatives of the deceased. The remains will be buried this afternoon, upon the arrival of Mr. Chrowe's brother, from Orillia.

An Epidemic of Drunks.

The police report that there was an unusually large number of drunks on the street last night. Four of the worst were arrested. Andrew Mann was captured by P. C. McGinity about seven o'clock, Jno. Flaherty by Patrolman Gordon, and Wm. Noble and Lou Mayhew, about 11 o'clock by P. C. Stewart and Patrolman Gordon. This morning they were all arraigned before the magistrate and each fined $2 or 10 days in gaol. All the fines were paid except Flaherty's and John went up to the stone house on the hill for a term.

Band in the Park.

There was a very large attendance in Court House Park last night, to listen to the fine programme performed by the band. A novel feature was the presentation by Mr. R. M. Roy of a large number of beautiful stereopticon views. This feature was introduced by the Sons of Canada, incidental announcements respecting their excursion to Jubilee Point to-morrow, being occasionally thrown upon canvas. The views were fine and very much enjoyed.

The 57th Rangers.

No. 5 Company of the 57th Batt. had drill at the shed last night. Capt. Miller is determined to have his company one of the best in the regiment if industrious drill can accomplish anything. The whole battalion will begin drill about the first of September. It is expected the 57th Rangers will visit Port Hope Sept. 4th, on the occasion of the unveiling of the Col. Williams monument, and in one of the companies at least there will be a good turn-out. It is hoped, of course, there will be a full roll-call of the battalion on that day.

The Last Sad Rites.

The funeral of the late Richard Jarvis took place at Port Hope Tuesday afternoon amidst a general feeling of sadness. The deceased was better known in Port Hope than Peterborough, and his friends there did honor to his memory. The Sons of England Society turned out in full force, and the procession was headed by the Victoria Fire Co.'s band. A number of young men from Peterborough, friends of "poor Dick," attended the funeral and returned home to-day. The drowning of Mr. Jarvis was a peculiarly sad affair. He was engaged to be married to a young lady in Port Hope in a few weeks, and it is said received his wedding suit from the tailor only the night before he met his untimely death.

Another Mystery Exploded.

Mr. Robt. Tamblin, of Cross street, whose "mysterious disappearance" was reported in Tuesday's issue of a down town contemporary was safe and sound in his own home before his disappearance was publicly announced. He left home Friday morning and remained away till Monday night, when he returned from Lindsay, where he had been on business. His family were anxious about him, and reported the matter to the police. He turned up all right Monday night, and was no doubt considerably surprised to read of his "mysterious disappearance" in an evening paper the next day.

Harwood S. S. Pic-nic.

The public are again reminded of Rev. Father Sweeney's annual pic-nic at Harwood, on Thursday Aug. 29th, which promises to be one of the most successful of the series. An excursion will be run from Peterborough on that day by Golden Eye and palace barge. Prof. Doucet's orchestra will furnish music for dancing during the trip and on the grounds. Amongst the attractions will be a contest for a gold headed cane, between Dr. McGrath and L. M. Hayes, Peterborough, fine programme of sports and games, contest for prize for handsomest lady, fox hunt, etc. Round trip, tickets for steamer only 50 cents. dw

Prentice Boys' Excursion.

THE great Civic Holiday excursion, the excursion of the season will be that of Jubilee Lodge No. 7, 'Prentice Boys. The finest excursion route in the district. The excursion will leave the G.T.R. station at the reasonable hour of 8.30, and go by Chemong Valley road, steamer "Beauboeuf" and palace barge "Paloma" to Jacob's Island and Bobcaygeon. First class music on board for those desiring to dance. This is the first annual excursion and picnic, a model for comfort, enjoyment and pleasure. Plenty of accommodation for all.

A delightful route. Don't waste the Civic Holiday in long, round-about jaunts but join the 'Prentice Boys' excursion to Jacob's Island. Solid enjoyment every foot of the way. A short, swift railway run, a delightful sail over delightful waters to a delightful island and the romantic village of Bobcaygeon. The cheapest, the pleasantest. Remember too that return tickets are, Adults, 60 cents; Children, 35 cents.

THE CIVIC HOLIDAY

JACOB'S ISLAND

AND

BOBCAYGEON

Willow and Wicket.

The cricket match billed for to-morrow has been postponed, the Toronto secretary writing that they would be unable to get a team together. This is the second time this year that the Toronto cricket club has failed to meet its engagements.

The return match between the Colts and Veterans will be played Friday afternoon.

The Contract Awarded.

Last night the Market Committee met and awarded the contract for the erection of the new market building. There were 13 tenders in all, four of which were for the whole work and the balance for portions only. Mr. T. Rutherford was awarded the contract, his figure being $16,487. His was not the lowest tender, but the committee gave him the contract as they were not satisfied with the other men's securities. The job is to be finished by December 15th. Mr. Rutherford will begin work on the building as soon as possible.

The Foresters and Niagara Falls.

You have only a short time to prepare for the Foresters' excursion to Toronto, the Canadian Chatauqua and the Falls on Civic Holiday. A delightful journey. Tickets good for two days only $1.75 to Toronto and return, and only $2 to the other points and return. Trains leave on the swift C.P.R. at 4.56 a.m., 7 a.m. and 5.40 p.m. Steamers Cibola and Chicora leave the Yonge st. slip, Toronto, at 7 and 11 a.m., 2 p.m. and 4.45 p.m. Persons crossing on the morning boats can return the same day and home by late C.P.R. train. The Foresters of Court Little John have made the completest preparations for the comfort and enjoyment of passengers and the excursion should be largely patronized. Tickets at the station, at the book-stores and with members of the order.

Historic Ground.

In addition to the great natural attractions at Chemong Park is the fact that it is historic ground. There is well attested testimony that Samuel Champlain during his exploratory journeys through Canada in the early years of the 17th century once camped on the site of Chemong Park, and there is no doubt it was a famous camping ground of the Indians in their journies from lake George, in New York State, to Northern Ontario. Traces of their occupation are found at the Park. The other day Mr. T. A. Hay found on his cottage lot a perfectly formed flint arrow head and a partly finished stone axe, and Mr. Harry Deane, jr., found on his lot a beautiful stone axe. When the lunge fishing may be dull residents can amuse themselves fishing for Indian relics.

To-Morrows Holiday.

To-morrow is Peterborough's Civic Holiday and the people seem bound to enjoy it and they will be able to do so if they patronize the numerous excursions which are arranged to-morrow for the enjoyment of the public. here is a list of them:

Sons of Canada, to Jubilee Point. Boat leaves wharf at 8 o'clock.

The joint excursion of the E. B. A. & C.M.B.A. to Orillia. G.T.R. special train leaves Midland (G.T.R.) station at 7 a. m.

Foresters (Court Little John) to Toronto and Niagara Falls. C.P.R. trains leave at 4.56 a. m. 7 a. m. and 5.40 p. m. Steamers leave Toronto wharves at 7 a.m. 11 a.m. and 2 p.m. and 4.45 p.m.

Y.M.C.A. excursion to Stony Lake. Train leaves Midland station at 8.45 a.m.

Port Perry Visitors.

An excursion from Port Perry arrived on the noon train to-day. Several coaches were added to the regular train, on which the excursionists were placed. There was quite a crowd on board, and the visitors spread themselves about the town seeing the sights as well as the rain would permit. The excursion was under the auspices of the fire brigade of that town, and the firemen accompanied it in a body. They made their headquarters at the Simcoe street fire hall, but as the local brigade were not aware of the visit no organized effort was made to entertain them. Torry Smith had the horses and hose wagon out and conducted the visitors through the fire hall. The excursion returns this evening on the 5.15 train.

Junior Lacrosse.

Last night the Shamrocks and Heroes, two junior lacrosse club, played hard for an hour and a half on the Central Park grounds without either side scoring. The clubs are evenly matched, and an another game will be played some afternoon. The teams were as follows:—

Shamrocks.		*Heroes*
R Brown	goal	F Marshal.

Successful Students.

The list of successful candidates in the recent examinations for second and third class non-professional certificates is just published. The following passed in this district:

DISTRICT NO. 98, PETERBOROUGH.

Third class—S. Bear, M. Casey, L. Clark, E. Dobson, J. Mahood, C. O'Connell.

Second class—M. Creba, J. Davidson, E. Morrow, E. O'Brien, H. Smithson.

DISTRICT NO. 191, MILLBROOK.

Third class—Lucy Staples.

Second class—F. Elliott, G. Fitzgerald, E. Garner.

DISTRICT NO. 107, NORWOOD.

Third class—H. Andrews, M. Breckenridge, J. Calder, Maggie Holdcroft, Mary Knapp, S. Page, A. Peters, O. Stephenson, Nellie Stevenson, Thomas Wigmore.

Second class—J. Clydesdale, J. English, B. Graham, B. Hales, M. Nichol, T. Small.

Personal.

Mrs. Dr. Freel, of Brougham, Ont., leaves for her home this evening.

Mr. J. L. Hughes is in London, Ont., and will remain there probably until Christmas completing a contract.

Mr. Robt. Hamilton, jr., has been spending his holidays fishing in the waters of Rice Lake and vicinity.

—To-morrow morning, if the weather is favorable about ten members of the bicycle club intend running down to Port Hope to spend the day,

Mr. A. P. Choate, of the Toronto *World*, is in town for a few days. He will visit Bobcaygeon in company with a Toronto friend to test the fishing and fraternize with Brother Smiff, of the *Independent*.

Mr. J. N. McCreary, Principal of the West Ward school, has returned to town and is receiving the congratulations of his friends. His wife will follow him in about a week, when they will take up housekeeping.

Mr. F. Sheehan, of the Moore Lumbering Co., Detroit, is in town, the guest of Mr. T. Cahill. He leaves this evening for home, accompanied by Miss Cahill, who will spend her holidays with Mr. Sheehan's family at Bay City.

Among the passengers for Stony Lake this morning was a party comprising Mr. and Mrs. Walters and child, Mrs. Foster and children of Buffalo, N.Y., and Miss Lozier, who will occupy Mr. Grundy's cottage on Ivanhoe Island. Mr. John Braden also left for the northern camping ground.

Death of Mr. Robert Byers.

An Old Cavan Resident Passes Away.

On Monday Cavan township lost one of its oldest residents who passed away on Monday last at the ripe age of 80 years. Mr. Byers was one of the pioneer settlers of that township, having been a resident of it for quite half a century. Mr. Byers was a native of County Cavan, Ireland, whence he came to Canada in early manhood living at first in the township of Manvers. He engaged in farming and was highly successful. He was twice married, having by the first wife three children and by the second wife nine. His second wife died last winter. Mr. Byers' twelve direct descendants consisted of one daughter and eleven sons. All the family, through the father's thrift have been comfortably settled in life, and a numerous band of grand children are rising up to perpetuate and increase the family name. Mr. Byers was in politics a staunch Liberal and in religion a Presbyterian. His daily walk and life and solidity of character won for him the warm and universal esteem of the entire community in which he spent a half century of the four score years of his life. His body was laid at rest in the Presbyterian cemetery, Centreville.

For a DISORDERED LIVER try BEECHAM'S PILLS

Post Office Savings Banks.

To the Editor of the Examiner:

DEAR SIR,—In a recent issue of the EVENING EXAMINER I noticed a communication over the signature of "Depositor," commenting on the manner in which the business of the Post Office Saving Bank is conducted. He would have it understood that facility of working was the only consideration to be taken into account in contrasting the merits of the chartered and Post Office Savings Banks, whereas it a not even secondary. The first thing looked for by depositors in banks is the security, next the rate of interest, after which comes the convenience, etc. The Post Office Savings Bank, was intituted chiefly for the benefit of the middle class who wished to lay aside small sums of money for "a rainy day" in a perfectly secure place. Nobody, I am sure, is deterred from depositing because he has to wait a few days for a receipt from Ottawa. There are nearly 450 post offices in the Dominion authorized to receive deposits and over 1,000 postmasters and clerks who handle the money of depositors. The only check the head office has on the honesty of those postmasters and clerks is the rule that the Postmaster General is responsible for no deposits until reported at Ottawa by the local postmaster or his assistant. Were any other plan adopted endless trouble would ensue for various reasons.

With depositors in every hamlet from the Atlantic to the Pacific it would be impossible to conduct the business with the chartered banks, and it is nonsense for "Depositor" to contrast them in that respect; in other respects everything is in favor of the Post Office Savings Bank. The absolute security offered, the rate of interest paid, and the fact that the existence of the Post Office Savings Bank compels the other banks to continue paying a fair rate of interest are facts which I submit for the special consideration of "Depositor." The "Depositor" exaggerates the delays incurred in withdrawing money and receiving receipts.

About 90 per cent of the Saving Bank offices are situated in Ontario and Quebec, and nearly all depositors in those Provinces receive their receipts within five days; the ten days' limit being for the correction of errors, detention of mails, etc. Since the opening of the branch in this town over 3,000 different persons have made deposits, and I have yet to hear of any person having lost one cent. Can as much be said for the chartered and private banks here and elsewhere?

FAIR PLAY.

Disinfectants.

To the Editor of the Examiner:—

SIR.—So many questions have been asked me lately regarding the best disinfectants, that I have thought it well to mention a few in your paper, in the hope that they will be more extensively used at this time of the year. The cheaper a disinfectant the more use will be made of it, hence I have named only those that are within the reach of everyone. One or two effective but very dangerous drugs are omitted.

1. Chloride of lime, one part; plaster of Paris or dry sand, nine parts, mix and sprinkle in cesspools, vaults, etc. In drains, or where a liquid is needed, add four ounces of the chloride to one gallon soft water.

2. Blue stone, one pound; water, one pailful; dissolve and sprinkle about. This is odorless.

3. Permanganate of potash, half an ounce; dissolved in one gallon of water. Also odorless.

The Public Health Act requires disinfection of cesspools, reservoirs, etc., once a month, between May and November. It is of greater importance now, as this is the breeding time for autumnal fever. The town has been singularly free from zymotic disease during the year, and a liberal use of disinfectants will certainly lessen the probability of its occurrence in any form later on.

Yours, etc.,

J. CLARKE, M.D.,
Medical Health Officer.

Overcoming by Going Under.

How the Water Main got Across the Creek on Sherbrooke Street.

The Superintendent of the Peterborough Waterworks Company, Mr. W. Henderson, has now about completed a piece of work on Sherbrooke street that presented unusual difficulties in the matter of pipe-laying, which have been successfully overcome. This is the carrying of an eight-inch main under the creek, and, though the undertaking involved a great deal of work both preparatory and actual, in about a week from the time of beginning the construction the connection was completed and yesterday afternoon the water was passed through the main under the creek and it successfully stood the highest working test. The main on each side of the creek is sunk the ordinary depth, but the angle of connection is different on each side from the fact of the ground being lower on the eastern than on the western bank of the stream.

THE DEPTH OF EXCAVATION REQUIRED

to carry the main under the creek for eighty feet in length was fourteen and a half feet from the surface of the bridge, the main being about four and a half feet below the summer level of the creek and, of course, much more below the winter level and, consequently, well below frost. The excavating presented considerable difficulties. The place is the site of an old mill or some such mechanical enterprise of prehistoric Peterborough, and sunken cedar logs, stone walls, odd chunks of timber and other such miscellaneous "truck" were encountered with a frequency that conduced more to sentimental reflections than satisfactory progress. However, preliminary to excavation a good deal of work had to be done. A dam formed by sheet-piling was thrown across the creek just above and parallel to, the line of trench and in the middle of this a flume was placed which carried off the bulk of the water. The leakage under the dam into the trench was removed by a pump in the form of an injector. Thus the way was cleared for the work. Down deep under the bed of the creek almost fifteen feet under the surface, huge cedar logs were encountered,

SOUND AS A BANK OF ENGLAND NOTE.

Some of the timbers were evidently placed with design and formed the substructure of some primitive bridge, while some of the logs were apparently thrown in hap-hazard for filling purposes. The excavation was finished and the pipe laid. The connection at the western end was made by means of a 90 degree bend and at the eastern side a 45 degree bend. Yesterday afternoon the eastern connection was made, and the work of putting a subaqueous main was practically completed. Mr. Henderson the superintendent greatly simplified the work by the application of mechanical expedients calculated to overcome difficulties and lessen labour and, consequently, expense. In this work he has had an eye to the production of a strong safe and reliable job, and barring extraordinary accidents, the water main under the creek on Sherbrooke street is good for a hundred years. And it is only

THE REPRODUCTION OF A TYPE

of work which he has heretofore done for the company, which has resulted in the existence of as good a system of mains, in mere mechanical construction as well as in system of circulation, as there is to be found any where. In the prosecution of the present work, Mr. Henderson was ably assisted by his pipe-layer Mr. Richard Martin and the best gang of workmen he ever employed at similar work and he has had occasion to cross the creek on five streets, the three streams on King Street making seven subaqueous connections he has had to make. The cost of the present work about eighty feet in length is equal to the laying of about 800 feet of mains in ordinary streets.

The Waterworks Company show a laudable spirit of enterprise in undertaking such comparatively expensive work, in the face of so little immediate prospect of remunerative returns.

News Nuggets.

—The Grand Trunk Company have put a gang of men at work repairing the fences and erecting new sections along the line of the Grand Junction between Belleville and Peterborough.

Much injury is done by the use of irritating, griping compounds taken as purgatives. In Ayer's Pills, the patient has a mild but effective cathartic, that can be confidently recommended alike for the most delicate patients as well as the most robust.

London Electric Soap is only made by D. Richards, Woodstock. Trade mark registered.

Ashburnham Brevities.

Mr. J. Barnham's family, Mrs. C. H. Geal, of Montreal, and Mr. and Mrs. A. E. Peck left by the Golden Eye for Idyl Wild this morning for a few day's camping.

Men are at work rebuilding one of Mr. H. Calcutt's scows.

The officials of St. Luke's Sunday school have decided to open Sunday school in the future at three o'clock instead of nine. They made a trial of two Sundays of opening at nine in the morning but found the attendance was not so good as under the old way.

Mr. Patrick Sheehan who has been ailing for some days passed away Tuesday morning. The deceased was born in Ireland in 1809 and emigrated to this country in 1825, taking up his abode in Douro where he carried on farming successfully until a few years ago, when he retired and came to the village to reside. Although never of a strong constitution, yet he lived to the age of 80 years and was up to within a short time of his death apparently quite active. He was always a strong advocate of temperance principles and lived up to his convictions and this no doubt accounts for the ripe age to which he attained. In politics Mr. Sheehan was a Liberal. A family of five daughters and two sons are left to mourn his loss. Mr. Sheehan was an ardent lover of lacrosse, and he could be seen on the field at every match encouraging the boys and taking a lively interest in the sport.

Agent.
20 St. Peter street, Montreal.
10th August, 1889. 6d35

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

A FEW more crests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD's.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery. Elliots & Tierney, George street, Peterborough.

Wedding Present Prospects.

It is probable, if society gossip can be relied on, that the flirtations of the summer resorts though, apparently innocent will result in something serious in the way of matrimony, and there is likely to be a lively demand for wedding presents. The most sensible present would be a caddy of the splendid tea to be found in the stock of Hawley Bros. Splendid teas of all kinds, superb coffees and elegant glassware. Quality A No. 1, and as cheap as good advice.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crushing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

MARRIED.

DIED.

TAYLOR—At 313 George street, Peterborough, on Tuesday, August 13th, 1889, Mary Elizabeth, daughter of Mr. George Taylor.

The funeral to-morrow (Thursday) afternoon, at 3 o'clock, to the Little Lake Cemetery.

CLEVELAND'S SUPERIOR BAKING POWDER

THE PUREST AND BEST

Is made only of strictly pure grape cream of tartar, strictly pure bicarbonate of soda, and a small portion of flour as a preservative, nothing else whatever, and is warranted entirely free from alum, ammonia, phosphates, lime, and all the adulterants frequently found in baking powders. The character of materials used, their purity, and the nicety of their combination, render Cleveland's superior baking powder the most healthful and most economical in use, and it always affords wholesome, nutritious, and delicious food.

It is recommended for purity, healthfulness and efficiency by Government and State chemists, chemists of Boards of Health, and professors in institutions of learning throughout the country.

Sold only in cans, full weight.

CLEVELAND BROTHERS, ALBANY, N. Y.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

WARM
WEATHER
CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

BYAM'S
Improved "Common Sense"
• SASH BALANCE.
LOCKS AND LIFTS.

THE only practical substitute for weights invented. The most durable, the cheapest and best device for all ordinary windows. Balances when in position are entirely out of sight. No irons, hods or screws used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or marring of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily put in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is impossible to use weights or other fixtures. No unsightly cord wearing paint off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when Sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No weather rollers to become flattened by standing in one position for some time. No steady coil spring or delicate mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of all.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts for upper and lower sash are the best and cheapest in the market.

Call and see them in operation at,

JOHN WOOD,
Clerk of Ashburnham,
Peterborough, P.O.
July 16th, 1889. d14

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you! Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar.
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

COMFORTABLE DWELLING in terrace on George street, south of Peter Hamilton's. Apply to JOHN CANDLER. dw

To Let.

A COMFORTABLE HOUSE, corner of Park and London. Rent moderate. Apply to J. J. HARTLEY, 251 Antrim street. dw

CHEMONG
PARK LOTS FOR SALE.
A FEW CHOICE LOTS for summer residences, beautiful and conveniently accessible. The popular summer resort has numerous advantages not enjoyed by other places. Abundance of shade, clean sward and numerous springs of pure water for drinking purposes. Fishing grounds unexcelled and excellent bathing grounds. Terms to suit purchasers. Apply to ALEX. ELLIOTT.

DON'T READ THIS
If you want to Save Money.
HAVE you any money in a Saving's Bank or other investment paying you from 3 to 6 per cent. interest? Yes, well that may be a safe way of making money but will you not die of old age before it will amount to any considerable sum. The great majority of rich men in all parts of the world are exclusive owners of Real Estate. Consequently a wise investment in such must be a step in the right direction. I claim to be a good judge of the value of property and I speak truthfully when I say that I have a large variety of property for sale, several parcels of which is offered very much under value. The man who has $250 can buy a $100 lot and pay the balance at the rate of $5.00 per year, and before he has it paid it will sell for $200, larger properties in same proportion. Visit my office, examine my properties, and you must acknowledge the correctness of my statements. Those bargains open until 30th inst.

JOHN HACKETT

WAS THIS NURSE YAPP?

IF SO, THERE MAY BE SOME HOPE FOR MRS. MAYBRICK.

A Mrs. Yapp, Answering the Description of the Crown's Chief Witness a Fugitive From Canadian Justice.

NEW YORK, Aug. 15.—Lawyers Roe & Macklin of the city, engaged by the friends of Mrs. Maybrick now under sentance of death in London for poisoning her husband, received to-day a letter from Alfred Monck, a Montreal lawyer, which they think will have a strong bearing on their effort to obtain a reprieve for their client.

In the letter it is stated that a Mrs. Yapp, answering the description of the chief witness against Mrs. Maybrick, had to leave Montreal about three years ago to escape the possibility of being indicted for perjury. She was the chief witness at the time in a suit for separation brought by Melvin Smith against his wife. A sifting of the evidence reflected severely on Mrs. Yapp's veracity and she was forced to leave the country.

For and Against Mrs. Maybrick.

LIVERPOOL, Aug. 15.—Mr. Stewart, a chemist of Glasgow, who was prepared to testify at the trial of Mrs. Maybrick, and whose evidence the condemned woman said was kept back, has written a letter in which he says that Maybrick died through his own secret habit of taking a desideratum, that is arsenic drinking.

The London Lancet publishes a five-column review of the trial and comes to the conclusion that the evidence warranted the verdict.

Fifty-two members of the House of Commons have signed a petition in behalf of Mrs. Maybrick.

AFTER THE JUDGE.

A Warrant Sworn Out Against Justice Field of the U. S. Supreme Court.

STOCKTON, Cal., Aug. 15.—A warrant was issued to-day for the arrest of Justice Stephen J. Field, on complaint of Sarah Althea Terry, who charges him with complicity in the killing of her husband, Judge Terry, at Lathrop yesterday. Sheriff Cunningham left here for San Francisco this afternoon to arrest Justice Field. The attorneys engaged to defend Nagle promised that Justice Field would appear when wanted, but Mrs. Terry's complaint was made against both. The funeral of Terry will be held Friday. The body is still at the morgue. Mrs. Terry has not left it at any time.

Died From Gunshot Wounds.

STOCKTON, Cal., Aug. 15.—The coroner's jury in the case of Judge Terry returned a verdict that deceased came to his death from the effects of gunshot wounds inflicted by David Nagle at Lathrop.

The Ocean Racers.

NEW YORK, Aug. 15.—The steamship City of New York, which arrived at the Bar at 11.58 p.m. Aug. 14, reports having experienced very dirty weather. She was obliged to slow down three or four times owing to the machinery having become heated, resulting in a loss of some ten hours time. The daily runs were: Aug. 9, 408 miles; 10, 440; 11, 452; 12, 424; 13, 404; 14, 465; 15, 197. Total, 2790 miles. She made the run in 6 days 14 hours. The steamship Teutonic, which arrived at the bar at 12.15 a.m. on the 15th, reports having had strong westerly winds and gales and head seas most of the time. On August 12 she ran at reduced speed for 17 hours. The daily runs were: Aug. 9, 384 miles; 10, 404; 11, 430; 12, 451; 13, 440; 14, 454; 15, 227. Total, 2790 miles. She made the run in 6 days 15 hours and 30 minutes. The City of Rome, which left Queenstown some hours earlier than the other two, did not arrive until some hours later.

The Teutonic is the largest ship afloat; the measures over all 582 feet, and this is 5 feet longer than the City of Paris or City of New York, 25 feet longer than the City of Rome and 122 feet longer than the new racer and record breaker, the Columbia. Her breadth of beam is 75 feet 6 inches and her depth 39 feet 4 inches. Her displacement is 10,000 tons, sixty tons less than the City of New York, the beam of the latter ship being 4 feet more than the Teutonic. Although at present a peaceful merchantman, the new steamer carries about her signs of her character as a man-of-war. She has six guns on her gun-deck, three on broad side, and bow and stern chasers, and the stanchions and bolts for a number of other guns can be seen as one strolls along the deck. With the speed she is expected to develop and the strength of her hull, the Teutonic will make a formidable warship.

Failures in the States.

KANSAS CITY, Aug. 15.—Hingston, Peake & Co., one of the largest drygoods and furnishing goods houses in this city, have suspended. Liabilities $90,000.

DUNDEE, Ill., Aug. 15.—C. F. Hall, dealer in general merchandise at Dundee, Nunda and Woodstock, has assigned. Liabilities $100,000.

PORTLAND, Me., Aug. 15.—Montgomery S. Gibson of the Preble and Ottawa Hotels has failed. He is President of the National Hotel Men's Association. Liabilities unknown.

The Rates To Be Reduced.

CAPE MAY, N.J., Aug. 15.—The general passenger agents of the leading railroads of the United States in session here yesterday considered the question of reducing summer excursion rates from southern cities to eastern and northern resorts, and the equalization of fares from New York to southern territory. It was decided to reduce the rates for societies and conventions.

All's Quiet at Hecla.

GREENSBURG, Pa., Aug. 15.—Quietness prevails at Hecla. The works were started up yesterday and all the men except half a doz Hungarians reported for duty. The men are guarded by deputies. Ten thousand four hundred and forty-two ovens are now working under the scale. There will probably be no more rioting.

USED HIS KNIFE FREELY.

A COLORED YOUTH'S ESCAPADE AT THE QUEEN CITY.

George James Foote, Aged 17, Stabs His Mother and Her White Consort—Other Toronto Topics.

TORONTO, Aug. 16.—A desperate stabbing affray of rather a peculiar nature occurred last night in Duchess-street in the house of a colored woman named Christina Stewart, who lives at No. 18. She has been married several times, one of the fruits of her numerous unions been a 17-year-old youth, known as George James Foote. A white man named Montgomery lives with Mrs. Stewart. Last night Foote introduced a strange young white girl into the household and proceeded to make her comfortable in one of the rooms. Mrs. Stewart ordered the pair out, and on her son refusing to obey attempted with the assistance of Montgomery to enforce her orders. In the scuffle young Foot edrew a jack-knife and made considerable play. He first attacked his mother. The first slash almost cut two of the fingers off her left hand, the second penetrated the palm and the third cut open the left arm from the shoulder to the elbow. He then turned his attention to Montgomery, whom he stabbed several times in the left arm, winding up by inflicting a terrible gash in the left shoulder. Foote then made his escape and has not as yet been captured. The two wounded people were taken to Headquarters and thence transferred to the Hospital in the ambulance. Mrs. Stewart's wounds were dressed and she was sent back home, as she has a family of small children to attend to. Montgomery's condition being more serious, he was sent to the accident ward.

"Joseph Hildebrand, alias Lennon, alias Ferguson, aged 24, occupation prize-fighter, residence, Detroit, Michigan," was brought into Headquarters last night by Detectives Davis and Alf. Cuddy on general principles. He is suspected of being an escaped convict from the Michigan penitentiary at Jackson, getting away five months ago after just commencing an eight-years term for burglary.

Dr. Burgess, Queen-street east, has recognised Sarah White, who is under arrest for the murder by poison of her brother James Hicks, as the woman who on the Tuesday preceding the death of her alleged victim called at his office requesting to be furnished with some arsenic. She could not give any satisfactory reason for wanting it, and the doctor accordingly refused her request. Mrs. White has stated that she did not leave her home in Little York on that day, but the detectives have two women who are ready to swear that she came up with them to town on the train on the fatal Tuesday morning.

Hamilton Power, the old beggar who created so much trouble in Toronto last year for the police and who on being arrested was found to have on his person about $100 in small coin, made his presence felt again last night. He was creating a disturbance in King-street west and was locked up. This time he had concealed in two very dirty stockings no less a sum than $38.10 in coppers, 5c and 10c pieces.

The Belleville police have telegraphed that an officer will be up from that city this morning to take back A. T. Diamond, the alleged vitriol thrower. The prisoner was arraigned in the Police Court yesterday and remanded without any evidence being taken.

Six young girls, chambermaids at the Queen's Hotel, attended court yesterday morning to answer to a charge of having assaulted William Sheffield, formerly "Boots," at the Queen's. The complainant swore that he was beaten by the defendants, who employed laths and broomsticks as weapons of offence. The reason of the assault was that Sheffield had refused to marry a girl employed at the hotel who is about to become a mother in consequence of his attentions. The girls were allowed to go to appear for sentence when called on.

Robert S. Chappell, the law student who was committed by the Police Magistrate for trial for forging the name of his employer, R. P. Eeblin, to a $25 check on the Imperial Bank, was admitted to bail yesterday morning by Judge Falconbridge on two sureties of $300 or one of $570. William Elliott of Elliott & Co., Bay-street, became his bondsman.

The executive of the newly-formed Citizens' Association which was organized to protect the city's waterfront, has appointed A. Pardoe honorary secretary, with power to employ more help if found necessary.

At the Police Court yesterday Thomas Corbett, who assaulted Hugh O'Connors by knocking him down and kicking him, was committed to jail for 60 days without the option of a fine.

Notwithstanding a vigorous search the body of James Jamieson, who threw himself off the ferry Mascotte on Tuesday, has not yet been found.

Mayor Clarke will arrive in Toronto by steamer Cibola on Saturday evening at 8.30. Several Aldermen will cross the lake to meet him.

Over five hundred poor children were given a holiday yesterday by the residents of the Island, many of whom devoted the entire day to their entertainment. The children were accompanied by a hundred mothers.

Barrister John McGregor still enjoys his freedom. The sheriff's officers are scouring the city for him, but it is said he has shaken the dust of Toronto from his feet and is now across the border.

Death of a Georgetown Dentist.

GEORGETOWN, Aug. 15.—A. C. McKinlay, L.D.S., of this place died suddenly at New York last night on his way home from the Old Country. He was an active member of the Baptist Church. He leaves a wife and two children.

A Victim of Gluttony.

HALIFAX, Aug. 15.—While the warship Tourmaline was lying in Barbadoes about two years ago, a colored seaman named Richard McAndrews made application to join the ship and play in the band. His terms were acceptable and his services were retained. The musician enlisted for a period of two years. McAndrews was looked upon as an enormous eater. The manner in which he ate and the quantity he devoured at a meal were astonishing. The Tourmaline was in readiness to proceed to sea with the flagship on Saturday last, but McAndrews was taken very ill through eating too much meat. His stuffings were of the most excruciating kind. He was taken from the ship and conveyed to the Marine Hospital at the dockyard, and died in terrible agony yesterday afternoon. McAndrews ate so much that it strained him inside, causing a partial paralysis of the rectum. Those sleeping in the same ward with McAndrews say his groans were terrible. The deceased, who was a man 45 years of age, leaves a wife and family at Barbadoes.

Cain and Abel.

COLUMBIA, S.C., Aug. 15.—Alfred Moore was stabbed and killed by his brother Robert, in Chesterfield County, Tuesday night. The brothers were paying court to the same woman, out of which grew the trouble. The murderer escaped.

AMONG THE RAILWAY.

Another Connecting Link of the C. and U. S. Road Completed.

MONTREAL, Aug. 15.—Another connecting link of the Canadian and United States Railway has been completed. The line from Bombay to the town of Moira, a flourishing centre in Franklin County, N.Y., nine miles in length, was opened this week. The line leaves the United States and Canada road, and after running through some of the best portions of Franklyn County, connects at Moira with the Northern Adirondack and the Ogdensburg and Lake Champlain division of the Central Vermont. From Tupper's lake inward only 38 miles require to be built to insure a line that will reduce the distance from Montreal to Saratoga to 234 miles.

The Short Line Survey.

ST. JOHN, N.B., Aug. 15.—The engineers on the survey of the "short line" between Salisbury and Fredericton have completed the preliminary work. According to statements they make, there will be a saving of 37 miles by the route they have gone over, compared with existing lines. They begin the work of locating the line, commencing at Fredericton, and proceeding outward at once. The party between Harvey and Fredericton have a few miles of locating already done. The cost of the road is estimated at from $1,800,000 to $3,500,000. There will be strong opposition in this section to the Government undertaking its construction, the ground held by its critics being that it is not necessary to the trade of the country of itself, and if built would not afford a saving in the management of traffic at all approaching its cost to the country.

THATCHER, PRIMROSE AND WEST.

The Famous Trio Separate and Thatcher Tells His Story.

ST. LOUIS, Aug. 15.—The Thatcher, Primrose & West minstrel party dissolved partnership on Saturday night. "The whole thing," said Mr. Thatcher to-day, "seems to have been carefully prepared. Billy West, who has not been with us all summer, remained in New York to look after that end of the game, and Primrose, in whom I have the most implicit confidence, but who, I think, has been influenced by his wife, who dislikes me, waited until he got me out to San Francisco, where he knew he would have me at a great and unfair disadvantage, and then he notified me one night that this season would end our copartnership, giving as his reason that he was going to retire, and that my habits had proved a detriment to the show. I sought lawyers and placed my case before them, but found that nothing was to be gained by a lawsuit. I desire, however, to let my friends know that Primrose and West have done me great injury in advertising my social habits so extensively in the newspapers. That I have not been a detriment to the show is shown by its prosperity. In the seven years that we have been together our profits have netted over $250,000. We never made less than $33,000, and last year we made $40,000. I have $25,000 worth of property in New Jersey and a good bank accounts besides." Thatcher goes to New York on Saturday next. There are some rumors of a copartnership between himself and Dockstader, but no step has been taken in that direction by either of the men.

BEHEMOTH'S BONES.

The Remains of a Mammoth Unearthed in Amaranth—Dimensions of the Monster.

SHELBURNE, Aug. 15.—The remains of a behemoth or mammoth have been discovered on W. R. Jelly's farm in Amaranth. John Jelly of Shelburne unearthed the skeleton of the ancient monster, which is now on exhibition here. Twenty-eight ribs were found, each four feet long. The horn is 12 feet 8 inches long and 22 inches in circumference at the base. The joints of the vertebra measure 14 inches across. A force of men is still at work searching for other parts of the skeleton.

Fire at Newington.

NEWINGTON, Aug. 15.—The barns and sheds belonging to Leonard Helmer, about one and a half miles south of here, were burned to the ground last night, together with their contents, consisting of this season's crop of hay, some grain, all the agricultural implements and about 200 bushels of oats. The barns were struck by lightning during the heavy thunderstorm. Loss $2000; insured for $950. The saw mill and cheese box factory of Jas. Duval, of this place, were burned about four this morning. Origin unknown. Loss between $3000 and $4000; no insurance.

The Color Line in Forestry.

MINNEAPOLIS, Aug. 15.—The Subsidiary High Court of the Ancient Order of Foresters to-day voted to sever all connection with the High Court of England and organize as an American High Court. The differences arose over the admission of colored men to the order, the English High Court insisting on it and the American objecting.

Shot by a Moonlighter.

JACKSONVILLE, Fla., Aug. 15.—Frank Weller, deputy collector of Internal Revenue for the Tallahassee district, was shot and killed last night by John Braswell, a moonshiner living near Westville. Braswell escaped. Weller is a son of the Rev. Dr. Weller of the Episcopal Church. He leaves a wife and child.

Band Contest at Listowel.

LISTOWEL, Aug. 15.—The second class band contest to-day resulted as follows: 32nd Batt. Band, 129 points, 1st; Truax Band, 112, 2nd; Forest City Band, 90, 3rd.

The Rejected Widow.

MONTREAL, Aug. 16.—The widow from St. Louis who followed the Montreal wine merchant and insisted on his marrying her, returned to Montreal last evening, furious about the trick played on her. When her son took her to Toronto she stormed through all the better hotels, and when she could not find the Montrealer anywhere she decided to leave for Montreal immediately. The young man notified Chief Hughes, who counselled him to make a deposition against her, and to force her to keep the peace for six months.

A Demoralized Regiment.

PEEKSKILL, Aug. 15.—The 74th regiment is demoralized by the suicide of Private Rotman and the insanity of Col. Johnson. Fifteen members of the regiment were drunk and disorderly in the streets here last night. They crowded around a servant girl and her screams attracted a crowd and caused great excitement. The two policemen of the village dispersed the soldiers and the crowd, but were afraid to undertake the arrest of so many soldiers.

MANITOBA MATTERS.

The Northern Pacific Hotel—Monuments to John Norquay.

WINNIPEG, Aug. 15.—The contract for the mammoth hotel to be erected on Main-street by the Northern Pacific Railway Company has been awarded to Major Bowles at $300,000.

At a large meeting of citizens to-night it was decided to erect a public monument in memory of the late ex-Premier, John Norquay.

Mr. Goldwin Smith has consented to deliver a lecture on Thursday evening next.

The adjourned cases brought by H. J. Clarke against Acton Burrows and others, for alleged libel at the time of the last Provencher election contest, collapsed at the Police Court this morning.

William Clougher's grain elevator at Otterburne was destroyed by fire last night, with 2000 bushels of wheat; partially insured. The loss on the building is $3000.

Millers' Meeting at Woodstock.

WOODSTOCK, Aug. 15.—A meeting was held here this afternoon of the millers of the counties of Oxford, Brant, Waterloo, Haldimand and Norfolk. About twenty were present. It was decided that the wheat buying table and the flour exchange table adopted at the Brantford meeting should continue in force till the next meeting. The reports from the various members present as to the wheat prospects in their respective sections indicate that in the district heard from the wheat yield will average 15 bushels to the acre. It was decided to adopt the Detroit market as a general guide. A delegate was appointed to visit Rochester and other points in New York State in search of seed wheat of excellent quality for milling purposes. The next meeting will be held at Galt on the first Thursday in September.

OUR TRADE WITH BRITAIN

SIX SCORE OF DR. BARNARDO'S GIRLS SAIL FOR CANADA.

The Government Accepts the Opposition's Tithes Bill Proposition—The Emperors at Berlin Kiss and Separate.

LONDON, Aug. 15.—British trade with Canada is fairly satisfactory. The exports from Great Britain increased 6.32 per cent. during July and 1-4 per cent. during the seven months. The imports increased 15.15 for the month and 13 per cent. for the seven months.

A movement is on foot in Ireland to secure Canadian store cattle similar to those imported by Aberdeen.

One hundred and twenty of Dr. Barnardo's girls sailed to-day for Canada.

In the House of Commons to-night Home Secretary Matthews said there was no reason to suppose that letters to Mr. Parnell or the letter from President Harrison to the Mayor of Dublin had been opened in the postoffice. An inquiry into the alleged opening of President Harrison's letter is proceeding.

Yielded to the Opposition.

LONDON, Aug. 15.—In the House of Commons last night Attorney-General Webster announced that the Government would amend the Tithes Bill by accepting the Opposition's proposition to make the landlords, instead of the occupiers, liable for the payment of tithes. The announcement was greeted with cheers by the Liberals. Sir William Vernon Harcourt said this implied an entire change of the whole system of tithes, involving immense interests and millions of money. Discussion was postponed.

An Obnoxious But Necessary Act.

SIMLA, Aug. 15.—The Vice-Regal Council has decided to promote a bill virtually re-enacting the Contagious Diseases Act. General Roberts states that the percentage of soldiers on the sick list has doubled since the act was suspended.

The Boulanger Verdict.

PARIS, Aug. 15.—The sentence imposed on General Boulanger, Count Dillon and Henri Rochefort by the Senate Court yesterday occasioned no excitement. Thus far the utmost quietness has prevailed. The Republican journals are convinced that public opinion will ratify the decree of the court. The Conservative and Boulangist papers are sanguine that the general elections for members of the Chamber of Deputies will show that the people do not approve of the verdict. It is alleged that M. Waddington, French Ambassador to England, has been instructed to second the English Government on the question of extraditing Generals Boulanger, Count Dillon and Rochefort.

The Emperors Embraced and Parted.

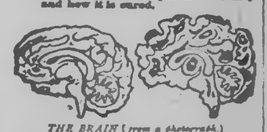
BERLIN, Aug. 15.—Emperor Francis Joseph left Berlin at 9 p.m. He goes to Ischl via Leipsic. He drove to the railway station with Emperor William. Cheering crowds lined the streets. The two Emperors on parting warmly embraced each other repeatedly.

Fire but no Smoke.

BERLIN, Aug. 15.—All the accounts of the experiments with smokeless powder at the Spandau sham fight yesterday concur in saying that no smoke was visible at a

THAT TERRIBLE PARESIS.

Are the Canadian People Becoming a Nation of Lunatics?—The frightful increase of this most peculiar insanity and how it is cured.



THE BRAIN (From a photograph.)
In Healthy Condition. With Paresis Lesions.

There are many well known men confined in our Asylums who but a short time ago were prominent among our business and social circles.

Why are they there?

Paresis!

Did it come on at once?

Not at all. It was a gradual but positive growth. They overtaxed nature. The drain on their vitality, their nerve powers, their brain tissue, was too great, and they gradually but surely sank under it. The things they did to bring this sad end about are precisely the same things that are being done by thousands of men and women to-day. It is not necessary to name them. They all end disastrously unless checked or regulated.

Prof. Phelps, of Dartmouth College, knew this fully when he began his experiments which resulted in the discovery of the wonderful Paine's Celery Compound. He realized that paresis (consumption of the brain) was our great National weakness. He knew that the brain and nervous system must be fortified to meet the great strains which modern life bring upon it. He saw that men were becoming debilitated and women weakened by the pressure and demands of life, and he sought and discovered the remedy Paine's Celery Compound, if rightly taken, will renew the brain and build up nerve tissues as fast as they become exhausted. It is not a narcotic. It contains no drugs, no nostrums. It is perfectly pure. It is absolutely harmless. The high character of its discoverer guarantees this, and the indorsement of the medical and chemical Professions prove it.

The Daily Examiner is delivered to any part of the Town for 10c a week, 35c. a month, $2.00 for Six Months.

The Daily Examiner.

FRIDAY, AUGUST 14, 1889.

Present Stage of the Unrestricted Reciprocity Discussion.

The discussion of Unrestricted Reciprocity has passed through two pretty well-marked stages and has entered upon a third. For a time all who favored the great reform were reviled as traitors, renegades, Annexationists, friends of "Kas" and "Bem," conspirators, villains intent on hauling down the Old Flag, and generally monsters who might well be shot down in their tracks. When this first fury of the Restrictionists had been laughed down, they industriously attempted to controvert the principal propositions in favor of Continental Free Trade. The wondering people of Canada were told that free access to selling market afforded by 60,000,000 wealthy neighbors would be the ruin of our producing classes. The farmers were assured that the abolition of United States taxes on their exports would cause the country to be "flooded" with Yankee cattle, horses, wool, barley, hay, and what not. They were also assured that their fortunes would be shockingly impaired if they received untaxed and cheap American manufactures. All classes were told that selling dear and buying cheap meant "blue ruin." They were also told that Unrestricted Reciprocity would not enable them to buy cheap and sell dear, but would have just the contrary effect. It was also said that Great Britain would never permit Canadians to fix their fiscal system to suit their own interests. Moreover, the assertion was made that it would be atrociously mean for Canadians to discriminate in favor of "Yankees" in order to secure "Yankee" discrimination in favor of Canada. None of these sapient allegations can be made to-day with more acceptance than is given to assertions that the earth is flat. The principal propositions of the friends of Unrestricted Reciprocity being uncontroverted and incontrovertable, have passed into the list of obvious truths. People like to be occasionally reminded of such facts as that the farm land in Ontario would be increased about $1,000,000 in value by Continental Free Trade; that Ontario farmers would profit to the extent of fully $6,000,000 a year by the reform; that all the principal speculators in city lands are very anxious for the change, and that all the own owners of mining lands, all the lumbermen, all the fishermen, and nearly all the mechanics are too. But the time for giving elaborate reasons why these friends are true may be said to have passed, simply because everybody recognizes the truth of them.

The third stage of the movement has therefore arrived, and it may be described as the stage in which all self-supporting Canadians are longing for Continental Free Trade and asking how it is to be brought about. The obvious answer is that it is certainly not to be brought about except by giving political authority to men who will honestly strive to effect the reform. That they can bring it about may of course be questioned, though we have large reasons to believe that our neighbors will contest. Their House of Representatives passed during the last session a unanimous resolution in favor of Commercial Union. We are assured from many well informed quarters that the Republicans are even more more favorably disposed than the Democrats were to the scheme. Still we cannot be absolutely certain that Washington will agree to such a plan as will suit Canada. Nor can we reach any such certainty without giving political authority to men pledged to seek Continental Free Trade. Shall we give power to them? is the question now principally occupying the public mind. That the answer must be in the affirmative is evident from the general acceptance of the proposition that Continental Free Trade will greatly advantage the country

After the Canadian people shall have clothed the friends of Unrestricted Reciprocity with authority to seek the boon, a fourth stage of the discussion will naturally be entered upon. It may be taken for granted that our neighbors will agree to negotiate. They will signify themselves ready to agree to some plan for Continental Free Trade. Then the discussion will be as to whether Canadians can honorably accept such terms as Americans will offer. It is conceivable, though improbable, that they will not agree to a plan that will suit us. In that case the whole business will be "off," and we shall look round for some other way of improving the fortunes of the Dominion. But this "other way" will not be taken into consideration till Canadians know exactly what can and what can't be done about Unrestricted Reciprocity. So we are brought back to the consideration that the first business of the electorate is to place in authority the friends of the great reform.

P. T. Barnum is Coming.

The 15 Combined Shows—Myriads of Attractions and Features.

P. T. Barnum and J. A. Bailey, in presenting their magnificent combination this year, have collected everything of any value as an object of pleasure, source of amusement and laughter, or that produces delight, affords instruction, causes wonder, creates astonishment or in any way conduces to the innocent recreation of the public. To enumerate the myriads of surprising features would be to occupy to much space; suffice it that the show consists of a triple circus with three full companies in three big rings, elevated stage performances, the Paris Olympia hippodrome for the exposition of the numberless thrilling races, a museum of wonders, two monster double menageries of the rarest wild beasts, birds and reptiles, an elephant pavilion containing two herds of those big animals, besides clown elephant and others, all trained. One of the grandest features ever presented the people of this continent was secured in Europe, and will be seen for the first time, called a wild Moorish caravan, in which are seen native Moors, Algerians, Bedouins, Bayaderes, and others, all of whom were brought from Morocco and Egypt by special permission of the Emperor. They brought with them their celebrated Arabian horses, warriors, sheiks, dancing girls, soothsayers, slaves, attendants and high priests, their tents of animal skins, war weapons, musical instruments, domestic utensils, accoutrements and strange paraphernalia carried on their religious pilgrimages to Mahomet's tomb at Mecca. They will afford the greatest possible pleasure and prove a source of great wonder to every one, in depicting realistic scenes in the life of a people who have existed for 2000 years; showing life on the desert, how caravans are captured, scenes in camp, on the march, in the harem, and in a fierce battle with French soldiers. Another novel feature is the black canvas tent of mysteries now shown for the first time, and in which an extraordinary gallery of beautiful living supernatural illusions are exhibited under the direction of one of the most famous magicians, and still another new feature is the grand horse fair tent, with really 380 head of first-premium horses; Japanese troupe, 20 clowns, and a whole menagerie of trained animals. The huge canvas has a seating capacity of 20,000, and covers fully eight acres of ground, while the other tents are simply numberless. Four trains of cars are necessary to transport the stock, cages, and material; and the pay-roll contains the enormous number of 800 names. Truly a mammoth show. 210 persons employed in advance in various capacities, and 300 is stated as the number of its performers, who are to be seen in 100 acts of a startling character. The great free street parade will take place the morning the shows arrive, after which two performances will be given, at 2 and 8 p.m. The entire show will be here on Tuesday, September 3rd.

When everthing else fails, Dr. Sage's Catarrh Remedy cures. o

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c., and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. 3

Chronic Coughs and Colds

and all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form. See what M. S. Meer, M.D., L.R.C.P., etc., Truro, N. S., says: "After three years' experience I consider Scott's Emulsion one of the very best in the market. Very excellent in Throat affections." Sold by druggists at 50c. and $1. w33eod

On The Increase.

So increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

A Baby in Danger.

My baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. Mrs. A. L. Bute, Shell River, Man. 2w31d

Excels All Others.

I used one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. William Walton, Galt, Ont. 2w31d

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetising tonic and fortifier. dw

25 REASONS
FOR
DRINKING
ROYAL DANDELION COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

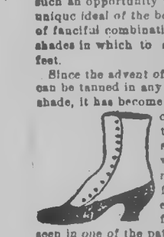
FANCIES IN SHOES.

HOW THE AMERICAN GIRL DRESSES HER SHAPELY FEET.

Unique in Color and Ornamentation, Comfortable in Construction, and Altogether Bewitching.

The introduction of fanciful kinds of leather has stimulated the manufacturers of shoes to corresponding efforts in the production of footgear that is novel, fanciful, and unique. In this they have been eminently successful. Never before has the American girl been given such an opportunity to indulge her most unique ideal of the beautiful in the way of fanciful combinations in colors and shades in which to sport her shapely feet.

Since the advent of ooze calf, which can be tanned in any desired color and shade, it has become a fad among the

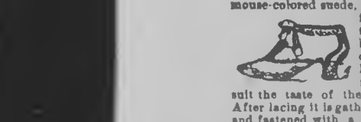


close adherents of the latest to have shoes that match with dress, gloves, ribbons, and other fancies of the wearer. For a walking foot a novelty is seen in one of the patent-leather vamps, cut seamless, and artistically pinked and perforated. The tops are of ooze calf, pink in color, while gilt buttons add to the already striking appearance. This boot is made with high, slim heels and pointed toes. All the attractive ornamentation conceivable is being put into the once popular button boot, for it has found a conceited rival in the lace boot.

This season the ladies have looked with favor upon the lace boot, and it can be made to fit more snugly, and is more comfortable. Then, again, the lace fronts permit of any amount of fantastic ornamentation. They come in tiny scallops of patent leather, says the New York *Sun*, with a bright-colored eyelet in the center, or sometimes of ooze calf, bound with silk cord. A striking example is a lace walking boot, which has seamless vamps of patent leather and mitered out in neat, open-work scallops and scrolls. The tops are like suede, while the lace fronts are of patent leather, cut in triangles and bound with orange-colored silk cord.

For a promenade shoe the Oxford tie lends the race. In this the soft, velvety ooze calf in which the ladies delight figures very largely in the make-up of tasty designs. Then, too, patent leather lends its brightness and adds attractiveness to the heretofore monotonous display of kid and dongola. While walking boots are made on common-sense lasts, Oxford ties still retain the pointed toes, though not to the extreme of last season. The general tendency of all footgear is toward broad heels of medium height and soles shaped after the style of the English waukenphast. "Last season the English waukenphast was very popular," said the proprietor of a small shoe store on Broadway, "and for two reasons—first, it was 'English,' second, they were very comfortable. But many objected to shoes after this style because of the very broad toes. Now, if there is anything in which the New York girl takes special pride it is in her shapely feet, and the broad toes of the waukenphast precluded their advantageous display. But they are not long in discovering that a shoe would be quite as easy to the foot if the toes were made narrower and rounding, while the sole retained the general shape of the waukenphast. Hence we have what is now known as the "common-sense."

In an Oxford tie a striking example has the vamp and fixings of a patent-leather ornate, with open work and fancy stitching. The quarters are mouse-colored suede, while up the lace fronts and around the tops run patent-leather trimmings of fanciful design. For a lace a silk ribbon of shade to suit the taste of the wearer is used. After lacing it is gathered in a neat bow and fastened with a tiny silver clasp. The heels are Louis XV., the toes pointed, and either tipped or plain. If tipped, feather stitching adds ornament and finish.



Shoes after this same style are also made from ooze calf, suede, or kid, in colors and combinations of almost endless variety. Though tan, russet, and gray are most in demand, a purple or bright orange is considered in good taste if in keeping with the shade of the dress goods. Orange seems to have taken the place of black kid to wear with dresses of white or cream color, while gray or lilac colored shoes are worn with goods of black or somber shades.

A very attractive Oxford tie has a vamp of ecru-colored ooze, across which are stripes of narrow ribbon, cardinal in color, while the quarters are garnet ooze. Up the lace fronts and around the top is a narrow strip of patent leather. This makes one of the most attractive and dainty creations to be seen in foot-gear. As though the colors already mentioned did not afford variety and attraction, a lace of mascot brown ribbon tied in a large bow adds its bizarre effect. Of course such a shoe as this is made with toes and Louis XV. heels. The idea of having a narrow ribbon stitched across the vamp seems to have caught the fancy of the New York girl, for these shoes are "all the rage," and the dear ones vie with each other in producing the most novel and almost protesque combinations. Some have even gone to the extreme of having the ribbons of gold or silver and the heels gilded or silvered to match.

Quite as novel effects are seen in slippers as in Oxford ties. In fact, here fashion has indulged in some of her most unique whims. In addition to all the combinations already mentioned are bows, pompons, ribbons, beadwork, and even hand painting, lending aid to the make-up of slippers that are chic and ornate.

Other designs have gold or silver beadwork or luster paintings in various patterns. In the matter of slippers the common sense idea has not as yet wrought a formation for still high heels and pointed toes are the favorite. In fact, the pointed toe for slippers is being carried out to the same extreme as was the broad toe of the English walking boot. Not content with a peaked toe, it is now the fad to have toilet slippers the toes of which come to a sharp point and turn up in a sort of beak. Such as these are rightly named the gondola toe. They are made in ooze calf, kid, and morroco. Red and brown are the favorite colors for those of morocco, the gray is the choice in ooze calf.

Some very pretty tennis shoes are to be had. The summer ooze calf has taken the place of the common shoe of last season. The fixings and trimmings are of ooze calf, the grain side outward, while the vamp and quarters are of the same, but the flesh or velvet side out. Here, too, is much that is ornate in the way of pinking, perforating, and fancy stitching, and also the same variety in the way of colors and striking combinations. So great is the variety it is hard to decide the popular color, though red, tan, and russet seem to predominate. Nile green is a favorite shade for trimmings, but as there is a decided tendency toward bright colors, a tennis shoe with purple vamps and quarters and bright orange trimmings is no longer considered a novelty.

A very pretty slipper has a vamp of blue ooze and quarters of the same, but darker in shade. Across the vamp is a tasty design worked with pearl beads, just above which sets a white silk bow made with winged points. The lining is of undressed kid, the heels Louis XV. and covered with blue satin.

He Was Born Too Soon.

Officer Houlihan—An' who does this ripresint, Teddy?

Officer Rourke—Hercules.

Officer Houlihan—An' is he dead now?

Officer Rourke (impatiently)—Yis; these four thousand years, ye blamed fool!

Officer Houlihan (sadly)—Phat a pity—look at the club av him. Sure it's a foine man he would have made on the foorce!—*Puck.*

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

A Single Trial

is all that is needed to prove that Polson's Nerviline is the most rapid and certain remedy in the world for pain. It only costs 10 cents for a trial bottle. A single trial bottle will prove Nerviline to be equally efficacious as an external or internal remedy and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by druggists. Large bottles, 25c. Avoid substitutes. 6dw33

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Sorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

Cold, wet weather is very hard on sufferers from neuralgic troubles, and to those Dyer's Quinine and Iron Wine is strongly recommended. It is palatable, easily assimilated, and can be safely taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d36

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

REGULATE THE LIVER and Bowels by the judicious use of National Pills, they are purely vegetable. dw

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 393 Atlantic ave., Brooklyn, N. Y.

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5.

ONE YEAR IN BUSINESS!

ONE YEAR since WYATT & TURNER, the Live and Progressive Day-Light Clothiers, opened out in Business.

ONE YEAR since the Tumble in High Prices in Clothing. The people of the County owe it to WYATT & TURNER that the rich man's garb is within the reach of all at poor men's prices.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan, at terms to suit. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Kliss Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and mechanics should inspect the property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

W. FITZGERALD,
Corner of Water and Dublin Sts.

A New Veterinary Surgeon.

Dr. F. L. Robinson, V. S., who recently graduated from the Ontario Veterinary College, has opened an office for the practice of his profession on Charlotte street, opposite Fitzgerald's livery stable. Fred's many friends will wish him success in his business.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

Train Delayed.

The local train from Toronto Wednesday night was about three hours late. The train left Port Hope on time, the *Guide* says, but after running some distance out it was found that the water supply from the tender would not feed. So the train backed down to the siding at Port Hope, by easing off the air brakes and allowing the train to back down the grade. It left several hours late.

A Quiet Wedding.

A quiet wedding took place at Kingston at three o'clock on Wednesday in St. Paul's church, the rector officiating. The contracting parties were Mr. George Dean, son of Junge Dean, of Lindsay, and Miss Gertrude Morton, daughter of Mr. George Morton, late of Kingston, but now of the North-West. There was neither bridesmaid nor groomsman, and only near relatives and a few intimate friends were present.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

A Fraud of the First Water.

The much talked of elixir of life, so far as the extravagant claims to healing powers are concerned, has been proved to be a transparent fraud. And all articles, unless purchased from reliable establishments, are liable to be disappointing. For this reason there is no disappointment to those who purchase Hawley Bros. superb teas. They are all of the purest quality and are sold at the most moderate prices. Always pure, fragrant and strong, three indispensable qualities. The best place to get the best black, green and Japan teas is at Hawley Bros., George street. The purest coffees and the handsomest of glassware at Hawley Bros., George street, Peterborough.

At the head of the class stands M. R. KIDD in choice teas.

Chemong Lake Boating Club.

A meeting of the Chemong Lake Boating Club was held in the Oriental hotel parlours, Wednesday evening. Mr. P. Macdonnell occupied the chair. Two plans of the proposed boat house were submitted, but both of them involving more expenditure for the building than the club desired, it was proposed to modify the plans, and Messrs. Kean, Heathcott and Kay were appointed a committee to revise the plans and to notify Mr. Pearce that his plan would be accepted at a certain figure, the erection of the building to proceed at once under his supervision. A draft of constitution and by-laws was also submitted, and the consideration of it laid over till Wednesday evening next, when every member is requested to be present to discuss and decide upon the rules and regulations for governing the club. The boat house premises will be a fine capacious structure, and in addition to its summer use, it can be utilised in winter for the use of sleighing and snowshoeing parties.

Sports and Pastimes.

Yesterday a team of the Athletics baseball club went to Orillia and were defeated in a five inning game by a score of 18 to 4. The Orillia clubs' victory was wholly due to their imported semi-professional battery from Belleville. Otherwise the teams were quit evenly matched, and had Orillia played its own amateur battery the game would have been more closely contested. The Athletics team was:—McCabe and O'Brien in the points; Farley, 1b; Pakenham, 2b; Adams, 3b; Baker, ss; Robinson, lf; Taber, cf; Harvey, rf.

A "scratch" cricket game was played on the grounds yesterday afternoon between teams captained by Messrs. Stratton and Attewell. The latter's eleven was victorious by a score of 118 to 55.

Mr. John Stirling, attended a meeting of the Provincial Cricket Association at Toronto Wednesday.

The Millbrook cricket club was defeated by Bethany the other day by 28 runs, a catastrophe which was largely due, according to the *Reporter*, to the "strong bowling' of Mr. St Stirling, a Peterborough cricketer, at

Civic Excursions.

Where our Citizens Went and What They Did.

Yesterdays exodus of citizens was unusually large. The town was pretty thoroughly drained of its inhabitants. Counting the regular excursions alone it is estimated that by their means about 2000 persons went out of town. Consequently the rest of the citizens who did not go fishing, boating or driving had a rather dull and quiet day of it. Business was entirely suspended except the shops of the purveyors of refreshments.

Court Little John's Day Out.

The members of Court Little John are delighted with the success of their excursion. It was a very gratifying success, financially and in what the order values more highly, the feeling of sociability and friendliness that characterized it. Between three and four hundred persons joined the excursion most of them taking the early morning train and the majority of the excursionists went across the lake, the steamers Cibola and Chicora taking over including the Peterborough people some six or seven hundred. The excursionists, on arriving at Lewiston took the New York Central R.R. and went up to the Falls, a splendid view of the magnificent scenery of the Canadian shore being thus secured. The party enjoyed themselves splendidly at the Falls, and the day was to one and all a day of delight. A large number took advantage of the two days tickets and remained over at the Falls and others at Toronto. Those who wished to return home the same day, found the connections of boat and train perfect; there was no delay. The excursionists are grateful to the officers and crew of the steamers who did all in their power to promote the pleasure of the passengers, and also the officials of the C. P. R. The Foresters of Court Little John are to be congratulated upon the demonstration of their ability to run a first class, orderly, enjoyable excursion, and no small amount of credit is due the excursion committee—which was composed of Messrs. W. M. Green, chairman, R. H. Lithgow, secretary, Jos. Butler, jr., treasurer, R. H. Nethercutt, James Bennett and Robert Mann.

'Prentice Boys' Excursion.

The 'Prentice Boys of Jubilee Lodge, No. 7, held their first annual excursion to Jacob's Island and Bobcaygeon. The train that steamed out of the Midland station at 8:30, had about 150 on board. After a short run to the Chemong Valley terminus, the Beaubocage and palace barge Paloma were boarded and after a pleasant sail Jacob's Island was reached at 10 o'clock. Part of the crowd went to Bobcaygeon by the "Maple Leaf," but the majority preferred going to the island for their day's fun. And plenty of fun and enjoyment there was. Dancing was kept up on the "Paloma" during the entire time, Sherwood's orchestra furnishing first-class music.

H. Saunders acted as floor manager. The excursion party was composed mainly of young people, and needless to say it was a time of general enjoyment. They had about seven hours at the island, and the larger number of the excursionists thronged the barge, where dancing went on almost unintermittingly as the day was cool and there were no better means of enjoyment on the island. The boat hands joined heartily in the festivities, and their unanimous expression was that the 'Prentice Boys' excursion was the jolliest and most agreeable party they had had aboard this year. They were all "brethren," and each did his best to make things pleasant for the others. Those who spent the day at Bobcaygeon also had a nice time. Peterborough was reached a little before seven o'clock, all well tired but thoroughly satisfied with their day's outing. To the committee in charge, much of the success of the excursion is due. They worked hard to make the party comfortable, and they are highly satisfied with the result. The committee comprised Messrs. J. Flannery, A. Armour, W. J. Craig, R. Hounsell and J. Ferguson.

Sons of Canada.

This young but vigorous national society ran an excursion to Jubilee Point per steamer "Golden Eye" and palace barge "City of Peterborough." Nearly 300 people were aboard, and it is scarcely necessary to state that they enjoyed themselves. The boat left the wharf about eight o'clock and after a pleasant sail down the river, stopping at Ashburnham and Campbelltown, reached the Point in time to allow the excursionists four or five hours at this beautiful resort. Their numbers were augmented by a large excursion party from Warkworth, which came in by the "Beaver." Home was reached at about half-past ten. Dancing was maintained with abatement both on the barge and at the Point, Prof. Doucet's orchestra supplying excellent music. The excursion was an exceedingly pleasant one, no accident or disturbance of any sort occurring to mar the enjoyment of the day. The large committee which had in hand the arrangements were indefatigable in their efforts to make the excursionists comfortable, supplying tea, sugar, milk and hot water free, and meals at reasonable rates, as well as providing for the free transport of canoes. The committee comprises Mr. W.C. Mudge, chairman; Herb. S. Dixon, secretary; Messrs. Thomas Rutherford, Dr. Yelland, J. W. Crosby, Herb Robertson, Thos. Graham, S. J. Metheral, J. D. Craig, D. S. Harvie and John Smith. This was the first excursion under the auspices of the new Society, and they are to be congratulated upon the success which attended their initial effort. The Sons of Canada is a young society, but its members are live and energetic men, and no doubt the patriotic Order will flourish in Peterborough as it deserves.

The Orillia Excursion.

The joint excursion to Orillia under the auspices of the C.M.B.A. and E.B.A., of Peterborough, was one of the most successful that has ever left Peterborough. The train left the Grand Trunk station at 7.20, with about 400 persons aboard, and the crowds that got on at Lindsay and Beaverton swelled the number to probably 500. The Fire Brigade Band accompanied the excursion, and in the morning played the crowd to the station. On the run up those who had to leave without breakfast were served with substantial refreshments on the train, and many a late sleeper who had to hurry to catch the excursion had cause to be grateful for the practical thoughtfulness shown by the members of the committee. Orillia was reached at 10.45, and the visiting brethren were met at the station by Orillia Branch No. 67 of the C.M.B.A. Procession was formed as follows:—

Orillia Brass Band
Peterborough Branch No. 30, C.M.B.A.
Fire Brigade Band.
St. Peter's Branch No. 21, E.B.A.
Orillia Branch No 67, C.M.B.A.

There were 150 or 200 men in the procession. After parading the principal streets the procession brought up at the Separate School grounds, where the members disbanded. The excursionists spent the day in seeing the numerous sights in and about the busy little metropolis of the north. Couchiching Park, the Asylum, the races and baseball match, and other places and events of interest each attracted their crowds, and altogether a very pleasant day was put in. Strangers to Orillia were rather surprised at the beauty and prosperity of the place, nor will they be quick to forget the kind and hearty hospitality with which they were entertained. The excursionists were treated as guests and friends. There was ample hotel accommodation for the large crowd of excursionists. Orillia was left at 6.30 and Peterborough reached at 9:30. The Fire Brigade Band marched to the Grand Central hotel, and there disbanded.

The excursionists feel themselves indebted to the committee for the complete arrangements which so materially helped to make the day enjoyable. The committee is also to be congratulated upon the splendid success achieved, as Thursday's excursion to Orillia was one of the best of the many good ones this season. The committee comprised Dr. McGrath, Chairman; J. J. Lynch, Chairman; J. O'Meara, Treas; Messrs. T. Mercier, J. Archambault, D. McGrath, Chas. Dunn, T. Doris, J. A. Borland, B. Carveth, A. R. Lee, W. J. Devlin, and a few more whose names were not obtainable.

To Stoney Lake.

The Y. M. C. A. Band had such a large excursion to Stoney Lake that all their arrangements for disposing of the people were flattened out. The boats were inadequate to accommodate the crowds who went out on the train. There were seven coaches heavily laden with pleasure seekers and their baskets, and on arriving at Lakefield a large number were unable to get aboard the "Mary Ellen" and "Cruiser," which were both loaded to their fullest carrying capacity. The result was a general mix-up. Some of those who were left behind had their baskets taken on to Stony Lake, while a few who were fortunate enough to get aboard had their baskets on the other boat or left at Lakefield. The large crowd who were left at Lakefield bore their disappointment good

selves in the village. The "Mary Ellen" took her crowd all around the lakes, as far east as Eel's Creek, and a pleasant day was spent. The "Cruiser" took one load as far as Young's Point and returned for another. Then the first detachment was taken for a cruise about Clear Lake, and on returning the other lot was treated to a sail. In this way a large number were fairly well accommodated. The Y. M. C. A. band was present, but its members were left behind at first. They did not expect such a large crowd on their excursion, and they too are to be congratulated upon the success of their holiday venture. The proceeds will no doubt net a handsome sum.

Dr. Bell Grand Master.

A Peterborough Oddfellow Grand Master Of the Grand Lodge—A High Honour Worthily Bestowed—Brief Sketch of The New Grand Master.

A despatch from St. Catherines gives the information that at the annual meeting of the Grand Lodge of Oddfellows for Ontario, Dr. Bell of this town was unanimously elected Grand Master of the Order, the highest honor in the gift of the Order — that is, his election was ratified, he having been virtually elected at the grand session of 1888, no other candidate having been nominated in opposition to him. The EXAMINER begs to offer its most cordial congratulations, which are due both to Dr. Bell and the town. Dr. Bell's attainment to his position implies a recognition on the part of the best judges,—his brethren in the order,—of the important and effective work which his zealous application to the promotion of the interests of Oddfellowship have resulted in. For the past fifteen years he has been a member of the Oddfellow order, and with him membership has not meant a mere place on the membership roll, but active, energetic and intelligently directed work for the furtherance of the interest of Oddfellowship. At this juncture it will not be amiss to give a brief sketch of Dr. Bell's professional and society career.

Robert William Bell, M.D., Peterborough, who was to-day elected to the important position of Grand Master of the Grand Lodge of Ontario, I. O. F., is a native of Carleton Place, Lanark County, where he was born in 1851. In 1870 he entered McGill College, Montreal, graduating in medicine in 1873. He practiced several years in Carleton Place and in 1876, removed to Peterborough. Dr. Bell is a Presbyterian in religion, and Chairman of the Board of Managers of St. Andrew's Church. He is an enthusiastic volunteer, holding the position of Major of the Peterborough Rangers, and has for several years been secretary of the Peterborough Rifle Association.

His Oddfellow record begins in January, 1874, when he became a member of Stella Lodge, No. 125, Carleton Place, at its institution. He joined Brock Encampment, Brockville, the following year. He was elected to represent the above lodge at the grand session of 1876, St. Catherines, and he was at that time appointed Grand Chaplain, in which capacity he attended the next session in Belleville. Having removed to Peterborough, he joined Peterborough Lodge 111 in May of 1878, but subsequently withdrew and assisted in the resuscitation of Otonabee Lodge, No. 13, in 1882, visiting the Grand Lodge in Toronto that year to successfully present the petition for that purpose. Dr. Bell attended the Grand Lodge as representative of Otonabee Lodge in 1883, '84 and '85, serving every year on important committees. In 1885 he was appointed Grand Marshall. In this capacity he attended the Grand Lodge in London. Next year he was again elected representative of Otonabee Lodge and as well known elected to the position of Grand Warden. It will be seen that Dr. Bell has been an active and energetic Oddfellow. He has served the Grand Lodge nearly every year since 1876, either upon most important committees or as a Grand Officer and his present election may be justly regarded as a recognition of his abilities and active interest in the promotion of the welfare of the Order. He is possessed of excellent executive ability, makes a most efficient and valuable Grand Lodge official, and is eminently fitted by virtue of his experience, knowledge of Oddfellowship, and sterling worth of character to fill with credit to himself and with credit to the order the high position in which his merit has placed him. In August 1887, during the session of the Grand Lodge in Peterborough Dr. Bell was elected Grand Warden; at Barrie, last year he was elected Deputy Grand Master by acclamation and Wednesday he was hailed by the unanimous acclaim of his Grand Lodge compeers, Right Worthy Grand Master of the Right Worthy Grand Lodge.

Encampment Oddfellowship.

The Growth of Encampments During the Past Six Months—Grand Officers Elected.

At the annual session of the Grand Encampment, held in St. Catherines, the Grand Scribe presented the following report:—

To-day again, after the lapse of thirteen years, we meet in the garden of Canada, the home of the first tent erected in Ontario. No more prosperous locality for Oddfellowship can be found in the Province and the beautiful temple consecrated to Friendship, Love and Truth is a monument to the energy, fidelity and perseverance of the St. Catherines Oddfellows. They are reaping the reward of their early labors and keen foresight. There is nothing like accumulating in your early years a home where cluster the memories of the bygone. Attachments become sacred, and, aside from the value of increasing years, serve to hold families together. Prosperity has perched upon the banner of No. 1 tent. Its members have grown grey in its service and desire to die beneath its shadow. I trust that our assembling in the ancient home of our Order may awaken new hopes and aspirations, and that the representatives can return to their homes at the close of our labors elevated and encouraged in the good work.

The following figures will give the progress of the encampments during the six months ending June 30th, 1889:—Initiated, 150; admitted by card, 5; reinstated, 5; total, 160. From which deduct:—Withdrawn by card, 21; suspended for non-payment of dues, 57; suspended for cause, 1; deceased, 9; total, 88. Increase for last six months, 72.

The following summary from the returns will give our membership and standing on December 31st, 1888. The membership of Encampments that have not reported are left out:—Number of members, as per last report, 3096; initiated during the year ending December 31st, 1888, 352, admitted by card, 44; reinstated, 35; total, 3557. From which deduct:—Withdrawn by card, 39; suspended for non-payment of dues, 187; suspended for cause, 1; expelled, 1; deceased, 18; total, 146. Membership on Dec. 31st, 1888, 3,411. Number of patriarchs relieved, 295; number of weeks' sickness for which benefits were paid, $1,380, amount paid for burying the dead, $236.50; amount of special relief, $59 18; amount of relief to widowed families, $25; amount paid for the relief of patriarchs, $2,307.08; total amount of relief paid, $2,627.74; invested funds of subordinates, $31,513.26; total amount of annual revenue, $4,829.93.

The finances of the Grand Encampment are in a first-class condition. The increase over last year is not large, but the growth is substantial. As far as I can learn, the uniformed branch, or cantons, is an encouragement to young men coming into the subordinate lodges to connect themselves with the Patriarchal Order. That is, I think an element of progress and should be encouraged. I have much pleasure in submitting all correspondence received.

GRAND OFFICERS.

The next session of the Grand Encampment will be held in the City of Kingston on the third Tuesday in July, instead of the second Tuesday in August, and not the day previous to the annual meeting of the Grand Lodge. By this change the cantons of Ontario and Montreal will participate in a grand cantonment in connection with the Encampment.

The election of officers for the ensuing year was then proceeded with, resulting as follows:—Grand Patriarch, J. T. Hornibrook; High Priest, J. A. Macdonald; Senior Warden, J. A. Jackson; Scribe, M. D. Dawson; Treasurer, Ed. Baltz; Grand Junior Warden, Fred Doggett; Sovereign Grand Lodge Representative, Frank Riddle; Grand Marshal, F. Daniels; Grand Sentinel, J. J. Banting; Grand Outside Sentinel, J. W. Smith.

A proposal to hold the sessions every two years instead of annually was voted down. The representative to the Sovereign Grand Lodge was instructed to secure legislation by which members of the Encampment can visit subordinates upon holding an Encampment visiting card.

A FEW more chests of that choice Japan

Death on the Rail.

A Young Man Found Dead Beside the Railway Track—The Body Horribly Mangled.

Yesterday morning about half past five o'clock as conductor Wood's special train was entering Stirling, on the Grand Junction railway, the body of a man lying in the ditch was noticed a short distance west of the switch. The train was stopped and the corpse brought to the station, where it was identified as that of a young man named Walter Smith, a school teacher who had a small school a few miles from Campbellford. The body was horribly mangled, the legs being crushed to jelly and the man's brains scattered along the track. He had evidently been run over by one of the many freight trains which passed through in the night, as the corpse was cold and stiff. His death must have been instantaneous.

Just how the accident occurred is not known. Smith was in Stirling during the day, and at night left the village. There are but too certain reasons for supposing that the unfortunate man met his death through the effects of drink. He was intoxicated in the village, and the body when found had a whisky bottle beside it. The old theory of a drunken man walking or sleeping on the track, too indifferent or unable to get out of the way of a train, will probably hold good in this case.

Smith was about 28 years of age, and unmarried, and up till a year ago lived with his aged mother. She went to Michigan to visit a married daughter, and was expected to return home again only a day or two after her son met his untimely death. It will be a sad blow for the old lady when she reaches home to learn that she has been so suddenly deprived of her only son and support.

Police Court.

A Larger Docket to-day—Juvenile Thieves at Work.

FRIDAY, Aug. 16.

Yesterday a young man from Toronto while drunk fell into the clutches of the police and was fined $2.

The two cow cases enlarged from Tuesday against John Webber and Andrew Allison, were this morning disposed of, both defendants discharged. They urged that if their cows got out they were unaware of it, and so they escaped being fined on the charge of "allowing" their cattle to run at large.

Two boys, Chas. and Fred Eastland, were charged with disorderly conduct. They live at the outskirts of the town, and it would appear used abusive language to an old neighbor and otherwise misconducted themselves, at least Charles was found guilty of the offence and fined $2.

JUVENILE THIEVES.

Last night P. C. McGinty arrested two French boys named Theoret and Turcotte on a charge of larceny. Victor Theoret a brother of the one first arrested, aged 14 years, has for the last two weeks worked as an apprentice and clerk in Chas. Legros' barber shop and cigar store. Since the first day of his engagement apparently young Theoret began a systematic robbery of his employer, though nothing was missed to cause the slightest suspicion. The discovery was brought about in another way. One of the Salvation Army officers living next the skating rink on Charlotte street noticed the two first named boys acting in a suspicious manner in rear of Thompson's old bake-shop, and saw them with a bottle of whiskey and other things which led him to the conclusion that they were stolen. He notified P.C. Adams, who watched the place for a while and was afterwards relieved by P.C. McGinty. In the evening the younger Theoret and the lad Turcotte came along and were taking some of the things away when the officer arrested them and took them to the police station. A large quantity of smoking material was found stowed away in the old baker shop—pipes, cigars, tobacco, pouches, etc., to the value of about $6.50. Victor Theoret, the elder brother, heard of his brother's arrest and came to see him. He was trembling when he entered the police sation, and had a frightened, guilty look that led P. C. Stewart to suspect him of knowing something about the thefts. The lad was so thoroughly scared the officer had no difficulty in eliciting a full confession Theoret admitted stealing the stuff, and took his brother into his confidence, Victor Theoret was then locked up and the other two prisoners released. In the police court this morning the prisoner pleaded guilty, and was remanded to gaol for one week awaiting judgment.

News Nuggets.

—There are four days trotting races—Sept. 3rd to 6th—at the Midland Exhibition Kingston.

—A girl named Whitney, of Campbellford, has been committed for trial on a charge of till tapping.

—At the Campbellford cheese board on Wednesday last, there were boarded 278 boxes white cheese.

—Thomas McPherson, of Smithtown, raised a disturbance in Port Hope the other night, and was sent to gaol for a month.

—Yesterday would have been a very bad day to take the census of Peterborough; the excursion trains and steamers pretty thoroughly drained the population.

—Mr. J. D. Baptie's house on Water street, near the goose pond, was sold Wednesday by Auctioneer Stapleton, to Mr. W. B. Kelly, of Bridgenorth, for $1,250.

—The directors of the Belleville exhibition have decided to give no more prizes or diplomas to merchants or manufacturers for their exhibit of goods.

—The Williams Statue has arrived in Toronto, and is now open to public inspection at 130 Front street, where it will remain until the 22nd inst.

—That Stony Lake is becoming the popular summer resort of the district is evident from the amount of publicity it receives in the newspapers. Not only the Peterborough and Port Hope papers have frequent letters and paragraphs, but the Belleville dailies as well. The *Ontario* publishes a long letter from a Belleville party camped on Stony Lake.

Much injury is done by the use of irritating, griping compounds taken as purgatives. Ayer's Pills, the patient has a mild but effective cathartic, that can be confidently recommended alike for the most delicate patients as well as the most robust.

The Port Hope *Guide* says:—Mrs. H. A. Walker sr., of Welcome, left this morning to join her daughter, Mrs. Jacobs, who is visiting friends in Peterborough.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Vigie, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

CHEAP TEAS.
—
BIG CUTS IN GROCERIES.

IT'S NO JOKE.

Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did. She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.

Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.

Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's Fancy Goods Store, George street, Peterborough.

K. Fair.

Fair With Local Showers.

Winds mostly moderate to fresh, from westward, fair weather with local showers in some localities, stationary or higher temperature.

ROBERT FAIR.

REMNANTS
REMNANTS
REMNANTS

At this time of the year, we find as the result of the season's trading (which by the way, has been the largest in the history of our business here). Remnants in very useful and valuable lengths in the different departments.

These oddments have been gathered together, and placed on a table in the centre of the store, and the prices have been reduced in some cases as low as 50 per cent.

We are also offering at great bargains, short ends of Carpets and Oilcloths.

We would suggest an early inspection of the above, and at the same time we can show you many New Lines for Fall which have commenced to arrive already—a peep into the future, as it were.

ROBERT FAIR
Sign of the Golden Lion
383 George Street, Peterborough.

BYAM'S
Improved "Common Sense"
• SASH BALANCE.
LOCKS AND LIFTS.

THE only *practical* substitute for weights invented. The most durable, the cheapest and best device for all *ordinary* windows. Balances when in position are entirely *out of sight*. No rivets, bolts or screws are used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or marring of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily put in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is *impossible* to use weights or other fixtures. No unsightly cord wearing paint off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when Sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No *rubber* rollers to become flattened by standing in one position for some time. No *finny* coil spring or *delicate* mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of all.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts for upper and lower sash are the best and cheapest in the market.

Call and see them in operation at,

PETERBOROUGH BOOKSTORE
J. R. STRATTON.
We have Toilet Paper both in Rolls and Packages.

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you? Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar."
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Exactly but. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

If you want to Save Money.

HAVE you any money in a Saving's Bank or other investment paying you from 3 to 6 per cent. interest? Yes, well that may be a safe way of making money but will you not die of old age before it will amount to any considerable sum. The great majority of rich men in all parts of the world are extensive owners of Real Estate, consequently a wise investment in such must be a step in the right direction. I claim to be a good judge of the value of property and I speak truthfully when I say that I have a great variety of property for sale, several parcels of which is offered very much under value. The man who has $200 can buy a $100 lot and pay the balance at the rate of $100 per year, and before he has it paid it will sell for $200. larger properties in same proportion. Visit my office, examine my properties, and you must acknowledge the correctness of my statements. Those bargains open until 30th inst.

JOHN HACKETT

IMPRISONMENT FOR LIFE.

MAY AFTER ALL BE THE FATE OF MRS. MAYBRICK.

A Long Conference Held at the Home Office—It is Believed the Sentence Will Be Commuted.

LONDON, Aug. 16.—Home Secretary Matthews, Justice Stephen, the Lord Chancellor and medical experts held a conference at the Home Office to-day with a view to arriving at a decision in the Maybrick case. From the length of the conference and other indications it is regarded as a certainty that the Home Office is in doubt, and it is believed that the result of the deliberations must necessarily be a pardon or a commutation of sentence.

The Press Association states that Home Secretary Matthews will recommend to the Queen the commutation of the death sentence of Mrs. Maybrick to penal servitude for life, and that the commutation of sentence will be announced after the Queen has given formal assent.

Home Secretary Matthews and the experts assumed that Mrs. Maybrick was not guilty, and, acting upon this assumption, sifted every scrap of the testimony given, especially that in relation to the husband's craze for arsenic, which is of great weight and will, it is believed, turn the scale in the prisoner's favor. It is a noteworthy fact that the Lord Chancellor is seldom consulted in such cases except when a reprieve is meditated.

Eighty-eight members of the House of Commons have signed the memorial in behalf of Mrs. Maybrick.

The Grand Trunk's Dividend.

LONDON, Aug. 16.—The Grand Trunk Dividend was announced to-day at the rate of £38s. per cent. per annum on the 4 per cent. guaranteed stock, the total balance available for dividend being £88,000 sterling.

The Chicago and Grand Trunk shows a surplus of £2400 on June 30 against a surplus of £141 at the same date last year. So far the dividend has no appreciable effect on prices on the Stock Exchange.

The Tithes Bill Withdrawn.

LONDON, Aug. 16.—In the House of Commons this evening the Tithes Bill was withdrawn.

After serious and protracted opposition Mr. Smith, the Government leader, stated that the Government would not introduce a new Tithes Bill.

Turkish Reinforcements for Crete.

LONDON, Aug. 16.—The Turkish troops have fortified their positions at Canea, Crete, in spite of the opposition of the insurgents. Fifteen hundred Turkish reinforcements have arrived and 6000 more are expected.

Never Meant to Ask It.

PARIS, Aug. 16.—La Nation says France never intended making a demand for the extradition of Gen. Boulanger.

Kalnoky Returns.

VIENNA, Aug. 16.—Count Kalnoky has returned from Berlin.

TOTTERING TO ITS FALL.

The Poor Old British Government Overturned by the Special Cable Fiend.

LONDON, Aug. 16.—The extraordinary somersault which the Cabinet has just performed with regard to the Tithes Bill has not conciliated the Liberals, while it has had the effect of astounding and exasperating the Conservatives. The announcement made by Attorney-General Webster that the government had decided to amend the bill by accepting the proposal of the Opposition to make the landlords instead of the occupants liable for the payment of tithes, will do the ministry no good; and even the cheers of the Liberals are scarcely consoling to the Cabinet. The utter rout of the Government was indicated in the remarks of Sir William Vernon Harcourt, that the ministerial gymnastics is equivalent to the introduction of a new bill, framed on precisely the points insisted upon by the Liberals; at the same time, his statement, to which Mr. Smith fully assented, that the Liberals could not accept or even discuss the new bill until the text of the measure is before them, indicates that a fight may yet occur over the clause. The real thing that has been done is an absolute surrender by the Government, with the effect of disgusting its friends and of encouraging its enemies to still further opposition. It was a step of necessity to save the Cabinet. The folly of it is already manifest. The landlord party will not submit to the proposal to relieve the tenants of the payment of tithes. Within an hour after Sir Richard Webster had announced his decision the landowning section of the Tories got up a protest against the action of the Government. This promises foul weather, which the ministers cannot ride through. To escape it, it is probable that the bill will be withdrawn.

A number of the Parnellite members who were censured for their absence from the divisions, which was partly the cause of the Government not being directly defeated on this bill, have gotten in a temper over it and have threatened to resign their seats in the House of Commons. Mr. Parnell has treated these threats with indifference. If any of his followers carry out their silly intention it may be a good thing for Ireland and the Irish party. Mr Parnell will accept their resignations, and will then reform the Irish group in Parliament. Many of the absentees plead that it is impossible for them to give their constant presence in Parliament unless their allowances are increased. The members' fund has lessened so much recently that it has practically ceased, and the members declare they must attend to their private business in order to live.

Gen. Boulanger is the guest of Lord Delaware at Buckhurst Park. He says that the verdict of the elections will overturn the work of the Senate Council in his case. He still keeps up the air of complacent bravado which has always distinguished him.

The Sultan's ministers have authorized the announcement that if Greece should proceed with her preparations for interference in the affairs of Crete, the Turkish troops will be concentrated on the Greek frontier.

Fatal Gas Explosion.

NEW YORK, Aug. 16.—At 8 o'clock tonight a gas explosion took place in the cellar of the three-story building at 407 Grand-street. The first floor is occupied by T. J. McCabe as a crockery store. The place was cleaned out by the explosion. The flying debris struck a young man named Jacobs, who was working on the other side of the street, killing him instantly. Several other people were badly injured. The wounds of many were dressed in an adjoining drug store and in the Delancey-street station house and about 20 whose injuries were more serious were attended to in Governeur and Bellevue hospitals.

NEWS OF THE DOMINION.

A LONDONER DIES UNDER SUSPICIOUS CIRCUMSTANCES.

Joseph Jaynes' Leap for Liberty—Western Ontario Millers Organize—The Moulders' Strike—Fatal Accident.

LONDON, Aug. 17.—Thomas Campbell, a blacksmith, died suddenly Thursday and his brother-in-law laid information alleging that "Thomas Campbell died very suddenly, that the said Thomas Campbell had previously been in good health, and that his family relations had been of such a character as to make the deponent believe that he did not come to his death from natural causes, but by unfair means at the hands of others." Dr. Smith has opened an inquest.

Joseph Jaynes was arrested yesterday morning at Sarnia by Constable Webb for breach of the Ontario Medical Act. While coming to London on the morning express he went to the platform, complaining of being sick. Webb turned to open the door to take him in and immediately Jaynes jumped. The train was going at twenty miles an hour, and, when stopped, Jaynes was seen struggling over the fence to make for the woods. He was brought back. His head is slightly cut and bruised and his face and eyes much discolored. He was sent to the hospital.

A general meeting of the millers of the Western District of Ontario was held in the Board of Trade rooms yesterday afternoon for the purpose of organizing a subordinate Association to the Dominion Association. A short discussion took place as to what territory be included in the local district, and it was finally decided to include Middlesex, Elgin, Essex, Kent and Lambton. The Brantford tables for buying wheat by tester and also of exchange, with a reduction of two cents and the addition of one pound of offal, were adopted. It was also decided to adopt Detroit prices for No. 2 red as soon as the crop began to move and until the secretary issues a bulletin. The next meeting will be held in Chatham the second Monday in September.

Fatal Accident.

ST. THOMAS, Aug. 17.—A fatal accident occurred Wednesday evening to the eldest son of John Gunn of the second concession, North Oxford, about 1½ miles from Thamesford. George Dye, who lives on the adjoining farm was engaged in threshing and Mr. Gunn was assisting him. They had to draw water for the engine and had borrowed a neighbor's cans for the purpose. About 5 o'clock the lad, accompanied by his brother, was returning the empty cans, and while going down Kerr's hill the horses suddenly started, and Robbie, who was seated on one of the cans, was thrown to the ground and instantly killed, his neck being broken in the fall. The younger boy remained on the wagon, and the horses ran for home, and arrived there, jumped the gate into the yard, throwing the boy off, but not injuring him.

The Moulders' Strike.

GALT, Aug. 17.—The moulders' strike is still the principal topic of discussion. A few new men have come in this week and gone to work, and from present indications the places of all the strikers will be filled in the very near future. The feeling on both sides has become very bitter since the public meeting. The authorities have at last awakened to the gravity of the situation, and steps have been taken to prevent a repetition of the scenes which occurred upon the advent of the Frenchmen a week ago. Thursday a charge of intimidation was laid against John McMahon, one of the strikers. When his name was called at the Police Court he did not appear, however, having left on Thursday night. The strikers claim that a system of espionage is carried on in the shops, and that the utterances of those who sympathize with the men are reported to the bosses. They also allege that at least two men have been discharged for expressing an opinion favorable to the strikers, and that twenty merchants suspected of sympathising with the moulders are boycotted by the firms affected by the strike.

Belleville Briefs.

BELLEVILLE, Aug. 17.—William Babcock, aged 14, fell against a saw in Lingham's mill Thursday and had his right arm lacerated so badly that the physicians were forced to amputate it at the shoulder.

Some thirty citizens appeared at the Police Court yesterday for not registering their dogs.

Trenton's new postoffice is completed, cost $50,000.

M. McCrrgor shipped from his factory 700 boxes of cheese yesterday.

Mr. A. H. Drewry, a prominent merchant of Trenton, died Thursday night.

Pelee Island Grape Crop.

WINDSOR, Aug. 17.—Captain Hamilton, president of the Pelee Island Wine Company, reports that a severe hail storm and the rot have somewhat damaged the grape crop. A fair crop is, however, expected.

Gananoque Cheese Board.

GANANOQUE, Aug. 17.—The Cheese Board met yesterday. Factories represented 8, boxes registered for sale 500, sales 225, white at 8 15-16 cents: colored 8 10-16 cents.

Capital Notes.

OTTAWA, Aug. 16.—The first sod on the Regina and Long Lake Railway will be turned at Regina to-morrow by the Minister of the Interior.

Mr. P. Baskerville, ex-M.L.A., is to be the Conservative candidate for the city at the coming election for the Assembly.

This Swindle's Old Enough to Die.

WINDSOR, Aug. 16.—A slick swindler is operating through Western Ontario. Upon entering a town he lays in a supply of small glasses at an expense of about 10 cents a piece. These he fills with earth, into which he places a couple of short stalks of milk-weed or any other plant and then anoints the earth and plant with otter of roses. He is now prepared to furnish confiding purchasers with shoots from the celebrated "Ceylon rose," using that or some other high sounding name, at $1.50 each, and does it as fast as he can handle them.

A Boy Drowned by a Dog.

NIAGARA FALLS, Aug. 16.—Last night George Dayman, aged 12 years, took his dog to the Hydraulic canal near Sixth-street bridge to swim. A rope attached to the dog's neck was about his hand. As the dog neared the water he rushed in, dragging with him the boy, who was drowned. The body was recovered about 10 p.m. near the Worth-street bridge.

The Oshawa Separate School Board Fight.

OSHAWA, Aug. 16.—A telegram was received this afternoon from Hon. T. W. Anglin of Toronto stating that a writ of prohibition had been granted with full costs of all proceedings in the case pending between some of the Oshawa Separate School Trustees and the Treasurer of the board, the treasurer thus gaining the victory.

The Welland Canal Investigation.

ST. CATHARINES, Aug. 16.—The canal investigation was continued to-day, a number of witnesses being examined. Two or three men employed on the canal testified that they had done work on Superintendent Ellis' house while being paid by the Government. Mr. Timmons of the Gas Company said that Mr. Ellis had paid for his gas until 1884, when the company without demand or suggestion from Mr. Ellis ceased to send bills, and since that date he had had free gas. The investigation was adjourned until Tuesday.

An Old Lady Missing.

MONTREAL, Aug. 15.—Mrs. Brown of Hawkesbury, Ont., was invited by her daughter, who is living in Montreal, to visit her, and at the same time to consult an oculist here for some trouble with her eyes. She arrived on Wednesday and the same day went to visit the doctor, but has not since been heard of. The police are searching for the old lady.

Ships Delayed For Want of Laborers.

QUEBEC, Aug. 16.—Several ships are delayed in this port for want of ship laborers. A great number of these are absent from the country seeking more remunerative employment. As non-union men are not permitted to work on board of ships the delay in shipment may extend indefinitely.

GUILTY OF PRIZE FIGHTING.

The Mississippi Jury Bring in a Verdict Against John L. Sullivan.

PURVIS, Miss., Aug. 16.—Arguments in the Sullivan case were made to-day. District Attorney Neville opened and closed for the State while ex-Attorney-General Ford, Judges Calhoun and Green appeared for the defendants. The District Attorney in closing his argument said:

"From the evidence the accused has been proved guilty. If your verdict be that of 'not guilty' then write on the indictment 'not guilty—Mississippi disgraced and despised,' and if the verdict be 'guilty,' then you will show to the world that in Mississippi, our beloved state, the law is supreme."

Charges for the defence were read by Mr. Green and those for the State by the District Attorney. It was 3.30 when the jury took the charges and withdrew, and at 5 o'clock they returned into court. Sullivan took his seat at the bar and only the chewing up he gave the toothpick in his mouth showed that he felt any emotion. Judge Terrell had already taken his seat. There was a deep silence as the jury entered. They sat down for a moment but Judge Terrell said:

"Stand up, gentlemen!" They arose.

"Stand up, Mr. Sullivan," said the Judge. The champion also came to his feet. His face was just a shade more serious than usual, but he still looked quite unconcerned.

"Have you agreed upon a verdict?" asked the judge.

There was a general nodding of heads and they handed over a paper. Judge Terrell turned it over to the clerk, who read:

"We the jury find a verdict of guilty as *urged in the first indictment.*"

"You mean first count," suggested the judge. A general head shaking denoted an affirmative.

Judge Calhoun requested that the jury be asked what they did mean.

"You mean guilty of prize fighting?" said the Judge to the jury. The latter nodded in the affirmative.

The verdict was ordered recorded and the jury were relieved.

Sullivan's face as the verdict was rendered was a study. His look was not of disappointment or grief but of worry and annoyance. He showed no feeling in the presence of the crowd and as soon as he could get away from the court house he went by a back way, accompanied by several friends. He tried hard to keep up his spirits, singing a snatch of a song and forcing a laugh but he was evidently a little downhearted.

A motion in arrest of judgment was made and will be argued to-morrow. In case it is overruled, as it undoubtedly will be, sentence will be pronounced and a motion for a new trial will be made. If this is refused, as is likely, the case can be taken to the Supreme Court on appeal or writ of error

THE ELIXIR KILLS.

A Pennsylvania Patient Dies in Two Hours After the Operation.

SHAMOKIN, Pa., Aug. 16.—George Robertson of Mount Carmel has died from the effects of an injection of the Brown-Sequard elixir made in his breast. He suffered from inflammation of the bowels. The new remedy was administered by a competent physician, but its first effect was to make the patient almost delirious from pain. He died in two hours after the operation.

Kills in Rheumatism Too.

TROY, O., Aug. 16.—The only experiment made with the Brown-Sequard elixir in this town has proved fatal. Dr. Serron used it yesterday upon William Liedel, a sufferer from rheumatism, and the latter died this morning.

Another Victim.

CINCINNATI, Aug. 16.—Last Saturday Dr. George K. Taylor, one of the best physicians here, invited Charles S. Steele, who was almost helpless from paralysis, to enter his office and the doctor injected a quantity of the Brown-Sequard elixir in each of his hips without Steele knowing what it was. The man suffered intense agony but was told he would soon get well. The agony became so great that on Monday he called on the doctor who told him the more pain he had the more completely would be his final recovery. Finally Steele sent for Dr. Watson. Watson found the inside of Steele's thighs terribly inflamed, swollen and in a mottled condition, as if gangrene had set in, though it may prove only blood poisoning. Steele has a high fever and is out of his mind. He has a large family, which he supported by taking orders for coal. His friends have retained a lawyer to sue Dr. Taylor for heavy damages.

REFUSED TO ADJOURN.

The Supreme Court of California Doesn't Respect Terry's Memory.

SAN FRANCISCO, Aug. 16.—The Supreme Court of the State of California, of which the late David S. Terry was formerly Chief Justice, this morning refused to adjourn out of respect to Terry's memory. This decision was announced from the bench and the reasons given were that Terry rendered his judicial position to fight a duel and that he was killed while in the act of assaulting a Justice of the United States Supreme Court.

Justice Field Arrested.

SAN FRANCISCO, Aug. 16.—A warrant of arrest was served upon Justice Field at 1 o'clock this afternoon at the latter's chambers. A writ of habeas corpus was at once sworn out before Judge Sawyer of the Circuit Court and heard by him in chambers.

Judge Terry's Funeral.

STOCKTON, Cal., Aug. 16.—The funeral of David S. Terry was held here to-day. The body was removed from the morgue at noon and taken to the Episcopal Church, where it lay in state for two hours and was viewed by a great number of people. Mrs. Terry occupied a pew near the casket and watched the face of the dead all the while. Several times she left her seat and threw herself upon the casket. The service was read by one of the vestrymen of the church. The body was interred in the cemetery at Stockton.

Ambitious City Notes.

HAMILTON, Aug. 16.—The funeral of Rev. Robert Burnett took place to Burlington Cemetery this afternoon.

The city ambulance will be finished to-morrow afternoon.

Wm. Maxwell, plumber's apprentice, was seriously injured by a fall at the Federal Life building yesterday.

A convention of representatives from all the Canadian divisions of the Order of Railroad Conductors will be held here Sunday. Grand Chief Conductor Wheaton will be present, and the convention will discuss all grievances which may be reported.

It is feared that the yachts at Charlotte may not reach here in time to take part in the race Monday, as they were unable to sail today owing to a heavy sea.

The sugar consignment seized by the customs authorities is to be released and the question settled by arbitration. The disputed points hinges upon the time of shipment, whether this shipment comes from the time the sugar was placed on the front at the plantation or when it reached the vessel in the Gulf. The value of sugar is so variable that between these occasions the prices changed.

A Connecticut Miser.

HARTFORD, Conn., Aug. 16.—On Wednesday an aged widow who had lived alone in her house in this city was found dead in her kitchen. She had no children and no relatives nearer than cousins and had lived the life of a miser and hermit. To-day three male relatives acting upon the advice of the Probate Judge searched the house and found bonds and stocks to the value of $40,000.

A Hill Climbing Contest.

PITTSBURG, Aug. 16.—W. D. Banker the bicyclist has accepted the challenge of Hall Greenwood of St. Louis, for a hill climbing contest for the championship of the world. One contest will take place in St. Louis and one in Pittsburg, and one on some neutral ground mutually satisfactory. The contests will take place some time in September.

A Desperate Character.

JACKSON, Tenn., Aug. 16.—Henry Prewit shot his young wife fatally. He wounded his mother-in-law and then shot himself. Prewit was a desperate character and had boasted to his wife that he had been married four times, had killed one wife and three or four men. The couple had been married but four months.

A Strike at Ontario Beach.

ROCHESTER, Aug. 16.—The employes at Ontario pavilion at Ontario Beach struck this afternoon and refused to allow other employes to take their place. A free fight ensued at which bottles and chairs were used and one man was severely injured. The special policemen at the Beach could not stop the melee and deputy sheriffs were summoned from the city. On their arriving five of the pugilists were arrested and the disturbance stopped.

The Week's Failures.

NEW YORK, Aug. 16.—Business failures reported to Bradstreet's number 177 in the United States this week, against 173 last week and 151 the week last year. Canada had 34 this week, against 31 last week. The total failures in the United States from Jan. 1 to date [illegible]

THE TORONTO BUDGET.

MANY WITNESSES TESTIFY AT THE HICKS INQUEST.

Another Adjournment—Barrister McGregor Located at Lewiston—Suicide Jamieson's Body Recovered—Ontario Appointments.

TORONTO, Aug. 17.—The inquest into the death of James Hicks, who is alleged to have been poisoned by his sister, Sarah White, and his nephew, Arthur Hicks, was resumed in the Police Court last night by Coroner Johnson. There was a batch of witnesses. Detective Black swore to the fact that Mrs. White had visited 33 Alice-street, which in police circles was generally supposed to be an improper house. Frank Morton, aged 11, who lives with his parents in East Toronto, told how in the absence of his mother Mrs. White called at the house, and went to the top of a cupboard where there was "rough on rats" kept. He did not see her take any away, however. Dr. Martin, who made the post mortem, testified that the body was in a perfectly healthy condition and death could not have resulted from disease. Analytical Chemist Babington had examined the can out of which deceased had drunk the fatal draught. It contained traces of arsenic. The intestines had also been examined and the fluids they contained analysed. Traces of arsenic had been found in all. Dr. Ellis, public analyst, confirmed the report of the previous witness. There grains of the poison were found in the stomach, sufficient of themselves, in his opinion, to cause death. Mrs. Catharine Hicks, the mother of the deceased and of the prisoner Sarah White, was the next witness called. She tried hard to prove an alibi for her daughter, and refused to identify a dress which Mrs. White was supposed to have worn on the morning of the Tuesday on which Hicks was poisoned. A basket was also produced as being the one carried by the prisoner when she came to the city. Mrs. Norton, mother of the boy Norton, recognized the dress and basket as seen with the prisoner on the Tuesday morning when she was on her road to town. It will be recollected that Mrs. White claimed that she had not left her home in Little York on that day. The inquest was again adjourned until next Friday night, to allow two important witnesses to testify.

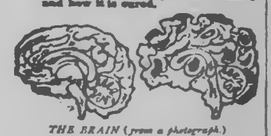
The detectives got a remand for a week yesterday in the case of Joseph Hildebrand, suspected of being a convict who escaped from Jackson penitentiary some three months ago. The prisoner stoutly denies it. A despatch received by the police from Detroit last night says that no convict named Hildebrand ever escaped from Jackson. The Toronto police, however, claim he is a bad man, using prizefighting only as a cover for darker deeds.

John D. Shields, charged with embezzling $49.20 from the Universal Manufacturing Co., was remanded at the Police Court yesterday for a week. Ald. Baxter, in the absence of the County Crown Attorney, refused bail. The defence proposes to show that the accused is a member of the firm.

Barrister John McGregor, who is wanted by the sheriff's officers, was located at the picturesque American village of Lewiston yes

THAT TERRIBLE PARESIS.

Are the Canadian People Becoming a Nation of Lunatics?—The Frightful Increase of this most peculiar Insanity and how it is cured.



THE BRAIN (from a photograph.)
It Healthy Condition. With Paresis Lesions.

There are many well known men confined in our Asylums who but a short time ago were prominent among our business and social circles.

Why are they there?

Paresis!

Did it come on at once?

Not at all. It was a gradual but positive growth. They overtaxed nature. The drain on their vitality, their nerve powers, their brain tissue, was too great, and they gradually but surely sank under it. The things they did to bring this sad end about are precisely the same things that are being done by thousands of men and women to-day. It is not necessary to name them. They all end disastrously unless checked or regulated.

Prof. Phelps, of Dartmouth College, knew this fully when he began his experiments which resulted in the discovery of the wonderful Paine's Celery Compound. He realized that paresis (consumption of the brain) was our great National weakness. He knew that the brain and nervous system must be fortified to meet the great strains which modern life bring upon it. He saw that men were becoming debilitated and women weakened by the pressure and demands of life, and he sought and discovered the remedy Paine's Celery Compound, if rightly taken, will renew the brain and build up nerve tissues as fast as they become exhausted. It is not a narcotic. It contains no drugs, no nostrums. It is perfectly pure. It is absolutely harmless. The high character of its discoverer guarantees this, and the indorsement of the medical and chemical profession prove it.

SATURDAY, AUGUST 14, 1889.

FAREWELL TO THE WORLD

Sermon By Layman.

To the Editor of the Examiner:

Farewell to the world means approaching death; it means a separation from father and mother, brothers and sisters and friends. It means good-by to wife and children, it means approaching dissolution, and the stillness of the grave, and it means resurrection and judgment and happiness or misery in the life to come. It is a sad sight to see a once strong man man lying on a sick bed and dying, to see him who was once hale and hearty, whose life was active and full of hope, stricken down and rendered weak and powerless, to see him listless and uneasy, lying with eyes closed to all outer objects, waiting for his hour to come when he shall be no more. Those who stand at his bedside little know what are his thoughts of the world he is leaving behind, or what his hopes and fears of the world to come. God alone knows these and He knows what is to be the end. The dying man himself gives no sign, and those around speak only in whispers, lest they disturb his fast fleeting moments and turn his mind from the great future which is before him. He, no doubt has been thinking over his past life, wishing that he had done better, thinking over the many things done which he ought to have left undone, and of the many things undone which he ought to have done. If he ever prayed, he prays now, for he feels that his time has come, that he must soon

ANSWER FOR ALL THE DEEDS OF HIS PAST

life. His time is short and his repentance must quick or not at all. At last the final dreaded hour has come, he is conscious of it and he calls his wife and children around him, and he bids them all farewell. He tells them sooner or later they will be like him, and he asks them so to live that when they leave this world they will be sure of a better life in the world to come. He tells them that now, without his care, they will have many trials and troubles. He says they are incident to the world, but, he tells them that they can avoid much disappointment and difficulty by living good, God-fearing honest lives and he asks them to promise him that they will do so. The final farewell is said and now he is no more, his soul is with Him who gave it, and all that is now left of his once active life is a lump of earth which is soon to be laid away in the grave, earth to earth, dust to dust, ashes to ashes, he has bid the world farewell. There is a vacant place now in that once busy household when the family gather around the fireside, and they talk over the past. They speak of their father with reverence, and they mean to strive to observe his counsels and to pursue lives of honesty and truth. The grave of the husband and father is not forgotten, it is often visited and it is kept green and is covered with flowers. And in summer the birds come and sing over it and in winter come the snow and the storm, making a winding sheet over the father's grave. He is not dead for his soul liveth.

There is No Death.

There is no death! The stars go down
To rise upon some fairer shore;
And bright in heaven's jewelled crown
They shine forever more.

There is no death! The dust we tread
Shall change beneath the summer showers
The golden grain or mellow fruit,
Or rainbow-tinted flowers.

The granite rocks disorganise
To feed the hungry moss they bear,
The leaves drink daily life
From out the viewless air.

There is no death! The leaves may fall,
The flowers may fail and pass away;
They only wait through wintry hours
The coming of the May.

There is no death! An angel form
Walks o'er the earth with silent tread;
He bears our best-loved things away,
And then we call them "dead."

He leaves our hearts all desolate,
He plucks our fairest, sweetest flowers
Transported into bliss, they now
Adorn immortal bowers.

The bird-like voice, whose joyous tones
Make glad these scenes or sin and strife,
Sings now an everlasting song
Amid the tree of life;

And where he sees a smile too bright,
Or heart too pure for taint and vice,
He bears it to that world of light,
To dwell in Paradise;

Born unto that undying life,
They leave us but to come again;
With joy we welcome them the same,
Except in sin and pain.

And ever near us, though unseen,
The dear immortal spirits tread;
For all the boundless universe
Is life—there are no dead.

Out upon a beautiful lawn may be seen a child at play. It is just beginning life. It is full of health and full of enjoyment also. It is only upon the world's threshold and little it knows of what lies beyond. By and by that child becomes a man. It becomes a man of the world as well. As a man its life's experiences are not those of the child. The world is full of changes, and of trials and troubles, and the now man feels them all. Sometimes things are pleasant but they are oftener unpleasant. The man is ambitious and ambition brings with it troubles and cares. He lives now to conquer and his way is not always smooth and easy. As he grows older he becomes more absorbed in business and he soon finds that his troubles increase. By and by he becomes conscious of his failing strength, for he is now past middle age and is now on the down hill side of life. Every man has his day and he has had his. And he is not slow to realize this. With long years and care come weariness and a want of rest. And his thoughts are not always of the world. He begins to think he has made a mistake in his pursuit of life. His ambition is nearly ended. He passes many hours of his night looking back upon the past and forward to the future. He begins to feel as if he too must die, and he sees that death is the end of all things here below. He wonders when his last hour on earth will come and he thinks of that never-ending eternity which is now so near. He wonders what his fate will be after his earthly body has been laid in the grave, for he

KNOWS IT WILL BE BUT A LITTLE WHILE

when he will have to say the words, farewell to the world and farewell to family and friends and all that he holds most dear, only a little while when this once busy, active live will be over and he will be seen and heard no more.

"A little while," and ye shall see me!
Surely thou tarriest long;
Bridegroom beloved, when shall this night of weeping
Be turned to song.
With Heaven so far between us,
And earth so near to lure us and beguile,
How long! Oh thou didst promise but to tarry
"A little while."

"A little while," the sorrowing and singing
Are not for ever.
These charms that earth and sense have wound around me
Thine hand shall sever.
How long are I awaken
Where nothing enters that can me defile.
I hear the voice of my beloved saying gently
"A little while."

"A little while," my heart and flesh are failing.
So long the night.
My feet are sore, mine eyes are dim with straining
Towards the light.
Oh! when will thou array me
In glorious body, no more weak and vile?
Come quickly! thou did'st promise but to tarry
"A little while."

"A little while" I say with wistful glances
At yon bright skies.
Where is the promise of thy Master's coming?
The world replies.
How long shall we weary with hearing men
Thy name and laws revile?
Oh teach them that Thou didst but mean to tarry
"A little while."

"A little while," the whole creation waits Thee,
In hope and fear.
Surely the sound of that swift-driven chariot
At length I hear.
Oh earth, earth, earth, arouse thee!
Wake from thy tears! put on thy glory, smile!
Surely he cometh, and he will not tarry
"A little while"

—REV. J. CARMICHAEL, M.A.

Norwood, April 18.

The word farewell may be often heard. It may be heard in the family and among acquaintances and friends. It is seldom heard, except when the s is to be a long separation or a separation for life. When a son or daughter leave home they say farewell, and when the father or mother die they call their children around them, and after words of counsel they say farewell. And so in all through life. Its sound calls up mournful thoughts and feelings, and few there are who are not affected by it. Especially when the dying person is a poor mother, leaving her little helpless children behind. They stand around crying, asking their mother not to leave them, but she has no discretion in the matter, and all she can do is to ask God to have mercy upon them and to care for and protect them. She then says

"FAREWELL MY CHILDREN AND FAREWELL O world." And then she is no more and the children are left desolate and alone. Sometimes it is the child who is called away and then the mother is left weeping—for the final farewell has come. As a rule people, however much they have suffered, are unwilling to leave the world. They would like to remain a little longer. They want to see the sunlight, to see the green grass and the beautiful flowers, and to hear the birds sing. They want another look upon the dear old home and upon the many places of their childhood days. And they want to see the faces of their relatives and friends again. Lying upon his bed for days and weeks together the sick man looks out of his window and gazes as far as his eyes will reach, and he looks all the harder and the longer because he knows it is only for a short time. And as he looks his thoughts are busy with the past. He calls to mind all his early days. All the places of his early manhood, when he first began life, places which were once so familiar with him and which were so pleasant to look upon. But these now are all things of the past. He feels that he shall not see them any more. He has got to say farewell to them all and farewell also to the world. And the dark night comes and he closes his eyes and henceforth they will know no waking. Farewell to the world, once so pleasant and so full of happiness. Farewell forever.

When everthing else fails, Dr. Sage's Catarrh Remedy cures. c

Chronic Coughs and Colds

and all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form. See what M. S. Muer, M.D., L.R.C.P., etc., Truro, N. S., says: "After three years' experience I consider Scott's Emulsion one of the very best in the market. Very excellent in Throat affections." BEST IN THE WORLD.

Further Great Cures of Skin Diseases by the Cuticura Remedies.

Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur springs fail. Cured by Cuticura Remedies.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Manresa Sulphur springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one and one half bottles of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA on his sores and the CUTICURA SOAP in washing him. He is now five years of age and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement. JOHN R. BERO,
American House, Hogansburgh, N.Y.

An Unbearable Skin Disease Cured.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your CUTICURA REMEDIES so highly recommended I concluded to give them a trial using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months. I call myself cured, in gratitude for which I make this public statement.
MRS. CLARA A. FREDERICK,
Broad Brook, Conn.

Cuticura Remedies

Cure every species of torturing, humiliating itching, burning, scaly and pimply diseases of the skin, scalp and blood, with loss of hair, and all humors, blotches, eruptions, sores, scales and crusts, whether simple, scrofulous or contagious, when physicians and all other remedies fail.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35; RESOLVENT, $1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION Boston, Mass.

AMBITIOUS CITY NOTES.

Coal Goes Up a Notch—Lost His $1500 Outfit—Attempted Burglary

HAMILTON, Aug. 15.—The price of coal is now $5.75 per ton, an advance of 25c per ton having been made at a meeting of the coal dealers in the city last evening. This will soon be followed by another advance of 25 cents more, bringing the price up to $6.

Captain J. J. Stuart reached home to-day after a month's absence. He left here to superintend some business arrangements in connection with the Chatham, N.B. paper mill. Capt. Stuart found time to assist the Halifax Carnival and was appointed aide to Gen. Middleton. He telegraphed to send by express his entire military outfit and same was shipped from here on Aug. 1, but it failed to reach Capt. Stuart. On Friday night, Aug. 2, there was an explosion on board the Quebec train on the G.T.R., just after the train had passed through Victoria bridge. The express car was completely demolished and there is no doubt but that the outfit, which is worth over $1500, was burned.

Lieut.-Gov. Shultz of Manitoba has signified his intention of being present at least one day during carnival week.

At the residence of Mrs. Knott, 18 Barton-street east, yesterday afternoon were united in marriage Ralph P. Baker and Miss Sarah Knott. Rev. Thomas Kerruish was the officiating minister. Mr. Baker is traveler for Messrs. Thompson & Co. of Toronto.

About 2.30 o'clock this morning Mr. Augustine Filgiano, No. 143 Victoria-avenue north, was surprised to see a match being struck upon the wall of his bedroom. By the light of the match he saw the form of an intruder, but when the man discovered that Mr. Filgiano was in the room he fled, leaving by the dining room window, through which he had entered.

At the Police Court to-day Isaac Walsh and Thomas Evans were fined $5 each for fast driving at the Beach on Sunday.

HISTORY REPEATS ITSELF.

Mr. Sklarsky Rues For His $10,000 For $100 Worth of Rags.

BUFFALO, Aug. 13.—Shall Antonio pay the pound of flesh? Some most wise judge will have to decide the old Venetian question in Buffalo. Mr. Sklarsky of the Queen City Rag Co., undeterred by Billy Shakespeare's well-written report of that famous trial of old which went against the plaintiff, has begun suit against Oppenheimer & Co. to compel them to pay the contract price of $10,485.75 for $100 worth of rags.

Oppenheimer & Co. contracted for 20 bales of rags, the first to cost one cent, the second two cents, the third four cents and to double up in the same way until the 20th bale was reached. Mr. Oppenheimer thought, as he expressed it, that Mr. Sklarsky had the short end of the stick, but he nearly had heart failure when he found that the twentieth bale would cost over $5000 and the whole number over $10,000.

Her Suit Was Rejected.

MONTREAL, Aug. 14.—Several weeks ago a widow of about 40, but looking much younger, arrived from St. Louis, Mo., at one of the hotels. While riding in a street car, she inquired from a gentleman next to her for a certain street. He gave her the desired information and was soon on terms of intimacy. The lady astonished the young man one day with a plump proposal, to which he gave no direct reply. She followed up her proposal with letters and calls at his office. Finally her passion became such that its object was compelled to appeal to Chief Hughes for protection. The Chief remonstrated, but the lady announced that she would never rest until "he was hers." He, however, declined, and the lady was threatened with the law. She then demanded of the Chief to have an instant marriage. The attendance of the son of the lady was next obtained by telegraph, and it was decided he should tell his mother that the marriage was to take place in Toronto, and the matron was off.

What Might Have Been.

ATLANTA, Ga., Aug. 13.—For a few hours last night matters looked a great deal like a race war in Atlanta. There were rumors of an attempt to be made by the negroes to burn in effigy Captain Lyons and his daughter, who figured in the postoffice troubles here the other day. Between 500 and 1000 white men, all armed, met at a given place and were ready to prevent any such affair. There was no trouble on the part of the negroes and at the instance of Gov. Gordon the crowd dispersed.

An Evasive Answer.

WASHINGTON, Aug. 13.—Solicitor Hepburn states regarding the question whether duty would be imposed on electricity generated in Canada and transmitted to Buffalo that the department does not answer hypothetical questions.

Pictou to Own an Electric Light Plant.

PICTOU, Aug. 13.—The voting to-day on the bylaw appropriating $18,000 to put an electric plant in Pictou to be owned by the town was carried by 50 majority, the vote standing 178 for and 128 against.

Rise in The Price of Nails.

MONTREAL, Aug. 15.—Ever since it was known that the nail combination contemplated a revision of the price list there has been an air of uncertainty and uneasiness among the hardware dealers. Though no list has yet been published, it is definitely known that the combination has decided upon an advance in prices. It is generally agreed that it will amount to 5 cents a keg on all classes of goods. Hitherto a rebate of 5 cents a keg has been allowed to buyers of large quantities, but this is now abolished. This arrangement is only temporary, for a notice has been issued that prices may still be advanced at any time without any further deliberations.

PENDERGRAST RESIGNS.

Manitoba's Provincial Secretary Steps Down and Out.

WINNIPEG, Aug. 13.—Provincial Secretary Pendergrast resigned his portfolio in the Local Cabinet to-day, owing to the intended policy of the Government on the dual language and separate schools. His resignation has been all but formally accepted.

The Clarke-Burrows criminal libel suit was again postponed to-day at the request of the plaintiff.

The First Payment

QUEBEC, Aug. 15.—The first payment has already been made to the Jesuits on account of the Quebec legislature's vote in settlement of their claim to their estates. Father Turgeon, Superior of the Order in Canada, has been here within the last few days, and received from the Provincial Treasurer the sum of $13,833, representing eleven months' interest on their indemnity of $400,000.

A Wife Beater Hanged.

JACKSONVILLE, Fla., Aug. 15.—Bill Westmoreland, colored, was hanged here to-day. He was a habitual wifebeater and finally killed the woman.

MONTREAL, Aug. 16.—Mgr. Fabre, attended by several clergymen presided at a religious profession at the Convent of the Sisters of Charity when twenty-one ladies pronounced their final vows. At the Grey Nunnery three ladies took the last vows and seven took the invisible veil.

THE RAILS SPREAD.

A Train On the West Pennsylvania Road Wrecked—Three Persons Killed.

PITTSBURG, Aug. 16.—A special from Butler, Pa., says: The South bound train leaving here at 2.35 this afternoon on the West Pennsylvania Railway was wrecked at Sarver's Station. Several doctors and the coroner were despatched to the scene but no reliable news was obtained.

The latest report is that three passengers were killed and 25 injured. It is said that while running over a small bridge the rails spread and the cars went over an embankment.

The killed are: W. Powers, Lawrenceville, Pa.; a child of Mrs. Farrel of Butler; Mrs. Duff, an old lady, residence unknown.

The wounded are as far as known: Ex-Mayor Lyon, Pittsburg, seriously; Captain Lower, Pittsburg, head badly cut; D. A. Jones and wife, Pittsburg, seriously; J. A. McLaughlin, Pittsburg, fatally injured; Conductor Gray and Brakeman Karns of Butler, badly injured; Col. Rowley, Bessie Fullerwood and Captain Grace, painfully injured; Mrs. Graff very seriously hurt. About 15 others were more or less injured.

Where They Shoot to Kill.

PORTLAND, Ore., Aug. 16.—A duel was fought yesterday on the Spokane & Northern Railway near Colville. The principals were Fred. Adams and John Mahoney. Revolvers were used and each man emptied his pistol. Mahoney was mortally wounded. Adams received two bullet wounds, but managed to mount his horse and ride away. The sheriff is in pursuit. Charles Gower, one of the witnesses of the duel, received a wound in his shoulder from a wild shot.

No medicine in the world is in better repute or more widely known than Ayer's Sarsaparilla. As a safe and certain remedy for all manner of blood disorders, leading physicians and druggists everywhere recommend it in preference to any other.

A Single Trial

is all that is needed to prove that Polson's Nerviline is the most rapid and certain remedy in the world for pain. It only costs 10 cents for a trial bottle. A single trial bottle will prove Nerviline to be equally efficacious as an external or internal remedy and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by druggists. Large bottles, 25c. Avoid substitutes. 6dw33

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

TO THE DEAF.—A person cured of deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

Cold, wet weather is very hard on sufferers from neuralgic troubles, and to those Dyer's Quinine and Iron Wine is strongly recommended. It is palatable, easily assimilated, and can be safely taken by the weakest invalid. W. A. Dyer & Co., Montreal. 6d136

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 383 Atlantic ave., Brooklyn, N. Y.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Cotton Co.'s Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and marchanics should inspect the property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

LOCAL NEWS.

PURE fresh honey for sale at M. R. KIDD'S.

IF YOUR WATCH OR CLOCK needs repairing take it to Wyatt's jewellery store. d

A FEW more chests of that choice Japan tea; 5 lbs. for $1, at M. R. KIDD'S.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or Mr. A. L. Davis' store. d

"Coffees Coffees."

If you want a good cup of PURE coffee go to the Palace grocery. The best blends, fresh roasted and ground by water power, try it. dw

Going Like Hot Cakes.

The nice camping rugs that J. J. Sheehy advertised a few days ago are selling very rapidly. Parties going back camping should call and inspect this exceptionally cheap line of goods. dw

A New Veterinary Surgeon.

Dr. F. L. Robinson, V. S., who recently graduated from the Ontario Veterinary College, has opened an office for the practice of his profession on Charlotte street, opposite Fitzgerald's livery stable. Fred's many friends will wish him success in his business.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

THE undersigned having warehouse room for samples and stock, is desirous of securing agencies for sale in the City of Montreal and prominent points in Province of Quebec. Flour, feed, etc., a specialty. Can furnish best references.

JOHN TAYLOR,
Agent,
20 St. Peter street, Montreal.
10th August, 1889. 6d35

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

Choice, Fresh and Cheap.

Another supply of choice, fresh and cheap groceries, provisions, etc., with a few special lines of teas at unusually low prices now being received and offered for sale at R. H. Green's grocery and provision store, corner Hunter and Aylmer streets, Peterborough. Also fresh butter and eggs, with apples, potatoes and other farmers' produce always on hand, which will be sold at the lowest market prices and delivered to any part of the town. tafw

Railway Extension.

An exchange says the C. P. R. have purchased the Cobourg and Rice Lake Railway, and will continue it easterly along the south shore of Rice Lake to the commencement of the River Trent, where it will cross the River and connect with their road at Norwood. A line will also be built from Cobourg westerly touching at Port Hope, Newcastle, Bowmanville, Oshawa and Whitby, and connecting again with the C. P. R. at Agincourt, and running throughout in connection with the Grand Trunk.

A Drunken Kicker.

An amusing scene was witnessed on Stewart street to-day. A drunken man lay sleeping alongside the fence, and some mischievous boys tied his leg in an elevated position to a post. When his stupor partly wore off the fellow realized his uncomfortable position and began kicking like a prize mule. He was yet too drunk to be able to help himself, and there he lay and kicked and grumbled for a long time till relieved by a kind-hearted passer-by.

Port Hope Exhibition.

The magnificent driving park in Port Hope, with natural grand stand, capable of seating 50,000 spectators, is to be the scene of a grand Exhibition on Sept. 3rd, 4th and 5th. Over $5,000 in prizes. First day, baseball tournament, prizes $100; second and third day, horse racing for purses amounting to $1,000. Also a large display of exhibits from all parts of the Midland District. The monument of the late Col. Williams will be unveiled Sept. 4th, by Sir John Macdonald. Prize lists sent on application. Entries for the Fair to be made to R. DICKSON, Secretary.

Harvest Excursions.

Attention is called to the remarkably cheap North-west excursions over the C. P. R. advertised in another column. Ontario farmers have pretty well got through with their harvest, or will have done so this month, and these excursions present a splendid opportunity for visiting the Northwest, and giving farmers an opportunity to see the country north with their own eyes. Return tickets as far west as Moosijaw $28, to Calgary, $35. The first excursion is from August 20th to September 30th. Second from September 3rd to October 14th. Third from September 24th to November 4th.

A New Street.

Aylmer street is to be continued northward through Block B and through the Dixon property into the Parnal farm lots. This will be a short cut to town for all the new houses recently built on the Toronto Real Estate property. On Saturday the 31st August the lots in Block B are to be offered for sale by auction. Already a number of applications have been made for lots but none will be sold until the auction so that all may have a fair chance. The terms are such as to make it an object to buy. No doubt this is going to be the finest residence property in town as all the houses will be new and the newest houses are invariably the best. Peterborough is steadily and quietly taking its place as one of the cities of the province. Nothing has stopped her, nothing can. 1d

Gospel Mass Meeting.

Try and be present at the gospel mass meeting held in Campbell's grove, in North Monaghan, to-morrow afternoon, at 3 o'clock. Spirited addresses will be made by members of the Laymen's Association. Good music and singing furnished.

Sons of England.

A full attendance is requested of the members of Lansdowne Lodge, No. 25, S.O.E. on Monday evening next the 19th inst. Also a cordial invitation is extended to the members of Peterborough Lodge, No. 64.

1d F. J. R. MITCHELL, W. P.

An Accident.

Mr. Alex. Robertson, living on Queen street, met with a painful accident Thursday. He went to Orillia on the excursion, and in getting off the train before it stopped, was thrown to the ground. Both his knees were injured, one being cut badly. Upon returning to town the wounds were dressed by Dr. Clark.

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8½ lbs. Rice, for 25c. 8 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

Balcony Music.

Last night the Fire Brigade band gave an open air concert from the balcony of the Grand Central hotel. Some of the residents of the lower end of the town grumbled about the band playing always in the park, so to even up matters the scene of last night's concert was transferred. The street was crowded with people, and needless to say the music was greatly enjoyed. Mine host Daly entertained the band boys at the conclusion of the concert.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened out a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and tourists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. 3

Next Friday's Benefit.

The benefit entertainment to Mr. Thos. McNaughton at St. Leonard's, Ashburnham, next Friday night will be a grand affair. The band and orchestra will be present, and a good programme will be presented by a number of local performers. The grounds will also be illuminated by electric light. The young men who are getting up the benefit hope to meet with a liberal response. The object is a worthy one, Mr. McNaughton has always been willing to assist at entertainments in Peterborough, and now when in need of assistance his past kindnesses should be practically remembered by the public.

Albert Street Notes.

Mr. J. Couch has completed extensive repairs and additions to his house. The grounds and surroundings have been also greatly improved.

Mr Wm. Ford, has beautifully boulevarded the front of his residence.

Mr. Geo. Rickey has made great improvements to his residence.

Mr. James Garside, plasterer is laying down the white brick for veneering his house.

Several others are making improvements in beautifying their property in various ways.

The Horticultural Exhibition.

The public and probable exhibitors are again reminded of the annual exhibition of the Peterborough and Ashburnham Horticultural Society which will be held on Thursday Sept. 5th. It is to be hoped that the public will decide to patronize this exhibition as it deserves. There will doubtless be a splendid collection of exhibits. The season is extremely favorable to the growth of flowers fruit, and vegetables. The public should also remember that one of the chief functions of the Society is the maintenance and care of Court House Park, of which the public have the sole benefit. Public self-interest, if no higher motive, should result in a general patronage of the annual exhibition of the Horticultural Society on Sept. 5th.

Personal.

Mr. R. E. Wood and family have returned from summering at Oak Orchard.

Mr. Edward Ball of Brooklyn, N.Y., is in town on a visit with friends. Mr. Ball will remain in town for a couple of weeks.

Chief Rozel has returned from his holiday's. He was accompanied home by his father-in-law, Mr. John Fisher, of Smithville, who will make a short visit.

Messrs. Harry Roper, Thos. Delaney, and Richard Cottingham, of Montreal, are spending their holidays at home. They will camp for a couple of weeks on Stony Lake.

Mr. S. J. McKee, B.A., accompanied by Mrs. McKee, of Rapid City, U.S. is in town for a few days, the guest of his brother Mr. John McKee.

Rev. J. C. Davidson, Curate-in-charge of St. John's Church, returned home to-day on the mid-day train from his summer holidays, and will resume his parochial duties to-morrow.

Mr. R. M. Armstrong town, has successfully passed the matriculation examination of Queen's University. He was successful also in taking second class honours in chemistry. He was a pupil of the Peterborough Collegiate Institute.

Rev. T. B. Angell, formerly curate of St. John's and now rector of St. Stephens church Harrisburg, Penn., and family are in town the guests of Mr. Cluxton. Rev. Mr. Angell's many friends will regret to learn that he is confined to his room with an attack of laryngitis.

Dr. Wm. Delaney leaves in the morning for Montreal, where he joins the Allan Line steamship "Assyrian." He has received the appointment of ship's surgeon, and will accompany the steamer on all her trips. Will's many friends will be pleased to hear of his having received such a good berth.

News Nuggets.

—Next Thursday is Lindsay's civic holiday.

Judge Armour of Cobourg, is in town to-day.

County Crown Attorney Devlin of Lindsay is in town to-day.

—A "Cartage Agency Company" is doing a thriving business in Lindsay.

—Lindsay is to have the electric light. Work on putting in the plant will begin at once.

—Tenders for the cut stone required for the new market building, will be received at the town clerk's office up to Saturday next, 24 inst.

—Chas. Beavis and Geo. Foley, two drunks captured last night, were each fined $2 and costs this morning.

—Mr. Wm. Clancey's "Royal Jim" is entered in the 2:35 trot at Barrie Tuesday and Wednesday.

—The Campbellford *Herald* and Omemee *Herald* take holidays—cease publication of one issue—next week.

—The Lakefield train was considerably delayed Wednesday evening by the engine getting off the track at Lakefield. Not much damage was done.

—Mr. J. McMasters of Peterborough has the contract for the erection of the new McAlpine block in Lindsay. It will be completed in a couple of weeks.

—Commissioner Coombs, who is at the head of the Salvation Army, and who is about leaving Australia, will not be succeeded in the command by "General" Booth's son as was generally supposed. His successor will be "Colonel" Adams, who comes from Scotland, and who will arrive in Canada about the first of September.

—The Omemee *Herald* says:—Mr. John Johnson and Mr. King, of Peterborough, sailed down Pigeon River on Wednesday night and spent Thursday fishing. If they don't catch a load of fish it will be because the "boss fisherman" has forgotten how to coax the lunge and bass into his boat.

Much injury is done by the use of irritating, griping compounds taken as purgatives. In Ayer's Pills, the patient has a mild but effective cathartic, that can be confidently recommended alike for the most delicate patients as well as the most robust.

Stony Lake News.

A Populous Island—A Serio Comic Adventure at the Lakes.

Last night's train was crowded with campers returning from Stony Lake. Very few are going up now. The camping season is about over.

Among the islands in Stony Lake not the least popular has been Ivanhoe, belonging to Mr. H. Grandy. There have been eight large camps on the island full inhabited independent of the generous hospitality extended by Mr. and Mrs. Grundy in their own residence. Among those present have been several ministers. Rev. W. Peer and Mrs. Peer, Norwood, have been camping there a month. They had with them Mrs. (Dr.) Clarke, Toronto, Miss Scott, Norwood, etc. Mr. Peer is a great sportsman, and during his stay there has caught about a score and a half of fine lunge.

Rev. J. B. Huff, Mrs. Huff and family have been there for a few days, as well as Rev. P. C. and Mrs. Parker. Rev. D. Grant B.A., of Geneva, N.Y., has been there three weeks, and though living on Seneca Lake, the most charming in the States, he is full of admiration for Stony Lake and region. The Rev. gentlemen is a grandson of the Rev. Peter Grant, whose name is so fragrant among the Gaelic people, as the writer of "Spiritual Songs." Mr. A. R. Raddon, of Norwood, is on the Island, having been camping there for three weeks. The family of Mr. T. Gordon, of Lakefield, numbering about a dozen, are all there. Mrs. A. E. De St. Dalmas, wife of the former pastor of Smith church, is visiting Mrs. Gordon. Altogether there was during the week, 37 persons on the Island. On Lord's Day last, Rev. Mr. Grant preached, and during the week excursions and fishing are indulged in the daytime and singing around camp fires by night.

An amusing incident occurred on Stony Lake on Friday afternoon. The steamer "Cruiser," stopped at an island in Boschink to take on passengers, and a couple of gentlemen in a canoe paddled over to her from an adjacent cottage. One of the canoeists is a well known George street hardware merchant and the other gentleman head salesman in a large dry goods' establishment, was his guest. The latter was not an accomplished boatman, and was quite unacquainted with the treacherous qualities of the frisky canoe. The result of the experiment has, however, settled the matter, and he is no longer a "doubting Thomas." As the two men reached the steamer he stood up in the front and leaned on the bulworks of the larger craft. Of course the pressure of his weight sent the canoe out from under him, and having nothing to hold on to, down he went into wet, wet water. He was rescued with no serious consequences. He was at no time in danger, but the suddenness of his dissolution of partnership with the canoe, and disappearance under the water, made the incident more amusing than serious.

Ashburnham Brevities.

The Dossett Manufacturing Company expect to open out on Monday, in the building lately occupied by the Lindsay-Seldon Company.

The village wore a very solitary look Thursday, all the business houses being closed and a great many being away on the numerous excursions out of town.

The first cargo of wood came in Thursday in tow of the Daisy. Mr. H. Calcutt intends doing a large trade in wood this season, having good equipment in the shape of scows and boats for conveying it to town.

About 400 square feet of the platform at the front of the Dickson Estate saw mill fell in Thursday morning. Had it been a few minutes earlier collapsing, it would have precipitated into the river a team of horses and wagon, which were being loaded on this place.

The many friends of the Rev. Foster McAmmond, B.A., a few years ago paster of the Mark street Methodist church, and lately of Fenelon Falls, will be pleased to learn that he has been appointed to the position of Principal of the Stanstead (Quebec) Wesleyan College. This is but a fitting recognition of the reverend gentlemen's high scholarly attainments.

The secretary of the school board has notices posted up, calling a meeting of the ratepayers to be held in the council chamber on Wednesday, the 21st inst, to nominate a candidate for the office of trustee. This vacancy was caused through the death of Mr. John Smith. It is to hoped that the office may be filled by a man of as liberal views on the importance of education as the deceased. It is an acknowledged fact that there is great need for an extra teacher for the public school, and it is sincerely to be hoped that a trustee will be appointed who has the interest of the school at heart and not by a man who merely seeks the office for increased honor and influence. The ratepayers have the matter in hand now and surely they will not allow this meeting to pass as others have passed—there not being enough present to TRANSACT the business—the secretary having to scour the streets to get the necessary number.

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10.30 a.m. Vespers at 7 p.m.

Industrial, Toronto—Sept. 9 to 21.
Midland Central at Kingston—Sept. 2 to 7.

A Fraud of the First Water.

The much talked of elixir of life, so far as the extravagant claims to healing powers are concerned, has been proved to be a transparent fraud. And all articles, unless purchased from reliable establishments, are liable to be disappointing. For this reason there is no disappointment to those who purchase Hawley Bros. superb teas. They are all of the purest quality and are sold at the most moderate prices. Always pure, fragrant and strong, three indispensable qualities. The best place to get the best black, green and Japan teas is at Hawley Bros., George street. The purest coffees and the handsomest of glassware at Hawley Bros., George street, Peterborough.

AT the head of the class stands M. R. KIDD in choice teas.

Beecham's pills act like magic on a weak stomach

Y. M. C. A. Camp, Stony Lake.

JUNIPER ISLAND, Aug. 15, 1889.

Wednesday was a very wet and disagreeable day, but it cleared off towards evening, and we had one farewell camp fire and song service, Rev. Messrs. Johnston, Lakefield; Pearson, Peterborough, taking part. Owing to the dampness we had rather a small meeting, but what we lacked in numbers we made up in earnestness, and enjoyed a real good time. If all things are favorable we hope to have a meeting to-day when the band excursion arrives. We have enjoyed our outing very much, and will return to our work filled with the spirit and with renewed vigor and God's blessing, push on the great work he has given us to do. All have been delighted with the picturesque scenery and great kindness shown us by the many friends camping there. Our President and his relatives have done all in their power to make us feel at home, for which we are sincerely thankful, we also desire to thank Mr. J. J. Turner, Peterborough, for the use of one of his handsome tents during our meetings, and other acts of kindness shown us personally. We are grateful to Mr. Robinson for the boon his store was to us, and trust it will be a financial success.

Mr. Utley, the General Secretary of the Lindsay Association, was a general favorite of all in camp, and much of the success was due to him and his members, who turned out in large numbers. We are sorry our boys did not camp on the island, their presence and influence was missed, although both were felt at our Sabbath services.

Mr. Cole, our travelling Secretary, who deserves our hearty thanks for his kindness in coming and giving us his vacation, so he might do us service in his helpful Bible readings, which are sure to bear much fruitage in our work, is delighted with the place, for Conference is going to bring the matter before the Provincial Convention and endeavor to get them to make our gathering an annual Conference of all general Secretaries and Y. M.C.A. workers. Mr. Thos. Ratcliffe, Toronto Railway Secretary, has kindly consented to remain over Sabbath in Peterborough, and will hold a special meeting at 4 p. m. Sabbath for railway men. We hope many will be present.

Y. M. C. A. Notes.

Young men's meeting to-night at 8 o'clock will be an interesting meeting. Short addresses by those who attended the camp at Stony Lake. Singing led by Y.M.C.A. orchestra.

Lord's Day—morning from 9.30 to 10.15 for social Bible study.

A special meeting for railway men will be held in the rooms at 4.15 Sabbath afternoon, to be addressed by Mr. Thos. Ratcliffe, railway secretary of Toronto Association; hearty singing led by Y.M.C.A. Band and Male Quartette.

Gospel and song service Sabbath evening at 8.30. Short address and good singing.

Every man in town is invited to these meetings. We promise you a good time; be sure and come.

We desire to return thanks to Miss Taylor for her handsome gift—a large foliage plant to beautify our rooms, which was sent in during our absence at the camp.

Willow and Wicket.

The Veterans Turn the Tables on the Colts—An Interesting Match.

The Colts and Veterans played a return match Friday afternoon. A week ago the Colts defeated the Vets. by 46 runs; this time the Veterans won by 9 runs. The bowling on both sides was very good, and some fine batting was done. Mr. Wrighton played carefully for his 21 not out. Goldsmith hit hard and rolled up 21 runs in short order when caught on a long hit. Hamilton showed good form in getting his 17. The other double figure-getters were J. H. Burnham 14, Gower 12, Bertie Orde 10. Some of the Colts are developing into good bats, and the Veterans will have to work hard to retain their supremacy. The score was:—

Colts.

Hamilton, b Canning	17
Spillsbury, b Sailsbury	0
Goldsmith, c Parker b Stocker	21
Anders n, b Canning	3
Wise, b Canning	7
Orde, c Sailsbury b Canning	10

Grand Central Improvements,

Another Stride in its March of Improvement.

The premises of the Grand Central hotel have been undergoing more or less improvement during the summer, both externally and internally, and the latest is a complete and radical change for the better, both in appearance and convenience, in the hall and reading room. This apartment now extends the whole depth of the building, from front to rear, the office having been removed to the rear portion of the room. An archway divides the room about midway, and two wide openings like archways have been cut through the wall separating the reading room from the hall, one near the front entrance and one rearward. The reading room has been pretty thoroughly renovated. The wood work has been grained anew in oak, and the ceilings and walls have been laid on with new paper. The ceilings have a panel of terra cotta ground with gilt enrichments, with floral corners, surrounded with a border of Persian design, in crimson and buff. The cornice is picked out in harmonizing colors, the cove being done in crimson. The body of the walls in fawn neutral blue and gold, with crimson gold frieze in moresque pattern. The colours harmonize beautifully and the entire effect is rich, warm and cheerful. Few hotels have a finer reading room and office than that in which the guest is ushered on his arrival at the Grand Central. The hall and stairs have also been greatly improved. One striking feature of the hall is the excellent imitation of oak wainscoting produced by Mr. H. W. Watson—an experienced carpenter this morning being deceived by the realism of the imitation. This work gives the hall a much brighter and more cheerful effect, so that the traveller's first impressions of this hostelries are in keeping with the quality of hospitality he experiences in all departments. Mr. H. W. Watson had charge of the artistic graining the new work; furnishes examples of, while Mr. J. P. Shevlin's share in the paper hanging department adds to the effect in a most pleasing manner. The Grand Central is bound to keep on the front street in the way of equipment and first class service. And the landlord meeting the views of the tenant, this end is gained in both senses.

IS YOUR BAKING POWDER PURE?

Do its Manufacturers Publish all the Ingredients Used?

IS IT FREE FROM AMMONIA?

As is well known, ammonia is unhealthful in food, and dries up the bread material.

Protection to consumers of food compounds lies in their ability to choose those made from healthful substances. Unless manufacturers publish just what their baking powder is made of, do not use their goods, but buy instead

CLEVELAND'S SUPERIOR BAKING POWDER.

This powder is made only of strictly pure grape cream of tartar, and strictly pure bicarbonate of soda, with a little wheat flour to preserve it. This is attested by the official analyses of Government and State chemists, and physicians, and chemists of Boards of Health throughout the country.

CLEVELAND BROTHERS, ALBANY, N. Y.

BIRTH.

PATTEN—On Monday, 4th August, 1889, the wife of S. W. Patten, spring mattress manufacturer, George street, of a daughter.

ROYAL BAKING POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. Sold only in Cans. ROYAL BAKING POWDER, No 106 Wall street N Y 1-cdlw

R. MULHOLLAND. J. H. ROPER.

DRUNKENNESS

Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For circular and testimonials, address GOLDEN SPECIFIC CO., 185 Race street, Cincinnati, Ohio. eodw

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

WARM WEATHER CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think at summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

Good Evening!

"Had any photos taken yet?"
"No."
"Why don't you! Everybody is taking advantage of the present low prices."
"Oh, well, you don't get good pictures for a dollar a dozen."
"Yes you do. Just look at this one! What better would you want than that?"
"That is good. Who took it?"
"Mr. Sproule. I got a dozen just as good as that for a dollar.
"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."
"Every bit. Oh, Mr. Sproule has woke up the town. You see his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

The public are invited to call and they will be surprised at what they can get work done for.
All orders promptly filled and satisfaction guaranteed. WM. WAND.
Ashburnham, July 9th. d

TRY
W. J. MORROW'S
CHEAP TEAS.
BIG CUTS IN GROCERIES.

IT'S NO JOKE.

Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did. She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.
Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.
Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's Fancy Goods Store, George street, Peterborough.

R. Fair.

Fair and Warm
Moderate to fresh southerly winds, mostly fair, warm weather with local showers.

ROBERT FAIR.

REMNANTS
REMNANTS
REMNANTS

At this time of the year, we find as the result of the season's trading (which by the way, has been the largest in the history of our business here). Remnants in very useful and valuable lengths in the different departments.
These oddments have been gathered together, and placed on a table in the centre of the store, and the prices have been reduced in some cases as low as 60 per cent.
We are also offering at great bargains, short ends of Carpets and Oilcloths.
We would suggest an early inspection of the above, and at the same time we can show you many New Lines for Fall which have commenced to arrive already—a peep into the future, as it were.

If you want to Save Money.
HAVE you any money in a Saving's Bank or other investment paying you from 3 to 6 per cent. interest? Yes, well that may be a safe way of making money but will you not die of old age before it will amount to any considerable sum. The great majority of rich men in all parts of the world are extensive owners of Real Estate, consequently a wise investment in such must be a step in the right direction. I claim to be a good judge of the value of pro perty and I speak truthfully when I say that I have a great variety of property for sale, several parcels of which is offered very much under value. The man who has $25.00 can buy a $100 lot and pay the balance at the rate of $25.00 per year, and before he has it paid it will sell for $200, larger properties in same proportion. Visit my office, examine my properties, and you must acknowledge the correctness of my statements. Those bargains open until 20th inst.

A DAY IN THE DOMINION.

SEVERAL FATAL ACCIDENTS IN TORONTO AND ELSEWHERE.

Ogle R. Peck Killed at Shelburne—A Farmer's Son's Sudden End Near Thamesford—Drowned at Chatham.

TORONTO, Aug. 19.—Mr. Ogle R. Peck, president of the Ontario Pump Company, whose factory is at Cecil-street and Spadina-avenue, in this city, died at 6.30 on Saturday evening at Shelburne from the effects of an accident which he received the night before. Mr. Peck's company was engaged in erecting a new system to supply the town of Shelburne with water by means of windmills and pumps. He was engaged with a number of the workmen in raising the first bent of the tower, which slipped and injured Mr. Peck fatally, his death occurring within 24 hours.

Deceased lived in Robert-street, Toronto. He was a member of Rehoboam Masonic Lodge, Albert Lodge of Oddfellows and Canada Council, Royal Arcanum. He was also a member of the Commercial Travelers' Association. He was about 36 years of age. Only some six months ago Mr. Peck was married in London, Eng. His *wife left on Saturday for Shelburne.* The remains will be brought to this city this morning for interment.

Deceased was a grandson of Ogle R. Gowan and has lived all his life in Toronto.

Robert Dunlop, 282 King-street east, who fell down stairs Friday morning and dislocated his spinal column, died in the Hospital.

J. J. Houghton, a boy residing at 246 Westmoreland-avenue, was playing baseball Saturday at College and Shaw-streets. Two street cars came along from opposite directions and in trying to get out of the way of the one he was knocked down by the other. The car ran over one foot, crushing it badly.

Arthur Henry Hess, 216 Parliament-street, aged 9, was playing among the cars at the Don Station Saturday. A freight train came along and in trying to get out of the way he fell and the cars passed over both legs, cutting one off below the knee, and mangling the other in a terrible manner. He was taken to the hospital, where he died at 11 o'clock Saturday night.

Mayor Clarke and City Treasurer Coady returned to the city Saturday evening after a three months' absence in Europe. Thirty thousand citizens and two brass bands met them at the wharf, and escorted them to the City Hall, where his Worship made a speech.

A Fatality Near Thamesford.

LONDON, Aug. 18.—A fatal accident occurred Wednesday evening to the eldest son of John Gunn of the second concession, North Oxford, near Thamesford. George Dye, who lives on the adjoining farm, was engaged in threshing and Mr. Gunn was assisting him. They had to draw water in cans for the engine. The lad, accompanied by his brother, was returning the empty cans to a neighbor from whom they had been borrowed, and while going down a hill the horses suddenly started and Robbie, who was seated on one of the cans, was thrown to the ground and instantly killed, his neck being broken in the fall.

THE PROSPECTIVE BRIDEGROOM DIED.

But He Left a Handsome Fortune to His Intended and Her Friends.

HALIFAX, Aug. 17.—Arthur C. Chambers, a commercial traveler, started from Boston a week ago for Halifax, via Montreal, where he stopped over a few days to see his uncle. While at his uncle's he contracted scarlet fever and after but a few days' illness died on Wednesday evening of this week. Miss Amanda B. Laidlaw of Dartmouth, whom he was to marry next week, received a letter from his uncle this morning announcing her sweetheart's death and stating that deceased made a will on Aug. 10, which left $30,000 to be paid to his intended wife on her 19th birthday, Feb. 1, 1890, and $10,000 to be divided between her brother, Robert M. Laidlaw, and his sister, Miss Phœbe Chambers, share and share alike.

Deceased was in his 21st year. Robert M. Laidlaw is the well-known professional skater. Miss A. B. Laidlaw lives with her parents at Millcove, Dartmouth.

BLAZES AT GALT.

The Queen's Hotel Barns Destroyed—Also Two Horses.

GALT, Aug. 17.—The frame stables, barns and driving shed belonging to the Queen's Hotel, owned by Frank Lowell and leased by I. and G. A. Tilt, were entirely destroyed by fire this morning at 1 o'clock. There is no insurance. The fire started in the stables and had made considerable headway before being noticed. It spread so rapidly that nothing could be done to save any of the group of wooden buildings attached. The fire brigade got quickly to work with plenty of water and directed their efforts to saving property in the immediate vicinity, which they succeeded in doing with the exception of a roughcast dwelling across the street occupied by Mrs. Kelly and owned by Mrs. William Head. This building got a bad scorching and is about three-quarters destroyed; insured in the North British and Mercantile for $1000. Mrs. Kelly got most of her furniture out in a damaged condition; no insurance. The Queen's hotel roof, doors and windows caught fire several times but extinguished without much damage; $200 will probably cover the loss; no insurance. Tilt's loss on furniture damaged by water will be small; insured in the Waterloo Mutual. The burned buildings were over forty years old and will likely be rebuilt of brick. One of the most distressing features of the fire was the burning of a valuable span of horses belonging to William Mitchell of Guelph, a scrap-iron dealer, who had put up at the Queen's for the night, putting his team and wagon in the stables. An attempt was made to rescue the horses, but they were dying so furiously that they could not be approached. Mr. Mitchell lost everything excepting the neckyoke. The other animals occupying the building were saved. The origin of the fire is unknown.

John Speyer, a Lorraine (Wis.) lobster, received notice yesterday that a thousand relatives in Germany had bequeathed him $93,000.

KNOCKED OUT BY A JUDGE

SLUGGER SULLIVAN GETS ONE YEAR IN THE COUNTY JAIL.

Stern Justice in a Mississippi Court Room—Judge Terrell Says the Laws of His State Were Treated With Contempt—Sullivan and party left Parris at 6.37 this evening for the north.

Cheered En Route.

MERIDIAN, Miss., Aug. 18.—Sullivan left Parris at 6.37 p.m. yesterday and came here accompanied by Clune. A large crowd at the depot bade him good-bye. On the train Sullivan had but little to say. At Richburg Charley Rich was at the depot with a large concourse. Bonfires were lit and cheers given to the champion. Sullivan said he knew from the start the court was against him. He hoped Kilrain would be able to avoid coming here, through a writ of habeas corpus. The only part of his defence he did not like was the statement made in his behalf that Kilrain was the challenging party and had selected the battle ground. Sullivan thinks his sentence a little severe after his having willingly placed himself in the hands of the law when he could have crossed the ocean. Sullivan signed an indemnity bond before leaving Parris to protect his sureties should anything happen.

He Arrives at Cincinnati.

CINCINNATI, Aug. 18.—John L. Sullivan arrived to-night on a Queen and Crescent train. He was met by John Sullivan of this city, and as soon as the two left the train they became the head of a rapidly spreading and encircling procession of trainmen and others who had got within the train enclosure. Outside this enclosure the space was packed, and it was with great difficulty that the pugilistic hero and his escort made their way through into the waiting-room and thence to a carriage. The enthusiastic crowd cheered Sullivan frequently but he gave no sign of recognition of the adoration of his admirers, but walked straight on under his yellow straw hat like a soldier in review. He was driven rapidly to the Pennsylvania depot, where he arrived just in time to take the train for New York. He had not much time to talk and said but little to the reporters who tried to interview him.

Gov. Lowry's Officer in Baltimore.

BALTIMORE, Aug. 17.—Detective Childs, who was sent by Governor Lowry to take Jake Kilrain, the pugilist, to Mississippi, arrived here this morning, and called upon Marshal Fry, who told him that Kilrain was out on bail, and that the bond was not returnable until Thursday. The law for the collection of forfeited bail in Maryland is quite defective; and should Kilrain, alarmed at Sullivan's fate, decamp, it is not likely that his bondsmen would have to pay the $2000. When Joe Beard, a Baltimore divekeeper, fled, and his bondsman promptly paid the $1000 bail, even the clerks of the court laughed at him.

THE CRAZE FOR TRUSTS.

Englishmen Who Want to Control Books and Breweries.

NEW YORK, Aug. 17.—English capitalists are endeavoring to secure control of the business of the publishers of cheap literature in the United States. It is asserted by Samuel U. Untemeyer that the London capitalists are perfectly willing to put up the required $10,000,000 which such a scheme would involve.

The Evening Sun says negotiations have just been completed by which the entire breweries of Chicago have been sold to a syndicate of English capitalists.

LONDON, Aug. 17.—It has been arranged to form the firm of A. S. Mitchell, the largest textile manufacturer in the world, into a company. Mitchell Henry will be at the head of the new establishment.

Wire Whispers From Winnipeg.

WINNIPEG, Aug. 18.—The first sod of the Regina and Long Lake Railway was turned by Mrs. Dewdney on Saturday. Addresses were delivered by Hon. E. Dewdney, Governor Royal and others.

One result of the resignation of Provincial Secretary Prendergast will be the suspension of the French Liberal organ, l'Ouest Canadien. French members, according to Prendergast, will continue to give support to the general policy of the Government.

From a letter found on the streets it is evident that an organized gang of burglars is here. The letter contained plans of part of the city and directions as to the entrance of several banks, private residences and wholesale houses. Necessary precautions have been taken which apparently alarmed the gang.

Catholic Tribunal for the United States.

PHILADELPHIA, Aug. 17.—It is stated that the Pope has appointed a high ecclesiastical tribunal for the Catholic Church in the United States. It is said the tribunal will have referred to it all cases in which the church in the United States is concerned for adjudication, and that the tribunal consists of Cardinal Gibbons, Archbishop Ryan of Philadelphia and Archbishop Corrigan of New York. The object of the tribunal is to relieve Rome of the burden of hearing appeals from this country.

ST. PAUL, Minn., Aug. 17.—Archbishop Ireland says that the report of the appointment of Dr. Zardette, of St. Cloud, as a Catholic bishop, is incorrect. The doctor's name was considered, but he was not appointed.

Robbed on Board the Werra.

JERSEY CITY, N.J., Aug. 17. — Miss Fannie Losey of La Crosse, Wis., a passenger on the steamer Werra, was robbed this morning of jewelry worth $900 and a purse containing $100 while she was bidding farewell to friends. Her stateroom was entered and her trunk broken open.

Suicide Due to Insanity.

MONTPELIER, Vt., Aug. 17.— Marcia Guernsey Beach, wife of the Rev. J. W. Beach, at Essex, Vt., drowned herself in the Winooski River last night. Her body was recovered this morning. She was insane, and her malady was aggravated by the recent death of her mother.

The Viking Launched.

BUFFALO, Aug. 17.—The new steel steamer Viking was launched at 2 o'clock yesterday by the Union Dry Dock Company. A bottle of good wine was broken over her bow, as the word was given, by Miss Marian Hebard, daughter of Assistant Manager Hebard of the Union Steamboat Company.

The Viking is built entirely of steel plate, and her bottom is sheathed with four and five inch rock elm, caulked and pitched. This planking takes the place of the false or water bottom generally put in steel ships as a protection. The new steamer measures 214 feet in keel, 227 feet over all, 37 feet in beam, and 15 feet in the hold. Her main engine, a Hodge compound, has cylinders of 26 and 48 inches by 42 inches stroke, and on deck she will carry a hoisting engine.

The Viking will be ready for sea about Sept. 10. Her carrying capacity is estimated at 1700 tons, besides fuel. She is owned by T. W. Gilchrist, F.W. Fletcher, Thomas Collins, William Johnson and Capt. Henry Richardson, all of Alpena.

Chicago Gamblers Locked Up.

CHICAGO, Aug. 17.—The police raided a number of gambling houses last night and arrested 125 inmates. Four wagon loads of furniture, chips and cards were captured.

The Chicago representatives of the Louisiana lottery, Messrs. Wm. Daily and Wm. L. Wright, were also arrested, charged with violating the city ordinance relating to gambling. Davere Kearney, the proprietor of the "Little Louisiana" lottery, was also gathered in.

NEWS OF THE OLD WORLD

ALL EUROPE TALKING ABOUT BLOW HARD BOULANGER.

What is to Become of Mrs. Maybrick—The Case Before the Home Secretary—The Trip of the Teutonic.

LONDON, Aug. 18.—Foreign affairs, including those of Egypt, Crete, Servia and Germany, have been discussed this week in the House of Lords, the House of Commons and the press, but with no practical agreement save on one point. The one point is General Boulanger. His condemnation by the High Court of Justice is thought, though defective perhaps in form, to be just in substance. The question was instantly raised, will France demand his extradition? Probably she will not; certainly she will not if she listens to her ambassador here, who well knows that the demand would be refused. That is the one point on which all English parties are agreed. They will not allow a political offender to be surrendered, whether accused of stealing or not. It is more important to note the breach in the Boulangist ranks. His Republican friends are alarmed by signs that he is more completely in Orleanist hands than they had supposed. The Comte de Paris feels so sure of his tool that he has dropped his disguise, ordered his Royalist phalanx to march out of the High Court, and summons his good City of Paris to send twenty-five Boulangist deputies to the Chamber. It is this split among his supporters which threatens to harm General Boulanger at least as much as the just judgment against him by the Senate.

The agitation for Mrs. Maybrick's pardon has been carried on all through the week as if it were a political question. The methods used were precisely such as are used in politics. There have been meetings, petitions, speeches, letters to members of Parliament, letters to the press, discussion in the press, or in one section of it, of the most violent kind, and worst of all, a memorial to the Home Secretary has been signed by some members of Parliament, praying for the commutation of Mrs. Maybrick's sentence. This is simply bringing parliamentary pressure to bear on the Home Secretary in the discharge of a duty not parliamentary at all, in a matter where he is responsible, not to the House but to the Crown and his own conscience. The feeling throughout the country continues to be strong. Much of it is undoubtedly genuine and some of it is intelligent, but the agitation as a whole tends to substitute trial by plebiscite for trial by jury. If medical opinion be expressed by The Lancet, certainly the leading medical journal, it supports the conviction. That journal reviews the evidence through five columns and fully justifies the verdict. To-day's rumor is, however, that Mr. Matthews will give way. It is known that some of his colleagues favor a reprieve on the express ground that the refusal of it will alienate some of their political supporters. Some good may spring from all this turmoil in the shape of a court of criminal appeal. Lord Esher, the Master of the Rolls, and one of the best judges in the kingdom, argues strongly for it in a letter to The Times. Lord Herschell, another legal luminary, is for it, and lawyers generally believe that the time has come to establish such a tribunal.

The performance of the Teutonic on her first voyage to New York has been watched here with great interest. Probably no vessel ever attracted so much attention at home and abroad. English experts regard her run as extraordinary. It was known in Liverpool that she would not be pressed on her first Atlantic voyage, nor was she expected to beat the record of maiden runs as she actually did.

Now that the German Emperor has gone, sundry echoes of his doings reach London from Osborne, which are, perhaps, less indicative than heretofore supposed of perfect harmony between him and the Prince of Wales. His speeches, both at Aldershot and Osborne, gave offence. The Prince is reported to have said that his nephew was a very good German Emperor, but could not yet dispose absolutely of the English fleet and army. G. W. S.

GENERAL FOREIGN TOPICS.

The Emperor and Empress off to Bayreuth—Boulanger in London.

LONDON, Aug. 18.—The Emperor and Empress of Germany started last evening for Bayreuth, Carlsruhe, Strasburg and Metz. They are now at Bayreuth, which is beautifully illuminated to-night in their honor. Great preparations are making at Strasburg for the reception of the Kaiser and Kaiserin, which will include festivities extending over Tuesday, Wednesday and Thursday.

There seems to be no abatement of the suicidal mania which has of late been prevalent among officers of the German armies. The latest case reported is that of Major Luck, who blew out his brains at Wiesbaden with a pistol loaded with water. The effect of this unique method of self-murder was extremely horrible, the victim's head having been entirely blown to atoms.

Five hundred French residents of London visited General Boulanger in a body to-day and presented him with an address of sympathy and confidence. The General in a speech said that he had never used money belonging to France except when trying to secure her against enemies. If he had been cited by a regularly constituted court of assize he and his colleagues would have taken the first boat for France to face a trial. The French Government did not dare to avail themselves of the ordinary courts, but formed a special tribunal composed of his political enemies, which had virtually condemned him before it met. In conclusion he said he only asked good faith from the French people, and the triumph of the present rulers would soon be a thing of the past.

ST. PETERSBURG, Aug. 18.—The Czar will go to Copenhagen prior to his visit to Potsdam. He will probably meet Emperor William at Potsdam on Sept. 18.

BERLIN, Aug. 18.—The German Colonial Company has resolved to appeal to Prince Bismarck for protection against English encroachments in Africa.

VIENNA, Aug. 18.—The dates for the International Grain and Seed Market have been fixed for August 26 and 27.

PARIS, Aug. 18.—President Carnot delivered an address at a banquet given to 13,000 mayors and commercial delegates. He said the demonstration proved the national solidarity. The French people thought it wrecked for a time had shown its power to recover and make its sovereign voice heard by removing parties still aiming to undermine the edifice raised by the fathers of the republic. The nation would soon cast into oblivion all passing discords and combine the forces of the republic by reconciling all her sons in the name of the common country.

Low Rates Via the Soo.

ST. PAUL, Aug. 17.—In view of the low rate to New York east on the "Soo" line the Chicago, Burlington and Northern, which has had a rate of $1.30 to the Soo's 75 cents, has announced a rate of 55 cents, to take effect Aug. 19.

A Verdict of Manslaughter.

KINGTON, Aug. 16.—This verdict was rendered at the coroner's inquest on the body of Robert Ferguson, who was killed on Madawaska River: That Robert Ferguson came to his death from the effect of a pistol shot fired by Edward McLaughlin, and we find Edward McLaughlin guilty of manslaughter in the third degree.

Distinguished Firemen.

TADOUSAC, Que., Aug. 16.—A fire broke out at 4 o'clock yesterday morning in a bakery store at Tadousac and spread to three neighboring houses. They were all burned. The schoolhouse and the upper part of the village were saved only with much difficulty. There being no fire service, the water had to be carried from the river and thrown on the flames. The cottages of Archdeacon Evans and Mr. Henry Thomas of the Academy of Music were in imminent danger at one time. Strenuous efforts to prevent the spread of the fire were made by Sir Roderick Cameron and his two sons, Rev. Osea Lemieux, Mr. Caron, Mayor of Tadousac, Mr. Henry Thomas, Archdeacon Evans and some other residents. The loss will reach $2000.

It Makes You Hungry

"I have used Paine's Celery Compound and it has had a marvelous effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. CORTLAND, Fresno, S. C.

Spring medicine means more now-a-days than it did ten years ago. The winter of 1888-89 has left the nerves all flayed out. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—*the Spring medicine of to-day*—does all this, as nothing else can. *Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Concentrated by the Manufacturers to be*

The Best Spring Medicine.

"In the spring of 1887 I was all run down. I would get up in the morning with so tired a feeling, and was so weak that I could hardly get around. I bought a bottle of Paine's Celery Compound, and before I had taken it a week I felt very much better. I can cheerfully recommend it to all who need a building up and strengthening medicine." Mrs. B. A. Dow, Burlington, Vt.

Paine's Celery Compound

is a vitalizing tonic and appetizer. Pleasant to the taste, quick in its action, and without any injurious effect, it gives that rugged health which makes everything taste good. It cures dyspepsia and kindred disorders. Physicians prescribe it. $1.00. Six for $5.00. Druggists.

WELLS, RICHARDSON & CO., - MONTREAL

DIAMOND DYES Color anything any color, Never Fail! Always sure!

LACTATED FOOD Nourishes babies perfectly. The Physicians' favorite.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. in month $1.00 for Six Months.

The Daily Examiner.

MONDAY, AUGUST 19, 1889.

When other countries are hedging themselves in with tariffs, Great Britain is reaching out to all the ends of the earth, doing a brisk business in both buying and selling as doing the carrying trade of the world. The Chicago *News* says:—"The investment of British capital in the colonies and dependencies of that country and its investment in shipbuilding is not only changing the current of the world's trade, but so increasing the agricultural products of the world as to bring our farmers face to face with a competition such as they never before had to contend with." The truth of this is demonstrated by the fact that the Argentine Republic last year shipped 45,000 tons of corn, and this year will ship over 2 000,000. Britain is not only supplying the vessels to receive the corn, but she is exchanging her manufactured goods for the crop.

The absurdities of protection are in some instances too apparent to be ignored by even the most interested protectionists. The people of Buffalo want to make use of electricity for a motive power, but it can be most cheaply generated on the Canadian side of the border and conveyed thither by wire. The question the Buffalons want decided before they set up their works on the Canadian side is, Will electricity generated in Canada be subjected to a protective duty when transmitted across the line to the United States, and if so, how high is the duty to be? If electricity for power is subject to a duty, why not electricity used for telegraphic purposes? The protectionists, the Wiman spiece, will soon be insisting upon the levying of duties upon the waters of rivers entering their country from a foreign one, and the next wind will not be free to blow across the border without having first been entered at the Custom houses, passed through and levied upon.

Peterborough's Central.

Get Ready to Attend the Big Fair of the Mid-land District A Short Resume of The Four Days' Programme.

Peterborough's Central Exhibition will this year eclipse all former events of the kind. There will be four days of it, each day replete with attractions. The first day, Tuesday, Sept. 24th, will, of course, be occupied in getting things into shape. Wednesday will be the opening day, and after nine o'clock visitors will be admitted to the grounds. Thursday is school children's day, when children under 14 years will be admitted for 10 cents. Friday, the last day, will witness the conclusion of the special events as well as the closing of the exhibition.

The prospects are that there will be better exhibits than usual in all the classes. The premiums amount to $3,000. The directors and officers are leaving no stone unturned to make the exhibition entirely successful. All entries can be made with the Secretary, Mr. Wm. Collins, at W. J. Green's clothing store, Hunter street, up to Sept. 21st. Miss Collins will be in attendance to take ladies' entries on the two Wednesdays and Saturdays previous to the exhibition. Copies of the prize list, which have just been issued from the EXAMINER job room, can be had from the Secretary on application, or at the Peterborough Bookstore.

Two special attractions are more numerous than ever. There will be more than the usual horse races, and the events are scattered over three days of the exhibition. The prize for these alone amount to $650. There are no less than eight separate events.

The baseball tournament and baby show will be interesting features of the exhibition. A number of the best clubs in the town and vicinity have promised to participate, and all will strive hard to win the silver cups which are offered for competition. The baby contest always excites amusement. It will be one of the funniest things on the programme.

The directors will add other attractions in the mean-while, the public may rely upon being well satisfied with the exhibition of 1889. The weather clerk has been promised the prize pumpkin if he favors the directors with fair weather, and of course he cannot resist the offer.

DIRECTORS MEET.

A meeting of the directors was held Saturday afternoon, when the judges were elected for the different departments.

A deputation was also appointed to wait on Sir John Macdonald to invite him to open the Exhibition.

The Secretary was instructed to communicate with the Manitoba Exhibit, Toronto, to arrange if possible for the display of Manitoba products to be made at the Exhibition here.

Messrs. Wm. Collins and Jas. Baptie were appointed delegates to the Provincial Association meeting, to be held at London during the fair week there.

Tenders will be advertised for, for refreshment booths on the grounds during the Exhibition.

A Newspaper's Epitaph.

A gentleman in town handed the EXAMINER to-day the following copy of an unique epitaph to a deceased railroad man, copied from a tombstone in Hollywood cemetery, Richmond, Va:—

Until the brakes are turned in time,
Life's throttle valve shut down,
He works to put on the crew
But wears the master's crown.

On schedule time and upper grade,
Along the homeward motion,
He leaves his train at God's roundhouse,
The morn of resurrection.

His time's full—no wages docked,
He nears an unexplored pay rail,
And transportation through to Heaven,
A free pass for his soul.

Hollywood Cemetery, Richmond, Va.

An Ode of Thanks.

Respectfully inscribed to Robert Jaffray Esq, Toronto, for the freewill kindness extended to me by him in disposing of a large number of my book of poems.

When a poor poet is struggling hard to warsel up life's brae
How grand it seems to meet a friend to help him on his way.
Not one whose pity is but words aloof indifferent stands
But one that feels, and action prompts he sympathy extends.
Sir, such a man and a true friend you clearly proved to be
By your spontaneous friendly act, and kindness shown to me.
Such true philantrophy as yours, Sir, we but seldom find
With love and pity, word and deed, indissolubly combined.
We met but once, and even then, our interview was brief
Opinions formed by me of you still bear out my belief.
As the strong swift receding tide leaves pebbles on the beach
So on my heart, a trace to be't, your act alone could reach
Your friendly grasp, your blithesome face, this thought in me impresses
That a kind sterling, cordial heart beat strong within your breast.
One full of love for fellow men extending aid enough
Ready to sympathize, and help, a scribbling brother Bob.
Just two grand attributes of God in some men still are found
Tis Godlike where true pity flows and helping love abound.
It is not flattery, I have proof, clear undeniable true
By nature those two attributes predominate in you.
You use them not for selfish aims, nor grasp with miser's hand
Those Heaven sent sparks their lustre shed, and with benevolence blend.
Oft would our rugged path be smoothed as life we journey through
Sad hearts made glad, our burdens eased, had we more men like you.
Because small earning I possess, and my pecuniary store
I can't unload in change adequate my gratitude to show.
My head o'erflows with grateful thoughts could I but utter once find
To prove so you lose deep your name is stamped upon my mind.
The highest and choicest gift that I can breathe for you
Is that your life may long be spared such worthy deeds to do.
And on earth, I hope above you will reap your reward
For the kind act you have performed unto a humble bard.

As nothing for your trouble, sir,
You have received from me,
Please do accept these simple lines
Though worthless they may be,
They are the thanks of my heart,
Believe me, they are sincere,
I earnest trust they will be prized
Much more than gold by you.

WILLIAM TELFORD,
Smith.

A Hundred and Eighteen.

An Ontario Centenarian who Fought under Nelson.

James Page, a native of Sussex, England, was an able bodied seaman with Admiral Nelson at the battle of Trafalgar. Like many another he ran away to sea at an early age; however, he was subsequently recovered by his parents, and bound as a ship's apprentice to a Captain Harvey; and while still in his apprenticeship he was pressed into the British Navy. He distinctly remembers Napoleon and his first Empress, and recalls vividly the "little Corporal." He also has recollections of the "cat" and flogging through the British fleet, and commends on the cruelty of that punishment. In answer to an enquiry as to the relative merits of Napoleon and Wellington, his reply was, "God fought the battles."

Though once possessed of a small competency, Mr. Page has been for years a pensioner on the council of Williamsburg. We were pleased to observe the comfort and cleanliness in which he is kept.

He is of small stature, but well-knit frame. His voice is yet strong, but his memory is of the distant past. From incidents in his life and the estimate of the oldest residents, he must be about 118 years of age. He can still walk; his appetite is good, and his relish for the sailor's consolation, tobacco—is strong.

In Canada Mr. Page was present at the battle of Windmill Point and received seven shillings for his trouble; on his way home he met a woman mourning the loss of her husband who had been killed in battle the day before. Sailor like, he gave her the contents of his pocket.

"Oh! why should the spirit of mortal be proud"? We have often wondered why, and have concluded that we don't know, unless it be that the aforesaid mortal is conscious of the fact that at his disposal, at all times, are Dr. Pierce's Pellets, to relieve him, should he suffer from torpidity of the liver, sick or nervous headache, dyspepsia, constipation, etc. Druggists.

Chronic Coughs and Colds

and all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form. See what M. S. Muer, M.D., L.R.C.P., etc., Truro, N. S., says: "After three years' experience I consider Scott's Emulsion one of the very best in the market. Very excellent in Throat affections." Sold by druggists at 50c. and $1. w33eod

The Locks of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to use the best possible cure of your hair. A little of Dr. Dorenwend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning grey, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

On The Increase.

So increasingly prevalent have scrofulous diseases become that we call the attention of our readers to the best blood purifier and alterative known, Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

A Baby in Danger.

My baby was taken very bad with diarrhoea, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhoea. MRS. A. L. BUIE, Shell River, Man. 2w31d

Excels All Others.

I USED one bottle of Burdock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Gald, Ont. 2w31d

25 REASONS
FOR
DRINKING
ROYAL DANDELION COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink as strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they are pleased,
And some when they are cross,
Some drink when they do poorly gain,
And some because no loss;
Some drink when they are hard at work,
And some when they do play;
Some think it rich to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yet all must own the proverb true:
"When liver's hot to strike it"—
I've just found out the reason why—
I'll drink because they like it!

Luxuriant Growths of Hair
are seen on the heads of all who use
DR. DORENWEND'S
GREAT GERMAN

HAIR MAGIC.
The equal of this great preparation is yet to be found. It is an unfailing Restorer for grey hair—it stops all falling out of the hair—it removes all dandruff and keeps the scalp clean. On bald heads (if there are but the faintest traces of roots) the Magic will produce a fine growth. Will you try it? Or will you let your hair go, and become prematurely old? What do you say? All druggists everywhere have it for sale. Ask for it. Do not let the druggist tell you he has something just as good—many have dead stock of other hair tonics on and hand try to above them off in this way. See that each bottle bears seal and signature
A. DORENWEND.
Sole Manufacturer; Paris Hair Works, 103 to 105 Yonge street, Toronto, Canada.
Bangs, Frontpieces, Waves, Wigs, Switches, Gent's Wigs, Toupees, and Hair Goods of all kinds are supplied by A. Dorenwend. Send to above address for circulars and prices. dw

MUNCASTER'S.

THE BOWSER'S AGAIN.

SOME PRACTICAL LESSONS IN HOUSEHOLD ECONOMY.

The Master of the House Finds Out for Himself That Women Are Not the Only Careless People.

In returning from a trip down town the other week I left my shopping bag in the car and when I mentioned the fact to Mr. Bowser and asked him to call at the street railway office and get it, he replied:

"No, ma'am, I won't! Anybody careless enough to leave an article of value in a street car deserves to lose it. Besides, you did not take the number of the car, and they would only laugh at me at the office."

"Do you take the number of every street car you ride in?" I asked.

"Certainly. Every sensible person does. Day before yesterday I came up in No. 70. I went back in No. 44. I came up to supper in No. 66. Yesterday I made my trips in Nos. 55, 61, and 88. To-day in Nos. 83, 77 and 15. The street railways contract to carry passengers—not to act as guardians for children and imbeciles."

"Mr. Bowser, other people have lost articles on the street cars."

"Yes—other women. You never heard of a man losing anything."

I let the matter drop there, knowing that time would sooner or later bring my revenge. It came sooner than I expected. Mr. Bowser took his dress coat down to a tailor to get a couple of new buttons sewed on, and as he returned without it, I observed:

"You are always finding fault with the procrastinations of my dressmaker. Your tailor doesn't seem to be in any particular hurry!"

"How?"

"Why, you were to bring that coat back with you."

"That coat! Thunder!"

Mr Bowser turned pale and sprang out of his chair.

"Didn't lose it going down, did you?"

"I—I believe I—I?"—

"You left it in the street car when you came up?"

"Yes."

"Mr. Bowser, anybody careless enough to leave an article of value in a street car deserves to lose it. However, you took the number of the car, I presume?"

"O—no!"

"You didn't! That shows what sort of a person you are. Yesterday when I went down after baby's shoes I took car No. 111. When I returned I took car 66. When I went over to mother's I took car 56. The conductor had red hair. One horse was brown and the other black. The driver had a scar in his left eye. There were four women and five men in the car. We passed two loads of ashes, one of dirt and an ice-wagon. The conductor wore No. 8 shoes and was near-sighted. The street railways contract to carry passengers, Mr. Bowser, not to act as guardians for sapheads and children."

"IT'S GONE"

"But I'll get it at the office to-morrow," he slowly replied.

"Perhaps, but it is doubtful. As you can't remember the number of the car, they will laugh at the idea, and perhaps take you for an impostor."

He glared at me like a caged animal and made no reply, and I confess that I almost hoped he would never recover the coat. He did, however, after a couple of days, and as he brought it home he looked at me with great importance and said:

"There is the difference, Mrs. Bowser. Had you lost anything on the car it would have been lost forever. The street car people were even sending out messengers to find me and restore my property."

One day a lightning man called at the side door and asked for the loan of a spade for a few minutes, saying that he was at work near by; and he was so respectful that I hastened to accommodate him. Two days later Mr. Bowser, who was working in the back yard, wanted the spade, and I had to tell him that I lent it. As it was not to be found, the natural interference was that the borrower had not returned it.

"This is a pretty state of affairs!" exclaimed Mr. Bowser when he had given up the search. The longer some folks live the less they seem to know."

"But he looked honest."

"What of it? You had no business to lend that spade."

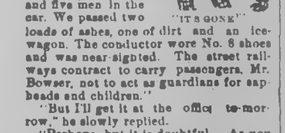
"I was sure he'd return it."

"Well, he didn't, and anybody of sense would have known he wouldn't. If somebody would come here and ask for the piano, I suppose you'd let it go. Mrs. Bowser, you'll never get over your countrified ways if you live to be as old as the hills. It isn't the loss of the spade so much, but it is the fact that the man thinks you are so green."

In the course of an hour I found the spade at the side steps, where the man had left it after using, but when I informed Mr. Bowser of the fact he only growled:

"He brought it back because he probably heard me making a fuss about it and was afraid of arrest."

Two days later, as Mr. Bowser sat on the front steps, a colored man came up and asked to borrow the lawn-mower for a few minutes for use on the next corner.



"CERTAINLY, MY BOY."

"Certainly, my boy," replied Mr. Bowser, "you'll find it in the back yard."

When he had gone I observed that the man had a suspicious look about him and that I should not dare trust him, and Mr. Bowser turned on me with:

"What do you know about reading character? There never was a more honest man in the world. I'd trust him with every dollar I have."

In about half an hour Mr. Bowser began to get uneasy, and after waiting a few minutes longer he walked down to the corner. No black man. No lawn-mower. By inquiry he learned that the borrower had loaded the mower into a hand-cart and hurried off. It was a clear case of confidence.

"Well?" I queried, as Mr. Bowser came back with his eyes bulging out and his hair on end.

"It's—it's gone!" he gasped.

"I expected it. The longer some folks live the less they seem to know. If somebody should come and want to borrow the furnace or the bay windows you'd let 'em go, I suppose."

"But he—he"——

"But what of it? You had no business to lend that lawn-mower, Mr. Bowser. You'll never get over your contrified ways if you live"——

He would listen no further. He rushed out and sailed around the neighborhood for two hours, and next morning got the police at work, and it was three days before he would give up that he had been "hornswoggled," as one of the detectives put in. Then, to add to his misery, the officer said:

"We'll keep our eyes open, but there isn't one chance in five hundred. After this you'd better let your wife have charge of things. That darkey couldn't have bamboozled her that way."—*Detroit Free Press.*

"It Tempts"

Is more rapidly improved by relief from physical suffering than in any other way. Step on your friend's corn, and the impulse to strike is strongest. Putnam's Painless Corn Extractor, by quickly and painlessly removing them, insures good nature. Fifty imitations prove its value. Beware of substutes. "Putnam's," sure, safe, painless.

Help Wanted

BY all who suffer from dyspepsia, biliousness, sick headache, jaundice, liver complaint, rheumatism, dropsy, etc. Lose no time in procuring Burdock Blood Bitters, nature's regulator and tonic. It is a prompt and permanent cure for all diseases of the blood, liver, kidneys, bowels and stomach.

An Old Favorite

THAT has been popular with the people for thirty years is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children or adults. It seldom or ever fails to cure cholera, morbus, diarrhœa and dysentery. 2w31d

Mystic Words.

I CAN recommend Dr. Fowler's Extract of Wild Strawberry for chronic diarrhœa, as I have used it for two years and can get nothing else that helps me like it. JANE TAYLOR, Mystic, P. Q. This medicine cures all summer complaints. 2w31d

AS A TONIC and relief to sufferers from Neuralgia, Dyspepsia, loss of appetite and general debility Dyers quinine and Iron wine is highly recommended. W. A. Dyer & Co. Montreal. 6d43

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant. dw

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the *best blood* medicine ever compounded.—W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 883 Atlantic ave., Brooklyn, N. Y.

SPLENDID BUILDING SITES

I have placed on the market

That Desirable and Well Situated Property

in the western part of the Town, and offer it in lots as per plan annexed. This affords a splendid opportunity to secure a location for your home in a rapidly improving and in every respect the best part of the town. The properties are situated on Cedar and Hatton streets and within a stone's throw of the West Ward School and a short distance of the principal Churches and the Hamilton Co'y. Works.

"ERIN COTTAGE," late the residence of Mr. Elias Thompson, is situated in the centre of the block. This property is for sale or can be had at a bargain. It is a desirable suburban residence.

The lots have good frontages on streets of the standard width and are splendidly located. From the upper lots is afforded one of the best views of the town with ample facilities for drainage.

Several fine dwellings are already contracted for to be built on these lots during this season.

Tradesmen and mechanics should inspect the property as it offers the best sites available and convenient to the business part of the town.

For terms and particulars apply to

Sabbath School Library.

The Peterborough Bookstore supplied a Sabbath school with a library of seventy-five books selected from stock on hand Saturday. The best place to procure books of all kinds is at the Peterborough Bookstore where a large stock is always kept on hand.

A Needed Improvement.

Street Inspector Pope is doing a much needed work of improvement in the grading and renewal of George street, opposite Central Park. This was one of the roughest pieces of roads in town. The large stones have been removed and the road bed made smooth and fit for traffic.

AT the head of the class stands M. R KIDD in choice teas.

It is Pleasant.

For a firm to meet with the decided success W. J. Morrow has met with in the past through his advertising cheap and good quality goods and such confidence has the public placed in him that they at once rush for a good large supply of goods at low prices. Don't fail to call. 340 George street, Opera House Block.

Hotel Improvement.

The effect of paint and paper upon the appearance of a house are manifest in the neat and attractive interior of Mr. E. Phelan's hotel on Simcoe street, which has recently been repapered and repainted throughout. Mr. Phelan has now one of most comfortable and best conducted hotels in town.

Horticultural Exhibition.

The prize lists for the exhibition of the Horticultural Society on Sept. 5th, are revised and printed. Copies of them may be procured at the office of Mr. James Stevenson. A short time remains for those wishing to join the society. These are urged to leave their membership fees at once. Let all lovers of fruit, flowers, and fine art join to make the next the crowning exhibition of the series.

Campers Supplies.

A large assortment of canned meats, fish, vegetables and fruit. Lowry's smoked and spiced meats. The finest brands of ginger ale's, sodas, lager's, ale's, wines, clarets, champagnes, in fact everything you need to be supplied with in camp. The largest stock in Peterborough and best assortment at the Palace Grocery, Elliott & Tierney, George street, Peterborough.

A Boon to Campers.

T. W. Robinson, of the Metropolitan Grocery has opened ont a branch shop at Ice House Point on Juniper Island, Stoney Lake, for the convenience of campers and boarists. His stock will be found well assorted in staple groceries, canned fruit, meats, &c, and will be sold at town prices. This opportunity to obtain first class groceries and provisions, immediately in the vicinity of this popular summer resort, should be hailed with delight by all those interested. d

We Go One Better.

Other grocers are greatly excited about the prices of some of their goods. But Geo. Carton keeps quite cool, and goes one better every time. See the crashing value he is offering:—8¼ lbs. Rice, for 25c. 3 bars of Electric Soap, for 25c. 8 lbs. of Tea, for $1. Push right through to Geo. Carton's red tea store, where you can carry away more goods for a $2 bill than you can get for $3 in other stores. Corner George and Charlotte streets. dw

Willow and Wicket.

The Victoria Rifles Cricket Club, of Montreal, are playing the Peterborough eleven on the grounds to-day. The match is being won easily by the home team. The Rifles Club in its first innings scored only 29 runs, and at the last report Peterborough had made about 117 runs for seven wickets.

The Lakefield Club plays the Victoria Rifles eleven on the Peterborough grounds to-morrow.

On Wednesday the united counties of Peterborough and Victoria will play the visitors here.

Charged With Attempted Murder.

The young woman Martha Glenney, arrested a week ago at the Grand Central hotel for attempting to get rid of her illegitimate child by throwing it into a cesspool, was this morning arraigned on a charge of attempted murder. The young woman and the baby have been at the hospital since the first arrest, and the mother is quite restored to health. The infant is also a lively and vigorous youngster, and apparently none the worse for its narrow escape from death. The girl was remanded till Wednesday, to allow the prosecution opportunity to gather data.

A Brick of a Bricklayer.

Mr. P. J. McNamara has returned to town after completing his contract for the brick-work of the new High School building, Millbrook. It is a credit to both Mr. McNamara and to Peterborough that he gave such good satisfaction. His reputation for first class brick work stands high at home and his last job abroad only adds new laurels. After complimenting Mr. McNamara and his three sons in the highest terms for the creditable way in which they had performed their work the high school trustees and a number of their townsmen accompanied them to the railway station with the band and gave them a hearty send-off. Millbrook has a fine school building and much of the credit of it is due to Peterborough man as noted above, Mr. J. R. Belcher having been the architect.

Burleigh Falls Visitors.

Following is a list of guests at present at the Burleigh Hotel, J. Holmes proprietor:—

W. H. Miller, Rochester N. Y.; H. H. Wheeler, Brookland N. Y.; J. Halworth, Toronto; G. C. Brown, Toronto; J. J. Higgins, Toronto; J. R. Mernett, Toronto; J. Cook, Toronto; J. Parker, Rochester N.Y.; J. Weddell, Rochester N.Y.; A. Ardagh and wife and child, Toronto; W. C. Meredith, Toronto; W. W. Pearson, Rochester N. Y.; C. A. Johnston, Rochester; J. H. Addemes, New York; W. J. Morley, Toronto; W. Wesley, Peterborough; Mrs. Branseley, Port Hope; J. Clark, Rochester N. Y.; A. Anderson, Port Hope; Andrew Fox, New York City; Mrs. A. C. Mannon, Rochester.

A Sudden Death.

Mr. O. R. Peck, of Toronto, President of the Ontario Pump Company, a gentleman quite well known here in connection with the negotiations for the removal of the industry to Peterborough, met with a fatal accident at Shelburne, Ont., Saturday. He was working on a waterworks tower when the accident occurred. Mr. Peck, it will be remembered, conducted the negotiations in person, and his untimely death will be regretted. Whether this accident will affect the company's decision to remove to Peterborough or not, is not known. The Town Clerk Macdonald on Saturday received a letter from Mr. Peck, stating that he would run down to Peterborough to attend the next council meeting and complete arrangements for the removal of the business here.

A Managerial Change.

A meeting of the Directors of the Peterborough Gas Company was held on Friday. A financial statement was presented to the meeting, which showed the company to be in a satisfactory position. Mr. Jas. Stevenson, who has been president and manager of the company for the past ten years, wishing to be relieved from the duties of the position handed in his resignation, and his son Mr. Arthur Stevenson, was elected in his stead, president and general manager. The duties of secretary previously performed by Mr. J. E. Bell have been also added to the Stevenson's other responsibilities. By this arrangement he will have the entire control of the company's affairs. Mr. Stevenson will no doubt prove himself to be a capable official.

Personal.

Mr. John Garvey of London is in town.

Mr. John Bertram ex-M. P. was in town on Saturday.

Mr. Arthur Stevenson has been appointed to the position of President and general manager of the Peterborough Gas Company.

Mr R. R. Hall will deliver an address at a Presbyterian picnic in Harvey on Thursday the 5th of September.

Mr. John Garbutt and Mrs. Garbutt, of Smith, left Saturday evening for a two or three week's stay at Preston Springs.

Mr. Robt. Fife of Peterborough, has been at Preston Springs for the past week, and proposes remaining two or three weeks longer.

Mr. Jas. Menzies, foreman of the Ottawa *Free Press*, is in town to spend a week's holidays among relatives and friends. He spent last week in St. Catherines attending the Grand Lodge of Oddfellows as a delegate from the Capital City.

Mr. R. H. Henderson, representing the Travellers Life and Accident Insurance Company, is in town for a few days on business connected with the Company. He leaves in the morning on a months' business trip through the Northwest.

Dr. Clarke left town this morning to attend the Convention of Medical Health officers to be held in Brockville this week. A large attendance of sanitary authorities from Canada and the United States is expected. The sewerage question will be one of the most prominent subjects of discussion.

Mr. Wm. M. Green, of Court Little John No. 92, Canadian Order of Foresters has been appointed District Deputy High Chief Ranger for the county of Peterborough. Mr. Green is an energetic Forester, and has been from the beginning an active promoter of the interests of Court Little John, and will doubtless efficiently discharge the functions of his high office.

Campbell's Grove Camp Meeting.

The Second of the Series Successful.

The camp meeting at Campbells grove on Sunday afternoon was even more largely attended than that of last Sunday, there having been, at least, seven hundred persons present. The services were also of a similar nature; The Williamson choir and orchestra was again present and the singing was hearty and congregational. On the platform were Rev. Mr. Leitch, and Messrs. Jas. Sutherland, J. H. Wyatt and Jas. Stubbs, the latter leading in the opening prayer. Rev. Mr. Leitch founded his address upon the twentieth chapter of St. Matthew—the parable of the labourers in the vineyard. His address referred to the abundance of the harvest and the necessity for labourers. Mr. J. H. Wyatt's address was upon the subject of "the crume of oil." Mr. Sutherland followed with an address upon the topic of "the harvest is passed etc." Mr. James Stubbs gave the closing address, setting forth the power of the gospel unto salvation. His remarks were largely of the character of a personal religious experience and prepared the way for the testimony meeting which followed. A request was made for the saved to stand, as well as those who had resolved to live for Christ and nearly the whole assemblage rose to their feet. During the entire meeting there were frequent interspersions of hearty singing. The attention was all that could be desired and there is evidence that these meetings are resulting in much good.

News Nuggets.

—The excavation has begun for the foundation of the new moulding shop of the Wm. Hamilton Company's works.

—Mr. Frank Mason is adding another 100 x 20 feet green house to his plant. Mr. Mason's business as well as his flowers, grows apace.

—The foundation walls of the new north ward school buildings are completed, and the brick work well under way.

—Ten minutes of two or three predatory cows on the new grounds and thereon of the Nicholls Hospital are good for ten day's work for a man in repairing the damages.

—The newly elected officers of the Fire Brigade Band are, E. McCabe, President; J. Fraser, Secretary; Wm. Bridges, Treasurer.

Serious Accident.

Sunday afternoon as Mrs. Grant, widow of the late Robert Grant, of the Communication Road, Smith, was returning home from church, accompanied by her daughter and Miss Williamson, the horse shied violently and upset the buggy, throwing all the occupants out. Mrs. Grant was the only one seriously hurt. She was taken to the residence of her brother, Mr. Wm. Tully, where her injuries were dressed. She was picked up unconscious. Her face is cut, her body severely bruised, and her arm seriously damaged at the shoulder, if not broken. Dr. Caldwell is in attendance. It is considered doubtful if Mrs. Grant recovers from her injuries.

THE GRAND LODGE, I.O.O.F.

Annual Meeting in the City of St. Catherines.

The Secretary's Gratifying Report — Matters of Provincial and Local Interest to Oddfellows—The New Grand Master and Other Officers—Condensed Report of the Proceedings.

The thirty-fifth session of the Grand Lodge, I.O.O.F., began in St. Catherines Wednesday, August 14th. The usual welcomes were extended the visiting brethren, and the roll call showed that all the Grand Lodge officers were present.

The report of the Grand Secretary, Bro. J. B. King, Toronto, was, as usual, very encouraging. Thirty-three years ago the Grand Lodge assembled in St. Catherines in its second annual gathering. The retrospect of these few years furnishes food for honest reflection. The story seems to read almost like a fairy tale. Then, thirteen lodges with 605 members and $300 all told expanded for relief. Now, 220 lodges, with 16,639 active, zealous members, and the princely sum of $64,000 paid during the year for benefits and relief. Since the session held at the time referred to, the exceedingly large sum of $560,650 has been paid out by the Order in Ontario for the relief and the prevention of distress; a noble record, not excelled by any organization of similar proportions in the world.

During the year ending 30th June, there have been four new lodges instituted and one lost by mergement.

The Sovereign Grand Lodge at its last session having authorized "The Veteran Jewel," a circular from Grand Secretary Bro. T. A Rose fully setting forth the object and mode of procedure to obtain one is given in the report. It states that members of the Order in good standing, and who for twenty-five years or more have been such, shall be entitled to wear a Jewel to be designated "The Veteran Jewel, I.O.O.F."

After dealing with other less important matters, the Grand Secretary goes on with his report, as follows:—For the past term ending 30th June 1889, the result is, if possible, still more gratifying. The roll of lodges has increased but few it is true, but nearly all the lodges have been greatly strengthened, and many of them increased in numbers, the membership at that date being 16,639, an increase of 579 for the half year; and in every department of the Order's work the same ratio of increase has been kept up.

It is questionable if this splendid showing can be maintained in the future, unless the Grand Lodge is more liberal to, and mindful of the interests of the subordinate lodges.

The Grand Master of the year cannot be expected to visit all the lodges, even those that would be most benefited by a visit from him. A judicious expenditure of money to enable some qualified Brother to visit and encourage weak lodges, and to show even strong lodges that the Grand Lodge—its parent body—was not unmindful of them, would, I am sure, result in good. The expense need not be great, but the good can hardly be estimated. Much of the impetus that is now doing us so much good was caused by the visit made to lodges generally in 1882 and 1883, much of it is due to our new and worthy military branch, and very much to our new degree team work. All of these factors should be encouraged, and the result will be told in our increased strength and usefulness.

The Rebekah branch of the Order is not flourishing as it should in so important a jurisdiction as Ontario. The change made last year by the Sovereign Grand Lodge in this department, placing the Rebekah Lodges in a separate jurisdiction and removing the work entirely from the subordinate lodges, was, I think, a wise one, one that will best prove what this branch of the Order can do for Oddfellowship. The wisdom and benefit of women's counsel in most things is undoubted and hardly denied; but just how best to utilize or engage her active work in lodge work is a problem not fully solved. I am of opinion that no effort should be left untried to secure so necessary a co-operation in our work, and trust that the Rebekah Lodges will be fostered and supported as much as possible by the subordinate lodges where Rebekah Lodges exist.

The six months' disability clause, which is a by-law with many lodges, is, I believe, a relict of past ages, and should be stricken out of our laws entirely. In many cases it has worked great hardship will continue to do so as long as it exists. Why a brother should be debarred from being entitled to benefits for six months when he has paid all demands made against him for initiation, degrees and dues, is a mystery. I would once again respectfully recommend that the six months' disability claim be expunged by striking out of clause 50, constitution of subordinates, the words at the end of the clause, "unless the by-laws of the lodge specially provide otherwise."

Our new election law for the election of Grand Officers by Past Grands voting in their respective lodges will, I believe, be a great improvement on the old system. It is still, however, possible to improve it. I see considerable objection to the names of Past Grands present and voting for Grand Officers being recorded in the election return. In many cases it is a positive identification of the way each Past Grand voted rather than a secret ballot. I would recommend that the words "together with the names of Past Grands voting" be struck out. The names of the Past Grands voting should be recorded on the minutes of the lodge, to be referred to in case of appeal, but I fail to see any good reasons why the names should be appended to the election return.

OTHER BUSINESS.

After the reading of the report, the committees were appointed, Mr. D. H. Moore of Peterborough being on the Mileage and Per Diem committee, and Mr. James Menzies of Ottawa, on the committee on Legislation.

The Grand Master in his report corroborated the Grand Secretary's remarks regarding the unsatisfactory condition of several lodges, and he believed in the visit of a Grand Lodge officer and also in the system of inspection by District Deputies.

THE TREASURY.

The report of Grand Treasurer Wm. Badenach, for the year ending July last, showed receipts, including a balance of $9,026.46 in July, 1888, amounting to $18,418.84. The expenditures amounted to $8,303.47, leaving a balance of $10,114.87.

Second Day.

The members attended an "At Home" at the residence of Mayor McIntyre Wednesday night.

After the Grand Lodge opened Thursday morning the election returns were read from the various lodges in the jurisdiction, in compliance with the new regulations inaugurated at Barrie last year. The scheme apparently did not meet with the approval of the members, as it took fully two hours to count them, and then the candidate receiving the highest number of votes for Grand Warden—this being the only office for which there was an election—did not receive enough, and the election had to be proceeded with as in former sessions of the Grand Lodge. Almost the whole forenoon was taken up with this part of lodge business.

A report was presented from a special Committee, appointed at the last session, which recommended that each lodge shall appoint a medical examiner, whose duty it shall be to examine each candidate and report to the Recording Secretary or examiners on a form supplied by the Grand Lodge, the forms to be similar to those in use by the life assurance companies. The lodge then adjourned for noon.

In the afternoon the report of the special committee on widows' benefits in 1888, was presented. This was a burning question at the past session and a very warm discussion took place. At the 1888 session of the Grand Lodge a resort was passed doing away with annuities. Several lodges strongly protested against the proposed change and this committee prepared a report, which was, after being amended, passed. The committee recommended:—

(a) That lodges pay sick benefits at the rate of $4 per week for the first twelve months of continuous sickness and $2 per week thereafter. (b) that a funeral benefit of $40 be paid or allowed in all cases. (c) That in lieu of widow benefits a cash gratuity be paid to the widow of a deceased brother, by such sum or sums as the lodge may deem necessary, or, if no widow is left, to the orphan children, if there be any. (d) That no benefits be paid on the death of a brother's wife. In order to meet these benefits, lodges must charge initiation fees and dues, in accordance with one or the other of tables appended to the report. With reference to the advisability of forming an endowment wscheme in connection with the Grand Lodge, the committee reported favorably, but advised a consultation with Directors of the Oddfellows Relief Association, to endeavor to bring this association into close connection with the Grand Lodge.

At night an exhibition of team work was given by the Empire Lodge Degree team. Dr. R. W. Ball, Peterborough, Grand Master, delivered an address.

Y. M. C. A. Notes.

The Saturday evening meeting was well attended, and much interest was manifested. Messrs. R. C. Hunter and Thomas Ratcliffe gave interesting talks. The singing was led by the Orchestra. Sunday was a day of special interest. The Bible class at 9.30 was a season of refreshing and preparation for the blessings which were to follow during the day at 4.15. Mr. Thos. Ratcliffe, Railway Sec'y, Toronto Y. M. C. A. gave a special address to railway men which was greatly appreciated by all present. Assuredly much good will flow from the practical talk given. The Y.M.C.A. band was present and led the singing. We do thank God for a band of consecrated young men who are willing to consecrate their talents for the Master's service and their fellow's good. At 8.30 the gospel and song service was held. The attendance was large. Mr. Thos. Ratcliffe gave an address on the Lord's coming, which was listened to with rapt attention. We are thankful for the stirring words uttered by our brother on this important subject, which will no doubt cause many to search the Scriptures. The male quartette and band contributed much to make our meeting a success by their presence and hearty co-operation in the musical exercises. Mr. Seward, organist of St. John's Episcopal church, presided at the organ. We were pleased to see Messrs. Packenham, now of Smith's Falls, and Purvis, of Hespeler, old members of our Association, at our meetings, showing they had still an interest in our great work for young men.

Mr. T. Ratcliffe gave a short address on Association work, followed by a printed gospel talk in the Baptist church, which was listened to by the large congregation present with marked attention. We feel satisfied results are sure to come from seed sown by our brother.

We return thanks to Mrs. Matthews for out flowers sent in for our parlor.—[COM.

Simple.

To the Editor of the Examiner:

SIR—With an observant attention to all matters pertaining to the general prosperity of our rising city, I desire to ask through the columns of your valuable medium a pertinent question:

To the Mayor and Town Council of the Town of Peterborough, and President and Members of the Board of Trade:—Why are they in their corporate capacity taking no action to secure the location of the Syndicate Lumber Mills in our municipality? Has the sawdust scare frightened them? Are the council afraid to move in the matter for fear of a few more shovelfulls of sawdust being thrown in the river? Will they allow the Harwood Syndicate of persecution of our millowners, to prevent the location of a live and lasting industry in our midst? An industry if once located that will be the means of giving employment to hundreds, and distributing thousands of dollars annually. Heretofore much has been said about fostering industries in our municipality. Money has been spent in the endeavor to locate them here, promises have been made, buildings and exemption from taxes have been offered to one horse concerns to locate here. Still withal we see an industry passing our door, passing a water privilege unequalled in Canada, railway shipping facilities unsurpassed, and why?

There is no valid reason why this industry should pass our door if the proper steps were taken to secure them here. All the principals connected with the syndicate are reputable citizens, men of business, who have an interest in the town, who will reciprocate in a spirit of fairness, and I sincerely trust that an early effort will be put forth to secure the location of this large industry instead of allowing it to go to Harwood as at present contemplated.

Yours faithfully,
ANDREW MCNEIL.

Ashburnham Brevities.

The Rev. J. J. Wright, B.A., occupied the pulpit of the Presbyterian church, Campbellford, Sunday.

Mr. Fred Clark presided at the organ in St. Luke's church yesterday.

The Rev. W. C. Bradshaw and Mrs. Bradshaw left on the 5.45 p.m. train this evening for Denver, Col. They remain to-night in Toronto, taking the train Tuesday morning for Detroit, and from thence via Chicago, reaching Denver Thursday.

Mr. D. J. Dasenbury, of Brighton, spent Sunday in town with friends. He left this morning for a few day's outing on the back lakes. Dan has many warm friends here, particularly among the fairer sex, for whom he alway had a warm place in his heart.

A Fraud of the First Water.

The much talked of elixir of life, so far as the extravagant claims to healing powers are concerned, has been proved to be a transparent fraud. And all articles, unless purchased from reliable establishments, are liable to be disappointing. For this reason there is no disappointment to those who purchase Hawley Bros. superb teas. They are all of the purest quality and are sold at the most moderate prices. Always pure, fragrant and strong, three indispensable qualities. The best place to get the best black, green and Japan teas is at Hawley Bros', George street. The purest coffees and the handsomest of glassware at Hawley Bros', George street, Peterborough.

DURING the dull months of May and June the output of the old established G. M. Weber piano factory, Kingston, will be sold at wholesale prices for cash, from elegantly finished pianos to the cheapest styles, all guaranteed. It will pay richly to write for prices. 3aw

CORNS cause intolerable pain. Holloway's Corn Cure removes the trouble. Try it and see what an amount of pain is saved. w34

CLEVELAND'S SUPERIOR BAKING POWDER

THE PUREST AND BEST

Is made only of strictly pure grape cream of tartar, strictly pure bicarbonate of soda, and a small portion of flour as a preservative, nothing else whatever, and is warranted entirely free from alum, ammonia, phosphates, lime, and all the adulterants frequently found in baking powders. The character of materials used, their purity, and the nicety of their combination, render Cleveland's superior baking powder the most healthful and most economical in use, and it always affords wholesome, nutritious, and delicious food.

It is recommended for purity, healthfulness and efficiency by Government and State chemists, chemists of Boards of Health, and professors in institutions of learning throughout the country.

Sold only in cans, full weight.

CLEVELAND BROTHERS, ALBANY, N. Y.

ROYAL BAKING POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. *Sold only in Cans.* ROYAL BAKING POWDER, No 106 Wall street N Y

NOTICE TO CREDITORS.

In the Matter of THOMAS CHOATE, of the Village of Warsaw, General Merchant.

NOTICE is hereby given that the above named THOMAS CHOATE has this day made an assignment to me of his estate and effects, in trust, for the benefit of his creditors, in pursuance of Revised Statutes of Ontario, Chapter 124. A meeting of the creditors of the said estate will be held in the office of the Assignee, in the Town of Peterborough, on **Thursday, August 29th, 1889,** at the hour of 2 o'clock in the afternoon, for the appointment of inspectors, and the giving of directions for the disposal of the estate.

Creditors are required to file their claims with the undersigned, duly verified, on or before the day of such meeting; and are notified that after September 25th next the assignee will proceed to distribute the assets of the estate among the parties entitled thereto, having regard only to the claims of which notice has been duly given, and that he will not be liable for the assets, or any part thereof so distributed, to any person or persons of whose debt or claim he shall not then have had due notice.

Dated at Peterborough, 17th August, 1889.

JAS. A. HALL,
3d41 Assignee.

POTT'S DISEASE.

A Bad Curvature Reduced and Entirely Out of Danger.

CHAS CLUTHE, Esq.,
DEAR SIR—This is to state that my boy, aged seven years, was prostrated with Pott's disease of the spine, with very little hopes of recovery. I procured one of your appliances, which was duly fitted, gave great support, and enabled him to run about and play. He is so much improved as to be almost entirely out of danger
Yours truly, S. O. ROWELL.
Innerkip, Ontario.

A Postmaster Well Pleased.

CHAS. CLUTHE, Esq., Toronto, Ontario.
DEAR SIR—Having met with an accident and requiring a Truss, I obtained three different kinds without securing what I wanted. On the recommendation of one of our leading medical men, I got your Spiral Spring Truss, and I would heartily recommend it to any party requiring such an article. It is a splendid thing
Yours, etc., J. B. FAIRBAIRN, P.M.,
Bowmanville, Ontario.

FOR SALE.

The following Valuable Town and Farm Properties, belonging to the Estate of the late Dr. O'Sullivan:

The West Half of Lot No. four, and Lot No. five, north of Hunter street, lying west of Ballegheen's furniture store. Will be divided into parcels to suit purchasers.

Three quarters of an acre near the Auburn Mills and adjoining the land occupied by Edward Hayes.

The West Half of Lot No. 21, in the 8th concession of Dummer, 100 acres. This land contains a lot of good pine timber.

The East quarter of Lot No. 5 in the 6th concession, Douro, 50 acres, known as the Daniel J. Mober farm. There is situate on this land a good dwelling house, stables and sheds.

The East Half of Lot No. 21, in the 13th concession of Cavan, 100 acres. A splendid farm about five miles from town.

All the above will be sold cheap, and terms of payment will be made to suit purchasers.

PIANOS

ON THE

3 YEARS SYSTEM

A regular monthly, quarterly or half yearly payment (a slight advance on the rental rate) buys the instrument.

Any piano may be chosen out of a magnificent assortment of Uprights, Squares and Grands, unsurpassed in quality and value. Ministers, Teachers, Government Officers, and those in receipt of regular incomes, will find this a convenient and advantageous mode for securing a first class instrument. When the instrument is used for practice, our Soft Stop or Practice Pedal saves wear on the nerves, as well as preserves the tone of the Piano. Our Patent Foot Pedal Attachment for Pianos is invaluable to organists, students and teachers. Price on application. Inspection invited.

ATTRACTION
AT
TURNBULL'S

It has been our aim for years to print store news that would be universally read. Our methods being right, have succeeded. Fresh items and true statements have won and held ready constituency, which goes to prove that in this age, as well as in the past, that what people want is not fiction but facts. Therefore, when we say we are showing twenty-five new patterns of American Table Oil Cloths, people come for them and find them. We were too modest in our praise of these Goods last week. The patterns are very new and pretty. As for the Cloth, you will say honesty and durability are stamped on the face of it. They roll up like a piece of paper and do not crack.

Black Dress Goods in high weight are on the move now. We show a new cloth called the Viole, which has a ready demand. It is light, fine and looks well made up. We are showing Black Grenadine Stripes and Brocades. We have about one thousand yards of grey Cotton in ends of from 10 to 30 yards that are 10 per cent. under value. They are all prices, and ten per cent. is worth saving.

Jerseys at $1.00, $1.25, $1.50, $2.00, $2.50 that have been from $1.00 to $5.00 Bargains like these go quickly. Plenty of other points of special interest.

20 cts. Scotch Ginghams for 12½

WARM
WEATHER
CLOTHING
AT THE
City Clothing Store

It is bound to come. The warm weather we mean. In fact it is going to be hot, and it makes us think of summer outing—vacation and seasonable sports. These in turn, suggest preparation and imply proper outfits — such as SUMMER SUITS, UNDERWEAR, and FURNISHINGS. 'Tis of these we would speak particularly to-day, because this season we have provided for our patrons a Greater Variety of WARM WEATHER WEAR than ever before, and at Prices no other dealer in Peterborough can possibly duplicate. We have all the Novelties.

What Gentlemen Will Wear

We are displaying the Finest lines of exclusive styles in the following:

Plain and Fancy Colored Suiting
Light-Weight Underwear
White, Fancy and Colored Vests
Collars and Cuffs, Newest Shapes
Ties in all the Summer Shades
Tennis, Boating, Sporting Outfits

We are bound to overcome the effects of the bad weather of the past month, in point of sales, if not in profits. The prices we will quote will convince you of our sincerity and the genuineness of the sacrifice we will make in values

Good Evening!

"Had any photos taken yet?"

"No."

"Why don't you? Everybody is taking advantage of the present low prices."

"Oh, well, you don't get good pictures for a dollar a dozen."

"Yes you do. Just look at this one! What better would you want than that?"

"That is good. Who took it?"

"Mr. Sproule. I got a dozen just as good as that for a dollar.

"Why, that's as well taken as the cabinets they used to charge us $3.00 a dozen for."

"Every bit. Oh, Mr. Sproule has woke up the town. You see, his new instruments are so perfect that one sitting is all that he requires from you now, so that he makes them ever so much quicker.

IT'S NO JOKE.

Don't crow over your neighbor because her Baby Carriage cost her just half as much more than yours did. She could have got just as good a bargain as you did, if she had taken your advice and gone to Routley's for her baby's coach.

Don't flatter yourself because all your rooms look so much nicer, with less expense, than your neighbor's. Because you had sense enough to buy your Wall Paper, Blinds and Poles, at Routley's, that's no reason why you should show off.

Don't laugh when you go out visiting and find that some of your friends have paid two prices for their Trunks, Valises and Travelling bags. Their baggage would not have cost any more than yours if they had bought them at Routley's

R. Fair.

Fair and Warm

REMNANTS
REMNANTS
REMNANTS

At this time of the year, we find as the result of the season's trading (which by the way, has been the largest in the history of our business here). Remnants in very useful and valuable lengths in the different departments.

These oddments have been gathered together, and placed on a table in the centre of the store, and the prices have been reduced in some cases as low as 60 per cent.

We are also offering at great bargains, short ends of Carpets and Oilcloths.

We would suggest an early inspection of the above, and at the same time we can show you many New Lines for Fall which have commenced to arrive already—a peep into the future, as it were.

DRUNKENNESS
Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It can be taken in a cup of tea or coffee without the knowledge of the person taking it; it is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For circular and full particulars, address GOLDEN SPECIFIC CO., 185 Race street, Cincinnati, Ohio. eow

DON'T READ THIS
If you want to Save Money.
HAVE you any money in a Saving's Bank or other investment paying you from 3 to 5 per cent. interest? Yes, well that may be a safe way of making money but will you not die of old age before it will amount to any considerable sum. The great majority of rich men in all parts of the world are extensive owners of Real Estate, consequently a wise investment in such must be a step in the right direction. I claim to be a good judge of the value of property and I speak truthfully when I say that I have a great variety of property for sale, several parcels of which is offered very much under value. The man who has $35.00 can buy a $100 lot and pay the balance at the rate of $25.00 per year, and before he has it paid it will sell for $300, larger properties in same proportion. Visit my office, examine my properties, and you must acknowledge the correctness of my statements. These bargains open until 30th inst.

JOHN HACKETT

CHAT FROM THE CAPITAL.

A TEAM OF REGULARS TO TAKE PART IN THE D.A.A. MATCHES.

Continued Disappearance of Government Money Letters—The Postoffice Inspectors All on the Hunt.

OTTAWA, Aug. 19.—A telegram was received by Mr. Shannon, acting secretary of the Dominion Rifle Association in the absence of Col. Bacon, to-day, that a team of the regulars would attend the D. R. A. meeting, which commences in a couple of weeks. The team will consist of Captain French, Lieut. Borcher and eight sergeants of the Second Battalion West Riding of Yorkshire Regiment, now stationed at Halifax.

John Irwin, formerly an agent in the employ of the Singer Manufacturing Company, was arrested to-day on a charge of embezzling $30 belonging to the company on Feb. 9 last. A charge of forgery will, it is stated, also be preferred against Irwin. The accused skipped the town after the embezzlement, but was arrested to-day on the street.

The Ottawa city voters lists contain 11,500 names.

The loss of government letters containing money addressed to the Bank of Montreal continues. The Deputy Postmaster-General states that though there is no large amount reported missing yet every Inspector in the service is engaged in looking up these losses.

It is stated in answer to enquiries to-day that no information has been received respecting the progress of negotiations between the Imperial and United States Governments relating to the question of reciprocity in the lumber trade. All correspondence on the subject is being conducted on behalf of Canada by the home authorities.

It is learned that recently, owing to the difficulty of finding any required regulation of the Marine and Fisheries regarding the deposit of sawdust in the rivers, all the regulations respecting this matter have been collated and re-enacted in a codified form.

Mr. Bayne, agent of the British Columbia Government in Eng and, with special reference to the Scotch Crofters' immigration to that province, writes: "The whole matter is at present in abeyance owing to committee of the Imperial House not having yet reported on the subject."

Mr. John Dyke, Canadian Government Agent at Liverpool, England, who is at present the guest of Mr. Rufus Pope, in the Eastern Townships, comes to Ottawa on business on Wednesday.

For some time past over ninety car loads of steel rails have been lying at Hull to be used in the construction of the Gatineau Valley and Pontiac and Pacific Junction Railway. To many of those who have long looked for the commencement of active work on the Gatineau line these rails were signs of promise, but their hearts sank within them Saturday morning when they saw long lines of cars drawn up and the metal being rapidly deposited within them. Enquiries made of the men engaged in the work elicited the reply that the rails were going west to be used on sidings in the Rocky Mountain section of the C.P.R. Mr. Harris, chief engineer of the Gatineau Valley Company, said to-day that the C. P. R. had bought steel rails from both companies. In reference to the construction of the Gatineau line Mr. Harris said: "We have begun and hope in a few days to have between 400 and 500 men at work. William Ryan, who is foreman of construction, is in Quebec bringing up the plant. Wages will be from $1.15 to $1.25 a day, and we want every man we can get, as the ten miles have to be completed by Jan. 1, 1890. I am chief engineer of construction and Mr. Dunn is the engineer on the work at present. We have begun work between Ironsides and Chelsea."

To Relieve National Distress.

PHILADELPHIA, Aug. 19.—The Executive Committee of the Universal Peace Union here to-day adopted an address to the people of the United States suggesting the creation of a national relief fund to be applied for relieving distress caused by flood or fire, pestilence or famine, cyclones or earthquakes, or any other similar catastrophe. It is suggested that any money remaining of the Johnstown fund, after all distress has been relieved, be used as the nucleus for the proposed national fund. It is proposed that the board of trustees be composed of the governors of the several states, the chairman to be the President of the United States.

The Rush to St. Andrews.

ALGONQUIN HOTEL, ST. ANDREWS, N.B., Aug. 19.—Sir John and Lady Macdonald reached here on Friday evening. They came by the Temiscouata road and made the distance from River du Loup to St. Andrews in less than eleven hours. Sir Somers Vine, Hon. Mr. Putman of Maine, who presented the case for the American Government before the Fishery Commission at Halifax, and Hon. Messrs. Mitchell, Pugsley and McLellan, of the Local Government are also among the guests. The weather the past few days has been delightful. Last night there was a display of fireworks.

Arrested at Montreal.

MONTREAL, Aug. 19.—R. V. Stott has been arrested by Detective Grose on a capias at the instance of the Great Western Portrait Company of Chicago for $400 and lodged in jail on a charge of defrauding his creditors.

Jackson Walker and N. Maurier were arrested to-night on a charge of stealing a watch, and it is expected that the arrest will lead to developments in connection with recent burglaries.

Whales in the Gulf.

QUEBEC, Aug. 19.—Whales are reported very numerous in the Gulf this season. One big fellow made a charge at the tug steamer Dauntless off Point Des Monts on Thursday. As a parting salute he gave the vessel a heavy slap on the starboard quarter with his tail, which made her quiver from stem

KING CARNIVAL ON TIME

THE AMBITIOUS CITY GRACEFULLY WELCOMES HIS MAJESTY.

The Mountaineers Open Out on the Frolic—The Streets Gay With Flags and Illuminations.

HAMILTON, Aug. 19.—The great Carnival has had a most successful opening day. Everything conspired to this much-desired end. The weather was magnificent, the influx of visitors enormous, the cessation from business general, the decorations gorgeous and profuse.

The Ambitious City has more than justified her title. Ambitious was the program, all-inclusive as far as any outdoor attractions are concerned. There was pageantry enough to justify the title Carnival. All went merry as a marriage bell, and everyone rejoiced. All classes, young and old, had that which suited their predilections. There is bunting in profusion, mottoes of welcome every where, aspirations for success galore. The public buildings and fire stations were wellnigh transformed with tasteful decoration, much artistic skill being everywhere displayed.

In the program are land sports, baseball, aquatic contests, fireworks, rifle matches, at which some of the best shots in the Dominion take part, a merchants' convention and other attractions. Nor are the charms of music wanting. The band of the 13th Battalion played this morning with its accustomed skill some of the most choice pieces in their repertory. This really opened the ball, and then there was a dispersal of the thousands to the scene of the aquatic sports.

The arrival of the famous Caroline Guards was the subject of general congratulation. They will give a public parade to-morrow morning. The corps was en route to San Francisco, but the officers generously delayed the trip to give the Hamiltonians and their thousands of visitors an opportunity of hearing them. A great treat is looked for.

To-morrow's program is as follows:

9.30 a.m.—The Merchants' Convention at the Court House.

10 a.m.—The 13th Batt. Band will perform at the Gore, afterwards playing down to the wharf, foot of James-street and thence by boat to the Beach.

10.30 a.m.—Baseball match—Hamilton v London.

2 p.m.—Annual regatta of the Canadian Association of Amateur Oarsmen at Hamilton Beach.

4 p.m.—Baseball match—Hamilton v London.

The executive of the North America St. George's Union will meet in St. George's Hall.

Evening—Brilliant illumination and display of Fireworks on the water at Hamilton Beach, in which will be introduced a pyrotechnic naval battle.

Illuminated barges, floating illuminations and jewelled fountains.

The prizes won by the oarsmen at the regatta of the Canadian Association will be presented at the Beach during the evening.

To-night the city is resplendent in a blaze of light, such as was never seen here before.

THE REGATTA.

A Grand Spectacle of Canvas, Yachtsmen and Fair Ladies.

HAMILTON BEACH, Aug. 19.—The Burlington piers this morning presented a scene in striking contrast to the aspect it usually wears, as stretched from end to end the long line of yachts of every size and rig lay ready for the regatta, which was the first event on program of the carnival. Since noon yesterday at intervals up to 8 o'clock this morning the yachts dropped in one by one from Charlotte and other points, and each had a story to tell of how it happened it didn't turn up sooner. Light winds more or less ahead had been experienced by nearly all, but singular to say Madge,' the last to leave the mouth of the Genesee River, was the only one to make the passage without a tack, holding a southerly wind throughout the entire distance. On a reference to the appended list of yachts it will be seen that a goodly representation from across the line and among them two from Lake Erie, Wasp flying the flag of Commodore Gardner, and Sylvia, belonging to the secretary of the Cleveland Yacht Club. The latter, however, not being in cruising trim, did not compete.

As the hour to start drew near the people who "live under the mountain" began to arrive in goodly numbers, among them many ladies, some in pretty yachting suits, all seeming to take much interest in the proceeding. The wind was from the southwest, light, and being off shore the water was as smooth as a mill pond, making conditions favorable for the yachts of light draughts and enabling them to carry all the kites they could pile on.

With commendable punctuality the signal gun to start was given, and the smoke had scarcely rolled away before there was a general rush to cross the line by the 50-foot class, headed by White Wings, which let go from the North Pier, and breaking out her spinnaker and balloon jib from the brails with man-of-war smartness flew past the judges' boat on the run to the east buoy.

The entry for the 75-foot class not having filled, the Aileen and Atalanta were both in the hands of two big schooners Oriole and Wasp decided to try conclusions by sailing a match for a flag, so taking the same signal to start as the 50-foot class they majestically swept by, Oriole being first off, ever-crafty Dick watching his opportunity to slip through the swarm of small fry darting about here, there and everywhere, making it no easy matter to pilot a large vessel through with safety. This, however, the Canadian flyer succeeded in doing, but her Yankee rival was less fortunate, as in bearing away for a gybe her main boom struck the little Acacia, dismasting her in a second, the spar breaking off like a carrot and leaving the wee ship a hopeless wreck, which her crew promptly went to work to clear away.

With an interval of ten minutes between each three other classes were despatched, and as they sped away on their easterly course the sight from the pierhead was one rarely seen, for, becoming merged by distance, the yachts, large and small, appeared as if racing against each other in one class, and it was not till the leaders rounded the buoy that the optical illusion was broken.

At 2 o'clock sharp the "mosquito fleet," i.e., the 25-ft. class, got away in a bunch, but as by this time the wind had died away almost to a calm their progress was rather funeral-like.

The steam yacht 'entry was small, confined to four little fellows, mere launches, who puffed and blowed, making a good deal of themselves, as is customary with small people, and if there were any "niggers" on the safety-valves they must have had an anxious time of it.

At 4 o'clock, however, the wind freshened and veered into N.E., materially helping some of the laggards out of their backward positions and giving a finishing touch to what is admitted on all sides to have been a most successful and well-conducted regatta.

Merle was a winner from start to finish. Oriole led the Yankee Wasp the whole way, but a calm on the home run greatly decreased the winning line. The little ones kept their end of the stick up.

Following are the corrected times:

Oriole	4	54	10	4	54 10
Wasp	5	01	09	4	59 32
50-foot class, 24 miles.					
White Wings				5	04 16
Verve (1)				5	45 50
Verve (2)				5	46 25
36-foot class, 16 miles.					
Merle				3	57 35
Vision				4	12 59
Coquette				4	18 37
Psyche				4	37 17
30-foot class, 16 miles.					
Alert				4	16 39
Echo				4	21 50
Nadia				4	36 57
Amelia				4	31 22
Majel				4	35 53
Cyprus				4	44 50
25-foot class, 16 miles.					
Vendetta				4	27 50
Stella				4	48 08
Neptune				5	26 59
Keipa				5	33
20-foot class, 8 miles.					
Caprice				3	27 55
Ellida				3	27 55
Aiden				3	27 55

The prizes in the different classes were:

Class 75—1st, $100; 2d, $50.
Class 50—$100, $50, $30.
Class 36—$80, $40, $25.
Class 30—$80, $40, $25.
Class 25—$50, $25, $15.
Class 20—$50, $25, $15.
Class 35 (steam launch)—$40, $20, $10.

The End of the Red String Reached.

OTTAWA, Aug. 19.—The 13th Regiment of Brooklyn have been notified by the American consul here that he has received permission from the Governor-General for their attending the Hamilton Carnival with their arms.

Mr. Tiebenor's Ranch Burned.

WASHINGTON, Aug. 2.—Assistant-Secretary Tiebenor's ranch[illegible] to-night is very much

DRESDEN'S HEAVY LOSS.

A Destructive Fire in That Thriving Town—$100,000 Gone Up.

DRESDEN, Ont., Aug. 19.—The greatest fire that Dresden ever had is in progress now, at 9.30 p.m. A. McVean's hub and spoke factory is levelled to the ground, as are also thousands of dollars' worth of seasoned hubs, spokes and other material made up and in the rough. The wheel factory and several storehouses and sheds and also a saw mill are in danger, but strong hopes of keeping the fire within the present bounds are entertained. The loss to the town will be great, as Mr. McVean employed about 50 hands in this factory alone, and hereby he will not rebuild. The wheel business will be conducted as before. Mr. McVean estimates his loss at about $100,000; no insurance. There were four parties injured by the explosion of a boiler, one, a Mr. McKenzie, very seriously; a boy is reported to be missing who was near at the time of the explosion. The fire company did noble work, as did also the citizens, in removing material.

[Dresden is a thriving town of 2000 up in the County of Kent.]

THE CONDUCTORS' RITUAL.

The Chief Ticket-Puncher Instructing the Members as to Its Contents.

HAMILTON, Aug. 19.—A meeting of delegates from the Order of Railway Conductors of America was held at St. George's hall yesterday. Grand Chief Conductor C. S. Wheaton of Cedar Rapids, Iowa, was present for the purpose of instructing the members in the new ritual, which goes into effect on Oct. 1. After leaving here he will proceed through the Eastern States on the same mission.

Following are the names of the delegates present: C. Mitchell, R. A. Purdon, W. R. Hill, W. H. Hoskin, J. Carter, R. Hargroves, A. Mathews, G. Gallenger, A. Gilchrist, J. Johnston, W. J. Gray, D. S. Anderson, Toronto Division No. 17; T. C. Jones, D. Stuart, Union division No. 13, St. Thomas; R. Richmond, Buffalo, N.Y.; J. M. Lovell, J. M. Adams, division No. 48, Detroit; R. Gray, J. B. Reid, J. L. O'Brien, J. Edmonton, J. Ganter, J. H. Williams, W. McKay, J. S. Beasley, Edward Connors, Ogilvie, J. Waters, J. McCormick, J. G. Gibson, A. Cameron, Hamilton; Geo. Whitlock, E. G. Manley, S. Smith, W. Yeull, B. Cadigan, Point Edward; D. Steward, J. Ganter, Niagara Falls; J. McCormick, Palmerston; E. Munday, Montreal; J. McAuliffe, J. Waters, London; Alexander Ireland, Wingham; M. Wade, Stratford; G. E. Richmond, Buffalo; P. Cadigan, Ottawa; John Randolph, Brockville. Many more delegates were expected, but on account of the rush of business on the Grand Trunk Railway the conductors could not get away.

The order is now in a flourishing condition. The permanent headquarters will be transferred from Cedar Rapids, Iowa, to Sioux City, where a building to cost $300,000 will be erected. The city gave a bonus of $75,000, together with a lot valued at $25,000.

A TENEMENT HORROR.

Nine Persons Burned to Death in a New York Fire Trap.

NEW YORK, Aug. 19.—Early this morning fire broke out in the kitchen of the restaurant on the store floor of the big five-story tenement at 306 Seventh-avenue. Nine of the sixty odd occupants of the house were burned to death. The dead are:

Wm. Glennon, 60, burned to death.
Nellie McGeoghan, 20, smothered.
Mary Wells, 31, smothered.
Jane Wells, 4, smothered.
Thomas Wells, 2, smothered.
Bertha Lustig, 40, burned to death.
William Mehes, 48, burned to death.
John Jeffrey, 65, smothered.
An unknown woman, about 45, stout, fair complexion, smothered.

The list of injured is:

William Glennon, 18, badly burned.
John Glennon, badly burned and injured.

The building was occupied by thirteen families, who have been made temporarily homeless by the fire. The flames did not do very much damage to the household effects. The loss will not amount to more than $10,000.

A Mail Train Robbed.

ST. LOUIS, Mo., Aug. 19.—It is claimed here that the first mail train, which arrived in St. Louis on Saturday night over the Vandalia, was robbed at Terre Haute, Ind., while the mail clerks and train hands were at supper. It is said that one pouch containing registered letters was taken. The pouch was supposed to contain about $10,000. Inquiry resulted in a semi-confirmation of the rumor, it being admitted a pouch was missing, but had afterwards been recovered. The postal authorities are reticent.

A Fatal Barroom Quarrel.

PITTSBURG, Pa., Aug. 19.—Thomas Snell, a well-known resident here, and Edward Tates met in a saloon here on Saturday night and while drinking quarrelled. Tates struck Snell a terrific blow, breaking his neck and killing him. Tates was arrested.

More Picnic Ice Cream.

ST. PAUL, Minn., Aug. 19.—The members of Cleveland Grove, U.A.O. D., went on a picnic yesterday and partook of ice cream purchased from the proprietor of Steiffel's Park. As a result over 100 people were poisoned and some are dangerously ill, though it is not thought any will die.

The Two Girls Were Drowned.

EASTON, Pa., Aug. 19.—Charles Keller of Philadelphia and Mamie and Winnie Colligan, aged 17 and 20, went out in a boat here last evening and were carried over the falls. The boat capsized and the girls were drowned. Keller was found a mile below clinging to the boat and was rescued.

This Happened at Chicago?

CHICAGO, Aug. 19.—At Sheffield Park yesterday a bundle of toy balloons in the hands of a pedlar became loosened. The cord got twisted about the left arm and hair of Sophie Schwab, aged 2 years, and carried her 100 feet high over the lake. Gust Koch, a sharpshooter, with his repeating rifle hurriedly jumped into a skiff with two companions and pulled out into range. Koch succeeded in piercing several of the balloons, each successful shot helping the bunch to descend. Before it finally reached the water the boat was at the spot and Sophia did not even get her feet wet.

The New 15 Cent Scale.

CHICAGO, Aug. 19.—The Chicago, St. Paul and Kansas City and the Wisconsin Central Railways to-day announced they would meet the action of the Burlington and Northern and put into effect the 15 cent scale of rates between Chicago and St. Paul traffic originating at seaboard points. Their tariffs have been published to become effective Aug. 23.

Millionaire Drexel's Generosity.

PHILADELPHIA, Aug. 19.—A. J. Drexel has abandoned the idea of establishing an industrial college for girls at Wayne, Pa., and will establish and endow an industrial institute in this city which will accommodate for instruction and training 1000 girls in the day time and 1000 boys at night. Mr. Drexel expects to devote $1,500,000 to this project.

THE NEWS FROM EUROPE.

GREAT BRITAIN'S IDENTITY WITH TRIPLE ALLIANCE.

An Attempt to Reconstruct the Irish Railways Bill Fails in the House of Commons—Mr. Spurgeon and Mrs. Maybrick.

LONDON, Aug. 19.—In the House of Commons this afternoon Sir James Fergusson, Parliamentary Secretary of the Foreign Office, replying to a question of Mr. Labouchere, said The Berlin National Zeitung statement as to the identity of the British policy with that of the Triple Alliance was nothing more than mere conjecture. England had not entered into engagements which would fetter her liberty of action.

The Trent Railway Bill.

Mr. Cosham (Lib.) moved to recommit the Irish Railway Bill. He advised the Government to let the measure descend into the grave like the Tithes Bill.

Mr. Storey (Rad.) denounced the Railways Bill as tending to demoralize Ireland. He said landlords would chiefly be benefited by the proposed English loans, while the Treasury would never get the money back.

Mr. Cosham's motion was rejected, 168 to 39. The minority consisted chiefly of extreme Radicals.

General Foreign Flashes.

LISBON, Aug. 19.—The Government has promulgated a decree which authorizes the formation of a Catholic colonization mission at Mpondo, on Lake Nyassa.

PARIS, Aug. 19.—At President Carnot's reception at the Elysee the mayors and communal delegates in attendance gave expression to their devotion to the Republic.

The new Councils-General opened to-day. M. Ferry, who was elected President for Espinal, and the other presidents advocated a union of the Republican groups against Boulangism.

MUNICH, Aug. 19.—The Shah of Persia arrived here to-day. He was heartily welcomed by the regents and other prominent officials.

LONDON, Aug. 19.—The iron workers in South Wales have demanded a 10 per cent. increase in wages. At Pembroke to-day two tithe bailiffs were hunted by an infuriated crowd and dogs were set upon them. They were captured and compelled to swear that they would abandon their calling.

Herr Lachmann, editor of The Londoner Journal, a weekly newspaper, shot his wife and child to-day and then committed suicide.

MR. SPURGEON WILL SIGN.

And He Advises His Flock Also to Aid Mrs. Maybrick.

LONDON, Aug. 19.—Rev. Mr. Spurgeon writes to the newspapers that he will sign a petition for the release of Mrs. Maybrick, and will commend to his congregation the advisability of following the example.

MRS. MAYBRICK'S MOTHER.

A Career Almost as Sensational as That of Her Daughter.

BALTIMORE, Md., Aug. 19.—The conviction of Mrs. Maybrick for the murder of her husband is only one startling episode in a remarkable family history. Mrs. Maybrick is an American by birth, about 28 years old, and her maiden name was Chanler. Her grandfather on the maternal side was Darius B. Holbrook, a wealthy New Yorker, and one of the best known men of his day, who died in 1858. His daughter, Carrie E. Holbrook, the mother of Mrs. Maybrick, went to Mobile, Ala., about 1856, on a visit to her uncle, Rev. J. H. Ingram, the rector of St. John's P. E. Church in that city, and famous as the author of the "Prince of the House of David." She was popular in society, being a good conversationalist, hands

The Daily Examiner.

TUESDAY, AUGUST 20, 1889.

MR. WALKER, an African traveller, states, contrary to the opinion generally entertained by civilized people, that the majority of savages are far more contented, healthy and comfortable than many of the poverty-stricken inhabitants of the large cities of both the new and old worlds. The uncivilized natives living around Lake Albert Nyanza have cultivated fields as well as flocks and herds, and are better fed and more comfortably housed than four-fifths of the rack-rented tenant farmers of Ireland.

REV. DR. DEWART, editor of the *Christian Guardian*, who has just returned from a trip through the Maritime Provinces, sums up his observations in these terms:—The intelligence and enterprise of the people will compare favorably with any other country in the world. I had been told that I would find a good deal of dissatisfaction on Confederation in these Provinces. So far as I can judge from the people we met, including men of both parties, this is not true. Everywhere we went the idea of building up a strong, united, British-Canadian commonwealth was enthusiastically endorsed.

A GENTLEMAN has written to The Irish Times, advocating the shipping of Canadian cattle as "stores" to the western ports of Ireland, instead of to Glasgow—that is, that the cattle should be shipped to Ireland lean, and fattened on the Old Sod. He points out that this would save 500 miles of sea travel, that the pasturage in Ireland is much better than in Scotland, and that it is much better to ship the cattle as "stores" than to ship them fatted, as in the latter condition the cost of transportation is greater, and they are more likely to be injured by the voyage. The writer discusses the question of return cargoes, and suggests fire clay and carigreen or Irish moss. The latter article, he says, is worth less than a pound a ton in Ireland, while its value in Canada is ten times as much.

SPEAKING of stenography, the New York *Sun* says: The fact remains, that the really expert word catchers in the country might probably be counted on a man's fingers and toes. The notion that everybody and anybody can become a verbatim reporter is erroneous. First of all, such a reporter must be gifted with a perception quick enough to grasp a speaker's idea before it is completely framed in phrase; for if he can't catch the idea, the words will drift away from him rapidly. Secondly, he must have a good memory, and, thirdly, he must be of a somewhat nervous temperament, but with an iron grip on his nerves. Without these three qualifications no man can be an all-round verbatim reporter. The system can't help him. It depends upon the man, not the system.

Grand Lodge I. O. O. F.

(Continued from yesterdays Examiner.)

Third Day.

Some appeals were disposed of.

The Committee on Legislation, to whom was referred clause 25 of the Grand Secretary's report, reported as follows:—That there is nothing compulsory in the constitution to prevent subordinate lodges from striking out the six months' disability clause, which enables brothers to be in good standing immediately after they sign the constitution.

The committee on the state of the order presented a lengthy report. Among other things it recommended that the minimum age of candidates for initiation be 18 years.

A report from the Judiciary Committee contended that ordinary business transacted at a special meeting called illegally or without legal notice is illegal, but if degrees have been conferred without collusion on the part of the brother securing the degrees, he cannot be deprived of the benefit of such degrees.

The delegates to this Grand Lodge meeting travelled 44,044 miles, and the total amount paid out for mileage and per diem amounted to $4,068.75.

The most animated discussion of the session was that introduced by Bro. R. N. Shepherd, of Toronto, to annul the action of the Grand Lodge at Barrie last year, when the constitution was altered by doing away with widows' annuities. The vote to amend the action stood:—For, 142; against, 107; but as a two-thirds vote was necessary the legislation of last session is unaltered.

The next meeting of the Grand Lodge will be held in Toronto.

The nominations for the officers to be elected at the next session of the Grand Lodge were:—For Grand Master, John Ormiston, Gananoque; for Deputy Grand Master, P. E. Fitzpatrick, Hamilton; Grand Wardens, Past Grands Rev. T. W. Joliffe, Bradford; Rev. Jas. R. Simpson, Brucefield, Joseph Oliver, Toronto; W. H. Hoyle, Cannington, Dr. J. L. G. McCarthy, Barrie; J. Turner, Chatham; W. Bushall, Windsor; J. A. Young, Thamesford; J. F. O'Neil, Point Edward; A. W. Cameron, Ottawa; J. D. Hammill, Mesford; Grand Secretary, J. B. King, Toronto; Grand Treasurer, Wm. Radenach, Toronto; Grand Representative, Hy. Robertson, Collingwood.

The Following Piece was Written Under Great Suffering.

Yes the poor post is stranded on a rock
Twitching with sharp excruciating pain;
'Tis what they call acute sciatic shock
Racking my very muscles, joints and veins.
They make me roll, and shout, and give such groanings,
W ree than if I was raging in the blues;
Yes, more severe than fifty horsets' stings.
But all their pangs cannot subdue the muse.

WILLIAM TELL.

The Loss of the Hair

Is a great misfortune and the sight of a bald head should be a warning to you to take the best possible care of your hair. A little of Dr. Dorsewend's "Hair Magic" used occasionally will prevent all chances of its falling out or turning gray, and will remove all traces of dandruff. Every druggist has it in stock. Ask for it. dw

On The Increase.

SO increasingly prevalent have scrofulous disease become that we call the attention of our readers to the best blood purifier and alterative known, viz., Burdock Blood Bitters, which unlocks all clogged secretions and removes all blood diseases from a common pimple to the worst scrofulous sore. 2w31d

A Baby in Danger.

MY baby was taken very bad with diarrhœa, nothing did any good until I tried Dr. Fowler's Extract of Wild Strawberry. I am certain nothing equals it, and could not do without it in time of summer complaint and diarrhœa. MRS. A. L. BEIR, Shell River, Man. 2w31d

Excels All Others.

I USED one bottle of Bardock Blood Bitters for constipation and loss of appetite and it cured me. I would not be without it at six times the price for it excels all others. WILLIAM WALTON, Galt, Ont. 2w31d

About the Black Diamond Seizure.

WASHINGTON, Aug. 17.—Although the report upon the seizure and escape of the sealer Black Diamond has not been made public it is learned from treasury officials that it does not show that the officers and crew of the seized vessel were under parole to proceed to Sitka. While it was within the authority of the captain of the revenue cutter to place in irons every man on board the Black Diamond and send her to San Francisco with a powerful prize crew such a course was not regarded as necessary. In cases occurring in former years seized vessels have gone safely to port, the officers having sufficient respect for the law as embodied in the presence of one representative of the revenue service to refrain from attempting to escape. It is said at the treasury that the revenue marine officers will continue to seize vessels engaged in taking seals illegally, leaving to the State Department the adjustment of international questions which may arise.

The Papers at Ottawa.

OTTAWA, Aug. 17.—Mr. Bowell, Minister of Customs, to-day received official reports o. the seizure of British vessels in the North Pacific by United States cruisers and revenue cutters for alleged violations of the States laws in United States waters. These papers, it is understood, show that such seizures, as far as they relate to ships registered in Canadian ports, are effected outside the marine jurisdiction of the United States and were therefore unjustifiable, entitling the owners and crews to compensation for any loss suffered. Mr. Bowell laid the papers before the Privy Council to-day, by whom they were discussed. Copies will be forwarded to the Imperial authorities so that claims for damages may be sent through the regular diplomatic channels to the United States Government.

The "Dominion Illustrated" Wimbledon Number.

Our enterprising and truly national pictorial weekly issues a special Wimbledon number, to honour the victories of the Canadian team. It is issued to-day and is for sale at the Peterborough Bookstore, and will contain the following illustrations, from photographs and drawings sent from Wimbledon direct by the special artist of the *Dominion Illustrated*, viz.: A full-page engraving of the Canadian Kolapore Team: a full-page view of the Wimbledon camp; sketches of the Canadian camp, Col. Bacon's tent, Adjutant Hood's tent, afternoon tea, writing home, Lady Wantage's reception tent, and the old windmill; a full-page view of the firing stages during the contest; four photographs in the Canadian camp, and four other Wimbledon views, including High street. On the cover is a portrait of the commandant, Lieut.-Col. Bacon. Altogether a very interesting number for all active members of the volunteer force in Canada, more especially as this is the last meeting at Wimbledon. The *Dominion Illustrated* always shows great interest in everything connected with the militia and should be well patronised. For sale at The Peterborough Book Store, and by all newsdealers, or send ten cents to the publishers, 73 St James street, Montreal.

Port Hope Exhibition.

The magnificent driving park in Port Hope, with natural grand stand, capable of seating 50,000 spectators, is to be the scene of a grand Exhibition on Sept. 3rd, 4th and 5th. Over $5,000 in prizes. First day, baseball tournament, prizes $100; second and third day, horse racing for purses amounting to $1,000. Also a large display of exhibits from all parts of the Midland District. The monument of the late Col. Williams will be unveiled Sept. 4th, by Sir John Macdonald. Prize lists sent on application. Entries for the Fair to be made to R. DICKSON, Secretary.

"Oh! why should the spirit of mortal be proud!" We have often wondered why, and have concluded that we don't know, unless it be that the aforesaid mortal is conscious of the fact that at his disposal, at all times, are Dr. Pierce's Pellets, to relieve him, should he suffer from torpidity of the liver, sick or nervous headache, dyspepsia, constipation, etc. Druggists. a

25 REASONS
FOR
DRINKING
ROYAL
DANDELION
COFFEE

Some drink because they are hungry,
And some because they're dry,
Some drink to keep them in good health,
And some that they may thrive.

Some drink because they are too hot,
And some because they're too cold,
Some drink to strengthen them when young
And some when they are old.

Some drink to keep them wide awake,
And some that they may sleep,
Some drink because they merry are,
And some because they weep.

Some drink when they do money gain,
And some because of loss;
Some drink when they are pleased,
And some when they are cross.

Some drink when they are hard at work,
And some when they do play;
Some think it right to drink at night,
While others drink by day.

Some drink for sake of company,
While others drink on the sly;
And many drink but never think,
About the reason why.

Some say they drink for pleasure,
And some they drink for pain,
Some say 'tis good, some very bad,
But never once refrain.

Yes all mustown the proverb true:
"When iron's hot to strike it"—
I've just found out the reason why—
All drink because they like it!

POTT'S DISEASE.
A Bad Curvature Reduced and Entirely Out of Danger.
CHAS CLUTHE, Esq.,
DEAR SIR—This is to state that my boy, aged seven years, was prostrated with Pott's disease of the spine, with very little hopes of recovery. I procured one of your appliances, which was duly fitted, gave great support, and enabled him to run about and play. He is so much improved as to be almost entirely out of danger
Yours truly, S. O. HOWELL,
Innerkip, Ontario.
A Postmaster Well Pleased.
CHAS. CLUTHE, Esq., Toronto, Ontario.
DEAR SIR—Having met with an accident and requiring a Truss, I obtained three different kinds without securing what I wanted. On the recommendation of one of our leading medical men, I got your Spinal Spring Truss, and I would heartily recommend it to any party requiring such an article. It is a splendid thing
Yours, etc., J. B. FAIRBAIRN, P.M.,
Bowmanville, Ontario.

TIME

A WATCH or CLOCK is not of much use if it does not keep good time. If you want a correct timekeeper buy it at MUNCASTER'S. Or if you want your watch or clock repaired so that you can tell the time by it, take it to MUNCASTER'S.

ENGRAVING in the highest style of the art. Watches, Clocks and Jewelry at Lowest Prices.

MUNCASTER'S.

A DISCOURSE ON THE WEATHER.

Brief Discourse By the Rev. Whangdoodle Baxter, of Austin.

I shall make a few observarkuns dis ebening ter dis heah brilliantiue assemblage on de subjec' ob atmospheric influences.

As most ob you has perhaps had ercashun ter obsarve, dar am seberal kinds ob weddier.

Dar's damp wedder, when de rain falls upon de just and de onjust, but mostly upon de just, bekase de onjust man has, ginerally speakin', swum off wid de umbreller ob de just. De man what stole my new silk umbreller had better keep his wedder eye open, and he will hab a case ob sun-stroke on hand of I kin find out who he is. About ten years ago I cotched de man what stole my umbreller, and he walks wid crutches yet. De vilest may return eberyding 'ceptin' de umbreller.

De rainy day picnic and de broken marriage engagement am in one respec' alike. Dey am postponed on account ob de weddier. Heah! heah! De weddier am de party what wants ter wed.

Heah in Texas we has more warm weddier den we need, and de misery ob de heat am made wusser by crazy people asking is it hot enough fer yer? Dis am de sort ob weddier when you feels kindly disposed ter folks who are cool ter yer. Now am de time when you should buy a piece ob sponge to wear in yer hat, for de dog day weddier, which sticketh closer than a bruder, am upon us.

I was told by one ob de deacons ob dis heah church dat a cake ob ice what was being taken inter a store cotched fire while he was crossin' de sidewalk.

De best way am ter keep cool, but summer advice am easier ter give den to take, for I notice dat profanity am on de increase in hot weddier. Dis am de season when de talkin' woman frows her apron ober her head while talkin' at de fence wid her nabur and defies de sun ter strike her.

Hit has been said dat Mercury is de messenger ob de gods, but when he climbs up ter ninety-and-nine in de shade, hit seems ter me as if he was a messenger from de lower regions.

A member ob dis congregashun asked me yesterday: "Does etiquette, on a hot day, demand a vest?" My reply am of he does he can hab mine. I owns up dat hit's mighty hot, but jest reflec' for a moment on de condishun ob dose who has perished in dar sins, and congratulate yerse'f. Dis here weddier am de sort ob what destroys de confidence ob man in paper collars. Dis heah sumbonop on the head wiery perceedings will now close by singin' de hymn whut begins:

When summer's o'er
Shall I no more
Perspire an' pant from ebery pore,
Gone are my sighs,
My secrets rise,
I feels as ef I was in Paradise.
—*Texas Siftings.*

THE PIGS IN CLOVER IDEA.

Was it Suggested by This Device of Gonsalvo Peres, Secretary of Charles V.?

George Parsons Lathrop writes to the New York *Sun*: I think the original design from which the board for "Pigs in Clover" was copied has been discovered. On page 213 of "An Illustrated Dictionary of Words used in Art and Archæology," by J. W. Mollet, B. A., will be found an engraving of an old representation of the labyrinth in which the Minotaur was confined. A tracing from this cut is herewith appended, so that if you reproduce it readers may judge for themselves. The openings in the concentric walls are a little differently placed, and there is an opening in the outer wall. Otherwise the plan of this labyrinth is the same as the "Pigs in Clover" puzzle. This device was adopted by Gonzalvo Perez, a secretary of Charles V. and Philip II., in the sixteenth century, with a motto from Isaiah xxx. 15, which reads (in the Bible text): "In returning and rest shall ye be saved; in quietness and in confidence shall be your strength." The portion of the text, of course, represented by the Latin legend in the cut, "*In silentio et spe*," is "in quietness and in confidence."

The wife who can retain a sure hold upon her husband's heart will never have occasion to take a grip on his hair.

A Clerical Error.

Government clerk (to friend): "I'm in a frightful hole. I went to see two doctors yesterday and got a medical certificate from each. One was a certificate of health for a life insurance company and the other was was a certificate of illness to send to the chief with my petition for a week's leave of absence." Friend: "I've done that myself. What's the matter?" G. C.: "Matter! Great Scott! I mixed the certificates in mailing them. The insurance company has my certificate of ill health and the chief

TWO OFFICERS KILLED.

A Bitter Political Feud in Texas Emulated in a Bloody Fight.

RICHMOND, Tex., Aug. 17.—The feud between political factions known as "Jay-birds" and "Woodpeckers" was brought to a bloody crisis last evening. Judge J. W. Parker, meeting two of the Gibsons, Volney and Giff, he opened fire on them, which was returned by the Gibsons. Wade Robinson was with Parker. Several shots were fired by both parties. Parker was wounded and ran in the direction of the Court House, pursued by Giff Gibson. When Parker reached the Court House he was joined by other officers and a general fight ensued, in which Sheriffs J. W. Blakely and Garvey were killed.

On the "Woodpeckers'" side Mason and Parker were wounded, and H. H. Frost, Volney Gibson and William Andrus were injured on the "Jay bird' side. M. Schmidt, a Texas ranger, was wounded slightly in the leg by a wild bullet, and a little negro girl was killed accidentally.
